

Chapter 1201: Leave For Fanghai Nation

Yu Qi did not care about the men who wanted to abduct her anymore. She already got what she wanted to know. Interrogation with them would lead to a dead end. She told Long Hui that she would leave those men to their judgment.

As for Tiger Mercenary Organization, she tried to find information by hacking into some database. There was nothing much information about the organization. It was like X said, they would do the mission that gave them a lot of money.

It seemed their organization was well protected. If she wanted more information about the organization, she needed to catch the top leader in the Tiger Mercenary Organization.

Since it was hard to do, she would leave it for now. But if someone from their organization dared to have the design on her again, she did not need to torture people for the information.

After hearing about the catch, those organizations calmed down a little bit about trying to take Yu Qi away. Not because they feared Binhai Nation's military but because Yu Qi had been protected by Black Rose. Black Rose was one of the top organizations in the world Black market.

Other organizations feared Black Rose. When Black Rose announced the news, everyone was shocked. They did not know that an insignificant girl that had just arisen in the medical world had some kind of connection with Black Rose.

However, no one dared to inquire about the news. So, they just let it go.

Of course, Yu Qi did not know about this. She thought it was calmed down for now. The martial arts competition that Dian Qi Qi had been waiting for was finally around the corner.

Yu Qi made the preparation before going to Fanghai Nation. She applied for leave for 5 days. She stopped doing her research making Pei Ruiying surprised by her decision.

"Why do you need to stop?" Pei Ruiying asked.

"I have something important to do." Yu Qi did not explain much about that.

"More than your research?" Pei Ruiying asked.

"Yeah. It is a family matter." Yu Qi said.

Pei Ruiying stopped asking about that when he heard it was a family matter. Even though he did not have a family but he understood the importance of it. However, other Tang Family members did not do the same as Yu Qi did. They did not apply for any leave. It made Pei Ruiying wonder but he did not question Yu Qi.

Yu Qi told Tang Family that she had a family gathering at Fanghai Nation. At first, Tang Family thought it was a Mu Family gathering but Yu Qi denied it. She told them it was a Dian Family gathering. Tang's Family understood that it was family from her grandmother's side.

Long Hui was also doing the same thing as Yu Qi, applying for 5 days off. Of course, the military asked him. He told the same as Yu Qi told others. When the things involved Yu Qi, they quickly agreed. Yu Qi's status in Binhai Nation became more and more important.

After getting everything ready, they went to Fanghai Nation. Yu Qi already told Dian Qi Qi in advance. So, Dian Family also knew that Yu Qi and Long Hui were coming.

Dian Qi Qi was waiting for Yu Qi at the airport. She was so happy when she saw Yu Qi. She quickly rushed to hug Yu Qi.

"Sister Yu Qi, you are here." Dian Qi Qi said happily.

"Hmm..." Yu Qi replied.

Dian Qi Qi ignored Long Hui though. Seeing his sister deliberately ignoring Long Hui, Dian Shu Xian greeted Long Hui. Long Hui nodded to him. Then, they went to Dian Residence on the mountain.

Because of the martial arts competition, all of Dian's Family members were there. They greeted Yu Qi and Long Hui. Of course, it was their first meeting with all of the family members.

Dian's Family had a long history. So, they had a lot of branch family members. The ones that Yu Qi knew were the direct descendent of Great-Grandpa Dian. Other than that were the branch family.

They went to greet Great-Grandpa Dian first. Of course, Great Grandpa Dian was happy to see Yu Qi and Long Hui. Great-Grandpa Dian wanted to spar with Long Hui but his son, Dian Kun Ze, (Grandpa Dian) told him no because Yu Qi and Long Hui just arrived and must be tired from the flight.

Great-Grandpa Dian realized and apologized to them. Yu Qi and Long Hui just smiled. Grandpa Dian told them to get some rest first. They would hold a banquet tonight to introduce Yu Qi and Long Hui to everyone.

Yu Qi wanted to refuse but Great-Grandpa Dian was excited to introduce them to others. So, Yu Qi could accept that.

Grandpa Dian told Dian Qi Qi to take Yu Qi and Long Hui to their room. Usually, Dian Qi Qi would refuse to do such errands like this but now she offered herself to do it.

So, Dian Qi Qi brought them to the room. When they were there, they saw some people were there too.

"What happens here?" Dian Qi Qi asked.

A servant saw Dian Qi Qi like she was her lifesaver and rushed to her.

"Young Miss, Miss Chi Ne demands to give this room to her." The servant said.

"Huh? Who does she think she is?" Dian Qi Qi snorted.

Dian Qi Qi approached Dian Chi Ne.

"This room is already occupied. And you already have your own room." Dian Qi Qi reminded Dian Chi Ne.

Chapter 1202: Acting Like A Princess

Dian Chi Ne did not expect to see Dian Qi Qi here. She greeted Dian Qi Qi.

"Greeting Young Miss." Dian Chi Ne said.

Even though she greeted Dian Qi Qi by calling her Young Miss, Dian Chi Ne did not feel great. The title of Dian Family Young Miss should be hers.

"Just go away." Dian Qi Qi asked Dian Chi Ne to get lost.

"Young Miss, this room is obviously empty. Since that is the case, why don't you let me stay here?" Dian Chi Ne tried her luck again.

"I already told you the room is already occupied. Are you an idiot?" Dian Qi Qi glared at Dian Chi Ne. She even applied some pressure on Dian Chi Ne.

Dian Chi Ne felt the pressure and gritted her teeth. It seemed Dian Qi Qi had increased her power.

"I understand, Young Miss." Dian Chi Ne nodded.

She wanted to leave when she saw a couple standing behind Dian Qi Qi. The moment she saw Long Hui, she felt her heart had been squeezed. She looked down. She could feel her face burning.

She was embarrassed when she remembered that she had been reminded by Dian Qi Qi in front of the man. She did not want to be here anymore. So, she rushed over to leave the place.

"Hmm... another woman who falls in love with you, Brother Hui." Yu Qi teased Long Hui.

Long Hui did not say anything, just lifted up his eyebrow while looking at Yu Qi. Yu Qi chuckled.

"What? Just one look?" Dian Qi Qi felt ridiculous. She looked at Yu Qi. "Don't worry about that girl, Sister Yu Qi. She would not dare to have a design for your fiancée."

Yu Qi laughed. Dian Qi Qi was a strange girl. She disliked Long Hui's look, unlike other women.

"Sister Qi Qi, you should rest first. I will ask someone to call you when the dinner is ready." Dian Qi Qi said.

"Okay." Yu Qi nodded.

Dian Qi Qi left. Yu Qi and Long Hui entered the room.

....

"You don't get it, did you?" Dian Wan Ye, older sister of Dian Chi Ne asked.

Dian Wan Ye did not answer.

"I already told you, that you should not be so willful here. This is not our own home." Dian Wan Ye reminded Dian Chi Ne.

"I know. But I thought the room is empty. So, I want to use it." Dian Chi Ne looked like she was wronged.

"As I told you a million times, this is not your house. Stop behaving like that." Dian Wan Ye disliked Dian Chi Ne's princess behavior.

"But some guests are here. Dian Qi Qi treated the guest very respectfully." Dian Chi Ne remembered the couple earlier.

Remembering the man that she just met earlier made her blush. She wondered who the man was.

"Why do you suddenly blush?" Dian Wan Ye was confused about Dian Chi Ne's changes.

"Nothing." Dian Chi Ne shook her head.

"Then, do you know the guests are?" Dian Wan Ye asked.

"No, Dian Qi Qi also did not introduce them to me." Dian Chi Ne looked flustered. She wanted to know the man's identity.

"Granduncle tells that we will have dinner together tonight. If that so, they may be attending the dinner too." Dian Wan Ye thought.

Hearing that, Dian Chi Ne's eyes lifted up. Her chance to know the man. She already did not remember the woman beside the man.

"Just daydream too much. You should cultivate or go practice martial arts. The competition will be started on the next day after tomorrow." Dian Wan Ye hit Dian Chi Ne's forehead.

"Ouch, that's hurt. Don't hit my head." Dian Chi Ne protected her head.

...

Someone knocked on the door. Yu Qi stood up and opened the door. There was someone outside.

"Miss Yu Qi, the dinner is ready. I will lead the way." The maid came and informed Yu Qi.

"Okay. Wait a minute. I will tell my fiancée." Yu Qi said.

The maid nodded and waited outside.

"Brother Hui, let's go." Yu Qi said to Long Hui.

"Hmm... Let's go." Long Hui nodded.

So, both of them followed the maid. Yu Qi thought the maid would bring them to the normal dining room that she used to eat in while staying here but the maid brought them to another large dining room.

When they stepped inside, all the eyes were on them. Yu Qi looked right and left. She felt that she was a monkey in a cage.

"Sister Yu Qi, come. I will take you to your seat." Dian Qi Qi, obviously was in her simple gothic lolita rushed to Yu Qi and called her.

Long Hui followed the two girls from behind. The seats arranged for Yu Qi and Long Hui were close to Great-Grandpa Dian. Great-Grandpa Dian was very happy to see both of them.

"Sit here. Sit here." Great-Grandpa Dian said.

"Okay." Yu Qi nodded.

Yu Qi observed their surroundings. On their table were people that she knew earlier like Dian Qi Qi's brothers, Grandpa Dian and his wife, Uncle Dian Jung Gi and his wife, and Uncle Dian Ling Shi and his wife. At the other table, she did not know anyone.

"Who are they?"

"I know you."

"Why they can sit at the main table?"

"Yeah. Only the main family members can sit there."

"Do you know them?"

"No. I don't know."

"But seriously both of them look gorgeous."

"I agree."

Chapter 1203: Meeting With Dian's Branch Family

"Here, I introduce you, my direct descendent, my other grand-granddaughter, Tang Yu Qi, and her fiancé, Long Hui." Great-Grandpa Dian made the announcement.

Hearing this made everyone surprised and whispered among them. They looked at Yu Qi and Long Hui. 'Direct descendent, meaning, she is related directly to Great-Grandpa Dian. How is this happening?' A lot of questions appeared in others' minds. They really wanted to know.

"I used to have a daughter." Great-Grandpa Dian said.

Once again, that fact made people shocked. Only the person in the same generation as Grandpa Dian knew that. Below that, they did not know a bit about that.

"My daughter formed a family with a man and had a son. Then he had Tang Yu Qi." Great-Grandpa Dian tried to make things simple. "I already acknowledged her. So, she is a Dian Family member."

"Then, Great-Granduncle, she should change her surname to Dian. It should be better." Dian Chi Ne expressed her opinion.

Dian Chi Ne's parents and Dian Wan Ye were shocked when heard that Dian Chi Ne dared to voice her opinion right now. Dian Chi Ne's mother slapped Dian Chi Ne's hand under the table.

"Ouch. Mum, why do you hit me? That's hurt." Dian Chi Ne looked wrongly to her mother.

"So, in your opinion to become a family, one must need to change her surname, that is what you mean?" Yu Qi asked Dian Chi Ne.

"Well..." Dian Chi Ne wanted to continue.

But her mother stopped her. "Miss Tang, please ignore this ignorant girl."

"Mum..." Dian Chi Ne looked at her mother.

Dian Wan Ye was angry at her sister. She pinched her sister's hand. She also made a signal for her sister to shut up. Seeing both her mother and sister were angry, Dian Chi Ne kept her mouth shut up.

"Regarding the martial arts competition, the young generation can enter the competition as you like. But remember, you might injure badly in this competition, and the worst, you might cripple." This time, Grandpa Dian took over to talk to the family members. "I hope you can get a good ranking. We already prepare a prize for those who are in the top 10 rankings."

The young generation cheered when seeing that. They became excited to face the competition. Dian's Family was very generous with the prizes. It must be a good prize.

"We will go to the competition venue tomorrow morning. For those who participate in the competition, you need to be early to register too." Grandpa Dian reminded them.

"Yes, Sir." The young generation answered.

"Let's eat first." Great-grandpa Dian said.

With that, they began to eat. The excitement was still there, had not stopped yet. They talked among themselves.

"Everyone seems to be excited." Yu Qi commented.

"Of course, even our family prize is still a secret, the martial arts competition also had its own prize." Dian Qi Qi said.

"Oh, really? What is the prize?" Yu Qi asked again.

"100 5kg gold bar. With that kind of money, if you exchange it for cash, you can buy a mansion. Who doesn't want that?" Dian Qi Qi smiled.

Yu Qi widened her eyes. "That much?"

Long Hui saw Yu Qi's reaction. He knew that his beloved Qi Qi loves money so much. She would try to win the competition. That's for sure.

"That is just for first place but still, with that kind of money, they can be instantly rich." Dian Qi Qi commented. She actually did not care much about that. "You interested in the money, Sister Yu Qi?"

"Of course, I can use that money to invest somewhere." Yu Qi nodded.

If she managed to win the first place, she would get the money. She would tell Su Yu Hi to look at the potential companies for her to invest in.

"I can't wait for tomorrow. I want to fight." Dian Qi Qi grinned.

After dinner, everyone went to separate way. Some of them still sat and talked to each other. One of them already left the dinning room. Yu Qi and Long Hui also struck at the dining room.

Dian Shu Xian wanted to have a chat with Yu Qi. He was a doctor too. He had been reading about Yu Qi's research and knew about the award that Yu Qi received on other day.

"Congratulations on getting the award." Dian Shu Xian said.

"Oh, you heard about that too. Thank you." Yu Qi nodded.

"If you are a doctor and have not heard about Tang Yu Qi, you are left behind." Dian Shu Xian chuckled.

They started to talk about the research. Yu Qi was surprised that Dian Shu Xian had a deep knowledge of the research that she had done. They also exchanged opinion.

"If you are interested, why don't you join my research?" Yu Qi invited Dian Shu Xian.

Dian Shu Xian was taken back by the invitation. "No... no... I don't think I am qualified for it."

"When I talk to you just now, I know that you are really talented. If you want to join my research team, you are welcome." Yu Qi genuinely invited Dian Shu Xian.

Dian Shu Xian did not give his answer yet. He wanted to think about it first. "I will consider it. Thank you."

"Brother, can you not talk about this? It is boring." Dian Qi Qi who stayed with them whined.

"I am not telling you to stay and hear, right?" Dian Shu Xian said.

"Humph..." Dian Qi Qi rolled her eyes.

Chapter 1204: Teleportation Device

Early in the morning, Yu Qi and Long Hui had been gathered with others around the mountain. Yu Qi was feeling a little bit confused when Dian Qi Qi told her that they needed to gather here after breakfast.

A lot of Dian's family members were here too. They seemed to wait for something. Dian Qi Qi came to Yu Qi's side with all of her brothers. Yu Qi and Long Hui greeted them.

"Sister Yu Qi, I am excited to be with you in this competition. I want to spar with you too." Dian Qi Qi hugged Yu Qi.

Seeing this, Long Hui slowly pulled from Dian Qi Qi. Dian Qi Qi frowned when she saw this.

"Stingy." Dian Qi Qi commented.

Long Hui just ignored her and still held Yu Qi's hand. Yu Qi looked at both of them. Dian Qi Qi was one thing but to think that Long Hui would act like this was very strange.

"What are we doing here?" Yu Qi had time to ask Dian Brothers.

"We will go to the martial arts competition from here." Dian Shu Xian said.

"From here?" Yu Qi tilted her head.

"Oh, I forget that this is your first time." Dian Shu Xian realized that fact.

"We are going to use the teleportation device." Dian Ren Qi said.

"Teleportation device?" Yu Qi was shocked.

The thing used in the fantasy drama and movies had actually existed? Yu Qi really wanted to see that thing right now.

"Where is the teleportation device?" Yu Qi looked around curiously.

"It was a device. Grandpa will handle that device." Dian Zin Fang explained.

"I see." Yu Qi said.

Not far from them, Dian Chi Ne looked at them. To be exact, she was looking at Long Hui. She also heard their conversation.

Pulling her sister's hand, Dian Chi Ne said to her sister, Dian Wan Ye. "Why does she not know about the teleportation device? It's embarrassing."

Dian Wan Ye frowned when she heard that. "Don't say something like that. What if anyone hears that? You will be punished."

"She is such a bumpkin." Dian Chi Ne said, ignoring Dian Wan Ye's warning.

She did not know that those people were listening to their conversation as well. Yu Qi and others were looking at her like she was an idiot.

Dian Qi Qi was angry at Dian Chi Ne for saying such a thing to her Sister Yu Qi. She approached Dian Chi Ne right away.

"Hey, you. How dare you say such a thing to my Sister Yu Qi?" Dian Qi Qi looked at Dian Chi Ne.

The two sisters were shocked when seeing Dian Qi Qi suddenly talking to them. Dian Wan Ye was panicked. They must be heard what her sister had been talking about earlier.

"Young Miss, we are sorry. We just..." Dian Wan Ye wanted to explain.

"Just what? You dare to insult the main family member." Dian Qi Qi glared at Dian Chi Ne.

"I... I..." Dian Chi Ne just realized that.

Insulting the main family member was offensive to the main family. They could be punished.

"Let's this go first. We can not punish her right now. Let's wait after the competition is over. Then we will discuss that." Dian Zin Fang said.

"Thank you, First Young Master." Dian Wan Ye thanked Dian Zin Fang and bowed to him.

She also pulled Dian Chi Ne to bow to them. After that, they left the place.

"Do you want to die?" Dian Wan Ye hit Dian Chi Ne's back.

"Ouch, that's hurt." Dian Chi Ne claimed.

"So, you know it is hurt. Then why do you say something like that there? You must know that they also could hear you." Dian Wan Ye was once again furious with her stupid sister.

"I forget about that." Dian Chi Ne looked away.

Dian Wan Ye sighed. "After this competition, you better apologize to Miss Yu Qi directly. Make an effort. Otherwise, you will be punished."

"But..." Dian Chi Ne whined. She did not want to apologize. It was embarrassing for her to apologize to Yu Qi. That woman must be with Long Hui when she wanted to apologize. Then Long Hui would be seeing the situation where she apologized to his girlfriend.

"Don't but me. If you don't want to be heavily punished, just do it. Understand?" Dian Wan Ye said harshly to her sister.

She needed to be harsh on her sister. Her sister was a typical woman who wanted people to bend to her wishes due to the excessive attention given by her parent. Her parent doted her sister so much that her sister felt she was right even though she was wrong.

"Okay. I will do it." Dian Chi Ne just nodded for now.

At Dian Qi Qi's side

"That girl really getting on my nerve." Dian Qi Qi said. "Like yesterday."

"Yeah, she is right. I really don't know about the teleportation port." Yu Qi acknowledged.

She did not know such a thing existed.

"Of course, you would not know about that. You just recently know about us." Dian Qi Qi protected Yu Qi.

"Okay... Okay... Don't be so mad about that. Just forget about that." Yu Qi patted Dian Qi Qi's head and tried to calm her down.

"I know. If I get to fight with her, I will teach her a lesson." Dian Qi Qi said excitedly.

"Sure... Sure..." Yu Qi nodded.

Chapter 1205: Register For The Martial Arts Competition

The men looked at the two girls and thought something about this situation. It was like a mother who tried to calm down her angry daughter.

Then, Grandpa Dian appeared with Great-Grandpa Dian and other elders. All of the young generations looked at them.

"Okay, everyone. Gather around. We will be going to teleport you to the venue where the competition will be held." Grandpa Dian said.

He took out the teleportation port. It was a small carved blue jade. Yu Qi looked at it. Then, Bo Ya suddenly spoke to her.

'Master, we also have that one too.' Bo Ya said.

'What? Really?' Yu Qi was surprised to hear that.

'Yes. I am positive.' Bo Ya was confident about that. 'And I can say, that thing is from our space.'

'What? Are you sure?' This time, Yu Qi was shocked. Even her expression showed she was shocked.

"What happens?" Long Hui noticed it.

Yu Qi shook her head. "Nothing... Nothing..."

"Are you sure?" Long Hui asked.

"Yes." Yu Qi nodded.

'I am speaking the truth. That jade comes from our space. I can feel our space's aura.' Bo Ya said.

'I see. Do we need to collect that?' Yu Qi asked.

Yu Qi did not want that. It seemed the item was important to the Dian family. She did not want to just Dian's Family to give it back to her just because the item was from her space.

'No need for that.' Bo Ya said.

Hearing that, Yu Qi felt relieved.

'When you come in, I will show the item to you, Master.' Bo Ya said.

'Okay.' Yu Qi nodded.

Long Hui could feel that Yu Qi was finally calmed down. He noticed that Yu Qi seemed to talk to her pets inside her space.

"Please gather in the circle in front of me. If you think you can fit into the circle. Just wait for the next one." Grandpa Dian said.

Great-Grandpa Dian entered the circle. Then, Dian's Main family members stepped into the circle as well as Yu Qi and Long Hui. After that, others stepped into the circle too until it was full.

Grandpa Dian put the blue jade on the circle as well. Yu Qi observed it. She was interested in how the blue jade worked.

"Father, you can do it now." Grandpa Dian said.

Great-Grandpa Dian touched the blue jade and inserted some of his auras. He then stood up and stepped away, a distance from the blue jade. After that, a faint light appeared from the blue jade. The light became bright making Yu Qi automatically close her eyes.

When she opened back her eyes, the scene had already changed. The surroundings were ancient buildings.

"We have arrived." Dian Qi Qi said.

"Where is this?" Yu Qi asked.

"This is Shenzhou where the martial arts competition will be held." Dian Qi Qi explained.

"Everyone, you should go and register first." Great-Grandpa Dian reminded them.

"Yes." Everyone answered and left the place.

"Zin Fang, bring Yu Qi and Long Hui to register. It is their first time here. They need the guide around." Great-Grandpa Dian told Dian Zin Fang.

"Alright, Great-Grandpa." Dian Zin Fang bowed.

Great-Grandpa Dian left.

"Let's go and register first." Dian Zin Fang told everyone.

So, Dian Zin Fang led them to the registration. They registered their name under Dian Family.

"If someone is not under any family name, can they participate?" Yu Qi asked since she saw a lot of participants registered under the family names.

"They can." Dian Zin Fang said. Then he continued. "But not many of them."

"The competition will be started in one hour. We still have time to walk around." Dian Qi Qi hugged Yu Qi's arm and looked warily at Long Hui.

"Remember to be at the venue 15 minutes before the start." Dian Zin Fang reminded them.

"Okay." It was Dian Ren Qi who replied to him. He grinned at Dian Zin Fang. "I have something to do."

"He must be going to see his lover." Dian Qi Qi said.

"He has one?" Yu Qi asked since she did not expect him to have a girlfriend.

"Yeah. She is from Wan Family, Wan Yang Mi." Dian Qi Qi gossiped about her brothers.

"I will show it around to you." Dian Qi Qi said.

So, except for Dian Zin Fang and Dian Ren Qi who went to see his lover, four of them walked around the town. Since today was the martial arts competition, a lot of people were here for the competition.

There were a lot of stalls opened on the walk side. Yu Qi looked interested. It seemed they were sucked into the ancient time with the ancient building surrounding them. There were also some people who wearing ancient clothes as well adding effect to that.

"Oh, look who's here." A voice disturbed their peace.

Dian Qi Qi frowned as she heard the voice. She turned and saw two women and two men in front of her.

"You are still in the disgusting clothes." One of the women said.

"And you are still with your disgusting mouth." Dian Qi Qi said.

That comment made the girls angry. "You!!!"

"What?" Dian Qi Qi smirked.

"I will beat you up this year." The girl said.

"We will see." Dian Qi Qi replied.

"You will lose yourself lose to me today." Another girl said again.

"Just you? I doubt about that." Dian Qi Qi snorted.

Chapter 1206: Want To Die

"Unlike you who roaming outside, I have been cultivated here. My strength has significantly increased. I am sure that you will lose on my hand." The girl said again.

"Yeah... Yeah... I heard that last year. But you still lost to me, right. That's a pity." Dian Qi Qi mocked the girl.

"You..." The girl wanted to attack Dian Qi Qi. But her friend stopped her.

"Jiye, stop. You can't attack her right now. Otherwise, you will be disqualified from the competition." Her friend pulled the girl's arm.

The girl remembered that rule. "I will beat you up later."

The girl and her friend calmed themselves down and looked at the people beside Dian Qi Qi. The moment they saw Long Hui, they were surprised. They were surprised to see such a hottie in front of them. It went the same as the men looked at Yu Qi. Yu Qi and Long Hui, whom they never knew before.

"Hi, handsome. Are you here to participate in the competition too?" The girl which talked to Dian Qi Qi earlier bravely asked Long Hui the question.

As usual, Long Hui ignored them.

However, the girl did not feel discouraged about that and kept asking Long Hui the question.

"Hey handsome, talk to me. What is your name?"

"Yeah, we can befriend."

Yu Qi on another side also had been asked by the two men.

"Hi. You are new here, right?"

"I have not seen you before?"

"Do you also join the competition?"

"I can help you and show you around."

When Long Hui heard that, he pulled Yu Qi to his side and glared at the two men. The two girls looked at Yu Qi with jealousy in their eyes. It was the same for the two men.

"Don't disturb my sister and her fiancée." Dian Qi Qi glared at them.

"Your cousin?" The girl asked.

"Hey, your girl is very beautiful. You must participate in the competition too. Want to bet with you? If you lose, you need to give your girl to me." One of the men suggested that to Long Hui.

Long Hui narrowed his eyes. His murderous aura leaked out as soon he heard the last sentence. The men sensed the aura and looked terrified. The two girls also stepped back distancing themselves from Long Hui.

The men did not know that the man in front of them was very strong, capable to release the murderous aura like that. If they knew this, they would not run their mouth like that.

"Let's go... Let's go..." The men said. So both of them ran away.

The girls also ran away. They were seriously afraid of Long Hui.

After that, Dian Qi Qi laughed. "It is very funny seeing they run away like that."

"I don't know that you are so strong." Dian Shu Xian who was just silent from the beginning said to Long Hui.

He also felt the pressure from Long Hui just now. The same pressure that he felt when sparring with his grandfather.

"They should not make that kind of bet with me. Unlike they want to die. I guess they want to die." Long Hui still felt very angry after hearing someone made a bet and that wager was Yu Qi.

"Yeah. How dare them?" Dian Qi Qi agreed with Long Hui. "Well, they also participate in the competition. If you meet them, you can teach them a lesson."

"Really?" Long Hui asked.

"Yeah." Dian Qi Qi grinned.

"I see." Long Hui narrowed his eyes.

"By the way, who are they?" Yu Qi asked.

"The men are from Bucong Family, Bucong Jian, and Bucong Nanyi." Dian Shu Xian said.

"Meanwhile, the girl who wants to beat me earlier is Bucong Jiye and the other girl is her follower, Cuan Xie." Dian Qi Qi said. "Bucong Family and our family are not in a good relationship. We always compete with each other."

"Last year's competition, Brother Zin Fang won after fighting with their young master, Bucong Shuye." Dian Shu Xian said.

"Yeah. I bet he wants a revenge match with Brother Zin Fang." Dian Qi Qi smirked.

"I think we should go to the venue. The competition is about to start." Dian Shu Xian told them after he looked at his watch.

"Yeah." Dian Qi Qi also agreed. "We can look around after the competition is over."

So, they went to the venue. It was a huge stadium and there were 10 stages in the middle of it.

"So, we will be fighting each other in those stages?" Yu Qi asked.

"Yeah." Dian Qi Qi nodded.

Last night, Dian Qi Qi and Dian Shu Xian explained the martial arts competition after Dian Shu Xian talked with Yu Qi about medical research.

All the participants would be separated and put on the stage. They would be fighting among themselves. They needed to push other participants out of the stages until only 3 people in the stage.

The 3 people in each stage would be entering the next level. The two names would be selected randomly. Those names selected would be fighting in a match. The loser would be eliminated and the winner would go to the next round. It would be continued until only the last person won the match.

The rules were simple. They would be fighting until the person could not continue to fight more or they could forfeit the match. And also they could use any weapon but they would not use a hidden weapons such as poison or needles.

Chapter 1207: Brag About His Great-Granddaughter

The competition officially started. The participants had been told to go to the stage that had been arranged. The participants had been randomly placed into the stages.

They were separated into the stages randomly. None of them was together.

"Everyone, good luck. Let's move to the next one together." Dian Qi Qi said to her brothers, Yu Qi and Long Hui.

Everyone nodded. Long Hui pulled Yu Qi and whispered in her ear. "You can win."

Yu Qi nodded and smiled at Long Hui.

"The same rules applied in this competition. If you break the rules, you will automatically be unqualified and would be banned from entering the competition for the next 3 years." The judge said. "Only 3 people who last standing on the stages would be entering the next level. So, do your best. The fight starts now."

So, the fighting started. People began to fight. They began to push others out of the stages. Not long after the fighting started, one person had been pushed out.

The person showed a flustered expression on his face. He did not expect to be the first to eliminate. However, he knew there was no use in complaining. He was not strong enough. So, he left quietly.

"That is your Dian Family members, Kun Ze." The head of the Bucong Family, Bucong Guang smirked.

"So, what is your point?" Grandpa Dian glanced.

"How could he become so weak?" Bucong Guang asked.

"None of your concern." Grandpa Dian said.

"You should look at your family member, Bucong Head." Great-Grandpa Dian suddenly said.

Bucong Guang immediately became quiet. He did not expect that the Great Elder of the Dian Family would be joining them for this martial arts competition. He had not shown his face for about 20 years.

He thought the Great Elder of the Dian Family had died but Dian Family did not acknowledge his death and did not want others to know about that. It seemed that was a false rumour. The Great Elder of the Dian Family was very healthy. Not like the rumour sounded.

"I never thought to see you again, Sung Qin." The Great Elder of Huo, Huo Xie said.

Huo's family was basically in a good relationship with Dian's Family. Only Huo Xie was in the same generation as Great Grandpa Dian. Others already died.

Great Grandpa Dian laughed. "Yeah. I thought my time is finally over but who knows my luck is very good. My great-granddaughter healed me."

"Owh, I never thought that Qi Qi is this good." Huo Xie said in surprise.

"No... no... I am not talking about her. I am talking about another great-granddaughter." Great Grandpa Dian shook his head.

"Another one? Wait? What?" Huo Xie was very surprised by this news.

Others who listened to their conversation were also surprised by this revelation.

"Well, I just find out and acknowledged her. She is very good." Great Grandpa Dian bragged about his new great-granddaughter to others. "She healed me and recovered my strength."

"What? Really?" Huo Xie asked.

"Of course. She is a great doctor." Great Grandpa Dian looked proud.

"Is she here?" Huo Xie wanted to know her.

"Yes. She is in the no.4 ring. Look, she is there, at the corner. Wearing the cream clothes." Great Grandpa Dian pointed in Yu Qi's direction.

Everyone looked at Yu Qi. Everyone could tell that she was a great beauty. However, only Huo Xie acted differently.

"Sung Qi, that is...." Huo Xie was shocked to see that face. "Is that her...?"

"Yeah, she is." Great Grandpa Dian knew what Huo Xie thought when he saw Yu Qi's face. He added. "That girl is her granddaughter."

"Is she alive?" Huo Xie asked.

"No. She was already gone." Great Grandpa Dian said. He did not feel good talking about his daughter.

Everyone was curious about what they had been talking about. They could not understand what Great-Grandpa Dian with his last sentence.

Not many knew that Great Grandpa Dian had a daughter but Huo Xie knew. He even met with the girl before. So, he knew what the girl looked like.

"I see. But you must have fate with her granddaughter to meet her even though she has already died." Huo Xie was happy for his friend. "Does your great-granddaughter has her partner already?"

"Of course. He is also here. In no 2 rings. He currently fights with the Bucong Family members." Great Grandpa Dian said.

Long Hui was indeed fighting with Bucong Family members. Bucong Nanyi and Bucong Jian told others Bucong Family members to corner Long Hui. If Long Hui were disqualified from entering the next level, they would get some rewards. So, they cooperated with each other.

Of course, Bucong Jian and Bucong Nanyi did not tell them. Both of them just told them that he had been playing with Bucong Jiye's feelings.

"How dare you play with our young miss's feeling?" One of Bucong's Family members said.

"Huh?" Long Hui lifted up his brow.

"You make her believe your love and you dump her right after she fell in love with you." Another one said more.

"Who is she?" Long Hui did not remember playing with other women.

"Our young miss is Bucong Jiye."

Hearing that name jogged his memories. It was the same family name as the men who dared to bet about his beloved Qi Qi.

Long Hui smirked. "She is not worth it."

"How dare you? Guys, let's attack this dude." With that, Bucong Family members attacked Long Hui.

Long Hui avoided the attack easily.

Chapter 1208: A Weak Looking Woman

"That is her partner?" Huo Xi looked at Long Hui.

"Yes." Great Grandpa Dian nodded. "I wonder why your Bucong Family members attacked him alone."

"Great Elder Dian, this is competition. They can use tactics to fight with their opponents." Bucong Guang just grinned.

Great Grandpa Dian smirked. "Yeah... Such a bunch of weak people. How could they win against him?"

Bucong Guang frowned as he heard that. He looked at Long Hui who currently knocked out the member of his Bucong Family. He did not expect to see a powerful man inside Dian Family.

Great-Grandpa Dian laughed. "See. That brat is very powerful. Well, it seems that he does not use his power."

"Really?" Huo Xi did not believe that because those Bucang Family members also were not weak.

"I know you like your great-granddaughter's fiance but you can not exaggerate about him." Bucong Guang rolled her eyes.

"You will see later." Great-Grandpa Dian said.

At Yu Qi's stage, she did not stand up much. She stood at the corner. Others were fighting, knocking out each other. She just dodged whenever the people were being kicked by others.

Then, the number of people was reduced to a small number of people. Right now, only, 10 people are on the stages. And only two of them were women. That was Yu Qi and Cuan Xie.

Yu Qi looked at Cuan Xie. The latter also looked at her. Then someone tried to attack Yu Qi. Yu Qi immediately blocked the attack straight.

"You should give up the place to us. We are stronger than you." An arrogant man said to Yu Qi.

Well, those words were also being directed to Cuan Xi who standing not far from Yu Qi. They also looked at Cuan Xi. Cuan Xi frowned. Of course, she did not want that. She wanted to proceed to the next stage of this competition.

She wanted to cooperate with Yu Qi. So, she looked at Yu Qi. Yu Qi ignored her. They did not know each other. Why did she need to cooperate with Cuan Xi? She could handle herself.

"If you knock me out of the stages, the place will be yours. Why do you need to talk? Here is the place where we use strength to prove it." With that, Yu Qi immediately attacked the arrogant man.

It made other men angry. It felt that their pride had been thrown away. Because of that, Cuan Xi had also being attacked by the men. She was angry. It was not her that made them angry. Why did they vent their anger on her? She looked at Yu Qi.

She became angry again when seeing Yu Qi smoothly attack and defended herself. It made Cuan Xi jealous about that. Because of her carelessness, the man threw a punch and she could not defend herself making herself fly out off the stage. She stopped after her back collided with the wall. She could feel that she was injured from the attack. She could not handle the pain and fainted right away.

Now, only Yu Qi was the only woman on that stage. Yu Qi was being attacked by 7 men. Then of a sudden, the last man made his move toward Yu Qi. She kicked others and blocked the attack.

'This man is quite strong.' Yu Qi took a look at her attacker.

The attacker was surprised to see a petite woman like Yu Qi could block his attack. Without giving Yu Qi to breathe, the attacker attacked Yu Qi again. Yu Qi swiftly defended herself.

"Owh, your new great-granddaughter is very strong. She could block Bucong Shuye's attack." Huo Xi commented when he saw Yu Qi being attacked.

"Of course, she can take on Bucong Shuye." Great-Grandpa Dian said proudly.

Others who listened did not think that a weak-looking girl like Yu Qi would be able to win against Bucong Shuye. Not to mention, Great-Grandpa Dian told them, that his new great-granddaughter grew up outside their world.

Yeah. The attacker was Bucong Shuye. The second place in last year's competition. Seeing Bucong Shuye made his move on Yu Qi. Others gave up and interrupted fighting with Yu Qi. So, they turned against each other to secure their position.

Bucong Shuye could feel that this weak-looking girl was very strong compared to others in the same stage. He increased his force little by little in his attack but the girl counterattacked them right away. Meaning this girl also did not use her true strength.

In the other stages, the three Dian Brothers also secured their place to go to the next competition. Dian Qi Qi on the other hand was still fighting for her place. She was looking like she came out straight from the anime since she was wearing the gothic lolita style.

It was not strange for everyone because they had seen Dian Qi Qi before with the same style. It became her identity among others. However, that style never restricted her move. She still could fight her opponents.

Bucong Nanyi was fighting with her right now. He remembered the earlier humiliation and wanted to vent to Dian Qi Qi. His grandfather also told him to stop Dian's Family members to proceed to the next competition.

"You better surrender." Bucong Nanyi said.

"Why should I?" Dian Qi Qi said.

"You don't want to get hurt." Bucong Nanyi looked at Dian Qi Qi.

"Then, you better surrender yourself since you don't want to get hurt." Dian Qi Qi smirked.

Chapter 1209: Qualified To The Next Round

Dian Qi Qi felt stupid hearing the reason. Everyone knew, at a certain point, that by joining this martial arts competition, they would get hurt. If people did not want to get hurt, why did they participate in this competition?

"Owh, I forget that you do run away earlier. Afraid to get hurt." Dian Qi Qi mocked Bucong Nanyi.

Bucong Nanyi remembered that. He became angry. Because of that, Bucong Nanyi mercilessly attacked Dian Qi Qi like Dian Qi Qi was the one who humiliated him earlier.

Dian Qi Qi did not stay silent but she also attacked Bucong Nanyi. Because she had been trained by Great-Grandpa Dian this time, her attack became more accurate and powerful.

Seeing there was an open on Bucong Nanyi's side, she kicked Bucong Nanyi. The kick was surprisedly fast that Bucong Nanyi could not stop it. So, the kick straightly landed on Bucong Nanyi making him fly out off the stage.

Because only 4 people were on Dian Qi Qi's stage, the last three people on that stage automatically succeed in going to the next competition. Dian Qi Qi smiled.

"Hmm... What a pity. Bucong Nanyi lost on Dian Qi Qi's hand."

"It seems Dian Qi Qi improves a lot over the past year."

Bucong Guang was looking angry at the moment. He felt ridiculous when seeing Bucong Nanyi lost to a woman and to be worse, to someone from Dian Family.

"Well, Dian Family is truly strong."

"Yeah, you can look at other young masters of Dian Family. They already secured their places."

"Just 4 stages are finished."

"Hey, look at that stages. That is Bucong Shuye, right? Who is he fighting with?"

"Wait, celestial goddess?"

"Stupid, she is a girl."

"Wow, she fights Bucong Shuye equally. I wonder who she is."

"I saw her with Dian Qi Qi and others earlier."

"New member of Dian Family?"

"Probably."

"Then, look at that stage next."

"Why?"

"That handsome man is very incredible. He defeats all of Bucong's Family members on that stage. Oh. He secured his place."

Long Hui heard the announcement telling him when to stop. He also heard that he had secured his place to go to the next competition. He came down from the stage and searched for his beloved Qi Qi.

Yu Qi was still fighting with Bucong Shuye. Out of a sudden, Yu Qi had been attacked by two men. It seemed they decided to attack Yu Qi to secure their places. They did not dare to attack Bucong Shuye because they knew his strength. So, they chose Yu Qi because she was a woman and they did not know much about her.

Bucong Shuye stopped attacking Yu Qi. He stood by, watching Yu Qi being attacked by those two men. He did not think to help Yu Qi at all. If she was beaten by those two men, meaning she was not of his strength.

"Hey, cutey, you should surrender and gives the place to us." One of the men said to Yu Qi.

Yu Qi realized only four of them were in stages. Meaning, that they only needed to push someone out of the stages and this first competition would be ended for their stages.

"So, you guys decide to make me give up." Yu Qi said.

"It is natural for men to win the fight. Women are weak." Another woman said.

"Is that so?" Yu Qi's corner lips corner. "Then, you both can give up your place, then."

Yu Qi rushed to both of them. Using her hands, she pushed the men out of the stages. The men did not have time to react. And the pain in their chest was hurting so much, that they could not do anymore. Meaning the force that Yu Qi used was not small either. So, they were flying backwards and out of the stages.

Only the wall stopped the men from flying backwards anymore. Then, they fainted on the spot. The audience was surprised to see a woman pushing two men at the same time and the men fainted right away.

"Does this mean, I win a spot to go to the next competition?" Yu Qi asked.

Hearing that question from Yu Qi, the judge announced the winner. "From this stage, Tang Yu Qi and Bucong Shuye qualified to go to the next round."

"Yes, Sir." Yu Qi politely bowed to the judge and left the stage.

This attitude made the judge have a good impression of Yu Qi.

Bucong Shuye also left the stage.

"I hope in the next competition, you will face me. I want to fight you." Bucong Shuye suddenly said it.

"I hope so." Yu Qi said.

Then she felt someone hug her from behind. She did not need to guess who the person was. She could tell from the smell. It was obvious.

"Are you okay?" Long Hui asked Yu Qi while his eyes glanced at Bucong Shuye once before returning his gaze to Yu Qi.

"I am fine." Yu Qi said.

She did not have any injury at all.

"Sister Yu Qi, you pass." Dian Qi Qi came to Yu Qi.

"Hmm..." Yu Qi nodded.

"It is pity though." Dian Qi Qi sighed.

"Why?" Yu Qi tilted her head to the side.

"I thought I can see Bucong Shuye lost to you." Dian Qi Qi smirked. She did not care whether Bucong Shuye heard her or not. And she seemed to want Bucong Shuye to hear her.

Chapter 1210: Why Should My Sister Yu Qi Help Her?

"Dian Qi Qi, how dare you!" An angry voice defended Bucong Shuye.

It was Bucong Jiye and her friend, Cuan Xi.

"What?" Dian Qi Qi rolled her eyes.

"My brother would never lose to a woman like her." Bucong Jiye pointed her finger to Yu Qi.

She then glared at Yu Qi. "And you, how dare you. Because of you, Cuan Xi gets injured and disqualified."

"Huh?" Yu Qi was confused.

"Hey, Bucong Jiye, why do you blame my Sister Yu Qi for her lost and injury?" Even Dian Qi Qi did not understand that logic.

"Of course, it is her fault. Instead of helping each other as women, she makes the men angry. So, the men decided to attack her and Cuan Xi." Bucong Jiye stated the point.

With that, everyone had dumbfounded expressions on their faces for a moment.

"Are you stupid? Why should my sister Yu Qi help her? This is a competition where we will fight each other. No need to help each other. And her injury, it is because she is weak. She can't blame others for that." Dian Qi Qi retorted.

Cuan Xi knew that she was quite weak but to be said in front of her and her crush made her feel uncomfortable. She just wanted to complain about that to Bucong Jiye. She did not mean to confront Yu Qi about that because she knew that there was no need for Yu Qi to help her during the match. Who knew that Bucong Jiye would be so stupid to confront Yu Qi like this? She glanced at Bucong Shuye with her corner eyes.

Bucong Shuye did not look at Cuan Xi at all.

"Jiye behave yourself." Bucong Shuye talked to his sister.

Bucong Jiye shut her mouth. She glanced at her brother to see his expression. Even though Bucong Shuye was her brother, she was quite afraid of this brother. She did not close to this brother.

"Don't disturb others." Bucong Shuye talked again. Then he left the place.

Hearing the order from her brother, Bucong Jiye glared at Dian Qi Qi and Yu Qi. Then she pulled Cuan Xi from that place.

"Stupid." Dian Qi Qi snorted.

"Let's go and rest. The next round would be begun when all stages have their 3 winners." Dian Qi Qi turned to Yu Qi.

From what they could see, only 4 stages still have people fighting in them. It would take quite some time. So, they went to the prepared seats for Dian Family. The family beside them was Wan Family. Yu Qi could see Dian Ren Qi talking intimately with a woman.

"Is that Brother Ren Qi's lover?" Yu Qi asked.

"Hmm... Yeah. She is the one." Dian Qi Qi nodded. "Come, let me introduce her to you." With that, she pulled Yu Qi to go to Dian Ren Qi and Wan Yang Mi.

"Brother Ren Qi." Dian Qi Qi called Dian Ren Qi's name.

Both Dian Ren Qi and Wan Yang Mi turned around.

"Owh, Qi Qi. How are you?" Wan Yang Mi smiled and asked Dian Qi Qi.

"I am good, Sister Yang Mi." Dian Qi Qi grinned. "By the way, this is my cousin, Tang Yu Qi." She introduced Yu Qi to Wan Yang Mi.

Yu Qi smiled at Wan Yang Mi.

"I heard from Ren Qi about you." Wan Yang Mi also smiled at Yu Qi. "How old are you?"

"I am 24 years old." Yu Qi said.

"What? Really?" Wan Yang Mi was surprised.

"Yeah. Why do you seem so surprised about my age?" Yu Qi asked.

"Well, to be honest, I thought you are in the same age as Qi Qi. You look so young. Turn out you are the same age as me." Wan Yang Mi laughed.

"You are still young, Yang Mi." Dian Ren Qi interrupted.

"You sure have a sweet mouth." Wan Yang Mi chuckled as she heard her boyfriend's words. She turned to Yu Qi. "But really, I am not lying. Your skin looks so great."

"Oh. It is probably because of my skincare product." Yu Qi smiled.

"Yeah. It helps my skin too. I really like to use it." Dian Qi Qi patted her cheeks.

"Really? What do you use?" Wan Yang Mi asked eagerly.

Of course, she was interested to know about skincare products. Which woman did not like to know about beauty?

"It is a skincare product brand. Surprisingly, its name is Qi Qi Skincare. It has my name." Dian Qi Qi grinned proudly.

"But it is not yours." Dian Ren Qi uttered.

"Tsk... I know." Dian Qi Qi rolled her eyes at Dian Ren Qi.

"Wow... I really want to try. Where can I get my hand on those products?" Wan Yang Mi asked.

"Hmm... I get my supply from Sister Yu Qi since that brand is from her country." Dian Qi Qi said.

"Her country? You are not from Fanghai Nation?" Wan Yang Mi turned to Yu Qi.

"Hmm... I am from Binhai Nation." Yu Qi said. "If you want it, I will order them for you and courier them to Qi Qi next time. You can get them from Qi Qi." Yu Qi suggested.

"Sure... Sure... No problem. Just send me the bill later." Wan Yang Mi nodded.

Yu Qi smiled. It seemed that she got a new customer today. She felt it was time to open the Qi Qi Skincare branch at Fanghai Nation.
