

Intelligent 1351

Chapter 1351 1351: Silent Corpse

Yu Qi and Long Hui arrived at Li Yan's office. To Yu Qi's surprise, Su Yu Hi and Song Su Jin were already present.

"Brother Yu Hi, Sister Su Jin?" Yu Qi looked surprised.

Both of them looked very relieved when they saw Yu Qi. Li Yan stood up and welcomed Yu Qi. He also greeted Long Hui.

"Tell me what happened to you two days ago." Su Yu Hi wanted an explanation.

Yu Qi told them the truth. Song Su Jin looked very shocked. She had some experience being kidnapped. She knew how terrifying it was.

Just the reason why she got kidnapped was something else. She could be kidnapped because of her lunatic fan who wanted her to himself. He wanted to force her into marrying him. Luckily the police managed to find her because that happened. The culprit had been captured and imprisoned.

"So, how are the culprits? Are they all being caught?" Song Su Jin asked.

"Yes. You don't need to worry about that." Yu Qi nodded.

"How about the people who buy the human?" Su Yu Hi was interested to know about that.

"They would be punished. They should know that it was illegal to do something like that." Yu Qi snorted.

"Anyway, it is good that Miss Tang is safe." Li Yan said.

Everyone nodded.

"Oh, I want to discuss something with Mr. Li." Yu Qi remembered the reason she came in the first place.

"I will wait outside." Long Hui read the mood and went out.

"Me too." Song Su Jin thought they probably wanted to discuss something related to work. So, it was better for her to wait outside.

So, only three of them were left in the room. They began to discuss what they wanted to talk about. The talk took about one hour.

While they were talking inside, Long Hui and Song Su Jin became people's attention in the office. Song Su Jin was a famous celebrity. While Long Hui had a handsome face.

Some of the workers came up to Song Su Jin to ask for her signature. Song Su Jin just smiled and signed.

"Miss Song, do you know him? Is he the newcomer?" A girl asked while looking at Long Hui.

"I don't think so." Song Su Jin shook her head.

Even though she knew him but she did not personally know him. She just knew him as Yu Qi's fiancée and a soldier. Then she heard what the girls talked about.

"You can go and ask for his contact information."

"Do you think he will give it to me?"

"Why not? You are the beautiful one. He is probably delighted when such a beautiful girl comes and asks for his contact information."

"Hmm... I will try."

Then Song Su Jin watched the beautiful girl approaching Long Hui.

"Excuse me, Sir. My name is Rong Shiyu. Can I get to know you?"

Long Hui turned around. He had a cold expression on his face. He glanced at Rong Shiyu for a moment and moved his eyes while ignoring the beautiful girl.

Rong Shiyu was waiting for him to reply. She was feeling happy when she saw his eyes looking at her. But she did not hear anything for such a long time.

"Sir?" Rong Shiyu stepped a step closer to Long Hui.

"Stay away from me." Long Hui stepped away from Rong Shiyu. "Don't disturb me."

Rong Shiyu was kind of shock. It was her first time being reprimanded like that. Usually, the men were very gentle while talking to her. Her tear appeared at the corner of her eyes.

Rong Shiyu's friends could not stand how Rong Shiyu was being treated by that man who stepped in.

"Hey, why do you make her cry?"

"Are you not a man?"

Long Hui just ignored them. Song Su Jin who kept watching this was a little bit speechless. She did not think that this would escalate like this.

"Hey, talk to us."

"Yeah. Apologize to Shiyu."

"What is going on here?" Li Yan who just came out of the room asked.

The girls looked at Li Yan with respect. He was their superior. They then saw Long Hui walk to the beautiful woman behind Li Yan. They were surprised to see the woman, especially Rong Shiyu.

She felt like she had been punched by Long Hui. Long Hui ignored her but right now, he was holding hands with that woman while looking at that woman with a gently look, not a cold expression when he was looking at her just now.

"Are you finished?" Long Hui asked.

"Hmm... Yeah..." Yu Qi nodded. Then she chuckled. "It seemed you are attracting the bees again."

"I know nothing. She just started crying on her own. I don't even touch her. Otherwise, she will be a silent corpse." Long Hui denied his fault.

Their conversation could be heard by everyone. Rong Shiyu and her friends were shocked when they heard that. They understood the last part. If he wanted, Rong Shiyu had been killed by him.

"What are you doing to our customer?" Li Yan asked Rong Shiyu and her friend.

"No... Nothing... We don't do nothing." Rong Shiyu's friend shook her head.

"Yeah. It is Rong Shiyu who talked to him." Another one pointed to Rong Shiyu.

"Huh... I... I... Just..." Rong Shiyu did not expect her friends to push the blame on her.

"You guys should be working right now. Not doing something like this. It will be recorded in your KPI. Go to work now." Li Yan reprimanded them.

Chapter 1352 1352: The Devil

The girls bowed and went to their tables.

"I apologize on behalf of my staff." Li Yan bowed to Long Hui.

"No need." Long Hui waved his hand.

"Miss Tang, I will do as we discuss earlier." Li Yan said.

"Good. I will go first. Brother Yu Hi, you can go with Sister Su Jin." Yu Qi said.

"Hmm... Just take care of yourself." Su Yu Hi nodded.

They left Li Yan's office.

"I am hungry. Let's go find somewhere to eat." Yu Qi said to Long Hui.

Long Hui agreed. Since it was an office area, they had a good amount of restaurants around. They just needed to find one. They decided to eat outside rather than inside the restaurant. So, they chose the outside table. The waiter came and took their order.

"What are your planning after this?" Long Hui asked.

"Hmmm.... since the matter here had been settled, I want to go home. I have a lot of work to do." Yu Qi said.

"Hmmm... I will accompany you then." Long Hui made his decision.

"Eh... how's about your work?" Yu Qi asked.

"Hmm... my part is done here. Qian Yi will be enough to handle the thing here." Long Hui said.

"Oh... then, okay. Let's go home together." Yu Qi could imagine Ren Qian Yi's reaction. "By the way, does the taxi driver being caught already?"

"Not yet. We are still looking for him. It seemed he used different license numbers when doing the jobs." Long Hui told her.

"Really? Hmmm... why don't we do this?" Yu Qi flashed an evil smile.

.....

Jiang Wo prepared to go to work. Since the auction yesterday, he assumed all of the merchandise had been sold out. So, he needed to find new ones. He went to the taxi parking at the airport as usual.

Even though he had cooperated with the gang, he had a valid permit that allowed him to work as a taxi driver.

Then, he had been approached by a tall man wearing a mask and sunglasses.

"Can you take me to my hotel?" The tall man asked.

"Sure... Sure..." Jiang Woo did not reject money who came.

"My partner is over there. Please go over there." The tall man said.

"Sure... no problem." Jiang Woo nodded.

The tall man returned to his partner. Jiang Woo entered his taxi. He assumed that the tall man was a celebrity on a secret vacation with his lover. They must be afraid of being exposed.

Jiang Woo was thinking to earn some extra cash from this secret couple. He grinned evilly.

The secret couple entered his taxi. Jiang Woo smiled. They started leaving the airport.

"Are you a couple?" Jiang Woo started to ask questions.

"Hmm..." The tall man answered.

"So, you must be coming here to have a vacation. You can use my service if you want to go everywhere during your vacation here. I can give you a discount." Jiang Woo offered.

"Oh... Really... it is good then." The woman said.

Jiang Woo looked at his passengers behind. He could feel that his assumption was correct. They were celebrities who in a secret vacation.

However, he felt like he had listened to this voice before. Then he assumed he must have listened to her somewhere else because they were celebrities.

His plan to earn extra cash would be great. He could sell this information to others. And he also planned to extort as much money as he could from this couple.

"So, do you remember me?"

Jiang Woo heard the question. At first, he did not reply to the question because he never thought that woman would be referring to him. However, the woman repeated the question and specifically called for him.

"Mr driver, I am asking you. Do you remember me?"

Jiang Woo just smiled and answered. "Miss, I don't think I remember you."

Then he could see the woman take off her sunglass and mask. It revealed a face. The face that he remembered significantly. He remembered because it was so beautiful.

"You!!!" Jiang Woo was so shocked.

He lost his control and slammed into the tree. Long Hui saw this and quickly protected Yu Qi by hugging her.

Because of the change in his physical body, he did not feel much pain. He looked at Yu Qi.

"Are you okay?" Long Hui asked.

"Hmm... Thank you." Yu Qi nodded.

Then they heard the door being opened. They saw Jiang Woo open the door and wanted to run away. Jiang Woo did not want to be caught here. If he had been caught here, his life would be over.

Ignoring the pain in his body, he tried to run away. That couple must be injured as well. He had the chance to get away.

However, his dream shattered when he saw the couple was fine. They did not seem they were injured at all. The couple managed to get closer to him.

He was scared to get caught. He wanted to increase his speed but he could not. The pain was so terrible.

"You can not run from us. You better give up and surrender." Yu Qi smirked.

Long Hui did not talk. He used action. He kicked Jiang Woo. Jiang Woo automatically fell down.

"Arghhh!!!" Jiang Woo screamed.

"See... if you give up, you will not feel this pain." Yu Qi sighed.

"Who... Who... are you?" Jiang Woo asked.

"The devil." Yu Qi grinned evilly.

Chapter 1353 1353: Tiantang Research Center

Long Hui called the subordinates to bring Jiang Woo to the military base. He was part of the human trafficking gang. So, he would be punished as same as the member.

Jiang Woo was crying when the soldiers came to pick him up. The soldiers were confused about this behavior.

"Please, bring me somewhere else. Don't give me to the devil." Jiang Woo kept repeating the same words to the soldiers.

'Devil? What devil?' The soldiers did not respond but still brought him away.

Yu Qi was secretly laughing. 'How can the man be so weak like that?' She did not even do anything but her action already scared Jiang Woo to death.

"Having fun?" Long Hui asked.

"Hmm... He is so funny." Yu Qi nodded while smiling.

"Let's go home." Long Hui said.

"Okay... Okay...." Yu Qi smiled.

It was really time for her to go home. She could imagine how much work she needed to do after arriving.

...

Returning to FINN City, Yu Qi started to busy with the new research center. Tiantang Research Center. It was the name of the research center. The core member of the Tiantang Research Center was the previous member of Yu Qi's research members.

They began to start their own research about medicine.

Tiantang Research Center opened its application to anyone who qualified to join Tiantang Research Center. A lot of people came and applied to join. However, the test to join was not so easy.

A lot of people applied but a lot of people failed too. Even though they had qualifications but it did not mean they were qualified to join Tiantang Research Center.

The person who looked through the application was not Yu Qi but Dian Shu Xian. He was very strict while valuing the applicants. After two weeks of evaluation, only five people managed to enter Tiantang Research Center the researchers.

They were very proud to be selected. Today was their first day to report. Dian Shu Xian gave them temporary identity cards to enter the research center. Otherwise, they could not enter the research center.

Once they entered the research center, they felt like they stepped into another world. The interior design inside the research center was very futuristic. It was more advance than anything else.

Dian Shu Xian told them to go and wait in the training room. They looked at the layout of the research center and found the training room. They needed to walk about 10 minutes to arrive at the training room.

While walking to the training room, they saw a man sleeping. They noticed it was Yi Qihan. Then another person came. It was Teng Li.

"Qihan, wake up." Teng Li tried to wake Yi Qihan up.

But Yi Qihan still slept. Teng Li smashed Yi Qihan's head.

"Ouch. What the hell?" Yi Qihan woke up due to the pain in his head.

"If you want to sleep, go to your room." Teng Li said.

Yi Qihan yawned. "Well, I am planning to go there. I don't know when I fall asleep here."

"You really should be careful. What if you fall asleep on the road?" Teng Li nagged.

"Okay... okay, mum. I get it." Yi Qihan yawned while scratching his head.

"What the ... Mum, who is your mum?" Teng Li shouted.

He wanted to kick Yi Qihan but Yi Qihan managed to run away first. Teng Li rolled his eyes.

The newbies looked at Teng Li and Yi Qihan with excitement. They would see the relationship between the researchers here were like friends. At the same time, they could see that the core members of Tiantang Research Center were a little bit weird. Who dared to sleep like a log in the hall like that just because they were tired?

Teng Li saw the newcomers.

"Oh, you guys must be the newcomers. Where does Dian Shu Xian ask you to go?" Teng Li smiled.

"We are being asked to go to the training room." One of the newcomers said.

"Come. Let me show the way." Teng Li said.

"Thank you, Senior Teng." The newcomers thanked Teng Li.

While they were walking, the newcomers started to ask a lot of questions to Teng Li.

"Hmm... Senior Teng, where is everyone?"

"They were occupied with their own research."

"Hmm... Doctor Tang is also doing her research right now?"

"As for her, she is not here. She is at Tang Private Hospital. I was told that she had surgery to deal with today."

"I see."

"What? You want to see her?"

"Of course, we want to. She is our idol."

"Well... she is the busiest person in our research center. It is not easy to meet her."

"Oh..." The newcomers were a little bit disappointed.

"We are here. Good luck with our training." Teng Li said as they already arrived at the training room.

The newcomers entered the room. The room had tables and chairs as well as a big screen.

"Detecting people... Detecting People...."

Suddenly there was a voice that made people startled for a moment. Then they looked around.

"Ah Kean, Huo Feng, Wan Su Rui, An Na Li, Shu Gui Cang." The voice stated the newcomers' names one by one.

"Not intruders." The voice went silent. Then it sounded again. "Please wait for Dian Shu Xian to come."

The newcomers were so impressed with the technology that Tiantang Research Center had. They were glad to be accepted by Tiantang Research Center.

Chapter 1354 1354: What A Sweet Karma

The newcomers looked around to find the source of the voice but they could not find anything at all. The voice just appeared around the room.

Dian Shu Xian appeared with Yu Qi. The newcomers looked at Yu Qi with shining eyes.

"Hello, everyone. I am Dian Shu Xian. She is Tang Yu Qi." Dian Shu Xian introduced themselves.

Yu Qi nodded to the newcomers. "Welcome to Tiantang Research Center. You will be assigned to other researchers as their assistants. I hope you can take a good job."

"Yes, Doctor Tang." The newcomers nodded.

"Hmm... May I ask something?" Ah Kean asked.

"Sure. What is it?" Dian Shu Xian looked at him.

"When we first came into this room, there was a voice. May I know what was that?" Ah Kean was curious about that.

"That is our Neko-chan's voice. It is Artificial intelligence, AI, she controls all of our computers inside this research center." Yu Qi explained. "Neko-chan, introduce yourself to others."

The voice appeared again.

"Hello, everyone... I am Neko-chan. Nice to meet you, meow." Neko-chan said.

Everyone was stunned by this technology. They heard about this technology but not in Binhai Nation. It was used in another country but it was not even widely used too in that country.

So, they were a little bit surprised when Tiantang Research Center had this technology.

Yu Qi smiled when she listened to Neko-chan. Neko-chan was an Artificial intelligence that she created. Tiantang Research Center would be going to be huge in the future. It might be a target for others.

People might come and steal the research data. If that happened, the research would be useless and Tiantang Research Center's reputation would be ruined. Yu Qi would not allow that to happen.

Dian Shu Xian immediately assigned the newcomers to the researchers. When the newcomers heard that Yu Qi did not have the newcomer assigned to her, they asked about that.

"Doctor Tang was busy with something else right now." That was Dian Shu Xian's explanation for the time being.

....

Yu Qi received President Hai and his wife at the entrance of Tiantang Research Center. A few days, President Hai called her that he would like to visit Tiantang Research Center.

Yu Qi remembered that President Hai also played some role in order to create Tiantang Research Center. She was delighted when President Hai wanted to come. So, she accepted it.

"President Hai, Mrs. Hai, welcome." Yu Qi smiled.

President Hai and his wife entered Tiantang Research Center. When all of their bodyguards wanted to follow them inside, President Hai stopped them.

"Only two of you will follow me inside. The rest will wait outside." President Hai gave the order.

"But Mr. President, we don't know if the inside is safe or not." The leader seemed reluctant to let President Hai enter an unfamiliar place.

"Don't worry. We will be fine." President Hai said.

Yu Qi brought President Hai and his wife to look inside Tiantang Research Center. Well, not of the places. There were also the restricted areas. Not all people could enter the area.

Yu Qi explained that to President Hai and his wife. Both of them understood what Yu Qi was saying. So, they did not pry much about that.

"It seems you hired some bodyguards." President Hai commented.

"I hired some retired soldiers. They have the experience." Yu Qi grinned.

"That is a great idea." President Hai nodded. "The security system is also a top class. The identification system earlier, scanned your fingerprint, and your retina, you say?"

"Yeah." Yu Qi nodded.

"But if someone takes the member of this research center as a hostage and threatens them to open the door, it would be a disaster?" President Hai said.

"Well, it might be easier for him to enter, who says it would be easy for them to come out?" Yu Qi was still grinning.

"So, you already predict that?" President Hai laughed.

President Hai was really jealous of Tang Family because they had adopted an intelligent woman into their family.

"Yu Qi, are you free tonight? Why don't we have dinner together?" Mrs Hai asked.

"I am sorry but I already have another appointment." Yu Qi expressed her apology to Mrs. Hai.

"Oh, really? What a pity. Next time, let's go and have dinner together, okay?" Mrs. Hai did not have a hard feeling when Yu Qi rejected her. She knew that a young woman like Yu Qi was a very busy person.

"I remembered what I want to say to you." Mrs Hai recalled something.

"What is it?" Yu Qi tilted her head.

"The incident when there was a party at my house." Mrs. Hai said.

"Yeah. I remember that." Yu Qi nodded.

"I felt weird about that incident. So, I did some digging. Turned out, Lu Feiyan is not the real mastermind." Mrs. Hai said.

"Oh... really?" Yu Qi narrowed her eyes.

"It is Chi Yuan. After I pressed the subject to Lu Feiyan, she confessed to me that it was Chi Yuan who ordered her to do it. Chi Yuan grasped her weakness and used it against her. But there was nothing that I can do about Chi Yuan since there was no concrete evidence." Mrs. Hai sighed. Then she showed a happy face. "But something funny happened to Chi Yuan later. Her indecent video leaked and someone played it in front of a lot of people. What sweet karma."

Chapter 1355 1355: The Hacker

Tiantang Research Center started to become popular among researchers. Not to mention, President Hai came to visit the research center himself.

A lot of people wanted to join them. But they closed the application for the moment.

Not only the researchers wanted to join Tiantang Research Center, but the investors were also interested to invest in the research that Tiantang Research Center wanted to do.

Yu Qi did plan to receive investors in the future but not for now. Tiantang Research Center was still new. She had their own fund for the research.

However, not many people were happy with the news. The people from Nine Heaven Research Center were a little displeased with the news.

Nine Heaven Research Center in Binhai Nation was a branch of the main branch in the Rixie Country. They disliked the fact that Tiantang Research Center became famous recently.

Well, they also held a grudge against Yu Qi. They invited Yu Qi to join them several times. Of course, Yu Qi rejected the invitations.

So, when Yu Qi established her own research center, they were displeased. They thought Yu Qi wanted to compete with them. The research topics were also very interesting. They wanted to know too.

How could Yu Qi let others know about the Tiantang Research Center?

"Intruders... Intruders... Online Intruders." Neko-chan started to enchant.

"Do whatever you think appropriate." Yu Qi gave full authority to Neko-chan to handle these kinds of problems.

"Sure... sure... I will take care of the problem." Neko-chan was happy.

Neko-chan started to tackle the problem. Neko-chan was an AI. She learned a lot of things. So, she also learned the hacking skill from Yu Qi too.

Neko-chan started to counterattack the mastermind. The mastermind did not panic. They knew Tiantang Research Center would hire some IT Experts to deal with this kind of problem.

They felt that the person that Tiantang Research Center was an amateur. What they did not know, Neko-chan was trying to hack into their system.

Neko-chan grinned when she managed to crack the code. She downloads the information. After finishing downloading everything, Neko-chan started to show her power.

IT Experts from Nine Heaven Research Center were surprised when IT Experts from Tiantang Research Center started to be so powerful. They thought the person had been changed to someone else who was more powerful than earlier.

Neko-chan played with them a few times. Then Neko-chan sent something to them. This made them panic.

"Master, I send a virus to them. I hope they can resolve the virus. Otherwise, their system data would be destroyed." Neko-chan told Yu Qi in a happy voice.

"Good girl." Yu Qi praised Neko-chan.

"Thank you, Master." Neko-chan was proud of herself.

As Neko-chan predicted, it was a disaster for Nine Heaven Research Center. They managed to resolve the virus the next day. Almost 65% of their system data was destroyed.

The management was very angry with IT Experts because of this incident. IT Experts just could close their eyes and be scolded.

As for the mastermind, Neko-chan was enjoying K-pop music. Yu Qi did not know why Neko-chan developed some interest in K-pop music recently.

She did not mind that Neko-chan was interested in something like that. Even though Neko-chan was AI but her mental age was still young and would be interested in many things.

She would allow Neko-chan to explore the world by herself. But of course, in mind, that Neko-chan did not neglect her works.

.....

Bai Xia Fang pinched the temples. Recently, Bai Cooperation faced many failures. They could not win the contract that they had prepared carefully. They felt that they would get the contract but in the end, another company got the contract.

Bai Xia Fang asked someone to investigate what was going on. And he got the answer. Turned out, the information about their tenders had been leaked out to the competitors.

So, someone hacked into the system, stole the information without anyone realized about that and sold the information to Bai Cooperation's competitors.

Of course, Bai Xia Fang got angry with the IT Experts. IT Experts remembered Hacker Q who just appeared, hacked into the system, and left the virus that destroyed their data.

They became crazy about that. And now, they had been scolded by the president because of the leaked information. It must be Hacker Q.

Bai Xia Fang told them to find out about Hacker Q. They could not say no. So, they just accepted the job.

It was not so easy to find Hacker Q. There was not so much information about Hacker Q either even on the black market. Not many heard about Hacker Q. It was like Hacker Q appeared and disappeared like a ghost.

Bai Xia Fang told his sons about that. Bai Yu was interested in Hacker Q. It seemed Hacker Q was a very powerful Hacker.

Bai Shu Jin also thought so too. He felt a talent like that should be recruited into their company.

Bai Jian listened to the conversation. She also felt that a talent like that should be recruited into the company to become the helper to his son, Bai Yu.

She felt Bai Shu Jin's momentum became very strong. If it continued, everyone that should be his son's person would be Bai Shu Jin's person. She could not allow that to happen.

Even though they were eating dinner together, their minds were having different thoughts.

Chapter 1356 1356: Grandpa Mu's Visit

It had been a while since Yu Qi meet Grandpa Mu. Grandpa Mu decided to visit her granddaughter at Binhai Nation. It was a surprise visit.

Yu Qi just knew about that when Grandpa Mu told her that he was already in Binhai Nation. Luckily she did not busy at that moment. She went to pick up Grandpa Mu at the airport.

Grandpa Mu was accompanied by his secretary. Yu Qi politely greeted Grandpa Mu like a business person greeted others. She did not dare to hug Grandpa Mu since it was in public.

Who knew that Mu Li Zei would send someone to follow Grandpa Mu? If her relationship was exposed, not only her life would be in danger, but Grandpa Mu's life also would be in danger. She could not allow that to happen.

"Old Master Mu, welcome to Binhai Nation." Yu Qi smiled while shaking her grandfather's hand.

"Yeah. It has been a long time." Grandpa Mu nodded.

"Let me bring you to the hotel. Which hotel that you will check into?" Yu Qi asked.

Grandpa Mu looked at his secretary. The secretary answered.

"Six Leaf Hotel."

"Oh, let's go." Yu Qi said.

Yu Qi drove them to the hotel. After settling the process check-in, Yu Qi told them to get some rest. She would come again tomorrow.

....

Grandpa Mu wanted to visit Tiantang Research Center. Yu Qi did not mind having him visit her workplace. Yu Qi allowed Grandpa Mu to enter the place.

Grandpa Mu was in a daze as he entered the place. It seemed that he just entered another world.

"Is this for real?" Grandpa Mu asked Yu Qi.

Yu Qi chuckled. "Of course."

Right now, all of the screens currently showed the galaxy. It was Neko-chan's doing. Even the wall showed the exactly same scene. So, it was like walking through the galaxy.

"Where are your secretary?" Yu Qi asked.

"I gave him time off today." Grandpa Mu said.

Yu Qi showed Grandpa Mu around the research center.

"New face? Who is this?" A voice like children could be heard when they entered Yu Qi's room.

"What?" Grandpa Mu was surprised. He looked around to find the voice.

"Neko-chan, greet my biological grandfather, Mu Guang Qi." Yu Qi asked.

A cat figure appeared on the screen.

"Oh, welcome Master's biological grandfather. I am Master's faithful person, Neko-chan, meow." Neko-chan introduced herself to Grandpa Mu.

"This?" Grandpa Mu could not react for a moment.

"This is my creation, an AI in the monitor." Yu Qi said.

"This is amazing. You can create an AI." Grandpa Mu felt amazing.

Even though he was already old, he understood how amazing the technology that Yu Qi had created was. A lot of people wanted to create something like this.

"Well, Neko-chan still did not have her own body." Yu Qi said.

She wanted to create a robot that can be occupied by Neko-chan but she still did not have knowledge about making a robot.

"Master, you don't need to worry about that. Even though I am in this state, I can follow you around, meow." Neko-chan said.

...

Grandpa Mu visited Tang Residence. His visit was welcomed happily. Grandpa Mu talked to Grandpa Tang like they were old friends.

Grandpa Mu wanted to visit Yu Qi's hometown, Shiwa Town. He also wanted to go to stay at Saisei Ryokan Hotel while enjoying the onsen.

Grandpa Tang would like to accompany him. So, both of them went to Shiwa Town accompanied by Grandpa Tang's bodyguard and Grandpa Mu's secretary.

....

Mu Li Zei got the report from his men. He sent someone to follow his father. His father went to visit Binhai Nation.

Their company had no business in Binhai Nation. So, he was a little bit curious about this trip.

He was surprised when he knew that Yu Qi welcomed his father, not to mention, she drove his father to the hotel. On the next day, his father went to a place called Tiantang Research Center.

Mu Li Zei never heard about this research center. So, he asked someone about Tiantan Research Center. When he read the information about the place, his mind began to think about one possibility.

Then he had the information that his grandfather went to visit the legendary Doctor, Tang Jiang Man. His suspicions became stronger. He needed to investigate something to confirm his suspicion.

He went to his family's house to meet his mother. When he came, his mother was relaxing in her flower garden.

Mu Li Zei went to his mother, Kang Pian Sue.

"Mother." Mu Li Zei sat on the chair in front of Kang Pian Sue.

Kang Pian Sue signaled her maids to leave and prepare some tea for Mu Li Zei.

"What?" Kang Pian Sue asked.

"Do you know anything about Father's health?" Mu Li Zei asked.

"Why do you ask about that?" Kang Pian Sue drank her tea.

"Father is currently at Binhai Nation. He went to a research center that researched diseases. He also went to meet the legendary Doctor." Mu Li Zei informed his mother.

"Oh... what you want to tell that your father has a health problem?" Kang Pian Sue was interested more to talk about this,

"Yeah. I think so. Otherwise, why does he go to that place and meet the legendary Doctor?" Mu Li Zei said.

"I don't know much about his health. You know him. He did not talk much to me." Kang Pian Sue said.

Chapter 1357 1357: Prepare The Will?

Mu Li Zei nodded. He knew about his parent's relationship. His parent did not have a normal relationship with them. They lived under one roof but they did not talk much.

"So, he has a health problem... He finally will kick the bucket." Kang Pian Sue laughed when she thought about that. "So, do you know about his health problem, then?"

"No. Not yet. I am still investigating that." Mu Li Zei shook his head.

"If you find out about that, please tell me too." Kang Pian Sue said.

"Yes, Mother." Mu Li Zei nodded.

Kang Pian Sue displayed a smile that did not reach her eyes. She did not have a good relationship with her husband. Even though she had given birth to two sons for her husband but still she could not enter her husband's heart.

Mu Guang Qi still remembered that woman, Dian Yi Yi. She did not know what was so good about that woman. She heard that woman was an orphan, and had no good family, unlike herself.

She had a good family who could support Mu Guang Qi's position. But Mu Guang Qi did not care about that. If not for others' pressing on Mu Guang Qi and needed for a mother for his son, he would not marry again after his wife's death.

Of course, Kang Pian Sue tried to get into Mu Guang Qi's heart but she did not succeed. Because of that, she vents her anger on that woman's son.

She also destroyed the good relationship between the father and son. She was feeling good when Mu Xiao Ye left the house and not returning for a long time.

Even Mu Guang Qi felt his son already passed away after so many years disappeared. Not like she did not know that Mu Guang Qi sent someone to look for his son, but every effort on looking for his son did not have a good end.

Right now, Kang Pian Sue did not feel anything anymore toward Mu Guang Qi. She did not care about him anymore. He could do anything he wanted. She also would do whatever she wanted now.

Then Kang Pian Sue remembered the girl who looked like Dian Yi Yi.

"Do you get the result that you want to investigate about that girl who looks like Dian Yi Yi?" Kang Pian Sue asked.

Mu Li Zei sighed. He could not get anything from that girl.

"No, mother." Mu Li Zei shook his head.

"What? Why not?" Kang Pian Sue lifted her eyebrow.

"Mother, that girl is well protected. Not everyone could get closer to her." Mu Li Zei explained.

"Well protected?" Kang Pian Sue could not understand.

"That girl is a treasure to Binhai Nation. She did a lot of research that benefits humankind. So, Binhai Nation regards her as a treasure." Mu Li Zei said.

"Oh, really? I don't know about that." Kang Pian Sue did not expect that.

"So, we are unable to collect anything to do the DNA Test between her and Father." Mu Li Zei sighed.

"You just can keep trying. Who knows, you might get it." Kang Pian Sue said.

"As for the father, if he has a health problem, meaning he already prepares a will for the wealth. I will try to investigate from that perspective." Mu Li Zei smiled,

"Good." Kang Pian Sue nodded.

Grandpa Mu did not know that his son already assumed that he had a health problem just because he went to the research center and met the legendary Doctor.

Grandpa Mu was enjoying the onsen with Grandpa Tang. After soaking for a long time, they sat while watching the flower garden.

Chui Mei Fung had Yu Qi's order to serve two of her grandfather's liquid alcohol that she made. She knocked on the door.

After hearing the order that she could enter, she entered with a serving girl with the liquid alcohol.

"I am sorry for disturbing you, sir. But Miss Yu Qi told me to serve you with this." Chui Mei Fung said.

"What is it?" Grandpa Tang asked.

"Here." Chui Mei Fung showed the bottle.

Grandpa Tang also knew what the bottles were.

"Great... Great... Leave them here." Grandpa Tang urged Chui Mei Fung.

"Yes, sirs. Please enjoy the drink." Chui Mei Fung bowed and left the room together with the server girl.

"That lass knows how to make her grandpa happy." Grandpa Tang said. "Guang Qi, here enjoy this."

"What is this?" Grandpa Mu asked.

"Yu Qi makes this liquid alcohol. It is good for our health." Grandpa Tang said as he took a sip of the alcohol. "Hmm... as expected. Delicious."

Grandpa Mu also took a sip. His eyes wide opened. It was very delicious. He took it would be bitter or something like that since inside the bottles, they had some plant roots.

"That girl, I don't know where she gets the skill to make medicine liquid like this." Grandpa Tang said.

"Don't you teach her?" Grandpa Mu asked.

"No. I just teach her about herbs. That's all." Grandpa Tang said.

Grandpa Mu was silent.

"I never thought she would grow up like this." Grandpa Tang looked up to the sky. "She was living in a horrible state before I meet her. I don't know how she could survive living right that."

"Is that really bad?" Grandpa Mu asked.

So, Grandpa Tang started to tell Grandpa Mu about Yu Qi. What he saw and also heard from others.

Chapter 1358 1358: Going To Fanghai Nation

Dian Shu Xian took a week off. He also asked Yu Qi to take the same. Yu Qi did not know why she needed to do the same.

Dian Shu Xian told her the reason. It was for Great Grandpa Dian's birthday. Great-Grandpa Dian wanted Yu Qi to attend the celebration too.

Hearing this, Yu Qi did the same as Dian Shu Xian taking the days off but she just could take 3 days off. Dian Shu Xian also told her to invite Long Hui too. Great-Grandpa Dian also wanted him to be there too.

"Is the celebration would be held here or cultivation world?" Yu Qi asked.

"Here. However, Great-Grandpa also invites people from the cultivation world too." Dian Shu Xian said.

"I will try to ask Brother Hui about this. I think he would like to go if he has time." Yu Qi nodded.

Yu Qi asked Long Hui about that. It seemed Long Hui had a mission. He did not know whether he could make it to the party or not.

Yu Qi told him that he did not have to worry about that if he had work to do. She would go alone.

Dian Shu Xian left and went to Fanghai Nation first. After Yu Qi took care of her work, she also took a flight to Fanghai Nation. She informed Dian Qi Qi that she would be arriving soon.

After landing, she decided to take a taxi. However, she saw Dian Qi Qi at the arrival gate. Dian Qi Qi came and hugged Yu Qi.

"Sister Yu Qi." Dian Qi Qi was happy to see Yu Qi again.

"Why are you here?" Yu Qi was surprised to see Dian Qi Qi here.

"I come to pick you up." Dian Qi Qi grinned.

"I just think to take a taxi to go to Dian Residence." Yu Qi said.

"There is no need for that. We have a driver here." Dian Qi Qi pointed to Dian Ren Qi who walked to them.

Dian Ren Qi knocked on Dian Qi Qi's head.

"Ouch." Dian Qi Qi held her head.

"Dare to call me a driver." Dian Ren Qi glared at Dian Qi Qi. He then smiled when looked at Yu Qi.

"Welcome back."

"Hmm..." Yu Qi also smiled at Dian Ren Qi.

Dian Ren Qi looked around. "Is your fiancée could not come?"

"I don't know yet. He still has work to do. If he could come, he will come. That's what he says." Yu Qi explained.

"I see." Dian Ren Qi nodded. "Well, let's go back."

Three of them walked to the parking. A lot of people turned around and stared at them. That was because of Dian Qi Qi and Yu Qi. Dian Qi Qi dressed in a gothic dress while Yu Qi was wearing a white dress.

They looked like angels and devils. However, both of them were beautiful. Dian Ren Qi told them to wait at the entrance while he went to pick up the car.

While both of the girls were waiting for Dian Ren Qi, a bunch of men came to the girls and wanted to talk to them.

"Hey, girls. Where are you going? We can send you." A man said.

Yu Qi and Dian Qi Qi glanced at them once and ignored them.

"Hey, come on. Don't ignore us." Another man from the same group said.

One of them wanted to grab Dian Qi Qi. However, Yu Qi pulled Dian Qi Qi and stepped back.

"Don't touch my sister." Yu Qi pulled Dian Qi Qi and shielded her from the men.

"Oh, you are sisters. How cute."

The men grinned.

"Let's go and have fun together, shall we? I can guarantee that you sisters will have fun with us."

"Stupid. Just leave us alone. Otherwise..." Dian Qi Qi said.

"Otherwise, what?" The man made fun of what Dian Qi Qi said.

"Otherwise, this will happen to all of you." Yu Qi kicked one of them and the man flew back before falling to the ground whining in pain.

Seeing their friend like this, the men became angry. The men surrounded Yu Qi and Dian Qi Qi.

"You really want to feel the pain." Dian Qi Qi snorted.

"Grab both of them. We will teach them a lesson."

The men wanted to grab them again. However, they did not succeed. Both girls displayed wonderful martial arts.

"Damn it." The man gritted his teeth.

"What are you doing?" Dian Ren Qi came. He looked so angry. How dare these men to attack his younger sisters?

"Security, over there. Those guys disturb the girls and want to take them away."

"Yeah. We watch them."

The onlookers called the security guards on the men. The men saw that and made a run.

"Thank you for your help." Yu Qi said thank you to the onlookers who tried to help them by calling the security team.

"It is nothing." The onlookers shook their heads. What a grateful girl.

"Are you okay?" The security guard asked.

"Yeah. We are fine. Thank you." Yu Qi nodded. "Our brother is here already. We will go first."

"Okay... have a nice trip." The security guard nodded.

"Are you really okay?" Dian Ren Qi asked when they were inside the car.

"Hmm... Sister Yu Qi, protect me well." Dian Qi Qi smiled.

"Great. But you don't use your power just now right?" Dian Ren Qi asked.

"Brother Ren Qi, even without using the power, I am still strong, okay." Dian Qi Qi rolled her eyes.

Chapter 1359 1359: Spar With Great-Grandpa Dian

They arrived at Dian Residence. The people were very busy preparing for Great-Grandpa Dian's birthday party.

"Let's go and greet Great-Grandpa, Grandpa, and Grandma." Dian Ren Qi said.

Yu Qi followed the two cousins. They went to see Grandpa Dian and Grandma Dian first.

"Grandpa, Grandma... I am back." Dian Qi Qi smiled.

She went to hug Grandma Dian.

Yu Qi bowed and greeted Grandpa Dian and Grandma Dian. "Hello, Grandpa Dian, Grandma Dian."

"Oh, you arrive. Come here, let me see you." Grandma Dian urged Yu Qi to come closer. She looked at Yu Qi up and down and complained. "Why do you look thin? Are you eating correctly?"

Yu Qi chuckled. "Grandma Dian, I am eating well. You don't need to worry about it."

Yu Qi felt very warm. After being acknowledged by Great-Grandpa Dian, she really being treated by others as family members.

"Where is Brother Shu Xian?" Yu Qi asked.

"Hmm... He went out. He said he wanted to catch up with some friends." Dian Ren Qi answered.

"I see." Yu Qi nodded. "Hmm... Great-Grandpa Dian must be at the dojo."

"Yeah... He trained others." Grandpa Dian said.

"I thought so. I want to meet him." Yu Qi said.

"Let's go. Great-Grandpa must be happy to see you, Sister Yu Qi." Dian Qi Qi said.

Dian Qi Qi pulled Yu Qi's hand. Yu Qi managed to bow to Grandpa Dian and Grandma Dian.

As others said, Great-Grandpa Dian was at the dojo. He supervised the young generation's training. If people saw this, people would think that Dian Family was some kind of military army that currently trained its soldiers.

"Great-Grandpa." Dian Qi Qi called Great-Grandpa Dian.

Great-Grandpa Dian turned and saw Dian Qi Qi and Yu Qi.

"Yu Qi, Xiao Qi." Great-Grandpa Dian smiled when he saw his great-granddaughters. Then he looked around. He seemed disappointed when who he wanted to see was not here. "Where is your fiancée?"

"Brother Hui is currently working. If he has time, he will come. The party is tomorrow." Yu Qi explained.

"Oh... I see. If he is working, then it is okay." Great-Grandpa Dian said. "Then, you are fine. Come and spar with me."

Yu Qi was blinking several times. Great-Grandpa Dian already went to the ring.

"Sister Yu Qi, good luck." Dian Qi Qi felt sorry for Yu Qi but there was nothing for her to do.

Yu Qi gave up. She just walked into the ring.

"Look, that is Tang Yu Qi."

"Really? Is that her? Wow, she is a beauty."

"Yeah, it is my first time seeing her."

"What? Why? You should see her before at the martial arts competition earlier."

"I was injured back then and could not participate in the martial arts competition. That is why I have not seen her before. But what is she doing, going into the ring?"

"What else? Old patriarch must want to spar with her."

"What? Is she going to be okay?"

"Yeah. Don't look down at her. She is very strong. Even strong than you."

"Is that true?"

"Of course. She made our family proud."

In the ring, Yu Qi made some stretching.

"Are you training?" Great-Grandpa Dian asked.

"Well, not so often. I am kind of busy with my work lately. My body must not move so well." Yu Qi said.

"Hmm... Well, we will see." Great-Grandpa Dian smiled.

After seeing Yu Qi do her stretching, he got ready.

"Are you ready?" Great-Grandpa Dian asked.

"Yeah." Yu Qi was ready.

Then, Great-Grandpa Dian made his move. Yu Qi avoided the attack. Great-Grandpa Dian kept attacking, not giving Yu Qi a chance to attack back.

The onlookers looked at them with interest. Not many could spar with Great-Grandpa Dian like that unless they were direct descendent of Great-Grandpa Dian.

Yu Qi avoided the attacks while looking for a chance to attack Great-Grandpa Dian. Great-Grandpa Dian smiled. He knew what his great-granddaughter think right now.

While he was looking at Yu Qi, he made a mistake. Yu Qi saw this and thought it was a chance for her to attack. She made a swift attack.

Great-Grandpa avoided it easily. As expected an expert who lived hundreds of years. He was surely strong.

Maybe being affected by Great-Grandpa Dian, Yu Qi was having fun sparring with her great-grandpa like that. They even did not realize that they had been sparring for almost one hour.

"What are you doing?"

Everyone looked at the source of the voice. It was Grandma Dian.

"Father, stop." Grandma Dian shouted.

Both Yu Qi and Great-Grandpa Dian stopped immediately.

"Father, what are you doing? Yu Qi just arrived here. She is probably tired. And you ask her to spar with you." Grandma Dian glared at Great-Grandpa Dian.

"Erk..." Great-Grandpa Dian became awkward.

"Yu Qi must not be able to reject you." Grandma Dian continued.

Only one person could control Great-Grandpa Dian which was Grandma Dian even though she was just his daughter in law. Even Grandpa Dian did not have the courage to talk like that with his father.

"The spar is over. Xiao Qi, take your sister to rest. And Father, the sky will turn dark soon. Today's training is over." Grandma Dian said.

"Okay." Great-Grandpa Dian could not say anything, only agreed.

"Everyone, you can go." Great-Grandpa Dian dismissed everyone.

Dian Qi Qi wanted to laugh. Her Great-Grandpa could not fight with Grandma Dian. She took Yu Qi to Yu Qi's room.

Chapter 1360 1360: Miss Cindy, The Fashion Designer

In the morning, after breakfast, Dian Qi Qi dragged Yu Qi to go out with her. Even Grandma Dian told them to go and play outside.

Yu Qi thought about helping out for tonight's party.

"N need for that. We already have a lot of people here. You girls have fun outside." Grandma Dian said.

Dian Ren Qi also wanted to go out but Grandma Dian prevented it,

"We need your help here." Grandma Dian glared at him.

Dian Ren Qi gave up the thought of going out. So, only Dian Qi Q and Yu Qi went out. However, they were accompanied by others. Yu Qi noticed there were people following them. So, she told Dian Qi Qi.

"Don't worry. They are our people." Dian Qi Qi said.

Dian Qi Qi dragged Yu Qi to her favorite shop that sold the cosplay outfit. The owner already knew Dian Qi Qi greeted them when they entered the shop.

"Welcome... Oh, my... it is Xiao Qi... Hmm... Who is this?" The owner looked at the unfamiliar face Yu Qi.

"It is my cousin, Tang Yu Qi." Dian Qi Qi introduced Yu Qi to the owner. "Sister Yu Qi, this is Miss Cindy, the owner of the shop."

"Welcome... Welcome... Such a beautiful girl. Hey, do you want to be a model?" Cindy asked Yu Qi.

"No. I am sorry. Not interested." Yu Qi apologized.

"Tsk... you are the same as your cousin." Cindy clicked her tongue. "It is a waste of those bodies of yours if you don't use it. You can even become famous and rich."

"Miss Cindy, my sister already became famous with you. She is even richer than you." Dian Qi Qi put on a proud face.

"Really?" Cindy did not believe it.

"You can search Tang Yu Qi of Binhai Nation." Dian Qi Qi said,

Cindy immediately did what Dian Qi Qi said since her phone was already in her hand. She typed as Dian Qi Qi said. The result popped out right away.

A successful surgeon.

A researcher.

Head of the researcher of Tiantang Research Center.

Owner of HuiQi Jade.

Cindy's eyes were opened widely. She looked again at Yu Qi. This girl was very young. If there was no picture of her show, she could not believe it.

"See, my sister is famous and rich, right?" Dian Qi Qi smiled.

"Yeah... Yeah..." Cindy began to admire Yu Qi. "Well, do you want to buy new clothes?"

"Yeah, do you have new designs?" Dian Qi Qi asked.

"Of course. Tao Wen, go and pick the new designs at the back." Cindy ordered her assistant to go and pick up the clothes.

"Yes, Miss Cindy." Tao Wen quickly went to the back.

"Hmm... Miss Tang, I want to talk about business with you, can I?" Cindy looked at Yu Qi.

"Business? What kind?" Seeing a serious question from Cindy, Yu Qi also became serious.

"When I went to Binhai Nation for a fashion show, I did hear about HuiQi Jade. I was attracted to the jewelry there when. I went to see the jewelry. I would like to use HuiQi Jade jewelry for my next show. It will give a good advertisement for HuiQi Jade as well." Cindy smiled.

"Sister Yu Qi, Miss Cindy is a famous designer. She is widely known over Europe." Dian Qi Qi helped Cindy.

Dian Qi Qi was not lying. Cindy was indeed a famous designer. This shop was her side hobby.

Yu Qi thought about that for a few moments. She did have a plan to introduce HuiQi Jade to the world market. So, it was a good opportunity for HuiQi Jade.

"You can contact the manager for the matter." Yu Qi took out a card.

Cindy took the card. "Thank you... Thank you... You will not regret it."

Tao Wen came back with the clothes. Cindy was feeling good. She began to introduce the clothes one by one to Dian Qi Qi. Dian Qi Qi put on the clothes that she liked. She also asked Yu Qi to try out the clothes as well.

"Oh, Sister Yu Qi, you look fantastic." Dian Qi Qi praised Yu Qi.

"Yeah. You look like an angel, right Tao Wen?" Cindy also praised Yu Qi.

"Yeah. It suits you very well." Tao Wen joined too.

"I don't think I will wear this." Yu Qi looked at the clothes.

"You can wear this on Halloween." Dian Qi Qi said.

"Yeah. Great Idea." Dian Qi Qi nodded.

Yu Qi did not think she would get away from this. So, she bought the clothes that she tried.

"Just this one. I don't want to buy anymore." Yu Qi said.

"Hmm... okay..." Dian Qi Qi nodded.

Dian Qi Qi bought a few clothes. Well, she liked to wear it even though people would look at her in different ways. She did not care much about others since her parent did not say anything.

Well, her family did say something. But did she care? Not like she robbed the bank or something. She just wore what she liked. That's all.

They paid for everything. Dian Qi Qi then called one of the bodyguards. The bodyguard came. Dian Qi Qi asked him to send the shopping bags to Dian Residence first. They still wanted to be out.

The bodyguard did not say anything. He took the shopping bags and walked away. Well, this did not the first time Dian Qi Qi did something like this.
