

Intelligent 1301

Chapter 1301: Payback Part One

Yu Qi found some information that she could use. Since Chi Yuan wanted her to be seen by everyone, she could use the same method on Chi Yuan too.

She was typing some code for a few minutes and was done. She hoped Chi Yuan would like this. Even though she might not get to see Chi Yuan's reaction.

....

Chi Yuan entered the company. She wanted to close the deal today. She knew that her design would be chosen by the client.

She walked proudly, telling the receptionist that she had an appointment with the manager. The receptionist nodded and checked the list of names.

After getting permission from the receptionist, Chi Yuan entered the lift. When the door was about to close, a hand grabbed the door of the lift, preventing the door to be closed.

A woman probably the same age as Chi Yuan entered the room.

"I am safe." The woman said.

Chi Yuan did not say anything. She just looked at the woman. The woman looked like a bumpkin country.

"4th floor, please. Oh, you already press it. Thank you." The woman thanked Chi Yuan.

Chi Yuan did not respond. The woman seemed not to mind about it.

The lift arrived on the 4th floor. Both of them came out.

Chi Yuan saw someone and asked. "I have an appointment with Mr Guang regarding the jewellery design. Where can I find him?"

"Me too. I also have an appointment with Mr Guang." The woman also said.

Chi Yuan was surprised to hear that. She never knew that this woman had the same purpose as her.

"Oh, you arrive. Come. Let me show the way." The person gestured for them to follow him.

The person led the way. Both of them walked until they arrived at one meeting room.

"Mr Guang is waiting inside the room. Please enter." The person said.

"Thank you." Chi Yuan smiled.

"Yes, thank you." The woman beside Chi Yuan nodded.

They entered. It was not just Mr Guang inside the room.

"Welcome, Ms Chi and Ms Duan." Mr Guang greeted them.

Ms Duan or her full name, Duan Li was referred to as the woman who stood beside Chi Yuan.

"Before we start this, I want to introduce people inside this room." Mr Guang said, then continue. "This is our owner, she would choose the design which one that we use."

Mr Guang proceeded to introduce others to the girls. The meeting was supposed to be one to one face. However, the owner had time to join them today to choose the design herself.

"Okay, then, let's start with Ms Duan." Mr Guang said.

Duan Li took a deep breath. She stood up and moved in front. She connected her laptop to the projector. Then she began her presentation.

Chi Yuan looked at Duan Li. Sometimes, she glanced at the owner. When the presentation approached the end, Chi Yuan could see the owner nodding several times. It seemed she quite liked the design.

Chi Yuan smirked. She was confident that she changed the owner's thoughts with her design.

The presentation from Duan Li ended. She returned to her seat. Mr Guang told Chi Yuan that she could prepare.

Chi Yuan went in front and prepared for her presentation. After everything was set up, she began her presentation. Her eyes glanced at the owner sometimes. She could tell that the owner was quite interested in her design.

Chi Yuan become more enthusiastic to continue her presentation. She did not look at her slide presentation much. She thinks her presentation skill could win those people in front of her.

"What the hell? Why are you showing that to us?" The owner stood up and shouted at Chi Yuan.

Chi Yuan was startled when hearing the shout. She was confused.

"Stop showing us this kind of video." Mr Guang was also angry.

Chi Yuan was confused. When she turned around, she was greatly shocked.

On the projection, it showed that she showed her naked body. She even jingled her chest to show how big they were. Chi Yuan tried to close the video but she could not. Her laptop could not allow her to close the video.

In desperation, she pulled the plug that connected her laptop to the projector. The room was silent.

Chi Yuan felt that she could not stay here anymore. She took her thing and her laptop. Then, she rushed out of the room. She did not care about the design anymore. Being seen naked by many people was very embarrassing.

She entered the car and started to think about the incident. She did not know why was this happening. She grabbed her laptop and opened it once again. Right after she opened the laptop, the video that showed her naked body played once again.

She tried to close the video again. But she could not. She tried to close all of the applications that she used earlier. Only the video could be closed too.

Chi Yuan was speechless.

Mr Guang coughed as he glanced at the owner.

"You should know what to do." The owner said.

"Yes, Boss. I know." Mr Guang nodded.

Mr Guang knew that his boss already made the decision about which design should they pick up. The owner chose Duan Li's design. Duan Li was shocked when she the video.

However, her feeling took a sudden change when Mr Guang told her that her design got chosen.

Chapter 1302: Payback Part Two

Someone had spread the rumor that a jewelry designer made a topic by showing a video of herself being naked. Even though the name was not mentioned but people somehow knew about that.

It made Chi Yuan lock herself for a few days. She took a leave from her work. The incident gave a massive impact on her.

Old Madam Wei somehow heard about Chi Yuan being locked herself. So she decided to visit Chi Yuan. She even forced Wei Su Kee to follow her.

Wei Su Kee was also getting worried when hearing about Chi Yuan getting sick even though she recently distanced herself from Chi Yuan.

Chi Yuan opened the door when she heard Old Madam Wei come and wanted to see her.

"Yuan-er, you look thin. Have you eaten?" Old Madam Wei was sad to see Chi Yuan in horrible condition.

"I don't have the appetite." Chi Yuan said weakly.

"Even though you are sick, you should eat." Old Madam Wei said again. "Su Kee, go and get some porridge for Yuan-er." She ordered Wei Su Kee.

"Okay." Wei Su Kee could not refuse the order and went to buy someone.

"How does your uncle take care of you? He just leave you like this." Old Madam Wei complained about Chi Yuan's uncle.

"Even if he is busy, don't you still have your auntie?" Old Madam Wei snorted.

Chi Yuan was just silent. Her auntie, the wife of her uncle did not like Chi Yuan much.

"Why did you suddenly fall sick?" Old Madam Wei asked.

"I don't know. Maybe because of the weather." Chi Yuan lied.

Of course, she could not tell what happened on that day. It was embarrassing. And she did not want Old Madam Wei to know about that either because Old Madam Wei might dislike her after that.

"Since you are sick, take a leave and rest until you feel better." Old Madam Wei said.

Wei Su Kee happened to enter while Old Madam Wei patted Chi Yuan gently. She suddenly thought about the reason why her grandmother seemed to like Chi Yuan so much. Old Madam Wei never treated her biological grandchildren like this.

Old Madam Wei saw Wei Su Kee and noticed that Wei Su Kee did not enter the room right away.

"Su Kee, come in and give the porridge to Yuan-er." Old Madam Wei called Wei Su Kee sternly.

Wei Su Kee was startled. She came in and brought the porridge in.

"Here. I get you some chicken porridge." Wei Su Kee gave the porridge to Chi Yuan.

"Thank you, Su Kee." Chi Yuan thanked Wei Su Kee.

Wei Su Kee just nodded.

"Eat first, Yuan-er." Old Madam Wei said.

Wei Su Kee narrowed her eyes when she heard the way Old Madam Wei called Chi Yuan. When she still had a good relationship with Chi Yuan, she did not care much about the way Old Madam Wei called Chi Yuan.

Old Madam Wei never called her biological grandchildren such names. It was like Chi Yuan was Old Madam Wei's biological granddaughter. She really wondered about that right now. However, she did not dare to say anything to Old Madam Wei and Chi Yuan right now.

.....

Yu Qi got daily updates about Long Hui. Shino told her everything that Long Hui did. Went out to investigate the place, meet people, and killed some people.

Yu Qi just nodded. She told Shino to stay in hiding unless it was necessary to do so. Shino was a small animal. He could hide inside Long Hui's pocket. Even though people saw Shino, they would think that he was a stray animal who just got lost.

Shino only complained about the food. The food that he got was not delicious. Yu Qi laughed when she heard that. She told him that she would be cooking delicious food for Shino after he came back.

One day, Yu Qi just came out of the surgery room. She just finished one surgery. Yu Qi went to clean up.

'Master! Master!' Shino called her out loud.

'Shino, why are you shouting like this?' Yu Qi asked.

Her heart increased beating like she knew something would happen.

'Master, he injured badly.'

Yu Qi knew who Shino meant by 'he'. She asked in a trembling voice. 'Where are you right now?'

'I am in the wood. I don't know where.' Shino said.

'Wood? Is he alone?' Yu Qi asked again.

'No. There are some people here. They are people that he knows.' Shino said.

It must be Long Hui's teammates, Yu Qi thought.

'Follow him.' Yu Qi gave the order.

'Aoi, please detect where Shino is.' Yu Qi talked to Aoi.

'Okay, Master. Leave it to me.' Aoi gladly accepted the order.

Yu Qi walked faster. Tang Han Lee saw Yu Qi. He knew that Yu Qi was panicked.

"Little Sis, why..." Tang Han Lee asked.

"I am in hurry. I will talk to you later." Yu Qi rushed out.

She made a call to Liang Mo Han. Liang Mo Han was working at that time and saw his phone ringing showing 'Second Sister In Law' on the display.

"Please prepare the private jet to Country Brin." Yu Qi said when Liang Mo Han answered the phone.

"What??? What is going on?" Liang Mo Han was confused to hear the request from Yu Qi.

"It's an emergency. I will arrive at the airport in one hour. Please get ready." After that, Yu Qi hung up.

Chapter 1303: Arrived At The Camp While Riding The Big Wolf

Liang Mo Han was speechless when hearing Yu Q's order.

"Second sister in law is really the same as Second Brother. Well, I should go and prepare for the private jet. Something must happen. Wait, Country Brin?" Realizing that Liang Mo Han realized.

It was the place where Long Hui had his mission. He wondered why Yu Qi suddenly wanted to go to that place. Nevertheless, he went to prepare the private jet for Yu Qi.

Yu Qi really rushed to the airport. The time that she arrived at the airport was supposedly one hour but it had been shortened to 45 minutes. Then she got a call from Liang Mo Han telling her to meet him at Gate 12.

Yu Qi asked one of the employees there where Gate 12 was. After getting the answer, she rushed over. The airport was busy as always but today was seriously packed with people. A famous celebrity was assumed to be taking a flight today. Yu Qi did not care much about that. However, someone blocked her when she was running. "Stop." Two women blocked her. Luckily Yu Qi managed to stop on time. Otherwise, she might collide with them.

"I know you are excited to see KM but you should not run like this." One of the two women advised her. She seemed to be proud while saying that,

Yu Qi was confused. But she did not have time to waste here. She ignored them and started moving again.

"Stop right there." The two women shouted. "You should obey the club's rules."

The area around Gate 12 was crowded with people. It seemed the supposed celebrity's fans blocking the area.

"See, when you are rushing over, you can not see KM." The two women arrived at Yu Q's side. Yu Q took out her phone and made another call to Liang Mo Han. "Can you ask someone to get me? I am blocked by the people." As soon as Liang Mo Han answered, Yu Qi asked him to do that. "Blocked? Oh, okay. Wait a minute? Liang Mo Han seemed to understand what Yu Qi meant by that. A minute later, a group of men looking like bodyguards walked over. The people were making a way for them because they looked scary. "Miss Tang, this way, please." One of them said to Yu Q. The two were silent as they were scared when they saw the men. Yu Qi did not care about others anymore. She walked toward the people crowd and arrived at Gate 12. "That was scary." "They look like men in black." "It assumes they are bodyguards." "Who is the woman?" "Don't know." "Probably a rich heiress." The two women who blocked Yu Q early were shocked. They thought Yu Q was rushed over because of the celebrity. "We did not say anything rude, right?" "I think so." Yu Qi saw Liang Mo Han at Gate 12. "What happens, Second Sister in Law?" Liang Mo Han asked. "I have something urgent to do." Yu Qi did not say anything about Long Hui being seriously injured. It would be weird for her to know what was going on with Long Hui right now. "Oh, okay. The private jet is ready. You can use it, Second Sister in law." Liang Mo Han said.

Yu Q boarded the jet without any problem. It would take mostly 2 hours to arrive at the place. However, Yu Qi took the pilot and she hope he could shorten the time since she needed to arrive as soon as possible.

The pilot knew Yu Qi and Long Hui since he was the pilot whenever they used the private jet. The pilot understood and nodded. Because of that, the flight only took 1 hour and 45 minutes to arrive at its destination.

Arriving at the airport, Yu Qi took a taxi. Right now, it was Aoi who telling her where to go. The taxi took her where Aoi said.

The driver was confused when Yu Qi told him to stop in the middle of the wood. There was nothing around. "Miss, are you sure you want to stop here?" The driver asked. "Yes." Yu Qi opened the door and got out of the taxi. Without wasting time, she went into the wood. The taxi drives over leaving Yu Q. Yu Q observed around and saw no one around. She went into the space to take Aoi out.

Aoi got out and increased his size to a bigger size so that Yu q could sit on him. Right now, he looked like a big wolf. Aoi told Yu Q to sit on him and he would bring her to where Long Hui was as fast as he could.

After making sure that Yu Qi was secured, Aoi started running. His speed was very faster. is minutes later, she arrived at the camp. The soldiers who guarded the entrance were startled when they saw a girl riding a wolf and stopped in front of their camp.

"Who are you?" The soldier shouted. "A doctor. Let me in." Yu Qi said. The soldiers obviously did not believe Yu Q. "If you waste the time, Colonel Long might die." Yu Q said. Yu Qi just got the news from Shino that the military doctor had difficulty saving Long Hui. When the soldiers heard that, they misunderstood that Yu Qi was being invited to save Colonel Long. They knew Colonel Long was badly injured.

Chapter 1304: Save Long Hui

The soldiers allowed Yu Qi to enter.

"Bring me to Colonel Long." Yu Qi ordered.

The soldier felt it was like Long Hui gave the order. He quickly brought Yu Qi to the place where Long Hui was right now.

Ren Qian Ye was waiting outside the room where Long Hui currently stayed. The doctors were trying to save Long Hui right now. He could not do anything, just prayed that something miraculous would happen and save Long Hui.

The doctors told him that they would try to save Long Hui. Ren Qian Ye felt like he was dreaming when he saw Yu Qi rushing over.

"Second Sister in law?" Ren Qian Yi called Yu Qi.

"Where is Long Hui?" Yu Qi asked.

Hearing the question from Yu Qi, Ren Qian Ye realized that she was a real person.

"What are you doing here?" Ren Qian Yi could not help to ask.

"Where is Long Hui?" Yu Qi asked again.

"He is inside this room. He was seriously injured..." Ren Qian Yi did not manage to finish his sentence, Yu Qi already opened the door.

"We already told you, don't disturb us when we are trying to save the patient." One of the doctors said.

"Let me save him." Yu Qi said.

"Miss, this is not the place where you can barge in." A female doctor, Vicky Emith said to Yu Qi.

"I am a doctor too. I know that you are having trouble saving him." Yu Qi said.

"Let her join you." Ren Qian Yi gave the order.

"Sir, this is not time to joke around. You can not allow outsiders here. What if she is a spy? She might do something to Colonel Long." Vicky Emith said.

"She is Colonel Long's fiance. She will not do something like that to her own fiancée." Ren Qian Yi said.

While Ren Qian Yi was arguing with Vicky Emith, Yu Qi was getting ready. She did not care what others said. She was going to join the surgery anyway.

Vicky Emith was surprised to hear that the woman was Colonel Long's fiancée. She never thought to see her here.

Yu Qi took a pill and let Long Hui swallow it.

"What do you give him? He could not take anything at the moment. Are you sure you are a doctor?" Vicky Emith was shocked to see that.

Other doctors were also alarmed.

"Shut up. That medicine helped to stabilize his condition temporarily." Yu Qi said.

The medicine worked. The monitor showed it. Yu Qi did not wait for anyone.

"Scalpel." She said.

.....

5 hours later, the surgery was completed. The doctors worked so hard to save Long Hui, especially Yu Qi. The doctors were very impressed with her hand skill. Her technique was very good. They learned a lot from this surgery.

And that medicine too. They wanted to ask her about the medicine too. But they knew that they were in the middle of surgery. They could not ask her at that time. The effect was very good. It helped to smooth the operation.

Until the last snitching, the surgery over smoothly. They never saw such an amazing technique.

"How is he?" Ren Qian Yi asked when seeing Yu Qi get out of the room.

"He is safe for now." Yu Qi said.

"That is a relief." Ren Qian Yi was very relieved.

"Doctor Tang, can we talk?" The doctors wanted to talk to Yu Qi.

"Hmm... We can talk later. Right now, you need to rest. Thank you for saving my fiancée." Yu Qi bowed a little.

"It is because of you. Without you, we can't save him."

"Yeah. Your skill is very amazing."

"The medicine is excellent too."

"You are so helping out. We can talk later." Yu Qi said.

"Okay.... okay..."

The doctors left. Vicky Emith stared at Yu Qi for a moment and left too.

A nurse and a soldier were in-charge of taking care of Long Hui. They would call someone if something happened to Long Hui. Shino was also left over there to monitor Long Hui.

Ren Qian Yi brought Yu Qi to Long Hui's room.

"Second Sister in law, the soldier tells me you come here riding a big wolf. Is that true?" Ren Qian Yi said.

"Yeah." Yu Qi nodded. There was no need to hide because the soldiers already saw it.

"I went to see it at the entrance. But it already left." Ren Qian Yi regretted that he could not see the wolf. "But how do you tame it to do that? I heard from the soldier that it was very big and looked aggressive."

After Yu Qi entered the camp, Aoi was sitting in front of the entrance. The soldiers looked guarded. They felt the wolf might attack the camp.

Aoi noticed that and told Yu Qi about that. Yu Qi told Aoi to leave first, became a small dog again, and sneaked into the camp later.

"I used some powder. The wild animal like it. So, he obeyed her at that moment. After the effect of the powder loss, he will return to the normal state." Yu Qi made up a lie.

Ren Qian Yi thought for a moment. The soldiers told him that the wolf stayed for quite some time and left after that. He did not know there was such a big wolf around the area even though they already stayed there for quite some time.

Chapter 1305: She Was Terrifying

"Then how do you know Second Brother was injured and know this place?" Ren Qian Yi asked again.

This time, Yu Qi did not answer immediately. She smiled. Ren Qian Yi felt mysterious.

"I have my own way." Yu Qi did not want to tell him.

Ren Qian Yi was silent. "Okay... Okay... I will not ask anymore. Second Sister in law, you can rest first." Ren Qian Yi left.

The first thing that Yu Qi did was to inform her family. She requested to take some leave days. She told them that she had some urgent matter to settle. She also told them not to worry about she was with Long Hui.

Hearing that, her family felt better knowing she was with Long Hui.

Yu Qi was indeed feeling tired. She fell asleep. She did not know that the rumor about her riding a big wolf spread around the camp. She was also the one who save Colonel Long from the brink of death. People wanted to see her.

However, not everyone thought the same. The women especially the Vicky Emith felt the rumor was rubbish. What? Riding the wolf? That was ridiculous.

She was from this country. She knew there was no wolf around.

Vicky Emith was one of the doctors that could join the mission. At first, she despised coming here. After seeing Long Hui, she was glad to come here.

Long Hui was such a handsome man. But he was very cold to women. He was aloof to women. One of the female soldiers entered his room without permission, she was requested to leave the camp and was punished for her action.

After that, things got to calm down a little bit. But it never stopped the women from admiring him. Then, a rumor spread that Long Hui already had his fiancée.

One of the women heard Long Hui talk about his fiancée. One of the veterans wanted to introduce him to his daughter. Long Hui rejected them by telling them that he already had his fiancée and did not have the intention to break off the engagement.

They were devastated when they heard that. And now the rumored fiancée was here too. The women wanted to see the rumored fiancée and wanted to know why Long Hui seemed to love his fiancée so much.

She assumed that Long Hui's fiancée was a normal woman. Probably working in a company or something like that. But the reality was suck.

Long Hui's fiancée was a doctor. Not to mention, she was such an amazing doctor, to begin with. She could not deny it because it happened in front of her eyes. That woman's surgery technique was very excellent.

"Sister Vicky, are you inside?" A female soldier from Country Brin, Winnie Esrpa, who was close to Vicky Emith was knocking on her door.

"Yeah. Come in." Vicky Emith said.

Winnie Esrpa came into Vicky Emith's room.

"Vicky, I heard a woman claimed herself as Colonel Long's fiancée is here. Is that true?" Winnie Esrpa asked.

"Yeah." Vicky Emith admitted.

"I heard the guard soldier tell everyone that she came here riding a wolf. But we don't think we have a wolf in this forest. Not to mention, a big wolf like they claimed." Winnie Esrpa said. "She is suspicious. Maybe she is a spy."

"If you think so, you should report it to your superior. They might know what to do." Vicky Emith said.

"But I don't think that they will believe a normal soldier like me. Lieutenant Colonel Ren already confirmed her identity." Winnie Esrpa said.

"Then, you should follow the order." Vicky Emith said.

She knew what Winnie Erspa wanted to deliver to her. But she did not want to be a busybody to someone else.

"Oh, I see." Winnie Erspa's smile froze. She did not expect that Vicky Emith would be ignorant about this matter.

....

There was some knocking on the door. Yu Qi already woke up and take a bath.

"Second Sister In law, are you awake?" It was Ren Qian Yi.

"Yes. Come in." Yu Qi said.

Ren Qian Yi came in.

"It is time for dinner. Let's go to the canteen." Ren Qian Yi said.

"Hmm... but before that, I will go and see Brother Hui's condition." Yu Qi said.

"Sure..." Ren Qian Yi nodded.

While they were walking to Long Hui, many eyes followed them.

"Is that the rumored Colonel Long's fiancée?"

"I guess so."

"She is so beautiful."

"A perfect match with Colonel Long."

"I hear she come and save Colonel Long. Colonel Long was seriously injured when he returned and other doctors were struggling to save him.

"Humph... How can she just barge into the camp like that?"

"I don't know what Colonel Long sees from her."

"Maybe she is good at seducing men."

Yu Qi could hear everyone talking about her. However, after the last statement made she stopped and turned her eyes to the woman who said that.

Her cold face accompanied by the murderous aura made all the women startled. They shut their mouth. They did not think that Colonel Long's fiancée could hear what they were talking. And she was terrifying.

Of course, Yu Qi could hear that. Her hearing was amazing.

"Second Sister In Law?" Ren Qian Yi called her name.

Yu Qi started walking again. "Tell me. What happened to Brother Hui?" She wanted to know the detail of why Long Hui got such a serious injury.

Chapter 1306: Revenge

"Our Intel told us that the weapon dealer that we had been chasing for such a long time would be making their deal at the located place. Second Brother ambushed them but they fight back. Second Brother protected his comrade. Because of that, he was seriously injured." Ren Qian Yi explained what happened to Long Hui.

"I see." Yu Qi nodded. Then she asked another question. "What is their name?"

"Who?" Ren Qian Yi could not get the question. Who were they?

"The weapon dealer." Yu Qi said.

"Oh, it is Big Silver Mercenary." Ren Qian Yi answered.

"Got it." Yu Qi just smiled.

Ren Qian Yi did not understand why Yu Qi asked for the weapon dealer's name.

Yu Qi and Ren Qian Yi went to the canteen to eat. After they ate, Yu Qi was ambushed by the other doctors who wanted to ask her about her technique and medicine.

Yu Qi answered their questions one by one. The medicine that she used in the surgery could a combination of modern medicine and traditional medicine.

The doctors were very astonished by the medicine. Even though the result was temporary, it would be enough to stabilize the patient during difficult surgery.

They asked about the source of the medicine. They wanted to purchase it themselves. Yu Qi told them the medicine would be available in the market later.

They went to see Long Hui's condition. His condition was stable. Seeing this, Yu Qi was relieved. But at the same time, her eyes narrowed. 'Big Silver Mercenary... Hmm... You will pay for it.'

After checking Long Hui, Yu Qi returned to Long Hui's room for the night. Aoi was already inside. He sneaked into the room.

"Master, I am hungry," Aoi whined.

"Okay. I will cook something for you. You will bring some to Shino. I bet he is also hungry." Yu Qi said.

Both of them entered the space. Yu Qi cooked something simple but delicious. After eating, Yu Qi brought Aoi out.

"Here. Go to Shino and give it to him. Use your invisibility mode." Yu Qi said.

"Okay, Master. I will go first." Aoi wanted to complete his errand.

Yu Qi entered the space again and went to the computer room. She wanted to know about Big Silver Mercenary. How dare they touch her beloved... they would pay for it.

The name really helped Yu Qi to get the information that she needed. The leader of Big Silver Mercenary was a middle-aged man from the US. He had been involved in the weapon industry for a long time.

Their base was in the Country Brin. Country Brin authorities had been dying to destroy Big Silver Mercenary but it was unsuccessful. They could not find the exact location of their base.

Country Brin invited Binhai Nation's soldiers to participate in the mission to help them. That was why Long Hui and his men were here.

Yu Qi found the base of Big Silver Mercenary.

.....

"What is going on here? Why does Lieutenant Colonel Ren call us here?" The soldier from Country Brin asked the soldier from Binhai Nation.

"We also do not anything about this." A soldier from Binhai Nation answered.

They needed to wait for Ren Qian Yi to come. A few minutes later, Ren Qian Yi appeared with another soldier and a beautiful woman.

They already knew the identity of the beautiful woman. It was Colonel Long's fiancée who just came and saved Colonel Long from the brink of death. They wondered why the beautiful woman was there too.

Yu Qi was standing in front of the soldiers. She did not feel intimidated at all.

"I gather you here because we get some information about Big Silver Mercenary. Their base location has been identified." Ren Qian Yi started talking.

Earlier, Ren Qian Yi had another meeting with the highest-ranking soldiers from Country Brin too.

They immediately questioned the authenticity of the information. Ren Qian Yi did not tell them the truth because he got the information from Yu Qi.

He also did not believe the information in the first place. But Yu Qi showed how she got the information, he was convinced. Yu Qi's skill was very amazing.

If he told them, he got the information from Yu Qi, they would not believe it. So, he just told him that he got the information from his Intel.

Ren Qian Yi wanted to attack the base and caught Big Silver Mercenary off guard. They were very proud that Country Brin's authorities could not find their base. And they would believe so. That would be the perfect chance to catch them.

The highest-ranking soldiers from Country Brin could not trust the information. They wanted to investigate the information more.

But Ren Qian Yi argued with them. If the information was leaked, it might cause a disadvantage for them. Their enemy would be alerted and run away. So, they needed to attack the base right away.

"If you are so coward, I don't give a damn thing. I will take my people." Ren Qian Yi exploded.

Others calmed him down by telling him he could take anyone from Country Brin's soldiers if they wanted to follow him. Ren Qian Yi snorted. He did not care if none of the Country Brin's soldiers wanted to follow him or not.

He believe that the men under Long Hui would be agreed to follow him to get revenge on Long Hui's behalf.

Chapter 1307: Join The Mission Too

"You all should know that Colonel Long had been seriously injured in the mission regarding the Big Silver Mercenary. I have located their headquarters. I am planning to ambush their headquarters. I know it will be dangerous. You might lose your life. That's why I am planning to have some volunteers to join me." Ren Qian Yi said.

"ME!" A soldier from Binhai Nation shouted loudly.

"Me too."

"I will go."

"We will have revenge."

"No need to ask us, Lieutenant Colonel Ren. You just need to order us. We will follow your order."

"For Colonel Long."

"For Colonel Long."

One by one shouted until the whole soldiers from Binhai Nation shouted. However, surprisingly, one soldier from Country Brin shouted too.

"I will follow you too. My life had been saved by Colonel Long. I want to repay it."

"Yes. Me too. He pulled me from getting a shot to my head."

"It is because of me, he suffered such a grave injury. I am willing to pay for it. Take me too."

Some of the Country Brin's soldiers had been saved by Colonel Long and were very grateful to Colonel Long. So, they wanted to volunteer to repay Colonel Long.

"Good. I will arrange the plan. I will inform you later. Just be ready to depart. But none of you will be going. We can't let this camp empty." Ren Qian Yi said.

Yu Qi smiled. It was going to be as she planned. Actually, she did not need the troop to go and destroy the Big Silver Mercenary. But the after-scene would be annoying. She needed some disguises.

Ren Qian Yi discussed this with Yu Qi the plan. They decided to make an attack on Big Silver Mercenary during the night. All of the soldiers would be wearing black clothes to match the night.

However, Ren Qian Yi rejected Yu Qi to follow them. Yu Qi told him whether he wanted or not, Yu Qi would be followed them. She would not back off. After arguing for about 20 minutes, Ren Qian Yi surrendered. He just could let her join the plan.

At the night, they prepared to go. They did not want to stand out. So, they prepared the normal vehicles. It was not like they would be able to go all the way to Big Silver Mercenary's headquarter.

They would park the vehicles somewhere else nearby the headquarters and walk to their destination.

When the soldiers saw Yu Qi, they were shocked. They did not expect that Yu Qi was here too. Because she was Long Hui's fiancée, the soldiers were kind of worried seeing Yu Qi would be going together on this mission.

"Must she follow us too?"

"Yeah. It is a dangerous mission."

"She should stay behind."

"If she is coming with us, we will need to protect her too."

The soldiers tried to talk to Ren Qian Yi about the matter. But Ren Qian Yi brushed them off telling them there was a reason why Yu Qi was coming with them.

Even the high-ranking soldier from Country Brin tried to talk to Ren Qian Yi about this.

"You are not in this mission. So, stop interfering with what we doing." It was the answer that Ren Qian Yi gave to the high-ranking soldier from Country Brin.

They departed when the clock showed 7 p.m. The journey would take one hour. They parked their vehicles. The soldiers came out. Only 50 of them were chosen to come for this mission.

Yu Qi opened the map.

"We will attack from their base from different 3 directions. So, we will divide 3 groups." Yu Qi explained the plan again. "Remember the map. The time here is 8.15 p.m. The attack will begin at 9.30 p.m. Adjust the time on your watch. Make it the same as mine. We need to attack their base at the same time. To create chaos. Understand?"

"Yes, Ma'am." The soldiers answered.

"All right. Now, get moving." Yu Qi said.

Like it was a normal thing, the soldiers followed Yu Qi's order.

"Second Sister in law, it is a pity that you are not in the military." Ren Qian Yi had time to comment on that.

Yu Qi did not say anything. Ren Qian Yi was on the same team as Yu Qi. Even though he was okay with Yu Qi coming with them, he still worried about her.

Yu Qi was given a gun. But she also brought two butterfly knives with her. She kept them hidden. They arrived at the appointed location at 9.15 p.m. There were still 15 minutes ahead.

They took a rest. They were going to war later. Yu Qi kept silent. The soldiers thought she began to feel afraid. Because they thought Yu Qi was a normal woman.

They did not light the place because they did not want their enemies to know their location. So, everything was dark. They just relied on the night vision goggle.

Yu Qi suddenly took off her night vision goggles. Actually, she did not need it anyhow. But she needed to wear it too. Right now, she took it off because she wanted a better view of the base.

She could see there were some people guarding the base. They needed to kill those people first if they wanted to enter the base.

"It's 9.29 p.m. Get ready." Yu Qi said.

The soldiers looked ready to do it.

Chapter 1308: Second Sister In Law, You Are A Monster

Once the time changed to 9:30 p.m. they immediately moved. However, the soldiers in Yu Qi's team were shocked by Yu Qi's speed.

Yu Qi easily killed the two men with her butterfly knife. It was very swift. One slash on each neck.

"Come in." Yu Qi said.

They successfully entered the wolf den. Once they spotted someone, Yu Qi was very faster to attack the men without any warning. They could not do anything.

They also questioned their existence. Not only the soldiers were shocked, Ren Qian Yi was also surprised by Yu Qi's skill. It was his first time seeing Yu Qi in action.

Because of the dead bodies around, the people from Big Silver Mercenary noticed the intruders. Then, the alarm started to hear. The men knew it was an emergency alarm indicating something had happened.

All of them rushed out to see what happens. The moment they rushed out, they were shot. They were not prepared.

It was the first time the alarm was triggered. So, they were not prepared for this kind of situation.

The headquarters currently had 100 men inside it. Because of the swift action from the soldiers, even though there were only 50 of them, they still could confront the 100 men.

Yu Qi grabbed one of the enemies. She put the knife to his neck.

"Where is your boss?" Yu Qi questioned the man.

"I don't know. Please don't kill me." The man begged.

However, without any mercy, Yu Qi slashed his neck. The soldiers gulped. They felt that they were watching Long Hui instead.

"Who are you intruding on my house?" A middle-aged man came out and asked domineeringly. It seemed this man was the leader of Big Silver Mercenary.

The soldiers were dressed in black clothes. So, no wonder, he did not recognize them.

"There is no need for you to know us. Just know that from tonight, your Big Silver Mercenary would vanish." Yu Qi shouted.

"A woman?" The leader of Big Silver Mercenary was a little bit surprised to hear a woman's voice.

"I don't think we have any grudge." The leader of Big Silver Mercenary said.

"No grudge?" Yu Qi chuckled. Then, she changed her tone. "No grudge or not, your life is mine."

Then she threw her butterfly knife at the leader of Big Silver Mercenary. The leader of Big Silver Mercenary snorted. This woman seemed to overestimate herself. There was no way that a knife like that would kill him.

Because he was paying attention to the knife, he did not notice that Yu Qi was running, shortening the distance between them. She also took out the gun and pointed it at the leader of Big Silver Mercenary's head.

"Mr. Boston."

Someone shouted out loud to warn the leader of Big Silver Mercenary. However, it was already too late. The bullet already hit the target. It landed straight into the leader of Big Silver Mercenary's forehead.

The leader of Big Silver Mercenary fell on the ground just like that. At his last moment, he could not believe that his life would be ended by an unknown woman's hand.

"Kill the remains. Don't leave anyone." Yu Qi shouted.

Hearing the shout, the soldiers started to move again, killing the remains of Big Silver Mercenary's members.

After confirming none of the members survived, the soldiers looked around. Big Silver Mercenary, a power that was feared by others had been destroyed just like that.

Although they were the ones who destroyed Big Silver Mercenary, they still could not believe themselves. And the one who led them was a woman. A freaking woman.

Yu Qi walked around. Ren Qian Yi and several soldiers followed her. Until they stopped at one door. It looked like a warehouse.

"What is this place?" Ren Qian Yi asked Yu Qi.

"What do you think?" Yu Qi smiled.

Others who saw the smile trembled.

Yu Qi tried to open the door but it seemed it was locked. Yu Qi shot the door but was still unmoved.

"Miss Tang, let us try to open it." One of the soldiers offered.

"Yes. Let us try it." Others also nodded.

Yu Qi nodded and stepped aside. The soldiers tried to kick the door open but it was unsuccessful. The door was still tight.

Yu Qi sighed. "Step aside."

The soldiers stepped aside. Yu Qi looked at the door. She then took a deep breath. Right after that, she lifted her leg and kicked the door.

The door was ripped off its place and fell on the ground. The soldiers dropped their jaws. They also kicked the door too. Only one person, but 10 of them, but the door did not move.

Now, only one person kicked it and it was a woman, this damn door ripped off from its place. Not to mention, it was an iron door.

How much strength that Yu Qi used to make it happen?

"Miss Tang is very amazing."

"You are so strong, Miss Tang."

"No wonder, Colonel Long like you so much."

The soldiers began to praise Yu Qi. Ren Qian Yi was also very shocked. He also tried to kick the door open with strength, but nothing happened.

"Second Sister in law, you are a monster." Ren Qian Yi commented.

"Are you sure you want to say something like that to me?" Yu Qi turned around and looked at Ren Qian Yi with her narrowed eyes.

Chapter 1309: Qi Qi In Doctor's Mode Is Kind Of Sexy

"No. I am sorry." The coward Ren Qian Yi quickly apologized.

It felt like he was facing his second brother. 'So scary.'

"Well, what is this place?" Ren Qian Yi changed the topic.

"Their storage. The place where they store the weapon." Yu Qi said.

"You mean the weapon that they will go to sell?" Ren Qian Yi asked in shock.

"Yeah." Yu Qi nodded and entered the room.

Ren Qian Yi and other soldiers also came in. They were greeted with various weapons. As Yu Qi said, there was a lot of type of weapons.

"They have so many weapons." The soldiers gasped in shock.

"Well, according to the law, it will belong to us, right?" Yu Qi asked.

"Yes." Ren Qian Yi nodded.

When the forces lost, the good would belong to the winner. So, everything here would belong to them.

"Hmm... have several soldiers guard this place for tonight. We will come and move everything tomorrow." Yu Qi said.

"Yes, Ma'am." The soldiers moved.

"By the way, Second Sister in law, how do you know this place?" Ren Qian Yi asked.

The soldiers also wanted to know about that.

"Since I can get the exact location of Big Silver Mercenary, it is normal for me to know this storage." Yu Qi smiled.

Yu Qi already investigated every corner of this place when she hacked into the system. So, of course, she knew about this storage. She also knew where the leader's room was.

Ren Qian Yi made an 'o' shape with this mouth. No wonder Yu Qi casually walked and found the room.

The other soldiers were also shocked. From the conversation, it seemed that Yu Qi was the one who got the information about where Big Silver Mercenary headquarter.

Was Yu Qi a normal doctor? How could she get such information? However, they could not ask her. Ren Qian Yi did not reveal how he get the information. So, it should be kept a secret.

They returned to the camp at 1 a.m. except for the soldiers who had been asking to guard the weapon room.

When they returned, the others were shocked that there were no fatalities. Everyone survived. They only had small injuries. The doctors had been called to treat the injured ones.

They saw Yu Qi in the blood. But Yu Qi told them that this blood was from hers but from others. She did not even injure.

The soldiers then told the doctors that Yu Qi was the one who mostly did the killing. They also told them that the leader of Big Silver Mercenary was killed by Yu Qi.

The doctors were speechless to hear that. Was she a doctor? How could she kill people?

Then the story about Yu Qi spread around the camp. They really thought that Yu Qi was a good match for Long Hui.

Yu Qi went to clean herself. She was relieved that the smell of the blood disappeared after she cleaned up. She changed her clothes and went to Long Hui's room.

When she entered the room, she was greeted by Long Hui's eyes.

"You awake." Yu Qi rushed over to his side.

"Qi Qi?" Long Hui could not believe his eyes.

He felt that it was an illusion. It usually happened when he missed her so much.

"Hmm..." Yu Qi just could grab Long Hui's hand.

If it was not because of the surgery, she might hug Long Hui tightly.

"You are really here." Long Hui felt the touches.

"I am here." Yu Qi looked into Long Hui's eyes.

Long Hui was happy to see the real Yu Qi but he was confused about why Yu Qi was here. "Why are you here?"

"I am here to save you. Shino told me that you were seriously injured. That is why I came here." Yu Qi explained.

"Shino tells you?" Long Hui was surprised.

"Yeah. He sometimes tells me about you. Thank goodness, he is with you. Otherwise, I would not know about you and you will die." Thinking about that made Yu Qi want to cry.

Long Hui wiped Yu Qi's tears gently. "Don't cry. I can't stand your cry."

"You just woke up?" Yu Qi said.

"Yeah." Long Hui said.

"Then, I will make some check up on you." Yu Qi turned into doctor's mode.

The nurses came in and were surprised to see Yu Qi here.

"Doctor Tang." They greeted Yu Qi.

"Hmm... the patient already woke up. His condition is stable." Yu Qi told the nurses.

The nurses recorded what Yu Qi said.

"Qi Qi in doctor's mode is kind of sexy." Long Hui said in a seductive voice.

The nurses who heard Long Hui had their eyes opened wide. They did not expect to hear Long Hui say something like this.

The Long Hui that they knew was a cold heart person. He never smiled. Especially when women approached him. He was scary.

Now, what? His voice was very seductive. Their heart shouted inside.

Yu Qi glanced at Long Hui. Long Hui was smiling at Yu Qi. The nurses happened to see this. Their bodies were trembling excitedly. Turned out, Long Hui was a loving man in front of his fiancée.

"You need to rest." Yu Qi said ignoring the nurses.

"You need to accompany me. Otherwise, I will be feeling bored." Long Hui said.

The nurses wanted to stay longer but they knew they could not stay anymore. So, they excused themselves.

Chapter 1310: She Looked Like Asura

The doctors came to check on Long Hui in the morning. They were surprised to see Yu Qi had already here. They heard when they went to breakfast this morning about Yu Qi's heroic action.

The soldiers told what happened yesterday. Yu Qi was very amazing, not because of her action as a doctor, but also as a fighter. They said that yesterday's mission was successful because of Yu Qi.

Yu Qi killed most of the Big Silver Mercenary's members. Her swift hand and fast action really made things easier.

Of course, the doctors did not believe much about that. Yu Qi was a doctor, not to mention she was a doctor.

However, when the doctors said something like that, the soldiers got very angry. They said, 'if you did not believe us, we don't care.'

However, one by one soldier told the exact same thing. Not only from Binhai Nation's soldiers but Country Brin's soldiers too who joined yesterday's mission. There was no way they could say something as exact as Binhai Nation's soldiers.

When the doctors saw Yu Qi in Long Hui's room, they were quite surprised, they thought Yu Qi would still be sleeping.

Yu Qi did not know what the doctors thought about her. So, she acted normally. She told the doctors about Long Hui's condition.

Long Hui recovered very well and fast. Normal people would be recovered slowly not as fast as Long Hui. They felt weird about this.

Yu Qi brushed them off by telling that it was probably because of Long Hui's strong body as a soldier. The doctors seemed to accept it for now.

However, Yu Qi knew why Long Hui could recover fast from the surgery. Long Hui's body was slowly turning into the cultivator's body which much stronger and could recover fast from injury.

Long Hui wanted to get out of bed. Yu Qi and the doctors did not let him do that.

After finishing checking Long Hui's condition, the doctors decided to leave. It was not the same as Vicky Emith. She wanted to stay over. So that she could look at Long Hui.

However, she was told by Long Hui to get out. She looked at Yu Qi and then Long Hui before going out.

"It seems you get yourself some admirers here." Yu Qi said while narrowing her eyes.

"Admirers or not, I don't care about that. I just care about you." Long Hui was being a sweet talker in front of Yu Qi.

Yu Qi just chuckled.

Then someone knocked on the door. That person opened the door and took a peak inside.

"If you already open the door, so come in." Long Hui gave the order.

"Yes, Sir. Yes." Ren Qian Yi quickly entered the room.

"Second Brother, Second Sister in law." Ren Qian Yi greeted both of them.

"You are here." Yu Qi replied.

"Hmmm..." Long Hui replied.

"Second Brother, don't be so cold. Otherwise, you will recover slowly." Ren Qian Yi said.

Yu Qi turned at Ren Qian Yi and glared at him.

Ren Qian Yi gulped. "Sorry... Sorry... Don't glare at me like that, Second Sister in law." He shook his head.

Long Hui snorted seeing Ren Qian Yi like this.

"Did something happen?" Long Hui asked.

He knew that Ren Qian Yi would not come with an empty hand.

"I just want to tell you, Second Brother, you really have an amazing woman. When I see her action yesterday, I was mesmerized by her... The way she used the knife, she looked like Asura... She...." Ren Qian Yi could continue his praise when Long Hui suddenly stopped him.

"Stop. What are you saying? Yesterday, what?" Long Hui was confused.

"Eh, Second Sister in law, you don't tell him?" Ren Qian Yi looked at Yu Qi.

Yu Qi shook her head.

"What happened?" Long Hui asked seriously.

"Actually..." Ren Qian Yi began to tell everything to Long Hui. How Yu Qi got the information about Big Silver Mercenary's headquarters, the plan she made to ambush Big Silver Mercenary and led the soldiers into victory, which meant destroying Big Silver Mercenary and they got some weapons for free.

"You did that?" Long Hui looked at Yu Qi.

"They dared to lay their hands on my man. They should dare to bear my anger." Yu Qi said in anger.

She would not let anyone hurt her man. If they did, be prepared to face her wrath.

Long Hui smiled. "Thank you, my beloved." He rubbed Yu Qi's cheek.

Ren Qian Yi coughed several times. This couple seemed to forget that he was still here.

"If you are jealous, find a woman yourself." Long Hui glanced at Ren Qian Yi.

'Second Brother, you really know to hurt my feeling.' Ren Qian Yi thought.

"By the way, it seems our mission here is completed." Ren Qian Yi said.

"Hmm..." Long Hui nodded.

The mission here was to destroy the weapon dealer, Big Silver Mercenary. If the mission was completed, they could return home.

"I will tell our people to get ready to return." Ren Qian Yi said. "When can we return?"

"Ask my doctor." Long Hui left that to his doctor, Yu Qi.

"In two days." Yu Qi answered.

As she mentioned earlier, Long Hui's body could recover faster than a normal person's. A normal person would take a least one week or two weeks. But Long Hui probably would take 3- 5 days to recover.
