Chapter 1261: Another Annoying Pest

"What? Why?" The woman asked.

"He is a black card holder. You should know what that means." The man said.

The woman was stunned. Not many black card holders in the country. If someone owned that, meaning he or she was extremely rich.

The rich couple who already left currently went to the restaurant to have lunch. Yu Qi requested a private room because she did not others to disturb them again.

When they went out for a date together, there seemed a lot of pests kept disturbing their date. She did not know what to say in that situation.

They ordered some food and waited for them to arrive.

"People always disturb us when we are on a date." Yu Qi complained.

"Hmm..." Long Hui nodded.

"That is so annoying." Yu Qi continued.

"So, should we go to date to the place where no one is around?" Long Hui suggested.

Yu Qi sighed. "A beautiful place must be a lot of people coming."

Long Hui went silent. He was thinking of something. He felt he needed to tell Liang Mo Han about this and heard his opinion about the thing that he was about to do.

The food arrived. They had a good lunch. Yu Qi told Long Hui that she wanted to enter her space to put the things that they had bought earlier since they still had another place to go.

Yu Qi and Long Hui confirmed that in this room, there was no CCTV camera before Yu Qi entered her space.

Long Hui nodded and Yu Qi disappeared from his sight. However, 10 seconds later, she appeared back.

"I am done. Let's go to my store." Yu Qi said.

They left the restaurant after settling the payment and went to HuiQi Jade Store. The store was very famous after its opening. They had the customers come every day.

When Yu Qi appeared, all of her employees wanted to greet her but she stopped them. They understood that their boss was a lowkey person. They knew that their boss did not want to disturb other customers. So, they acted normally after welcoming them.

Yu Qi looked around and found what she had been looking for. The cufflink. HuiQi also produced something for men to wear. Cufflink was one of them.

"Take a look. Which one that you like?" Yu Qi asked.

"Can you suggest it to me?" Long Hui asked for Yu Qi's opinion.

"Hmm... which one should I choose for you?" Yu Qi's eyes glittered as she looked at the items.

"Why a beggar couple can enter this high-end store like this?"

Yu Qi sighed. 'Another one. Give me a break!!!'

A middle-aged woman looked at Yu Qi with a scornful look but when she turned to Long Hui, she looked bashful out of sudden.

Long Hui was disgusted with that look given by the middle-aged woman. He turned to his beloved Qi Qi.

The middle-aged woman was displeased with Long Hui's action and she became more meaningful with her word.

"You." The middle-aged man called a sales assistant.

The sales assistant approached the middle aged woman with a smile. "Yes, Madam. What can I help you?"

"Can you chase the beggar out?" The middle aged woman glanced at Yu Qi and Long Hui.

"I am sorry madam. We can not do that. They are also the customers." The sales assistant said.

The store's policy was to treat the customer equally. How could she chase the customer out? And not to mention, the customer herself was the owner of the store.

"You should chase people like that out. If something is stolen, it will be bad for you." The middle aged woman insisted on chasing Yu Qi and Long Hui out of the store.

The sales assistant had a complicated look on her face. She did not know what to respond. Then, someone patted her shoulder. She turned around and was relieved to see her manager behind.

"I will handle this. You can take care others." Mo Bouyan smiled.

The sales assistant nodded and left the middle aged woman to Mo Bouyan.

"Is there a problem, Madam?" Mo Bouyan asked.

"The couple. They seem want to shoplifting something. You should prevent that by chasing them right away." The middle aged woman said in a loud tone to make sure other customers also heard her too.

"Madam, you should lower your tone. Beside, like my staff said, they are the customers when they stepped into this store. We did not discriminate people in our store. As long as they have money." Mo Bouyan answered with smile.

"Do you think people like this can afford to buy something here?" The middle aged woman smirked.

Mo Bouyan wanted to say something again. But Yu Qi stopped him. Mo Bouyan greeted her by nodding at her.

"Of course, I can afford it." Yu Qi replied.

The middle aged woman laughing sarcastically. "People like you? Don't make me laugh."

"Why not? She is the owner of this store." Mo Bouyan added.

"Huh?" The middle aged woman thought she misheard that. "What do you say?"

"This is her store. The owner of HuiQi Jade Store." Mo Bouyan said it once again.

The middle aged woman's face changed. "How that possible? You are lying, do you?"

"I am not." Mo Bouyan said seriously.

The people looked at the middle aged woman thinking this middle aged woman was a joke.

Chapter 1262: The Day Of The Party

"This woman must be living in a jungle. Everyone thought this store belong to Tang Yu Qi. They already announced that when the store was officially opened."

The middle aged woman looked at Yu Qi in shock. She did not expect this young woman would be the owner of this store. Not wanting to feel more ashamed, the middle aged woman rushed out of the store.

Yu Qi sighed.

"Miss Yu Qi, we lost a customer." Mo Bouyan joked.

Yu Qi chuckled. With a customer like that, she could afford losing it.

"How is the store?" Yu Qi asked.

"Everything is okay." Mo Bouyan said.

"Good." Yu Qi nodded.

"Do you need something, Miss Tang?" Mo Bouyan asked.

"Never mind, just do your work. I have a date with Brother Hui." Yu Qi glanced at Long Hui.

"Oh... I will leave you guys alone." Mo Bouyan bowed and left the couple alone.

The couple went back looking at the cufflink again. This time, without anyone disturbing them, they managed to choose what they wanted.

"Mr Mo, record the item. I want it." Yu Qi called Mo Bouyan back.

"Sure." Mo Bouyan quickly recorded the item.

"Oh, if you see Elder Zheng, please say hello on my behalf. I have not see her for while." Yu Qi remembered the Zheng Zhuxian.

Mo Bouyan nodded. Yu Qi left the store.

...

The party would be started soon. Artists under Qiaosu Entertainment Company arrived at the venue. The media wanted to broadcast the party but Qiaosu Entertainment did not allow the media to join the party.

Only Hundai Media was allowed to join the party. Everyone was so surprised. The other media were curious on how Hundai Media got the invitation to cover the party.

Yu Qi was in the good term with Shu Jian Fan. She was the vice president when it was Hundai Magazine. The company went upgrade and became Hundai Media. And Shu Jian Fan became its president.

Because of that, Yu Qi invited Hundai Media to cover the anniversary party of Qiaosu Entertainment Company. At first, Shu Jian Fan was surprised when Qiaosu Entertainment Company invited her company to cover the anniversary party.

Hundai Media was quite new in the industry. Shu Jian Fan thought it was weird for Qiaosu Entertainment Company to give her company such a opportunity. So, she called the person in charge.

The person in charge only told her that it was an order from the upper management. He just followed the order.

Since it was genuine invitation, Shu Jian Fan only accepted it openly. A lot of other media companies were jealous of her company because Qiaosu Entertainment Company only invited her company.

She was very grateful to Qiaosu Entertainment Company. She made a preparation to cover the anniversary party.

Back to the venue, the other media companies could not enter the venue. They could just stay outside. They could get pictures of the artists who arrived at the venue. It was still good for them.

Qiaosu Entertainment Company risen up during these two years after changing the upper management. The artists under the company had been interviewed saying the company was better than before.

If they wanted to be better, they just needed to work hard to climb the ladder. There was no easy way as before. Of course, some of them could not accept it and left the company.

However, after that, they regretted it. The company became better and became the top player in the industry. The ones who stayed were very glad.

Not only the media was here, but the fans were already here too. They came to support their artists. Once their idols came, they were screaming and shouting their idols' name.

Only, Song Su Jin was still not arrive. Song Su Jin went to unpopular actress to be no.1 in Qiaosu Entertainment Company.

Then a van stopped. Of course, it was Song Su Jin. She was very a red long dress coupling with a red stone necklace. Her fans shouted her name. She waved her hands at them making her fans screamed even more.

The cameras could not stop to take her picture. She was very beautiful. The media sighed. If they could enter the venue, it would be great. They were jealous of Hundai Media who got the permission to cover everything at the party.

They saw Hundai Media went inside leaving them outside. Of course, they wanted to enter the party as well. But they could not. Qiaosu Entertainment Company hired many bodyguards to guard all the entrance. They did not allow any uninvited guest into the party.

They felt so depressed. They really wondered how Hundai Media got their invitation. At first, they thought Hundai Media spent a lot of money to get the invitation.

So, other media companies tried their ways to bribe someone from Qiaosu Entertainment Company to get the invitation. But no one succeeded.

Meaning Hundai Media had friend in the upper management of Qiaosu Entertainment Company. However, no one knew who the person was.

They did not know that even Shu Jian Fan was curious as for why her company got chosen.

The fans were still not leaving the place. They were talking among each other about their favourite idols. However, some of them had another plan.

Some of them planned to break into the party. However, today was not their day because Qiaosu Entertainment Company put a high alert about this.

Chapter 1263: Went To The Party

"Let's go." Long Hui offered to escort Yu Qi as they stepped out of the car.

"Sure." Yu Qi nodded and put her hand over Long Hui's elbow.

They walked to the entrance. Well, one of the entrances. Not the one that the artists used. Of course, it was guarded by bodyguards.

There were some fans wandering around. They thought they could enter through other entrances but it was guarded. They noticed the couple walking to the entrance.

"Are they going to the party as well?"

"It seems so. Look at their outfits."

"I bet they are going to go to the party."

"But who are they?"

"Whoever they are, they look perfect."

"Yeah. The man looks so cool. The woman looks so beautiful they indeed look perfect to each other."

"Why do they need to use this entrance?"

"Are they going to sneak into the party as well?"

"I don't think so. If they are about to sneak into the party, they would not wear such clothes. It will hold them back."

"Look. They are stopped by the guards."

Chapter 1264: Revealing Her Identity

Xiu Mi Lan did not feel angry at all. She knew that she would not get her money back. She told the man that he was the idiot one here.

Xiu Mi Lan showed the evidence that she got from Yu Qi to the man. The evidence showed that the girl who lived with him was also cheating on him.

The man's look changed as soon as he looked at the evidence. He was so shocked to know the truth that the woman he loved so much cheated on him.

Xiu Mi Lan smiled. Since it was already settled, she left the man.

A week later, the man approached Xiu Mi Lan again. He begged Xiu Mi Lan to forgive him and continued the relationship again. He told her that he had already broken up with the woman and was already single.

Xiu Mi Lan just laughed at his face. She told him that she had no intention to support a cheating man. The man did not give up. He waited in front of Xiu Mi Lan's house.

Xiu Mi Lan did not say anything after that and made a police report. She told the police that he was a stalker. The man denied it and said that Xiu Mi Lan was his girlfriend. They were just fighting.

Xiu Mi Lan showed all the evidence that Yu Qi gave to her. The police made an investigation and found out that this man had been scamming money from a lot of women. He had been arrested after that.

"Because of you, I am free after that." Xiu Mi Lan thanked Yu Qi.

"That's right. Otherwise, I will lose my competent manager." Song Su Jin said.

Yu Qi smiled.

The party continued with Lang Sun's speech.

"Thank you for coming to this anniversary party. Our company had been established 5 years ago. But the thing take turn 2 years ago after a new owner takes over the company. Our company started to be one of the tops leading in this industry. The safe and good environment workplace really helps us to be the top." Lang Sun smiled. He paused for a moment looking for someone.

"The owner is here. Let's invite her to give some speech." Lang Sun said.

The moment he said that the people were surprised. They did not expect the mysterious owner would be here right now.

"Let's go." Yu Qi said.

Long Hui escorted Yu Qi to the stage. Seeing this, everyone started to talk.

"That is Tang Yu Qi and Long Hui, right?"

"What are they doing here?"

"I think I can guess it."

Everyone could make their assumptions here.

Yu Qi and Long Hui went up to the stage. Lang Sun bowed to them. It confirmed their assumptions were right. Lang Sun gave the microphone to Yu Qi.

"Hello everyone." Yu Qi said.

The group of women and men who went to make trouble for Yu Qi using the director's daughter as the ticket to be arrogant was frozen. They knew they were messed up.

"I am Tang Yu Qi, the new owner of Qiaosu Entertainment Company. It is the first time I am introducing myself to you. I don't have much to say. Thank you for your effort in making this company prosper. I hope it would be continued." Yu Qi ended her short speech.

Everyone was clapping as Yu Qi finished talking. Everyone was very grateful to Yu Qi since she took over the company. Everything changed after that. They competed with each other in healthy competition.

However, not everyone felt good about this. Pei Xian Nan was also here. He looked up at Yu Qi. No wonder the company decided to freeze him.

Not because the company was afraid of Tang Family and Long Family but because the woman that he slandered was the one sitting on the top of Qiaosu Entertainment Company.

Yu Qi and Long Hui went down. As well as Lang Sun. The stage was taken over by the MC. They called the idol groups to give their performance. The idols were from their company.

Some of them were still in training. So, even though they were given the opportunity to perform, they were very delighted. It was their first official performance.

Lang Sun led Yu Qi and Long Hui to the upper management people. They introduced themselves to Yu Qi. When a man introduced himself as Hang, she narrowed her eyes.

"So, you have a daughter, right?" Yu Qi asked.

"Yes. I do have a daughter. How do you know?" Mr. Hang was surprised when hearing Yu Qi knew that he had a daughter.

"Well, she introduced herself earlier." Yu Qi smiled.

"Oh... I see." Mr. Hang was panicked. "I will make her apologize to you."

He knew his daughter's character. She liked to be at the top. Seeing Yu Qi's beauty, his daughter must be feeling jealous and started to attack Yu Qi.

"Never mind. But it is better to change her attitude. Otherwise, it would get her in trouble." Yu Qi reminded him.

"Of course, of course." Mr. Hang nodded.

The upper management people knew that Yu Qi was not as naive as she looked. She seemed very mature despite her age. It was not bad working under her

The party continued. There was a lucky draw. It was the moment that a lot of people had been waiting for. There were a lot of good prizes something like a house, a car and a contract.

Chapter 1265: Explosive News

The party ended full of surprises. The owner revealed herself. The upper management was satisfied with Yu Qi since this was not her first business. Yu Qi already had HuiQi Jade Store.

Even though it was not the same industry, it was still a business. The upper management of Qiaosu Entertainment Company did not know Yu Qi had other businesses in her hand. If they knew that, their jaws would drop for sure.

As for Hundai Media, after the party, they immediately rushed to their office to write an article about the anniversary party of Qiaosu Entertainment Company. They would publish it early tomorrow right after getting the green light from their boss.

Shu Jian Fan did not sleep even though it was late. Her child just went to sleep. She was about to sleep too but she got the email from her employees.

She opened the email and read it. She was shocked reading the email. The email's content was about tonight's party.

She immediately replied back. 'You can post it right now.'

It was explosive news from the party. It should be published as soon as possible. The employees got the reply and did as their boss asked.

A lot of people were still not going to sleep. They mostly likely strolled their phones. The news about Qiaosu Entertainment Company's anniversary party was published.

They took a read. They were shocked. The title of the article was, 'Owner of Qiaosu Entertainment Company Reveal Her Face'.

People who liked to know about such things clicked the link to the article. They were surprised. The picture of Yu Qi and Long Hui appeared. The article told them Yu Qi was the real owner.

The citizens began to discuss the article online.

Hanabitai: "Is it really true?"

Pink lady: "I think it's just a hoax."

Suzy no 1 fan: "I went to the venue but did not see them at the entrance."

The Monster: "This article just wants publicity."

Shinchan: "It is from Hundai Media. It is a legit media company. I don't think they publish this article just for publicity."

Hate The Beauty: "How could she becomes the owner? That does not make sense."

Money is Mine: "Don't you forget about something? She has HuiQi Jade Store that worth millions. Why can't she becomes the owner of an entertainment company?"

Hate Riches: "Yeah. How does she handles everything? She is a doctor too."

Wanye: "@Hate Riches, you don't have to handle everything. Just hire people to do the work."

Money is mine: What @Wanye said is true. She has the money. Do you forget the person in charge of the entertainment company is someone else? I forget his name is."

Shinchan: "It is Lang Sun. He is the person in charge."

SuJin is My Queen: "I think I saw them at the party."

Goddess from Hell: "They enter the party using another entrance."

Monika: "Yeah. We saw them. We thought they are going to sneak into the party. The entrance is guarded by bodyguards. But they got in easily. So, we thought we can go in using the same method. But we got blocked. They got the invitation card. That is why they got in so easily."

Wanye: "They must use another entrance to enter. The usual one must be surrounded by people."

"SuJin is My Queen: Like @Wanye said. It was full of reporters and other fans."

A lot of people discussed the article. The article became the no.1 trend on the internet. Some people reacted positively to the article. Some of them reacted negatively to the article.

It was late at night. But the internet was still active at this moment due to the anniversary party.

Tang Jin Wei was on the night shift. He also strolled his phone. Then he came across the article.

"Oh, shit!" His voice was very loud.

He was at the counter. He stayed there because he disliked staying inside his room alone. It was so boring. Some of the nurses were also there. They looked at Tang Jin Wei with stern looks.

"Oh, I am sorry." Tang Jin Wei apologized to them with a smile.

A doctor a friend of Tang Jin Wei also heard Tang Jin Wei's voice. Song Da Lang approached Tang Jin Wei.

"What happens?" Song Da Lang patted Tang Jin Wei's shoulder.

"Here, read this." Tang Jin Wei showed the article to Song Da Lang.

Song Da Lang took the phone and read the article.

"What the fuck!!" Song Da Lang also gave the same reaction.

The nurses glared at Song Da Lang. Song Da Lang apologized quickly.

"See. You have the same reaction as me." Tang Jin Wei said.

"Jin Wei, I have a brilliant sister. Can I pursue her?" Song Da Lang asked in a joke.

"Sure, if you think you can win against Long Hui." Tang Jin Wei replied.

"Erk... At the second thought, I don't dare." Song Da Lang gulped as he remembered Long Hui.

"Good. You make a wise choice. You save your own life." Tang Jin Wei patted Song Da Lang's shoulder.

"I want to live longer and get married." Song Da Lang said.

He remembered seeing Long Hui before. Not at a close distance. But still, he could feel the chill when Long Hui's eyes landed on him.

"But how did this happen?" Song Da Lang turned their attention back to the article.

"Even I don't know." Tang Jin Wei said.

Chapter 1266: The Drunking Yu Qi Part One

They did not talk about Yu Qi's business. Their family found out by coincidence. As Qi Qi Skincare, they found out when Yu Qi give them a lot of samples from the company. Then, as for HuiQi Jade Store, they knew about the store when Yu Qi invited them to the grand opening of the store.

"She must use a lot of money." Song Da Lang said.

"In case, you misunderstand. She never asks for money from our company. She has the money before coming to our family." Tang Jin Wei stated the fact.

"Oh, I don't know about that. I assume she gets the money from Tang Family." Song Da Lang said.

"No, she used her own money." Tang Jin Wei said.

The person in the article was ignorant about that. She did not have time to look at her phone since her fiance was beside her. Yu Qi and Long Hui left the party a little bit earlier than other people.

The reason they left the party earlier was that Yu Qi was drunk. Lang Sun offered Yu Qi a drink. She took it without asking and drank it. One glass was already enough to make her drunk.

Long Hui quickly supported Yu Qi. Long Hui glared at Lang Sun. Lang Sun gulped. He did not know that Yu Qi could not handle the alcohol well. He immediately apologized for that.

Yu Qi touched Long Hui's face and turned his face in her direction.

"Don't look at another person. You just need to look at me. Why do you look at him? He did not even beautiful as I am." Yu Qi pointed at Lang Sun.

Lang Sun felt dumbfounded when Yu Qi said that and pointed at him. Even though he was not as good-looking as Long Hui, he was sure that his look was good-looking compared to average men.

"Okay... Okay... I will only look at you." Long Hui nodded.

Yu Qi looked at Lang Sun and snorted.

Lang Sun wanted to laugh. 'Miss Tang, why do you look at me like that? I will not snatch Mr Long from you.'

"It seems Qi Qi is already drunk. We will excuse ourselves first." Long Hui said.

"Sure... Sure..." Lang Sun nodded several times.

They left the party. When they were about to enter the car, a group of women came over.

"Hey, what are you doing to the poor drunk girl?" One of them asked.

They thought Long Hui was the bad guy here trying to bring the drunk girl away.

"Huh?" Long Hui turned to the group.

"Give the girl to us. Otherwise, we will call the police."

The group already made the conclusion that Long Hui was the bad guy here. However, they became dumbfounded when they heard the drunk girl talk.

"What are you doing to do to my Hui, hmm? He is my fiancée." Yu Qi was still in a drunk state.

"Your fiancée?" The group did not expect that.

"Of course, he is my fiancée. Not yours." Yu Qi sounded so serious.

"We apologize. We thought you are being carried away by this man." They apologized.

"Oh, is that so? By the way, thank you. But this is my fiancée, my Hui." Yu Qi smiled while patting Long Hui's face.

The group understood and left the couple.

"We misunderstood."

"But, I am glad that we ask."

"Yeah. Otherwise, we never know. And if that man is the bad guy, no one knows what going to happen to the girl."

"But, seriously the couple has a very good-looking face."

"Are they artists or something?"

"I heard there is a party here."

"It must be it."

"But I don't think I see them before."

"Wait, I remember them."

"Who are they?"

"Remember Pei Xian Nan's scandal before when a woman was being accused to seduce him?"

"Yeah. Why?"

"The girl that we meet earlier is that woman."

"What? Seriously?"

"Yeah."

"Then, the fiancée that she talking about is Colonel Long Hui. Wow, he is indeed a good-looking man."

"If I am her, I will not look for another man."

Long Hui put Yu Qi on the passenger's seat.

"Mr Handsome, where are you going to bring me to?" Yu Qi asked when Long Hui sat in the driver's seat.

"Do you recognise me?" Long Hui said.

"Hmm... You are Long Hui. My fiancée." Yu Qi said after looking at Long Hui for a while.

"So, where do you think I am going to bring you?" Long Hui started the engine and drove out of the place.

"You want to kidnap me and go to the church to marry me straight away?" Yu Qi made a shocking face.

Long Hui almost pressed the acceleration pedal fully. He was dumbfounded at this moment. Even though he wanted to get married to her right away, he would not do it. Getting married with all of the family members' blessing was in his mind.

"Marriage needs to wait." Long Hui kept driving.

Then, he felt a hand touch his thigh and rubbed around.

"This feels good. It feels strong." Yu Qi commented while kept rubbing Long Hui's thigh.

Having someone that he loved so much touching him like that made his body stiffen. Not like he did not like it but he was driving at this moment.

"Qi Qi, behave." Long Hui said in a stern voice.

"What? Why can't I touch you? You are mine." Yu Qi protested.

Long Hui sighed.

Chapter 1267: The Drunking Yu Qi Part Two

Drunking Qi Qi did not listen to Long Hui kept touching his body. Because of that, his little brother rose.

Long Hui grabbed Yu Qi's hand and kept driving using his other hand.

"Why can't I touch you? You don't like it? Why?" Yu Qi whined.

She wanted Long Hui to release her hands but Long Hui ignored it. He kept driving.

"You do not love me anymore..." Yu Qi whined again.

She was mumbling the same things. As soon they arrived home. Long Hui let Yu Qi's hand go. He got out of the car and went to another side.

"You even dislike touching my hand." Yu Qi said as soon Long Hui opened the car door.

Long Hui picked her up and carried her in the princess carry.

"How could you think that way? Hmm..." Long Hui whispered to Yu Qi's ear and took a bite.

"Ah... Don't bite my ear." Yu Qi said.

"That is a little bit of punishment for not behaving in the car earlier. I will punish you more later." Long Hui narrowed his eyes.

"Punish me? Don't." Yu Qi shook her head.

"Don't move around." Long Hui said.

Yu Qi stopped moving around and let Long Hui carry her to the lift. At the moment, there was also another couple waiting for the lift to arrive.

The couple looked at Yu Qi and Long Hui in interest. They did not say anything but their eyes seemed to communicate with each other.

Long Hui ignored them and entered the lift after the lift arrived at their level. The couple also entered the lift too.

"Hmm... Which floor?" The man asked Long Hui which floor Long Hui wanted him to press since they were in front of Long Hui and Yu Qi.

"The top floor." Long Hui answered.

The man pressed the top floor button and his floor button too. The woman was surprised to hear that. The top floor was a penthouse. Only rich people could afford it. Today, she found out who the owner was.

"Did we arrive?" Yu Qi suddenly asked.

"Not yet." Long Hui answered her gently unlike the tone that he used to answer others.

"How long?" Yu Qi pressed the subject again.

"Not long. Why? Do you want me to punish you so badly, hmm?" Long Hui asked Yu Qi in a teasing tone.

The woman and man in front of them widened their eyes. They could not believe their ears. 'Punish? Is that kind of punishment that they have been thinking of?'

The man coughed to clear his airway. The woman was smiling widely. The man behind her did not care where they were to ask such a question like that.

"No. I don't want to be punished." Yu Qi whined again.

"Even if you say so, you still need to be punished for your behaviour inside the car earlier." Long Hui maintained his decision.

"But I just want to touch you. That's all." Yu Qi pouted.

"You can get us into an accident." Long Hui replied.

The man bit his lips. He also began to imagine the situation when Long Hui said they could get into the accident. Only something 'ecchi' could lead to that kind of situation.

The woman and the man wanted to hear more but their floor already arrived. They needed to get out of the lift.

The lift continued to go up until the top floor. Long Hui scanned his fingerprint to the door and it automatically opened for them.

Long Hui still carried Yu Qi. They went straight to the bedroom. Entering the bedroom, Long Hui put Yu Qi into the bed. The clothes were tucked up to reveal her sexy legs. Seeing this, Long Hui gulped. He barely held back already. He went up to her.

"Can I touch you now?" Yu Qi asked.

"Sure. You can touch me everywhere you want now." Long Hui surrendered.

Yu Qi pushed Long Hui. Their position had been changed. She was at the top while Long Hui was at the bottom.

Yu Qi's fingers started to move. First was Long Hui's face. After satisfied touching the face, Yu Qi moved to the upper body. She opened the button one by one revealing the delicious-looking eight packs.

Yu Qi touched everywhere that she wanted to touch.

"Hmm... Your body is super hard here." Yu Qi commented while touching the eight packs.

"So, do you like it?" Long Hui asked.

"Of course, I like it." Yu Qi quickly replied it. "Oh, something poked me."

Yu Qi was currently sitting on Long Hui's little brother. Having such a simulation applied to his body by his beloved Qi Qi, it was not so weird if it woke up.

"That part also wants you to touch him." Long Hui with a calm face said.

"Oh, yes. I do want to touch him. I want to touch him earlier but you stopped me." Yu Qi glared at Long Hui.

"Touch as long as you want right now. I will not stop you again." Long Hui smiled.

Yu Qi began to poke Long Hui's little brother indirectly. As more as she poked the more bulged it became.

"You can touch it directly." Long Hui gave the suggestion.

"Hmm... I am about to do so." Yu Qi said.

She opened the belt and zipped it open. Then she released Long Hui's little brother. She poked again.

However, it was not long after that, that Long Hui could not hold back anymore. He began to play his own way.

Chapter 1268: After Sober

Yu Qi woke up feeling a headache. She held her head while trying to remember what had happened yesterday.

As soon as the memories appeared, her eyes became wide. She did not believe what she had just done yesterday. How shameless she become yesterday.

She should prepare the sober pill but she did not. She put both of her hands on her face feeling so ashamed.

"Are you remembering what happened yesterday?"

Yu Qi heard the question, peeking between her fingers. She could see that Long Hui was all smiling. She felt more ashamed.

"I did not mean to behave that way." Yu Qi said.

"It is okay. I don't mind. It is good once in a while." Long Hui grinned.

"I promise if I drink alcohol, I will prepare the sober pill." Yu Qi determined.

Long Hui narrowed his eyes. He actually did not mind much if she drank alcohol in his presence. Getting his beloved Qi Qi drunk once in a while was not a bad thing. She became bolder and ever.

Long Hui was already thinking in future, if they were drinking together, he would never let Yu Qi eat the sober pill. Yu Qi did not know what her man had planned for the future.

Yu Qi got out of bed. She quickly grabbed a towel to cover her naked body. Yeah, she slept in her birth suit. Then she entered the bathroom.

"We should use the bathroom together." Long Hui suddenly said that.

"No." Yu Qi shouted from the bathroom.

Long Hui chuckled. His beloved Qi Qi still felt shy toward him.

After breakfast, they went to Tang House. Going inside, they saw Grandpa Tang minding his herbs while accompanying his two younger grandchildren as well as Su Xiao.

Yu Qi and Long Hui greeted both elders.

"Xiao Hui, you seem losing weight. You should take care of yourself properly." Su Xiao reminded Long Hui when she saw Long Hui.

Yu Qi took a look at Long Hui's body. She did not mind that Long Hui was losing weight. It was perfect.

"Don't look at me like that. It will turn me on." Long Hui whispered in Yu Qi's ear.

Yu Qi pushed Long Hui away and glared at him. He dared say something like that in front of her elders.

Su Xiao watched the interaction between them and smiled.

"Little Sis, you are here." Tang Jin Wei saw Yu Qi and came to the garden. He then continued. "Little Sis, you are awesome. How do you get the entertainment company?"

"Of course, I acquired it." Yu Qi said.

"Wow, you must have a lot of money to acquire a company like that." Tang Jin Wei showed a hint of admiration on his face.

Ming Yue also showed up with a maid bringing some drinks and some sweets. She already knew Yu Qi and Long were here.

"Auntie Ming Yue." Both Yu Qi and Long Hui greeted Ming Yue.

"I want to have a company too." Tang Jin Wei said.

"Then go and find one." Ming Yue rolled her eyes at her son.

"I want to but I don't have money. Can I borrow from you, mum?" Tang Jin Wei grinned.

"Go and find your own money." Ming Yue kicked Tang Jin Wei.

"Ouch mum. That's hurt. Never mind... never mind. I don't want to have a company under mine. I already have a share." Tang Jin Wei rubbed his butt that had been kicked by his own mother.

That was right. All Tang Family members had a portion of Tang Private Hospital's share. Even the newborns had under their names. It was enough for them to live without any financial problems.

"I will go out. I have a date with my girlfriend." Tang Jin Wei said, running away while waving his hand.

"Bring your girlfriend here sometimes." Ming Yue shouted.

"My girlfriend is not ready yet. Maybe in the future." Tang Jin Wei replied before disappearing.

Ming Yue sighed. Yu Qi was playing with Tang Heng Nuo. She was smiling widely at Yu Qi with her hand lifted up.

"Heng Nuo must want you to pick her up." Su Xiao chuckled.

Hearing that, Yu Qi picked Tang Heng Nuo. Tang Heng Nuo quickly laughed when feeling her body being picked up.

Not long after that, Tang Bo Lin cried. His hands waved up several times.

"This one must be jealous seeing his twin being picked up by someone." Su Xiao chuckled.

"Can I pick him up?" Long Hui suddenly said that.

"Oh, sure... sure..." Su Xiao gave her permission.

Long Hui was very careful when picking Tang Bo Lin up. Feeling him being picked up, Tang Bo Lin quickly stopped crying. He looked at the man who picked him up.

Then suddenly, his hand touched Long Hui's face. Tang Bo Lin also talked about something in his baby language. To be surprised, Tang Heng Nuo also replied to her. She hugged the woman who was holding her. Tang Bo Lin replied again while patting Long Hui's face several times.

Seeing these, Su Xiao and Ming Yue laughed.

"Bo Lin must be thinking that Xiao Hui's face is good-looking and tells his sister. Heng Nuo replied by telling him that she liked Yu Qi more, I guess." Su Xiao said while laughing.

"I think so too." Ming Yue also laughed.

"So, Bo Lin likes Brother Hui's face." Yu Qi chuckled. "You have a great taste, Bo Lin."

Chapter 1269: Acquire Them

The news about Yu Qi owning Qiaosu Entertainment Company spread widely. Bai's Family also heard about that. They were dining together. Bai Jian, Bai Shu Jin, and Bai Yu were present

It was their one-month dinner. Every month, they would pick one day to have dinner together as a family.

Bai Xia Fang remembered the news when he looked at his sons.

"I never thought she would own another company." Bai Xia Fang said.

Bai Yue did not think of anything when Bai Xia Fang mentioned it. But Bai Shu Jin and Bai Jian knew what news Bai Xia Fang mentioned. They paid attention to the news.

"It is really a pity. I do admire her." Bai Jian cut the meat elegantly and ate it.

"Our Bai Family should own that kind of talent." Bai Xia Fang said.

Bai Shu Jian flinched when his father said that. He knew her during the university but he could not get even closer as a friend to her.

He was confused that she hated him so much. They did not have a long conversation, to begin with. He thought she hated him because of the female students always tried to find a problem with him.

So, in order to tell her that he had nothing to do with the female students, he confessed to her publicly. At that moment, he knew that she purely hated him from the bottom of her heart.

"What are you talking about, Dad?" Bai Yu asked. He did not get what his father talking about.

Bai Jian sighed. Her son was so stupid. 'If you don't understand, just keep quiet.' She glared at her husband to see his reaction.

"Since you already finished your studies, join the company as soon as you can." Bai Xia Fang said to Bai Yu.

"What? I still want to spend time before joining the company." Bai Yu protested.

Bai Jian hit Bai Yu's back.

"Mum, That's hurt." Bai Yu looked at his mother.

"He will join the company as you ask. But what position?" Bai Jian asked Bai Xia Fang.

"I will ask Director Guang to handle it." Bai Xia Fang said.

Bai Yu wanted to protest again but his tight had been pinched by his mother. His mother also gave a warning to close his mouth.

Because of the pain, Bai Yu kept his mouth shut.

"Shu Jin, try to acquire HuiQi Jade Store, Qi Qi Skincare and Qiaosu Entertainment." Bai Xia Fang ordered Bai Shu Jin.

"What?" Bai Shu Jin was surprised with that order.

"These companies became famous under her name. Try to acquire them." Bai Xia Fang repeated again.

"I will try." Bai Shu Jin nodded.

"I will help." Bai Jian nodded.

"Up to you." Bai Xia Fang did not care much about the process. What he wanted was the final result.

The dinner was completed after Bai Xia Fang stood up. Then, he looked again at Bai Shu Jin.

"You can try to chase her again." Bai Xia Fang gave hint what he wanted Bai Shu Jin to do.

Without waiting for his son's response, Bai Xia Fang left the dining room. Bai Shu Jin was silent. He stood up and left the dining room too.

Bai Yu and Bai Jian were left.

"Mum, why do you do that? It's hurt, you know." Bai Yu rubbed the place where his mother pinched earlier. "And I don't want to be working so soon. I want to enjoy my life first."

"You stupid. You should start working as soon as you should. Do you want to leave far behind from Bai Shu Jian?" Bai Jian got mad at her son.

"Mum, you can't compare me with my brother. He is perfect in everything." Bai Yu said.

"That is why I am telling you to working hard from now on. Otherwise nothing is left for you." Bai Jian said.

"I will let my brother handle the company, I can enjoy my share." Bai Yu still did not get what his mother want him to understand.

"Do you think he will let you do it?" Bai Jian glared at her son.

"What? Of course. I am his brother, right?" Bai Yu grinned.

Bai Jian took a deep breath. Bai Yu did not know that Bai Shu Jin was his step brother and she did not plan to do so. Even Bai Shu Jin did not know that either.

Bai Shu Jin thought she was his biological mother even though she did not pay much attention to him. He could see that Bai Jian loved Bai Yu so much and thought it was just because Bai Yu was younger than him.

"And mum, what are dad and brother talking about earlier?" Bai Yu asked.

"Do you remember Tang Yu Qi?" Bai Jian asked.

Bai Yu's eyes lifted up. Of course, he remembered that beautiful woman. She was the woman who rejected him solidly after he tried many times to approach her.

"Of course, what is about her?" Bai Yu asked again.

"Your father wants to acquire the companies under her." Bai Jian said.

"You mean the companies that dad mentioned earlier are hers?" Bai Yu was surprised.

Of course, he heard about the companies. His women loved the jewelry and Skincare of the companies. Not to mention the entertainment company.

"Yes. Your father sees profits from those companies and wants to acquire them." Bai Jian nodded.

"Mum, I want to start working as soon as possible. I want to help my brother to acquire the companies." Bai Yu made the decision.

"Good. That is my boy." Bai Jian was happy that her son finally understood it.

Chapter 1270: Arrested

As for Yu Qi, she did not know that Bai Family started to target her business again. However, if Bai's Family wanted to make trouble for her again, this time, she would retaliate.

On the internet, other news began to rise to the top. The title was so scandalous. It involved Yu Qi as well.

One of Pei Xian Nan fan's wrote a post about the unfair treatment that Pei Xian Nan going through right now. On top of it, a lot of people re-post the post back on their social media.

She said Pei Xian Nan had been ruined by Yu Qi since the last scandal. Yu Qi used her power as the owner of Qiaosu Entertainment Company to freeze Pei Xian Nan.

That was why Pei Xian Nan did not appear anymore. She was very sad about this decision and demanded Yu Qi pulled back the order on freezing Pei Xian Nan's career.

Of course, a lot of Pei Xian Nan's fans demanded some explanation from Qiaosu Entertainment Company.

Lang Sun also read the post. He was so angry about that. It was his decision, not Yu Qi's decision. However, he could not say that because he believed the public would not believe his saying.

He called Yu Qi to tell her about the post. Yu Qi already knew about the news because her colleagues told her about that.

Lang Sun asked Yu Qi about what she wanted to do. But Yu Qi just told him that he did not have to do anything. Just wait.

Pei Xian Nan's fans began to do the demonstration outside the company. They did not dare to go to the hospital anymore. They demanded that Pei Xian Nan should be returned.

....

The police slowly surrounded the target's house. They gave the signal. Two of them were knocking on the door. A man opened the door.

"What do you want....?" The person who opened the door was shocked to see the policemen. "Sir, may I help you?"

"We believe this is Pei Xian Nan's house. Can we meet him?" One of the policemen asked.

"Erkk... He... He is not home." The person said.

"You can't lie to us. We can enter and find him ourselves." The policeman did not believe this person.

"But... " The person just managed to say that because someone shouted at him.

"Bro, who is that? Just turn them around. We are still partying." Someone shouted.

Then, someone appeared from behind putting his hand on the person's shoulder. He looked drunk or something like that.

However, the policemen could not smell any alcohol on this person. It seemed this person was in ecstasy.

The person who answered the door was panicked. He tried to close the door. But he did not succeed because the policemen quickly blocked it.

Without waiting, the policemen entered the house. The shocking situation was in the living room. A naked woman was laying on the floor unconsciously. And the other 3 men seemed not to realize what was going on right now.

One of the policemen quickly grabbed a towel from the sofa and put onto the woman's body. Other policemen put an arrest on everyone in the house.

"Call the ambulance. This woman needs one." A policeman said to his colleague.

The men were sitting around on the policeman's order.

"We need to bring these men to the police station." The policemen said.

"What? Why?" The person who opened the door just now wanted to argue.

"We suspect there are misuses of drugs in this house." The policeman said.

"Then, can you tell me what is going on in this house with an unconscious woman laying on the floor?" Another policeman asked in a stern voice.

He could not answer it. His friends were still under the influence.

"The ambulance has arrived." The policeman who was outside said.

The paramedic came and took the woman. As for the men, the policemen took them to the police station.

One of them was Pei Xian Nan. He was still under the influence and did not realize what situation he was in. He was living in a good environmental condominium.

When he was seen being handcuffed and escorted by the policemen, some of his neighbors recognized him. They took pictures.

The policemen then asked them not to take pictures. However, they did not say anything about the pictures that had been taken.

After the policemen were gone, the neighbors who took the pictures quickly posted them on their social media. One of them was living beside Pei Xian Nan's house.

She knew that Pei Xian Nan was an actor. And she also knew about today's news. Since it was a post about Pei Xian Nan, it immediately became trending.

Of course, the fans did not believe it. But a lot of people posted the same news with different angles of pictures.

Then the fans asked why Pei Xian Nan got arrested. No one knew about that. The policemen did not say anything.

However, another post appeared telling that there was an ambulance came and took an unconscious woman from Pei Xian Nan's condo.

Just Come: "I think I can speculate what happened here."

The Passers-by: "I think what you think. From the pictures, Pei Xian Nan seems to be high on something."

BrotherPei's lover: "Don't say something that you don't sure about."

LovePeiforever: "Yeah. Stop badmouthing Brother Pei."

The citizens and the fans were arguing about the post.
