

## INTELLIGENT 1221

### Chapter 1221: Forming The Contract Is Actually Difficult Thing

Yu Qi coughed. "You can keep it if you like."

"Thank you." Dian Ren Qi grinned.

He would use this cream whenever he got beat up by others later. That was what he planning to do later.

The next fight was between Bucong Shuye and Tuan Ring. It was a quick fight. Bucong Shuye just made three attacks.

The opponent just happened to be lucky to enter this round of the competition. Tuan Ring defeated admit after that three moves from Bucong Shuye.

The next fight would be continued tomorrow. So, the people left the venue. Dian's Family also left. They left with Yu Qi.

One of them approached Yu Qi. It was a teenage girl.

"Hmm... Sister Yu Qi..." She called Yu Qi.

"Yeah... You are..." Yu Qi did not know this girl.

"I am Dian Alin. Are this animal your contracted beast?" Dian Alin asked when her eyes looked at Shino.

"Yeah. They are my contracted beast." Yu Qi patted Shino.

"Can I pat that one?" Dian Alin pointed to Shino.

"Sure." Yu Qi took Shino and put Shino into Dian Alin's hand.

Dian Alin was excited to have Shino in her hands. "What is its name?"

"Shino." Yu Qi said.

"Wow... Shino... What a cute name." Dian Alin patted Shino's head.

"How do you meet and form the contract with them?" Dian Alin wanted to know that.

Well... Not her but everyone around her wanted to know that as well.

"Well... We accidentally meet and formed the contract. Aoi is my first contracted beast. Shino is the second." Yu Qi patted Aoi's head which happened to be on her leg.

"I see. I heard that the beast must willingly form the contract with you. Otherwise, the contract will not establish. How do you make them willingly form the contract with you?" Dian Alin asked again.

Yu Qi was trying to remember how they establish the contract.

"Well... As for Aoi, he takes the first step in forming the contract with me. I don't do anything. Shino is willing to form the contract when we offered unlimited food to him."

Everyone was speechless. They did not know forming the contract with the beast would be so... how should they phrase this... carefree...

"Well... So... I just need to find the beast which is willing to form the contract with me, then?" Dian Alin understood that. Then she sighed. "That is so hard...."

Not Dian Alin felt that. Everyone thought the same.

"Well... It is good if you know the method." Dian Qi Qi said.

She did not care if she had a contracted beast or not. If that beast wanted to form the contract with her, she would gladly accept that but only if that beast was cute as Aoi or Shino.

"I will look out for the beast which willing to form the contract with me then." Dian Alin did not give up. She wanted to have a contracted beast one day.

"Yeah... Don't give up." Yu Qi smiled.

Dian Alin was mesmerized as she watched the smile. 'Sister Yu Qi was beautiful and kind.' That thought appeared when she saw Yu Qi's smile.

.....

The next morning, Yu Qi and Long Hui woke up earlier. Others were still sleeping. Yu Qi and Long Hui had breakfast and went out.

They walked around the town and arrived at one Inn. Qiu Wang who happened to walk out of the Inn surprised to see Yu Qi and Long Hui there.

"Miss Tang, Mr. Long..." Qiu Wang greeted them.

"Good morning, Mr. Qiu." Yu Qi replied the greeting.

"Miss Tang is here probably because of the manual?" Qiu Wang posed a question.

"Indeed." Yu Qi nodded.

"Then, let's go and talk somewhere else." Qiu Wang suggested.

So, three of them went to one restaurant nearby.

"Mo Lao, I need a private room today." Qiu Wang shouted to the owner.

It seemed he was a regular at this restaurant seeing the way he called the owner's name.

"Sure... But remember you need to pay extra for it." Mo Lao replied.

"Don't worry. I will pay for it." Yu Qi said.

"Owh... Okay, then... Let me show the way." Mo Lao nodded.

He knew the badge that the couple wearing. It stood for Dian Family. He wondered why Qiu Wang was together with them. However, he knew his place. He would not sneak his head into something that he should not.

Qiu Wang ordered something while Yu Qi and Long Hui just ordered some tea.

"We already eat. You can eat." Yu Qi said.

"Okay." Qiu Wang nodded.

After everything settled, Qiu Wang took out the manual and placed it on the table in front of Yu Qi.

"Here is the manual." Qiu Wang said.

Yu Qi also took out the manual. "Here is mine."

The condition of the two manuals was the opposite. The one with Yu Qi was in the good condition while the one with Qiu Wang was in the bad condition.

The paper was yellowish and it seemed going to tear if not handled carefully.

"This has been in this condition when I found it." Qiu Wang was so embarrassed when he saw the difference between the two manuals.

"It's okay. You don't mind if I look inside?" Yu Qi asked.

"It's okay. Please take a look." Qiu Wang said.

"You can take a look at mine." Yu Qi pushed hers to Qiu Wang.

#### **Chapter 1222: Yu Qi's Fight**

So, both of them took a look at the manuals. Yu Qi felt it was indeed the same manual. However, the one with Yu Qi had more details in it.

It seemed Qiu Wang's manual was a copy version of Yu Qi's manual but it was not completely the same.

As Qiu Wang, he was surprised to see the manual. The details about the techniques were more solid than in his manual.

"I think these two manuals explain the same techniques." Yu Qi made the conclusion after reading Qiu Wang's manual.

"Yes. Yours is more detailed and completed." Qiu Wang also agreed with that. "Do you know who writes the manual?"

"I am sorry but I don't." Yu Qi shook her head.

"I see." Qiu Wang really wanted to know who wrote the manual.

He wanted to thank the person because of this manual, he found this talent.

"Erm... Miss Tang, can I borrow the manual from you?" Qiu Wang was hesitant to make this request.

"Sure." Yu Qi agreed to his request on the spot.

"What?" Qiu Wang was surprised.

"You can borrow it." Yu Qi said.

"Is that really okay for me to borrow this manual?" Qiu Wang asked again.

"Hmm... I already learned everything from this manual." Yu Qi nodded.

"You mean you already mastered everything?" Qiu Wang was shocked to hear that.

Even the just mastered 30% of the techniques from his manual.

"Yes." Yu Qi nodded.

Qiu Wang looked at Yu Qi. It looked like she was not lying.

"I see... Well then, I will borrow it first." Qiu Wang said.

They went to the venue after Qiu Wang finished his breakfast. Dian Qi Qi spotted her.

"Sister Yu Qi!" Dian Qi Qi is called Yu Qi. "Good morning. Oh, Shino and Aoi are also here."

Yu Qi took out Shino and Aoi before coming to the venue earlier.

Dian Qi Qi's eyes moved to Qiu Wang. "Why do you with him?"

"Miss Tang, Mr. Long... I will go first." Qiu Wang excused himself.

"Yeah." Yu Qi nodded, but did not say anything else.

"Why do you with him?" Dian Qi Qi asked the same question.

"Well... I have something that I want to talk about with him. So, we meet." Yu Qi did not say anything about the details.

Dian Qi Qi also did not plan to know more about that. So, she just nodded.

"Let's go in. They are about to pick up the name. Only Dian Shu Xian and Yu Qi's names from Dian Family had not been called.

Right the moment, Yu Qi took her seat, she heard her name had been called. She would be fighting Huo Sun Gil.

Yu Qi stood up. She picked Shino from her shoulder and took him into Long Hui's hand.

'Master.' Shino called Yu Qi.

"Stay with Brother Hui." Yu Qi smiled. "Aoi too. Behave yourself."

'Alright.'

'Okay.'

Both her little cuties obeyed her order.

Yu Qi went up to the stage. Huo Sun Gil is already on the stage.

"Oh... You don't bring your contracted beasts together?" Huo Sun Gil looked at Shino and Aoi who stayed with Long Hui.

"There is no need for them to be here." Yu Qi said.

"You are so confident with yourself." Huo Sun Gil snorted.

"I do." Yu Qi nodded.

Huo Sun Gil hated a beautiful face like Yu Qi. It reminded him of his dark past. His beautiful girlfriend cheated on him with some random men. None once but twice. He broke up with her and started cultivating like crazy.

"I will teach you some lesson today." Huo Sun Gil said.

"Let's watch who teaching who." Yu Qi commented.

Huo Sun Gil snorted. He did not watch the fight between Yu Qi and Bucong Shuye. Otherwise he would not say something like that.

The moment the judge said the fight started, Huo Sun Gil rushed to Yu Qi's side and wanted to kick her a kick. Yu Qi did not want to be serious at this moment. So, she did not move and took the attack ahead.

Yu Qi perfectly defended herself from Huo Sun Gil's kick. "Not bad."

The comment made by Huo Sun Gil gave trigger. Yu Qi's face had been replaced by his ex-girlfriend's face.

"You bitch!" Huo Sun Gil swore.

Yu Qi's eyes narrowed. She did not know why Huo Sun Gil became so angry out of a sudden but she did not care much about that.

Huo Sun Gil attacked Yu Qi fiercely. He remembered the mocking tone that his ex-girlfriend used when he found out about her cheating.

She told him that it was his fault that she cheated on him. He just focused on his martial arts rather than her making her cheat on him.

Not to mention, she also told him that she got a lot of expensive gifts from other men but he could not give him anything.

Yu Qi noticed that Huo Sun Gil's eyes were totally out of focus. He was losing his mind over this fight.

"Tang Yu Qi should use her contracted beasts to help her in this fight."

The audience discussed the fight.

"Yeah. I think so too."

"She is just too confident."

"Overconfident will lead to destruction."

Some of them thought it was best for Yu Qi to use her contracted beasts.

"Are you forget? She fight with Bucong Shuye before. She is not even injured. She did that without her contracted beasts."

### **Chapter 1223: I Am Not Your Cheating Ex-Girlfriend**

Someone reminded others about that. So, the people who discussed about Yu Qi should bring her contracted beast to fight were silent.

"You, woman should not be cheating on me..." Huo Sun Gil suddenly shouted at Yu Qi.

"Miss Tang is cheating?"

"What?"

"They were together before?"

Yu Qi did not understand what Huo Sun Gil said. "Mr. Huo, I have never met you before. So, please don't say something like that. In case someone will misunderstand."

"My sister Yu Qi is together with Huo Sun Gil? Hey, Huo Yanxi, can you explain to me." Dian Qi Qi shouted to Huo Yanxi.

Huo Yanxi was a younger sister to Huo Sun Gil. She should know the matter.

"Well, to be honest, my brother caught his beautiful ex-girlfriend cheated on him. So, whenever, he sees a beautiful woman, it will remind him of his beautiful ex-girlfriend. I am sorry about this." Huo Yanxi explained the situation.

Everyone heard the explanation. So, they went silent. They really thought that Yu Qi was cheating on Huo Sun Gil.

Yu Qi had excellent hearing. So, she heard the reason why Huo Sun Gil shouted something like that to her. So, she was being resented just because of the unjustified resentment.

"I am not your cheating ex-girlfriend." Yu Qi said to Huo Sun Gil.

Probably because of the unjustified resentment, Yu Qi began to attack Huo Sun Gil. She increased the power that she used.

Huo Sun Gil began to back off. Once Yu Qi's attack successfully landed on his body, Yu Qi increased her speed. Right now, Huo Sun Gil began to defend himself but was unsuccessful.

Huo Sun Gil's mind returned to normal again. He really looked down on this woman but now, he had been beaten up by this woman. It was so embarrassing.

And the more embarrassing thing, he lost his mind during the match earlier. The pain made him turn to normal.

"I give up!" Huo Sun Gil shouted.

Only one inch from his face, the hand which about to punch him stopped. His legs suddenly lost their strength. He sat on the stage.

"Tang Yu Qi wins the match." The judge announced.

"A little advice for you, Mr. Huo Sun Gil. You should make them suffer. The cheating ex-girlfriend and her partner. I bet his partner is one of your friends too, right?" Yu Qi smiled as her eyes narrowed down.

Huo Sun Gil looked up to Yu Qi. It was indeed like Yu Qi said. His ex-girlfriend was cheating on him with his friend. That was what he could not accept.

Since she had won the match, Yu Qi returned to Long Hui's side.

"Brother Hui, I win." Yu Qi said.

"Hmm... Qi Qi is the best." Long Hui nodded.

Being praised by his fiancée, Yu Qi felt good. Shino jumped onto Yu Qi's shoulder and leaned his face to Yu Qi's face.

"You congrats me too? Thank you." Yu Qi smiled at Shino.

"Awo..." Aoi barked.

"You too... Thank you..." Yu Qi patted Aoi's head.

"Owh... it's Brother Shu Xian's turn." Dian Qi Qi said.

Since there are not many left, Dian Shu Xian's name had been picked up. He would fight Jiang Hani.

Jiang Hani was from the Jiang Family, one of the four major families. She was a beautiful girl and quite popular among others.

They went up together to the stage.

"Dian Shu Xian is lucky to have a match with Jiang Hani."

"Being together on the stage with Jiang Han is good."

"You already being on the stage with her in the first round. How lucky of you."

"Jiang Han is indeed one of the beautiful girls here."

"She is really popular." Yu Qi commented.

"She is indeed popular and likes to take advantage of the men who like her. I don't like that." Dian Qi Qi said.

"Oh..." Yu Qi looked at the stage. "I wonder if she can take advantage of Shu Xian."

"If Brother Shu Xian let her, I will beat Brother Shu Xian's later." Dian Qi Qi looked at Dian Shu Xian's back.

Dian Shu Xian felt a cold wind on his back. He felt threatened.

The fight started.

"Dian Shu Xian, can you let me win this match, please..." Jiang Hani used her usual method.

She knew to use all the advantages that she had no matter what they were. All men bowed down to her requests.

"I am sorry. I can't do that." Dian Shu Xian said.

Jiang Hani's face changed. 'Why is not working on Dian Shu Xian?' She used her charm to hypnotize other men to let her win in the previous round.

The men who heard her voice would obey her and agree to her request.

"Do you want to fight or not? If you don't want to fight, then please surrender." Dian Shu Xian suggested.

"Of course, I will not surrender." Jiang Hani shouted.

"Then, let's start." Dian Shu Xian said.

He did not wait long and rushed to Jiang Hani's side. He made his attack. Jiang Hani who thought she would win this match effortlessly did not think that she would be hurt like that.

"Ah!!!! That's hurt. I surrender." Jiang Hani shouted after getting hit by Dian Shu Xian.

"Dian Shu Xian wins the match." The judge said.

"How could you attack me like that? Are you a man?" Jiang Hani shouted at Dian Shu Xian before he went down.

#### **Chapter 1224: Being Targeted By Someone**

"I am a man. And this is martial art competition. You should be prepare on getting beat up." Dian Shu Xian said before leaving the stage.

Jiang Hani gritted her teeth. She would make sure that she would get this man down. Dian Shu Xian did not know that he had been targeted by someone.

He went to his family and looked at Dian Ren Qi proudly.

"I managed to go to the next round." Dian She Xian smirked.

"You..." Dian Ren Qi could not say anything else because it was true that he lost. However, he managed to reply to Dian Shu Xian after silent for a few moments. "I dare you to fight with him."

'Him' that he mentioned was Dian Zin Fang.

Jiang Hani returned to her seat with a bad mood. Since her seat was the opposite of Dian Shu Xian's seat, she could see him.

"Hani... You can cool down. Here, please drink the water." A man offered Jiang Hani a bottle of water.

"No. I don't want." Jiang Hani refused, feeling annoyed when she had been disturbed.

"Okay... Okay... I will leave you alone." The man left with a bitter feeling.

"I already told you to fight properly." Jiang Nan Shu said to her.

Jiang Nan Shu was the young master of the Jiang Family and an older brother to Jiang Hani.

"He is the one who is weird. He must act like everyone. Why doesn't he act like that?" Jiang Hani snorted.

"I agree that you are beautiful. But look at that, do you think he will easily fall for your beauty after spending time with the women like that?" Jiang Nan Shu pointed at Yu Qi and Dian Qi Qi.

Jiang Hani looked in that direction. Well, she agreed with Jiang Nan Shu about both beauties even though Dian Qi Qi was in the weird outfit.

Jiang Hani moved her eyes.

"Who are they?" Jiang Hani asked. She wanted to know about that.

"They are from Dian Family. One of four major families. But they are not usually stayed here. Their home is outside. That is why you don't see them before." Jiang Nan Shu explained to his sister.

"Outside? Why?" Jiang Hani asked again.

"I don't know. But they moved out years ago." Jiang Nan Shu also did not know the reason why Dian Family moved out of the cultivation world.

However, even though they moved out of the cultivation world, but no family could take their place as one of the four major families. Since their strength did not decrease at all.

They would like to follow the Dian Family's example to move out of the cultivation world but they might not get into the cultivation world again. Because they did not have teleport devices.

A teleport device was indeed a precious thing. Not everyone had it. The major families might have one but it was not so powerful as one in Dian Family.

Theirs could not teleport many people at all and after one use, it would be long until they would use it again. So, no one could easily be moved out of the cultivation world except Dian Family.

"Can I go outside too?" Jiang Hani felt interesting to go out.

"No. You can't. Grandfather will not allow you." Jiang Nan Shu shook his head.

Jiang Hani went silent. She would have to find her way to go and see the outside world. Her eyes wandered again to Dian Shu Xian. She could see that Dian Shu Xian was talking to one of the beauties.

She did not know why she was feeling annoyed again as she saw they were talking happily. She turned in another direction again.

....

Yu Qi and Long Hui decided to walk around the city tonight. Since the martial arts competition was still ongoing, a lot of people saw it as an opportunity for opening a business. So there were a lot of stalls opened. It was like a festival.

Yu Qi wanted to call Dian Qi Qi to ask whether she wanted to join them but it was stopped by Long Hui.

"Can we go alone?" Long Hui asked.

Yu Qi could not reject Long Hui whenever she saw Long Hui's dissatisfied face. It was like a dog who wanted to ask his owner to walk him.

"Okay... okay... We will go just two of us." Yu Qi said.

So, they were having a date. They went after dinner. There were a lot of people walking too. Yu Qi looked around as her hand had been held by Long Hui.

"I think I want to buy some souvenirs for my family." Yu Qi said.

'Master, I feel something again.' Bo Ya suddenly talked to Yu Qi.

'What?' Yu Qi was startled.

'I mean something from our space is here.' Bo Ya explained.

'Oh... I see. Where is it?' Yu Qi asked.

'Over there.' Bo Ya told Yu Qi.

Then, she saw a stall that stood out. She pulled Long Hui's hand to go and check out the stall.

"Welcome... Welcome... We can a lot of good stuff here." The owner of the stall welcomed Yu Qi and Long Hui.

Yu Qi looked around. Things seemed strange to Yu Qi.

'Master, that weird-looking box is giving out the space's aura.' Bo Ya said.

Yu Qi looked around and saw it. "What is this?" She pointed to a weird-looking box.

### **Chapter 1225: Black Really Suit You**

"Oh, your eyes are pretty good." The owner praised Yu Qi.

It sounded weird to Yu Qi and Long Hui. But they did not care much about that.

"This was craved by a famous box maker. It is Diling Wood." The owner started promoting the box.

"Diling Wood?" Yu Qi did not know or hear about that.

"You don't know about Diling Wood?" The owner smiled.

"Yes." Yu Qi nodded.

"The Diling Wood comes from the Shuling Forest. It is a good wood because it could hold for a long time. It also gives out a good smell. Here, smell it." The owner gave the box to Yu Qi.

"Hmm... it is quite fragrance." Yu Qi nodded. "Can I see the inside?"

"Oh... I am so sorry about that. I can't do it." The owner sighed.

"Why?" Yu Qi asked.

"Because I can't open the box." The owner said.

"Huh? Why? You don't have the key?" Yu Qi did not understand.

"Miss... we don't use keys here. We use our power as the lock." The owner explained. "I also try many methods to unlock the box but it is not successful."

"Owh..." Yu Qi seemed disappointed hearing that.

"I understand that you must be disappointed. But I have other interesting things here. You can look at other things." Seeing Yu Qi seemed to give up on buying the box, the owner quickly changed his tone and promoted other things.

Yu Qi looked at other things and spotted a black bracelet.

"I will take that black bracelet and the box." Yu Qi decided.

"Huh?" The owner was surprised to hear that.

"Is there something matter?" Yu Qi asked back

"You still want the box?" The owner said.

"Yes." Yu Qi nodded.

"Owh... okay... Okay... I will pack it for you." The owner said.

He was happy to finally sell the box. He had the box for quite some time. It was a weird-looking box but a lot of people were attracted to it.

However, when they heard the box could not be opened, they gave up buying it until today.

Yu Qi paid the money. It was a different money system here. They used coins here. Gold coin and silver coin. Dian Qi Qi already told her before coming here. She had been given some money by Great-Grandpa Dian too.

"Thank you, Young lady." The owner said.

Yu Qi was happy got to buy what she wanted. She turned to Long Hui.

"Give me your hand." Yu Qi said to Long Hui

Without saying anything, Long Hui gave a hand to Yu Qi. Yu Qi took out the bracelet that she bought earlier and put it on Long Hui's hand.

"Hmm... Perfect. Black really suits you." Yu Qi nodded satisfied.

"You buy this for me?" Long Hui looked down at the bracelet.

"Yes." Yu Qi nodded.

"Thank you..." Long Hui said.

"You're welcome." Yu Qi smiled.

"Sister Yu Qi, why don't you tell me that you are going out tonight?"

Yu Qi and Long Hui turned around and saw Dian Qi Qi with Dian Shu Xian. Long Hui knew that their date was over when he saw them.

"I just decided with Brother Hui. You are going too?" Yu Qi asked.

"Hmm... Brother Zin Fang did not want to join. He was meditating inside his room. As for Brother Ren Qi, he has a plan with his girlfriend. So, I stuck with Brother Shu Xian." Dian Qi Qi complained.

Yu Qi laughed.

"I want to walk with you, Sister Yu Qi." Dian Qi Qi hugged Yu Qi's left arm.

Long Hui was holding Yu Qi's right hand though. Dian Qi Qi glared at Long Hui. Long Hui just ignored her.

Dian Shu Xian sighed. He could understand Long Hui's feeling right now, having their date been disturbed by someone else. It was not a pleasant feeling. He just could watch the situation.

....

Yu Qi walked up seeing her Long Hui was still sleeping. He looked very calm in his sleep. They returned to the room quite late yesterday.

Dian Qi Qi brought Yu Qi to buy the souvenirs for her family, they almost forgot the time. If Dian Shu Xian reminded them, no one when they would return.

They also met with Dian Ren Qi who just happened to return too. He just dropped his girlfriend to her hotel.

They went to their room respectively. Yu Qi decided to stay inside the space so that they could sleep longer since time flows slower here compared to outside. So, they were in Yu Qi's space right now.

Yu Qi gave the box to Bo Ya to store first. She would take a look at it later when she had time.

"Satisfies with my look?" Long Hui asked while his eyes were still closing.

Yu Qi was startled. "You already woke up?"

"Well, since I could sense someone is staring at my face passionately, I could not sleep anymore." Long Hui answered.

Yu Qi felt embarrassed when she heard that. She automatically stood. However, before she managed to leave the bed, her waist had been pulled and she returned to lay down beside Long Hui again.

"What are you doing?" Yu Qi asked pretending to be angry.

"Where are you going?" Long Hui ignored the anger and asked.

"I want to take a bath first." Yu Qi said.

"Just lay for one hour. It is still early." Long Hui tightened the hug.

"Okay... okay..." So, Yu Qi laid down beside Long Hui.

They did not talk much, just cuddling each other.

### **Chapter 1226: Dian Sibling Meet Again**

The competition had entered the third round. All of the winners from the previous rounds would be competing again. It would be 10 winners. One of them was lucky to not have to fight others to have his place. However, Dian Man Ye withdraw saying that she was no longer participating.

In this round, the participants would be choosing their opponent. If he or she did not want to fight, he or she would be automatically lost. And if he or she had been chosen by their opponents but refused to fight, it would count as a loss too.

So, whether, they wanted or not, they need to fight. After that, they would be on the next round.

The MC called Huo Jinxi first because she was the one who passed the previous round. Huo Jinxi went up to the stage.

She looked at the list of names. Three of them were women. Dian Qi Qi, Yu Qi and A Yue. She knew Dian Qi Qi longer than Yu Qi and A Yue. She knew that Dian Qi Qi was extremely stronger.

As for Yu Qi, she got some information from the fight with Huo Sun Gil. That woman was also strong because she could beat Huo Sun Gil like that.

So, her choice would be A Yue even though having a contracted beast was good but the person would be strong too. In her opinion, she thought she was stronger than A Yue.

"Miss A Yue, please be my opponent." Huo Jinxi called A Yue's name.

A Yue stood up and went to the stage. She knew that eventually Huo Jinxi would be choosing her. So, she was not surprised at all. After all, she was the weaker among the female opponents.

However, she was not scared. Her contracted beast was here fighting together with her.

"Momo, come out." A Yue called out her red fox.

The fight started. The fight began more and more intensive compared the previous round.

Huo Jinxi fought mercilessly. She was the one from Huo who passed to this round. She needed to win this.

A Yue also fought mercilessly with her red fox. The red fox made an attack to Huo Jinxi. Huo Jinxi defended herself.

Huo Jinxi made the attack on the red fox first. She wanted to immobilize the red fox from fighting. She used the special technique from Huo Family the magic barrier.

The red fox was trapped. It looked sad when he knew that it could not help its owner. A Yue used her attack to break the magic barrier but it was useless. So, it could just wait and watch its master fighting alone.

Huo Jinxi made the attack on A Yue. Because A Yue was worried about her red fox, she could not focus on her fight. So, she ended up being kicked by Huo Jinxi.

She coughed some blood. She wiped it off like it was something. She began to focus on her fight with Huo Jinxi.

However, she had been injured. So, the power decreased. After exchanging a few more moves, A Yue collapsed. She lost her consciousness. Her red fox was worried to see its master collapse like that.

The judge saw this and announced Huo Jinxi's win. Huo Jinxi immediately released her magic barrier.

Sensing the barrier was gone, the red fox rushed over to its owner. It licked her owner's face.

Someone took A Yue from the stages. She would be sending healing canopy. People there would treat her.

Next was Dian Qi Qi. She went up to the stage while grinning. Without looking at the list, she called someone's name.

"Dian Shun Xian, come up." Dian Qi Qi called the name.

At home, she needed to treat her brother with some respect. However, in this competition, she did not have to do that.

Dian Shu Xian came out. He already predicted this when seeing Dian Qi Qi smirking while looking at him earlier.

"Brother Shu Xian, just wait to get beat up by me." Dian Qi Qi grinned.

"I don't have any thought of getting the beat from my younger sister though." Dian Shu Xian replied.

So, after hearing the fight started, people thought Dian Qi Qi would be the one who rushed over but it was Dian Shun Xian who made the move.

"Erk..." Dian Qi Qi gulped.

Her brother's speed increased. His power also increased. She made difficulty to defend her body from being attacked by Dian Shu Xian.

She needed some space. She backed off 3 meters from that. She stabilized her stand. After confirming that she prepared herself to attack

She took out the whip. Using that whip, she started to attack. The distance helped to use the whip accurately. Dian Shu Xian could not move the attack because he tried to avoid the whip attack.

Dian Shu Xian observed Dian Qi Qi while he was avoiding the attack. After 5 minutes of being attacked by Dian Qi Qi, he managed to find the flaw.

Dian Qi Qi did the attack using 8 pattern. He avoided the attack while closing the distance between them. Dian Qi Qi was still not realized that. Not until she realized that Dian Shu Xian was already in front of her.

Dian Shu Xian put his power on his fist. And punched Dian Qi Qi. Dian Qi Qi did not have enough time to avoid the punch. So, she just put her defense shield around her stomach.

### **Chapter 1227: Long Hui Fights Bucong Shuye**

However, it was not enough. Dian Qi Qi was already sent out off the stage.

"Dian Shu Xian wins."

Dian Shu Xian bowed to the judge and rushed over to Dian Qi Qi's side.

"Are you okay, Qi Qi?" Dian Shu Xian asked in worried.

"It hurt a bit." Dian Qi Qi could feel some pain in her stomach.

"Let me check you." Dian Shu Xian took her pulse.

Dian Shu Xian was relieved after checking his sister's condition. She just had some internal injuries but nothing serious that could affect her life.

It was Jiang Nan Shu's turn. He chose Qiu Wang. Qiu Wang appeared with his sword. Jiang Nan Shu also took out his sword.

Everyone was surprised to see Jiang Nan Shu bringing the sword. And it was not a usual sword. It was a precious sword, 200 years old sword named Bixin Sword.

It was a famous sword that was used by a famous cultivator. It was made from magma. Everyone could feel the aura of the sword.

"It is a nice sword." Yu Qi praised the sword.

"I wonder if Mr. Qiu could stand against that sword." Dian Zin Fang commented.

Yu Qi did not respond. She felt that Mr. Qiu would be okay if he learned the technique correctly. If he lost, he would lose dignity.

The fight started. Jiang Nan Shu swung the sword. It made a wind. Qiu Wang defended himself from the wind.

Actually, it was not a normal wind. The wind was very sharper. Using his sword, Qiu Wang cut through the wind. It separated and passed Qiu Wang. Then the stage floor looked like someone cut it through.

Everyone was astonished by this. It was a high-level technique for sword users.

"Young Master Jiang already mastered this technique? Wow, as expected from Jiang Family."

"Young Master Jiang is very good."

Qiu Wang narrowed his eyes. He held his sword up.

"Dragonfly technique." Qiu Wang said while he moved closer to Jiang Nan Shu.

This time, everyone was surprised by Qiu Wang's move. It looked weird but fierce. Both swords collided. Making some friction power.

"Qiu Wang's sword could stand Bixin sword. How is that possible?"

"Qiu Wang's sword should be broken by now."

Yu Qi just leaned over to the chair smiling while seeing Qiu Wang. 'Look like he catches the essence of the technique. It is a good thing.'

Just a strong sword only was not enough. The user must need to know about using the sword too. It meant Qiu Wang was stronger using the sword compared to Jiang Nan Shu.

They exchanged a few blows. The longer the fight, the more it was obvious that Qiu Wang was going to win the fight.

Then Qiu Wang made an attack making Jiang Nan Shu lose his sword. The sword was out of his hand. While his neck had been pointed by the Qiu Wang's sword, he had no choice but to surrender.

The judge announced Qiu Wang win. Qiu Wang bowed and left the stage. He happened to pass Yu Qi. So, he slightly bowed to Yu Qi. Yu Qi smiled while nodding at Qiu Wang too.

"You know him?" Dian Ren Qi asked.

"I talked to him before." Yu Qi replied.

"About what?" Dian Ren Qi asked again.

"About the sword technique, I can use the sword too." Yu Qi smiled.

"You can use the sword too?" Dian Zin Fang was also interested to know.

"Well, I can use a lot of methods like sword, dagger, whip, lance, spear, ax, bow..." Yu Qi began to list the weapon.

"Okay... Okay... I get it." Dian Ren Qi made a stop signal.

"Sister Yu Qi, you are amazing." Dian Qi Qi showed admiration in her eyes.

It was Long Hui's turn. The names... Only 3 left. Yu Qi, Dian Zin Fang and Bucong Shuye. He chose Bucong Shuye. The reason? Because Bucong Shuye seemed interested in Yu Qi. He would not give him another chance to get closer to Yu Qi.

Bucong Shuye walked up to the stages. He looked at his opponent. Even though it was Long Hui joined the competition, his strength should not be underestimated.

The match began. None of them ever moved. However, people could feel the tension between them.

"Wow, they already mentally fighting."

"I don't expect that this Long Hui is this terrifying."

"Bucong Shuye is also good."

Then, Bucong Shuye made the first move. They then saw a shining thing in Bucong Shuye. It was a dagger. Everyone was shocked. Long Hui would not notice it. He could not avoid being injured like that.

However, to everyone's surprise, Long Hui also managed to defend himself from the dagger.

"Look at Long Hui's hand."

"He has a dagger too."

Once Bucong Shuye's dagger touched Long Hui's dagger, Bucong Shuye distanced himself.

He narrowed his eyes. "Mr. Long, you are very strong."

He could tell when their daggers touched each other just now. If he did not distance himself right now, he might be injured.

"Thank you." Long Hui just accepted the praise.

Dian Ren Qi laughed. "Your fiancée is funny. Bucong Shuye's face turns black."

Yu Qi chuckled. She also felt funny.

Bucong Shuye began his attack again. This time, his dagger already turned its shape. It became a sword right now.

The situation became more difficult for Long Hui. Bucong Shuye had more advantages while using the sword compared to Long Hui who just used the dagger.

## **Chapter 1228: Intense Battle**

Bucong Shuye smirked. With the sword, he attacked Long Hui. Everyone around Yu Qi watched in worried but Yu Qi was pretty relaxed.

She leaned over to the chair while crossing her hands and legs. She looked pretty calm with it.

"Are you not worried about your fiancée?" Dian Shun Xian asked.

"Don't worry. He would be alright." Yu Qi smiled.

At first, it looked like Bucong Shuye had the advantage because he used the sword. His range of attack should be increased. But this situation right now showed the opposite scene.

Long Hui quickly slipped out of Bucong Shuye's attack. He also managed to make some moves toward Bucong Shuye. Bucong Shuye also avoided the attack.

"Wow... He is so great." Dian Ren Qi subconsciously praised Long Hui.

"How did he do that?" Dian Qi Qi asked.

"He is a soldier. He has been trained well." Yu Qi did not reveal anything.

Actually, Long Hui learned a lot of battle techniques inside her space. She would not be so surprised if he combined everything he learned.

The fight was very intense. Both of them had some injuries. The longer the fight, the more dangerous it would be.

Long Hui wanted to end the fight soon. He did not want his beloved Qi Qi to be worried about him even though he liked that she was worried about him.

'His speed increase.' Bucong Shuye thought.

He decided to increase his speed. Bucong Shuye noticed that and frowned when he saw it. He swung his sword blocking Long Hui from approaching him.

Long Hui stopped his step. He observed Bucong Shuye. He was making his plan. Then, he glanced at Yu Qi.

Yu Qi smiled and nodded at Long Hui. The corner of Long Hui's lips curved up.

Bucong Shuye also looked at Yu Qi. Looking at the couple exchanged glances at each other making him annoyed. With that, Bucong Shuye attacked Long Hui.

"Sword technique, Sakura Scatter." Bucong Shuye shouted.

The wind started to become stronger around Bucong Shuye. The pink flower suddenly appeared in front of him.

"Bucong Shuye already become this stronger."

"Bucong Shuye has mastered this technique."

People kept talking about how amazing Bucong Shuye was that he could master the technique.

"Congratulations Bucong Head. You get an outstanding heir." Jiang Head praised Bucong Shuye.

"Our Shuye earned it. He has been practicing hard." Bucong Guang put an arrogant look. Then he looked at Grandpa Dian and Gear Grandpa Dian. "Elder Dian, Kun Ze, forgive us in advance.

"The fight does not end yet." Grandpa Dian said.

"I think it would be pretty obvious who is going to win this fight." Bucong Guang smirked.

Grandpa Dian did not reply to Bucong Guang. Bucong Guang did not think much about them. He knew that they would be pretty upset about this.

On the stage, Bucong Shuye swung his sword. The pink sakura petal followed the direction that his sword swung at.

Long Hui could tell that the petal was dangerous. So, he jumped aside to avoid the petal but he did not manage all of them. The petal passed through his skin. The blood instantly came out of the place the petal touched.

Seeing this situation, Yu Qi narrowed her eyes. This technique, she had read it before. However, it had a different name. Its name was Senbonzakura Sword. She did not expect to see it here.

She became more confident that the previous owner or first owner of this space came from this cultivation world. It was worth coming to this cultivation world.

Everyone felt that Long Hui should give up this fight. Facing the amazing technique, they did not think that Long Hui could win against this technique.

Long Hui kept avoiding the petal. Like the first attack, he got injured. He already figured out how to win. Then, of a sudden, Long Hui disappeared from his current position.

Everyone was shocked to see him missing, but even more surprised to see he was right behind Bucong Shuye. His dagger pointed straight into Bucong Shuye.

Bucong Shuye stopped swinging the sword. He could easily attack Long Hui right now. However, he might be hit too by the petals.

The petals would injure anyone on their way. Since Long Hui was right behind him, it had 100% possibility that the petals would hit him too.

'He must figure it out. Otherwise, he would not be going something like this.' Bucong Shuye thought Long Hui already knew how to counterattack the technique.

"You should surrender now. Otherwise, you will lose your head right." Long Hui said.

"You want to kill me in front of everyone? You would not dare." Bucong Shuye sneered.

"Even though I could not do that, I still can injure you right?" Long Hui said.

Right after his sentence, his other hand which held another dagger lifted up. Wanting to strike the shoulder.

"I surrender." Bucong Shuye shouted.

The dagger stopped 2cm from Bucong Shuye's shoulder. Everyone was aghast with what they watched right now.

The judge snapped. He quickly announced the result.

"Long Hui wins."

Long Hui left the stage, heading to Yu Qi. Yu Qi was worried to see Long Hui's appearance right now. How bloody.

The judge announced the next fight would be continued after the lunch break.

"Brother Hui, let's treat your wound." Yu Qi said.

"Let's buy heal potion from the healer. The wound would disappear after drinking that."

## **Chapter 1229: Another Sword Technique From The Space**

"Heal potion?" Yu Qi did not know that.

"Yeah. But it is super expensive though." Dian Qi Qi nodded.

Yu Qi nodded agreeing to buy it. She did not care about the price as long as Long Hui healed. She could treat him normally but the healing process would take some time.

Long Hui was the winner. He would have to fight again later. So, he needed to be in his best condition.

"You should look at Bucong Jiye. She was hurt badly when she fought with me. But on the next day, she is totally fine. That was the power of the heal potion." Dian Qi Qi explained.

As Dian Qi Qi explained, they arrived at the healer canopy. Dian Qi Qi talked to one of the healers there and they managed to buy one bottle of the healer potion.

"How to use this?" Yu Qi asked.

"Just drink. It might not delicious. But just hold on." Dian Qi Qi said.

"Brother Hui, drink this." Yu Qi helped Long Hui to drink the potion.

Long Hui drank all of it. The wounds started to heal. Yu Qi and Long Hui were astonished when seeing this situation.

"How do you make this potion?" Yu Qi asked.

"I don't know." Dian Qi Qi shook her head.

"Can I ask them?" Yu Qi pointed to the healers.

"Even if you ask them, they will not tell you. Because this is a good business for them." Dian Shu Xian said.

"Owh..." Yu Qi was disappointed.

"By the way, I am surprised to see the heal potion works on Long Hui." Dian Shu Xian looked at Long Hui.

"What do you mean by that?" Yu Qi was surprised by that statement.

"The heal potion only works on the cultivator's body. Meaning Long Hui had reiki inside his body." Dian Zin Fang joined the conversation.

"Really?" Yu Qi could not believe that.

"Well, he is probably from a cultivator family that leaves the cultivation world. Who knows. You should ask him." Dian Ren Qi said.

Long Hui who also heard the conversation, was surprised about the news.

"Do you know anything, Brother Hui?" Yu Qi asked.

"I don't know." Long Hui seriously did not know about that.

What he just knew about his family history, they came from the general family that protected the country for generations.

'Master, it is probably because of your space. The air inside the space contains the trace of reiki. Master's man stays in the space for such a long time. He probably gets it from that.' Bo Ya explained the theory that he could think about.

'I think that is that valid reason.' Yu Qi also felt that was the reason.

"I don't care much about that. If the heal potion works on Brother Hui, I am really grateful about that." Yu Qi said.

"Yeah. Why should we think hard about that? We should think hard about that if the wounds don't heal." Dian Qi Qi nodded.

"Yeah. I read from some records that the injuries from Sword Technique: Sakura Scatter are hard to heal if we don't use the heal potion." Dian Zin Fang said.

Hearing that, Yu Qi was relieved that the heal potion worked on Long Hui's body. Otherwise, those wounds were hard to heal.

"Let's go and eat lunch. You will fight Brother Zin Fang later. You need the energy to beat him." Dian Qi Qi said to Yu Qi.

"Owh, you want Yu Qi to beat me?" Dian Zin Fang narrowed his eyes at Dian Qi Qi.

Dian Qi Qi forgot about Dian Zin Fang for a moment just now. She grinned. "No... no... The fight is fair."

"I am also excited to fight with you, Brother Zin Fang. Please, don't hold back later." Yu Qi nodded.

Dian Zin Fang did not know what to say. His cousins were maniac fighters.

They went to eat something. Yu Qi asked Long Hui several times about his body. She did not satisfy even though she already checked Long Hui's pulse several times.

Long Hui was helpless when seeing Yu Qi concerned about his body.

"Don't worry about him. I am fine." Long Hui said to Yu Qi.

"We will do the full checkup on your body tonight." Yu Qi whispered.

Her space had complete equipment for the full body checkup. So it would not be so hard.

"By the way, the sword technique that Bucong Shuye use earlier, is it a special technique from Bucong's family?" Yu Qi asked while eating.

"Yeah. The Bucong family should be able to use the technique. The younger generation who knows to use the technique would be candidates for the next heir. It seems the next heir of the Bucong Family has been decided." Dian Zin Fang explained.

"Owh. Meaning only Bucong Shuye knows to use the technique among the younger generation." Yu Qi grasped the situation.

"If Bucong Shuye can use the technique in last year's competition, I don't think Brother Zin Fang would be the winner." Dian Ren Qi commented without thinking. After he realized that, he looked at Dian Zin Fang while grinning.

"I think so too." Dian Zin Fang admitted.

"But you don't have to worry anymore because Bucong Shuye can not participate anymore in this competition next year." Dian Ren Qi said.

"Why?" Yu Qi tilted her head.

"Because he is already thirty years old next year." Dian Ren Qi said.

#### **Chapter 1230: Win Against Last Year Winner**

After the lunch break, they gathered again at the venue. Without wasting any time, Yu Qi and Dian Zin Fang went up to the stages.

Everyone was excited to see the match. It was Dian Family's fight. Which one would be winning the fight? The newbie or the veteran?

"Who do you think will win this match, Sun Qin?" Huo Xi asked

Great Grandpa Dian smiled. "I don't know."

"It must be Dian Zin Fang. His opponent is a woman. It would be a shame if he lost to a woman." Bucong Guang made an ill comment.

He was so angry that Bucong Shuye lost. Bucong Shuye could not even enter the next round. It made Bucong Guang feel bitter. However, when he thought about Bucong Shuye having already mastered the family technique, he slightly felt better.

"You don't mind worrying about Dian's Family. Even though one of them lost, Dian Family could enter the next round." Great Grandpa Dian smirked.

Hearing this, Bucong Guang kept his mouth up.

"You still don't change at all. Your mouth is poisonous." Huo Xi commented.

"Humph, he is bitter because his family does not have the chance to enter the next round." Great Grandpa Dian snorted.

The fight started. Dian Zin Fang did not treat her as his sister right now. But as an opponent. He knew that Yu Qi was stronger than he had ever seen before.

Yu Qi took out the whip. She planned to use it for this fight. As for Dian Zin Fang, he took out his sword.

"Brother Zin Fang took out his sword. Meaning he will go in the full mode." Dian Ren Qi commented.

"Brother Zin Fang treats Yu Qi as a worthy opponent." Dian Shu Xian commented.

"Unlike someone." Dian Qi Qi added.

"You..." Dian Ren Qi glared at Dian Qi Qi.

As they spoke, the fight started. Dian Zin Fang made a few attacks on Yu Qi. Of course, Yu Qi avoided the attack.

It was her turn to attack. Using the whip, she attacked Dian Zin Fang. Dian Zin Fang managed to avoid the attacks but missed one at the end.

The blood appeared on Dian Zin Fang's leg meaning the attack managed to land on Dian Zin Fang's leg. Ignoring the pain, Dian Zin Fang began to attack Yu Qi again.

This time, Yu Qi was not lucky because Dian Zin Fang managed to stab Yu Qi's shoulder and she held the whip. Yu Qi frowned for a moment.

Both of them tried to give injuries to their opponent. It had continued for about half an hour. Multiple injuries appeared on both of them.

Dian Ren Qi remembered Dian Zin Fang's state when the last time Dian Zin Fang fought with Bucong Shuye.

As for Long Hui, his face was grim as he watched the fight. His beloved Qi Qi's body was full of wounds. How could he calm when seeing something like this?

But he could not disturb the fight because he could see that Yu Qi was having fun fighting with Dian Zin Fang. He even saw a faint smile on Yu Qi's lips.

Yu Qi avoided Dian Zin Fang's attack. When he wanted to distance himself, he felt some pain in his feet making him miss his step.

Yu Qi saw this as an opportunity. Using her speed, she appeared behind Dian Zin Fang and made her whip wrapped around Dian Zin Fang's neck.

The moment Dian Zin Fang saw this, he knew he already lost to Yu Qi.

"I surrender." Dian Zin Fang said with a smile.

The fight ended with Yu Qi's victory. When they were about to get down from the stage, Dian Zin Fang could feel the pain in his feet making it difficult to walk.

Yu Qi quickly helped him to walk. Dian's Siblings also rushed to help their brother. Yu Qi took out the heal potions that she bought earlier.

She gave one bottle to Dian Zin Fang and she drank another bottle. The wounds started to heal themselves. She was still mesmerized by this situation.

If this potion could be used outside the world, it would be fantastic. But it only worked on the cultivator's body. It would not give any effect on a normal human.

However, she already decided to try and brew the potion. She already knew the ingredients when she drank the potion herself. She just needed to know the method to make the potion.

Since the people would not tell her about that, she needed to figure it out herself. As to why she wanted to make this potion because she wanted to give it to Long Hui.

Long Hui would be in great danger when he went out doing his mission. If he had this potion, Yu Qi would be less worried about him.

"How are you, Brother Zin Fang?" Yu Qi asked.

"I am already okay. Thank you." Dian Zin Fang nodded.

His wounds completely healed as he drank the heal potion.

The audience was shocked by the result. The people who they assumed to be the final round were lost. The unknown people managed to enter the final round.

They were actually betting on who going to be in the final round and the winner. The bet was opened before the competition started and closed right after the competition started.

They had this bet to make things lively. Everyone could make their bet.
