### 1391 Chapter 1391

The guards were just laughing when hearing Wong Suhe's threat.

"You dare laugh?" Wong Suhe felt her face red when getting ridiculed by low-life people like them.

"You are not our boss. Why do we have to worry about that?"

"Yeah. Our boss is Doctor Yu Qi."

"I wonder how you will persuade Doctor Yu Qi to fire us."

The guards joked among them.

"You!!!!" Wong Suhe glared at them.

The air began to tense suddenly. The guards had grim looks on their faces right now facing Wong Suhe.

Wong Suhe felt scared to see that. She stepped back.

The guards were a group of retired soldiers that Yu Qi hired to take care of the outside area of Tiantang Research Center. How could they be normal guards?

Then, the guards stood up and made a posture of saluting someone.

"You don't have to salute me." A voice appeared behind Wong Suhe.

The guards saluted someone behind her. She immediately turned out and saw another handsome man.

"Even though we are retired, you are still our leader." The guard smiled.

It was Long Hui. He came to pick up Yu Qi.

Wong Suhe watched them. 'So, he is the same as them. Just a guard. What a waste. He should join the entertainment instead.' She looked down at Long Hui. Her eyes lifted when she thought about that.

"Hey, do you have time? I want to talk about something that can change your life." Wong Suhe interfered when the guards talked with Long Hui.

Long Hui glanced once at Wong Suhe and ignored her.

"Hey, I try to offer work. It is high pay work. With your look, you can be famous." Wong Suhe looked very arrogant at this point.

The guards looked at Wong Suhe for a moment and burst into laughter. Wong Suhe could not understand why they suddenly laugh. She did not think that she said something funny at all.

"Colonel Long, I think she tells you to join the entertainment industry." A guard said.

"Yes. Your current job is low-pay work. Be an entertainer pay you more than this." Wong Suhe convinced Long Hui.

The guards held their laugh. An ignorant woman tried to persuade Long Hui to join the entertainment industry.

"Not interested." Long Hui said to Wong Suhe.

"You should think more. Working as a guard will not give you a higher salary." Wong Suhe said.

The guards looked at Wong Suhe like an idiot. This woman thought Long Hui was a guard like them.

"Why do you think his work is a guard?" A guard asked Wong Suhe.

"Huh? You say he is your leader. Meaning his work is the same as you but at a higher position." Wong Suhe stated.

Everyone laughed except for Long Hui. Wong Suhe felt confused again. Did she say something funny again?

"Miss, he is a high-ranking soldier. A senior officer with Colonel title." The guard explained to Wong Suhe.

"What? But you said he is your leader though." Wong Suhe could not believe what they told her.

"We are retired soldiers. He was indeed our leader." The guard said.

Retired soldier? Them? Why did they work as a security guard here? And this handsome man was a higher-ranking senior officer with a Colonel title. He looked so young.

Wong Suhe was a foreigner. She came from another nation. So, she did not know much about Binhai Nation.

While they were engaged in the conversation, they did not notice that Yu Qi was already out of the building. Only Long Hui noticed her. He rushed to her.

"Qi Qi." Long Hui gave a quick kiss on Yu Qi's lips.

Yu Qi smiled. "Did you wait long?"

"No. I just came." Long Hui shook his head.

"Let's go home, then." Yu Qi grabbed Long Hui's hand.

"What? What is your relationship?" Wong Suhe came over and threw the question to Yu Qi.

Yu Qi was quite surprised to see Wong Suhe here but she still answered Wong Suhe's question.

"He is my fiancée. Do you have any problem with that?" Yu Qi asked back.

"What? How can you have a fiancée like him?" Wong Suhe could not believe it.

"This has nothing to do with you." Yu Qi rolled her eyes.

"Ignore her." Long Hui already thought of Wong Suhe as a crazy woman.

"Hmm..." Yu Qi nodded.

They walked past Wong Suhe. Wong Suhe watched them walk away. She was very jealous that Yu Qi had such a handsome fiancé .

Then she remembered her aim of coming here for a second time. It was for Dian Shu Xian. She wanted to know about Dian Shu Xian. She went to the guards again.

"Tell me about Doctor Dian. I want to know about him." Wong Suhe said.

"Miss, I suggest you go home. We will not tell anything about him."

"Yeah. If you are lingering around here any longer, we can call the police on you. Do you want that?"

The guards did not want to deal with Wong Suhe again.

"What? You can't. I didn't do anything wrong." Wong Suhe said.

If she was brought to the police station, she did not know what her father would do to her.

"You are disturbing peace here. Go back home." The guard told Wong Suhe to get lost.

"First, tell me about Doctor Dian. I just want to know his full name." Wong Suhe demanded.

The guards picked up the phone and wanted to call the police. Seeing this, Wong Suhe ran away immediately.

1392 Chapter 1392

"She offered you to enter the entertainment industry?" Yu Qi burst into laughter.

Long Hui looked at her fiancée. It seemed the topic was very funny to her.

"Well, I won't deny it. Your face is very suitable to join the entertainment industry. If you want to join the entertainment industry, I will be your sugar mummy." Yu Qi was still laughing.

"Sugar mummy? What is that?" Long Hui did not understand the term.

"Sugar mummy is a term for a rich woman who sponsors a male artist for money and other things. In return, he needs to listen to the sugar mummy. It is the same for men. They are called Sugar Daddy." Yu Qi explained.

"Hmm... So, they also need to follow the order. Any order?" Long Hui asked.

"Hmm... Well, that includes sleeping together. You know what I mean." Yu Qi's eyes narrowed.

"Owh... Then, I want to become your sugar daddy, then." Long Hui's corner lips curved up.

"Humph... I want to be your sugar mummy." Yu Qi glanced at Long Hui.

"Okay... I will be an obedient sugar child." Long Hui grinned.

Both of them laughed.

"By the way, do you know that woman?" Long Hui asked.

"Hmm... She is the granddaughter of one of my patients. That's all. I don't know what she doing in front of the research centre." Yu Qi lifted her shoulder signaling she did not know about that. She changed the topic "By the way, I found an interesting poison."

"What kind?" Long Hui asked. He was interested in the poison.

"A poison which weakened the immune system. It also could not be detected normally." Yu Qi's eyes were sparkling when she told Long Hui about the poison.

"It is indeed a strange poison." Long Hui nodded.

"I used my special eyes to see inside the body. I don't think a normal human can create something like that." Yu Qi said.

"You meant?" Long Hui looked at Yu Qi in surprise.

"Yeah... I think the poison comes from the cultivation world." Yu Qi suspected.

"But how? Great Grandpa Dian said that not many people have the teleportation device to travel from their cultivation world to the outside world." Long Hui gave his opinion.

"I guess it is true but it is not impossible. Someone has the teleportation device and used it to come here and sell the poison." Yu Qi stated.

"Hmm... I guess we need to ask Great-Grandpa Dian about this. If the cultivator freely comes out and does something like this, he needs to be caught and punished." Long Hui narrowed his eyes.

"Hmm... I guess you are right." Yu Qi nodded.

....

Wong Suhe returned home without getting any information about Dian Shu Xian. Tomorrow she would return home. She would not leave like this. Her parents came back from the hospital.

"Why don't you sleep?" Cui Ying asked when seeing her daughter still awake even though it was already late.

"I am waiting for you guys. How's grandpa?" Wong Suhe asked.

"He is doing fine." Cui Ying said.

"I will go to the room first." Wong Nanyi walked away to the room. He was tired and needed to rest.

Cui Ying nodded. Her daughter seemed to have something to say since her daughter was holding her hand, and did not want to let her go.

"What do you want to talk about?" Cui Ying asked.

"You know me very well, mum." Wong Suhe grinned. "Come, let's go to my room."

"Sure. Sure..." Cui Ying could not refuse her daughter. So, she followed her daughter to her daughter's room.

They sat on the bed.

"So, what is the matter?" Cui Ying asked.

"Hmm... I think I like someone." Wong Suhe said with a blush on her cheek.

Cui Ying also became excited. "What? So, who is the lucky one?"

"Well, I don't know his name." Wong Suhe said.

"What? Don't know his name? You don't just fall in love with him because of his face, right?" Cui Ying asked.

Cui Ying was a rational person. She was married to Wong Nanyi not because she fell in love with her husband's face but with his money.

She knew that Wong Nanyi lost his wife. So, she began her operation making Wong Nanyi notice her. And she did it. So, when she heard her daughter's words, she thought her daughter saw the man and fell in love with him.

"Dear, listen to me. Just having a handsome face, will not ensure your happiness." Cui Ying advised her daughter.

"I know that, mum. I don't know his name but I know his work." Wong Suhe said.

"Huh? I don't understand." Cui Ying could not get what Wong Suhe tried to say.

"I saw him when he came out of the research centre nearby the hospital. The guards over here called him, Doctor Dian. He must be a doctor over there." Wong Suhe explained.

"I see." Cui Ying slowly got it.

"When I went to ask the guards about him, they did not want to tell me about him. Mum, can you help me find the information about Doctor Dian? I am going to return home tomorrow." Wong Suhe pouted.

"Sure... Sure... I will help my daughter. You don't need to worry. Just return home and go to your classes. I will handle it here. After I get the information, I will give it to you." Cui Ying patted her daughter's head.

"Okay. Mum... Thank you. You are the best." Wong Suhe hugged her mother.

### 1393 Chapter 1393

Feng Yue came to visit Yu Qi by surprise. Seriously Yu Qi did not expect that she would come to visit her.

"I am on vacation. So, I thought to come and visit you." Feng Yue said.

Yu Qi just finished her experiment and happened to look at her phone when Feng Yue messaged her. Otherwise, Feng Yue would need to wait until she looked at her phone.

Yu Qi rushed out of the research center when she got the call from her friend. Feng Yue was talking to the guards. When she saw Yu Qi, she waved at Yu Qi.

"Hey, Yu Qi. Long time no see." Feng Yue hugged Yu Qi.

"You should tell me about coming to visit." Yu Qi hit Feng Yue's shoulder.

"Well, I like to make a surprise." Feng Yue smiled.

"You can meet with Brother Hui too if you tell us." Yu Qi said.

"I am coming today because I know that Brother Hui will not be here." Feng Yue grinned.

"What?" Yu Qi was confused.

"I already asked Brother Qian Yi about Brother Hui's schedule. He is away on a mission right now. It is a perfect time for me to come and visit you." Feng Yue proudly said it.

"Why are you going through such a plan?" Yu Qi asked.

"If I come here and he is here too, I can't catch up on anything with you. He would not even let me sleep with you." Feng Yue rolled her eyes.

Yu Qi was a little bit speechless. The guards who also listened to the women's conversation were speechless too. They thought it was normal for Long Hui to sleep with his beloved fiancée.

"Miss Feng Yue, it is normal for a man to want to sleep with his fiancée especially when he is a soldier." The guard interfered.

"So, it should be normal for me to come when he is not around." Feng Yue replied.

When Feng Yue put it that way, it made sense.

"By the way, good work everyone." Feng Yue said.

"Do you know them?" Yu Qi asked.

"Hmm... You know, I followed my grandfather to the military base. We met there." Feng Yue explained.

"Oh... I forgot about that." Yu Qi remembered that now.

"Miss Feng Yue used to be punished running for being naughty." The guard chuckled.

"Oh! Don't even talk about that." Feng Yue felt embarrassed.

She indeed had been punished by Grandpa Long because she was so naughty when Grandpa Long brought her to visit the military base.

"Forget about that. Yu Qi, give a tour. This is my first time coming to Tiantang Research Center. I want to see the inside." Feng Yue shook Yu Qi's head.

"Sure... Sure... Since you are here, let's go in." Yu Qi nodded.

Both of them went to the scanning. Feng Yue was curious about that. Yu Qi told Feng Yue to stand in front of the scanner for a few minutes.

"New visitor. Need permission to enter." Neko-chan's voice appeared.

"Proceed to give the permission." Yu Qi said.

"Okay... The permission is granted. Feng Yue can enter for 24 hours." Neko-chan said.

"Wow, that technology is sick. I kinda want this system. Who is the developer?" Feng Yue was impressed with the technology.

"I will tell you later. Let's go in first." Yu Qi said.

Both women entered the research center. Like others, Feng Yue felt that she was entering another world. it was so different.

"I know what, I went to another research center but they are nothing like yours. How do you do this?" Feng Yue looked around.

There were some people walking in the corridor. When they saw Yu Qi, they bowed and greeted Yu Qi respectfully.

"Wow, Doctor Yu Qi, you are so amazing." Feng Yue did not stop complimenting Yu Qi.

"It is nothing." Yu Qi smiled.

Then Feng Yue was surprised to see someone laying down. "What? What happened to him? Is he okay?"

Yu Qi did not panic and slowly approached the man. It was Yi Qihan again. Yi Qihan really had some weird habits. He would fall asleep everywhere he could.

"Qihan... Qihan..." Yu Qi called his name.

The latter slowly opened his eyes.

"Oh, it is you, Yu Qi." Yi Qihan yawned.

"If you are tired, go and sleep in your room." Yu Qi said.

"I was planning to but I can't stand anymore and fell asleep here." Yi Qihan scratched his head.

Yu Qi sighed. The researchers had their own restroom that they could use to take a rest or nap without going home. It was more convenient like that. Even Yu Qi tended to use the room too.

"You sleep around again?" Teng Li appeared, saw the situation, and guessed the right one.

"I finally succeed in my experiment. So, I want to go to take a nap." Yi Qihan said.

"Then you ended up sleeping here, instead." Teng Li finished Yi Qihan's words.

"Yeah... yeah... That's it." Yi Qihan nodded.

"Just go to your room now. No... Let me bring you there." Teng Li said. He saw Feng Yue and greeted her. "It seems you have a guest here. Don't worry about him. I will take him to his room."

"Like mother and son." Feng Yue commented.

Yu Qi laughed. "Indeed, Teng Li seemed to be a mother to him."

"You seem to be the boss of weird people." Feng Yue commented.

"Maybe because I am weird too..." Yu Qi replied.

The tour continued.

1394 Chapter 1394

Finally, Yu Qi brought Feng Yue to her room. Feng Yue was shocked when she entered the room.

"Am I dreaming?" Feng Yue asked.

Feng Yue thought she was stepping into a big old library. The books were too many. It looked very vintage. Feng Yue could not believe her eyes.

"Oh, this... Neko-chan, can you please change my wallpaper?" Yu Qi said to someone or Feng Yue thought.

But a white cat appeared behind the bookshelf. The white cat opened its mouth. Feng Yue thought it would be making a meow sound but instead, the cat began to talk.

"Sorry master. I will change it to a normal one." Neko-chan said.

The next second the library disappeared. Feng Yue almost dropped her jaw. She did not know whether the talking cat shocked her most or if it was because the library suddenly disappeared.

"Can you explain to me?" Feng Yue looked at Yu Qi.

"Yue, meet Neko-chan, my first AI. Neko-chan, this is my best friend, Feng Yue. I showed her picture to you before.." Yu Qi introduced both of them.

Neko-chan was not surprised at all. She knew Feng Yue. Her master used to message Feng Yue a lot.

"Hello, I am the cutest AI, Neko-chan. Nice to meet you, Master's best friend, Feng Yue." Neko-chan greeted Feng Yue.

Feng Yue could not believe his eyes. AI? She looked at Yu Qi.

"AI? You mean that AI?" Feng Yue followed the technology. So, she knew a little bit about the technology.

"Yeah. I just created it." Yu Qi nodded.

"Wow, girl, you are fantastic." Feng Yue looked at Yu Qi. Then she turned to Neko-chan. "Neko-chan, nice to meet you, dear. Hope we can be best friends too."

"Of course, I would like to. Master, I add Feng Yue to my contact list?" Even though Neko-chan was an AI, she still felt that she needed Yu Qi's permission to do something like this.

"Sure, I don't mind." Yu Qi said.

Both Feng Yue and Neko-chan exchanged their contact information.

"By the way, what was that? A library." Feng Yue still did not get the answer to that.

"That wall is a big screen. It is practically Neko-chan's room. It is her doing. You can ask her about it. I am going to take a shower first." Yu Qi said to them.

So, while Yu Qi was taking the shower, Feng Yue and Neko-chan were talking to each other.

"Why do you turn your room into the library?" Feng Yue asked Neko-chan.

"Oh, I want to get the feel of reading a book at the library," Neko-chan said.

"I see." Feng Yue nodded.

"I was reading a fairy tale book earlier. It is quite interesting, to be honest." Neko-chan expressed her opinion.

"Fairy tale? I thought you read some kind of ancient text. But the fairy tale is fun too. Which story did you read?" Feng Yue said.

"A lot. I learn a lot from the stories." Neko-chan nodded.

"I see. Why don't we compare what we learned from reading fairy tale stories? I will tell mine first and then you, okay?" Feng Yue was kinda interested to know what an AI like Neko-chan thought about that fairy tale.

"Sure." Neko-chan nodded. She felt it was a great lesson too to listen to someone's opinion about the fairy tale stories that she had been reading for the past few days.

"First, Cinderella, the story is very good. The lesson that we can learn from this story is that we should not treat others badly." Feng Yue said.

"Cinderella... Well, love at the first sight is bullshit. The prince needs to find his bride using the shoe. Why can't he search her by looking at her face? So, love at the first sight is bullshit." Neko-chan said her peace of mind.

Feng Yue was quite speechless.

"Can we continue? Hmm... How about Little Mermaid?" Neko-chan was quite eager to express her opinion.

"When you are in love, you need to love that person faithfully even though you know you will disappear." Feng Yue said.

"Wrong. The lesson that we can take from the story is that karma will bite you hard if you try to covet someone's fiancée." Neko-chan stated.

Once again, Feng Yue lost her word.

Then Neko-chan voiced another fairy tale. "What about The Ugly Ducking?"

"Don't discriminate against ugly people." Feng Yue said.

"You will get nothing raising someone's child, so, just take care of your child." Neko-chan's answer completely shut Feng Yue down.

Yu Qi just came out of the shower and looked at them.

"What are you talking about?" Yu Qi asked.

"We talked about the lesson that we can get from reading the fairy tale," Neko-chan said.

"You can't believe what she said about the fairy tale." Feng Yue began to tell Yu Qi about that.

Yu Qi calmly listened to Feng Yue. After listening to that, Yu Qi nodded.

"It is quite refreshing, don't you think? I don't think she's wrong." Yu Qi said to Feng Yue.

"Wow, you are indeed the same." Feng Yue laughed.

"Why do you read fairy tale stories, though?" Yu Qi asked Neko-chan.

"I just want to rest my mind. I had been watching too many complicated K-dramas recently." Neko-chan said.

"Complicated k-drama? Do you watch k-drama too? What kind of k-dramas do you watch?" Feng Yue was interested to know that.

"Political k-dramas," Neko-chan said.

Feng Yue burst out laughing

1395 Chapter 1395

Feng Yue stayed at Tang Residence. At first, she just wanted to greet the elders and would be going to stay at the hotel. But Ming Yue and Su Xiao told her to just stay over at their place. It was quite dangerous for a woman like Feng Yue to stay at the hotel alone.

Yu Qi went to go to Old Man Wong for his treatment. So, she left Feng Yue with Shino and Aoi. Feng Yue did not mind being left behind. She could spend time with Shino and Aoi. She also wanted to play with the twins.

Yu Qi entered the ward and saw Wong Mubai, Wong Nanyi's son.

"Good morning, Doctor Yu Qi. My father will not be here for two days because of work. I will replace him for now." Wong Mubai explained.

Yu Qi nodded. She did not care whether anyone was there or not. She would do her work. As usual, Old Man Wong vomited blood. The nurse who helped Yu Qi was not surprised anymore. However, it was Wong Mubai's first time witnessing this.

"Is my grandpa okay?" Wong Mubai asked.

"Mr. Wong, you don't need to worry about this. It is normal. The blood that Elder Wong vomits is a part of the poison inside his body." The nurse explained.

Yu Qi proceeded to do the acupuncture. Wong Mubai asked again. The nurse explained again to Wong Mubai.

After the treatment, Yu Qi asked the nurse to clean Old Man Wong and change his clothes. The nurse nodded and Yu Qi left the room. Before Yu Qi left, Wong Mubai thanked her for her hard work.

Yu Qi did not have any work left at the hospital. So, she decided to return home. Feng Yue was there. She saw Feng Yue playing with the twin.

Tang Bo Lin saw Yu Qi. He still could not walk. So, he just could crawl over to Yu Qi. He reached out his hand for Yu Qi telling her to pick him up. Yu Qi smiled and picked him up.

"Are you having fun?" Yu Qi asked Tang Bo Lin then proceed to kiss him.

Tang Bo Lin immediately smiled when he received a kiss from Yu Qi.

"This kid is smiling. When he is with me, he doesn't smile at all." Feng Yue showed envy.

"Bo Lin also shows favorites to Yu Qi." Su Xiao watched Yu Qi and Tang Bo Lin.

They played with the twins before going out. Feng Yue wanted to go to antique street again. Yu Qi had eyes for the antique. She would get the real antique.

"Why do you want to buy an antique?" Yu Qi asked.

"It is for my grandpa's birthday. It's next week." Feng Yue said.

"Owh, I see." Yu Qi nodded.

"I will hand out the invitation to your family later." Feng Yue said.

They arrived at the antique street. It was the same as they came last time. Since it was Antique Street, there was a lot of shops that sold antique. People just needed to smartly choose the antiques and not let the shopkeeper scam them.

"Do you remember the last shop where we bought the antique last time?" Feng Yue asked.

Yu Qi looked around trying to remember the shop. Then she saw the store.

"That's the one." Yu Qi pointed to one of the shops.

"Eh, it is weird. Why does the shop seem to be closed? It is just the past afternoon." Feng Yue reached out the door but it could not be open.

"That shop has been closed for about one week. You can't buy from there." An old man from the next shop came out from his shop and told the girls about the shop.

"Why?" Feng Yue asked.

"Old Man Cui fell sick. But from what I heard, someone sold an unclean antique. That antique makes Old Man Cui feel sick." The man opened the story.

"Really?" Feng Yue was interested in the story.

"Yeah. Well, it is a normal thing for our shop. Sometimes, the tomb raider came here and sold the unclean antiques. We call the master to handle things like this. But in Old Man Cui's case, it was strong enough to affect humans." The man said.

"I see... Hmm... Well, then, can I come into your shop?" Feng Yue said.

"Of course, come in. We have a lot of antiques around. Look around, you might find something that you like." The man welcomed the girls and gestured for the girls to come inside his store.

The girls looked around to see the antiques. Nothing looked interesting in Feng Yue's eyes. Feng Yue shook her head.

"Let's go to another shop." Feng Yue pulled Yu Qi's hand.

"Sure." Yu Qi followed Feng Yue.

The man did not stop the girls. If the customers did not like what was inside his shop, he did not have the right to stop the customers from leaving.

"Have a nice day, young ladies." The man said goodbye to the girls.

When they came out of the shop, they saw people in front of the shop that they wanted to go in first. There were people wearing taoist priest outfits and carrying swords.

Yu Qi saw an old man and remembered who he was. It was Old Man Cui. Old Man Cui must have called someone to take care of the unclean antique.

"This is my shop, Master Taoist." Old Man Cui said to the taoist priest.

1396 Chapter 1396

The Taoist Master looked around the shop.

"Even without entering your shop, I already feel the evil aura." The Taoist Master said.

"Please help me, Master Taoist." Old Man Cui begged the Taoist Master.

"You don't need to worry anymore. I can help you. Let's go inside." The Taoist Master ensured Old Man Cui. Then, he turned to his friends and said something. "Don't let others in."

"Yes, Master Lee." People who wore the same outfits as the Taoist Master nodded.

Before Taoist Master entered the shop, he saw Yu Qi and looked very surprised. However, he composed himself and entered the shop.

Yu Qi noticed the look given by the taoist master. She was confused about this. She was confident that she never saw the man.

"If we can go and watch, it will be great." Feng Yue mumbled.

"You hear that old man earlier. You can't enter. Let's go. You still need to find a present for your grandpa." Yu Qi said.

However, Yu Qi did not know that the taoist master got out later and asked someone to follow Yu Qi and Feng Yue. Yu Qi noticed that someone wearing a taoist outfit walking around too. She did not pay much attention to the latter since she thought he would just walk around seeing the area.

The girls entered the shop one by one. But Feng Yue still did not find something suitable for Grandpa Feng. When she entered a shop, her eyes caught something. It was a vase. Blue sky-colored vase.

"Yu Qi, look at this." Feng Yue pointed it to Yu Qi.

"Hmm... It is beautiful." Yu Qi nodded. She agreed with Feng Yue.

"Ladies, your eyes are very good. This vase has existed for 1200 years old. It was from Shang Dynasty. It was owned by a noble family during that period of time. It had been changed owner since then. Until the owner decided to sell it to us." The shopkeeper came and explained the origin of the vase.

"How much is this?" Feng Yue asked.

"One million." The shopkeeper told her the price.

"Three thousand." Feng Yue smiled showing her three fingers.

"Miss, how can I lower the price like this?" The shopkeeper sighed.

"Three thousand. That is the maximum price that I can go." Feng Yue tried to bargain.

"Miss..." The shopkeeper tried to reason with Feng Yue.

"You must be glad that it catches my eye. Otherwise, it will stay here longer than you thought. If you accept the price now, I will buy it. If not, I will leave." Feng Yue hugged herself while smiling.

The storekeeper's mouth was twitching. He needed to think smart.

"It seems you can't make the decision, I will leave then." Feng Yue pulled Yu Qi's hand and turned around.

"Okay... Okay... I will sell it to you for three thousand. But you need to buy it in cash." The storekeeper stopped Feng Yue and Yu Qi.

"Sure. I will go and cash out the money." Feng Yue said.

Yu Qi stopped her. "I will cash out the money. You wait here."

"But it is your money then." Feng Yue pouted.

"You can transfer the money to me later." Yu Qi smiled.

"Okay... Okay..." Feng Yue nodded.

There was an ATM not far from the antique street. It was a little bit dangerous for a woman like Feng Yue to go and cash out the money alone. It was okay for Yu Qi since she could detect people around. Before they could make a move on her, she would attack them first.

Yu Qi walked to the ATM. Then she noticed the taoist person again. Even though he tried so hard to distance himself from Yu Qi but Yu Qi knew that this man was following her. She did not know the reason. She would not attack him if he did not attack her.

After cashing out the money, Yu Qi put the money into the bag. It seemed someone who had a bad intentions was here now.

"Miss, you have a lot of money to spare. Can you spare some for us?" A man approached Yu Qi with a smile on his lips.

His brothers slowly surrounded Yu Qi. They were also smiling.

"Please... You don't have to get hurt." The man added.

"I wonder who will be the one that gets hurt?" Yu Qi tilted her head.

The man tried to grab Yu Qi's hand. However, before he managed to grab Yu Qi's hand, Yu Qi already knocked him out.

"Who wants to be like him, come forward. I don't have time to waste here." Yu Qi narrowed her eyes.

They watched how the first man had been knocked out by this woman. She just used her leg to kick the man's head and it was instant K.O.

Then someone from the group pointed his finger at Yu Qi in fear. He then shouted, "Wait... It is you. Why are you here again?"

Yu Qi did not understand what this man meant by that.

"What are you talking about?" His friend asked.

"Remember, last time others ended up in jail for six fucking months because of her. Before that, they were also being beaten up. They were still feeling pain from the incident." He said.

Everyone looked at Yu Qi. Yu Qi remembered there was a group of men who wanted to snatch the things that they bought.

1397 Chapter 1397

"Oh... That..." Yu Qi nodded. She looked at the men while cracking her neck. "Do you want to feel the same pain as them?"

"No... Please, your grace, we will not disturb you anymore." The man cried out loud.

The commotion attracted people around. They looked over and saw a group of men kneeling in front of a woman begging for forgiveness.

"Is that Duang Yewen right? Why does he beg the girl so much? He looks scared of the girl too."

"Yeah. That man is a gangster. It is a bit weird to see him like this."

People started to talk. Yu Qi thought it was better to leave as soon as possible. Feng Yue also waited for her too.

"Stop doing something like this." Yu Qi then left the place.

As expected the taoist man started walking too, following her. She acted like she did not notice it. She arrived at the shop where Feng Yue was.

"Yu Qi, why are you so late? Did you encounter something?" Feng Yue asked.

"Nope. Everything is fine." Yu Qi shook her head. She put her bag on the table. "Here is your money."

Feng Yue took the bag and took out the money.

"Here is the money." Feng Yue said to the shopkeeper.

The shopkeeper took the money from Feng Yue's hand. "Can I calculate first?" He asked.

"Sure. Take your time." Feng Yue did not mind at all.

Sometimes some people got offended when the shopkeeper asked to calculate the money. It was their right to calculate it. Who knew if the money was not enough?

If that happened and the customer already left, the worker would need to take responsibility to cover the loss. It was normal for the company to ask that.

Since the shopkeeper needed some time to calculate the money, Yu Qi and Feng Yue walked around the shop. There were a lot of things around the shop that gave the ancient vibe.

"You don't want to buy something?" Feng Yue asked.

"No." Yu Qi shook her head.

"Don't answer so quickly. Let's look at other shops later. Who knows if you will like something?" Feng Yue looked at Yu Qi.

"You still want to walk again? Didn't you already buy the gift?" Yu Qi raised her eyebrows.

"Since we are here, let's spend some time here, okay?" Feng Yue grabbed Yu Qi's hands and waved them.

"Sure... sure... There are a few shops ahead before we arrive at the verification store. Now, let go of my hands." Yu Qi pulled her hands.

The shopkeeper called and told them the money was enough. Feng Yue was happy with her purchase here.

The next shops did not have things that could attract the girls' attention. They arrived at the verification store. This store had experts to take a look at the antiques. They would tell people whether the antique was real or fake.

People in the store welcomed Feng Yue. Feng Yue immediately took out the vase that she brought earlier. After paying a certain fee, the vase went through the process. The expert would look at the vase.

While the process went through, Yu Qi and Feng Yue had been served some cold water.

"You came to our place before, right?" The man asked.

"Yeah, we did come here before." Feng Yue nodded.

Yu Qi just nodded. The man talked about antiques. After one hour, the process was completed. They would tell the result.

Turned out that the vase was indeed from Shang Dynasty. It was worth about 600 thousand. It was lucky for her to bargain the price. Otherwise, she would lose a lot of money.

There was nothing to do here anymore. They decided to leave the place. Old Man Cai's shop still had people in front of it. They were also interested to see what was around.

Feng Yue also stopped. She tried to look inside but to not avail.

"Do you think the ghosts are true?" Feng Yue asked.

"Hmm... I think so." Yu Qi nodded.

There was a cultivation world. How could the ghost not exist? That was what Yu Qi thought.

They heard some loud sounds coming from the shop but no one could enter the shop and walk into the shop because the entrance was guarded by the taoist men.

Speaking about the taoist, the taoist man who followed Yu Qi earlier already went to his friends. Yu Qi still did not know the motive they had for doing so.

Suddenly there was a burst of wind coming out of Old Man Cui's shop. Yu Qi narrowed her eyes. Everyone did not seem to notice the dark shadow rushing out. Yu Qi narrowed his eyes.

The taoist Master came out of the shop together with Old Man Cui. The expression on Old Man Cui's face could tell the result. The taoist master cleaned Old Man Cui's shop. Everyone was talking about this.

"I think we need to get a contact number. It is easy to contact him if a similar thing happens to my shop."

"Don't jinx us."

"How much do you think Old Man Cui would pay for his service?"

"Who knows? Probably 50?"

"Hey, that is so little. You are so stingy."

"Let's ask Old Man Cui later about this."

'Yeah. It is for our good."

The taoist Master talked to Old Man Cui for a moment. Then he turned at his men and called someone.

"Let's go." Yu Qi said to Feng Yue.

"Yeah." Feng Yue nodded.

However, when they were about to leave, they were stopped by the taoist men. Yu Qi frowned. The Taoist Master looked at Yu Qi again. This time, his expression was different, not surprised, but more to observe.

"Is something the matter?" Feng Yue asked.

"Well... It is my first time seeing someone so shining." The Taoist Master said.

People around looked at the taoist master in surprise. They thought the taoist master praised the women's appearance. Both women were indeed outstanding.

However, they were misunderstood. The Taoist Master said something like that because he was telling about Yu Qi's soul.

"Thank you but we want to leave. Can you please step aside?" Feng Yue smiled.

"Can I know why your soul is so shining?" The taoist master asked. Right now, his eyes focused straight on Yu Qi.

"Soul? My soul?" Yu Qi tilted her head.

She did not understand the question. Was her soul shining?

"Yes, your soul shines very brightly. Not many people have it." The taoist master nodded.

"Does that mean in a good way?" Yu Qi asked.

"Of course. Do you want to join me? You can be successful in my field." The Taoists recruited Yu Qi.

Because of Yu Qi's shining soul, the taoist master looked very surprised when he first saw Yu Qi. If Yu Qi was being trained properly, she would be successful.

"I am sorry. I am not interested." Yu Qi refused the offer right away. There was no way that she would leave her current life to join Taoism.

"You can think first." The Taoist Master persuaded.

"No need for that." Yu Qi shook her head.

"May I know what is your current job?" The taoist master wanted to know.

This industry could earn a good amount of money. He wanted to use the reason to pull Yu Qi into it.

"I am a doctor and researcher." Yu Qi told him.

The Taoist Master was quite surprised to hear about Yu Qi's job. It might be difficult to persuade Yu Qi. Her job earned a lot of money.

The taoist master pulled out the card and gave it to Yu Qi.

"Here is my card. You can call me if you need my help." The taoist master said.

Yu Qi took the card. There was no need to reject the kind offer.

"Sure. Thank you. Can we go now?" Yu Qi asked.

"Sure. Sure." The Taoist master stepped aside and gestured his hand.

Yu Qi and Feng Yue walked away.

"Master, why do you want to recruit her?" His men asked.

"As I said earlier, her soul shines so brightly. Meaning her soul is very strong. If she comes and joins us, I can bet she would be on the top. What a pity." The taoist Master sighed.

Feng Yue was laughing. She did not expect Yu Qi would be recruited by the taoist master. The taoist master even used the money trick.

"Taoist master, Tang Yu Qi." Feng Yue was still laughing.

"You seem very happy." Yu Qi glanced at Feng Yue.

Feng Yue immediately stopped laughing. That was because Yu Qi sounded like her cousin, Long Hui.

"I am not laughing anymore. But seriously Yu Qi, you are really famous." Feng Yue showed her thumb up.

Yu Qi rolled her eyes.

.....

The next morning, Yu Qi left the house for work. Feng Yue also left the house. She told Yu Qi that she had an appointment. Yu Qi did not ask much about that.

Feng Yue also told Yu Qi that she would return home after the appointment. Yu Qi nodded in understanding.

"I will send you an invitation later. Make sure to tell Grandpa Tang as well. My grandpa would be happy if his best friend comes to his birthday party." Feng Yue reminded Yu Qi.

"Okay." Yu Qi nodded.

Feng Yue managed to take time to kiss the twin before leaving. She did not tell Yu Qi that she would have an appointment with Su Yu Hi.

Actually, she came to FINN City because of this appointment. She was working on a new project. It needed an investor. She knew about YQ Investment Company. And she would like to ask the company to invest in her new project.

She knew YQ Investment Company belonged to Yu Qi. It had been handled by Su Yu Hi. She knew if she brought out the topic to Yu Qi, Yu Qi would definitely help her.

However, she did not like that. Business is business. If she wanted to do business with Yu Qi, she would make sure that she went through the proper channel.

Today, she would present the proposal to Su Yu Hi. She was sure that Su Yu Qi and YQ Investment Company would be interested to invest in this new project.

She knew that Yu Qi would know about this eventually. But if only Su Yu Hi told Yu Qi about that. If Su Yu Hi told Yu Qi about that, meaning Su Yu Hi must be interested in investing in the project.

Feng Yue went to the appointed place. It was at YQ Investment Company's office. The receptionist greeted Feng Yue with a smile. After confirmation, Feng Yue was allowed to enter and was brought into a meeting room.

She was told to wait for a few moments. The receptionist told her that Su Yu Hi would be here soon.

1399 Chapter 1399

Someone opened the meeting room's door. Feng Yue looked over and saw Su Yu Hi accompanied by his secretary.

"Miss Feng." Su Yu Hi formally greeted Feng Yue.

Feng Yue stood up and shook hands with Su Yu Hi. They knew each other.

"Then, let's start our meeting, shall we?" Su Yu Hi smiled.

"Yes." Feng Yue nodded.

Feng Yue began to present the new project to Su Yu Hi. She tried harder to convince Su Yu Hi about the new project. After two hours, the meeting was over. Of course, Feng Yue did not get a direct answer on whether YQ Investment Company would invest in her new project or not.

"We will give the answer within one week." Su Yu Hi said.

"Sure." Feng Yue nodded. "By the way, I hope you tell your boss that this is a new project from Feng Cooperation. Not from me."

Su Yu Hi was surprised to hear that. "Why? Isn't it better to just tell her about that?"

"I hope she thinks about this project without considering the friendship." Feng Yue smiled.

"I see. I understand. I will follow your wish." Su Yu Hi nodded.

....

It was almost for one and a half months that Yu Qi had been treating Old Man Wong. He looked better than the first time Yu Qi met him. Usually, Old Man Wong would faint after vomiting the blood but now, he was conscious during the treatment.

The happiest person was Wong Nanyi. Seeing his father getting better, Wong Nanyi became more grateful to Yu Qi. He was glad that he trusted Yu Qi from the beginning. When he told the relatives that he was going to find Yu Qi, those relatives said something bad about Yu Qi like she was too young, her achievements were a lie, and many more.

But now, Yu Qi proved them wrong. She was indeed capable, more than those doctors who claimed they were the bests.

"Your father can move around. You can bring him to the park. Let him breathe fresh air." Yu Qi told Wong Nanyi.

"Thank you, Doctor Yu Qi." Old Man Wong said.

He indeed felt bored staying in the room all the time. But he could not move in the past. Now he felt stronger than before, he wanted to go out.

"Sure, I will walk my father to the park." Wong Nanyi smiled.

"You brat, don't talk like I am a dog." Old Man Wong said while his hand moved around to hit his son.

"Father, don't move too much." Wong Nanyi did not avoid the hit. He just let his father hit him.

Yu Qi smiled watching them. She quietly left the room. Outside the room, there were Cui Ying and Wong Suhe. It was a while since Yu Qi met Wong Suhe after being forced to return home. She was probably coming to visit her grandfather.

Yu Qi did not say anything and just walked away. However, she was stopped by Wong Suhe.

"Wait, I want to talk about something with you." Wong Suhe said.

"Yes, what is it?" Yu Qi glanced at Wong Suhe.

"Can we change the place? I don't want to talk about this here." Wong Suhe said.

"Sure, let's talk in my office." Yu Qi thought Wong Suhe wanted to talk about her grandfather.

"Mom, I will go first." Wong Suhe winked at her mother.

Cui Ying nodded while smiling.

They arrived at Yu Qi's room.

After sitting, Yu Qi immediately asked what Wong Suhe wanted to talk about.

"I want to talk about Doctor Dian." Wong Suhe said.

Yu Qi looked at Wong Suhe in confusion. "Doctor Dian?"

"Yeah, Doctor Dian, Dian Shu Xian, he works at the research center under you, right?" Wong Suhe smiled.

"Yes, he is indeed working over there. But I can't see in which way that is related to you." Yu Qi looked at Wong Suhe.

"I like him." Wong Suhe voiced it with confidence.

"Huh?" Yu Qi could not believe her ears.

"I like him. I want to marry him." Wong Suhe stated.

"So, why do you want to talk about this to me? You should go and tell him by yourself." Yu Qi leaned over to the chair.

"You are his family member. You can help me." Wong Suhe demanded.

"I am sorry to disappoint you but I will not help you." Yu Qi said.

"Why?" Wong Suhe stood up.

"I have no reason to help you." Yu Qi sighed.

This talk was wasting her time. She should be going to the research center.

"I will get married to your brother and you will get a beautiful sister-in-law." Wong Suhe patted her chest proudly.

Yu Qi never met a person so narcissistic as Wong Suhe.

"Then, you can go and talk to him by yourself." Yu Qi stood up and took off her white coat.

"But..." Wong Suhe wanted to talk more.

However, Yu Qi did not want to hear anymore. "Miss Wong, I have another work to do. Can you please leave my room?"

"Hey, you can't drive me away like this." Wong Suhe did not want to leave.

"I can." Yu Qi said.

"You must want to go to the research center right? Let me follow you. Allow me to enter the research center. Then I will not disturb you anymore." Wong Suhe was eager to meet Dian Shu Xian.

Dian Shu Xian did not go anywhere. Home and research center. He did not go anywhere else. Making it difficult for Cui Ying to know about Dian Shu Xian.

1400 Chapter 1400

Yu Qi stopped and turned around to look at Wong Suhe. She had narrowed her eyes, making her face look cold.

"Who do you think you are? Why should I listen to your nonsense? Please don't step beyond your boundary." Yu Qi advised.

Wong Suhe was stunned when seeing Yu Qi's face. It was so scary.

"Why are you still here?" Yu Qi asked when seeing Wong Suhe was still inside her room.

Wong Suhe finally got the courage to move. She rushed out, running away from Yu Qi as if she encountered a ghost. Yu Qi saw this scene and sighed.

Yu Qi needed to crush her dream because she knew Dian Shu Xian would not marry an outsider. They were a family of cultivators. Marrying an outsider means they might need to tell the outsider about their family.

If the outsider could accept them and keep that a secret, they would be glad. But not many wanted to take that option, it was too risky. Moreover, Dian Shu Xian seemed to be interested in Jiang Hani, a cultivator from the Great Four Families.

Wong Suhe ran to her mother at her grandfather's ward. Cui Ying noticed her daughter. She wanted to ask about the good news but clearing her throat when seeing her daughter seemed to want to cry.

Cui Ying pulled her daughter to a corner, avoiding others. She wanted to ask Wong Suhe why she wanted to cry.

"Mom..." Wong Suhe cried softly.

"What's wrong with you? Why are you crying? Who makes you cry?" Cui Ying kept asking questions.

"That doctor... She did not allow me to get closer to Doctor Dian. Mom, I want to be with Doctor Dian." Wong Suhe complained to her mother.

Cui Ying sighed. She felt that her daughter was a little stupid.

"Why do you listen to her words? You can just go directly to Doctor Dian." Cui Ying said.

"But, mom, didn't you say that Doctor Dian normally stayed at the research center until late at night? How can I go and meet him directly?" Wong Suhe asked.

Cui Ying was stunned by that question. Her daughter was right. Dian Shu Xian did not go out so often. He was always at the research center. If her daughter wanted to meet him, she needed to get into the research center.

Cui Ying also investigated the research center. Tiantang Research Center just opened this year had been in everyone's attention. Not only because the head of the researchers was a young doctor also the ongoing research was also going to help humankind a lot.

The security was very tight. An unauthorized person would not get into the research center, let alone pass the security check outside the research center.

So, it was logical that Wong Suhe wanted to go to Yu Qi to ask her permission to enter the research center. If she could get permission from Yu Qi, no one could stop her anymore.

"Let me go and see her." Cui Ying said.

She would do anything for her daughter's happiness.

"Hmm..." Wong Suhe felt better.

Yu Qi would not dare to do anything to her mother. That was what Wong Suhe thought. She did not know that Yu Qi could do something to her and her mother if they annoyed her enough.

The mother and daughter went to Yu Qi's room to find that Yu Qi was not there anymore. They grabbed a nurse and asked Yu Qi's whereabouts. The nurse told them that Yu Qi already left the hospital and she did not know where Yu Qi went.

Yu Qi went to the research center and was greeted by Dian Shu Xian. Seeing Dian Shu Xian, she remembered about Wong Suhe.

She did not want Dian Shu Xian to be disturbed by that woman. So, it was better if she gave some warnings to Dian Shu Xian about that woman.

"Huh? What?" That was Dian Shu Xian's reaction when Yu Qi told him about Wong Suhe. "I never meet her. When did she see me?"

"I don't know. But I hope you'll be careful. I think that woman is quite persistent." Yu Qi reminded Dian Shu Xian.

Dian Shu Xian sighed. It was not the first time he had been admired by someone.

"Thank you for the reminder. I will be careful." Dian Shu Xian nodded.

Dian Shu Xian wanted to walk away but he stopped. He suddenly remembered something to tell Yu Qi.

"I think you better make an arrangement for your schedule. We are going to the miracle space. Great Grandpa told you before right?" Dian Shu Xian said.

"Yes. I know. There is one patient that fully needs my attention. Other than that, I think I can arrange others." Yu Qi nodded.

"Great. But make sure you get your rest." Dian Shu Xian patted Yu Qi's head like he always did to Dian Qi Qi.

"Sure... sure... You too, Brother Shu Xian." Yu Qi smiled.

Both of them went their separate ways. On the way to her room, Su Ziqing called Yu Qi to her experiment room.

Su Ziqing showed the experiment to Yu Qi. After reporting the progress to Yu Qi, she told Yu Qi that she needed some time off.

Yu Qi noticed that Su Ziqing was acting oddly but she did not push herself to ask about that. If Su Ziqing wanted to tell her about her problem, she would be happy to listen to her.
