### Chapter 1371 1371: She Did Not Remember Me

"So, what do you want to talk about?" Long Hui asked the reason why Qin Xia needed to drag his beloved Qi Qi here to talk.

'Yeah, Brother Xia. What is it?' Yu Qi asked too.

"Do you remember we meet at Rixie Country?" Qin Xia asked.

Long Hui narrowed his eyes. How could he forget about that night? He wondered what was this man's purpose asking his beloved Qi Qi about that. He wanted to ask Qin Xia but he doubted Qin Xia would tell him about that.

"Of course. We meet at the clubhouse. I invite you but you have a meeting with your client." Yu Qi remembered that. "What about that?"

"Do you remember meeting me after that?" Qin Xia asked again.

"Huh? Do we meet again after that? Wait... I don't think so." Yu Qi seriously did not remember that.

"Oh... Really?" Qin Xia narrowed his eyes.

"So, you really don't remember huh..." Qin Xia chuckled.

"Do you mean I meet you when I was drunk? I am sorry. When I am drunk, I really do not remember anything after I am sober. Somehow, I act like a different person when I am drunk. Did I do something wrong to you?" Yu Qi panicked.

Qin Xia laughed when he heard the explanation. He really did not know about that.

"So, when you are drunk, you act like a different person..." Qin Xia said... It was like he was whispering.

"Brother Xia?" Yu Qi called him.

"Nothing. If you don't remember, then it is fine." Qin Xia said.

"Really? I don't do anything shameless to you, right?" Yu Qi asked again.

She remembered that she drank so much that night. Usually, she could remember back a little of the memories from the previous night after she was drunk. But that night, she did not remember even though she was sober. So, she assumed because of how much the drink she had made her completely lose her memories of that night.

"No... You don't. No need to worry about that. It is okay if you don't remember. We can talk after you remember that, okay?" Qin Xia wanted to pat Yu Qi's head.

That was once again stopped by Long Hui.

"Please don't pat her head." Long Hui let Qin Xia's hand go.

Qin Xia snorted.

"I will leave first." Qin Xia said.

He waved his hand again. The noise from the party started being heard by Yu Qi and Long Hui again.

"See you again, Your Grace." Yu Qi smiled.

Qin Xia just nodded. It seemed his junior sister did not remember anything at all.

'So, when she is drunk, she could remember me.' Qin Xia just smiled under his mask. pand(a-n0vel.c)om

Well, he did not care much whether Yu Qi remembered the past or not. He was glad that she could live happier in this lifetime.

Dian Qi Qi came to Yu Qi's side.

"Sister Yu Qi, it is about time for that." Dian Qi Qi said.

"Really?" Yu Qi asked.

"Yeah. We need to change our clothes." Dian Qi Qi said.

"Brother Hui, I need to go first." Yu Qi turned to Long Hui.

Long Hui nodded.

Dian Qi Qi and Yu Qi left the hall to go to change their clothes. After changing their clothes, they met Dian Zin Fang and others.

"Are you ready?" Dian Ren Qi asked.

"Yes." Dian Shu Xian nodded.

Then both of them entered the hall in martial arts moves. Everyone was very surprised. They gave way to them.

It was followed by Dian Zin Fang and the two girls. It was a surprise performance for Great-Grandpa Dian.

"What happened?" Great-Grandpa Dian asked.

"They have a performance to show to you." Grandpa Dian smiled.

They performed martial arts. It was Dian Ren Qi's idea to perform. He asked others and others also agreed to do it. They only had one day to settle everything. Luckily, they were very good and could follow the steps.

As for Great-Grandpa Dian who was a martial art freak, he really enjoyed this kind of performance. When he was poisoned by that person, he could feel the pain when he cultivated.

But after meeting with his missing great-granddaughter, Yu Qi, everything was good. He was cured of the poison and could practice again. It was the best year of his life.

pA n,dan0ve1.c0m Everyone also enjoyed the performance. Only a few people snorted at their performance. Bucong Jiye felt annoyed when seeing Dian Qi Qi and Yu Qi.

She was also very jealous of Yu Qi when the ancestor seemed to take a liking on Yu Qi. She watched Yu Qi talk to Qin Xia earlier. She tried on focusing to listen to their conversation but she could not hear anything.

They seemed to talk about such an important topic. She felt that Qin Xia knew Yu Qi personally. Then she saw Qin Xia wanted to reach out for Yu Qi but Long Hui grabbed Qin Xia's hand to stop him from doing so.

She was surprised that Qin Xia did not feel angry with Long Hui and let him go. After that, she saw Qin Xia waving her hand. That time, she knew that Qin Xia put on the sound barrier to prevent someone listened to their conversation.

She became curious about that. But she did not dare to ask the ancestor about that. And if she went to ask Yu Qi, she did not think that Yu Qi would tell her about that.

### 1372 Chapter 1372

The performance was finished. Everyone was clapping. The performance was very amazing. They were wearing the normal outfit from the cultivation world.

People outside the cultivation world saw the outfit many times before in fantasy drama.

Long Hui went to Yu Qi. His eyes did not move from her.

"Qi Qi, you are so beautiful." Long Hui praised his beloved Qi Qi.

"I don't want to hear this." Dian Qi Qi moved away from the couple.

Hearing Long Hui calling Yu Qi by the name 'Qi Qi', she felt that Long Hui calling her. She got goosebumps.

"When do you plan this?" Long Hui asked.

"Yesterday. Qi Qi dragged me and told me about the plan. Wearing this outfit is Dian Ren Qi's suggestion." Yu Qi answered.

"You already looked beautiful. Now with this outfit, you are more beautiful. It makes other men could not move their eyes from you." Long Hui's words sounded like good vinegar.

Yu Qi laughed. She knew that Long Hui was feeling jealous right now. She tilted her head while saying cute things.

"But I am yours. Now and ever. So, no need for you to feel jealous." Yu Qi smiled.

Facing the cute Yu Qi, Long Hui forgot the jealous feeling. Yeah, his beloved Qi Qi was his. No one could take her from him. Not even that Qin Xia.

Dian Zin Fang stepped forward to Great-Grandpa Dian. Great-Grandpa Dian did know why Dian Zin Fang suddenly approached him like that.

"Great Grandpa, I have something to announce to you." Dian Zin Fang looked at Great-Grandpa Dian. "It is considered as my present to you."

Everyone looked at Dian Zin Fang waiting for his announcement. Even his family did not know what Dian Zin Fang wanted to announce about.

"I already found someone as my partner." Dian Zin Fang said.

"Really?" Great-Grandpa Dian was surprised.

He was quite worried about this great-grandson. Dian Zin Fang was obsessed with his work and cultivation. He did not even look at the woman. So, when Dian Zin Fang announced this, he was taken aback.

"Who is the girl?" Grandpa Dian interrupted.

"Yeah. Tell us who is the girl?" Grandma Dian was excited to know the identity of the girl who entered her grandson's heart.

"A Yue." Dian Zin Fang said.

Everyone was surprised. The people in the cultivation world knew who A Yue was. A cultivator who could contract the red fox. She was quite talented too.

However, she had a flaw. She was an orphan. She was not suitable for the young master of a great family like the Dian Family.

"What? She? What a joke. How could someone like her be Young Master Dian's partner?"

"Yeah. She is not suitable."

"An orphan wants to be a phoenix."

Everyone said some bad things about A Yue. A Yue who stood at the corner wanted to hide herself. She was embarrassed when they said something like that about herself.

"Shut up!" Dian Zin Fang shouted to everyone.

Everyone went silent.

"She is someone that I want to spend time with for the rest of my life. I will not ignore people who insult her. Insulting her is the same as insulting me." Dian Zin Fang looked at the people in front of him.

"Good. Good. Good.." Great-Grandpa Dian laughed. "It is the best present from you, Zin Fang."

Everyone from Dian Family nodded as they agreed with Dian Zin Fang. Dian Zin Fang walked away to A Yue while people were watching. He did not feel shy and grabbed A Yue's hand and smiled at her.

Kang Chen Xi who her younger sister had a conflict with Dian Qi Qi and Yu Qi on another day, watched Dian Zin Fang holding another woman's hand. She knew Dian Zin Fang from their fathers. They had a business together. They even worked together.

She had feelings for Dian Zin Fang from the first day they met but he did not know about that. She was hoping that Dian Zin Fang noticed her feeling. Now, she knew that she had no chance.

"Sister, is that the man who you said..." Kang Jing Na looked at her sister.

"Enough." Kang Chen Xi stopped Kang Jing Na from continuing her sentence.

Kang Jing Na now knew why her older sister prevented her from talking rudely to that gothic girl the other day. That gothic girl belonged to Dian Family, the one behind the people controlling the political world in Fanghai Nation.

"Sister, I heard that she is an orphan. Why not..." Kang Jing Na wanted to cheer her older sister.

"Stop talking. Orphan or not is not related." Kang Chen Xi said.

She knew that status meant nothing to Dian Zin Fang. The way he announced the relationship in front of everyone said everything. He did not care about that.

Dian Qi Qi and Dian Shu Xian went to Dian Zin Fang and A Yue. A Yue was feeling shy and wanted to pull her hand from Dian Zin Fang. But Dian Zin Fang did not allow that.

"Brother Zin Fang, you are so fast." Dian Qi Qi gave Dian Zin Fang's thumb up.

"Need to move faster. Otherwise, she will be others." Dian Zin Fang smirked while looking at A Yue

A Yue's face became red when she heard the conversation. She did not know when she accepted the Dian Family invitation, she would be together with Dian Zin Fang.

### 1373 Chapter 1373

Even though Dian Zin Fang just knew A Yue recently but he knew the feeling. He could not let her go.

Dian Zin Fang's family especially the older ones were quite happy with the news because they were worried about Dian Zin Fang's marriage.

They wanted Dian Zin Fang to get married but they could not force him if he did not want to. And now he had found someone that he wanted to spend his life with, of course, they would be happy.

The party ended after midnight. The normal guests started to leave while the cultivator guests would stay for one night because Dian Family would send them back to the cultivation world first thing in the morning.

Yu Qi also returned to the room with Long Hui. When they returned home, they could not see Shino and Aoi anywhere. Yu Qi immediately called them through telepathy.

Turned out, both of them sneaked out and went to eat. They even sold their cuteness to get some delicious food. The maids were very happy when they saw both of them. They also knew that these animals were Yu Qi's contracted beasts.

Yu Qi was relieved to hear that. Since it was the case, she would not be so worried. While Yu Qi was talking to Aoi and Shino, the person next to Yu Qi felt neglected. He hugged Yu Qi from the back.

"Qi Qi..." Long Hui even kissed her back ear.

The ear was the sensitive part for Yu Qi. She unconsciously moaned when Long Hui did that. Hearing that, Long Hui felt triggered. He did even more.

"Ah... Brother Hui... Don't... Ah..." Yu Qi tried to stop Long Hui.

"Don't what?" Long Hui smirked.

"Doing... that... Ah..." Yu Qi felt her voice shaking.

"But I want to do it. You are delicious." Long Hui licked Yu Qi's ear again.

"Let me take a shower first... I was sweating before." Yu Qi stated.

"You will end up sweating later too." Long Hui said.

Yu Qi could not reply. But...

"Okay... Okay... You can take the shower. But I will join you too." Long Hui smiled. "Let me take off the clothes."

The clothes that Yu Qi wore were for the performance. It was not a sexy outfit but it brought out Yu Qi's beauty to maximise. Long Hui was holding back her feeling when he watched the performance earlier.

He could see the men's eyes on his beloved Qi Qi. If it was not for her Great-Grandpa Dian, he already pulled Yu Qi from the performance.

Long Hui took off the outer clothes. She still had the inner clothes on her body. When Long Hui was about to reach for that, she stopped him.

"Not here. Let's go to the bathroom." Yu Qi felt weird.

Long Hui did not resist. He followed her to the bathroom. He helped Yu Qi with her clothes. Having fully naked Yu Qi in front of him made his blood go up.

"Qi Qi, can you help me with my clothes." Long Hui whispered to Yu Qi.

Even though Yu Qi did not respond with her voice, she still reached out for Long Hui's clothes. She took off the clothes for Long Hui.

Both of them went under the shower. Long Hui who was behind Yu Qi ran his hands over Yu Qi's body. The touch made Yu Qi feel hot.

"Hui... I want you." Yu Qi whispered.

"Want me for what?" Long Hui teased. He wanted Yu Qi to tell him herself.

"I want you to enter me." Yu Qi still whispered. She felt shy when requesting that.

"As you request, my queen." Long Hui nodded.

As Long Hui said that, Yu Qi could feel that Long Hui was entering her. It was a while.

"Ah... Hui..." Yu Qi could not help but moan.

It was not only Yu Qi who felt the feeling, Long Hui also felt good when he entered her. Doing it while standing made things enter deep inside his beloved Qi Qi.

"Qi Qi, it feels good inside you. Very tight." Long Hui commented.

"Ah... ah..." Yu Qi moaned nonstop.

Long Hui went in and out. Then he lifted Yu Qi to face the mirror inside the bathroom.

"Qi Qi, do you see it?" Long Hui asked.

Yu Qi's eyes were closed at that time. Hearing that, she opened her eyes. The first thing that she saw in the mirror was their bodies. And the parts which connected their bodies.

"Ah... Qi Qi..." Long Hui growled when he felt his beloved Qi Qi react. The simulation was very good.

The rhythms increased. Yu Qi moaned endlessly. Long Hui was hissing in pleasure. Both of them were wet. Until Long Hui released everything inside Yu Qi.

"Ahhhhh!!!!" Yu Qi screamed in pleasure.

"I am cumming inside you!!!" Long Hui gritted his teeth.

Yu Qi felt weak. She almost fell over. Luckily Long Hui held her. Both of them took a breath. Long Hui kissed Yu Qi.

"It is very good, Qi Qi." Long Hui said.

"Hmm... I am feeling the same." Yu Qi relied on Long Hui to stand.

Long Hui brought Yu Qi to the bathtub. They sat inside it. Yu Qi was sitting in front of Long Hui. She was leaning on Long Hui's body.

When Yu Qi leaned on Long Hui's side, Long Hui felt stimulated by this. He could feel Yu Qi's body touch his little brother.

"Qi Qi, you should know it is not over yet." Long Hui whispered to Yu Qi.

1374 Chapter 1374

Yu Qi woke up looking at Long Hui who still sleeping deeply. She kissed his face. Long Hui still slept. Usually, he already awoke.

It was in his instinct. Soldiers usually could not sleep deeply. Yu Qi was happy that he could rest well. Yu Qi slowly got out of bed.

She refreshed herself and went out. She looked for Bo Ya. Aoi and Shino were not in the space. When they entered the space yesterday, she could not greet him.

"Bo Ya..." Yu Qi finally saw Bo Ya.

"Master." Bo Ya greeted Yu Qi.

Bo Ya was taking care of the garden.

"Do you want to eat something sweet?" Yu Qi asked.

"Yes." Bo Ya responded quickly.

Yu Qi laughed. "Okay... Let's harvest some strawberries and blueberries."

"Okay." Bo Ya nodded.

They began to harvest the fruits. After that, they went to the kitchen. Yu Qi decided to make some pancakes.

Bo Ya sat watching Yu Qi doing her things. "Master, what are you making?"

"Some pancakes topped with strawberries and blueberries." Yu Qi answered.

"Sound delicious." Bo Ya smiled. He could not wait to eat that.

Usually, there would be sound. Aoi would be barking and Shino would sit on Yu Qi's shoulder while she was making the food.

"Do you feel bored, Bo Ya?" Yu Qi asked.

"No. I am happy to be with Master." Bo Ya answered.

"Only with me? What about Aoi and Shino?" Yu Qi teased.

"Of course, I am happy to be with them too. This is much better compared to when I am alone." Bo Ya remembered the time when he still did not meet her Master right now.

"I see. We will also be with you, Bo Ya." Yu Qi smiled.

"Hmm..." Bo Ya nodded happily.

"Your pancakes are ready." Yu Qi said.

It was a simple pancake. She poured some honey and put the strawberries and blueberries.

Bo Ya's eyes lifted up. He had sweet teeth. He took a bite.

"Delicious. So sweet. I like it." Bo Ya enjoyed the pancakes.

"I make a lot. Eat." Yu Qi was happy when looking at someone who enjoyed the food that she made.

Long Hui who was in the room suddenly woke up. He opened his eyes looking for his beloved Qi Qi. She was nowhere to find.

Long Hui quickly stood up. He looked around and remembered the place. He got out of bed and went straight to the toilet to refresh himself.

After that, he stepped out of the room. He walked to the kitchen. His beloved Qi Qi would be there. His instinct was correct. His beloved Qi Qi was together with Bo Ya.

"Brother Hui." Yu Qi greeted Long Hui.

Long Hui approached Yu Qi and gave her a kiss on her cheek.

"I make some pancakes. Come and eat them." Yu Qi invited Long Hui.

Long Hui sat beside Yu Qi and started eating.

"Let's go later." Yu Qi said.

"Hmm.." Long Hui nodded.

....

When Yu Qi and Long Hui walked to the training room, they could hear laughing. It was Great-Grandpa Dian who was laughing.

"This spear is the best. I like it." Great-Grandpa Dian said.

He was swinging the spear. It was the spear that Yu Qi gave to him as a birthday present. She also decided to give the spear to Great-Grandpa Dian when he recognized her as a family member but she did not have time for it.

"Yu Qi, Hui, come... come..." Great-Grandpa Dian called them when he saw them.

"Great-Grandpa." Both of them greeted him.

"Yu Qi, thank you for this amazing gift. I like it very much." Great-Grandpa Dian laughing.

Great-Grandpa Dian seemed like a child.

"Hui, come and spar with me." Great-Grandpa Dian said.

Yu Qi and Long Hui already knew that Great-Grandpa Dian would ask one of them to spar with him.

"You can take the weapon over there." Great-Grandpa Dian asked.

Long Hui without hesitation took two swords. Great-Grandpa Dian was surprised to see it. He did not know that Long Hui could wield two swords at the same time. He wanted to know how proficient Long Hui was in wielding two swords.

Hou Xi wanted to see his friends before leaving for the cultivation world. He was told that Great Grandpa Dian was in the training room.

He was led by the people to the training place. From outside, he could hear that someone was fighting with someone.

When he entered the training place, he could see the fighting. His friend was sparing with Long Hui.

His friend was using the spear while Long Hui was using the two swords. He could tell that the spear was very amazing. He wondered where his friend got the spear from.

As for Long Hui, he was also amazing. Not many could wield the two swords proficiently like Long Hui.

"Old Master Hou." Yu Qi greeted him respectfully.

"Hmm... what an exciting fight." Hou Xi commented.

Hou Xi came with his family. They were very impressed with Long Hui who could stand sparing with Great-Grandpa Dian.

Long Hui and Great-Grandpa Dian did not realize that they got an audience. They were focusing on each other.

Great-Grandpa Dian swung the spear toward Long Hui. Long Hui avoided the attack and found the timing to make an attack on Great-Grandpa Dian.

At first, looked like Great-Grandpa Dian had some advantages since he was using a spear but Long Hui was excellent at using the two swords. They had so much fun while sparing.

1375 Chapter 1375

"Oh, Hou Xi, what are you doing here?" Great-Grandpa Dian just noticed Hou Xi there.

"I come to see you before going back. Never know to see exciting fighting here." Hou Xi said.

"Hmm... He is a very promising man. Not many could spar with me this long." Great-Grandpa Dian praised Long Hui.

"By the way, where do you get the spear? It is very unique." Hou Xi was more attracted to the spear held by Great-Grandpa Dian.

"This? It is my birthday gift from my great-granddaughter, Yu Qi." Great-Grandpa Dian put on a proud face.

"Owh... I see.." Hou Xi nodded.

"Grandfather, it is time for you to return." Hou Xi's grandson reminded his grandfather.

"My friend, I will return first. Oh, don't forget about the miracle space which would be opened within 3 months. Your family should participate." Hou Xi said to Great-Grandpa Dian.

"I remember about that. Don't worry." Great-Grandpa Dian nodded.

Hou Xi and his family left.

"Miracle Space? What is that, Great-Grandpa?" Yu Qi was kind of interested to hear that.

"It is a place for young cultivators to gain experience. It is open for 10 years once. It will be opened this year. All the cultivators in a range between 20 years old to 30 years old can enter the space." Great-Grandpa Dian explained.

"Sound interesting." Yu Qi said.

"It is interesting. But it is also very dangerous. You can die inside it. There is a lot of deadly trap. Even the beasts inside the space are strong." Great-Grandpa Dian said.

"But people still go inside?" Yu Qi tilted her head.

"Yeah." Great-Grandpa Dian nodded. "It makes people stronger after coming out of the space."

Hearing this, Yu Qi wanted to go too "When the space is about to open, please inform me too. I want to go." Yu Qi remembered something. "How long the space would be opened?"

"It is about two weeks before it closes again. However, the time inside the space flow differently. It can be one year, two years, or even 5 years. Even if the space is about to close, you would be teleported out directly. So, there is no need to worry about missing the closing time." Great-Grandpa Dian explained more details.

"I see. Two weeks. I can afford that." Yu Qi already planned to explore the space.

"I will accompany you." Long Hui grabbed Yu Qi's hand.

"Sure." Yu Qi nodded.

Exploring a place like that would be fun. Yu Qi could not wait for the time arrive.

.....

The morning was not so peaceful for Mu Family. Mu Li Zei looked at Mu Rong Xie with an angry look.

"Why do I have a stupid daughter like you?" Mu Li Zei questioned Mu Rong Xie.

They were having breakfast when Mu Li Zei suddenly asked the reason why his wife and his daughters left the party early last night.

Su Yu Qing and Mu Rong Xie did not want to reveal the reason because they were afraid of facing the anger from Mu Li Zei but Mu Yian did not think to hide the fact. She told everything to Mu Li Zei.

"You always cause problems." Mu Li Zei reprimanded Mu Rong Xie.

Mu Rong Xie looked down in silence. She was scared when his father got mad at her. Mu Yian ate without care. She did not care what her father going to do with Mu Rong Xie. Mu Rong Xie needed to be taught a lesson, without she would not learn from this incident.

"You should be like your sister. Look at your sister, she already helps me with the business." Mu Li Zei said.

"Even your brother does not cause me many troubles." He continued.

Mu Rong Xie gritted her teeth. She knew that she was not the smartest child that Mu Li Zei wanted. Her older sister and her younger brother were much better than her. But she could not help.

"You are grounded for a week. No gadgets. Just stay inside your room. Don't come out." Mu Li Zei stated the punishment.

"How about her meal?" Su Yu Qing asked.

"It will be sent to her room." Mu Li Zei did not think to cut her meal but she would not be dining with them either. "I will ask the servant to take every gadget that she owned. Don't think I don't know about them. Just spend your time reading some books."

Mu Rong Xie knew that his father talked about the hidden gadget that she bought when she stayed in her room when she had her illness.

Mu Li Zei left the dining room without finishing her breakfast. Su Yu Qing stood up and went to send her husband to work leaving their children in the dining room.

"Sis, why do you tell dad about yesterday?" Mu Rong Xie glared at Mu Yian.

"It is your fault. Because of your mouth, we are losing a lot of possible clients yesterday." Mu Yian was still eating.

"But still..." Mu Rong Xie wanted to respond.

"Even though you don't tell him right now, do you think he will not find out about that? I bet if he find out about this later, your punishment is harsher than this." Mu Yian said.

"I also agree with Sister Yian. Sister Rong Xie, you should accept the punishment and learn to act better next time." Mu Kuang He interrupted the conversation.

"Shut up. What do you know?" Mu Rong Xie snapped out to Mu Kuang He.

1376 Chapter 1376

"I know that you said something inappropriate yesterday. You should learn to control your mouth." Mu Kuang He said.

Mu Rong Xie felt horrible. She stood up and left the dining room. She almost collided with her mother who returned to the dining room.

"Rong Xie, are you finish your breakfast?" Su Yu Qing tried to ask but Mu Rong Xie did not answer the question.

She just rushed to the upper stairs.

"What happens to Rong Xie? She did not even finish her breakfast." Su Yu Qing looked at Mu Rong Xie's plate.

"She is probably protesting Dad's order." Mu Kuang He said while he continued to eat.

"Mum, you should not spoil her too much." Mu Yian said.

Su Yu Qing looked at Mu Yian without saying anything. Her eldest daughter was similar to Mu Li Zei, her husband. Because of that, she could not get closer to her.

Unlike Mu Rong Xie who was similar to her, she felt closer to Mu Rong Xie. She wanted to spoil her like a mother who spoiled her daughter.

"I never knew the weird-looking girl comes from Dian Family." Mu Kuang He commented.

"Weird Looking Girl?" Su Yu Qing asked.

"Yeah. Yesterday, at the party, do you notice her?" Mu Kuang He said.

"Oh, that one. Who wore black clothes? What a ridiculous dress to wear." Su Yu Qing remembered.

"She once comes to our house." Mu Kuang He said.

"When?"

"When?"

Both Mu Yian and Su Yu Qing asked the question at the same time.

"She came with Doctor Tang Yu Qi to treat Sister Rong Xie. I know her because she studies at the same university as me." Mu Kuang He explained.

Mu Yian recalled the memories again. Then she remembered that she indeed saw a weird-looking girl sitting in the living room alone. When she asked the maid, the maid said the guest was coming with Yu Qi.

"I remember. I never know that she is from Dian Family." Mu Yian said.

Su Yu Qing did not remember. At that time, her mind was focusing on Mu Rong Xie who had been sick for such a long time. She did not pay much attention to others.

"You should befriend her." Mu Yian said.

"I don't think it would work." Mu Kuang He shook his head.

"Why?" Mu Yian asked.

"She did not like to talk and was always alone at the university. Some people went to talk to her but they ended up getting a beat from her." Mu Kuang He explained.

"What? Kuang He, don't get closer to her. Otherwise, you will get injured." Su Yu Qing said.

"Mum, I bet those people who went to talk to her were being rude to her. That was why she beat them." Mu Yian assumed.

"You are right, Sister. They are making a rude comment about her dress." Mu Kuang He heard about that after the incident.

Dian Qi Qi got a reprimand from the University after that incident but that was all. The student did not dare to say anything rude in front of her face anymore. But it also made Dian Qi Qi isolated in the university.

"That is why I am telling you, you should befriend her. It is connection." Mu Yian suggested it again.

Mu Kuang He was silent for a moment because he was thinking. His sister was thinking about their family business. He should do the same.

"I will not guarantee that we are going to be friends but I will try." Mu Kuang He nodded.

"Good." Mu Yian was satisfied with Mu Kuang He's answer. She stood up and left the dining room. "I am going to work first."

.....

As Yu Qi and Long Hui returned to Binhai Nation, they made a quick visit to Shiwa Town. It had been a long time since they went there.

Yu Qi went there to visit the greenhouse. She received the report saying the quality of goods had decreased.

The fruit became smaller and did not taste the same as before. The flower withered faster than before. The vegetable also did not taste the same as before.

So, Yu Qi wanted to see what the problem was. Yu Qi went to ask Song Tao about that.

"We used the same fertilizers and did not care anything." Song Tao explained.

Yu Qi knew that Song Tao would not be lying to her. He also told her that he already investigated it thoroughly but did not find anything unusual.

Yu Qi then remembered something. She went to the water reservoir. She climbed up and opened one of the tanks. She touched the tank

"I see." Yu Qi nodded.

She already noticed what the problem was. It was not anyone's fault.

"Is there something wrong with the water?" Song Tao asked.

"Yeah." Yu Qi nodded.

"What? Is someone messing with the water?" Song Tao wanted to know.

"No... no... it is nothing like that. Actually, I had been putting some liquid into our water. It is kind of like fertilizers too. It is already used up. I need to put them into the water." Yu Qi made a lie.

"I see." Song Tao did not probe into more detail.

"I will come back with it later." Yu Qi said.

"Okay." Song Tao nodded.

Yu Qi needed to take out the water lake from her space. That was the fertiliser that she was talking about.

#### 1377 Chapter 1377

Yu Qi needed to take out the lake water. So, she needed a place to do it. She thought about Grandpa Tang's house. The place would be okay.

So, she and Long Hui drove to Grandpa Tang's house. The light was up. It was probably Uncle Song Nan. He lived there.

The moment they got out of the car, they were relieved something was weird. There was a piece of loud music coming from the house. They went to the entrance.

The door was closed. Yu Qi knocked on the door. No one came to open it. She tried to open the door. Turned out it was unlocked.

Yu Qi opened the door and loud music blasted into her ears. She frowned. Long Hui also frowned as well.

Uncle Song Nan would not do something like this. He was a quiet type of person. It should be another person inside the house.

Yu Qi and Long Hui entered the house and saw a group of men and women inside. Some of them were dancing, and some of them were drinking and smoking. Well, they looked very young. Probably some high school students.

Yu Qi looked for the source of the loud music. Found it, she went over and closed it. The loud music disappeared and everything went silent. Those people turned and looked at Yu Qi.

"What the fuck are you doing? Turn on the music back." One of them shouted angrily.

"Wait? Who are you?" One of them did not recognize Yu Qi and asked.

The boys' eyes lifted up when they saw Yu Qi's beauty. They began to notice Long Hui. The girls looked at Long Hui with admiration.

"I should be the one asking you. What are you doing here?" Yu Qi asked.

"Are you blind? Of course, we are partying." One of the girls chuckled while answering Yu Qi's question.

"Partying? Do you know whose property this is?" Yu Qi asked again.

"Whose property? Hey, this is our friend's house." The girl said.

"Who? Let me see him." Yu Qi wanted to know who the heck dared to claim this house was his.

"Hey, Song Bin, come here." The girl called a name.

Then, some looking timid boy stepped up.

"This house is his. We got permission from him." One of the boys said.

"Song... What is your relationship with Uncle Song Nan?" Yu Qi asked Song Bin.

"He is my uncle. I live here with him." Song Bin said.

"Then you should know whose house this is." Yu Qi said.

"Yes..." Song Bin nodded.

"Then, who gives permission for you to use this house to party?" Yu Qi demanded the question.

"Erk..." While Song Bin was struggling to answer, two people appeared from one direction.

"Guys, I found a weird garden. There are a lot of weird plants. Look at this. Eh, why do you turn off the music?" The boys showed a weird-looking plant.

Yu Qi's eyes opened widely. The anger had arisen. It was a herb that Grandpa Tang took care of. How dare they do this?

She rushed to the boys who hold the herbs. The boys were shocked when someone appeared in front of them so suddenly.

"What???" The boys looked at Yu Qi.

"How dare you do this?" Yu Qi released the murderous aura.

The people began to tremble. Their legs were shaken and lost their balance and fell down.

"Brother Hui, call the police. Tell me there are people who trespass on someone's property and destroyed something inside it." Yu Qi said to Long Hui.

"Wait. Trespassing? We don't do it." One of the girls shouted.

"Don't do it? This is my Grandpa's house. He did not give the permission for you to do this damn party. On top of that, you destroyed something precious." Yu Qi said.

"We got permission for Song Bin. This is his house." The girl argued.

"His house? We entrusted this house to his uncle, Uncle Song Nan to take care of it. When does this house become his?" Yu Qi chuckled.

pAn,Da n<0,>v,e1 They looked at Song Bin.

"I already told you this is not my house. I am just staying in this house with my uncle. But you guys never listen to me." Song Bin timidly explained.

The girls and boys looked at each other. They did not expect this. Yes, they never listened to Song Bin. They just found out that Song Bin lived in such a big house.

So, they planned to use the place as a place for partying. It was the first time they came here.

"We just borrow the place. There is no need to call the police." A girl said.

"Yeah. We did not do anything else." The boys agreed.

"Can you look around you? You already ruin the place. And like I said, before, you destroyed something precious to my Grandpa." Yu Qi snorted.

"What is it?" The girl asked.

Yu Qi picked up the herb on the ground. "This? Do you know how hard my grandpa cultivate this herb until it becomes like this? This herb does not grow up here. It is so hard to grow the herb because of the condition here. You have some nerve to destroy it.' The murderous aura leaked again.

The girls and boys were silent.

"You need to learn to take responsibility for what you are doing." Yu Qi glared at them.

This time, they did not dare to argue back.

The police came and took a look at the situation. After getting a statement from everyone, the police escorted the students to the police station. Since they were under 18 years old, their parent had been called. The parent immediately came to the police station.

"What are you doing, you stupid son?" One middle-aged man shouted as soon as he arrived at the police station and saw his son.

The boy just looked down. He did not dare to look up.

-n0ve1、 com The police officer tried to calm down the parent who was very angry. Other parents arrived. The police officers explained everything to the parent.

The parents immediately apologized to Yu Qi as soon they heard the explanation. The parents did not want to make things worse. So, they decided to pay the money to Yu Qi.

Yu Qi agreed with that.

Uncle Song Nan who had work to do outside the town came back as soon as possible after getting a call from Yu Qi.

He did not believe what he just heard. He apologized to Yu Qi nonstop. His nephew came to live with him a few days ago. He never thought that something like this would happen.

Yu Qi did not make things difficult for Uncle Song Nan. She knew him for such a long time. She knew how honest Uncle Song Nan was. So, she forgave him.

Uncle Song Nan pulled Song Bin to apologize to Yu Qi. Song Bin trembled while asking for forgiveness.

Yu Qi made a suggestion to Uncle Song Nan to transfer Song Bin to another school.

"What?" Uncle Song Nan was surprised.

"Miss Tang, I am really sorry about this." Song Bin cried.

"Listen, from what I see, you are being bullied by them, right?" Yu Qi looked at Song Bin.

Song Bin did not answer, just looked at the ground. How could he admit that he had been a bully's victim?

"You should not be afraid to admit it. Admit it does not mean you are weak. Admit it meaning you are willing to face and fight it." Yu Qi said. "Those people will try to bully you even though after this because they would think it was your fault that they were brought to the police station and get reprimanded by their parents and the police officers."

"Then, what should I do?" Song Bin looked at Yu Qi.

"I am suggesting you change the school. I am not telling you to run away. But to build your strength. After you feel you can fight back, you can come back and make them taste your fist." Yu Qi smiled.

Song Bin felt like he was told by an angel. The woman in front of him was really beautiful.

"I want to do it but which school should I go to?" Song Bin sighed.

"Military school." Long Hui interfered.

Everyone looked at Long Hui.

"Can I?" Song Bin asked in yearning.

"Yes. I can recommend you under my name." Long Hui said.

"Really? I would like to go to military school. I will do my best." Song Bin clenched his fist. Then he looked at Long Hui again. "Are you a soldier, Mister?"

"Yes. I am a soldier. We will settle it tomorrow. You go and rest for tonight." Long Hui added.

It changed Song Bin's perspective on Long Hui. A soldier. A career that earned respect from Song Bin. Song Bin really likes soldiers.

"Thank you, Miss Tang, Mister" Song Bin bowed deeply before leaving.

"Miss Yu Qi, Mr. Long, thank you for helping my nephew." Uncle Song Nan also bowed to Yu Qi and Long Hui.

"We just help what we can help. The rest is up to him." Yu Qi said.

"Yes... But really.... thank you." Uncle Song Nan said.

Uncle Song Nan also left leaving Yu Qi and Long Hui.

"Are you sure Song Bin can enter the military school?" Yu Qi asked while they walked to Grandpa Tang's garden.

"Of course. However, whether he can survive or not, is up to him." Long Hui smiled.

"Okay... okay... enough about him. Right now, I need to transport out some of the lake water in my space outside. You need to guard the surrounding. Let me know if Uncle Song Nan or Song Bin comes here. If they see me disappear and reappear, I don't what know to explain." Yu Qi remembered the reason she was here.

"Okay. I will be your bodyguard." Long Hui nodded.

Yu Qi entered the space. Her little cuties were already waiting for her. Bo Ya already found the large containers that she could use to transfer the lake water out.

The three cuties helped her to fill the lake water into the containers. Five of the containers were full of lake water. Yu Qi decided to transfer out two of them first. Then she could come back in for the rest.

Long Hui did not wait for a long time. Yu Qi was only gone for 10 minutes. His beloved Qi Qi reappeared with two large containers. Before he managed to say anything, Yu Qi already cut him off.

"I will go back inside." Then, she just disappeared.

She came back with two more containers and went back. Then she came out again with one container. Seeing this, Long Hui knew she finished.

"I guess it is enough for the time being." Yu Qi looked at the container.

"Since you are finished, you can pay attention to me then." Long Hui smiled.

1379 Chapter 1379

"Yu Qi was waiting for people that Song Tao asked to come to collect the lake water. At nine a.m., the people arrived at the truck. They bowed to Yu Qi when seeing her.

"Miss Tang."

"Hmm... Come on. The fertilizers are over here." Yu Qi led the people to the garden. She gave the order. "Take them to the greenhouse and put them into the water tank. Each one is for one tank. Don't spill anything."

"Yes, Miss Tang." The people nodded.

They began to move the lake water to the truck. After loading the lake water, the people said goodbye to Yu Qi and left the house.

Song Nan and Song Bin went to the school to process transferring Song Bin out of the school. After that, Song Bin would leave the town with Yu Qi and Long Hui. So, Yu Qi and Long Hui still had time to spend in Shiwa Town.

Since that was the case, Yu Qi and Long Hui decided to visit Saisei Ryokan. They did not use the car, instead, they were walking.

They would pass the market first. It was peak time for people to come out and brought things to cook lunch for their families. So, there would be a lot of people at the market.

When Yu Qi and Long Hui passed the market, one of the people noticed Yu Qi. Yu Qi was quite famous back then for her story of leaving her adopted family to live.

"Eh, is that you, Yu Qi?" It was an old woman who sold vegetables.

The old woman used to buy wild vegetables that Yu Qi went to find at the mountain.

"Grandma Cong, long time no see." Yu Qi greeted Grandma Cong.

"Hmm... You become so beautiful." Grandma Cong looked Yu Qi up and down.

"Thank you, Grandma Cong." Yu Qi thanked Grandma Cong.

"This young man is the rumored fiance that you have?" Grandma Cong's eyes moved to Long Hui.

"Hmm... yes. His name is Long Hui." Yu Qi introduced Long Hui to Grandma Cong.

"Good. Your life is indeed blessed after leaving a horrible family." Grandma Cong nodded.

"Yu Qi, long time no see."

"Oh, it is Yu Qi."

"It has been a long time."

People at the market started to notice Yu Qi and Long Hui. They began to greet Yu Qi, asking about her life. Yu Qi did not say much, telling them that life had been good. Then, one of them started to tell Yu Qi about Wang's Family.

"I heard Shi Xen's husband is out of jail."

Shi Xen was once the adopted mother of Yu Qi. It had been so long since she heard about Wang Family's news.

"Yeah. I also saw him once. He went out to get a job but it is not ending well. People did not want him to work with them because he had a jail record."

Wang Su Ren, Wang Shi Xen's husband finally came out of jail. The time sure flew.

"Her son is also being expelled from the school for skipping and fighting all day."

Yu Qi met with Wang Yu Jin. He planned to rob her before when she was on the way to go home returning from the greenhouse. The plan failed and he ran away leaving his friend who was hurt due to getting beat up by Yu Qi. That friend now was working for Yu Qi at the greenhouse.

"Luckily she has a daughter who is working. But it is not the eldest daughter. I have not seen her for a long time."

"Yeah, I suggest. Who knows where she is after all these years?"

Wang Ha Na stopped going to school and started working to support the family. She became more mature after all the trials that happened to her family. After Wang Fu Ya, she was probably still in jail.

Yu Qi did not say a word. She just listened to the conversation. After listening for a while, she decided to leave. She pulled Long Hui from those people. They were still talking about Wang's family.

"Those people really like to gossip." Yu Qi commented.

"Hmm..." Long Hui did not say much about that.

He did not care about others as long as his beloved Qi Qi stayed by his side. They walked until they arrived at Saisei Ryokan.

It was a holiday time. So, there were a lot of cars parked in the parking area. Yu Qi was happy to see this. Yu Qi pulled Long Hui to use the back door to enter Saisei Ryokan.

When they entered the place, they collided with one of the staff who happened to be there. The staff was surprised to see someone entering the place using the back door and the staff did not know who they were. So, the staff blocked their path.

"Who are you? How do you enter this door?" The staff questioned Yu Qi and Long Hui. Their eyes suspiciously looked at Yu Qi and Long Hui.

Not everyone could access this door. There was only one key for this door. It was in Chui Mei Fung's hand, their director. Because this door was used for special guests only.

"Sister Yu Qi?" Someone from the staff called Yu Qi's name.

Yu Qi looked over and saw Ming Xuebai.

"It is you, Sister Yu Qi." Ming Xuebai confirmed Yu Qi's identity.

"Do you know them, Xuebai?" One of the staff asked Ming Xuebai.

1380 Chapter 1380

"This is Miss Tang Yu Qi, our big boss." Ming Xuebai said.

The staff looked shocked. Some of them closed their mouths with their hands. After a moment, they bowed to Yu Qi.

"We are sorry." They apologized to Yu Qi.

"It's okay. You can go and do your work." Yu Qi smiled.

"Thank you." The staff left.

"Sister Yu Qi, see you later." Ming Xuebai also bowed and left.

Yu Qi and Long Hui walked toward Chui Mei Fung's office. It seemed Chui Mei Fung had a guest. Yu Qi waited outside. There was a bench here. So, Yu Qi and Long Hui sat there waiting for people inside finished their discussion.

Even though they were outside, they still could hear the conversation inside. There was a man inside with Chui Mei Fung.

"Miss Chui, we would like to offer you the highest price for this hotel. Can you consider our offer?" The man said.

Chui Mei Fung glared at the man. "As I said before, we are not interested to sell this place. Please understand."

The man did not give up and still wanted to persuade Chui Mei Fung. "Miss Chui, you should be glad that we are offering the highest price that you can get."

"Highest or not, we are not selling. You can stop persuading me." Chui Mei Fung rolled her eyes.

Yu Qi narrowed her eyes. Someone tried to buy the place that she build? How interesting. She was smiling but her eyes were not.

Without waiting, Yu Qi opened the door. Chui Mei Fung was about to reprimand the person who came barging into her office, shutting up her mouth.

The man turned around, saw Yu Qi and frowned.

"Sister Mei Fung." Yu Qi called Chui Mei Fung.

Chui Mei Fung was about to talk but the man cut her off.

"Miss Chui, is this your sister? You should teach her how not to barge in into someone's room." The man commented.

Yu Qi looked at the man. It was a middle-aged man.

Chui Mei Fung looked at Yu Qi and the man.

"Miss Chui, you should tell your sister to go out. We are in the middle of a conversation here." The man said. His eyes were looking at Yu Qi telling her to get out.

"Conversation? The conversation is done. The decision is the same no matter how many you ask me." Chui Mei Fung said.

"Miss Chui, we..." The man could not finish his word.

Chui Mei Fung had cut him. "The owner will not agree on selling this place."

"The owner?" The man was confused.

"What? You think I am the owner?" Chui Mei Fung looked at the man with a ridiculous look.

"Then, can I meet with your boss?" The man said hoping to meet with the owner.

Chui Mei Fung looked at Yu Qi. Yu Qi smiled while nodding.

"Sure. You can." Chui Mei Fung nodded.

Chui Mei Fung stood up from the chair and welcomed Yu Qi to sit on the chair. "Miss Yu Qi."

The man looked confused.

"You can speak with her directly now if you want." Chui Mei Fung said.

"What? Is this your sister?" The man asked.

"I never say that she is my sister. You assume it yourself." Chui Mei Fung smirked.

"I hear she call you sister." The man argued.

"It is just a form of respect. Sister Mei Fung is older than me. I should respect her even though I am her boss." Yu Qi cut him.

Then, she leaned over, crossing her legs, sitting like a big boss. She lifted up her eyebrows.

"So, what do you want?" Yu Qi asked even though she heard the conversation before.

"Miss..."

"Miss Tang, if you please." Yu Qi said.

"Miss Tang, my boss would like to buy the place." The man said.

"Why?" Yu Qi asked.

"My boss can see that this place has the potential to be famous." The man stated.

"So, why do I have to sell the place to you? Do you think I am an idiot?" Yu Qi asked again.

This time, the man's expression changed. He chose the bad words.

"My director had said before. We are not selling this place to anyone. Stop asking for it." Yu Qi narrowed her eyes.

"Miss Tang, you will regret it if you don't sell this place." The man wanted to threaten Yu Qi.

"Sir, I think you should investigate who I am." Yu Qi smirked when hearing the man's threat.

The man was a little bit confused when hearing this.

Yu Qu put her hand on the table, leaning over toward the man. Her expression changed while glaring at the man with a sharp look.

"Touch what's mine and you will know the consequence. Don't tell me you are not been warned before. Tell your boss that. You knew the way out." Yu Qi gave the man a warning.

The man knew that he would not achieve anything anymore. He stood up and left. Outside, he was about to curse Yu Qi. However, he did not dare to mutter a word when he saw Long Hui's murderous look given to him. He quickly walked away.

Long Hui looked into the room. Yu Qi signalled Long Hui to enter. Long Hui entered.

"Miss Yu Qi... Thank goodness you are here." Chui Mei Fung said to Yu Qi.

"Tell me, what is it all about?" Yu Qi asked for some explanation.
