Chapter 1361 1361: Don't Ever Offend Them

Dian Qi Qi brought Yu Qi to the shopping mall. It was a high-class shopping mall. They walked around while looking at everything. They spotted a doll store.

What attracted them was an animal doll, a Siberian puppy who looked like Aoi.

"Sister Yu Qi, look at this. Does this doll look like Aoi?" Dian Qi Qi said.

"Yeah. It indeed looks like him." Yu Qi chuckled.

Dian Qi Qi picked up the doll. She already decided to buy it. She went to the cashier counter and paid for it.

"I miss him." Dian Qi Qi said.

"I will take him out later." Yu Qi said.

"Really?" Dian Qi Qi's eyes were sparkling.

"Yeah." Yu Qi nodded.

Dian Qi Qi knew even though she did not see Aoi around, it did not mean that Aoi was not with Yu Qi. What she understood, when someone made a contract with the beast, the beast would stay in the contracted beast space.

Well, Dian Qi Qi was not technically wrong. Aoi and Shino indeed stayed in the space but not the contracted beast space.

They walked around again. This time, they walked around the clothes store.

"Sister Yu Qi, this is Miss Cindy's Brand." Dian Qi Qi pointed at one of the stores.

'Maple', was Cindy's brand. The clothes looked decent.

"Let's go in." Dian Qi Qi said.

"Welcome to Maple." The shop assistant welcomed them with a smile.

Yu Qi and Dian Qi Qi were minding their own business when suddenly someone said something annoying to Dian Qi Qi.

"What a freak. How can a freak come into a high class brand like this?" A woman around the same age as Dian Qi Qi looked disgusted at Dian Qi Qi.

It was obvious that this woman throw the words at Dian Qi Qi. Dian Qi Qi did not say anything. She looked at the woman calmly. The woman thought Dian Qi Qi was afraid to reply. So, she kept talking trash to Dian Qi Qi.

"You freak must not have money. So, get lost from here." The woman said it again.

"Is this your store?" Dian Qi Qi asked calmly.

"Huh?" The woman seemed not to hear Dian Qi Qi's question.

"So, you are deaf. Let me repeat the question then. Is this store yours?" Dian Qi Qi looked at the woman.

"How dare you tell me deaf?" The woman became angry with Dian Qi Qi.

"So, you become angry when I call you deaf. So, you should not call other unpleasant words." Dian Qi Qi said.

"How dare you? Do you know who my dad is?" The woman shouted,

"Don't know. Don't care." Dian Qi Qi rolled her eyes.

People heard the woman's shout. So, they went to see what the situation was.

"Jing Na, what happens?" Another woman quickly went to the woman.

Yu Qi saw a familiar face in front of her. Mu Yian.

"Sister Chen Xi, these people bully me." Kang Jing Na pointed to Dian Qi Qi and Yu Qi.

Kang Chen Xi looked at the people that Kang Jing Na pointed at. When Kang Chen Xi saw the face, she was startled. These people could not be offended. Otherwise, they would pay the price.

"Kang Jing Na, apologize to them right now." Kang Chen Xi said.

Kang Jing Na was shocked by Kang Chen Xi's order. Not only her but even Mu Yian was also surprised by that.

"Sister Chen Xi, why do you tell me to apologize to this freak?" Kang Jing Na said.

"Kang Jing Na, apologize now." Kang Chen Xi was angry when Kang Jing Na called the other party a freak.

Kang Jing Na could not stand having her own sister become angry with her because of others. She ran out of the store.

Kang Chen Xi put on an apology expression on her face.

"Miss, I hope you forgive my sister. She is young and ignorant." Kang Chen Xi apologized on Kang Jing Na's behalf.

"I don't care much about her." Dian Qi Qi said.

"Thank you, thank you, Miss." Kang Chen Xi was happy that Dian Qi Qi did not take this incident into her heart. Otherwise, the consequence would be horrible.

Mu Yian watched this incident with interest. She wondered why Kang Chen Xi apologized to this weird-looking woman like that. She became curious about this weird-looking woman's identity.

Kang Chen Xi left. She wanted to look for her sister. She needed to explain the thing to her sister. Their parent indeed spoiled her younger sister and she became ignorant of the things like this.

Mu Yian looked at Dian Qi Qi and Yu Qi for a moment before she left following Mu Yian. She found Kang Chen Xi who comforting Kang Jing Na. When she arrived there, she heard that Kang Chen Xi said something to Kang Jing Na.

"Jing Na, that girl is someone that we should not offend. Otherwise, the consequence would be a disaster." Kang Chen Xi sighed.

"What? Who is she?" Kang Jing Na was shocked.

At first, Kang Jing Na felt that her older sister wanted to be mean to her but hearing the explanation from her older sister, the thing was not as simple as she thought.

Mu Yian also became interested in what Kang Chen Xi was about to say.

"I don't know much about that. Our parents told me about that. The girl's family is very dangerous. Don't ever offend them." Kang Chen Xi said.

Chapter 1362 1362: Coincidentally, Meeting With Dian Shu Xian

"Why does she being so scared of you?" Yu Qi asked.

"Oh, it must because of Uncle Jung Gi. He has a lot of power in the political world. But I don't know much about it." Dian Qi Qi lifted up her shoulder.

"I see." Yu Qi said. "By the way, who do you invite to the party?:

"Grandma said, they invite the cultivators from the cultivation world as well cultivators who live outside. They also invite some people from the outside world." Dian Qi Qi thought about that.

"Have you chosen your present for Great-Grandpa?" Yu Qi asked.

"Of course." Dian Qi Qi nodded. "Do you bring the present?"

"Yes. I am not sure if Great-Grandpa would like that." Yu Qi said.

"Don't worry about that. Great-Grandpa receives everything that his great-grandchildren give. Brother Ren Qi once gave a worthless stone. He had been scammed by someone. But Great-Grandpa accepted it," Dian Qi Qi wanted to laugh when thinking about the matter.

They continued walking again. Then they saw Dian Shu Xian with a few people.

"Eh, is that my brother? Wait, I will try and call him." Dian Qi Qi looked at Dian Shu Xian.

"Brother." Dian Qi Qi called Dian Shu Xian's name

Hearing someone's voice, Dian Shu Xian turned around and saw Dian Qi Qi and Yu Qi.

"Xiao Qi, Yu Qi, what are you doing here?" Dian Shu Xian was surprised to see them.

"Oh, look at this. Dian Shu Xian has a chick. She is wearing a weird costume."

"Shut up. That is his younger sister."

"Then, who is the other girl?"

"She? I don't know. Must be his sister's friend."

"I am shopping with Sister Yu Qi." Dian Qi Qi answered Dian Shu Xian's question.

"You don't drag Yu Qi to a weird store, right?" Dian Shu Xian narrowed his eyes.

"Weird Store? How rude. It is legalised store that sells cute outfits." Dian Qi Qi rolled her eyes.

Yu Qi just could smile hearing the siblings bickering.

"Shu Xian, who are they?" One of Dian Shu Xian's friends asked.

"This is my sister. You know her. And this is my cousin, Tang Yu Qi from Binhai Nation." Dian Shu Xian introduced Yu Qi to his friends.

"What? Tang Yu Qi? It is such a familiar name."

"Yeah. I heard the name before."

"That's right but I could not remember."

"She is Tang Yu Qi." One of the friends looked shocked at Yu Qi.

"That Tang Yu Qi? What do you mean she is the one?" Another closed his mouth with his hands.

"Yeah. Yes. Her."

"Wait? How could she become your family, Shu Xian?"

"Well, her grandma is a younger sister to my Grandpa, so, we are technically cousins, related." Dian Shu Xian said.

"Yeah. Do you have any problem?" Dian Qi Qi asked.

"No!"

"No!"

"No!"

"We were just shocked that a famous research like her related to Shu Xian."

"Yeah, not only he works with her but they are even related."

"Miss Tang, can you sign this notebook?" One of Dian Shu Xian's friends took out the notebook.

"That's dirty, Max."

"I want her signature too."

Yu Qi and Dian Qi Qi were confused about the situation. They acted like they were meeting their favourite celebrity.

"I am sorry for causing this for you, Yu Qi. But they are your fans." Dian Shu Xian sighed when seeing his friends' actions.

"Why are they acting like that?" Yu Qi asked.

"Well, they admire your ability, they read your medical journal too." Dian Shu Xian smiled.

"I see." Yu Qi nodded. "Well, I don't mind signing the notebook."

"Thank you, Miss Tang." Dian Shu Xian's friends were happy.

The onlookers watched the situation and thought Yu Qi was probably a celebrity. So, some of them even wanted to get closer.

Dian Shu Xian noticed this. They needed to get away from this.

"Let's have lunch at the restaurant." Dian Shu Xian suggested.

"Let's eat lunch together, Miss Tang." Dian Shu Xian's friends said.

"Sure. Let's go." Yu Qi nodded.

So, they went to the restaurant and took a private room there.

When they were about to go to the room, they were stopped by a group of men.

"Oh, Xi Shu, what's a coincidence." A man from the group called Dian Shu Xian's friend, Mong Xi Shu.

"What do you want, Ouyang De?" Mong Xi Shu frowned.

Ouyang De looked around the Mong Xi Shu's side. Then his eyes stopped at the two beauties. Both of the girls looked very beautiful. Even though one of them was wearing weird-looking clothes but she still had a beautiful face.

"How about we eat lunch together?" Ouyang De suggested.

"No need. We are not friends." Mong Xi Shu rejected.

"Then, we can be friend from now on." Ouyang De talked to Mong Xi Shu but his eyes were lingering to Yu Qi and Dian Qi Qi.

"Who want to be friend with you?" Mong Xi Shu shouted.

"Don't be angry. If you don't want to be friend, it is okay. But introduce me to these beauties over there." Ouyang De said while pointing to Yu Qi and Dian Qi Qi.

Everyone on Mong Xi Shu's side changed their expression. They began to shield Yu Qi and Dian Qi Qi.

"There is no way that I am going to introduce them to you. Don't ever dream about that." Mong Xi Shu snorted.

Chapter 1363 1363: Tsk... A Toad Face Like Him Wants To Know Me? What's A Joke.

"Xi Shu, don't be like this. The goods should be shared." Ouyang De said.

"That's right."

"Share with us."

Ouyang De's friends joined the conversation.

"Tsk... a toad face like him wants to know me? What's a joke." Dian Qi Qi snorted.

Her voice was enough for everyone to hear. Ouyang De's face turned ugly when he heard the insult. He was very displeased when someone said something about his face.

"You bitch. Just wait when you fall into my hand." Ouyang De said.

Once Ouyang De finished the sentence, he fell unconscious. Everyone looked at Ouyang De.

"Ouyang... hey, what happened to you?" Ouyang De's friend tried to wake Ouyang De.

Others also did not understand why Ouyang De was suddenly unconscious. However, Dian Qi Qi and Yu Qi understood the situation.

It was Dian Shu Xian who made the moves. Dian Shu Xian punched Ouyang De with such speed and power. No wonder Ouyang De would be unconscious.

Dian Shu Xian narrowed his eyes. How dare this man call his younger sister, a bitch? He did not regret teaching the man a lesson.

"You should bring him to the hospital. Guys, let's go inside." Dian Shu Xian said.

"Wait, this matter happened because of you. Don't you dare run away?" Ouyang De's friends said.

Dian Shu Xian smirked. "He suddenly unconscious. We don't do anything. Do you guys see we do something to him?"

"Yeah. We don't do anything. You should bring him to the hospital. He must be sick." Mong Xi Shu suggested the same thing.

They all had knowledge in the medical but they did not want to use it on someone like Ouyang De.

Ouyang De's friends called the ambulance. Dian Shu Xian and others did not want to waste time there and went to the private room in the restaurant.

Once they were in the room, they immediately forgot about Ouyang De's matter. They ordered the food. After ordering the food, they looked at Yu Qi. They surrounded Yu Qi for her signature.

While Yu Qi became the attention, Dian Qi Qi talked to Dian Shu Xian.

"Brother Shu Xian, you punch that man earlier, right?" Dian Qi Qi whispered.

"Yeah. I can not stand his mouth." There was nothing to hide, Dian Shu Xian admitted. He knew that Dian Qi Qi and Yu Qi would notice that.

Dian Qi Qi felt warmth in her heart. Dian Shu Xian did not make his move until he heard that man call her a bitch. It made Dian Qi Qi happy.

The food came and they ate them happily.

"Are you sure we would get into trouble for Ouyang De's matter?" A friend asked.

"There is no need to be afraid of. It is not our problem. He suddenly passed out like that." Mong Xi Shu said.

After lunch, they decided to go their separate way. Dian Qi Qi and Yu Qi still wanted to walk around. Dian Shu Xian decided to follow them. He was quite worried that someone like Ouyang De appeared again and harassed his younger sister and cousin.

After having some fun walking around, Dian Qi Qi decided to return home even though the clock just showed 3 p.m. Tonight there would be a party. It would be bad if she appeared tired at the party.

Dian Shu Xian and Yu Qi agreed to return home too. Dian Qi Qi told Yu Qi that she wanted to see Aoi and Shino. So, Yu Qi took them out of her space.

Aoi wanted to run away as soon as his master put him down. But he did not succeed in running away. Dian Qi Qi immediately caught him.

"Aoi, I miss you so much." Dian Qi Qi hugged Aoi.

Shino quickly rushed climbing Yu Qi's shoulder and hid while watching Dian Qi Qi hugging Aoi. He was lucky that Dian Qi Qi did not manage to catch him.

Aoi looked at his master. Yu Qi looked away. Aoi became hopeless. Eventually, he just let Dian Qi Qi do whatever she wanted to do.

"Yu Qi, your contracted beast is in despair." Dian Shu Xian commented.

Yu Qi laughed. Dian Ren Qi appeared.

"What happened here?" Dian Ren Qi asked.

"Xiao Qi just playing with Yu Qi's contracted beast." Dian Shu Xian answered.

Dian Ren Qi's eyes lifted up. He was also interested in the contracted beast. He wanted one but could not find one.

"Xiao Qi, let me touch him too." Dian Ren Qi joined the fun.

Aoi looked at Dian Ren Qi. 'What? Another one? And it is a man.'

Dian Ren Qi managed to pet Aoi.

"You guys, let him go. Even though he is small, he is a contracted beast." Dian Shu Xian reminded them.

Dian Qi Qi and Dian Ren Qi eventually let Aoi go. Aoi jumped into Yu Qi's arm.

"Okay... Okay... Don't cry. I am sorry." Yu Qi apologized to Aoi.

After that, they went to their rooms. When Yu Qi entered the room, she was surprised to see someone in the bathroom.

It should not be anyone inside her room.

"Master, it is a familiar breath," Aoi said.

"Familiar?" Yu Qi tilted her head.

"It is your man." Shino gave the answer.

Yu Qi was surprised when hearing Shino's answer.

'Brother Hui? He is here?' Yu Qi looked at the bathroom. Then the bathroom door was opened. Long Hui just wore the towel covering the bottom part of his body came out from the bathroom.

Chapter 1364 1364: The Party Is About To Start

Long Hui narrowed his eyes while smiling. "Have you seen enough?"

Yu Qi coughed several times. "Yes." Her eyes were still lingering on Long Hui's body.

Long Hui was going to take the clothes to put on.

"Are you going to put on the clothes?" Yu Qi asked.

"What? You want me not to wear anything?" Long Hui smiled.

"Yes... No... I mean... Okay... Just put on the clothes." Yu Qi was mumbling.

Long Hui laughed. He put on the clothes. When Yu Qi saw that, she was quite disappointed.

"I will take a bath first." Yu Qi grabbed her towel and went straight to the bathroom.

Aoi and Shino were left with Long Hui.

"What are you doing here?" Aoi asked while glaring at Long Hui.

"I come to celebrate Great-Grandpa." Long Hui answered.

"Humph!" Aoi rolled his eyes.

Aoi turned around and lay down while closing his eyes. Shino did not have a hard feeling for Long Hui but he could not say he liked this man.

So, the three of them were in silence. Yu Qi finished bathing and came out. When she came out, Long Hui's eyes did not move from her body.

Even though Yu Qi did not see it, she could feel that Long Hui was staring at her. She put on the clothes.

The party would start within 4 hours. So, they still had time to relax before going to the party.

"Let's go and relax on the balcony. The view was pretty amazing too." Yu Qi pulled Long Hui's hand.

Since the mansion was on the top of the mountain, the view was awesome. The breath also felt fresh. Both of them sat on the chairs.

"When do you arrive here?" Yu Qi asked.

"Just a few hours ago. They told me that you were going out with your cousin. So, I went to greet your great-grandpa and...." Long Hui did not manage to finish his sentence.

Yu Qi already cut him off. "I bet he asked you to spar with him."

"Yeah. He did." Long Hui nodded.

Yu Qi laughed. "Yesterday, when I appeared alone without you. I could tell that he was a little bit disappointed. Since you are not there, he asked me to spar with him. The sparring continued until Grandma Dian came and scolded him for being inconsiderate to ask me to spar with him while I just came back." Yu Qi told Long Hui.

"Really? The same thing happened to me earlier. Grandma Dian told him to stop and take a rest for today." Long Hui said. Then he continued. "Grandma Dian said they prepared a room for me. But I told her to let me stay in your room. Grandma Dian immediately allows me to stay in your room."

"I see. Is your work done?" Yu Qi asked again.

"Yes. Don't worry about that." Long Hui smiled.

...

The party would about to start. The guests also filled the hall. They invited people from the cultivation world. A lot of them attended the party.

Three Great Family, Bucong Family, Jiang Family, and Huo Family also attended. And also Qiu Wang and A Yue also attended too.

Qiu Wang was the sword user that used the same technique from Yu Qi's space. Yu Qi also gave the complete version of the technique for him to learn.

As for A Yue, A Yue was the master beast that had contracted a red fox. Since she was an orphan, she did not have a family. When Dian's Family reached out their hand to her, she accepted it.

Well, the reason she accepted it was because of Yu Qi. Yu Qi was also a beast master like her. So, she wanted to talk to Yu Qi more about the contracted beast.

Since Dian Family invited them, Dian Family used the teleport device to welcome them to the outside world.

Dian's Family also invited a few families from the outside world as well. Like the Wang Family, the current president of Fanghai Nation, the Kang Family who had business with the Dian Family, and a few more.

Great-Grandpa Dian also invited Grandpa Mu. Grandpa Mu wanted to come alone but somewhere Mu Li Zei saw the invitation card and wanted to tag along with her family.

Grandpa Mu asked Great-Grandpa Mu if he could bring his family too. Great-Grandpa Dian wanted to see Grandpa Mu's family too. So, he allowed him to bring them.

So, Kang Pian Sue and Mu Li Zei's family, Mu Yian, Mu Rong Xie, and Mu Kuang He came to the party. Mu Rong Xie wore thick makeup to cover the scar that she had.

When Mu Family came, Su Yu Qing, Mu Yian, and Mu Rong Xie were surprised to see Yu Qi welcoming them to the party. They saw Yu Qi act like she was the host of the party.

Mu Yian was curious. Then she saw Dian Qi Qi who Kang Jing Na told that Dian Qi Qi was from the family they should not offend. What was the relationship between Yu Qi and Dian Family? She would try to investigate this later.

Dian Ren Qi was also happy when he could see his lover, Wan Yang Mi. Wan Yang Mi also came with her parent and her older brother.

The party was about to start. All of the Dian Family members including the branch entered the hall too. Everyone was waiting for the party to start.

Chapter 1365 1365: Meeting The Acquaintance

"Welcome everyone for coming for my father's 150th birthday party." Grandpa Dian started giving the welcome speech to the guests. "This year is very special because my father felt healthy compared than before. I hope everyone would enjoy the party."

The party began. Everyone came to wish to Great-Grandpa Dian.

"Sung Qin, congratulations." Huo Xi and his family came.

Great-Grandpa Dian laughed. "Yeah... Thank you for coming."

"I can't believe that your age is already 150 years old." Huo Xi joked.

"You are mocking me. You are no better than me. You are just 5 years younger than me." Great-Grandpa Dian snorted.

They seemed to argue but they were laughing. One by one came to talk to Great-Grandpa Dian. The party was also the party where people got to know each other.

Jiang Hani looked for Dian Shu Xian. After the martial arts competition, it seemed she could not forget about him. She wanted to meet him but she could not since he was in the outside world.

The party was her chance to meet him. So, she could not let it go. She spotted him talking with others. She took a deep breath and approached Dian Shu Xian.

Jiang Shu Nan looked at him. He felt obliged to look after his younger sister. So she could not do something over. He knew that his younger sister seemed to fall into Dian Shu Xian.

Well, it was not a bad thing. Dian Shu Xian was a decent person. He even had good proper work as a doctor. It was a respectful job. Even in the cultivation world, being a doctor was a respectful job.

"Young Master Dian Shu Xian, how are you?" Jiang Hani took a brave step to talk to Dian Shu Xian.

Dian Shu Xian turned around and saw a woman. At first, he could not remember this woman. After looking at her face for a while, he recalled who this woman was. It was from Jiang Family.

"Oh, Young Miss Jiang Hani, welcome to my Great-Grandpa's party." Dian Shu Xian bowed a little.

Jiang Hani smiled when Dian Shu Xian called her full name. It meant Dian Shu Xian remembered her.

"Yeah. Thank you for inviting us." Jiang Hani said.

Dian Qi Qi and Yu Qi who had been talking to Dian Shu Xian looked at this situation. Long Hui was also there. They noticed that Jiang Hani seemed to take an interest on Dian Shu Xian.

Dian Qi Qi and Yu Qi looked at each other. They were smiling. It seemed they had the same thought.

"Brother Shu Xian, you should talk to Miss Jiang. We will go over there." Dian Qi Qi said.

Without waiting for Dian Shu Xian's answer, Dian Qi Qi pulled Yu Qi's hand and walked away. Long Hui did not have point to stay there too. So, he followed Yu Qi.

Dian Shu Xian looked at his younger sister and cousin speechless. He thought they were the ones who should talk to Jiang Hani since they were women and seemed to be in the same range of age.

"Do you have anything to do, Young Master Dian Shu Xian?" Jiang Hani noticed Dian Shu Xian's reaction.

"No... No... Nothing like that. Hmm, you can call me Shu Xian. No need for the young master." Dian Shu Xian said.

"Then, you also can call me Hani." Jiang Hani said with a blush.

Dian Qi Qi and Yu Qi looked at the couple. Jiang Hani was not a bad girl. It matched Dian Shu Xian. Jiang Shu Nan approached them.

"Thank you for giving my sister the chance." Jiang Shu Nan said.

"Well, it all depends on Brother Shu Xian." Dian Qi Qi said.

Yu Qi spotted Qiu Wang.

"I want to go over there." Yu Qi said to Long Hui.

Long Hui looked over in the direction that Yu Qi pointed. He saw Qiu Wang. They had a bit relationship with Qiu Wang, Yu Qi wanted to catch up something with him.

They walked to Qiu Wang. Qiu Wang was standing awkwardly. He was surprised to get the invitation to this party. He did not think that a great family like Dian Family would extend the invitation to someone like him.

At first, Qiu Wang had no intention to come. However, he remembered Yu Qi and Long Hui. So, here he was.

"Mr. Qiu, long time no see. How are you?"

Qiu Wang heard someone talking to him. He turned and saw Yu Qi and Long Hui.

"Miss Tang, Mr. Long." Qiu Wang was happy to see both of them. "I am good. Thank to you. My skill improved significantly."

"Really? It is great then." Yu Qi nodded.

"The book that you give to me is really the complete book on the sword technique. After I mastered the technique, my job became easier than ever." Qiu Wang said.

"Your job?" Yu Qi tilted her head. She did not know what kind of job Qiu Wang had.

"I am a Mercenary. I earn money from doing the task given by Mercenary Guild." Qiu Wang said.

"Mercenary? Mercenary Guild?" It was the first time Yu Qi knew about this.

Well, it was no surprise. Yu Qi did not know much about the cultivation world since she went there first time only for the martial arts competition.

"Yeah. The Mercenary Guild would post a mission. Each mission would have its reward. The danger the mission, the good reward that people get from the mission." Qiu Wang explained.

Chapter 1366 1366: She Is The Child Of The Dian Family

Yu Qi was interested to know about the Mercenary Guild. It sounded so interesting.

"If I have time, I will go and take a look at Mercenary Guild." Yu Qi said.

They talked about that for a little bit. The party continued. A girl stood quietly at the corner of the party. She seemed nervous when looking at everyone.

She began to feel regretted coming to this party. She felt afraid to talk to anyone.

Dian Zin Fang who talked to his business partner noticed the girl. His eyes reacted and returned back to normal. Everyone around him would not notice that.

After observing the girl a few times, he decided to go to the girl. He took two glasses of drink and walked to the girl.

"Hi." Dian Zin Fang greeted the girl.

The girl was very timid. She almost jumped herself when hearing someone say 'hi' to her. She looked over and saw Dian Zin Fang,

"Hi, Young Master Dian." The girl bowed.

"Welcome, Miss A Yue for coming to my Great- Grandpa's party. Here. Drink this and relax." Dian Zin Fang handed the glass to the girl.

"Thank you." A Yue took the glass.

"Is this your first time coming out of the cultivation world?" Dian Zin Fang began to talk.

"Yeah. It is my first time." A Yue nodded.

"Any difference?" Dian Zin Fang asked.

"Hmm... the air feels different, I think." A Yue said.

"Do you want to slip out of this party for a moment?" Dian Zin Fang invited A Yue to leave the party for a moment.

"Sure." A Yue wanted to slip out for quite some time but she did not know where to go. She was afraid that she would step into the restricted areas.

Dian Zin Fang let the way. Both of them left the party hall. The men who guarded the hall were surprised when someone came out. They wanted to ask the person but when they saw the person was Dian Zin Fang, they stopped their intention.

Since it was their young master, there was no need for them to ask him. However, they were quite surprised when seeing a girl following their young master.

"You can relax here." Dian Zin Fang said when they arrived at the garden.

No one was here. A Yue was indeed feeling relaxed here.

"You can let your contracted Beast out." Dian Zin Fang said again.

"Really? Can I?" A Yue looked at Dian Zin Fang.

Dian Zin Fang nodded. With that, A Yue called her contracted beast out. The red fox came out.

"Hongchi." A Yue patted the red fox's head.

"Your contract beast is really beautiful with that kind of color." Dian Zin Fang commented.

"Thank you." A Yue smiled.

Dian Zin Fang also called his contracted beast. "Aren, come out."

A Yue was surprised to see the Eagle appear in front of Dian Zin Fang.

"Is this your contracted beast?" A Yue was surprised.

"Yeah, his name is Aren." Dian Zin Fang stroked the head of the Eagle.

Aren spread his wing as he looked at A Yue as he introduced himself. Seeing this, A Yue smiled widely.

"I never thought that Young Master Dian has a contracted beast." A Yue said.

Well, Dian Zin Fang did not use his contracted beast in the martial arts competition.

"I contracted him by chance. By the way, just call me Zin Fang or Fang. No need to call me young master." Dian Zin Fang said.

"Oh, okay. I will try." A Yue nodded while her ears became red.

Back at the party, the guests interacted with each other. Mu's Family went to talk to Great-Grandpa Dian. Well, only Grandpa Mu talked to Great-Grandpa Dian.

Kang Pian Sue just smiled beside Grandpa Mu when he was talking to Great-Grandpa Dian. Dian was not a common surname. That woman also had 'Dian' as her surname.

Was this family had a relationship with that woman? However, when she looked at this Family's status, it was impossible to relate that woman to this family.

This family seemed to have a high status. Because it seemed that President himself had high respect for this old man. That woman was only an orphan. That was what she heard from Mu's Family when she first got married to her husband.

Kang Pian Sue's thoughts became disturbed again when she saw the girl who had the same face as that woman. The girl had a close relationship with this family.

Even the woman who seemed the Matriarch of this family introduced her as the grandchildren of this family. She really wanted to know that.

"Grandma, Grandma." Mu Kuang He called his grandmother.

"Oh, yeah, what is it?" Kang Pian Sue snapped out of her thinking.

"We are going over there." Mu Kuang He said..

"Oh, I see." Kang Pian Sue said.

Her husband went to talk to that girl, Yu Qi.

"It is nice to see you again, Old Master Mu."

Kang Pian Sue narrowed her eyes when hearing Yu Qi call Grandpa Mu like that.

"Hmm..." Grandpa Mu said.

"Old Madam Mu." Yu Qi also greeted Kang Pian Sue.

"It is surprising to see you here, Miss Tang. I wonder what is your relationship with this family." Kang Pian Sue said.

"She is the child of the Dian Family. And she is also a savior of our family." Grandpa Dian heard the question and interrupted the conversation.

Kang Pian Sue smiled. It seemed Yu Qi did a favor for this Family. So, she was accepted by this family.

"I see." Kang Pian Sue nodded.

Chapter 1367 1367: Dare To Insult Yu Qi In Front Of Dian Family

"I wonder what kind of favor that she did. Humph... I think it must be an indecent one." Mu Rong Xie mumbled.

Others might not know but for the cultivators, it was clearly loud. Grandpa Dian's face changed in instant.

"You behind there. What do you say just now?" Grandpa Dian pointed to Mu Rong Xie.

Mu Rong Xie was startled when Grandpa Dian pointed a finger at her. She looked at Grandpa Dian and saw the angry expression on that old man.

"Erk..." Mu Rong Xie trembled.

"I am sorry for my rude daughter." Mu Li Zei quickly apologized to Grandpa Dian.

He could not afford to offend this family. He looked at Mu Rong Xie. Even though he did not hear what Mu Rong Xie say just now.

"Apologize right now." Mu Li Zei ordered Mu Rong Xie.

Mu Rong Xie wanted to cry.

"Do what Father says." Mu Yian also said to Mu Rong Xie.

"Before that, let her repeat what she said earlier since you guys don't hear." Grandpa Dian demanded.

"What do you just say?" Grandpa Mu also demanded the same thing.

Facing anger, Mu Rong Xie could not help to say something. "I just wonder what kind of favor she does to your family. That's all."

"Humph... You did not say the last sentence. You say, 'I think it must be an indecent one.' What? Why don't you repeat that?" Grandpa Dian said.

Mu Rong Xie became pale. She thought Grandpa Dian just thought she mumbling something, not listening to her clearly.

Grandpa Mu's face changed. "How dare you say something like that? Don't you forget she is the one who heals your illness? If not because of her, you will still be sick."

"Oh, so, she healed you and you still say something like that about your savior. Such a rude girl." Grandpa Dian added.

Mu Rong Xie wanted to cry when facing two old men who scolded her like that.

"I am sorry for my daughter. Doctor Tang, I am sorry for my daughter. She is still young. She is ignorant." Su Yu Qing stepped forward and apologized on behalf of her daughter to Yu Qi who silently watching them.

"Young? I think she is the same age as our Yu Qi." Grandpa Dian snorted.

"Dear, what happened here?" Grandma Dian came when she heard that her husband was quite angry about something.

"This girl said that our Yu Qi is doing something indecent for our family. So, that is why our family accepted Yu Qi." Grandpa Dian simplified what happened.

Hearing this, even the calm Grandma Dian began angrily. "How dare she? Please leave in instant." Grandma Dian did not feel respect for someone who insulted her family members like that. She did not want someone like that in her house.

"We are sorry." Mu Li Zei apologized again.

"We are sorry on behalf of our daughter." Su Yu Qing bowed. She then pulled Mu Rong Xie to bow together. "Apologize right now."

Su Yu Qing became the wife of Mu Li Zei about 28 years ago. She understood the situation. Dian's Family was someone that they could not afford to offend.

"Mu Rong Xie, apologize sincerely right now." Grandpa Mu also ordered Mu Rong Xie.

The person that Mu Rong Xie really scared of was Grandpa Mu. Hearing that, she quickly did as Grandpa Mu ordered.

"I truly apologize. I am not thinking straight. I will not say something like that again." Mu Rong Xie apologized.

"I will let this slide once." Grandma Dian narrowed her eyes when she looked at Mu Rong Xie.

Grandma Dian pulled Yu Qi over. "Let's go over there."

Yu Qi followed Grandma Dian. When she was about to walk, her eyes met Mu Yian's eyes. It seemed Mu Yian was thinking about something. But Yu Qi did not care much about her.

Some people looked at Mu Rong Xie was ridiculous. They listened to what happened. They knew that this girl insulted Yu Qi. How could someone so weak as this girl insult someone like Yu Qi?

They highly respected Yu Qi. In the cultivation world, strength was important. Everyone wanted to stay away from the family.

Mu Li Zei noticed this. He gritted his teeth. He was very angry at his stupid daughter like now. If he knew this would happen, he would not let her follow them to the party.

"Father, calm down. Don't let your anger show on your face." Mu Yian advised her father.

Mu Li Zei began to take a deep breath and calmed down. His first daughter and second daughter were very different. His first daughter was very smart and considerate.

When Mu Li Zei looked again at his second daughter, he snorted.

"Don't talk." Mu Li Zei said to Mu Rong Xie.

Mu Rong Xie nodded in scared. She wanted to go home but she could not. She just needed to stay at this place until everyone could return home.

Su Yu Qing held Mu Rong Xie's hand. She knew her daughter's feelings right now.

When the party was still continuing, Grandpa Ray came rushing to Great-Grandpa Dian. Great-Grandpa Dian who still talked to Huo Xi was surprised. Grandpa Ray would not disturb him if no urgent matter.

"Wait a minute." Great-Grandpa Dian told Huo Xi. Then he turned to Grandpa Ray. "What is it?"

Grandpa Ray whispered something to Great-Grandpa Dian. Great-Grandpa Dian was shocked to hear this.

Chapter 1368 1368: The Ancestor Came

"Father, what is going on?" Grandpa Dian noticed Great-Grandpa Dian's reaction.

"The ancestor comes." Great-Grandpa Dian said.

"What? He comes? Where is he right now?" Grandpa Dian asked.

"At the door." Grandpa Ray said.

"We need to go and welcome him." Grandpa Dian said. He turned to his father and said. "Father, you stay here."

"Alright." Great-Grandpa Dian nodded.

"What happened? Why does Zun Ke look so nervous?" Huo Xi asked Great-Grandpa Dian.

"Do your enemy comes or something?" Bucong Guang smirked.

"The ancestor comes." Great-Grandpa Dian answered.

"What? He comes?" Jiang Nanxiang who happened to want to talk to Great-Grandpa Dian was shocked.

"You manage to invite him?" Bucong Guang could not believe it.

"Yeah. I invite him but I don't expect him to come." Great-Grandpa Dian said.

Yu Qi and Long Hui looked at each other. Yu Qi was surprised to hear that Qin Xia came to her Great-Grandpa's party. She was kind of happy to see him here.

It was kind of different for Long Hui though. He still remembered that night when Yu Qi was drunk and met him. They talked about the stuff that he could not understand. And the most frustrating thing was that Long Hui could not ask Yu Qi because she did not remember that.

Not long after that, Grandpa Dian escorted a masked man. Everyone in the cultivation world knew this man. They bowed respectfully toward the masked man.

Others who did not know the masked man, they were confused by the people around them. They began to feel curious about the masked man's identity.

Qin Xia walked to Great-Grandpa Dian.

"Congratulations. I hope you will stay alive longer." Qin Xia said. "I prepare a gift for you."

Qin Xia took out something like a white ball. The surface was so smooth. It emitted some light.

"The giant pearl." Great-Grandpa Dian was surprised to see the gift. "Ancestor, thank you very much."

Giant pearl was a very rare thing. It could emit light. What was special about this thing was it could protect the people from the dark power.

"I relieve that you like the gift." Qin Xia said.

"Ancestor, we are surprised to see you here." Bucong Guang joined the conversation.

"I have time. So, I come." Qin Xia said.

Bucong Guang also wanted to invite Qin Xia to his house. But they did not know where Qin Xia was.

"I am surprised that Dian Family knows where the Ancestor is that they could send the invitation." Bucong Guang said.

"I came to visit Dian's Family once. They invited me that time." Qin Xia answered.

Qin Xia visited the Dian family once. Two months before the party. Qin Xia just wanted to see what kind of Dian Family was since it was Yu Qi's family after all.

When he got to know much about Dian Family, he was satisfied with Dian Family. He knew that Yu Qi would be treated well in this kind of family.

"Why do you visit Dian's Family?" Bucong Guang was curious about that.

"Do I need to tell you about my matter?" Qin Xia looked at Bucong Guang.

Bucong Guang felt the pressure. He gritted his teeth holding his body. The pressure that the ancestor put on him was very strong. It made him lose his strength.

Suddenly the pressure disappeared. Bucong Guang felt relieved.

"I hope it will be a lesson to Bucong Head." Qin Xia said.

"Yes. I am sorry." Bucong Guang bowed his head.

Bucong Shuye who was beside his father, helped his father stand up when seeing his father wanting to fall down. Bucong Shuye knew that the ancestor put pressure on his father earlier.

"Who is that man? Why does everyone seem to respect him so much?" Mu Li Zei looked at Qin Xia.

"Mum, do you know him?"

"No. I have never seen him before." Kang Pian Sue was also curious about the man's identity.

That man seemed to be more powerful than Dian Family seeing Dian Family's reaction themselves.

"The ancestor seemed to be close to Dian Family."

"Yeah. My grandpa has the highest respect for the ancestor."

"Not only your grandfather, but everyone respects him."

Mu Yian listened to some people's conversation and also looked at the man. She seemed to have seen him before. Well, not the face but his silhouette. However, she could not remember who he was.

She stared at the man's silhouette and tried to remember where she saw this silhouette before. Then, she remembered it.

This silhouette seemed to belong to a young man who she met before. But when she listened to the conversation, they called him the ancestor. What was that supposed to mean? The ancestor seemed to be a title for an old man or woman. But for such a young man like him.

Mu Yian thought to go and talk to him for confirmation. However, her step stopped when she saw the man walking toward Yu Qi. She frowned. She wanted to know their relationship too.

The young man that she saw had a very good looking as Long Hui. The man who she thought very suitable to her. She wanted to know the man. She was hoping that man to be her man.

She saw that Yu Qi bowed at the man too. Did this mean that Yu Qi also reacted like everyone else?

"Sister, why does he wear a mask? And people seems okay with that man? Is that weird right?" Mu Rong Xie asked Mu Yian.

Chapter 1369 1369: Being Kicked Out From The Party

Seeing Mu Yian did not say anything, Mu Rong Xie continued talking.

"He must be ugly or something like that."

The moment Mu Rong Xie said this, people around them looked at her with hostile intentions.

A woman and two men approached her.

"Hey, what do you say just now?" That woman asked.

That woman was Bucong Jiye and the two men were Bucong Jian and Bucong Nanyi. They also had been invited.

The ancestor was a person who was highly respected by the people in the cultivation world. They would not allow someone to disrespect the Ancestor like that.

"Wha... What?" Mu Rong Xie stepped back when seeing those people being so aggressive.

She looked around. People looked at her maliciously. She did not understand why these people doing something like this.

"How dare you insult our ancestor?" Bucong Nanyi said.

"Ancestor? When did I insult your ancestor?" Mu Rong Xie shook her head, and denied the accusation.

"We all heard that. 'He must be ugly or something like that.' That is what you said just now." Bucong Jiye mimicked Mu Rong Xie.

"What? Huh? He is your ancestor? How come? He is obviously a young man. How could such a young man become the ancestor?" Mu Rong Xie was dumbfounded when she knew this. "Are you guys nut?"

PANG!!

Mu Rong Xie felt the pain on her face. She looked at the person who slapped her.

"How dare you slap me?" Mu Rong Xie shouted.

The person who slapped Mu Rong Xie was not Bucong Jiye or her two brothers but Huo Yiang. The person from Huo Family, the granddaughter of Huo Xi.

"Your mouth is stink. You should close your mouth." Huo Yiang glared at Mu Rong Xie.

"Miss, you can just slap people like this." Mu Yian interfered.

"You should be glad that I don't kill her on the spot." Huo Yiang replied.

"Yeah. Right. Otherwise, you will see the Yama King."

"If this place is our place, you already lost your life."

Mu Rong Xie was shocked while Mu Yian was startled. How could they talk about killing a person like this?

Well, killing was a normal thing in the cultivation world. If fighting and killing were the same things. As they said if this place was their cultivation world, Mu Rong Xie was already being hacked by them.

Grandma Dian and Wei Sha Lin, Dian Qi Qi's mother came and found out what happened.

"What happened here? Why do I hear someone screaming here?" Grandma Dian asked.

"She is screaming earlier." Huo Yiang said.

"Old Madam, she insults our Ancestor by calling him ugly, just because he wears the mask." Bucong Jiye added.

"What? You again. Just now you insult my granddaughter. And now you insult our ancestor? I can't stand you. Leave our place immediately." Grandma Dian could not stand this girl anymore.

The ancestor was like a god for people in the cultivation world. Grandma Dian could not tolerate this behavior.

Mu Rong Xie wanted to speak up. But Grandma Dian did not want to hear any more from her.

"Do you want to walk by yourself or do you want me to call someone to escort you out?" Grandma Dian glared sharply at Mu Rong Xie.

Grandma Dian put on pressure on Mu Rong Xie. Mu Rong Xie felt horrible. Even though Grandma Dian was old, she was still strong.

"Calm down, Madam." Su Yu Qing rushed over when seeing her daughters in trouble.

"I want her out of my house." Grandma Dian demanded.

"Just..." Su Yu Qing wanted to talk again but Grandma Dian did not want to hear anything anymore.

"Raymond, escort this girl out of our house." Grandma Dian called Grandpa Ray.

"We will leave... We will leave." Su Yu Qing became scared when Grandma Dian started to call someone.

"You are her sister. Leave too." Grandma Dian said at Mu Yian.

Mu Yian wanted to stay but when Grandma Dian also said that to her, she could not stay anymore. She was flustered to have someone moron like Mu Rong Xie to be her sister.

The three women left the hall. Someone appeared to show them the way out. They really kicked the three women out. Since it was the top of the mountain. The scene was a little bit creepy.

"Yian, call our driver to pick up us here. I don't want to stay here. Scary." Su Yu Qing said.

"Okay." Mu Yian called their driver.

Luckily their driver was asked to stand by close to this place. Otherwise, they needed to wait for the driver to arrive at this place.

While waiting for the car to come to pick them up, Su Yu Qing asked what happened since the old woman was so angry that she refused to hear anything and demanded them leaving the party right now

"You should ask Rong Xie." Mu Yian rolled her eyes.

If it was not because of Mu Rong Xie's lousy mouth, they would not be kicked out like this. It was so embarrassing. She never experienced this before.

"Rong Xie?" Su Yu Qing turned to Mu Rong Xie.

"I am not doing anything wrong." Mu Rong Xie did not want to talk.

"If it is not because of your mouth, none of this would happen. You should control your mouth. You don't learn at all." Mu Yian was getting annoyed by her younger sister.

How could she have a sister like this? So stupid.

Chapter 1370 1370: He Was Still Older Than Great-Grandpa Dian

"Can you stop arguing? Tell me what happened earlier." Su Yu Qing was fed up with the argument.

Mu Rong Xie kept her silence. So, Mu Yian was the one who explained everything to their mother.

After listening to everything, even Su Yu Qing became angry at Mu Rong Xie.

"Why can't you restrain your thought? You can't just spur everything in your mouth." Su Yu Qing scolded Mu Rong Xie.

"It is not on purpose." Mu Rong Xie looked down.

Su Yu Qing sighed and pinched the area between her eyebrows.

"This party is important to your father. You can see a lot of potential business people at this party. You are lucky that your father is not around when this matter occurs. Otherwise, he might also need to get out of the party." Su Yu Qing sighed again.

"But how could a such man be called an ancestor? His body is not like a normal old man." Mu Rong Xie wanted to argue the topic.

"You should not care about that. They can call him whatever they like." Mu Yian became angry again when hearing Mu Rong Xie wanted to argue about that.

"Your sister is correct. You should keep your thought to yourself." Su Yu Qing agreed with Mu Yian.

Mu Rong Xie felt that she could not win talking back to her mother and sister. So, she went to silence.

The driver arrived. He asked about Mu Li Zei. Su Yu Qing told him that her husband was still at the party and said that Mu Rong Xie did not feel well and that they wanted to return home first.

The driver needed to come back and picked up her husband and son later. Even though the driver felt it was too tiring for him, he did not dare to ignore the order from Su Yu Qing.

"I will send a message to your father telling you we need to return first." Su Yu Qing sent the message to Mu Li Zei.

Mu Li Zei arrived at the message but he did not care. He would look at the message later.

Qin Xia talked for a while with Grandpa Dian and others before excusing himself. However, a lot of people wanted to greet him. So, he often stopped by the people.

He wanted to go to Yu Qi. Yu Qi was currently talking to Grandpa Mu with Long Hui. Beside Grandpa Mu, there was Kang Pian Sue. So, they did not act like a grandfather and his granddaughter.

However, it was not much awkward since Yu Qi could talk about business. They had some deals together.

Kang Pian Sue just observed their interaction. Kang Pian Sue knew that his husband must be happy when talking to Yu Qi because Yu Qi looked like his first wife.

Seeing this, Kang Pian Sue could see that Yu Qi treated Grandpa Mu like a normal acquaintance. Yu Qi seemed not to know anything about her husband's first wife.

"Yu Qi." Someone called Yu Qi.

Yu Qi turned around and saw Qin Xia. "Ancestor." She called him in respect.

Qin Xia narrowed his eyes when he heard what Yu Qi called him. It was the correct way to call him here. People around them were cultivators. They could hear everything in their range of hearing.

"Excuse me if I have been rude. But can I ask you one question?" Kang Pian Sue interrupted.

Qin Xia looked at her. He knew that she wanted to ask him. "Yes. What is it?"

"Why are they calling you 'Ancestor'? You seem very young to me." Kang Pian Sue asked what she wanted to ask.

People around them heard the question, also waiting for Qin Xia to answer the question. They wanted to know what kind of answer Qin Xia would give to that woman.

"Even though I look like this, I am still older than the main character of this party. As for what they call me, I don't care much about that." Qin Xia answered the question carefree.

Kang Pian Sue looked very surprised when she heard that this man said that he was older than Great-Grandpa Dian.

Great-Grandpa Dian was 150 years old. So, how old this man was? Was this man lying? But the majority of the people in this party really respected this man.

Not only Kang Pian Sue was surprised, but even Grandpa Mu was also shocked to hear that.

"If you are done with your question, can I talk to Yu Qi then?" Qin Xia looked at Kang Pian Sue through his mask.

Kang Pian Sue immediately felt fear when the man looked at her like that. The look felt very horrible.

"Yes... Yes... You can talk to her." Kang Pian Sue nodded.

"Shall we go somewhere else?" Qin Xia said to Yu Qi.

"Let's go." Yu Qi said.

Qin Xia walked away. Yu Qi also followed him. However, she did not forget to pull Long Hui along with her.

They arrived at the corner of the hall. Qin Xia waved his hand. Then, it suddenly became silent. Yu Qi was surprised.

"How can..." Yu Qi asked.

"I put on the barrier. People could not hear what we talk inside this barrier and we also could not hear the sound from outside. So, we can talk normally this way." Qin Xia said.

Yu Qi looked around. She did not see anything else.

"It is very amazing." Yu Qi praised.
