

INTELLIGENT 1181

Chapter 1181: Jade Comb

"Senior Brother Qian, he didn't mean to collide with me. Just let him go." Yue said. She did not want to make a scene here.

"I have this. You can have this." The man said.

In his hand, there was a jade comb. It was beautiful.

Yue was attracted to the jade comb but she refused to accept it. "No... No... I can't accept it. It is too much."

"But... It is the only valuable thing I have." The man said. "I bought this comb but I didn't know who to give. Since you are here, you can take it."

"Then, why did you buy this?" Yue tilted her head.

"I don't know." The man also looked confused.

He just realized that he had purchased the item. When he wanted to return it back, the stall that sold the item was already gone. So, he was struck with the comb.

"Sister Junior, just accept it." Qian Sui said.

"Yes." The man nodded.

Yue accepted the jade comb.

.....

Yu Qi woke up from her sleep. The last thing that she remembered was the jade comb. She suddenly recalled that among things she bought from the antique stores, there was a jade comb.

She quickly entered the space and looked for the jade comb to confirm whether the jade comb was the same one or not. She found the jade comb.

It was exactly the same as the one in her dream. She forgot what happened in her dream except for the jade comb.

"Why can't I remember it? Tsk." Yu Qi clicked her tongue.

Not long after that, Yu Qi sighed. She did not know why she was concerned about the jade comb.

"What am I doing?" Yu Qi sighed.

"Master, why are you here?" Bo Ya asked. He looked at Yu Qi's hand. "Why are you holding that comb, Master?"

"Bo Ya, do you know anything about this jade comb?" Yu Qi casually asked. Who knows whether Bo Ya might know something or not. Anyway, it doesn't hurt to ask.

"I am sorry, Master. I don't remember. But I am sure that this jade comb is from our space because it has the space aura."

"Oh. I see." Yu Qi smiled.

"Why are you asking about this jade comb, Master?" Bo Ya asked again.

"Hmm...It's nothing." Yu Qi decided to drop the matter off her mind. "Since I am here, let's cook some food."

"Okay, Master." Bo Ya shouted happily.

....

The court continued in the morning. Li Zuanyuan submitted another piece of evidence. It was photos of Yu Qi with another man.

The man was Qin Xia. In the photos, they were eating together and returning to the hotel together. These pictures clearly showed Yu Qi's face and Qin Xia's photos.

Li Zuanyuan questioned Yu Qi about her relationship with Qin Xia. Yu Qi was calm. She knew what Li Zuanyuan wanted. He wanted Yu Qi to be seen as a playgirl.

"Miss Tang, do you admit it was you in the picture?" Li Zuanyuan asked.

"Yes." Yu Qi nodded.

"So, you went out with this man too?" Li Zuanyuan raised his eyebrows.

"Objection, Your Honour, leading." Ming Xuehai objected.

"Objection overruled." The judge said.

Ming Xuehai gritted his teeth as Li Zuanyuan smiled.

"Back to my early question, Miss Tang, did you go out with this man too?" Li Zuanyuan asked again.

"We went to dinner together." Yu Qi said.

"Then, how about the next pictures, Miss Tang? Did you go into the hotel together with him?" Li Zuanyuan asked.

"We stayed at the same hotel, of course, we entered the same hotel together after eating dinner. But we were in the different rooms." Yu Qi calmly said that. "If you want the proof, you can go and check the record of customers of the hotel. And also you can check the CCTV of the hotel. I remember that I stayed on the 9th floor while he stayed on the 31st floor."

She paused to see Chi Yuan and turned back to Li Zuanyuan.

"Don't tell me that you didn't even check this simple thing out first." Yu Qi's corner lips curved up.

It was Li Zuanyuan's turn to grit his teeth. Of course, he did not check it out. He had no time to check it. He just received the photo from an unknown person. He did not even know the man in these pictures

He assumed Yu Qi would be uncomfortable when she saw the pictures but he did not expect her to directly smirk like this. He could not accept it.

He realized that Yu Qi was very calm to her bone. She faced accusations very maturely. She ignored the news. She did not make any ruckus when the news had been released.

She received many insults and she was just silent. Then, she directly sued the other party. It seemed she already collected all the necessary evidence to win the lawsuit.

"Do you want to continue questioning, Mr. Li?" The judge asked.

"No... no... Your Honour." Li Zuanyuan returned to his seat.

Seeing there was nothing to do anymore, the judge asked for one hour recess.

Both parties left the courtroom. Chi Yuan looked at Long Hui bitterly. He never once looked at her. His eyes were only on Yu Qi.

Chi Yuan's mind was a mess right now. 'Why don't you look at me once? Why? Why? Why?' Her mind kept shouting this sentence.

Long Hui was smiling at that woman. 'Why don't you smile at me?'

Chapter 1182: Win The Trial

The trial continued. The verdict had been made. The judge announced the verdict. Yu Qi had won the trial. Everything had proven that Yu Qi had been slandered. The mastermind behind everything was Chi Yuan based from the evidence presented.

Chi Yuan was ordered to pay 5 million for it. Chi Yuan gritted her teeth so hard. She did not care much about the money. She could pay it. But her reputation as an elite socialite in the Capital City had been ruined because of this. How could she live there anymore?

Yu Qi was smiling when she heard the verdict. She knew that Chi Yuan had money to pay her. But Chi Yuan's reputation already ruined. As a proud woman like Chi Yuan, it really affected her.

"We should celebrate this." Ming Yue said as they got out of the courtroom.

"Well, we can discuss this after we face these people." Yu Qi said as she pointed in front of them.

Like yesterday, the reporters were waiting for them. When they saw Yu Qi's and others came out, we rushed over but maintained the distance. No one dared to get closer when seeing the cold glare given by Long Hui.

"Doctor Tang, how is the trial?"

"Do you get the verdict?"

"What is the result?"

"Doctor Tang, please respond to our question."

"I have just one sentence to say." Yu Qi suddenly voiced.

The reporters were waiting for Yu Qi's next sentence.

"I won. That's all." Yu Qi finished saying what she wanted to say. "Let's return home."

Long Hui and others nodded. They walked proudly. The reporters were speechless.

"That's all?"

"She does not explain anything."

"Let's wait for Miss Chi."

"What? I don't want."

"Me too. Yesterday, I had been pushed by her bodyguards. My camera is ruined. Could not use anymore."

"Yeah. I will wait for another else to ask."

"Yeah. Since she loses the trial, she might not answering our question. It is wasted of time."

The bodyguards gathered. Meaning Chi Yuan would get out any soon. Afraid of getting pushed again by the bodyguards again, the reporters stayed away from them. But there were some of them who brave enough to step forward.

Then, Chi Yuan, Grandma Wei and her auntie, Li Cui came out. Everyone could see that Chi Yuan was very upset. Her eyes were bloodshot.

"Miss Chi, can you give some of your opinion regarding this matter?"

"I heard Doctor Tang won the trial. Meaning you are really the mastermind. Why do you did that?"

"Miss Chi, please speak to us."

"Miss Chi, do you regretting what you have done?"

Li Cui get closer to Chi Yuan when she saw Chi Yuan was about to say something.

"Don't say anything now." Li Cui whispered at Chi Yuan's ear.

Chi Yuan kept her mouth shut and walked away protected by the bodyguard. She would pay all the humiliation that she faced right now back to Yu Qi.

The reporters were disappointed when they could not get anything from Chi Yuan either. However, with these news, they could write anything from this result only.

.....

The family went to celebrate the win. Long Hui suggested the restaurant. It was a famous restaurant. They had just opened their branch at FINN City. To eat in this restaurant, people needed to reserve for 3 months earlier because it was always full.

This restaurant was also weird. They did not care whether they were rich or poor or noble, if people got money, then they could get to eat in this restaurant.

Yu Qi did not expect that they would eat at this restaurant without reservation. But Long Hui told her to not worry about that. He was sure that they could get their table.

Long Hui was right. They had their reservation. Not just a normal table but the luxurious private room.

"You are so good, guy. I want to eat here too but need to wait about 2 months before get a table. But you get a private room. Do you have connection with this restaurant or what?" Tang Jin Wei commented.

"Yes. My friend owned this restaurant." Long Hui admitted right now.

"No wonder." Tang Jin Wei nodded.

"Do you want me to pull some string for you?" Long Hui asked.

"No need. I can wait." Tang Jin Wei refused.

He already made the reservation. It was a dinner date with his girlfriend anyway.

"Which friend?" Yu Qi asked Long Hui.

Long Hui did not have many friends.

"First Brother." Long Hui said.

"Owh. It's him." Yu Qi nodded.

She just knew that First Brother was a businessman. She did not know that he owned the famous restaurant.

"Is it okay for me to be here too?" Ming Xuehai asked.

It was awkward for him since everyone was Yu Qi's family member.

"It is okay. You are Yu Qi's lawyer. Without you, Yu Qi could not win this case so easily." Ming Yue answered.

Ming Xuehai wanted to say, it was not him but Yu Qi herself. Without the evidence that she collected herself, they would not win so easily. But seeing Yu Qi shook her head, Ming Xuehai knew that she did not know her family to know about that.

"Let's order." Tang Han Lee said.

Everyone looked at the menu book.

"Let's order some drink." Tang Jin Wei suggested.

"You just want to drink right?" Tang Jung Wen threw a dirty look on his son.

"Remember, you have to work tomorrow. Don't drink too much." Ming Yue gave the reminder.

"Okay, mum. Just a little." Tang Jin Wei grinned.

The service was very good too. The food started coming right now. Everyone talked while talking. Their topic? Of course, Yu Qi's trial.

Chapter 1183: The Patent Had Been Approved

"Don't make any trouble again." Chi Guang Gu gave a reminder to Chi Yuan.

He was irritated when Chi Yuan was found guilty of slandering that woman. The client joked with him that he needed to take care of his niece properly so that she would not go and slander other women for men. It was a disgrace.

Chi Guang Gu just could smile and nodded himself as he brushed off the topic by saying something else. But he was very angry inside.

That stupid girl was really stupid. She disgraced herself just because of a man that did not like her.

"Yes, Uncle." Chi Yuan just could nod herself.

"You can go." Chi Guang Gu waved his hand, asking Chi Yuan to get lost.

As soon as Chi Yuan turned herself, her meek expression turned to a grim. All that her uncle had should be hers. It was from Chi Yuan's parents.

It was her parent who built everything that Chi Guang Gu had right now. But her parent died in a car accident leaving her alone. So, her uncle stepped forward and managed everything, taking everything that should be hers.

Maybe the accident that robbed her parent's life had something to do with Chi Guang Gu in order to snatch the wealth that her parent had. However, she had no proof to prove that.

Anyway, her uncle had no children. It was probably karma. Since they had no children, everything would be hers in the future. She just needed to wait for a little longer.

....

The next day, the news about Yu Qi's winning spread around. Everyone condemned Chi Yuan's act for ruining Yu Qi's reputation. A lot of people came forward to apologize to Yu Qi about that.

As the person involved, she woke up and went to work. Long Hui sent her to the entrance. She did not seem to be affected by everything.

She had surgery scheduled for her. The surgery would be started at 11 a.m. and would be finished at 1 p.m if nothing major complications.

The patient was a woman in her mid-thirty. She requested only women who be in the surgery room operating on her. She did not want other men looking at her body.

Agreeing with her request, everything would be handled by women. Even physician assistants and medical students would be women. A man would not allow being in this surgery.

Luckily, Tang Private Hospital hired professionals not looking for their genders. So, they had enough women to cover all the positions in the surgery.

The patient would undergo Nipple and Skin-Sparing Mastectomy surgery. She had breast cancer. So, that was why she did not want a man to operate on her.

Luckily she knew that she had breast cancer in its early state. Otherwise, she might die because of it.

Yu Qi performed the procedure perfectly. Not only that, she just took 60 minutes to operate on the woman. Others who joined the surgery were amazed by how fast Yu Qi's hands were.

Yu Qi came out of the surgery. She was grabbed by the mother's patient.

"How is my daughter, Doctor?" The mother asked.

"Don't worry. She is alright. She just needs to rest properly." Yu Qi said.

"Thank... Thank goddess. Thank you, Doctor, thank you, Doctor." The mother shook Yu Qi's hand.

"Okay. I need to go first." Yu Qi said.

"Wait." Another woman stopped Yu Qi.

"From what I know, the surgery would take about one and half hours. Why do you come out so early? It is just passed one hour." The woman demanded some explanation.

The anesthesiologist, Doctor Liu Wei Wan heard the question and answered on Yu Qi's behalf.

"It is thanked for Doctor Yu Qi's skill that we could complete the surgery much early." Doctor Liu Wei Wan said.

"Who are you?" The woman asked.

"I am the Anesthesiologist involved in this surgery. Do you have anything to say?" Doctor Liu Wei Wan asked.

The woman wanted to say something again but she had been pulled by a man. The man gave a look to the woman making the woman shut her mouth up.

"Thank you Doctor for saving my sister's life." The man said.

Yu Qi and Liu Wei Wan left the place.

"I don't understand people." Liu Wei Wan suddenly said that when they changed their clothes.

"We can't please everything. It is bounded that someone hates you." Yu Qi responded.

"Yeah. Like yourself, right Doctor Yu Qi?" Liu Wei Wan remembered what happened to Yu Qi recently. "How's everything?"

"About what?" Yu Qi asked.

"About your case?" Liu Wei Wan pressed.

"She lost and needs to pay me." Yu Qi said.

"Nice one." Liu Wei Wan laughed. "You get easy money. The other party must be flustered by this."

"I will go first." Yu Qi said as she already finished changing her clothes.

"How fast. Like her surgery too." Liu Wei Wan commented.

On the way, she saw Pei Ruiying.

"Doctor Yu Qi, the patent had been approved. And we also need to go to Stungolo Country for the medical award." Pei Ruiying informed Yu Qi.

"Oh, it is good. We can do mass production then." Yu Qi smiled. "About the award, can you go?"

"No. You as the team leader, you should go." Pei Ruiying rejected it.

After working with Yu Qi, he realized that she liked to be behind the scene.

"Okay... Okay... I will go then." Yu Qi said.

Chapter 1184: The News Company Got Sued

The media who posted the early news about Yu Qi had been sued by Liang Cooperation. The owner of the media news was panicked when Liang Cooperation legal person came forward and gave the letter to him.

After the legal person left, the owner of media news, Shuang Mo gritted his teeth. At first, he did not understand why Liang Cooperation suddenly sued his business. He did not remember writing about Liang Cooperation in the first place.

He became pale as the legal person told him that he had made a mistake by publishing the news about Yu Qi. Of course, he remembered about Yu Qi.

The news about her gave a lot of money to his company. He even gave a thumb up to the reporter who covered the news. He even gave a bonus to that reporter telling him that he did a good job.

However, everything was ruined after getting a legal letter from Liang Cooperation. He did not understand as to why Liang Cooperation came forward to help Yu Qi sue them.

Forgot about that. The thing that he needed to do right now was to apologize to Yu Qi in public.

"Call Guang Man." Shuang Mo said to her secretary.

"Yes, Sir." The secretary said.

Not long after that, Guang Man entered the room. "Yes, Sir."

"Do you delete the post that you made about Tang Yu Qi?" Shuang Mo said

"No." Guang Man shook his head.

"Stupid. Delete that post immediately. Tang Yu Qi already proved that she was innocent. Everything had been set up." Shuang Mo slapped the table hard.

"Yes... Yes... Sir." Guang Man opened the account.

In the post, there were new comments.

"Our Doctor had been proved that she was innocent."

"She was framed."

"This reporter must be received some money from Chi Yuan, right?"

"Yeah. Delete this post."

"Stupid."

"Why this post has not been deleted yet?"

Guang Man quickly deleted the post. The moment he had the post, many people bombed the official website of the media.

"I have deleted the post, Boss." Guang Man said.

"Good. Now, write on your account that the post was your personal thought about Tang Yu Qi. It is not related to Sun Media News." Shuang Mo ordered.

"What?" Guang Man looked at his boss with an unbelievable expression on his face. 'Does that mean I am fully responsible for that post? No, I will not do it.'

"What? Do it now." Shuang Mo ordered again.

"Boss, you can't do this to me. I wrote the article because you asked me to. You are the one who received Chi Yuan's money. Not me." Guang Man shouted.

The secretary opened the door when Guang Man shouted that. So, everyone outside the room heard everything that Guang Man shouting about.

Even though everyone did not look in his direction, Shuang Mo knew that he had been discussed among his subordinates. He glared angrily at Guang Man.

"Close the door." Shuang Mo shouted at his secretary.

The secretary was scared. She closed the door immediately.

"If you don't do it, I will make sure you will never be a reporter anymore." Shuang Mo said.

"Sure. I don't mind." Guang Man stood up and left the office.

Shuang Mo was so angry. "If you leave right now, you will not get your salary this month." He threatened Guang Man.

"Hmph... I don't mind. You on other hand will be in the problem too. Tang Yu Qi will be suing you next right. Have fun with it." Guang Man did not care.

He did not get anything from writing the article about Yu Qi. He just got people bombing his account. Of course, he felt guilty writing something like that but it was his boss's order.

Now, Shuang Mo wanted to wipe his hand clean from this matter and blamed everything on him? There was no way that he would accept that.

He cleaned up his table. He did not have many belongings, to begin with. So, it was easy.

"Guang Man, are you leaving?" One of his colleagues asked.

"Yes. I am leaving. I don't want to be working here anymore." Guang Man said.

"Because of that Tang Yu Qi's news?" His colleagues asked.

"Yeah. He wanted to push all the blame on me." Guang Man said in anger.

"What the fuck?"

"I don't care anymore. You guys need to be careful if he asks you to write something." Guang Man gave reminders to his colleagues.

His colleagues looked at each other. They thought about what they wanted to do next.

As Shuang Mo, he called Chi Yuan for help. Chi Yuan accepted his call.

"Miss Chi, it is Shuang Mo." Shuang Mo said.

"What do you want?" Chi Yuan was not in the good mood, asked.

"Well, because of Tang Yu Qi's article, Liang Cooperation wanted to sue the Sun Media News. I hope you can help me with that." Shuang Mo asked for Chi Yuan's help.

Chi Yuan snorted. "You receive my money in exchange. I have nothing to do with that anymore."

"Miss Chi, you need to help me. Otherwise, I will be in real trouble." Shuang Mo begged Chi Yuan.

"You should know about my lawsuit. I had been sued by Tang Yu Qi. It would be weird if you are safe from this." Chi Yuan chuckled.

"What? Don't tell me it was you asking them to sue me?" Shuang Mo made speculation.

"I am not and I don't care. Don't call me anymore." Chi Yuan ended the call and blocked Shuang Mo's number.

Chapter 1185: Qin Xia's Interfere

Shuang Mo felt angry when Chi Yuan hung up on him.

"Stupid bitch." Shuang Mo gritted his teeth as he glared at the phone.

It was Chi Yuan who approached him telling him that she had good news that would get popularity. Now, she just wanted to clean her hand like that? What the fuck!!!

Then, the employees outside Shuang Mo's office could hear something that broke inside their boss. Everyone did not talk but looked at each other. Some of them already decided to look for a new jobs.

After ending the call with Shuang Mo, Chi Yuan thought about something. "Liang Cooperation. Why did they help that woman suing the Sun Media News?"

Liang Cooperation was another huge cooperation in Binhai Nation. They appeared in the business world 5 years ago. Their employees never saw their true boss. They just meet the representative of the company.

"Is there something else between that company and that bitch?" Chi Yuan thought about that.

However, she did not find any connection between them.

...

"She sued someone?" Qin Xia asked Min Liang.

"Yes, Sir. Miss Tang sued Chi Yuan." Min Liang read the report.

They had not been in Binhai Nation for about 2 months. They went to a diamond mine at Bonele Country. It was an undeveloped area. So, they did not have a connection to the Internet. That was why Qin Xia just knew about Yu Qi suing Chi Yuan after they returned to Binhai Nation.

"What happened?" Qin Xia was interested to know about that.

"Chi Yuan spread the rumor about Miss Tang cheated on Long Hui. She even paid a news company to write an article about that. Because of that article, Miss Tang had been attacked by citizens." Min Liang explained before Qin Xia interrupted him.

"Do you have the article?" Qin Xia asked.

"Yes, Sir. I managed to make a copy about that." Min Liang nodded. He showed the article to Qin Xia.

The article was deleted a second after Min Liang made a copy about that. He was relieved that he made to collect that. It had already been his habit to collect information about Yu Qi. It was his first task as soon as he returned to Binhai Nation.

Qin Xia read the article without changing his expression.

"About that lawsuit?" Qin Xia asked for another.

"Here, Sir." Min Liang handed another file. It was about the lawsuit.

Qin Xia read it.

"Investigate about this man." Qin Xia suddenly said.

"Which man, Mr. Qin?" Min Liang did not understand.

"Li Yan." Qin Xia mentioned one man. "If he is clean, hire him for our next project."

"Yes, Sir." Min Liang nodded.

It was Li Yan's blessing to get Qin Xia's help. From what he knew, Li Yan was just a normal project engineer. He was an honest and good man. Because he helped Yu Qi on the trial, Qin Xia decided to help him.

"As for that woman, suppress her business including her family business." Another order from Qin Xia.

"Yes, Sir." Min Liang nodded once again.

Min Liang already predicted that Chi Yuan would not miss Qin Xia's rage. Right now, Yu Qi was his bottom line. If someone dared to touch Yu Qi, Qin Xia would destroy them. He knew about ruthless and heartless Qin Xia was.

"My picture with Yu Qi had appeared in that court. Investigate. Who dares to sell my picture like that?" Qin Xia read about the lawsuit and found out about that.

It was from the CCTV outside the hotel. That hotel was his. So, it was possible that someone took the pictures and sold them to Li Zuanyuan.

"Yes, Sir." Min Liang nodded.

Min Liang was crying in his mind. He just wanted to take a leave. But with these tasks, he did not think that he could take the leave.

"I will increase this month's bonus by 30% for you." Qin Xia suddenly said.

Min Liang who just felt down, lifted up his eyes when hearing his bonus went up 30% this month. He did not feel down on anything. As soon as the money was involved, he did not mind working more.

"No more order for you. You can go out." Qin Xia said.

"Yes, Sir." Min Liang left the room with a smile hanging on his lips.

Qin Xia stood up and turned around to see the view outside his room. As Min Liang thought, his bottom line right now was Yu Qi.

She was the one who he had been searching for such a long time. He would not let anyone try to hurt her anymore. He closed his eyes trying to remember the past.

"Where did you go?" He said.

"We went to a nearby festival." She said.

"With whose permission?" He looked at his junior sister and brother.

Both of them looked down and did not dare to look at his eyes.

"Sui, you should not show bad behavior to your junior sister." He looked at his junior brother.

"I am sorry." His junior brother said.

He sighed. "I will not report to Master. But both of you need to be punished."

Hearing that they would be punished, his junior sister and brother looked up to him, begging him not to punish them.

"Do you want me to tell Master?" He asked.

Both of them shook their head and were ready to accept the punishment.

"Both of you go and cultivate. Don't come out under you enter the next level." It was the punishment for both of them.

Chapter 1186: Still Thought That She Was Right

Grandpa Wei was angry with his wife. He already told his wife to stay away from Chi Yuan during that time. But she stepped forward and followed Chi Yuan to the court to give Chi Yuan her support. What a joke. Chi Yuan was proved to be guilty.

Even though Long Hui was not close to his family, Long Hui was his grandson. However, Grandma Wei supported another woman who slandered her own grandson's fiancée. Grandpa Wei sighed.

Grandpa Wei saw his wife enter the bedroom. He ignored his wife by reading something.

Grandma Wei looked at Grandpa Wei. She noticed her husband had been ignoring her after she returned home two days ago. She could not hold again.

"Why are you acting like this?" Grandma Wei asked.

Grandpa Wei looked at Grandma Wei with a questionable expression. However, he did not say anything and returned to his reading.

"Can you say something?" Grandma Wei demanded.

"Then, tell me. What do you like about that girl, Chi Yuan?" Grandpa Wei put away the thing that he read.

"That girl is very good. I watch her grow up. She is such a nice girl." Grandma Wei said.

"Good? Nice girl? Then, what the heck she does that to Yu Qi girl?" Grandpa Wei snorted.

"That... That..." Grandma Wei could not explain that.

"Obviously she is not the nice and good girl that you talking about. If she is a nice girl, she would give up on Hui after knowing Hui has a fiancée and find another man, not slandering Hui's fiancée like that." Grandpa Wei added.

"Well... Well..." Grandma Wei became a shutter.

"Yu Qi girl is a good one. On your first meeting, she knew that you did not like her much but in the end, when you were unconscious, she was the one who treated you unlike the favorite girl, who just stand there." Grandpa Wei made a sarcastic remark. "When the news about Yu Qi girl came out, she came and told you about that news. What a nerve. She made out everything and acted so innocent. What is so nice and good about that girl?"

Grandma Wei did not say anything. She did not dare to look at Grandpa Wei.

"From now on, I don't want that girl to come to our house. And you, don't meet with that girl again." Grandpa Wei said.

After that, he prepared to sleep ignoring his speechless wife. Grandma Wei still sat at the bedside. She was seriously thinking about what his husband talked about before.

But Chi Yuan was someone she knew longer than Yu Qi. She watched Chi Yuan grow. She was kind. She changed because of Yu Qi. Yu Qi made her change like that.

Grandma Wei stood still with her opinion. Chi Yuan was a good girl. Yu Qi was the bad one, changing Chi Yuan to become like that. Grandma Wei blamed Yu Qi for Chi Yuan's today.

However, she would try not to meet with Chi Yuan for now. Even though her husband did not say much but when he talked about something, he meant it. If she did not do what he said, he might do something to her. She did not want that to happen.

.....

Yu Qi already told Pei Ruiying that she did not want to go for a medical award. Pei Ruiying went to talk to her uncle, Tang Jung Wen about that.

So, her family knew about that medical award. Tang Jung Wen encouraged her to go. She could not reject her uncle, so, she ended up agreeing to go to Stungolo Country.

Then she got the news that Pei Ruiying could not go because of one of his patients. So, Yu Qi would go alone.

Yu Qi told Long Hui when she got home. Long Hui was surprised to hear about the medical award because he heard it before that.

"What do you mean you heard before this?" Yu Qi was confused.

This news had not been told to the outsiders yet. How could people already know about this? That was why Yu Qi asked Long Hui that question.

"It is from the military. This new discovery is very important to our nation. So, the high-ranking officers want to protect the researcher from any danger that might happen." Long Hui explained.

Yu Qi nodded understanding that. "No wonder. So, you will come too then."

"How do you know I am coming?" Long Hui was a little bit surprised when hearing the sentence from Yu Qi.

Yu Qi chuckled. "There is no way that the military does not know who the researcher is. So, when you got to know, it was me, I am pretty sure that you will offer to protect me. Am I right?" She titled her hand cutely.

Long Hui automatically smiled. "You guess correctly. I am the right choice. I can stay with you 24 hours everywhere, day and night. If they send someone else, they would need to leave you when you are in your room. You might expose yourself to danger."

"Oh, I think I will be in danger too when you are my bodyguard. Well, in another sense." Yu Qi rolled her eyes.

"What's the danger that you will need to face when I am with you?" Long Hui asked pretending not to know anything about that.

"I might end up not going to the ceremony." Yu Qi said.

"No worry. I will hold myself as much as possible. But for now, I should enjoy ourselves, don't you think so?" Long Hui grinned.

Yu Qi coughed as she heard the last sentence.

Chapter 1187: Went Together

They arrived at the Stungolo Airport. It was quite busy since there would be a medical ceremony held in Stungolo Country.

Many people came during this time. Many big names in the medical world came to this country. As Long Hui said, he became her bodyguard.

Pulling their bags with one hand and another hand holding Yu Qi's hand, Long Hui walked toward the check-out gate. After getting a rental car, Long Hui drove to the hotel.

They arrived at Stungolo Country one day early. The ceremony would be held tomorrow night. So, they still had some time to spend and walk around Stungolo Country.

The day was still early. They had already eaten on the plane. So, they were not too hungry. After checking into the hotel, they decided to go out.

"Look, it is so fantastic." Yu Qi pointed to a weird-looking shape of a building.

The building looked like a star shape. It was big and high. She saw some people entering the building casually. She saw a security guard at the entrance.

"Hello, can we enter this building?" Yu Qi spoke the Stungolo Language.

"Are you guys tourists?" The security guard asked.

"Yes." Yu Qi nodded.

"No wonder. But you speak Stungolong very well." The security guard praised Yu Qi.

"I learn a little bit." Yu Qi smiled.

"Well, of course, you can enter this building. We have a lot of things inside this building. Shopping mall, spa, hotel, swimming pool. We also have an observation deck. That is what most people come to this Starish Tower coming for." The security guard told Yu Qi.

"I see. So, we can just enter it? No need to pay or what?" Yu Qi asked again.

"Yeah. You can enter it. But if you want to buy something, of course, you need to pay for it." The security guard said.

"Thank you, Sir." Yu Qi nodded to the security guard.

"Pleasure to help you miss. Enjoy yourself here." The security guard replied.

Yu Qi turned to Long Hui. Long Hui's eyes were cold before turning to warm after his beloved Qi Qi looked at him.

"Let's go in. I want to see the observation deck. The view must be beautiful." Yu Qi pulled Long Hui's hand entering Starish.

As the security guard said, there was a lot of facility inside the building. They walked to the lift and entered the lift. Since there were a lot of people who wanted to the observation deck, the lift was packed.

In order not to be crushed by others, Long Hui told Yu Qi to stand behind him. Yu Qi leaned against the wall. She smiled when seeing the wide back of her boyfriend.

The lift stopped at several levels before reaching the observation deck level. They got out of the lift.

Once they got out of the lift, a beautiful view appeared in front of their eyes. They looked around. The view was 360 degrees.

"Wow, it is a great view." Yu Qi commented.

"Hmm... It is good when I am with you." Long Hui replied.

"So, you are not with me, you don't think it is a great view?" Yu Qi asked in a teasing tone.

"Hmm... whenever I am with you, it feels good and great." Long Hui admitted straight forward making Yu Qi blush.

"Your sweet mouth." Yu Qi faked a cough.

They went nearby the glass window. They could see all of the areas. She then looked down. It was also the glass. She could see the down below.

"No no no... I don't want to be at this level." A girl screamed.

It was not too loud but people still could hear her. So, people turned to look at the screaming girl. It was a teenage girl with her friends.

"It is fine. Don't be so scared." A boy, probably the same age as the girl said to the girl.

"Marlene, you should be glad that I am inviting you. Not screaming like this. Not only you don't thank me but shouting at me like this. Are you sure you want to do this?" A girl with an arrogant look on her face asked the screaming girl.

The screaming girl looked hesitated for a moment. Then, she stood up with the trembling pair of legs. She walked without looking down.

"Good. You should obey me. Otherwise, I don't know what will happen to your Foster mother." The arrogant girl said to the screaming girl.

"Please don't do anything to my mother." The screaming girl begged the arrogant girl.

"Then, open your eyes and look down." The arrogant girl ordered.

"Yeah. Look down quickly. The view is nice." Another boy said.

"You will be fine." Another girl said.

Everyone in the group looked supportive of the screaming girl but they were just teasing her. She did not want something else to happen to her mother. So, she encouraged herself to open her eyes and looked down.

The moment she looked down, her mind exploded in pain. She lost her consciousness and fell to the ground. Everyone in her group was shocked when seeing the screaming girl fall onto the group like that.

Yu Qi rushed to the girl's side. She checked her pulse. It was a very fast pulse. It was not looking good. This girl was so scared that she fainted. And the worse, her heartbeat was too fast. It would lead to something else.

"Someone, call the ambulance. She needs to go to the hospital." Yu Qi spoke to everyone.

"I will call." A woman in her mid-thirty quickly called the ambulance.

Chapter 1188: Your Charm Even Works On The Younger Girl

"Is she going to be okay?" A girl asked.

It was the girl from the group that teasing the screaming girl earlier. Yu Qi looked at the girl. She looked frightening.

"She needs to go to the hospital. What do you think about that?" It was not Yu Qi who answered that question. It was the middle-aged woman who called the ambulance.

The girl looked down. She was feeling guilty.

The paramedic arrived very quickly. Yu Qi explained the condition of the fainted girl. The paramedic nodded. After that, they left with the fainted girl.

Yu Qi looked at the girl and boy group. They also looked at Yu Qi. The boys obviously attracted by Yu Qi's look. As for the arrogant girl, she gritted her teeth seeing Yu Qi. She was jealous that the boys had not looked at her anymore.

But her eye lifted up when she saw Long Hui. She had never seen a handsome man like that before. She felt her heart beating faster and faster. She walked toward Long Hui.

"Hi, Brother. Can I have your name? My name is Audrey Smith." Audrey Smith said with a smile.

Long Hui did not even look at Audrey Smith. Audrey Smith felt awkward.

"I am sorry, Miss Smith. My fiancée does not speak Stungolong." Yu Qi said.

Hearing that the man already had a fiancée, she was surprised but it was for a moment. She calmed down after that.

"I see. Can I have his contact number?" Audrey Smith asked for Long Hui's contact number.

"For what?" Yu Qi asked.

"Huh?" Audrey Smith looked at Yu Qi.

"I am asking why you ask for my fiancée's contact number. We don't know you at all. So, there is no reason for him to give you his contact number." Yu Qi stated the fact.

Audrey Smith's face became red as she heard the sentence from Yu Qi. She glared sharply at Yu Qi.

"I just want to be friends with him. That's all." Audrey Smith phrased.

"Owh. But my fiancée does not need to be friends with you." Yu Qi smirked.

"He does not speak at all. Why do you need to lie?" Audrey Smith said.

"Miss, we don't need to speak to each other to understand what we want. I know what he wants." Yu Qi said.

"You just ignore what he wants." Audrey Smith argued.

"Oh, can you speak English, then?" Yu Qi asked.

"Yes." Audrey Smith replied fast even though she was not so confident about her English.

"Then, you can talk to him directly. He can speak English. You can see what he thinks." Yu Qi challenged Audrey Smith.

Audrey Smith turned to Long Hui. "Brother, can you please tell me your name? I want to be your friend." She shyly said that to Long Hui.

Long Hui glanced at Audrey Smith for a moment and turned to his beloved Qi Qi. "Let's walk around."

Audrey Smith thought Long Hui was talking to her. So, she smiled sweetly at Long Hui and looked at Yu Qi with a smirk.

"See, your fiancée wants to walk with me." Audrey Smith showed a provoked smile toward Yu Qi.

"When did he ask you that?" Yu Qi smiled a ridiculous smile at Audrey Smith.

"Just now." Audrey Smith confidently answered that.

"I am speaking to my fiancée. Not you." It was Long Hui crushing Audrey Smith's smile right now.

"Wha... What?" Audrey Smith staggered when hearing Audrey Smith.

"Can you don't disturb our date? I am trying to relax with my fiancée." This time, Long Hui directly looked at Audrey Smith's face.

After that, Long Hui pulled Yu Qi's hand and walked from the place. Audrey Smith who had just been left behind was very embarrassed. She never got to be treated like this before.

The girls and boys who apparently her friends stood and looked at her. They knew that Audrey Smith was so embarrassed by the whole situation. So, they decided to smooth things up.

"Audrey, don't mind them. They are just stupid. Does not know your greatness." A girl said.

"Yeah, Miss Smith, it is their loss." A boy followed up.

Audrey Smith narrowed her eyes. She would not let this humiliation go. She would pay. 'Just wait for it.'

"Your charm even works on the younger girl." Yu Qi joked.

"But only your charm work on me." Long Hui replied with a straight face.

"You really learn well. Your sweet mouth is very good." Yu Qi commented.

"Well, I am just saying the truth." Long Hui kissed Yu Qi's hand in his hold.

"I think our stay will be fun." Yu Qi looked at Long Hui with a mischievous smile.

They walked around the Starish Building. Stungolo Country was different from Binhai Nation when comparing the culture. So, it had many interesting things to see.

Even though Long Hui looked relaxed but he was very alert to their surrounding. He did not forget about his job. His job was to protect Yu Qi. After having a lot of contributions, Yu Qi became famous.

A lot of organizations began watching Yu Qi's movement. They became interested in Yu Qi. Some of them expressed their desire to make Yu Qi a member of their organization.

However, as Long Hui's fiancée, that identity became a disturbance to them. Since their organization was not so clean. They did a lot of evil things. So, it was not possible for them to ask Yu Qi to join their organization.

Chapter 1189: Share Your Worries to Me

When Long Hui heard this from the high-ranking military officer, he was worried and scared about Yu Qi. He was afraid that Yu Qi would be kidnapped by them.

Even though Yu Qi was very strong, there might be a possibility that Yu Qi could not handle those people. If that happened, it would be a disaster. He might be crazy searching for Yu Qi.

He tightened up her grip on Yu Qi's hand. Yu Qi felt that and glanced at Long Hui. She could see that Long Hui's expression did not change much but she noticed something.

Long Hui was very nervous right now. His eyes were watching the surrounding like a hawk.

"What is going on?" Yu Qi could not help to ask.

When Long Hui heard that, his eyes reacted. If Yu Qi did not look at Long Hui intensely, she might not notice it. However, her eyes never left Long Hui's face.

"Can you tell me?" Yu Qi asked again.

"It is nothing." Long Hui shook his head.

He should not behave like this. It made Yu Qi uncomfortable. But he could not stop thinking about that.

"It is nothing, really." Long Hui stated it once more time.

Yu Qi looked into Long Hui's eyes. Long Hui moved her eyeballs, not to look at Yu Qi's eyes.

"Now, I confirm that you have something to worry about. And I know that it is not related to your work. Just one thing that you are most worried about and it is related to me. Is that right?" Yu Qi adduced what she could conclude.

Long Hui's lips formed a straight line. His eyes looked down at Yu Qi.

"Brother Hui, we are a couple. You tell me that we should share our worries. It is time. You obviously have something to worry but you don't want to tell me." Yu Qi looked down acting like she was disappointed with Long Hui.

Long Hui grabbed Yu Qi's shoulder. He was panicked right now.

"No... I don't mean that." Long Hui quickly averred.

"Then, why do you acting so weird?" Yu Qi asked.

"I am... I..." Long Hui waived.

"If you don't tell me, don't talk to me." Yu Qi brushed off Long Hui's hands from her shoulders.

Long Hui reacted very fast. "Don't leave my side." He hugged Yu Qi from behind. He did not care if anyone looked at them at this time.

But Yu Qi was embarrassed when becoming attention to the nearby onlookers. They obviously wanted to watch more. It was a free drama and real-life action.

Yu Qi turned around. "Let's go somewhere else."

"Okay." Long Hui nodded.

Yu Qi grabbed Long Hui's hand and walked faster leaving the place. They found a restaurant. In the restaurant, they provided a private room service too. So, Yu Qi selected that. It would be best to be in the room rather than being watched by others in that kind of situation.

Yu Qi ordered some snacks and drinks for them. Long Hui was looking nervous again when facing the questionable Yu Qi in front of them.

He was embarrassed that he could not conceal his expression perfectly in front of his beloved Qi Qi. It was a disgrace.

"So, tell me what is going on here?" Yu Qi demanded an explanation from Long Hui.

Long Hui was still silent.

"Long Hui, you better tell me right now." Yu Qi conveyed what she wanted right now.

Long Hui looked at Yu Qi right now. He knew that she was currently angry with him.

"Hmmm... actually... it is indeed about you." Long Hui finally revealed what was in his mind.

Yu Qi waited patiently for Long Hui to continue. She did not interrupt him.

"You might become a victim of kidnapping." Long Hui revealed the truth.

"What? Kidnapping?" Yu Qi could not process what Long Hui tried to say.

"Yes. People from some organizations start to pay attention to you. Since you are talented. They want you to become a member of their organizations." Long Hui started to explain what made him so worried and scared. "When those organizations see someone talented in their field, they want to recruit that person for their organization. But if that person refused, they might use another method to make that person one of them."

"Oh, that is what you mean by kidnapping." Yu Qi finally caught what Long Hui try to say.

"Yes. I heard from the military. So, the news must be genuine since I also investigated that." Long Hui nodded.

They were silent for a moment. The food that they ordered arrived. The waiter served the food and left the room.

"That is why you decided to become my bodyguard for now. Is it military's order?" Yu Qi asked.

"Yes. It is a military order. You become more and more like Elder Tang. So, the government cherishes talent like you a lot. So, if those organizations want to kidnap you, it becomes a government problem too." Long Hui explained. Then he added. "I might become crazy if those people kidnap you."

"Don't worry. It is not easy to kidnap me. I am strong than an average man. And, have you forgotten, I have my space. If I am facing something that I can not handle, I can enter my space." Yu Qi smiled.

"But it is better to be more careful. What if something happens and you can't enter the space? Or you have no time to enter the space." Long Hui expressed his worry.

"I understand. I will be more careful from now on. Thank you for telling me about this matter." Yu Qi promised.

"Hmm." Long Hui nodded.

Chapter 1190: The Spear Is Cleaned From The Evil Aura

Yu Qi brought Long Hui to the weapon room. Yu Qi wanted to show something to Long Hui.

"Do you remember this spear?" Yu Qi showed the spear hanging on the wall.

"Yes. We bought it from the museum." Long Hui said.

Of course, he remembered that day. It was on their date.

"Bo Ya told me that the evil aura had been cleaned out. It is already being back to a normal spear. Well, just with my space aura." Yu Qi explained.

Long Hui took the spear and tried to sway it. It produced a strong wind.

"Owh. It is good." Yu Qi admired.

"Me or the spear?" Long Hui asked.

A sudden question made Yu Qi dumbfounded. Long Hui compared himself to a spear. Then, Yu Qi laughed.

"My man is good." Yu Qi said in between laughing.

Long Hui was satisfied when he heard that. Yu Qi chuckled as she saw that face.

"I am planning to give this spear to my Great Grandpa. I am sure he will be happy with this spear." Yu Qi looked at this spear.

At first, she wanted to give the spear to Grandpa Long. But even after she found out about her Dian Family which was a family of cultivators, she changed her plan.

Great Grandpa Dian was the suitable person to receive this spear. Not to mention, this spear was a spiritual weapon that could give benefit the cultivator compared to giving the spear to Grandpa Long.

"Yeah." Long Hui agreed.

Both of them wanted to practice their martial arts for the martial arts competition later. They had not forgotten about that.

Dian Qi Qi called her two days ago asking for her preparation for the martial arts competition. Dian Qi Qi told Yu Qi that she had practiced a lot these days.

Dian Qi Qi also took 3 months' leave from her university. At first, the university did not agree about that. But Great Grandpa Dian's intervention, the University did not have power but to approve Dian Qi Qi's application.

Long Hui and Yu Qi competed with each other. Yu Qi reminded Long Hui to fight her with his full strength. Of course, Long Hui rejected it at first thought. How could he use his full power to fight with his beloved Qi Qi?

However, after hearing what Yu Qi told him about the martial arts competition, he needed to strengthen Yu Qi too. So, he used his full power when competing with Yu Qi.

They practiced until they had been noticed by Bo Ya that the ceremony for the medical award would be held in 3 hours. Both of them quickly stopped battling and hit a shower.

Yu Qi did not have thought to dress up for this ceremony. So, she just took out the formal attire. White shirt, blazers, and trousers. She also wore light make-up. Her hair had been tightened up higher. This appearance made Yu Qi look like a mature businesswoman.

Long Hui also wore a black suit. He completely looked stunning as ever. He looked at his beloved Qi Qi. Even though she was not wearing anything that revealed her body but she successfully aroused his man instinct.

"How is my look?" Yu Qi asked Long Hui. "Am I looking like a businesswoman?"

"Hmm... Very good." Long Hui narrowed his eyes. He needed to protect his beloved Qi Qi from other men.

"Thank you. You also look handsome as usual." Yu Qi praised her man.

"Is that so? Then, I am looking forward to your protection." Long Hui smiled.

"My protection?" Yu Qi tilted her head, not understanding what Long Hui meant by that.

"Since I am looking handsome as usual, there will be many women pestering in front of me later. So, I hope you can protect me from them." Long Hui gave an ambiguous smile.

Yu Qi was speechless at Long Hui's shameless. However, since her man wanted to play that way, she would play with him.

"Sure, I am going to protect you." Yu Qi nodded. She patted Long Hui's shoulder. "Leave it to me."

The three little cuties were sitting not far from Long Hui and Yu Qi was dumbfounded when listening to their master and her man's conversation. Their master and her master liked to play roles.

Both Long Hui and Yu Qi came out of the space. They exited the hotel room. The steps that they took looked very confident. Everyone who passed them would stop and observe them.

"Wow. Who are they?"

"Don't know."

"They must be foreigners. Look at their faces."

"Even so, they look very handsome and beautiful."

"I think they might be from those Asian countries."

"Yeah. Their features look similar to those of Asian people."

As usual, Long Hui and Yu Qi ignored the talk around them and left the hotel, heading to the venue where the ceremony for the medical award would be held.

It took about half an hour to arrive at the venue. When they were about to enter the venue, they heard someone shouting something. It was not too loud but still they could hear that.

"You two stop! Stop for me."

Yu Qi remembered the voice. It was Audrey Smith from yesterday.

"Why are you here?" Audrey Smith glared at Yu Qi.

Audrey Smith looked at Yu Qi's outfit. She smirked. Her mind reached one conclusion.

"So, you are bodyguards?" Audrey Smith mocked.
