

Intelligent 1421

1421 Chapter 1421

Long Hui thought about something. He threw his sword. He took something out of his ring space and threw it into the open mouth of the wolf. Then Long Hui distanced himself quickly.

The wolf wanted to close its mouth. But it was too late. The thing was safely landing in its mouth. It wanted to throw it out but it felt its mouth explode. The wolf fell. It never thought that it would die just like that.

Long Hui took at the wolf. He was relieved when seeing the wolf had lost its breath. It was a close call. The thing that he threw into the wolf's mouth was a grenade.

He saw Yu Qi stuff his ring space with a lot of things. One of them was grenades.

Then he noticed something was moving faster toward him. He could not react in time. That something was already near him.

"Long Hui!"

It was his beloved Qi Qi's voice. Thank goodness that he found her earlier. That was wrong. She found him.

"You are injured." Yu Qi saw the blood flowing from Long Hui's hand.

"It is nothing." Long Hui brushed it off.

"Let me treat you." Yu Qi stated.

Long Hui knew that he could not refuse his beloved Qi Qi. So, he just let her treat his wound.

"It done." Yu Qi said after bandaging Long Hui's wound.

Long Hui just looked at her face only. Now his view went down. He was shocked to see the blood on Yu Qi's clothes.

"You are injured too." Long Hui exclaimed.

"No... No... It is not my blood. It is the monster's blood." Yu Qi shook her head.

After killing the apes, Yu Qi and others met other monsters as well. The blood landed on Yu Qi's clothes. She wanted to wash it off but she did not find any source of water.

If she was alone, it was fine to go inside her space and changed her clothes but she was with Bucong Shuye. She could not let others know about her space. It would be a disaster.

Long Hui sighed in relief. He could not bear to see his beloved Qi Qi hurt.

"You killed these wolves?" Yu Qi looked around.

"Yeah." Long Hui nodded. He then took out the core that he took from the giant snake and gave it to Yu Qi. "Here, this is for you."

"For me?" Yu Qi's eyes lifted.

"Hmm..." Long Hui nodded.

"Thank you, my dear." Yu Qi hugged Long Hui.

Long Hui's corner lips curved up. He knew that his beloved Qi Qi would be happy with this.

"Hmm... Let's collect them from these wolves too." Yu Qi said.

"Okay." Long Hui nodded.

Both of them dismembered the wolves. They already forgot about those people who had been watching them from the beginning.

Bucong Shuye felt bitter when seeing their interaction. When Yu Qi was with him, she looked cold. She did not give him any space to get closer to her. Now when she was with her fiancé, she looked like a lovely young girl in love.

Bucong Jiye felt jealous of Yu Qi. Why did Long Hui treat Yu Qi better than her? Why did Long Hui watch Yu Qi with loving eyes?

When she asked Long Hui for help earlier, he even ignored her. If not for Bucong Jian, she did not know how she survived these wolves' attacks.

"Ah!!!!" Bucong Jiye shouted when her eyes caught something.

"What?" Bucong Jian looked at his sister in worry.

"There... The wolf is here again." Bucong Jiye pointed in a direction.

Bucong Jian looked in that direction. He indeed saw a wolf but it was a different species. He stood by to defend.

"Don't worry." Bucong Shuye stated.

"What do you mean?" Bucong Jian asked.

"That is Miss Tang's contracted beast." Bucong Shuye told them.

"What? Her contracted beast is a small puppy. Not this one." Bucong Jiye said. She remembered when seeing Dian Qi Qi and Wan Yang Mi playing with that puppy.

"It seems that a small puppy can change its size." Bucong Shuye said.

Bucong Jian and Bucong Jiye were shocked to hear that. Bucong Jiye gritted her teeth feeling jealous again. Why did all seem to favor Yu Qi so much?

"What are they doing?" Bucong Jian asked.

"They collect the cores." Bucong Shuye answered.

"Why do they do that?" Bucong Jian could not understand.

"Humph, only a poor cultivator collects those things and sells them. They must be poor." Bucong Jiye snorted.

Yeah. They must be poor. She was feeling a little bit happy when having a better life than them.

Well, it was true that Yu Qi and Long Hui did not have a source of money in this cultivation world. Well, Dian's Family did give them some money. But Yu Qi felt uncomfortable using someone's money. It was good to gain her own money.

Bucong Jiye did not know these two were a millionaire. If she knew about that, she would be pulling her hair again feeling jealous.

Yu Qi and Long Hui did not know about Bucong's conversation. They were happily collecting the cores from the wolves.

While they were collecting the cores, they were telling each other about their experience before finding each other. Yu Qi also mentioned Bucong Shuye. As expected, Long Hui felt jealous hearing that. However, he was grateful to Bucong Shuye for helping his beloved Qi Qi. He would find a way to repay his kindness.

1422 Chapter 1422

Yu Qi and Long Hui finally finished collecting the cores from the wolves. Their hands were stained with blood. They needed to wash the blood off. For now, they just wiped them.

"Brother Hui, let's go. We need to find a river or stream." Yu Qi stated.

Long Hui nodded.

Yu Qi leaned over. She whispered to Long Hui. "If we don't find one, we can enter the space but we need a place without anyone there."

"Okay." Long Hui nodded.

They stored the cores and the weapon inside their ring space. They were about to walk away.

"Wait." Bucong Jiye shouted.

Both Yu Qi and Long Hui stopped. Yu Qi turned around.

"Yes?" Yu Qi asked.

"Where are you going?" Bucong Jiye asked.

"None of your business." Yu Qi replied.

"You!" Bucong Jiye felt angry when hearing that answer.

"Don't tell me you want to follow us?" Yu Qi's eyebrow lifted up.

"Ye..."

Before Bucong Jiye answered the question, Yu Qi cut her off. "I will not be going with such useless baggage."

Long Hui told her that when facing a wolf, Bucong Jiye could not do anything but ask for help. Lucky for her that her brother came to her rescue. Otherwise, she would have ended up being the wolf's food. Yu Qi did not want to travel with that kind of person. She would drag them down.

"We go separate ways." Yu Qi said.

With that, Yu Qi dragged Long Hui from the place.

"That bitch!" Bucong Jiye swore.

"Bucong Jiye!" Bucong Shuye called Bucong Jiye's name.

Bucong Jiye kept her mouth shut.

Yu Qi and Long Hui did not care about the Bucong Siblings anymore. They walked together with Aoi and Shino. Aoi was still in his big size.

"He can change its size?" Long Hui asked.

"Yeah. Oh, it is the first time you have seen him in this form, right?" Yu Qi said.

The last time Aoi used this form was when she barged into the military ground because Long Hui was seriously injured.

"Yeah. It looks surprisingly strong." Long Hui commented.

"Not just look, I am strong." Aoi put on a proud expression.

Long Hui did not take its word seriously.

"Look it is a stream. Finally, I can wash off the blood." Yu Qi pointed at the river in front of them.

Even though she was a doctor, she did not like the blood smell. She wanted to wash herself right now.

Both of them approached the river. Yu Qi wanted to enter the stream right away but she was being pulled by Long Hui. She looked back at Long Hui in confusion.

"Let me check first. Who knows there are monsters inside." Long Hui explained.

"Oh... Okay." Yu Qi nodded like an obedient child.

The river was very clear. So, they could see the bottom of it. It was not so deep. Long Hui only could see the fish swimming around. Nothing was suspicious.

"Hmm... I think it is okay. Let's wash." Long Hui stated.

They washed the blood stain off their clothes. Yu Qi wanted to change her clothes. She took out the new clothes for her and Long Hui as well.

"You can take a bath first. I will be guarding you." Long Hui saw Yu Qi's intention.

"Thank you, Brother Hui." Yu Qi smiled.

"You two, guard your master as well." Long Hui ordered Aoi and Shino.

"I know." Aoi rolled his eyes.

"Sure... Sure..." Shino jumped from Yu Qi's shoulder.

Yu Qi cleaned up as fast as possible. She changed into new clothes.

"Brother Hui, it is your turn. You can clean up. I will be your guard." Yu Qi stated.

So, Long Hui also cleaned up and changed his clothes. Both of them finally looked clean and better.

Yu Qi looked up at the sky. The sky slowly changed its color. She felt the time was very fast.

"It is night. It would be dangerous to be out here. Do you want to enter the space?" Yu Qi asked their opinion.

"Yes." Aoi nodded.

"I will follow Master," Shino said.

"It would be safer that way." Long Hui also agreed with that idea.

If they were with other people, they would not dare to enter the space. Yu Qi's secret would be leaked. And she might be in danger.

Yu Qi looked at the surrounding. She could not sense anyone around. With that, they entered the space safely.

"I will cook something simple." Yu Qi said. Then she remembered about the apes. "It seemed my cooking can attract the monster."

"What do you mean by that?" Long Hui asked.

"Earlier, after we had finished eating, the apes appeared. Before they attacked us, their leader licked the plate. Then he was triggered and attacked us." Yu Qi said.

"He probably wants to catch Master and make Master cook for them." Aoi made the assumption.

"You are kidding." Yu Qi brushed the idea off.

However, they did not know that it was actually the apes' idea.

Other people arrived at the river. They could see the footprint left on the ground.

"Look. There are other people here before us."

"It is still wet. Where are they?"

"They must have walked away already. Let's camp here."

"Great idea. I was already tired of walking and fighting the monsters before coming here."

"We can not be so comfortable. What I heard from the elder, the monsters are very active at night. We need to stay alert."

"Let's go out. Outside must be dawn." Yu Qi said to Long Hui and her two cuties.

"If I could go out, I want to go out too." Bo Ya was kind of sad.

"I am sorry." Yu Qi was sympathetic to Bo Ya.

Bo Ya could not go out due to the restriction of the space itself. She was trying to bring Bo Ya out by holding him but still, Bo Ya could not manage to get out.

"It's okay, Master. I am okay." Bo Ya said.

They got out of the space. When they got out, they were surprised to see a group of people nearby.

Luckily for them, that group of people did not realize it they were there. They noticed that the group of people placed people to guard but those people were sleeping as well.

Yu Qi and others wanted to leave the place. The movement made the guards woke up.

"Who's there?" The gards shouted.

The shout made other people woke up as well. They grabbed their weapon.

"Wait, don't attack us." Yu Qi shouted.

"Who are you?" The person shouted again asking for their identities.

"I am Tang Yu Qi and Long Hui from Dian Family." Yu Qi introduced themselves.

The people lowered their weapons.

"Why do you sudden appear here?" The person asked.

"Well, we are walking around. If you are not sleeping, you should noticed us earlier." Yu Qi commented.

The person who questioned earlier blushed. He was indeed sleeping. After hearing something, he woke up and ended up in this situation.

"We are sorry if we have been rude to you." Someone said.

"No worries. We just want to pass through the area. Well, then goodbye." Yu Qi stated and immediately wanted to leave with others.

"Wait, why don't we team up?" The person said.

Yu Qi and Long Hui were pretty famous among the younger generation after Yu Qi won the martial arts competition.

"Wait." The person shouted.

"Is there anything else?" Yu Qi asked.

"Hmm... Why don't you team up with us?" The person suggested.

"Thank you for your invitation but no thank. We can find Dian's Family as soon as possible. It wouldn't be good if we join our team and ditch you after meeting with Dian's Family." Yu Qi explained.

"Oh... Okay." The person gave up.

Long Hui pulled Yu Qi's hand and left the place quickly. After leaving the place, Yu Qi took a relief breath.

"It is lucky for us that they did not see us appear out of nowhere. Otherwise, I wonder what should we tell them ." Yu Qi was very relieved. "I think we should avoid entering the space for a while. We only can take things from space."

"I think so too. It will be dangerous for you if someone finds out about the space." Long Hui said.

pAn,Da n<0,>v,e1 Even he understood that the space owned by his beloved Qi Qi was something that everyone wanted to have. Who doesn't want a space that could provide everything?

Two humans and two animals walked around. They did not have any specific direction to go. So, they just followed the flow.

While they were walking, Yu Qi found a lot of plants that were very interesting to research. She unrooted those plants and went to grow the plants inside the space. Bo Ya helped her too.

"I never thought this miracle space has many unknown plants." Yu Qi commented.

"You really like the weeds." Long Hui chuckled.

"They are not weeds. They might be precious herbs." Yu Qi pouted.

"Okay... Okay... Don't be mad. I am just kidding." Long Hui coaxed his beloved Qi Qi.

Shino and Aoi became third wheels for Yu Qi and Long Hui. They ignored those two and were alerted to the surrounding when their master was being lovey-dovey with Long Hui.

"Ah, it is about time for lunch." Yu Qi felt hungry.

They woke up and had breakfast early for today.

"Hmm... Let's cook something." Yu Qi took out the cooking tools and some ingredients to cook.

While Yu Qi was cooking, she remembered something.

"Yesterday, my cooking invites some monsters. You guys should be alert." Yu Qi remembered them.

"What? Your cooking invites monster?" Long Hui asked Yu Qi.

"Yes, the apes that I told you about. They come and attack us. Before they attacked us, their leader went to lick the plate that I did not manage to wash. After licking that, the apes set their eyes on me. That made me wonder about that. I will see after this if it really true or not." Yu Qi wanted to test the theory.

"What if it is true, what are you going to do? Will you stop cooking while in this miracle space?" Long Hui asked.

"Master, please cook for us." Aoi interrupted the conversation.

"I can't live without your cooking, Master." Shino also protested.

No one here could cook. If they were outside, they would have no problem but only their master could cook.

"Of course not. I will continue to cook." Yu Qi grinned.

"Huh?"

"What?"

"Why?"

"My cooking will be the bait to lure the monsters to us. Then, we can kill them, take their cores, and sell the cores." Yu Qi explained the plan in her mind.

The three of them looked speechless at first. Then, Aoi and Shino started to laugh. Long Hui chuckled.

1424 Chapter 1424

Yu Qi's desire for money made Long Hui feel it was very cute. So, as Yu Qi planned, she went ahead cooking food. The delicious smell made Shino and Aoi drool over the food that Yu Qi made.

Yu Qi served them first before putting her and Long Hui's food too. While they were eating, they noticed the rustling sounds around them. They quickly finished their eating.

Turned out that what Yu Qi thought was true. There were monsters attracted by the delicious smell of Yu Qi's food. The monsters appeared and surrounded Yu Qi and Long Hui. Shino jumped into Yu Qi's pocket while Aoi immediately changed his size.

'Let's attack them.' Long Hui shouted.

So, the fight began. The monsters which came were hyenas and some of them were coyotes. Aoi was fighting them very well. Looked like he was having fun playing around with the monsters. The hyenas made some sounds.

"It seems they are calling their comrades." Long Hui commented.

"More come, more money." Yu Qi smiled.

"Even in times like this, you are still thinking about money. My fiancée is such a money-grubber." Long Hui chuckled.

"You can't complain. The money is for our future together." Yu Qi said.

"Hmmm... Let's hunt money for our future children." Long Hui winked at his fiancée.

"Hey, who's saying about the child?" Yu Qi felt shy at Long Hui's comment.

"Okay... Okay... I know you are shy. Let's forget about that for now and focus on our fighting here." Long Hui said.

"It is you who also need to focus." Yu Qi replied.

They still had time to flirt around at a time like this. Aoi felt his master and that man were indeed crazy.

Right after that, the second round of monsters appeared. The previous ones indeed called their comrades. And it seemed their leader appeared too. It was 4 times bigger than the normal hyena monster.

"You cover the small one first. I will fight the big one. After you finished the smaller one, you can come and help me." Long Hui told Yu Qi and Aoi.

Yu Qi and Aoi did not need to refuse. So, they were handling the small ones while Long Hui went straight to its leader.

The leader of the monsters observed Long Hui when Long Hui was in front of him. After the silent confrontation, they began to cross each other. The monster was very fast in attacking Long Hui. Today, Long Hui only wanted to use the sword, not the gun. He blocked the monster's attack.

The monster managed to stretch Long Hui's hand. Noticing that Long Hui had been injured, Yu Qi also attacked the monster. The monster was injured too after Yu Qi's move. The monster did not notice that someone attacked him from another direction because he was so focused on Long Hui.

The monster became angry too. He wanted to kill Yu Qi because she had injured him. He turned his back to Long Hui. Using this chance, he rushed and tried to stab the monster. Yu Qi also rushed to the monster.

The monster was confused about which one he should focus on. Because of that hesitation, Long Hui managed to stab his back. He screamed so loud. The scream was very loud making Yu Qi and Long cover their ears.

The monster was in rage mode. He wanted to kill these two humans who dared to injure him.

Yu Qi and Long Hui knew their intention. They nodded at each other and went in different directions. They knew that the monster could not make move on them both at the same time. One would be the bait and one would be dealing with the monster.

The monster went to chase Long Hui. Yu Qi narrowed her eyes. With that, she took out another sword. Now, she used two swords. She approached the monster at high speed. The monster could not catch up with that.

Yu Qi swung both of her swords. The force of the two swords was very strong. The monster could not block the attack and ended up being killed by Yu Qi. The monster slowly fell to the ground.

Long Hui checked the monster to confirm that it was truly dead.

"Dead." Long Hui nodded.

Yu Qi immediately sat down on the ground feeling exhausted.

"Good work." Long Hui said.

"Come here." Yu Qi waved her hand to Long Hui.

Without saying anything, Long Hui got closer to Yu Qi.

"You are injured again." Yu Qi sighed. She took out first aid to treat Long Hui's injury.

"Qi Qi, you are so amazing." Long Hui wanted to avoid getting a handful ears from Yu Qi.

Yu Qi rolled her eyes and treated Long Hui's injury.

Aoi also approached the couple.

"Master, I finished killing everything." Aoi came and reported to Yu Qi.

"Good job. Are you injured?" Yu Qi praised and asked him.

"No. I am not injured like that person." Aoi snorted.

"Are you jealous because your master pays so much attention to me?" Long Hui replied.

"Hmm... You are weak, getting injured like that." Aoi said in anger.

"You..." Long Hui wanted to say more but Yu Qi already cut him off.

"Enough both of you." Yu Qi stopped the fight. "Aoi, be a guard. See if any monsters come here. Brother Hui, come and help me extract the cores from the monster's body."

"Yes, Ma'am." Both of them could not help to accept the order.

1425 Chapter 1425

After collecting the cores, they took some rest. Yu Qi took out all of the cores that had been collected already. She was smiling while humming when calculating the cores. After recording the number of cores, they decided to walk again.

Long Hui was happy to be walking around like this. It felt like they were on a date. He ignored the presence of Yu Qi's pets.

"Master." Aoi suddenly called Yu Qi.

"What?" Yu Qi asked.

They became highly guarded because they thought Aoi must have sensed something. Aoi's sense must pick up something.

"I think I am familiar with this place," Aoi stated.

"Familiar?" Yu Qi was confused.

Aoi looked around. He still felt the same. As he used to walk around the area.

"What do you mean by that?" Yu Qi pressed Aoi for an answer.

"This place is similar to where I used to live before becoming your contracted beast," Aoi said.

"What? Really?" Yu Qi was shocked to hear that. "So, do you remember where you used to live?"

"Hmm... Follow me." Aoi nodded.

He led them. The more Aoi walked the more he felt that this place was the same as his hometown. Aoi led them until they stopped at the cliff.

"You live here?" Shino asked.

"Yeah. We need to go down. There is a big cave down here if I am correct." Aoi said.

"Down this cliff? How do you climb down? This cliff looks very dangerous. One wrong step, and we will end up dying down there." Long Hui looked down.

"I know the way. Follow me." Aoi was confident about this.

They followed Aoi. Aoi did show them the safest path to go down the cliff. The surroundings began to fog. They walked very carefully because they were afraid to fall down.

Then, Aoi stopped. Long Hui and Yu Qi became alerted because they sensed that something was in front of them. They took out their weapon and was ready to fight back if that 'something' tried to attack them.

Aoi seemed to be trembling. He could not believe what he felt right now. The aura in front of him was the aura that he really knew. He decided to ask it.

Aoi made a sound. Yu Qi, Long Hui, and Shino looked at Aoi and wondered what he was doing. After he made the sound, that 'something' moved forward, approaching their group.

The two monsters which had the same features as Aoi appeared but they were slightly different from Aoi. What Yu Qi could say, they seemed a bit older than Aoi.

The monster also made the same sound as Aoi. After that, Aoi rushed to the monster while crying. One of them kissed Aoi and also cried while another one looked at Aoi with sad eyes.

Yu Qi had a hunch. It seemed these two monsters were Aoi's parents. The hunch was right. It was indeed Aoi's parents. Aoi turned to them.

"Master, come here," Aoi called Yu Qi to approach them.

Yu Qi and Long Hui walked slowly to Aoi.

"Master, They are my parent. This is my father and mother." Aoi introduced his parent to Yu Qi.

Yu Qi bowed respectfully and smiled. "Hello, there. I am Aoi's master."

Aoi's mother looked at Aoi and said something. Aoi replied excitedly. The mother nodded when his son answered. Aoi turned back to Yu Qi.

"My mother asked if the Aoi name is given by you, I answer yes and tell her the meaning of the name," Aoi stated.

"What is your previous name?" Yu Qi asked.

"I don't have one. Usually, I need to wait until I grow up." Aoi explained.

"I see... That's why you seemed happy when I named you." Yu Qi nodded.

Then, Aoi's father said something.

"Master, my father invites you to go to our house," Aoi said.

"Sure. Why not?" Yu Qi agreed.

She was kind of curious about Aoi's previous house. Not to mention, she also wanted to know how Aoi managed to appear in her space. Aoi's parents could have answered that question.

So, they walked through the fog. Once they passed the fog, they could see there was a large cave. The fog helped to hide the cave. It was a perfect place to hide.

When they entered the cave, they could see others the same as Aoi as well. There were small and big ones. Yu Qi could assume the number should be 90 to 120 monsters in the cave.

The small ones looked at Yu Qi and Long Hui with curiosity. While the bigger ones looked at them with guarded expressions. Well, Yu Qi could understand the feeling. When a stranger came into their house, they were obviously on guard.

Yu Qi could assume that the small ones were the younger generation while the bigger ones were the older generation. Some of the older generations came and talked to Aoi's father. Aoi's father explained and pointed to Aoi.

The older generations were shocked to see Aoi. They began to ask Aoi several questions. Aoi answered while pointing to Yu Qi.

Yu Qi could guess that they were asking about Aoi and where Aoi went for the past few years. Aoi answered by saying that he was staying with her.

"Master, meet my family," Aoi said proudly.

"Hello everyone." Yu Qi smiled.

Aoi's family looked at the human girl. They could not believe someone like Aoi could perform a blood contract with a human.

1426 Chapter 1426

Aoi's parents wanted to know about Aoi for the past few years. Aoi began his stories by telling his family about his sudden appearance inside Yu Qi's space.

Yu Qi, Long Hui, and Shino only watched Aoi talk to his family. After some points, Aoi's father bowed his head deeply to Yu Qi. It was followed by Aoi's mother and the rest of the older generation.

Yu Qi was confused and turned to Aoi asking him to explain the situation.

"Master, my family is very grateful to you for taking care of me for these past years," Aoi stated.

"I see. Tell them that I did that because I like you." Yu Qi smiled.

Aoi felt embarrassed when hearing it from his master. He conveyed the words shyly.

Long Hui leaned over and whispered something to Yu Qi's ear. "Telling someone that you like him in front of me. You have some nerve, do you?"

Yu Qi was surprised and turned to Long Hui. "What... what are you talking about? That is my pet."

"I am jealous hearing you say you like him." Long Hui narrowed his eyes.

"Well... I do like him..." Yu Qi wanted to say more but seeing Long Hui's narrow eyes, she changed the word. "But I love you more... See, LOVE... Not LIKE."

Long Hui kissed Yu Qi.

"What are you doing?" Yu Qi was aghast by Long Hui's action.

"Kissing you." Long Hui grinned.

"We are in front of pe..." Yu Qi did not know how to pronounce the animal in front of her.

"In front of monsters, I guess. But that will not stop me from kissing my fiancée." Long Hui continued Yu Qi's words.

"You..." Yu Qi glared at Long Hui.

"Master, are you okay? What did you say to my master?" Aoi asked Yu Qi worriedly.

"Nothing. I am happy that you finally found your family." Yu Qi smiled. "However, there is something that I want to ask your family about."

"What is it, Master? I will ask them for you." Aoi said.

"I wonder if there is a path that leads you to another place?" Yu Qi said.

"You mean when I suddenly appeared in your space?" Aoi looked at Yu Qi.

"Yes." Yu Qi nodded.

It was a mystery that Aoi suddenly appeared inside her space. Bo Ya also did not know about that. Not to mention, Shino too.

If her theory was correct, her space somewhat had a connection with this miracle space.

Aoi began to discuss the matter with his family. However, he was clever not to tell Yu Qi that he omitted the secret where his master had a secret space. He protected Yu Qi.

Even he knew that the space owned by his master would be a danger if someone catch wind of that. Everyone on Aoi's shook their heads saying that they did not know about that either. Aoi explained it to Yu Qi.

Yu Qi sighed. "It's okay, then." It was not an important matter.

"Master, my mother tells me that we should spend the night here because it is too dangerous to climb up the cliff at night," Aoi said.

"Is that okay for all of your family members?" Yu Qi asked.

"Hmm... They insisted." Aoi nodded.

"Hmm... Let's cook something for them." Yu Qi suggested.

"Really, Master? Thank you." Aoi was happy that his master suggested that.

He liked his master's cooking. He also wanted his family to taste the delicious food as well.

Yu Qi nodded. "I will take out the meat. How many are your family members?"

Aoi asked his mother about that. It seemed his mother wanted to refuse. But after being persuaded by Aoi, she agreed to let Yu Qi cook for them. She told Aoi they had about 115 members.

"But wait, if I cook here, the monsters will be attracted by my food and come here. That will be a big problem for Aoi's family." Yu Qi sighed. She suddenly remembered about that.

Aoi's father asked what was wrong. Aoi explained things to his father. His father just smirked.

"Master, my father tells me that there is no need to be afraid. No one will come. They would not pass the fog anyway and fall down the cliff." Aoi conveyed what his father said to him.

"Okay. If you say so." Yu Qi said.

From what Aoi said, his father was pretty confident about that. Yu Qi did not know that the monsters had their own territory. If another monster passed their territory, they could be killed by the monster who owned the territory

So, Yu Qi prepared the place to cook. The younger generation watched them in curiosity. Usually, they met the bad human who just wanted to kill them. They never met a human like this.

Cooking a huge amount was a bit difficult but Yu Qi managed when Long Hui also helped her. She appreciated that.

Yu Qi cooked a meat dish, General Tso's chicken. It was full of flavor. Yu Qi began to serve the food. Aoi and his parents helped Yu Qi distribute the food to the family member.

At first, they hesitated to eat the food, they did not know what to do. They were afraid to eat the food that humans cooked for them. They looked at Aoi and his parents.

Aoi said to his parent. Aoi began to eat. He shouted 'delicious' in their languages.

1427 Chapter 1427

Seeing Aoi eating happily, they began to eat. They were shocked when the taste exploded inside their mouths. They began to eat without care.

Aoi's parents were also surprised when they tasted Yu Qi's cooking. They never ate something delicious like this.

Aoi was happy to see his family eating the food. He talked to his parent by saying he was happy being with Yu Qi proudly.

Aoi's parents were now sure that this human did not hit or do anything to their son. She even fed him this food every day.

Aoi talked a lot with his family. Yu Qi understood. Aoi had not see his family for such a long time. His family was probably worried sick when their son disappeared just like that. They had a lot of things to say.

After eating and cleaning up, Aoi brought Yu Qi and Long Hui to a corner of the cave.

"Master, you can sleep here," Aoi said.

"Sure." Yu Qi nodded.

She took out the sleeping bag for her and Long Hui as well. Aoi stayed beside Yu Qi's sleeping bag.

When Yu Qi was about to sleep, she thought about her space, Sere. Sere probably had a connection with the miracle space. Otherwise, it was possible that Aoi who was from the miracle space suddenly appeared in her space.

But she could not find the connection. Hmm... She hoped she could find the connection while she was here.

...

"Master, wake up!" Aoi tried to wake Yu Qi up .

Yu Qi opened her eyes. Long Hui also woke up when Aoi called his fiancée.

"What happened?" Yu Qi asked.

"Something is attacking our place. Father and others went to confront it. I still don't know about that." Aoi looked worried. "Master, can you help my family?"

"Of course." Yu Qi did not hesitate for one bit.

They walked out to see what was going on. Once they arrived at the place, they could see that Aoi's family was arguing with other monsters. It looked like a lion with a snake tail.

"Oh... That..." Yu Qi remembered the monster feature. "If it had a goat head, it will be called a chimaera."

"You have time to analyse that?" Long Hui chuckled.

"Hmm... I want to take a picture." Yu Qi stated.

She took out her phone and took the picture of the monster.

"What are they arguing about?" Yu Qi asked Aoi.

Aoi listened to the argument. After understanding some of them, he told Yu Qi.

"He smells us here and wants to kill us," Aoi said.

"So, this is our fault. Why don't we leave this place?" Yu Qi felt guilty.

Aoi seemed to talk to his mother. His mother shook her head.

"Master, my mother tells us there is no need to leave," Aoi said.

"But this monster is here because of us." Yu Qi said.

"Well, this monster is an enemy of my family. He always fights with our family for food and this place. It just used the reason that you are here to attack my family." Aoi conveyed what his mother told him.

"I see. We will help you fight them if the fight break." Yu Qi said.

Right after Yu Qi finished the sentence, the monster lion snake started to attack Aoi's family. As Yu Qi said, they joined the fight.

The lion snakes were angry to see the human interference with their fighting. One of them started to attack Yu Qi and Long Hui as well.

They coordinated very well with Aoi's family attacking the lion snake. Seeing they suffered more damage, the leader asked his team to retreat.

Aoi's family shouted the win. They said thank you for Yu Qi and Long Hui's help. Yu Qi asked what would they do about the corpses. Aoi told her that they usually would eat them.

The morning arrived. Yu Qi and Long Hui wanted to leave. Aoi was sad when they said that. It had been a long time since he saw his family.

Yu Qi told him that he would stay here until the miracle space would about to close. She would take him when they were to exit the miracle space.

Because of the blood contract between them, it could not be cancelled. Otherwise, they would get backlash from that.

Aoi hesitated. His mother said something to him. That made Aoi cry and hug his mother. His father only watched them.

"Master, I will follow you." Aoi looked at Yu Qi.

"Okay. I will not force you though." Yu Qi said.

"No. You are not forcing me. My family are proud of me. They are happy that I have a good owner." Aoi held back his tear.

Yu Qi smiled gently and rubbed Aoi's head. "Of course, I am also happy that you are with me. You are my partner."

Since Yu Qi found Aoi in her space and contracted him, she already thought Aoi was her family member. She would take care of him until the end.

She turned to Aoi's family. "You don't need to worry about Aoi. I will take care of him. I will protect him whenever there is danger." She bowed to them.

Aoi's family looked smiling. Even though they did not understand fully what Yu Qi said, they could feel the warmth of her speech. They knew that their son was in the best hands.

They left the cliff using the same way that Aoi showed yesterday.

1428 Chapter 1428

Aoi was silent when they were leaving. Yu Qi knew that Aoi was sad. She comforted him.

"When we return to the outside world, I will try to find the connection between my space and this place. If we find that, you can return and meet your family easily." Yu Qi said.

"Hmm..." Aoi nodded.

"For now, let's find Dian family first." Yu Qi said.

.....

"We still don't find Sister Yu Qi anywhere." Dian Qi Qi pouted.

"I am sure that she is safe. She is strong. Not to mention, she is with her fiancée." Dian Shu Xian stated.

"Humph! That man." Dian Qi Qi rolled her eyes.

"Qi Qi, why do you seem to dislike Long Hui?" Dian Ren Qi asked.

"If he is with Sister Yu Qi, I can't be with her. He will stick together with Sister Yu Qi." Dian Qi Qi complained.

Dian Ren Qi laughed. "Of course, he wants to be with her all the time when he has the chance. You still don't have a first love. You will not understand the feeling. And I heard Long Hui is a high-ranking soldier for their country. He must be very busy. So, he wants to use all the time he can spare to be with his fiancée."

"Can you support me?" Dian Qi Qi glared at her brother.

"Well, about this matter, I can't support you. I am feeling the same as Long Hui. Yang Mi and I have difficulty meeting up. So, whenever I have the chance, I want to be with her." Dian Ren Qi smiled at his girlfriend.

Wan Yang Mi was feeling embarrassed when hearing the sentence. She also felt the same.

"Monsters are here. Get ready to attack." Someone shouted.

They took out their weapon. The monsters attacked them. After one hour of fighting, they finally took down the last monster.

Dian Shu Xian dismembered the corpses to find the cores. He remembered Yu Qi's words to collect the cores.

"I want to clean up. The blood makes me sick." Dian Qi Qi said.

"We will get going. If we find a river or stream, we can clean up." Dian Ren Qi stated.

When they were walking, they met with Bucong's Siblings again. They met with them once. Because of that, they found out that Yu Qi had met with Long Hui and stayed together. Now they were meeting with them again.

"Why do I meet you again? Do you follow us?" Bucong Jiye complained when she saw Dian Qi Qi.

"Follow you? Don't get full of yourself." Dian Qi Qi snorted.

"You!" Bucong Jiye was angry.

"You are hurt. It seems you are not strong enough. I thought you told me that your strength increased. I guess you are lying." Dian Qi Qi chuckled.

"Shut down. You know nothing." Bucong Jiye shouted.

The sentence made Bucong Jiye think about the last monster that they fought. The monster made a sneak attack. Her brother did not protect her well. Because of that, she got injured.

She already took a healing potion and the injury took some time to heal. The injury was not healed yet and now she met with a person that she hated.

"Hmm, let's go. Don't you want to find water to clean up?" Dian Shu Xian pulled Dian Qi Qi's hand before she continued to make Bucong Jiye angry.

"Yeah. I don't have time to talk with a weak person." Dian Qi Qi still had time to make Bucong Jiye angry before leaving.

"You bitch." Bucong Jiye shouted.

"Which bitch say that?" Dian Qi Qi asked.

"This bitch says... Wait! You!!!!" Bucong Jiye shouted angrily.

"You admit that you are a bitch. I thought you would not know." Dian Qi Qi grinned.

Dian Ren Qi could not help to chuckle. His little sister's power was very good. Wan Yang Mi patted his back, wanting him to stop.

Dian Shu Xian pulled Dian Qi Qi away before they started a physical fight.

"Qi Qi, you are awesome." Dian Ren Qi started to laugh after they were far from the Bucong's siblings.

"I learn a lot from Sister Yu Qi." Dian Qi Qi grinned.

"She taught you later?" Dian Ren Qi was surprised.

"Yeah. She told me to fight brilliantly. Make the enemy's mouth shut up." Dian Qi Qi said.

"Wow, I never thought she is that kind of a person." Dian Ren Qi said.

"She tells me that I need to kick around the bastard and bitch." Dian Qi Qi said.

Dian Ren Qi laughed again. Bastard and bitch. He wondered who Yu Qi called bastard and bitch.

Both bastard and bitch sneezed. They thought it was dust entering the nose.

"I found the stream." Dian Shu Xian stated.

Dian Qi Qi rushed to the stream to wash up. Before she managed to do it, Dian Shu Xian pulled her away.

"What... What's wrong?" Dian Qi Qi was startled by that.

The fish jumped out of the stream and landed on the ground. Dian Shu Xian took out a dagger and stabbed into the fish. The fish was dead on the spot.

"This fish is a monster too. They usually attack humans when they are at the stream and want to clean up." Dian Shu Xian explained.

"I see. Thank you, Brother Shu Xian." Dian Qi Qi said.

"Then, how are we going to use the clean if this fish monster is around?" Dian Ren Qi said.

"Their batch would run away after their friend is killed. They can smell their own blood." Dian Shu Xian explained again.

"How do you know about this?" Dian Ren Qi asked.

"Well, I happen to come across the information." Dian Shu Xian stated.

It was like Dian Shu Xian said. They could use the water safely.

1429 Chapter 1429

"Help!!!"

Yu Qi and Long Hui turned to each other. They nodded and rushed in the direction of the voice. Someone was fighting with someone. The shout came from a woman who was laying down.

"I didn't think someone would come here." A sinister voice came from the man in front of that woman.

There were two people in front of the woman. They were licking their lips seeing the fragile woman.

"I haven't tasted woman for such a long time. Righteous cultivators always taste great." Another one said.

"You evil." The woman shouted.

"Yeah... yeah... We are evil cultivators." The man admitted.

"Enough of this. Let's go somewhere else. I don't want people or monsters to come and disturb our good time."

"Okay..."

The men were about to reach the woman. However, they were sent flying. They managed to balance themselves before crashing into a tree.

"Who's there?" One of them shouted.

"Us." Yu Qi said.

The sinister men were surprised to see Yu Qi and Long Hui. They were more surprised to see such beauty.

"Ho... Ho... Ho... Today, our luck is very good. We got two women at once." The sinister man laughed.

They ignored Long Hui's presence. Just one man, there was no need to worry about.

Yu Qi turned to the woman, checking her condition. Her leg was injured. Yu Qi took out the healing potion and gave it to the woman.

The woman took it and drank it. The potion became to show the effect.

Yu Qi stood up again and faced the men. She never met these men.

"Hey, beauty. Let's go with us. We will treat you well. Of course, in bed." The man said to Yu Qi lewdly.

Hearing this, Long Hui could not hold himself. He rushed to attack the man. The man blocked Long Hui's attack. Another man wanted to help his friend but he could not do it. Because Yu Qi also attacked him.

He was slightly surprised when he blocked Yu Qi's attack. He felt that Yu Qi was very strong. Not many woman cultivators were strong. He did not dare to be careless. He began to fight properly.

Yu Qi could feel that this man was very strong. She took out another sword and began to attack the man.

This time, the man was shocked when he saw Yu Qi use two swords. Not many cultivators could use the two swords at once. If there was, it would not be as smooth as Yu Qi.

The man thought Yu Qi probably had an inheritance. If he got the inheritance, he would be stronger. He must get the inheritance from this beauty.

The man who fought with Long Hui also saw and thought the same as his friend. He wanted to go and help his friend but once again Long Hui pushed him. He never thought this man had some strength.

Yu Qi did not know what the men thought. The man was indeed strong. When he was about to attack Yu Qi again, his hand was bitten by something.

He shouted in pain. He turned and saw a wolf biting his hand. The wolf crushed his bone. The man wanted to stab the wolf but the wolf retreated.

"Where does the monster come?" The man gritted his teeth.

He wanted to treat his hand but he did not have time to do so because Yu Qi already moved to attack him. His speed had been affected due to the pain.

Yu Qi increased her speed. The situation seemed to look better for Yu Qi. The man narrowed his eyes. He could not lose to a woman. It would be a disgrace.

He needed to do it. He quickly took out a vial. A red one. He drank it. The pain stopped and he could feel the power through his body.

Yu Qi's nose twitched when smelling something. She managed to see the vial when the man took it out. Blood? It smelled like blood but something was added to it. She did not know why.

His friend who fought with Long Hui was surprised to see his friend drink the vial. Long Hui had some struggles when fighting with this man. He admitted that this man was indeed strong.

The fighting sword skill would not be enough to defeat this man. He made the decision and took out the gun. The man laughed.

"What's with that? Such a tiny weapon. How could it help you?" The man laughed seeing the weapon in Long Hui. He did not recognize the weapon.

Long Hui did not say anything. He wondered why this man did not recognize the gun in his hand. But never mind, it was a good thing that he did not know about it.

Long Hui pointed the gun at the man. He shot the man. The man did not know what Long Hui wanted to do. So, he stayed still. He did not know that the move would make him regret the decision.

The bullet hit the target. Long Hui had aimed it at the man's heart. The man was shocked when he felt the pain. He wanted to treat the wound as soon as possible. He also took out something.

Long Hui shot again. This time, his aim was the thing that the man took out. It was the same thing as his friend's drink. The vial bottle broke and its content flew down.

1430 Chapter 1430

The man was shocked. He eventually became weak and died on the spot. He could not believe that he would die like this.

The man who fought with Yu Qi was shocked to see his comrade slowly fall to the ground. It was his brother. The sworn brother that had been together with him since he was little.

"You bastard!!!" The man shouted in anger.

He ignored Yu Qi and rushed to attack Long Hui. He was so fast.

"Aoi, block him." Yu Qi shouted.

Yu Qi knew that if this man attacked Long Hui like this, Long Hui would be seriously injured or worse, died.

Aoi blocked the man. He kicked the man. The man stopped.

"So, this monster is yours." The man looked at Aoi.

He thought this wolf was a monster. Turned out it was the contracted beast. No wonder the monster bit him. He was angry.

He started to move again. His target right now was Long Hui. Yu Qi needed to do something. Then she remembered something.

She did not waste any time and threw it to the man. Then, the man suddenly fell down. He could not move his leg.

"What have you done? What do you do to me?" The man shouted. He knew that these people did something to him.

Yu Qi was relieved that her poison worked on this man.

"Hey, talk to me." The man shouted again.

"I poisoned you. Are you satisfied?" Yu Qi rolled her eyes. "Brother Hui, can you tie him up?"

"Sure." Long Hui nodded.

Yu Qi approached the woman again.

"Are you okay?" Yu Qi asked.

"Yeah. Thank you." The woman said while her eyes lingered on Long Hui.

Yu Qi narrowed her eyes. "Can you tell me what just happened? Why do these men attacking you?"

Long Hui finished tying the man and returned to Yu Qi's side. The woman's eyes still did not move from Long Hui.

"I am asking you some questions here." Yu Qi stated.

"Oh, I am Ling Su Liu. Well, they saw me and wants to do something horrible to me. When I am fighting with them, I noticed they are evil cultivators." Ling Su Liu's looked at Long Hui.

"Evil cultivators?" Yu Qi did not understand.

"Huh? You don't know?" Ling Su Liu was surprised when seeing Yu Qi did not understand what she meant by 'evil cultivators'.

"Yes. We don't know." Yu Qi shook her head.

Ling Su Liu was curious why these people in front of her did not know about evil cultivators. Well, she also did not know these people. She never saw them. She thought these people were probably new cultivators.

"Well, evil cultivators used evil cultivation methods to increase their strength. For example, drinking human blood." Ling Su Liu explained.

"I see." Yu Qi nodded.

"Can I know your name?" Ling Su Liu asked.

"I am Tang Yu Qi and this is my fiancée, Long Hui." Yu Qi introduced themselves.

"What? Fiancée?" Ling Su Liu was surprised.

"What? Is there any problem?" Yu Qi tilted her head.

"Oh... No... Nothing." Ling Su Liu gave a dry smile.

"Since you are fine, we will go first." Yu Qi excused themselves.

"What? Wait?" Ling Su Liu shouted.

pAn,Da n<0,>v,e1 She thought that they would invite her to travel together. She did not expect this girl wanted to leave her alone.

"Yes?" Yu Qi asked.

"Can I travel with you?" Ling Su Liu asked. She did not look at Yu Qi but at Long Hui with pleading eyes.

Long Hui saw this and ignored her. He played with his beloved Qi Qi's hand.

Yu Qi displayed a smile. "Sure... But we do not guarantee your safety. And just until you meet other people."

Ling Su Liu was happy.

"Aoi, let's go." Yu Qi called Aoi.

"Is that monster? Why does it follow us?" Ling Su Liu was afraid to see Aoi approach them.

"He is not a monster. He is my contracted beast." Yu Qi corrected it.

"Oh... I see." Ling Su Liu nodded.

So, they began exploring the miracle space with an additional person. Yu Qi already informed Aoi and Shino to keep quiet. If they wanted to say something, they just needed to talk to her through telepathy.

Aoi and Shino understood. The usual contracted beast could not speak human language. If people knew about that, it would be commotion. Their master hated that.

They found monsters and defeated the monsters right away. Actually, it was only Yu Qi and Long Hui who defeated the monsters. Ling Su Liu could not do anything because she was not fast enough.

Then Ling Su Liu was shocked to see Yu Qi and Long Hui dismember the monsters. She almost vomited watching them do the work.

"Why do you do this?" Ling Su Liu could not help to ask.

"We are collecting the cores to sell." Yu Qi said.

Ling Su Liu remembered that the monsters had their own cores. And there was a demand for the cores. Selling the cores... She already made the conclusion that these people were from poor families.

Usually, the cultivators came to the miracle space to increase their strength and skill. They would not care about the cores. If someone collected the cores here meaning they needed money desperately.

Ling Su Liu changed her view. She hated poor people. Even though she was not from four great family, she still had money to use.
