

INTELLIGENT 1191

Chapter 1191: Acting

Yu Qi and Long Hui looked at each other. Yu Qi narrowed her eyes playfully. Long Hui seemed to understand his beloved Qi Qi's signal. It meant she wanted to play around.

"So, what?" Yu Qi turned and answered Audrey Smith's question.

"Hmm... Acting so high in front of me, do you know who I am?" Audrey Smith showed the arrogant attitude that she showed to the girl yesterday.

She did not have to be polite to people who stood below her. She could do whatever she wanted to those people. That included the people in front of her right now.

"Since you want to enter the venue, meaning your employer is inside the venue, right?" Audrey Smith smirked again feeling that she could destroy these people's jobs by preventing them to enter the venue. With that, the employer that hired them would be angry when his bodyguards did not around.

"You!!!" Yu Qi pretended to be angry.

Long Hui glanced at his beloved Qi Qi who currently acting. It seemed she enjoyed it.

"What? Are you angry? Then, apologize to me right now." Audrey Smith demanded.

"Audrey, what is going on?" A man came and asked Audrey Smith.

"Brother, it is the couple who embarrassed me yesterday. Turned out, both of them are bodyguards." Audrey Smith said to the man.

The man was her brother, James Smith. He looked at Yu Qi and Long Hui. When his eyes looked at Yu Qi, there were some traces of lewdness. 'The body of this female bodyguard is very good. I wonder how it tastes under me?'

Long Hui sensed James Smith's thought. He pulled Yu Qi behind me and looked at James Smith fiercely.

Audrey Smith became jealous seeing Long Hui's act by pulling Yu Qi behind him. She wanted to be protected like that by this man. So, this man needed to be her man.

So, Audrey Smith looked at Long Hui. "And you quit your current job and be my bodyguard. I promise you will be glad to be my bodyguard."

Seeing Audrey Smith's aim, Yu Qi stepped from Long Hui's back. Her face showed a cold expression. She could not hold back since Audrey Smith aimed for her fiancée.

"Be your bodyguard? I want to see you dare or not." Yu Qi glared sharply at Audrey Smith while releasing her murderous aura.

Getting the murderous aura, Audrey Smith felt a sudden choked. She felt that she could not breathe normally. She looked at Yu Qi in horror. She knew that it was Yu Qi's doing right now.

James Smith looked at his sister. He did not understand why did his sister acting like this. He wanted to say something to Yu Qi but out of a sudden, he also felt that he could not breathe.

Could not stand the pressure, James Smith kneeled in front of the couple. This made the onlookers notice them and looked at them to know what happened.

Long Hui and Yu Qi stopped releasing the murderous aura. Audrey Smith and James Smith could breathe anymore. Audrey Smith also kneeled down. She even coughed several times.

She looked at Yu Qi. "You... What are you doing to me?"

"What did I do to you? I am also curious as to why you and your brother suddenly kneel in front of me. But let me tell you first, I am not receiving any disciple. If that is what you asking for." Yu Qi shamelessly turned the situation.

James Smith and Audrey Smith quickly stood up. It was embarrassing to stay in that position knowing their status.

"Since you don't know what is good for you, let it be." Audrey Smith said.

"Don't let this couple enter the venue. I want to see them being scolded by their employer." Audrey Smith said.

The person who guarded the entrance felt troubled by this situation. He was a normal person. He sighed when looking in Yu Qi and Long Hui's direction. 'Why do they need to offend the Smith family? Not to mention Audrey Smith. She was a genius in the medical world here.'

Ignoring Audrey Smith and James Smith, Yu Qi pulled Long Hui's hand and went to the entrance. The person stopped them from entering.

"Miss, please don't make my job hard." The person said.

Yu Qi took out the invitation card from her blazers and gave it to the guard. The guard read what was on the invitation card and he showed a shocking expression on his face.

"I am sorry for blocking for way, Doctor Tang. Please... Please enter the venue. My colleague will guide you to your seat." The guard showed deep respect to Yu Qi.

Audrey Smith and James Smith were surprised when seeing the guard's attitude.

"Why don't you follow my order?" Audrey Smith asked the guard.

"Miss Smith, she is Doctor Tang who going to receive the award later. It is not wise to block her here." The guard told her about Yu Qi's identity.

"What? She is Doctor Tang?" Audrey Smith was shocked.

James Smith was also shocked to hear the identity of the woman that he just aiming for.

"No way... No way..." Audrey Smith said.

Her father, Thomas Smith already told them that she should not offend Yu Qi several times. Thomas Smith also showed the pictures of Doctor Tang but she ignored them and asked someone to throw them. Now, she regretted doing so.

Chapter 1192: Reject All Investment

Yu Qi and Long Hui got to their seat with someone's help. They sat. Everyone already paid attention to Yu Qi. Of course, they also knew who Yu Qi was.

An uprising Doctor from the legendary Doctor Tang's family. The research in Yu Qi's hand was very good. Some of them would like to invest in the research but Yu Qi rejected them outright.

Of course, Yu Qi would not allow outsiders to invest in her research. She, herself had a lot of money. So, why should she let outsiders invest and eventually had an idea for her research?

A middle-aged man came in front of Yu Qi.

"Hello, Doctor Tang, I am Thomas Smith from Smith Family." Thomas Smith introduced himself.

"Oh, you are from Smith Family." Yu Qi's corner lips curved up.

"Oh, you know about my family. It is my pleasure. Actually, I would like to discuss something with you." Thomas Smith put on the flattery smile.

"No. I don't know your Smith Family. But I know your children." Yu Qi snorted.

Hearing Yu Qi's snort and tone, Thomas Smith did not feel well. He wondered what his children had done to this woman. Then he saw his children came walking toward him.

"Doctor Tang, don't worry. I will make sure that they will apologize to you." Thomas Smith said.

Audrey Smith and James Smith approached their father.

"Dad... hear me out." Audrey Smith did not notice Yu Qi and Long Hui and wanted to complain about them.

"Shut up. First of all, apologize to Doctor Tang first, both of you." Thomas Smith said.

Audrey Smith and James Smith finally noticed that their father was standing in front of Yu Qi and Long Hui. They did not want to apologize to Yu Qi in front of people. But their father stared at them furiously. Because of that, they needed to lower their ego and apologized to Yu Qi and Long Hui.

"I am sorry."

"I am sorry."

Both Audrey Smith and James Smith apologized to Yu Qi and Long Hui. Long Hui directly ignored them.

"No need to apologize. I am just a low person." Yu Qi waved her hand.

"You both, apologize sincerely." Thomas James gritted his teeth as he looked at his children's attitude.

Seeing their father was angry, they bowed down toward Yu Qi.

"I am apologizing from the bottom of my heart."

"Please forgive me. I am really sorry."

"Since both of them already apologized, I will leave this matter here." Yu Qi smiled.

"Thank you, Doctor Tang... Well, about the investment..." Thomas Smith wanted to move to the next topic but Yu Qi stopped him.

"I already told you that I will not receive any outsider's investment." Yu Qi rejected the idea firmly.

"But the medicine needs to be mass-produced." Thomas Smith said.

"I already planned everything, Mr. Smith. You don't have to worry about that." Yu Qi said stopping Thomas Smith's advance.

"I see... I hope it will be turned well." Thomas Smith said while gritting his teeth.

He looked at his children asking them to follow him. He was so angry right now. That damn woman, just because she was great right now, she dare to hiss Smith Family like that.

Smith Family was also a family that was involved in the medical business. They owned a hospital and several pharmacies in Stungolo Country. So, they were kind of interested to invest in Yu Qi's new product.

Never knew that the damned woman just rejected the money that Smith Family wanted to give.

Audrey Smith was reluctant to leave the place. She looked at Long Hui but the man did not even glance at her. His eyes were on that woman beside him. She wanted to stay but seeing her father, she followed her father and brother away.

"Father, where do you go just now?" It was his first daughter, Sophia Smith asked.

Sophia Smith was also going to receive an award tonight. He was very proud of her achievement.

"I went to greet Doctor Tang." Thomas Smith said.

"Really? How is she?" Sophia Smith asked excitedly.

Tang Yu Qi was her idol. She followed her news. When her idol was accessed by that woman, Chi Yuan, she was very angry. Then, her idol was winning the case against Chi Yuan, she was cheering for Yu Qi.

"Sister, that woman is horrible. Why do you like her?" Audrey Smith asked when she heard the excited tone on Sophia Smith.

"She is my idol." Sophia Smith frowned when Audrey Smith said that.

"Humph... she embarrassed our father by rejecting his offer. You should not like her." Audrey Smith said.

"It is her decision to accept or not. It is normal in the business world." Sophia Smith argued.

Thomas Smith frowned a little bit. He knew that Sophia Smith was right but still, being rejected like that, was not a good feeling.

"Just shut up. Both of you offend her." Thomas Smith pushed the blame on his two children.

"What did she do, father?" Sophia Smith glared at Audrey Smith.

"Just ask them." Thomas Smith said.

He did not know what both of his children offended Yu Qi. And he did not plan to ask about that.

"Tell me." Sophia Smith asked her sister and brother.

James Smith looked away. He did not know much about the couple. He just went along because of his sister. And now he regretted that.

Chapter 1193: Being Watched

Seeing her sister and brother did not answer her question, she just guessed.

"You must want to covet her fiance right?" Sophie Smith guessed.

Audrey Smith twitched when hearing her sister's correct guess.

"I guess it, right, is it?" Sophie Smith smirked. "There are a lot of women who keep finding trouble with Doctor Tang because they are attracted to her fiancée."

Audrey Smith was silent and did not dare to look at her sister.

"You know what? There is a stupid woman who slanders Doctor Tang ended up being sued by Doctor Tang. You need to be careful." Sophie Smith glanced at her sister.

"What?" Audrey Smith was shocked to hear about the news.

"It is popular news. You can search it online if you want. I don't want you to become like that woman. So, keep your hand off Doctor Tang's fiancée. Otherwise, you will be embarrassed." Sophie Smith said.

"Listen to what your sister says. Don't cause me trouble." Thomas Smith who listened to their conversation gave a warning to Audrey Smith.

He did not care if she wanted to bully someone. But she needed to look at the person's background too. If she bullied a person with a big background, it might cause trouble to the Family's business.

"Yes, Dad." Audrey Smith nodded understanding.

Yu Qi crossed her legs while waiting for the ceremony to start. This kind of ceremony was very boring. That was why she refused to attend because she knew it from the start.

She used to come to this kind of ceremony in her past life. In order to make people think that she was not a useless person, she worked hard to prove herself. So, she ended up getting some awards. It was an award ceremony like this one.

She also exchanged words with some people. Some of them also wanted to exchange words with Long Hui. But Long Hui kept showing the 'don't disturb me' face making people give up talking to him.

It was not like Long Hui did not want to talk but he was paying attention to Yu Qi's surroundings. This place was a good place to kidnap someone from the crowd.

The ceremony began. It was a medical award ceremony. So, many awards had been given this time. One by one went onto the stage. Yu Qi assumed it would be a long time before her name being called.

So, she wanted to go to the ladies. When she was about to stand up, her hand had been pulled by Long Hui.

"Where do you want to go?" Long Hui asked.

"Hmm... toilet." Yu Qi answered innocently.

"I will accompany you too." Long Hui said.

"Erk....? I just want to go to the toilet." Yu Qi was dumbfounded.

"Well, it is my duty to follow you everywhere you go." Long Hui stated. Then, he continued in a lower tone. "I already went into the toilet with you. There will be no problem."

"..."

Yu Qi was speechless. Long Hui was teasing her in this kind of situation.

"Up to you." Yu Qi did not want to prolong the conversation because she knew even though she protested, Long Hui would end up following her. So, arguing would be useless.

"Let's go. I will escort you." Long Hui said in a gentlemanly tone while smiling at Yu Qi.

Both of them went to the ladies. Of course, Long Hui was waiting outside. After Yu Qi settled her matter, she came out and went back to the hall.

Not far from Yu Qi and Long Hui's place, there were men hiding in the dark. They just got here. The men were confident that Long Hui did not find out about them yet. There were two of them.

"Thirteen, he even accompanies her to the toilet. When do you think we will have a chance to talk with Tang Yu Qi?" A man named Thirty asked.

"I don't know. We just need to wait for the chance." Thirteen said.

"Why don't we just kidnap her openly, like from her room or something?" Thirty asked.

"What? Are you stupid?" Thirteen smashed his partner's head.

"Ouch, that's hurt. Why do you smash my head?" Thirty glared at Thirteen.

"Do you think you can win fighting that Long Hui?" Thirteen asked while his mouth pointed to Long Hui.

"Well, you don't know if you tried." Thirty thought positive.

"His strength is the same as One. Probably even stronger than One. Do you think you still have the ability to fight with him?" Thirteen made a comparison.

"What? He was that strong?" Thirty was shocked to hear that comparison.

He was very respectful toward One, the strongest of their group. Long Hui was equal or stronger than One? He could not believe it.

"They coincidently fought five years ago. Even though Long Hui was gravely injured, he managed to fight One. Because of Long Hui's injury, One managed to escape. Otherwise, I don't know what would happen to One if he got caught." Thirteen explained.

"Wow, really? That's horrible." Thirty reacted.

"His strength might increase like past five years. So, it is not wise for us to go head-on-head with him. We might die." Thirteen said.

"I see." Thirty nodded.

"Ah!!!" Thirteen suddenly shouted.

"What? What happen?" Thirty asked.

"I think Long Hui found out about us." Thirteen said.

"What? No way. I am sure we hiding well." Thirty was shocked once again.

Chapter 1194: Invitation

"We need to move." Thirteen said, packing their stuff.

"Ok... Okay..." Thirty nodded.

Thirteen was a higher ranking than him. So, he needed to follow his order.

"Is there something?" Yu Qi said.

"Some people are running away." Long Hui explained.

"Oh, really?" Yu Qi looked in the direction where Long Hui looking at.

Yu Qi already saw two men running away.

"Oh, is those people from the organizations you tell me about before?" Yu Qi asked.

"Probably." Long Hui did not know much about that.

"What a pity. Otherwise, we can play together." Yu Qi grinned cunningly.

Long Hui just smiled when hearing that. His beloved Qi Qi really liked to play with people like that.

"You can play with them but only in my presence." Long Hui reminded her.

"I know." Yu Qi was still grinning.

The ceremony continued until they called Yu Qi's name. People were clapping when Yu Qi went onto the stage. They were surprised when seeing Yu Qi in a black suit.

The women usually wore a dress when attending this kind of ceremony. It was very refreshed to see a woman appearing in a black suit like that. However, it would not drop Yu Qi's charm. Instead, it went up.

"Doctor Tang Yu Qi, your achievement was very good. Keep it up." An old man gave the award to Yu Qi.

"Thank you, Sir." Yu Qi nodded.

"Here, Doctor Tang Yu Qi, please give some speech." The MC gave a microphone to Yu Qi.

Yu Qi took the microphone.

"First of all, I appreciate this award. So, thank you. Thank you to my family for their support. And the most important person in my life, thank you for coming here too with me." Yu Qi looked at Long Hui lovingly. Then, she turned serious again. "Lastly, I would like to say something about the investment for my research."

People were waiting for that.

"As I said before, I will not accept any investment. So, don't wait for that." After that, Yu Qi gave the microphone back to the MC.

The MC was speechless. People also talked among them. They really hoped to invest in Yu Qi's research. But now, their hope was ruined when Yu Qi announced it in public like that. It meant that Yu Qi really did not interested to let people invest in her research.

"How domineering." Sophie Smith commented. Her idol was really domineering.

She did not notice that Thomas Smith frowned. Well, her father could not force Yu Qi to accept his investment. Yu Qi had the right to reject.

.....

The ceremony ended. The banquet began. Yu Qi was a little bit hungry. So, she pulled Long Hui to grab something to eat. Not many people eating actually.

Yu Qi really did not understand why people did not eat the food that was prepared. She noticed even from her past life. She knew how much she suffered without food, she did not like to waste food.

"Is it delicious?" Long Hui asked.

"Yeah. Well, it still can't compare with what you cook for me." Yu Qi had time to praise her man.

Hearing his beloved Qi Qi's praise, really made his day,

While they were eating, someone came. It was a middle-aged man. He was smiling when seeing Yu Qi.

"Hello, Doctor Tang Yu Qi. Nice to meet you." The middle-aged man said. "I am William Guaner. I am from Star Research Institute."

He gave his business card to Yu Qi. Yu Qi politely accepted it. Seeing he was being received well by Yu Qi, he smiled again.

"I would like to invite Doctor Tang Yu Qi to join our institute. You might like it." William Guaner said.

"I appreciate your invitation. But at this moment, I don't have any intention to join any of the institutions. I hope Mr. Guaner understands." Yu Qi politely declined it.

"No... no.. no... Don't worry. I am not forcing you. If you are interested to come and seeing our labs, just give me a call." William Guaner said.

He would not force Yu Qi. His head just told him to give the invitation. If Yu Qi was interested in the future, she could come over. She would be welcomed well.

William Guaner did not wait anymore since his aim had already been achieved. He excused himself and left.

"I know about this institute. They are quite good." Yu Qi commented.

"I see." Long Hui paid attention to the middle-aged man.

"Yes. I read their paper sometimes." Yu Qi said.

Then, another person came. It was a woman. Actually, Yu Qi thought this woman was coming for Long Hui. But she never expected that this woman was coming for her.

"Hi, Doctor Tang Yu Qi. I am your fan." It was Sophie Smith.

"..."

Yu Qi and Long Hui were looking at each other, dumbfounded.

"I am sorry for disturbing you, Doctor Tang Yu Qi." Sophie Smith said.

"No... No... I am just surprised." Yu Qi shook her head.

"Well, first of all, I am sorry for my sister and brother earlier." Sophie Smith said.

"Your sister and brother?" Yu Qi tilted her head.

"Yeah. Audrey Smith and James Smith. Oh, I forget to introduce myself. I am Sophie. Sophie Smith." Sophie Smith was nervous facing her idol.

"Oh, it's okay. They already apologized." Yu Qi did not care much about that earlier incident.

"Can I ask you a favor?" Sophie Smith asked.

"Well..." Yu Qi hesitated to agree to it.

Chapter 1195: Was Her Fan

"I just want your signature and take a picture with you." Sophie Smith blew out her request. "Oh, sure." Yu Qi nodded.

"Thank you, Doctor Tang Yu Qi." Sophie Smith was happy.

She gave her phone to Long Hui and told Long Hui to take her picture with Yu Qi. Yu Qi nodded to Long Hui. After that, Long Hui took the phone and snapped a picture.

"One more time, please." Sophie Smith said.

Yu Qi nodded again to Long Hui. So, Long Hui took another picture. Sophie Smith took the phone from Long Hui and took a look at those pictures. She was very satisfied with the pictures.

"Where do you want me to sign?" Yu Qi's question made Sophie Smith quickly take out her notebook.

"Here. Sign in here." Sophie Smith said.

Yu Qi quickly signed it. Sophie Smith's eyes lifted up when she saw the signature.

"Thank you, Doctor Tang Yu Qi. I will be rooting for you." Sophie Smith bowed and left.

"It is quite refreshing." Yu Qi suddenly said when seeing Sophie Smith leaving.

"Why?" Long Hui asked.

"That girl, she did not even look at you." Yu Qi said.

"Then, Qi Qi, you should be happy." Long Hui grinned.

"I don't know whether to be happy or not." Yu Qi also grinned.

...

"We can't approach Tang Yu Qi at all." A man said.

"Of course, it will not be easy. She was guarded by that Long Hui." Another man said.

"No wonder the reward is so high." Another man said.

"So, what should we do, X?" The first man asked another man who sat not far from them. He had an 'X' Mark on his right eye.

"Since we can do it in public, we should attack secretly." X narrowed his eyes.

"You mean we should do a sneak attack?"

"But where and when?"

"They should be alone in their room. And that Long Hui must be relaxed. Not to mention they are a couple. They must do something at night." X grinned making his face look more terrifying.

"Oh, yeah. They will have sex. If we attack them at that moment, they will be unprepared." The man added and laughed.

"So, we need to attack this night since it is their last night here. It will be difficult to get her if they manage to return to Binhai Nation." X nodded. Then he added. "We can attack them at 1 p.m."

"Okay."

"Roger that."

"Alright."

"The money will be our."

Yu Qi and Long Hui did not know that they had been plotted. They were still at the banquet. Yu Qi attacked Long Hui by giving him a lovely look because she wanted to drink some alcohol.

There were people coming to greet her and gave her a toast. But they all had been drunk by Long Hui. He knew one glass of alcohol could turn Yu Qi.

"Please... Please..." Yu Qi begged Long Hui while blinking cutely at him.

Long Hui coughed several times when seeing the cute act by his beloved Qi Qi.

"Hmmm.... just one glass." Yu Qi was tingling her index finger.

Being attacked like this was a little bit harsh for Long Hui. Because of that, he allowed Yu Qi to drink one glass of alcohol.

"Thank you, my dear." Yu Qi gave a flying kiss to Long Hui.

Long Hui just had to smile. Yu Qi drank the alcohol. Because she knew that she could drink only one glass, she drank it little by little.

"Hmm... it is nice." Yu Qi grinned.

The glass was empty. Yu Qi already grinned stupidly at Long Hui.

"You are Long Hui." Yu Qi suddenly said.

"Hmm..." Long Hui acknowledged it.

"Why do you look handsome?" Yu Qi asked.

"Why? Don't you like it?" Long Hui asked playfully.

"I like it but other women will covet you too. I don't like." Yu Qi mentioned the reason.

"Don't worry. I am already yours. I would go to another woman." Long Hui said.

"Really? You are mine?" Yu Qi showed a surprised look.

"Of course. I am yours." Long Hui nodded firmly.

"Then, let's go home." Yu Qi said and stood up but she was drunk, she did not stable and almost fell down.

Long Hui quickly grabbed his beloved Qi Qi. "Be careful."

"Let's go home." Yu Qi said again.

"Why?" Long Hui asked.

"To confirm that you are mine." Yu Qi grinned slyly.

Hearing that, Long Hui narrowed his eyes. "Hmm... Let's go."

Long Hui helped Yu Qi walk. Long Hui found the staff and told him that they would be leaving first. The staff nodded and told them that he would inform the organizer about this.

Both of them left. Long Hui was driving while Yu Qi was observing him.

"Do you have something to say again?" Long Hui could not stand being observed by his beloved Qi Qi like that.

"You are stunning. Are you sure you are mine?" Yu Qi asked again.

"Hmm... I am sure. 100% sure." Long Hui still looked straight in front.

"If you have long hair and wear Hanfu, you will look much more handsome." Yu Qi commented.

"You mean the traditional clothes?" Long Hui inquired.

"Hmmm... Then, you are holding a fan... hmmm... no... no... not a fan. Better a sword. Hmm... the sword is much better." Yu Qi argued by herself.

Long Hui just listened to her words. He just knew that his beloved Qi Qi had a thing for Hanfu.

Chapter 1196: Have A Thing For Hanfu

When Long Hui arrived at the hotel room with Yu Qi, she was half sober.

"Let's enter your space." Long Hui said.

"Hmmm... Okay." Yu Qi nodded obediently.

So, they entered the space. Once they were inside, they were greeted by Bo Ya and the other two.

Bo Ya was carrying a pill. He gave the pill to Long Hui.

"What is this?" Long Hui asked.

"Sober Pill. Master makes it." Bo Ya told Long Hui.

Long Hui understood. He asked Yu Qi to eat the pill. Bo Ya also already prepared the glass of water. The effect of the pill could be seen in 10 minutes.

Yu Qi finally sobered up. She looked around.

"Hmm... Thank you for taking care of the drunk me." Yu Qi said to Long Hui. Then she turned to Bo Ya. "And you, Bo Ya. Thank you for bringing the pill."

"It is nothing, Master." Bo Ya smiled.

It was his master's order actually. She told him if she drank the alcohol, she would be drunk. So, if he saw her being drunk, quickly took out the sober pill and gave it to her.

"You really should not drink." Long Hui advised.

"But you said I can drink when I am with you, right?" Yu Qi grinned.

"Hmm... but I don't know that you have a thing for Hanfu." Long Hui chuckled.

"What? I say that?" Yu Qi was surprised.

"Hmm... You tell me that I am going to look more handsome with long hair and wear Hanfu." Long Hui's turn to grin.

"Owh..." Yu Qi's face began to blush.

"I will definitely fulfill your desire later." Long Hui smiled meaningfully at Yu Qi.

"No... No... You don't need to do that. I am just drunk earlier." Yu Qi shook her head.

"Of course, we can not let your desire down, right?" Long Hui teased Yu Qi.

Could not stand the embarrassment, Yu Qi ran off to her room. "I have something to do. I will be in my room." With that, she entered the room and closed the door.

Long Hui just smiled seeing the door. He went to his room to refresh.

Yu Qi felt her face was still hot even after she left her room. She did imagine Long Hui in Hanfu sometimes.

She patted her cheek. "Hmm... Stop thinking about that. Hmm... Yes... Let's take a shower."

Yu Qi hit a shower. Feeling refreshed, she decided to check her email.

Opening her email, she knew that she would be getting many emails from her employees about their reports that needed her attention.

It seemed Long Hui understood that she needed some time alone. He did not come into her room. So, she decided to check on the reports that her employees sent to her.

After one hour of working, there was a knocking on her room. Obviously, it was Long Hui.

"Have you calmed down?" Long Hui asked.

"Hmm... Come in." Yu Qi nodded.

"What are you doing?" Long Hui glanced at her laptop.

"Reading some reports." Yu Qi said.

"Already done?"

"I will continue it on another time."

"That's good, then."

With that, Long Hui sat beside Yu Qi. He made a sneak kiss attack on Yu Qi.

"You are naughty." Yu Qi grinned.

"I can be more naughty, you know." Long Hui kissed her again.

However, when everything was about to hit up, someone came and knocked on her door. It seemed urgent after hearing the knocking sound.

"It must be something urgent. I need to check that." Yu Qi pulled Long Hui.

Long Hui frowned but he also stood up and took a look.

When Yu Qi opened the door, her cuties, all stood outside.

"What is going on?" Yu Qi asked.

"Master, there are some people breaking into your room." Bo Ya informed.

"My room?" Yu Qi was not quite understood that statement.

"Yeah, the hotel room. 3 men break in." Bo Ya explained.

"What? Are you sure?" Yu Qi was surprised.

"Yes." Bo Ya nodded it firmly.

Yu Qi and Long Hui looked at each other. Long Hui nodded at Yu Qi and she nodded back.

.....

"Is this their room? Are you sure?" A man asked.

"Of course." His friend nodded firmly.

"Do you hear something inside?" The first man asked.

"I don't hear something from the room. They must be sleeping. Tired of doing sex, I guess." The second man said the sentence lewdly.

"Yeah. I guess she must be good in bed. If I can get to fuck someone like her, I will be happy." The third man said while licking his lips.

"Stop talking. Jay, open the door, will you?" X glared at the men.

Okay... Okay... Calm down. I will do it right now." Jay took his tool and tried to open the door.

He could open any door. With this skill, he joined the organization. Not more than 5 minutes, he successfully opened the door.

They opened the door carefully. Trying not to make any much noise because they might wake up the people inside.

They entered the room slowly. They looked at the bed. There were people on the bed.

"Go and give them sedatives to them, Nas" X said.

"Sure... Sure..." Nas nodded.

He approached the bed while taking out the two needles injections. He quickly injected the two needles into the people on the bed.

He was surprised actually when the people were easily being injected with his needle.

Chapter 1197: Intruders

It seemed they were sleeping deeply and had not realized that something broke into their room.

"What's next?" Jay asked.

"Take the girl and send them to our client. Then everything is done." Nas simply said so.

"How about the man? Should we kill him?" Jay said.

"No, don't overdo. Our mission is simply take the girl and send her to our client. That's all." X said.

"Okay... okay... Then, let's take the girl quickly." Jay said.

He approached the bed to take out the cover. However, when he was about to touch the cover, he heard something from behind.

"So, can you tell me where and who want you do bring me over?"

They heard a voice girl asking from behind. The three men immediately turned around but when they turned around, they could not feel their legs and fell on the ground.

Nas acted by throwing needles to the figure that he saw but his attempt did not succeed. Another figures took all of their weapons. The moves were so fast. They could not act and let the figures took their weapons.

"Who are you?" Jay asked.

"It is you guys who comes to my room but you asking me that. I should be the one who asking your that question. Who are you?" The girl's voice was extremely cold.

X frowned. Nas and Jay was surprised.

"You mean you are Tang Yu Qi?" Nas asked.

"Of course." Yu Qi smiled.

"Then, who is on the bed?" Jay asked.

Long Hui switched on the lamp. The room immediately turned bright. Yu Qi and Long Hui now saw the intruders' faces.

"It's empty." Yu Qi maintained her smiling face.

"You are know about we coming tonight. That is why you prepared a trap for us, right?" X asked to confirm.

Yu Qi looked at the intruders. Of course, she and Long Hui did not know. They just happened to be in her space. That's all.

However, from X's perspective, Yu Qi's silent meant he was right. She and Long Hui already knew that he and others were coming. That was why they prepared a trap for them to jump in.

"Who are you and why do you come here?" Long Hui asked.

"Hmm... You can't get anything from us." Jay smirked arrogantly.

"Oh, really?" Yu Qi was still smiling.

"You should know." X said.

"Owh, you want to kidnap me, right?" Yu Qi confirmed it. "But do you think I will be easy?"

"Even we don't succeeds, does mean you are safe now. You will be kidnapped sooner or later." Nas said.

"Really? But to bad for you, you already got caught. And your legs, you can't use them anymore. Pity you." Yu Qi showed pity on her eyes when looking at their legs.

"What? What do you do to my legs?" Jay said, trying to touch his legs but he was in a quite position, so, he could not touch his legs.

"You can think whatever you want, then." Yu Qi did not want to tell them and let they thought whatever they wanted to.

"What do you want to do with them?" Long Hui asked.

The three men did not understand what Long Hui asking because Long Hui asked in Binhai Language.

"Just handle them to the cops." Yu Qi said.

"Do you want to question them first?" Long Hui asked.

"I would like to but I don't think we can do it here, in this country." Yu Qi sighed.

If they were in Binhai Nation, they could simply used the connection that they had to question them. They were definitely from one of the organizations that wanted to kidnap her.

So, there was no way that they would simply answered her question obediently. Yu Qi figured that they needed to be taught some lessons first. So, they could not do it here.

"Hmm... I will try to think of something." Long Hui narrowed his eyes. "So, now, let's call the police first."

"Okay." Yu Qi nodded.

Yu Qi asked the hotel staff to call the police. The staff was shocked when he heard about this. He called the police and his manager. The manager heard this and rushed to the room.

He was deeply apologized to Yu Qi and Long Hui for this incident. Yu Qi told him that he did not need to blame himself for this. It happened because she was here. She was their target, after all.

The police came. This time, Long Hui was doing the talk. He wanted the police to hold the three men for a night. Then, Binhai Nation would take over on the men. Long Hui even revealed his identity for the police.

The police understood what Long Hui wanted and agreed with that. They also did not want to deal with this case. Since Long Hui wanted to deal it, they would be happy.

The police took the men away. The manager offered Long Hui and Yu Qi a new suite. They took upon the offer. Now, they were in their new room. After that, they entered Yu Qi's space.

"They think I will be easy to kidnap." Yu Qi sighed.

"I suggest they are from the mercenary organization." Long Hui said.

"You mean?" Yu Qi tilted her head.

"The organization where they took job from the black market. They were tough people. Sometimes, they even kill to complete their mission." Long Hui explained.

Chapter 1198: The Power Of Having A Lot Of Money Is Really Great

"So, you mean, someone posted the mission to the black market and they took it?" Yu Qi asked.

"Yeah. I guess they are not alone. There are other people. I saw them at the ceremony earlier." Long Hui gritted his teeth.

"We are lucky since we stay in my space for the night. Otherwise, I might get caught by them." Yu Qi sighed.

"Don't worry. I will protect you." Long Hui hugged his beloved Qi Qi.

"Master, master, are you okay?" Shino asked.

"Yeah, Master, are you okay?" Aoi asked too.

"I am okay. Don't worry." Yu Qi smiled.

...

The news about the three men being caught in Yu Qi and Long Hui's room was not being spread among common people but others that knew it. The organizations that wanted Yu Qi heard the news.

They knew that the three men were from Tiger Mercenary Organization.

"What? They got caught?" A man from Tiger Mercenary Organization asked.

It was their leader, Allen Cain. He would not believe this. X was one of the best members of their organization. How could someone like him fail the mission?

They could not do anything right now. The three of them must have someone to observe them. If he sent someone to meet them, that person would be also caught. He did not want to take a risk. He would let the time decide it.

Long Hui and Yu Qi would return to their country. It would be time when he had his move. However, he did not expect that Long Hui and Yu Qi would also take the three men back to their country too.

From the spies, they heard that three of them had been paralyzed, so, the three men could not do anything. When they heard that, they decided to observe first before doing anything else.

Arrived at Binhai Nation, the three men had been transported to the military ground. As for Yu Qi and Long Hui, they returned home first. They decided not to tell Tsng Family about the kidnap attempt because Yu Qi did not want them to worry about her.

On the next day, both of them returned to their work.

"Doctor Yu Qi, we heard that you went to Stungolo Country with your fiancée. You get a free vacation with your fiancée."

"Yeah. I am jealous."

"How's Stungolo Country?"

Yu Qi had been bombarded by the questions from the nurses and the doctors who were closed to her. Not to mention, her brother, Tang Jin Wei also joined them.

"Little Sis, tell me. Is it fun?" Tang Jin Wei asked.

"Why?" Yu Qi asked back.

"I want to have a vacation trip with Ke Ke. So, I decide on the place first." Tang Jin Wei told his plan.

"The country is not bad. I think Sister Ke Ke might like the place." Yu Qi felt her opinion on that country.

Even though she did not see all of that but she could tell that it was a great destination to have a vacation.

After talking a little with them, Yu Qi went to see Pei Ruiying to report. He was her superior, after all.

"You are back." Pei Ruiying said.

"Hmm..." Yu Qi nodded.

"Your news made a front page." Pei Ruiying commented. "Your decision on rejecting all of the investment gives a huge impact."

"I don't need their money. If I give them a head, they might have an idea for my research. Why should I invite such problems when I can handle them myself?" Yu Qi said.

"I see. The power of having a lot of money is really great." Pei Ruiying smiled.

"I will not handle the award ceremony again. Next time, I will just send my representative." Yu Qi made the announcement to Pei Ruiying.

"Okay." Pei Ruiying nodded.

"And you, I heard you arrange a surgery on that day because you don't want to go, is that right?" Yu Qi asked.

"Yes." Pei Ruiying admitted it naturally.

"Wow, you admit it easily." Yu Qi rolled her eyes.

"I also hate going to that kind of ceremony." Pei Ruiying smiled.

Yu Qi rolled her eyes again.

Then, the pager was ringing. Both of their pagers. This meant they had upcoming emergency patients. Seeing that, they rushed out to the emergency lobby.

Yu Qi took a long breath. Their emergency department received a lot of cases today. A bus containing 25 people had clashed with a lorry that carried logs. Not to mention, this accident made other 2 cars which had 4 people inside both cars.

Making a total number of 35 people were injured in the accident. The badly injured people were the bus driver, 2 people who sat in the front seat, the lorry driver and his companion, and the drivers and the person who sat in the passenger's seat in both cars.

It was total chaos. They needed to invite other doctors and nurses from other departments to help the emergency department since the patients were outnumbered.

The clock showed 9 p.m. Yu Qi then heard her stomach making some sounds. She had been working straight from the morning until now. She just drank some water and returned to work. So, she did not eat lunch at all. No wonder, her stomach made some sounds.

"Doctor Yu Qi, the hospital buy some dinner for us tonight. Let's go and eat." One of the nurses said to Yu Qi.

"Hmm... Sure." Yu Qi nodded.

Chapter 1199: Interrogation

Long Hui called Yu Qi after she finished her work in the evening. He told Yu Qi to come to the military ground at FINN City. It took an hour's drive from Tang Private Hospital to the military ground.

Since Long Hui called her to go there, meaning something occurred that needed her presence. Yu Qi drove over there. The soldiers guarded the entrance saw Yu Qi and immediately allowed her to enter. They told her that she had been granted permission to enter the military ground here.

Yu Qi did not think much about that. It was probably because of Long Hui's order. She followed a soldier who would bring her to Long Hui.

10 minutes walking, she finally arrived at the destination. The soldier told her that Long Hui was inside the room. She knocked on the door and heard someone say 'enter'. Then she opened the door and entered the room. She could see Long Hui with several soldiers inside the room.

"Qi Qi." Long Hui called Yu Qi.

The other soldiers had widened their eyes when hearing Long Hui's gentle voice. They did not expect that Long Hui would be extremely gentle with his fiancée. The rumor was not wrong. Long Hui was really in love with his fiancée.

Yu Qi bowed while greeting other soldiers. The soldiers just nodded.

"Why do you ask me to come here?" Yu Qi asked.

"Remember the three men that we capture at Stungolo?" Long Hui asked back.

"Yes. I remember. Why?" Yu Qi nodded.

"They want to see you." Long Hui's face turned bad.

"For what?" Yu Qi inquired.

"They don't tell us. But if they see you, they will tell their identity." Long Hui said.

"You guys can't extract the information from them?" Yu Qi looked at the other soldiers with a questionable expression.

The soldiers felt embarrassed when seeing Long Hui's fiancée questioning them like that. Actually, they were worried that they might offend those organizations.

"Yeah. What if after they see me, they would not reveal anything?" Yu Qi asked.

"Emm..."

"You can interrogate them." Long Hui answered it.

"Is it okay?" Yu Qi asked again.

"Yes." Long Hui answered faster than other soldiers.

The other soldiers frowned. But they did not say anything else. They did not believe that the three men would reveal anything even though Yu Qi tried to interrogate them.

"I see. Let me see them, then." Yu Qi smiled like a small fox.

Long Hui brought Yu Qi to the room where they kept the three men. Long Hui told Yu Qi that this was their leader's room, X. Long Hui believed that he was the leader among the three men.

Yu Qi opened the door. The tied-up man, X looked up. His eyes narrowed as he saw Yu Qi.

"Nice to meet you again, Miss Tang Yu Qi," X spoke in English.

"I heard that you want to see me and why is that?" Yu Qi was straightforward to the point.

"I heard that Miss Tang Yu Qi is a direct person. Now, I see it." X smiled.

"Who are you and what do you want from me?" Yu Qi asked again.

"I just want to see your face directly. That day, I don't see your face properly. Now, I see it. But I never say I will tell you everything." X smiled again.

"I see. You want to play." A cold flashed in Yu Qi's eyes. "I will make you throw up everything then."

"You can try." X snorted.

"By the way, how are your legs?" Yu Qi leaned over to the chair making herself comfortable.

Hearing about his legs, X glared at Yu Qi. "What did you do to my legs?"

"You should know why your organization wants me to be their member." Yu Qi smirked. "Not only I am proficient in the medical but I am also proficient in creating the poison."

X became paled.

"I had shot you with my poison. The killer nerve. Your legs already can't be used." Yu Qi smiled.

"What?" X shouted. "Cure my legs."

"I am sorry. I don't make any antidote for this poison." Yu Qi's eyes narrowed and she continued to talk. "It is because I tend to use this poison on people like you."

X became to feel angry. He gritted his teeth. "You!"

"Since you don't want to talk about yourself. I will directly interrogate you, then." Yu Qi stood up.

X frowned. "What are you trying to do?"

Yu Qi took out a long acupuncture needle. While holding the needle, she smiled like a villain.

While Yu Qi and Long Hui were inside the room, others observed them from the one-way mirror inside the room. They watched and listened to Yu Qi and X's conversation.

They shivered when hearing that Yu Qi was inventing such a poison. Luckily that Yu Qi already became Long Hui's fiancée, otherwise, she might be swayed into those evil organizations and created dangerous poison for them. The poison might be used to kill others.

"What does she want to do with that needles?"

"I don't know."

"Let's wait and see."

in the room, Yu Qi approached X. X could not move because he was tied up.

"Don't come over here," X shouted.

"If you don't want to talk, I will make you talk." Yu Qi smiled.

X saw not a beautiful woman approaching him but a devil with a goddess' face.

Chapter 1200: The Way She Interrogates People Is So Scary

Yu Qi struck the needle on X's body. Of course, at the point where X felt very painful. Once the needle entered his body, X shouted.

"Argh!!!! That's hurt. Stop." X shouted in pain.

"Tell me, who are you?" Yu Qi asked while she let another needle out.

X gritted his teeth while glaring at Yu Qi.

"It seems you still don't want to talk. Don't blame me for this." Yu Qi put the needle on another point.

"Arghhhh!!!" X shouted again.

He was already sweating. The pain that he felt was very real. He never felt this kind of hurt before even though he was training in his organization. The pain that he could feel until his bone.

Then he saw Yu Qi bringing out other needles. This time, she let three needles out. Seeing that, X could feel the pain would be triple, he did not want to feel that anymore.

"Stop!!! STOP! I will talk. I will talk." X shouted as he saw Yu Qi was about to strike the needle again.

"Tsk, give up already? I still have a lot of needles though." Yu Qi clicked on her tongue.

X was scared to hear the sentence.

"Then, you should talk now." Yu Qi said.

"Can you please take out the needles first? It is very painful." X begged her.

Yu Qi immediately took out the needles. "Talk quickly."

"We are from Tiger Mercenary Organization. We accept the mission for money." X began his story. "We accept the mission where we can kidnap you and bring you to someone."

"Bring me to someone? Who?" Yu Qi demanded.

"We don't know and don't care. As long as another party pays us, we don't inquire about their identity." X said. "Of course, we investigate your identity. We know that you are a doctor and have a fiancée, Long Hui. We also investigate your fiancée."

Long Hui who stood behind Yu Qi narrowed his eyes as he heard that X investigate his identity.

"But we did not think that he and you are so good. Moreover, we only think that we just have to fight with Long Hui. With our strength, we think we can think Long Hui alone." X continued.

"So, you don't know your customer." Yu Qi clicked her tongue again.

"I think they just release the mission without telling about themselves." Long Hui commented.

"I think we are done here." Yu Qi said.

"Hmm... Let's go now." Long Hui nodded and brought Yu Qi out.

They saw other soldiers waiting for them.

"Take care of them." Long Hui gave his order.

"Yes, Sir." They saluted Long Hui and watched Long Hui leave with his fiancée.

"They are indeed matched each other."

"The way she interrogated the man really makes me shiver to the bone."

"I also can imagine how much pain that the man feels."

"No wonder they are together."

"Yeah... Yeah."

"But the way she interrogates people is so scary."

"I don't know with a needle can cause so much pain like that."

"That is pretty amazing."

"I wonder if I can learn that too."

They discussed how matched Long Hui and Yu Qi was. Then, they turned their discussion to Yu Qi's method. They even got interested to learn about that. They wondered if Yu Qi could teach them about that.

"Do you have work to do?" Yu Qi said when she saw Long Hui wanted to leave with her.

"No. I don't." Long Hui shook his head.

"Then, let's go home. I will cook tonight." Yu Qi said.

"Is that okay? Are you tired?" Long Hui asked.

"No. I don't." Yu Qi said. "I just use my skill for a bit."

They walked to Yu Qi's car.

"Anyway, about the incident, I think I will talk to my family about that. I am afraid they would not stop here. They might use my family to threaten me. That is what I don't want to see." Yu Qi thought before telling Long Hui what she wanted to do.

"I think so too. It is good if they are alert to their surrounding." Long Hui also agreed with what Yu Qi thought.

"As for Tiger Mercenary Organization, we can investigate them first. It seems they value the money too much. They did not care if the mission are bad or not. The most important that they get their money." Yu Qi said.

"Yeah. I am afraid we can not attack them directly. We need to use a trick." Long Hui said.

He also thought of using Liang Mo Han to investigate the matter. He was the suitable person, after all.

Liang Mo Han who used finished his shower sneezed. He wiped his nose. "Am I have a cold or something else?" He did not know that he would have a big job later.

"Before we get home, let's go to the supermarket first. I think our supplies in my space are already finished. We need to stock up." Yu Qi just remembered it.

Long Hui changed the direction of the supermarket. Entering the supermarket, they went to the meat section. Yu Qi took a lot of meat into their trolley. They also went to the seafood section. Squid, shrimp, crab, and any seafood that they could eat, Yu Qi put into the trolley.

"Oh, it's Doctor Yu Qi." Shin Te greeted Yu Qi.

"Nurse Shin." Yu Qi smiled.

"Buying groceries with your fiancée, how wonderful." Shin Te said. "Let's move. Bye Doctor Yu Qi. See you tomorrow."

Yu Qi nodded.
