

INTELLIGENT 1231

Chapter 1231: Betting On Her and Long Hui Names

Of course, Yu Qi and others knew too. Yu Qi also made this bet. She made the bet on herself and Long Hui. Long Hui saw that and put his bet the same as Yu Qi made.

Only two of them made that bet. The majority of them were betting on Dian Zin Fang and Bucong Shuye. It was because they were the finalist for last year's competition. This meant they had lost their bet.

"I lost my bet."

"Me too. This is unbelievable."

"How could Bucong Shuye lose?"

"Dian Zin Fang also lost."

"Are they planning this?"

"I don't think."

"My money!!"

"I thought I will make some profit from this competition."

"How unlucky!!"

Yu Qi heard the discussion and smiled. Long Hui noticed it.

"I think we make some profit." Yu Qi whispered to Long Hui.

"Hmm... But what are you going to do with that money? We can not use the money outside. You only can use it here." Long Hui said.

"I already have the plan." Yu Qi smiled.

At first, she thought, she was going to use the money to use the herb here. But after seeing the heal potion, she was interested in that.

She would use the money to buy the potions. She would recreate the potion and sell them in the cultivation world at a cheaper price. So that everyone could afford that.

As for coming to the cultivation world, Bo Ya told her that they had the same device as Dian Family had. So, it would not be a problem. If her device did not work, she could use borrow Dian's Family's device.

The fourth round for this year's martial arts competition. Bucong Guang already left after Yu Qi won the match. He did not have any intention to watch the competition anymore because none of his family managed to enter the final round.

This round was a bit different because they would have to fight multiple times in order to determine the winner.

The first match would be the Qiu Wang and Huo Jinxi. It was a quick fight. Qiu Wang won the match. Huo Jinxi did not feel bad because she already knew that she was not a match for Qiu Wang.

The second match was between Long Hui and Dian Shu Xian. Dian Shu Xian knew that he would be lost to Long Hui. But he was not giving up.

Because he knew if he gave up so easily, his great Grandpa and Grandpa would be lecturing him and making him practice more than usual. He would not afford that because he had another thing to do.

Their fight lasted about 2 hours before Dian Shu Xian finally gave up.

The next match would be continued on the next day.

.....

Great Grandpa Dian told all the Dian Family members to gather at the restaurant. He wanted to celebrate Yu Qi, Long Hui, and Dian Shu Xian who successfully entered the final round.

Great Grandpa Dian asked his son to book a hall for the dinner. He sat together with Grandpa Dian and other elders of the Dian Family.

Great Grandpa Dian stood up and grabbed his drink.

"It has been a long time since I watch the competition. I was sick until last year. So, I am happy to see my descendants compete in this year's martial arts competition. Congratulation to Dian Shu Xian, Long Hui, and Yu Qi to manage to squeeze the place in the final round." Great Grandpa Dian lifted the up and drank.

Everyone followed his lead.

"This is just a small dinner. We will have a celebration dinner outside later." Great Grandpa Dian said.

Dian Shu Xian, Long Hui, and Yu Qi did not allow them to drink the alcohol because they felt it might affect tomorrow's performance.

Yu Qi did not care much because she knew that Long Hui would never allow her to drink alcohol. So, she obediently drank the juice.

"You will fight two or three matches in this final round." Dian Zin Fang said according to his experience. "If you think you can end the fight quickly, you should."

"I hear from some that the ancestor would be coming tomorrow." Dian Qi Qi said.

"An ancestor?" Yu Qi tilted her head.

"Yeah. He lives for such a long life." Dian Qi Qi nodded.

"Oh... But why are you seem excited?" Yu Qi looked at Dian Qi Qi.

"Because he is a handsome man." Dian Qi Qi said.

"Wait, you said it is an ancestor?" Yu Qi lifted up her eyebrow.

"Yes, but he has a handsome face." Dian Qi Qi smiled.

"How do you know that? He always wears a mask. And usually, put some mist when we look at him." Dian Ren Qi said.

"Well... I saw his face coincidently one time." Dian Qi Qi grinned.

They never expected that. Others imagined that the ancestor was a strong old man.

"But he is an old man because he lives longer than our Great Grandpa." Dian Ren Qi said.

"Longer than our great Grandpa? Are you serious?" Yu Qi asked in shock.

"Yes. We confirmed it by asking Great Grandpa. He even says that the ancestor is an immortal." Dian Zin Fang nodded.

Yu Qi became interested to get knowing about the ancestor. As a doctor and researcher, she would like to see this ancestor. Dian Qi Qi said, he would be coming tomorrow. She just needed to wait then.

Chapter 1232: The Ancestor Came

At the top of the mountain lay one normal-looking grave. It only had a stone mark with 'Yue' name carved on the stone.

Then, a man with a purple robe came running toward the grave. When he arrived in front of the grave, he fell on his knee. His lips trembled as he watched the name on the stone.

"No... It can't be... No... It is a lie." The purple robe man mumbled.

His eyes were shaking. Not long after that, the tear flew down his eyes. It was a silent cry. He kept watching the name.

It was his fault. He should not leave her. He should stay by her side. Otherwise, this would not happen to her.

He kneeled in front of the grave for a long time. He already lost his will to stay alive. The world was nothing without her. He felt she must be lonely here. So, he wanted to accompany her.

The time passed. The purple robe man was still in front of the grave. Another man came. He was wearing a white robe.

"You should go come. She does not want you to be like this." The white robe man said.

The purple robe man looked at the white robe man. "I am sorry."

The white robe man sighed. "It is not only your fault. It is our fault too. We don't manage to protect her."

The purple robe man was silent.

"The people who were involved in her death already died. You should continue your life." The white robe man advised.

"I don't want to live anymore. I am waiting for my death." The purple robe man said.

"You..." The white robe man did not know what to do say.

"Please bury my body next to her." The purple robe man requested.

"No. I don't want to disturb my sister's afterlife." The white robe man declined.

However, the purple robe man did not answer him anymore and kept staring at the craved name on the stone.

The white robe man waved his sleeve and left the place.

Two hundred years passed. The white robe man decided to visit the grave again. He was shocked to see the purple robe man was still there. However, only his body was there. He was dead.

The white robe man sighed. Remembering the request from the purple robe man, he buried the purple robe man's body beside the grave.

After finishing everything, the white robe man stared at the graves. He sighed.

"I hope both of you are happy over there."

He left the place after that. He even sealed the place. So that, people would not find this place and disturbed the graves.

.....

Long Hui woke up from his sleep. He breathed hard. He felt his face was wet. When he wiped his face, he knew that it was his tear. He was crying.

He was confused. He did not know why was he crying in his sleep.

Yu Qi who slept beside him woke up, rubbing her eye while looking at Long Hui.

"What happens?" She asked Long Hui with sleepy eyes.

"Nothing... you can sleep." Long Hui laid down again and hugged Yu Qi.

Feeling comfortable, Yu Qi immediately slept. Long Hui was still not sleeping. He was thinking about what just happened. He was crying in his sleep.

When he wanted to recall what he dreamed before he woke up, he could not remember that. But the terrible feeling from the dream, he could still feel it.

He could feel the movement from Yu Qi. Yu Qi tightened her hug on him making him smile. Since he did not know the reason why he cried in his sleep, he would just forget about that.

When he thought that, naturally, he went to slumber again.

....

"I can't wait to see the ancestor." Dian Qi Qi said.

They already finished breakfast and headed to the venue. As mentioned yesterday, the ancestor would be coming. The venue was already packed with people.

Since the martial art competition already entered the final round, a lot of people came to see the final round. It was more lively than the previous days. People were also talking about the ancestor.

Then, the MC asked people to keep quiet. A man with a white robe man wearing a silver mask entered the venue with the elders.

He walked beautifully like an angel. He stopped for a moment, taking a look at the people around before stopping the Dian Family's canopy. His eyes narrowed for a moment before returning to normal.

He then continues to walk to the seat which was prepared for him. He took a seat. The elders also sat.

"I want to see the participants for the final round. Can you step up on the stage?" The ancestor said.

The ancestor was speaking in a normal voice but everyone could hear that because people were silent.

The MC asked the participants for the final round to come forward to the stage. So, they went up.

Huo Jinxi was quite nervous. So, she misstep and was about to fall before Yu Qi grabbed her hand.

"Tha... Thank you." Huo Jinxi thanked Yu Qi.

"Be careful." Yu Qi said.

"Hmm.." Huo Jinxi nodded. She was actually nervous.

The ancestor looked at them. "We have some good seed this year too."

His eyes were scanning one by one the faces, before stopping at Yu Qi. Yu Qi also knew that the ancestor was looking at her.

Chapter 1233: Interest In Her

"We should begin the competition now." The ancestor said.

With that, the MC called Yu Qi and Qiu Wang's name. Qiu Wang and Yu Qi went up to the stage. After bowing to each other, the match began.

Qiu Wang took out his sword. He had been studying hard the manual that Yu Qi gave to him. His skill was increasing. He was grateful to Yu Qi but he needed to win this competition so, he would not hold back when fighting with Yu Qi.

Yu Qi also took out her sword. But not one but two. She was holding two swords with her hands.

Everyone was surprised to see the two-sword technique because it was so difficult to learn it. So, it was rare to see someone with the two-sword technique in this cultivation world.

Qiu Wang was also very surprised. He did not expect Yu Qi with the two-sword technique. As a sword user, he tried to learn the two-sword technique before. However, he gave up because it was so difficult and he did not have any manual.

Yu Qi moved her swords a little. After getting the feeling, she made her first move. She attacked Qiu Wang using her two swords.

Qiu Wang defended the attack by blocking the sword. But the more Yu Qi attack him, the more that he could feel the attack on his sword.

The power that Yu Qi used increased more and more. He wanted to let away from Yu Qi. So, he tried to kick Yu Qi. Yu Qi immediately distanced herself.

Qiu Wang took a relieved breath. But he needed to think to counterattack Yu Qi. He could not let Yu Qi dominate him. Qiu Wang used the skill that he learned from the manual to attack Yu Qi. It was his turn.

It was the fire sword technique. The sword was surrounded by a flame. Qiu Wang swung the sword toward Yu Qi. The small fireballs appeared and flew to Yu Qi.

Yu Qi crossed her swords and a layer of defense protection appeared in front of her, protecting her from the fireballs.

Everyone was very surprised to see both of their techniques. Qiu Wang and Yu Qi were the newcomers. They participated in this martial art competition for the first time.

So, they did not expect that they would be this great. If yesterday they thought these people were just so lucky to enter the final, this time they threw the thought away. They were strong.

Yu Qi formed a white layer around her swords. Then, made the move to Qiu Wang. This time, she used her two swords simultaneously.

Qiu Wang moved to the defense position but still, he ended up kneeling down on his knee because he would not the pressure. When he looked up, he could see that Yu Qi's swords did not even touch his sword.

The pressure increased again. This time, Qiu Wang could not hold anymore. More than this, he was pretty sure that he would be crushed by the pressure.

"I surrender!" Qiu Wang shouted loud and clear.

Hearing that, Yu Qi immediately pulled her swords away. Qiu Wang was very relieved when the pressure that could crush her body went away.

The judge announced Yu Qi won the match.

"Miss Tang is very strong. It is my honor to fight with you." Qiu Wang saluted Yu Qi.

"Thank you." Yu Qi smiled.

"Both of them are pretty strong. Never see them before." The ancestor commented. There was a trace of laziness in his voice.

"It is indeed their first time participating in this competition. Qiu Wang is a solo participant while Tang Yu Qi is from Dian Family's family." Huo Xi answered.

Other than Huo Xi and Great Grandpa Dian, others felt that they did not worth speaking with the ancestor.

"Dian Family?" The ancestor asked.

"Yes, Your Grace, it is my family. My Great Granddaughter." Great Grandpa Dian answered.

"Owh, why does her surname different?" The ancestor asked again.

People could feel that the ancestor seemed to take an interest in Tang Yu Qi.

"Oh, she is from my daughter's family. That is why the surname is different." Great Grandpa Dian said.

Even though some of the people already knew about this, the people who still did not know about that were a little bit surprised by the news. Not many knew that Great Grandpa Dian had a daughter.

"I see." The ancestor did not say much about that and went silent again.

The next fight was between Dian Shu Xian and Huo Jinxi. They went up to the stage. It was rather a quick fight. It was over with Dian Shu Xian's win.

Huo Jinxi was slightly injured. Dian Shu Xian helped her to go down. This act made someone jealous. Jiang Hani gritted her teeth when seeing the man who refused her to help another woman.

"Why does he act like this to another woman but not to me?" Jiang Hani mumbled. Then she turned to her brother who sat beside her. "Why does he act like that to another woman but not to me?"

Jiang Nan Shu was stunned for a moment, and could not understand what Jiang Hani tried to say to him.

"Huh? What are you talking about?" Jiang Nan Shu asked.

"Just forget." Jiang Hani felt annoyed when Jiang Nan Shu did not understand him.

Jiang Nan Shu nodded. He could see that Jiang Hani seemed to be moody. But he did not think much about that and assumed that she was in her one-month situation. That's all.

Chapter 1234: His Weapon

The next fight was between Long Hui and Qiu Wang. Both of them bowed to each other before starting the match.

Qiu Wang quickly wielded his sword and waited for Long Hui to take out his weapon. Long Hui took out his weapon. A dagger.

The audience were surprised to see the weapon. Even though Qiu Wang's sword was a normal one, but it was still better than Long Hui's dagger.

They thought Long Hui was playing around for him to take out such a weak looking weapon.

"I don't think he will win using that dagger."

"Are you stupid? Do you already forget how Bucong Shuye lost to this man and that dagger can change its shape?"

Someone reminded the epic fight that happened not long time ago. Hearing that, people nodded several times. How could they forget about that?

"Yeah. I won't forget that."

"That fight is very good."

Yu Qi smiled as she heard that. That dagger was from her space. It was true that the dagger could change its shape but it was not magical weapon.

It was just some mechanics trick. One of the previous owners of this space was probably some maniac creator. He created a dagger that could change its shape using some mechanisms and put inside the dagger.

When someone clicked on the button at the centre of the dagger, it would automatically change the shape.

Long Hui was looking for some weapon for him to use. Yu Qi told him to choose one from the weapon room. So, Long Hui went to choose one for him.

Upon looking at the weapons, Long Hui saw this dagger. He thought it was good for secret weapon. So, he picked up the dagger and tested it.

Then Yu Qi asked him whether he found something one. Long Hui showed the dagger. At that moment, he accidentally clicked on the button.

The dagger changed its shape into a sword. Both of them were very very very surprised. They were looking at each other, stunned about this.

Long Hui felt it was a perfect weapon for him. Since then, he kept it with him.

Back to the fight, Qiu Wang swallowed his saliva. He was so nervous. However, he could not run from this. Making up his mind, he was the one to make the first move.

Long Hui avoided the attack one inch from his face. He felt that Qiu Wang became stronger but he also became stronger after joining this martial art competition.

Long Hui replied to Qiu Wang by attacking Qiu Wang multiple times. Qiu Wang managed to avoid some of the attacks but not all of them.

Blood appeared on Qiu Wang's clothes meaning Long Hui's attacks did hurt Qiu Wang. Qiu Wang gritted his teeth holding back the pain.

Qiu Wang concentrated some energy to his sword. He was using the same technique that he used to fight with Yu Qi before.

Yu Qi was slightly worried about this. Long Hui was a normal human, not a cultivator. He did not have any reiki inside his body. So, she was a little scared about this.

Qiu Wang rushed to Long Hui and attacked Long Hui. Long Hui quickly changed the dagger to the sword and defended himself.

Yu Qi was surprised to see the sword managed to defend the attack from a reiki sword. It seemed the dagger aka the sword was very interesting.

Long Hui distanced himself for a moment. And began to attack Qiu Wang mercilessly. He combined several style on his attacks. Everyone who a sword user was shocked to watch this. They thought that this man was an abnormal like his fiance earlier.

Long Hui increased his speed. The speed that Qiu Wang could not manage. So, he had been stabbed multiple times by Long Hui.

The pain increased. Because of the pain, his movement decreased. At this time, he knew that he would not able to win this match.

"I surrender!" Qiu Wang shouted.

Long Hui was about to stab Qiu Wang's shoulder, stopped one cm from the shoulder. The wind blew passing Qiu Wang's face. It made Qiu Wang knew that the pressure from the attack was very very strong.

The healers rushed to Qiu Wang's side. Because it was the final round, the finalists would be treated for free. So, Qiu Wang would not have to worry about the cost.

The next match was between Dian Shu Xian and Yu Qi.

"Sister Yu Qi, beat him up." Dian Qi Qi cheered up Yu Qi.

"Qi Qi, you know that I am your brother, right?" Dian Shu Xian asked.

"Yes. So, what?" Dian Qi Qi put a proud face.

Dian Shu Xian smiled hopelessly. Both of them went up to the stage.

"The man is your descendant too?" The ancestor asked Great Grandpa Dian.

"Yes, Your Grace." Great Grandpa Dian nodded.

"Oh..." The ancestor replied making everyone confused with this.

Even though the ancestor came every year competition, he did not pay much attention to the finalists. He just looked at fight with a boring look.

However, this year, the ancestor talked more than he usually talked. So, it surprised others. This year competition had a lot of surprise.

From Great Grandpa Dian coming to watch the competition, the new member of Dian Family, the participants that they expect to enter final round failed, and the ancestor's weird behaviour, everything happened in this year martial art competition.

Chapter 1235: Final Match

As expected, Dian Shu Xian lost to Yu Qi. They had some injuries that could be easily healed. The competition had its break and would be continued after the lunch break.

"The next fight is probably between Yu Qi and Long Hui." Dian Zin Fang said.

"Yeah." Yu Qi nodded. She also had that possibility. She looked at Long Hui. "We are going to fight each other later."

"Hmm..." Long Hui responded.

"Are you going to surrender?" Dian Ren Qi asked Long Hui.

"Nope." Long Hui shook his head.

"No." Yu Qi also answered that.

They looked at Yu Qi and Long Hui.

"If we are going to fight, we will fight seriously." Yu Qi said.

"Hmm..." Long Hui nodded.

He knew that his beloved Qi Qi would not allow him to do such thing like surrender without a serious fight. She would think that Long Hui thought she was not worth to fight.

"If I am stronger than him, I will win the fight. If I am weaker than him, I will lose. It is simple as that." Yu Qi said.

The lunch break ended. The competition continued. As they predicated, Yu Qi would be facing Long Hui. Both of them went up to the stage together. Everyone knew that they were a couple.

The judge started the fight. Long Hui took out the dagger than he used in the previous fight. He immediately changed the dagger to the sword.

"It seems he will go all out."

"Really? I don't believe that. She is his fiancée. He might go easy on him."

"We can just wait and see."

Yu Qi also took the sword. But she took out two of them. Everyone became excited to see the two swords. It was indeed rare for the two-sword users to exist.

Long Hui and Yu Qi did not immediately start the physical fight. They were staring at each other for a long time. In other words, they were fighting mentally.

Yu Qi was thinking how to counterattack Long Hui's moves later. Long Hui also did the same thing. Since they were battling each other in space, they knew each other.

Then, it was Yu Qi who made the first move. She used one of her sword to attack. Without giving Long Hui to respond, she moved another sword.

Long Hui managed to defend for the first move. Seeing another sword coming toward him, he distanced himself.

Everyone was so shocked. Why? Because Yu Qi and Long Hui were moving so fast. What they saw were after image. It was the speed that they had never seen before in this competition.

They could assume that this was their true speed. In the previous fights, even though Yu Qi and Long Hui were slightly fast but the audience could see them.

Right now, they were having hard time to watch the fight because the speed was very fast. Only people with a high cultivation could easily see them.

"How can they be so fast like this?"

"Does this mean they were not serious before?"

"I think because their previous opponents did not have the speed like them, so, they did not have to use it."

"They are probably always fight each other like this."

"Hmm... I hear they are a couple."

The people commented.

"Congratulations Sun Qin. Your younger generation is very good." Huo Xi commented.

"Even I don't know about this." Great Grandpa Dian said.

He did fight with Long Hui and Yu Qi before but he did not know about this. They never used such amazing speed.

The fight continued. Even though the audience could not see the fight properly, they still could feel the effect when their swords collided.

Yu Qi was having so much fun. She attacked Long Hui like crazy. Long Hui was smiling helplessly seeing his fiancée having fun hacking him like that.

He fell in love with her because of this. He remembered the first time he met her. She at that time was very attractive to him.

The fight continued for two hours. Before it ended with Yu Qi's victory. Both of Yu Qi's swords were stopped at Long Hui's neck after Long Hui shouted that he surrendered.

"I win." Yu Qi said happily.

"Hmm... Congratulation." Long Hui pulled Yu Qi and kissed her on the spot, on the stage.

The audience was taken aback with this couple. Why do they have to feed them with the dog food? They rolled their eyes when seeing the kiss.

Some of them were excited to see the romance on the stage. They did not expect to see the love story on the stage. It was not a common thing in this competition. The MC coughed several times. Long Hui released Yu Qi from the kiss. Yu Qi was feeling embarrassed. Her face turned red.

"Idiot." Yu Qi mumbled.

"Yeah. I am an idiot. Let's go down. People are watching us." Long Hui pulled Yu Qi.

"Who's fault do you think?" Yu Qi glared at Long Hui with her red face.

"I know, mine." Long Hui just grinned.

They went to their seat.

"You are amazing, man." Dian Ren Qi commented.

He was not commenting about the fight but the kiss. His cousin in law was not shy at all kissing his cousin in the public like that. He could never do it. It was so embarrassing.

Long Hui just had a faint smile on his lips.

Chapter 1236: First Place and The True Identity of The Ancestor

The MC told the audience. The match between Long Hui and Yu Qi was the last fight. The list of the winners appeared on the air.

Yu Qi's name came on top of them. Second place was Long Hui. The third place belonged to Qiu Wang. The fourth and fifth places were Dian Shu Xian and Huo Jinxi.

Next was the prize-giving ceremony. The ancestor came to deliver the prize to the winner. It was a great honor for the participants to stand close to the ancestor.

The ceremony ended.

"I would like to invite the first place for the dinner tonight." The ancestor suddenly said to Yu Qi.

This made everyone bewildered with what they had listened to just now. They looked at the ancestor.

The ancestor never invited others for dinner. Usually, after the competition ended, the organizer would arrange the place for the ancestor to stay but the ancestor did not stay over. He would immediately leave after the competition.

This time, he would not only stay but invite someone for dinner. It was a very unusual scene.

"Okay, but I would like to go with my fiancée." Yu Qi agreed but requested something.

Others around the ancestor frowned as they heard this. They felt that the girl should not ask for more. It was good for her that the ancestor took fancy to her.

"Sure... I don't mind." The ancestor said.

"Thank you, Your Grace." Yu Qi smiled.

Everyone was stunned. Since when did the ancestor become so approachable? Who is this? Is this ancestor fake? They had a lot of questions but they did not have the courage to ask.

The ancestor looked at Yu Qi and Long Hui for a moment before leaving.

"Bring me to the room. I will take some rest before dinner. And arrange the dinner." The ancestor ordered.

"Yes, Your Grace. We will arrange the dinner. Let me lead you to your room." Someone said.

The ancestor smiled.

"You Girl. Your Great Grandpa almost dies because of you." Great Grandpa Dian said to Yu Qi.

He was standing behind the ancestor. He was scared when Yu Qi behaved like that in front of the ancestor.

"Why?" Yu Qi tilted her head, not understanding why her Great Grandpa had to feel that way.

"Father is afraid that the ancestor will angry." Grandpa Dian said. He was so nervous seeing the scene. He continued. "You should behave during the dinner later."

"That's right. Don't make the ancestor angry at you." Great Grandpa Dian pressed the topic greatly to Yu Qi and Long Hui.

"Yes." Yu Qi said like an obedient girl.

"You should look out for her, Hui." Grandpa Dian said.

"Yes." Long Hui nodded.

"By the way, Yu Qi, congratulations on winning this martial arts competition." Great Grandpa Dian said to Yu Qi.

Yu Qi grinned. With that, a lot of them congratulated Yu Qi for the win. Yu Qi thanked them.

Bucong Shuye looked at Yu Qi. His eyes narrowed for a bit. He felt pity that a woman like that already had her man. Since it already belonged to someone else, there was no need to disturb her. If only he meet with her first, the situation might different then. He left.

Long Hui sensed something. He also looked at the place where Bucong Shuye's standing before.

....

Yu Qi and Long Hui were led by someone to a restaurant. It was a fancy restaurant. They were brought into a private room. When they entered the room, they could see that the ancestor was already inside.

The ancestor was drinking. The man asked Yu Qi and Long Hui to enter before he slowly closed the door. Yu Qi and Long Hui looked at the ancestor.

"It has been a while since I see you, Yu Qi."

It was a familiar voice came out of the ancestor.

"My guess is right then. It is indeed you, Brother Xia." Yu Qi smiled.

"Oh, you notice?" Qin Xia took off his mask.

"Of course. You can't escape my eyes." Yu Qi chuckled.

"How have you been?" Qin Xia asked.

"I am fine. I even win this competition." Yu Qi put a proud face.

"Hmm... That's good." Qin Xia smiled.

"I have to say, I am surprised with your identity, Mr. Qin." Long Hui said after being silent.

It seemed that Qin Xia had an unusual identity here.

Qin Xia moved his eyes to Long Hui. "It is one of my identities."

"Oh... So, you have a lot of identities." Long Hui said.

"Yes." Qin Xia lifted up his eyebrow.

Even though they were talking, the atmosphere was very tense. In other words, they were in the middle of the war.

However, it was disturbed by the knocks on the door.

"Your Grace, can I serve the food right now?" There was a voice asking for the ancestor's permission.

"You may." Qin Xia answered.

The door was opened.

"Your mask?" Yu Qi reminded.

"Don't worry." Qin Xia said.

The people put the food on the table. "I hope you will enjoy our food." The people left.

"They don't see your true face?" Yu Qi asked.

"I put the mist. They saw me with the mask." Qin Xia smiled.

"I see." Yu Qi did not pry much about that. She knew her limit.

"Let's eat." Qin Xia said.

Three of them were eating. Long Hui put the food into Yu Qi's bowl. She did not reject it and just ate it.

Chapter 1237: I Have No Obligation To Tell A Stranger Like You

"Are you returning soon?" Qin Xia asked.

"I just follow my family. Probably they will be returning tomorrow if I am not wrong." Yu Qi answered.

"I see." Qin Xia nodded.

"How about you?" Yu Qi asked.

"I am going to return tonight. After this dinner." Qin Xia said.

The dinner went smoothly even though both of the men did not speak to each other. After finishing dinner, they left the room.

When they left, they saw Bucong Family. They also had dinner here. Bucong Guang's eyes lifted up as he saw the ancestor.

"Your Grace, you are here too. What's a coincidence." Bucong Guang said in flattery to Qin Xia.

It was not a coincidence. Bucong Guang bribed someone and had him tell Bucong Guang about the place where the ancestor would be having dinner.

Qin Xia looked at Bucong Guang. The disdain flashed into his eyes. However, Bucong Guang did not see that. He tried to butter up Qin Xia again.

"Your Grace, you must be tired. Let's have someone lead you to somewhere that you can rest for tonight. Jiye, accompany the ancestor." Bucong Guang called Bucong Jiye.

"Yes, grandfather." Bucong Jiye was looking at Qin Xia shyly. Even though the ancestor was an old man, he still had a good-looking appearance. Bucong Jiye felt it was okay. "Your Grace, follow me."

"Pfft..." Yu Qi could not hold back anymore.

Bucong Jiye saw Yu Qi and glared at Yu Qi sharply. "What? Why are you laughing?"

"Nothing... Nothing..." Yu Qi shook her head.

Qin Xia also turned to Yu Qi. Bucong Jiye saw the movement and waited for the ancestor's anger toward Yu Qi.

"Have enough fun?" Qin Xia asked in a doting tone.

Bucong Family was speechless to see the scene. The ancestor must be taken a liking to Yu Qi because they could sense it.

Yu Qi did not answer it but stared at Qin Xia. Qin Xia's corner lips curved up. He was about to reach out to Yu Qi's head but had been blocked by Long Hui.

"Please, don't touch her." Long Hui said declaring the sovereignty on Yu Qi.

This time, everyone was shocked. This fiancée of Yu Qi was very brave to offend the ancestor. They felt Long Hui would finish.

"Humph!" Qin Xia put away his hand. He looked at Yu Qi. "See you later."

"Hmm... Take care of yourself." Yu Qi reminded Qin Xia.

"I know." Qin Xia nodded and left without exchanging words with Bucong Family.

Bucong Guang was surprised to see the ancestor leaving like that. He did not wait anymore and started to chase the ancestor.

Bucong family should follow him. But they would not catch up with the ancestor. The ancestor already left the restaurant.

Only Bucong Shuye did not follow his family. He looked at the couple and left slowly.

Yu Qi and Long Hui were about to leave the restaurant when suddenly Bucong Guang stopped them.

"What are you talking about during your dinner with the ancestor?" Bucong Guang straightly asked what he wanted to know.

"Head Bucong, why should I tell you about that? I have no obligation to tell a stranger like you." Yu Qi said.

"I am head of Bucong Family." Bucong Guang pressed.

"So, what?" Yu Qi tilted her head like an innocent woman who did not understand anything.

"You!" Bucong Guang pointed his finger at Yu Qi.

Long Hui stepped in front of Yu Qi. "Head Bucong, you should retreat your finger... Otherwise..."

Bucong Guang snorted. "Otherwise what... What do you want to do to me? Oh, it is a wrong question. What can you do to me?"

"Bucong Guang, who do you think you are?" Someone shouted angrily to Bucong Guang.

Bucong Guang looked in the direction. It was Grandpa Dian. Bucong Guang's face turned bad. Grandpa Dian approached Yu Qi and Long Hui.

"Both of you, are you okay?" Grandpa Dian looked at them up and down, checking if they were injured.

"I am okay, Grandpa Dian. Don't worry." Yu Qi smiled to assure Grandpa Dian.

Even though Grandpa Dian was not her real granddaughter, he did treat her like one.

"What does he want from you?" Grandpa Dian asked.

"Well, he wants to know what the ancestor talking about with us. I don't think it is necessary to tell him though." Yu Qi explained.

"Yeah. You are right. He doesn't have any right." Grandpa Dian nodded.

Both of them did not bother to slow their volume. So, Bucong Guang heard the conversation. He did not have to be embarrassed anymore. He left the place right now.

"Does the ancestor already leave?" Grandpa Dian asked.

"Yeah. He says he's leaving tonight." Yu Qi nodded.

"I see. No wonder." Grandpa Dian chuckled.

"Grandpa Dian seems to know it." Yu Qi said.

"Usually after the competition, the ancestor did not stick around and directly left. He acted differently this time." Grandpa Dian explained.

"Oh, I see." Yu Qi did not think much about that.

"So, a lot of people were surprised when the ancestor himself invited you to dinner." Grandpa Dian could feel that Yu Qi did not think much about that.

If other people got the invitation from the ancestor, they would be very happy and want to show off to others. However, Grandpa Dian could understand Yu Qi's behavior. Yu Qi was from the outside world. She probably did not know the greatness of the ancestor.

Chapter 1238: Return to The Mortal World

Grandpa Dian did not know that Yu Qi and the ancestor knew each other. If he knew, he might be kneeling on the ground.

The competition ended. As Yu Qi thought, Dian Family left the next day. Grandpa Dian asked everyone to gather at the same location where they first came to the cultivation world.

So, after breakfast, they gathered there. Yu Qi did think that she crossed the new world. She felt that she would be going to visit this cultivation world.

It seemed there were many things that she had not discovered yet. That would be fun.

"Does everyone already here? Check everyone. Otherwise, it will be troublesome later." Grandpa Dian said.

So, people looked at each other confirming there was no one left. So, after that, like the previous, Grandpa Dian asked them to enter the circle.

He activated the teleportation device and sent the first batch to the outside world. Yu Qi and others were in the first batch. Grandma Dian had welcomed them.

"Welcome home, father." Grandma Dian said.

"Hmm..." Great Grandpa Dian responded.

"Grandma... I am back." Dian Ren Qi said.

"Good... Good... Are you injured?" Grandma Dian looked at her grandson up and down.

"Grandma, I am facing Brother Zin Fang in the fight. My heart is hurt." Dian Ren Qi complained to Grandma Dian.

The Dian Siblings looked at Dian Ren Qi with a disgusted look. Yu Qi was speechless watching Dian Ren Qi like this. As for Long Hui, he ignored that.

"Really? It's okay. You can rest." Grandma Dian rubbed her grandson's head.

Dian Ren Qi was so happy that his grandmother cared about him. However, the next sentence from his grandmother crushed that fantasy.

"You can ask your Great Grandpa to train you later." Grandma Dian said while smiling.

"Grandma, you betray me too." Dian Ren Qi ran away from the place.

"Why does he act like that?" Grandma Dian asked others.

"Brother Ren Qi is probably sad because he could not see his girlfriend for a while." Dian Qi Qi replied.

"Okay... You guys can go and rest first. I will wait for others." Grandma Dian said.

So, they went back to the house first. Grandpa Ray welcomed them with a smile.

"Ray, book a ballroom for tomorrow. We will hold a party to celebrate our victory." Great Grandpa Dian said.

"We win? Is that Young Master Zin Fang who brings the victory?" Grandpa Ray was happy with the news and asked.

"No, it is Yu Qi who won the competition." Dian Zin Fang answered.

"What?" Grandpa Ray was shocked to know it. He looked at Yu Qi. He did not expect that Yu Qi would win this competition. "Oh my, congratulations, Young Miss Yu Qi."

He already changed the title that he used to call Yu Qi. Before this, he called Yu Qi, Miss Tang.

"I will go and make a booking first. I will ask the kitchen to prepare some light lunch for you." Grandpa Ray bowed and excused himself.

"You can go and rest."

So, they went to their rooms.

...

Yu Qi and Long Hui were walking around the garden. They did not know what to do after lunch. So, they decided to have a walk.

From what they heard from others, they only spent 3 days inside the cultivation world even though they were inside the cultivation world for almost one week. Meaning the time flew differently in both worlds.

Yu Qi was surprised to hear that. It was pretty the same as her space. She felt lucky because he had just taken a week's leave from the hospital. She thought she needed to request an extra day off.

'Master, can you let us out?'

Yu Qi suddenly heard the voice of her little cuties.

'Sure... Sure...' Yu Qi felt there was no harm for them to come out.

"I will enter the space to let Aoi and Shino out. Wait for a moment." Yu Qi said.

"Hmm..." Long Hui nodded.

Yu Qi disappeared from his sight. However, just only for 1 minute, she appeared back with the two creatures.

"I am out," Aoi said.

"Master, thank you." Shino climbed and sat on his favorite place, Yu Qi's shoulder.

"Remember, don't talk using your real voice." Yu Qi reminded them.

They made the face saying 'I forget'. They looked at Yu Qi telling her they were sorry.

"Don't worry. There is no one around but still, we need to be careful, understand?" Yu Qi patted their head.

They enjoyed the walk until they saw someone. It was Dian Wan Ye and her younger sister, Dian Chi Ne.

"She is here." Dian Wan Ye said.

Dian Chi Ne stepped forward. From her face, they could tell that she was very crying before.

"Miss Tang, I want to apologize to you for everything I did before." Dian Chi Ne bowed 90 degrees to Yu Qi. "I mocked you. The worst thing is I tried to seduce your fiancée. I am very very very sorry. I hope you can forgive me."

She was asking for an apology sincerely. She was seriously thinking about what she had done and how it seriously would affect her parent.

Dian Wan Ye also bowed down. "Miss Tang, please forgive my sister. She really regrets the thing that she did to you."

Yu Qi looked at the sisters. Actually, she did not think much about them. She had already forgotten about that. And she did not expect Dian Chi Ne to come to her and apologize sincerely to her.

Chapter 1239: A Celebration Party

Dian Chi Ne kept bowing. She would keep bowing and apologize to Yu Qi. It was the best for her parent. She could not let her parent be affected by her stupid action.

Yu Qi looked at Dian Chi Ne. She could feel the sincerity in Dian Chi Ne's tone.

"Stand up." Yu Qi said after a while.

Dian Chi Ne and Dian Wan Ye stood up while looking at Yu Qi humbly.

"Do you know what you did?" Yu Qi asked.

"Yeah. I shamelessly wanted to seduce your fiancée. I am really sorry. I will not do it anymore. I will accept whatever you want to do to me but please don't do anything to my parent. They are innocent." Dian Chi Ne begged. She did not care about her dignity anymore as long as her parent were okay.

"Don't worry. I will not do anything to you and your parent. You can be assured." Yu Qi responded.

Since she already felt remorse, Yu Qi did not wish to prolong this issue.

Seeing this, Dian Chi Ne was overjoyed. She immediately kneeled down. Before Yu Qi had time to stop her, she already kowtowed to Yu Qi three times.

Dian Wan Ye also thanked Yu Qi by bowing her head several times.

"Okay... Enough... You can go now." Yu Qi sighed while waving her hand.

"Yes, Ms. Tang. Thank you once again." Dian Chi Ne bowed once again before leaving.

"Their love toward their parent is higher than anything. How could I not forgive someone like that?" Yu Qi smiled.

She put away her pride and dignity, begging for an apology, afraid that something would happen to her parent. That feeling was something that Yu Qi respected the most.

"Hmm... " Long Hui rubbed Yu Qi. He knew that Yu Qi probably envied that woman a little bit because she had parents that loved and could rely on them. It was not the same as his beloved Qi Qi.

"Let's go and get ready for tonight." Yu Qi said.

.....

The hotel manager ordered his workers like crazy people. Someone from the upper-class family had booked this hall for a party tonight.

It was so sudden but he could not refuse. Even the president of this Fanghai Nation could not refuse if someone from that family requested something.

While the workers were working on the hall, they could not help to discuss the identity of the person who booked the hall tonight.

"It is so rushing."

"Yeah. Can they book earlier?"

"You can't know how the rich's mind works. So, don't bother."

"They might come from an aristocratic family. Can't you see our GM is also nervous too?"

"Yeah. I can see it too. I wonder who are they."

They prepared as quickly as possible for tonight's party. All the necessary work had already been finished. They were so relieved when to see everything ready before the party started.

"Everyone, good work. You can go and rest. Others will take care of everything after this." The manager said.

The workers were happy. They could get some rest. The manager had another important task to personally welcomed the guest.

At seven o'clock in the evening, a group of cars stopped in front of the hotel. A man came out and opened the car. An old man appeared. The people from the cars also came out.

The manager rushed to the old man. He felt that this old man was their leader of them. The aura that the old man had was very incredible and amazing.

"Dear sir, are you Mr. Dian?" The manager asked politely.

"Hmm..." The old man nodded.

"Welcome... Welcome... Welcome, Sir. Are they with you?" The manager asked again.

"Yes." The old man said

"Let me lead you to the venue." The manager gestured his hand.

The workers of the hotel who saw the manager were very shocked. The manager rarely appeared at this hotel unlike something important occurred.

It seemed the manager led the group. It was probably the today booking. They said someone from a rich family would hold the party at their hotel tonight. They seemed to be the same.

The workers were staring at the group. Because of what? Because their good looking especially the couple who followed the old man.

"Too many handsome men."

"The women are so beautiful."

They arrived at the hall.

"Mr. Dian, please enjoy your party." The manager said and bowed before leaving.

"Everyone comes in and get yourself seated." Grandpa Dian gave the order.

The family members that went to have the seat. The waiters came in and served the drink first.

"We are being so lucky once again to win this year's martial art competition. Thank you, Yu Qi." Grandpa Dian lifted his glass.

Everyone followed his lead.

"Victory." Grandpa Dian shouted and emptied the glass.

Others followed him too.

"As you know, Yu Qi held my father. Making him stand up and enjoy life again. I thank Yu Qi a hundred times for that." Grandpa Dian said. He turned to Yu Qi. "Yu Qi, thank you very very much."

Yu Qi just smiled.

"My great granddaughter is the best." Great Grandpa Dian added.

"Today, we celebrate the victory. Everyone, you can enjoy the food and drink as much as you want tonight." Grandpa Dian said.

Others cheered. Once they cheered, everyone outside the venue also heard that. They were shocked when hearing the roar. They looked in the direction where the roar came from.

Chapter 1240: A Chance To Know An Aristocratic Family

However, the people could not dare to enter the hall. Because it had a sign that the hall had been occupied. It meant there were people inside the hall. But they were curious as to why people inside the hall cheered like that. It could make people scared.

Dian's Family who was inside the hall did not care what happened outside. They continued having their meal.

They were having fun. Some of them were telling their relatives about the competition. Great Grandpa Dian was happy to see his family harmonious like this.

Then Dian Chi Ne's parents came forward to Yu Qi. They had been followed by Dian Chi Ne and Dian Wan Ye.

"Miss Yu Qi, I am sorry for what my idiot daughter did to you." Dian Xiu Yan, Dian Chi Ne's father bowed to Yu Qi. His wife, Jiaye, also did the same.

People who went to the martial art competition knew about the incident. Dian Chi Ne did the outrageous thing to Yu Qi and her fiancée, Long Hui. Everyone was waiting to see what Yu Qi was going to do to her.

"No... no... no need for this anymore. Chi Ne already apologized to me and I forgave her. There is no need for you to apologize anymore." Yu Qi quickly pulled them from bowing to her.

"But..." Dian Xiu Yan felt guilty for his daughter's action.

"She sincerely apologized to me. She really felt remorse for what she had done." Yu Qi looked at Dian Chi Ne.

Dian Chi Ne was tearing up. She looked at Yu Qi with a thankful expression.

"Uncle, Aunt, you have a good daughter. When she thought her action would cause trouble for you, she felt deep remorse about that. I know she is wrong, thinking she can do it in the first place. However, after this, I think she will have more thoughts whenever she wants to do something. This is a great lesson to her." Yu Qi smiled.

Dian Xiu Yan looked surprised and he looked at his wife before turning back to Yu Qi. "Thank you, thank you, Miss Yu Qi...."

Great Grandpa Dian did not know anything about this. Dian Zin Fang whispered to him, telling him about the incident. Great Grandpa Dian had a bad expression after hearing that.

Then when he heard that his great-granddaughter had forgiven Dian Chi Ne, he did not think he needed to interfere with the matter. It was Yu Qi's decision.

The party became lively again after that. They enjoyed the party happily.

....

Mu Yian heard the report from one of the Mu Hotel's manager that an aristocratic family were having a party in their hotel. She knew the power of an aristocratic family.

Even though Fanghai Nation had its own president but the truth was the aristocratic family controlled everything. Even though Mu Family could be said as a high class in Fanghai Nation but it could not be compared with this aristocratic family.

Mu Yian wanted to know about this aristocratic family. She wanted to make friends with the aristocratic family but she could not.

This aristocratic family was really low key. They did not like to appear in the public. She did use some hackers to get the information about this aristocratic family but was unsuccessful because their information had been well protected. So, she gave up digging the information about them.

However, she got the information about them at her hotel. How could she let things go like this? She could use this chance.

Mu Yian told the manager if the party was finished, he needed to tell her as soon as possible. She would go and greet them as the owner of the hotel.

Around 11 p.m. she got a call from the manager saying the party had just finished and the people were just leaving the hall. Mu Yian rushed over to the hall.

Mu Yian saw the people were just about to get out. It was an old man that just wearing a normal Tang Suit. She got the feeling he was the person in charge of the family.

When she looked around, she saw someone familiar. Tang Yu Qi. She had not seen this woman for some period. She frowned as she watched the woman act very so closely with this aristocratic family. She started to wonder what their relationship was.

Mu Yian felt there was no need for her to worry about Yu Qi's relationship with this aristocratic family. She could not let this chance go just because of Tang Yu Qi.

So, Mu Yian put on her professional smile and walked toward the aristocratic family.

"Sir, thank you for using our hotel. Do you have a great time?" Mu Yian asked politely.

"Yeah. It is okay." Dian Jung Gi, Dian Zin Fang's father stepped forward.

Mu Yian's smile stiffened for a second. No one noticed that except for Yu Qi who watched Mu Yian intensely. Yu Qi noticed that Mu Yian wanted to fawn Dian Family.

"Grandfather, father, mother, you can go first. I take care of everything here." Dian Jung Gi said.

They needed to pay for everything first before leaving.

"Okay... Yu Qi, I want to talk to you about the sword technique. Accompany your Great Grandpa later." Great Grandpa Dian said excitedly.

"Sure... Sure.. I will tell you, Great Grandpa." Yu Qi said hopelessly.

Everyone left together leaving Dian Jung Gi and his wife to settle everything.
