

Intelligent 1451

1451 Chapter 1451

"The monsters... They did not attack everyone. They seemed just to attack some people. They even ignored my attacks." Yu Qi explained.

Others began to think about that. They also thought the same.

"To think about, yeah... It is really like you say." Dian Zin Fang nodded.

The monsters did ignore some of them.

"But why?" Dian Shu Xian wanted to know about that.

Everyone was silent. They did not know the reason.

"The monsters already died. Why do we need to think about that?" Bucong Jiye snorted.

"Stupid. It is to prevent something like this to happen again. Can't you think?" Yu Qi directly called Bucong Jiye stupid.

"How dare you call me stupid?" Bucong Jiye shouted.

"There is nothing wrong with calling a stupid person, stupid." Dian Qi Qi added more to the injury.

Bucong Jiye felt angry and wanted to beat Dian Qi Qi but Ling Su Liu pulled Bucong Jiye.

"Calm down. You are still injured." Ling Su Liu said.

Bucong Jiye was indeed injured in the battle.

"What is the difference?" Dian Zin Fang was seriously thinking about that.

"Hey, do you take some of the treasure earlier?" Yu Qi asked.

"No." Dian Ren Qi shook his head.

"I didn't take it either." Dian Shu Xian also answered.

"Those treasures are of no use to us. Why bother?" Dian Zin Fang said.

Some of the Dian family members also answered the same.

"How about you?" Yu Qi asked Bucong Shuye.

Bucong Shuye was a little bit surprised when Yu Qi suddenly asked him a question. He managed to answer it. "I didn't take it."

Yu Qi thought about the possibility. "It seems people who took a treasure had become targets for the monsters."

"What?"

Everyone was shocked.

"Well, when we think about it, it makes sense." Dian Ren Qi nodded several times.

"Humph, that is only your assumption." Bucong Jiye said.

"Sister Yu Qi, I believe what you say." Dian Qi Qi smiled at Yu Qi. She then turned to Bucong Jiye. "You can believe if you want. We don't force you or anything."

"It is better if you guys leave the treasure." Dian Zin Fang suggested.

Dian's Family members who took the treasure immediately throw them away. They would follow the young master's order. They still wanted to live.

"Humph... Like I want to follow your order." Bucong Jiye rolled her eyes.

"That's great. We can prove the theory when the next monster appears." Dian Qi Qi smiled.

"You!" Bucong Jiye gritted her teeth.

"Bucong Jiye, leave your treasure here." Bucong Shuye ordered.

"But..." Bucong Jiye wanted to protest. She finally found the treasure that she wanted, but now she needed to leave it. No. She did not want that.

"I don't mind. But remember, your life is at stake. I will not help you if you are in danger." Bucong Shuye reminded Bucong Jiye.

Bucong Jiye took out the treasure and threw it away. She sulked after that.

Well, Bucong Shuye made it sound harsh but it was for Bucong Jiye's own good. If the monster really attacked people who took the treasure, it might save her life if she had been attacked and was alone.

"Guys, look at the pool." Someone shouted.

Everyone looked at the pool. They thought other monsters appeared from it again. They were on standby to fight again. But they were dumbfounded when they saw the black water had been changed into clear crystal water.

They even would see the bottom. It was not the pool and a lake. That could be assumed when seeing the bottom. There were other biological creatures such as fish or plants at the bottom of the lake.

Yu Qi approached the lake. She touched the water once. Nothing happened. 'Great.' She smiled. With that, she cleaned the blood on her hand. It was the monster's blood.

"Hey, what are you doing? What if those monsters come back?" Ling Su Liu asked in a panic.

"If they come back, someone with the treasure would be attacked. You do not happen to hold a treasure, right?" Yu Qi smiled.

Ling Su Liu gulped. However, she managed to calm down. "It is just your theory. We still don't know about that."

"Yeah... Whatever you say. I just want to wash the blood on my hand. You are lucky that you are so clean." Yu Qi said.

Well, only Ling Su Liu and Bucong Jiye looked very clean without any blood on their hands. That was because they did not kill any monster at all. Others did for them.

"I want to clean my hand too. It is stink." Dian Qi Qi said.

With that, other people started to clean their hands using the lake water. They were relieved when seeing nothing happen even after time passed.

Some of them went to drink some of the water because they were thirsty. They had finished their water supply.

"This water is very sweet."

"What? Really?"

"Yeah. You can taste it."

"Hmm... You are right."

They even filled their bottle with water from the lake.

It seemed that the water turned black because of the monster. Since the monsters had disappeared, the water turned crystal clear.

"Hey, look. There is another door." Someone shouted.

They turned to see a different door. It seemed that it appeared when they were having the discussion earlier. It was the same pattern as the previous one.

1452 Chapter 1452

Everyone pushed the door to open but it did not budge at all.

"Ms. Tang, can you try to open this door?" Someone gestured it to Yu Qi.

"Humph! Why are you asking her? Not like she would be lucky all the time." Bucong Jiye snorted.

The person who asked Yu Qi earlier had a slight change in his expression. Then he smiled. "Then will Young Miss Bucong do it?"

Bucong Jiye was dumbfounded. "Why should I? Why should I do all the work when you will enjoy my hard work?"

"Young Miss Bucong, if that's the case, you should not be here. Earlier, it was Ms. Tang's effort that open the door." The man said.

This man was from Dian Family. He was not afraid of the Bucong Family

Bucong Jiye did not have anything to respond to. Ling Su Liu sighed. This girl... Did her IQ decrease? At a time like this, Bucong Jiye should be silent.

Seeing Bucong Jiye finally shut her mouth, everyone was relieved.

"Ms. Tang, do you want to try now?" The man asked.

"Sure." Yu Qi nodded.

She walked in front of the door. Long Hui already walked beside her.

Yu Qi touched the door as she did on the first one. However, nothing happened.

"See. I told you. She would not be lucky all the time." Bucong Jiye smirked.

This time, Long Hui also touched the door with Yu Qi. Then a sound could be heard. The sound where the door was moving. Yu Qi turned around and looked at Long Hui in surprise. Long Hui also looked surprised too.

"What is happening just now?" Dian Ren Qi asked.

"The door opened when they put their hands together, right?" Wan Yang Mi smiled.

"Wait, Long Hui is just a person from the outside world, right? How could a person from the outside world influence the white building?" Dian Qi Qi whispered to Dian Shu Xian.

"Do you forget that Yu Qi is also from the outside world?" Dian Shu Xian asked.

"But she has blood from our family." Dian Qu Qi said.

The two siblings looked at Yu Qi and Long Hui.

"The room is opened. Let's go and enter the room." Dian Ren Qi made the statement.

With that, everyone entered the room. The first thing that they saw was a large number of weapons.

"Oh, my God... This... This..." Bucong Nanyi's eyes lifted.

He wanted to grab the weapons.

"Someone did not learn his lesson." Dian Qi Qi stated.

Bucong Nanyi's movement stopped.

"Qi Qi, you should let him take the weapon. Why bother?" Dian Ren Qi sighed.

"Oh, I forget." Dian Qi Qi also sighed.

The previous scene played inside Bucong Nanyi's head. Whoever grabbed the treasure would be attacked by the monsters. Maybe it was the same here.

"Hey, look up." Yu Qi suddenly said to everyone.

Everyone looked up. There was writing on the ceiling.

"Hmm... What is this?" Dian Qi Qi did not understand what was written on the ceiling.

"Sister Ling, do you understand?" Bucong Jiye asked.

"No." Ling Su Liu stated.

"Congratulation to those who managed to come to this room. You can take the weapon that you like. But remember only take one. Otherwise, you will die."

Wan Yang Mi, Yu Qi, and Bucong Shuye read the words at the same time.

"What? Really? We can take one?" Bucong Nanyi sounded very happy.

"Hmm... That was written on the ceiling." Bucong Shuye nodded.

"Wow, Yang Mi, you can understand this?" Dian Ren Qi looked at his girlfriend.

"Hmm... I learn it before. This is an ancient language." Wan Yang Mi nodded.

"By the way, how does Yu Qi understand the word too?" Dian Shu Xian asked. He looked at Yu Qi. "Do you learn it before?"

"Hmm... I guess." Yu Qi gave a vague answer.

To be honest, Yu Qi also did not know how she could understand the language. She just saw it and understood it. However, she did not want to say it because it would invite more trouble. It was better to say that she learned it before.

Because of the statement, everyone began to find a weapon that was suitable for them. Yu Qi and Long Hui just looked around without any intention to take one.

Long Hui seemed to understand Yu Qi's thinking. This room was more like Yu Qi's weapon room but in a smaller size. Yu Qi's weapon room was much bigger than this. Not to mention, it also had modern weapons.

-n0ve1、 com "Sister Yu Qi, which one do you want to take?" Dian Qi Qi asked.

"Hmm... I don't know yet." Yu Qi said.

"To be honest, I don't interested to take one." Dian Qi Qi said.

"Why?" Yu Qi asked.

"Because I don't think I will use it. You know, our family lives in the outside world." Dian Qi Qi mentioned.

"I suppose you are right." Yu Qi nodded.

"But I will find something to take. Well, I will think more like a souvenir from the miracle space. Since when the next miracle space will open, I can not enter it anymore." Dian Qi Qi grinned.

That was right. The next miracle space would be opened in the next ten years. At that time, Dian Qi Qi would be over thirty years old. She could not enter it anymore because of the age restriction. The cultivation world already made a rule stating that only cultivators under thirty years old could enter the miracle space.

Not only the people were excited to see the weapon even the contracted beasts were the same especially Rukh and the red fox. Shino and Aoi were not as excited as they were.

'Master, can I choose one?' Rukh asked.

'Sure. I don't mind. But how are you going to use it later?' Yu Qi gave freedom to Rukh to choose but she was also very curious about how Rukh was going to use it.

Most of the weapons were designed for humans, not for contracted beasts.

'You don't need to worry about that.' Rukh stated.

'Okay.' Yu Qi nodded.

"Qi Qi, let's choose something for your great-grandpa, grandpa Dian, and Grandma Dian." Long Hui suggested.

"Owh, yes. That is a good idea. Even though they will not be using them so often, it would be great to get them souvenirs." Yu Qi nodded.

So, they began to choose the weapon. Since they only could take one, she also asked Shino and Aoi as well.

After searching for a while, they finally got what was suitable for the elders.

"Hey, is it over? Will we be transported out?" Bucong Nanyi asked Bucong Jian.

"How do I know about that?" Bucong Jian said.

The moment everyone chose the weapon, the white light surrounded them and almost blinded them all. They automatically closed their eyes.

After a while, they slowly opened their eyes. The surrounding had been changed. This place was totally white. Nothing was around.

"Someone is greedy." A voice resonated in that place.

Everyone became alert and looked around.

"Someone is greedy." The same thing could be heard again.

"What does it mean?" Ling Su Liu frowned.

"Someone is greedy." It was the third time the voice stated the same thing.

"You need to be punished." Now it said something different.

The next moment made people scream in fear. A lightning bolt struck someone. That someone could not do anything, accepted the lightning bolt.

"What?"

"What?"

"Why?"

Yu Qi went to the person who was struck by the lightning bolt and checked him.

"He died." Yu Qi stated.

Everyone was shocked. They did not know why this happened. Then the same thing happened.

"Someone is greedy."

The voice said the same thing again. This time only one statement and the lightning struck someone again.

"Ahhhh!!!"

"Brother!!!!"

A man and a woman shouted at the same time grieving the struck man. Everyone was silent.

"Hey, did your brother take more than one weapon from the previous room?" Yu Qi suddenly asked.

The man showed a shocked expression. His brother indeed took more than one weapon from the previous room. His brother even showed him the weapons that he took. He then remembered the warning words on the ceiling.

"Yes." The man slowly nodded.

"Fool." Bucong Nanyi said.

"Then, he deserves it." Bucong Jiye snorted.

"That one must have done the same thing." Ling Su Liu pointed to the first man.

The man and the woman who saw their brother die could not retort the statement. Their brother was on the wrong side.

"Someone is greedy." The voice said then.

BANG. The lightning struck someone again.

"Ahhh... My brother." A man rushed to him. "Why are you being foolish grabbing more than what was allowed?" He cried.

The third death made people who did the same thing afraid. Then some of the people took out the weapons and threw them away.

"Please. Don't kill me. Here, I returned them.".

"Me too. I swear nothing more."

"Please forgive me."

A lot of people did the same thing. So, a lot of people did not listen to the warning and took more than one weapon. They were indeed greedy.

They were waiting for the voice to appear again. After a while, the place was still silent. So, they realized the trick was working. However, they also noticed that they also lost the weapon that they chose.

"My weapon is missing."

"I only took one."

They shouted. Yu Qi and others also checked the weapon that they chose. It was still with them.

So, only the greedy ones had their weapons taken away. It was good enough for them. At least they would not be leaving their lives here.

"Next time, don't be so greedy." Dian Qi Qi stated.

"So, what are we doing here?" Bucong Jiye looked around.

Once again, the white light surrounded them. They opened their eyes and they were already in different places. Right now, they were standing in front of two statues.

They could see that the statues belonged to a man and a woman. It must be the owners of this building.

Yu Qi and Long Hui paid their respect to the statues. Others began to follow their action as well. They thought this place must be the last part of the white building.

It must be where they could get the inheritance from the white building. It was their dream to get an inheritance from miracle space.

"Senior, we are sorry to disturb you." Yu Qi said.

"Welcome back." A voice appeared.

Yu Qi was shocked and looked around. Everyone seemed not to hear the voice. She thought it must be her imagination.

pAn,Da n<0,>v,e1 "It must be thousands of years ago. I finally see my reincarnation." The same voice appeared again.

This time, Yu Qi was sure that she was not imagining things. She could hear the voice correctly. And it was confirmed that people around her could not hear the voice.

1454 Chapter 1454

"Who are you? What do you mean by your reincarnation?" Yu Qi decided to ask.

"I literally mean it." The voice said.

"You mean you are me and I am you?" Yu Qi asked again.

"Yes. Indeed." The voice answered again.

"This statue in front of me is you?" Yu Qi wanted to know more.

"Yes." The voice confirmed it.

"I don't know anything." Yu Qi stated.

"Don't worry, I will tell you everything. Yes, everything. Start by the beginning." The voice said.

Yu Qi was cut from her surrounding.

"Hey, look at Sister Yu Qi. Does this mean she's going to inherit from the white building?" Dian Qi Qi pointed at Yu Qi to Dian Shu Xian.

Yu Qi was in a standing position. But she seemed to be floating.

"I guess." Dian Shu Xian slightly smiled.

Everyone looked at Yu Qi.

"What? Why does she get to be chosen?" Bucong Jiye felt unhappy to see Yu Qi like that.

Ling Su Liu also felt like that. She was jealous of Yu Qi's achievement. Then, Bucong Shuye was also floating but he was in a sitting position. Different from Yu Qi.

"Look at Brother Shuye. He also has been chosen too." Bucong Nanyi said in a happy tone.

"Yeah. Someone like Brother Shuye would definitely be chosen. It would be strange if he was not chosen." Bucong Jiye stated. She then glanced at Dian Qi Qi. "Hey Dian Qi Qi, I don't see someone from your family has been chosen. What a pity."

Dian Qi Qi did not have time to answer. Right away after Bucong Jiye finished her sentence, Dian Zin Fang was also chosen. Then Ayu who was beside Dian Zin Fang also sat in the same position.

One by one, Huo Jinxi from Hou Family, Jiang Shu Nan, and Qiu Wang had been chosen.

"Why am I not chosen?"

"I also want to inherit something from the white building."

Then the last person who got to be chosen was Long Hui. However, he was not sitting like others but standing like Yu Qi.

"Why are these two different from than others?" Dian Ren Qi looked at others, Yu Qi and Long Hui.

"We just need to wait and ask them about that." Dian Shu Xian stated.

....

Yu Qi woke up and looked around. It is not the last place that she had been. It seemed it was a girl's bedroom. She was sitting in the bedroom. Everything looked ancient here.

Yu Qi stood up and went to the copper mirror. Even though it was a blurry image, she could see that it was not her face. It was a young woman's face. It was indeed beautiful.

"Junior sister Yue, why are you still in bed? Let's go out." A man barged into the room with a smile.

Yu Qi wanted to ask something but she could not say anything. However, she was shocked to see that her mouth moved by itself.

"Yes. I am up. Don't tell Senior Brother Xia that I am late."

"Sure... sure... I will take care of my junior sister." The man nodded. "Let's go out."

Yu Qi's body moved following the man. Yu Qi was shocked to see the surrounding. This place looked very magical. She did not know where this place was.

However, Yu Qi seemed to understand something. She was in someone's body. And she did not have any control of this body. She was just here to experience what this body did.

Then they arrived at the building. Yes, all of the buildings here looked ancient. She felt like she was in an ancient drama set.

"Our junior sister is here."

Yu Qi was welcomed by the other two men.

"Senior brother Wei, Senior Brother Lin." Yu Qi was smiling. She looked around and whispered to them.

"Where is Senior Brother Xia? He is not here yet?"

"I am behind you." A voice appeared behind her.

Yu Qi turned around and shouted. "Good morning, Senior Brother Xia."

"Hmm... Go and take the sit. Master will be here soon." Senior Brother Xia said.

-nOve1、 com Yu Qi finally looked at the man. She was shocked. This face was very familiar to her. It was Qin Xia. The same Qin Xia. She wanted to say something but she could not do it again.

They got seated and an old man that they called Master arrived. It seemed that the old man was their teacher. Yu Qi seriously did not understand what had been taught by the old man.

However, it seemed her body understood. Meaning, her theory about her just being inside this body to experience everything that this body did was right. But what was the aim? Why does she is trapped inside this body?

First of all, how did she end up here? She finally remembered something. She was talking to the status inside the white building.

'What, does this mean this is her previous last life?' That statue did state that she was her reincarnation.

"Junior Sister Yue, don't daydream. This class has ended. We need to go to another class." Senior Brother Lin patted Yu Qi's forehead.

"Oh... I am sorry. I don't know why I feel so blurred just now." Yu Qi smiled. "Well, let's go to my favorite class."

"I know Junior Sister Yue's taste." Senior Brother Wei laughed.

It was an arena. It was a fighting class. Yu Qi had been partnered with Senior Brother Rui, the man who barged into her room earlier.

1455 Chapter 1455

"Junior Sister Yue, please be gentle today." Senior Brother Rui or Qian Rui saluted Yu Qi when they were facing each other.

"Senior Brother Rui, don't be like that. We need to listen to Master. Don't hold back." Yu Qi smiled while cracking her fingers.

Qian Rui gulped. He knew that today would also be the same as always. So, they started sparring with each other.

"Rui, you should practice more." Senior Brother Lin, Lin Shu laughed when seeing Qian Rui laying on the ground after being knocked out by Yu Qi.

"Yeah... yeah... Tomorrow is your turn to be Junior Sister Yue's sparring partner, right?" Qian Rui gritted his teeth while struggling to stand up.

Lin Shu coughed several times. He totally forgot about that. Indeed, he would suffer the same thing as Qian Rui.

"Stop whining and go treat yourself." Qin Xia said to Qian Rui. Then he turned to Yu Qi while smiling and patting Yu Qi's head. "Good job. You can do more."

Yu Qi who had no power to control the body smiled innocently at Qin Xia. "Yes. I intend to do so."

Qian Rui smirked at Lin Shu when he heard that. He was feeling great knowing that Lin Shu would suffer the same fate as him.

Senior Brother Wei or Wei Jun patted Lin Shu, feeling sympathy for Lin Shu. "Don't worry. It is the same thing."

Yeah, after their Junior Sister Yue joined in under their master, they suffered the same fate. The only one who escaped that fate was Qin Xia.

Their Junior Sister Yue could not beat up their Senior Brother Xia. Their fight always ended with a draw. However, everyone including their Junior Sister Yue knew that Qin Xia was much stronger than them.

Qin Xia just could not bear to beat up their Junior Sister Yue. That was why their fight ended up in a draw.

Yu Qi's body returned to her courtyard. Yu Qi came to understand something. This body belonged to a woman named Qin Yue. She was a disciple under a master named Tang Moting, an immortal.

Tang Moting only had 5 disciples including Qin Yue. She was the youngest of the disciples. Everyone here doted on her. That also included her master, Tang Moting.

Yu Qi remembered that the statue told her that she would understand what the statue meant by reincarnation. 'Does this means this Qin Yue was her past her?'

"Pish... Pish..."

Yu Qi heard something and turned to the window.

"Junior Sister Yue, come. The line is clear now. We should go now." Qian Rui whispered.

"Wait for me. I will change my outfit here. Wait for me at the Bian entrance. So, get lost for now." Qin Yue said.

Author: I will use Qin Yue's name when the situation is about Qin Yue.

"Sure... Sure.." Qian Rui rolled his eyes and left.

Qin Yue changed her outfit wearing a man's clothes. It seemed the behavior was quite often because she had a lot of man's clothes.

Qin Yue walked to the Bian Entrance cautiously. She did not want to meet with others. Because she knew that they would be punished because of this.

Qin Yue and Qian Rui were planning to leave the mountain and go to the market. She safely arrived at Bian Entrance. She saw Qian Rui.

"Let's go. We are late." Qin Yue said.

"Yeah." Qian Rui nodded.

So, they descended from the mountain using their swords. Twenty minutes later, they arrived at the foot of the mountain. They walked for about thirty minutes and arrived at the market.

Yu Qi felt that she had been in this situation before. Even though she knew that it was impossible. But she did not know why she felt like that.

It seemed Qin Yue and Qian Rui came here to sell medicine. Qian Rui began to promote the medicine.

"Oh, you come again. Thank you. Thanks to you, my father is getting better." A woman came and thanked Qin Yue and Qian Rui for saving her father.

With this woman, the onlookers began to approach Qin Yue and Qian Rui. They wanted to ask about the medicine.

Qin Yue was glad to explain everything about the medicine they were selling.

After a while, the medicine sold up.

Yu Qi blinked for a second. When she opened her eyes back, the situation had changed. She was currently running. Yu Qi was confused. So she waited.

Qin Yue arrived at someone's courtyard. She barged in.

"Senior Brother Xia, I have something to say." Qin Yue shouted.

"Junior Sister Yue, don't barge into someone's place like this next time." Qin Xia advised but obviously in a doting tone.

"Okay... Okay... I have something to say to you." Qin Yue stated.

"What is it?" Qin Xia asked.

Qin Yue grabbed Qin Xia's hand. Qin Xia felt something making him close his eyes. When he opened his eyes back, everything around him changed.

"This... This..." Qin Xia was shocked.

The air here was pure and very suitable to the cultivators. He looked around. He was confident that he did not recognize this place.

"Where is this?" Qin Xia asked.

"Sere. My space. I created it. How about that?" Qin Yue was waiting for Qin Xia to comment about this place.

Qin Xia was obviously shocked when he heard this. "Sere? You made this?"

"Hmm..." Qin Yue nodded. "How is it?" She was still waiting for Qin Xia to say something.

1456 Chapter 1456

Qin Xia looked around, looking shocked.

"You made this?" Qin Xia asked.

"Hmm... I did. Amazing, right?" Qin Yue smiled. She expected Qin Xia to praise her.

"Hmm... It is indeed amazing. My junior sister is very powerful in creating such a powerful artifact. Is this what makes you stay in your courtyard for about 3 months?" Qin Xia chuckled while making the assumption.

"Hmm... Yeah. This artifact is very hard to make. It takes a lot of power and material." Qin Yue pouted.

Not anyone could create another small world like this. Even if he got the power and the material, he was still not sure that he could successfully create a small world like Qin Yue's.

"Who else have you already talked about this place?" Qin Xia asked.

"Only you and master. Master is the first person that I showed Sere. He praised me too." Qin Yue was excited. "I plan to tell everyone later."

"Great but others than us, don't tell anyone else okay?" Qin Xia asked Qin Yue to promise one thing.

"Huh, why? Master also says the same thing." Qin Yue could not understand that. Why should she hide this?

"You will understand later." Qin Xia said.

"Okay... I promise not to tell anyone else about that." Qin Yue nodded.

Qin Xia sighed. His junior sister was still innocent and naive. Artifacts like this could attract people. People could kill for artifacts. Not to mention, this artifact was a class one.

He was sure that their master also thought the same. That was why their master told Qin Yue to keep it secret.

Yu Qi looked at this place. The place that she was very familiar with. Her space, Sere. From the conversation, she could conclude that Qin Yue was the person who created the space,

'Does that mean she was the creator?' Well, she was still not sure about that.

....

The scene changed again. Now, Qin Yue was at the market. This time, she did not sneak out with her Senior Brother Rui.

She actually followed her Senior Brother Xia and her master buying something at the market. That was what her senior brother said.

pAn,Da n<0,>v,e1 She obediently followed those two men. However, she still wore the man's clothes. It was Senior Brother Xia and her master's wish.

They entered a restaurant. The waiter brought them to a private room. There were already people inside the room. Her master knocked on the door.

"Hmm... You can enter." The people inside the room asked.

Her master opened the door and entered the room followed by Qin Xia and Qin Yue.

"Tang Moting, long time no see." A bearded man said to her master while playing with his beard.

"Hmm... " Tang Moting nodded.

"Oh, a new face. Is he or should I say she, your new disciple?" The bearded man asked while looking at Qin Yue.

Qin Yue was surprised when the bearded man could guess her gender right away.

"Hmm..." Tang Moting acknowledged.

"Wow, you accepted a female disciple?" The bearded man was so surprised to hear this. "If those families know about this, they would see their daughter be your disciples."

"No. She is my last disciple. I would not accept another disciple again." Tang Moting stated.

"Ho... Ho... Ho... This girl must be a very talented one." The bearded man looked at Yu Qi while playing with his beard. "This is also my new disciple. Xie Likui."

The man called Xie Likui saluted and saluted Tang Moting and his disciples. Tang Moting just nodded without commenting anything.

Qin Yue looked at Xie Likui. This man's look was parred with her senior brother, Qin Xia.

"You are still young." Qin Xia said out of a sudden.

"Huh? What do you mean by that?" Qin Yue was a bit confused as to why Qin Xia suddenly said that to her.

"It is good that you still don't understand." Qin Xia slightly smiled.

"But Senior Brother Xia, that man is very good-looking like you." Qin Yue praised Xie Likui.

Qin Xia's smile disappeared. It was good that her junior sister praised him but why did she praise that man too?

"Good. I will do that." The bearded man laughed loudly.

Tang Motong maintained his otherworldly look. "Since the matter is settled, I will leave first."

Tang Motong stood up and signaled his two disciples to follow him.

"Can we have lunch together?" The bearded man asked.

"We are not free." Tang Motong rejected it right away.

"Yeah... Yeah... You can go." The bearded man waved his hand.

"Qin Xia, you will be in charge next." Tang Motong stated.

"Yes, Master. This disciple will do it." Qin Xia accepted it without saying anything else.

Qin Yue who did not listen to the earlier conversation was confused about the order. However, she did not say anything at this time. She intended to ask about that later.

"Master, where are we going now?" Qin Yue asked.

"We are going back." Tang Motong stated.

"What? At this time? It is still early. Why don't we go to the market? It is the peak hour right now. They are selling a lot of things right now." Qin Yue stated.

She did not want to return this early. Then she saw a shop that sold artifacts.

"Let's go inside this shop. It has a lot of good stuff." Qin Yue said with shining eyes.

Qin Xia and Tang Motong looked at Qin Yue with narrowed eyes.

1457 Chapter 1457

"Why are you looking at me like that?" Qin Yue asked.

"How do you know that this shop sells treasure?" Tang Motong looked at Qin Yue.

Qin Yue's lips were clamped together. She did not expect her eagerness to tell something like that would lead to this.

"Master is asking you. Why are you not answering?" Qin Xia asked a question too.

"Well..." Qin Yue's mind worked so hard right now looking for an excuse. "Senior Brother Rui took me out. It is so fun."

Qin Yue blamed her senior brother for this. Well, she did tell a truth. But Qian Rui only took her out for the first time.

After that, she was the one who pulled Qian Rui to sneak out. 'Senior Brother Rui, I am sorry. Please forgive your cute little junior sister.' She apologized to Qian Rui in her mind.

"I guess you guys had a lot of free time. I will increase your learning time later." Tang Motong stated.

Yu Qi who watched this from Qin Yue's view could feel that Qin Yue had a good life with her master and senior brothers.

Then the scene changed again. Right now, they were gathered at an arena. Yu Qi could see that everyone was shouting and cheering. It was the same as when they were having martial art competition.

"Junior Sister Yue, Senior Brother Xia, and Senior Brother Lin would participate in this competition. Let's cheer for them, okay." Qian Rui stated.

"Hmm..." Qin Yue nodded.

This competition was a friendly competition. There were ten competitors. Her master met the bearded old man two months ago because of this competition. The bearded old man asked her master to provide a prize for this competition.

After they returned to the mountain peak, her master asked her about giving the artifact that she made for the competition. Qin Yue did not have any objection, so, she agreed. She could make another one if she wanted. Her prize was made into the second prize in this competition.

Qin Xia was in first place followed by Xie Likui in second place. Meaning her artifact would be going to Xie Likui. Qin Yue felt happy that her artifact went to someone as handsome as Xie Likui.

Qin Yue wanted to leave but she collided with someone. "Sorry."

"Never mind. I am also sorry." It was a girl who collided with Qin Yue.

Yu Qi was trembling when she heard the voice. Yu Qi looked at the girl. The fact that she could not forget. Fung Meng Xuan, the one who killed her.

"This uniform is Sir Tang's disciple, right?' The girl asked.

"Hmmm... I am his disciple." Qin Yue nodded.

"I see. By the way, I am Fung Yinluo from Fung Nan Family. What is your name?" Fung Yinluo asked.

"My name is Qin Yue. Nice to meet you too." Qin Yue smiled.

'Is Fung Meng Xuan Fung Yinluo's reincarnation?' Yu Qi tried to ask the voice.

'Yes.' The voice said.

Yu Qi was shivering. 'What about Qin Xia?'

'Qin Xia never died.' The voice stated.

Qin Xia never died. Meaning he had been living such a long time. No wonder people from the cultivation world called Qin Xia, the ancestor.

If Qin Xia did not die, what about the others? Senior Brother Rui, Senior Brother Lin, Senior Brother Wei, and her master, what happened to them?

'You need to watch everything first.' The voice said.

From this, Yu Qi could see that Qin Yue became a good friend of Fung Yinluo. She also was allowed to step into Long Mountain which only the disciple of Tang Motong could enter.

Tang Motong gave his permission after thinking about Qin Yue. He obviously doted on this disciple.

Yu Qi was very flustered seeing this situation. Qin Yue was getting close to Fung Yinluo.

The scene changed again. This time, Qin Yue was in the forest. She was alone, walking around. She saw a monster and killed it right away. After that, she took out the core.

Then, she heard a rustling sound. She became alert. From the bush on her side, appeared a man from the bush. He was running away from a giant size monster.

Qin Yue's eyes lifted up. 'The material must be good.' The stronger the monster, the greater the core. It was her chance to get her hand on great material. She attacked the monster right away.

The monster was very tough. Not only tough, but the monster was very agile. She spent almost half an hour to defeat the monster.

Qin Yue remembered the running man. She looked around to see the man. After looking around, she saw a man laying on the ground, unconscious. She rushed to the man's side to treat him.

However, she was surprised to see who the man was. It was Xie Likui. Without wasting any time, she took out the medicine and poured it into Xie Likui's mouth.

The medicine did not enter Xie Likui's mouth properly. At this rate, he would lose his life here. It would be sad.

Staring at the medicine and Xie Likui's mouth, Qin Yue made the decision. She poured the medicine into her mouth and kissed Xie Likui, forcing the medicine into Xie Likui's mouth.

Latter she knew that Xie Likui regained consciousness the moment she kissed him. He realized that he had been kissed but could not do anything. He fainted again.

1458 Chapter 1458

Qin Yue felt that she should bring Xie Likui to a safe place. So, she lifted Xie Likui around to find somewhere safe from the monster.

She was lucky to find a cave. She placed Xie Likui on the ground. She took out something from her space to make a bed for Xie Likui. After making Xie Likui comfortable, she went to light up the fire.

She was hungry. So, she cooked something for herself. Thinking about Xie Likui, she also ended up making something soft like porridge for him.

She heard Xie Likui making some sounds. She went to see his condition. She thought he was waking up but turned out he was just having nightmares.

She tried to wake him up but he did not wake up. She put her hand on his forehead and used her mental power to calm down Xie Likui. Xie Likui finally calmed down and went to deep sleep once again.

She went to eat. The day was already late. Xie Likui was having nightmares again. She approached him again. She wanted to do the same thing as earlier but Xie Likui grabbed her hand. She was surprised.

She tried to pull her hand back but the grip was very strong. She could not pull her hand. Well, she could use her power but Xie Likui would be injured if she did that.

In the end, she just let him hold her hand. So, she ended up sleeping beside Xie Likui.

The new day arrived. Xie Likui woke up. He tried to look around to see where he was right now. But his body froze when he saw a beautiful girl laying beside him.

Automatically, he jumped away from the girl. His movement woke the girl up. He was mesmerized when seeing the beautiful girl opening her eyes. The beautiful girl rubbed her eyes.

"Hmm?" Qin Yue opened her eyes and saw that Xie Likui was sitting away from her. She did not notice anything. "Are you awake now?"

Xie Likui was speechless when this beautiful girl did not feel flustered when seeing a man when she woke up.

"What? Are you still feeling so hurt that you can't even sleep? Let me see your wounds." Qin Yue did not get an answer from Xie Likui. She thought Xie Likui was still hurt.

Hearing the words from the beautiful girl, Xie Likui noticed that his injuries had been healed. This beautiful girl must be the one who saved him.

Qin Yue stood up and approached Xie Likui when she still not got an answer from Xie Likui.

Xie Likui realized the beautiful girl was approaching him. So, he stopped her right away.

"No... I am fine." Xie Likui stated.

"Really?" Qin Yue was not satisfied yet.

"Yeah." Xie Likui nodded. He even moved his hand. "See?"

"Hmm... I guess you are right." Qin Yue nodded.

"Hmmm... Can you give my clothes over there?" Xie Likui said in a shy tone.

"Oh..." Qin Yue finally realized that Xie Likui's upper body was uncovered.

She grabbed the clothes and threw them to Xie Likui. She then turned out. Well, yesterday, she did not pay much attention to today's Xie Likui. She just looked at his wounds.

But now, Xie Likui was conscious. She felt embarrassed about that.

Xie Likui wore his clothes. He remembered that he was fighting with the monster yesterday. The monster's strength was not so bad but their number was crazy.

Due to not paying attention, he was injured by the monsters. He thought he was going to die. Then, he lost consciousness. Then, he remembered that someone was kissing him and after that everything went blank.

Unconsciously, Xie Likui's fingers touched his lips. If he did not mistake, the one who kissed him was this girl right now. He blushed.

"Are you hungry?" The voice of the girl could be heard.

It was not him answering the question but his stomach. His stomach rumbled at the right time.

Qin Yue chuckled. "Come and eat. It is not good to leave your stomach hungry."

Xie Likui coughed. "Okay."

Qin Yue served Xie Likui a bowl of porridge. It was the porridge that she cooked yesterday. Luckily, it was still good and not rotten.

The morning breakfast passed in peace. They were prepared to leave.

"Thank you for taking care of me while I was injured." Xie Likui was very grateful to Qin Yue.

"Hmm... It is fine. If my master knew that I left someone injured like that, he will be mad at me." Qin Yue smiled.

"Your Master, Sir Tang, right?" Xie Likui asked.

"You remembered?" Qin Yue tilted her head.

pAn,Da n<0,>v,e1 "Yes." Xie Likui nodded.

The first time Xie Likui met her, he was surprised when seeing one of the disciples behind Sir Tang Moting was a girl in disguise.

"Where are you planning to go?" Xie Likui asked.

"I am planning to stay for about one week in this forest." Qin Yue still remembered what her purpose was in coming to this forest.

"Are you alone?" Xie Likui asked again.

"Yeah." Qin Yue nodded.

Xie Likui frowned. He remembered that Sir Tang Moting had a few male disciples. Why couldn't they accompany Qin Yue? Xie Likui was worried to leave Qin Yue alone.

If Qin Yue's senior brothers knew about Xie Likui's thoughts, they would roll their eyes. Qin Yue was not a weak person. She even beat up all of her senior brothers except Qin Xia. She would be fine coming to the forest alone.

1459 Chapter 1459

Xie Likui made the decision to accompany Qin Yue. He did not have any important matters to do.

Qin Yue was surprised when she heard that Xie Likui would accompany her. Well, not like she disliked Xie Likui, she indeed liked Xie Likui but it would be hard to access her space when she needed it if Xie Likui was with her.

Qin Yue tried to reject him but Xie Likui did not budge at all. He planned to stick to Qin Yue. Qin Yue gave up trying. If she wanted something from her space, she would try hiding from Xie Likui.

Yu Qi was trembling inside Qin Yue's body. Because she could feel what Qin Yue felt, she smelled something that made her miss Long Hui so much.

'Does Long Hui this man's reincarnation?' Yu Qi asked the voice.

'Yes. He is indeed Long Hui right now.' The voice stated.

-n0ve1、 com Yu Qi was so happy that she had been together with Long Hui in her past life too. Well, not the 'Yu Qi's past life.

During Qin Yue and Xie Likui's adventures together, they had been developing feelings for each other. The forest was their date place. Killing monsters, collecting monsters' cores, harvesting the herbs, and spending time together.

Xie Likui accidentally found out about the space. He was shocked at first but he promised that he would guard the secret for life. Qin Yue fell in love much deeper with Xie Likui.

While they were in the forest, they met with Fung Yinluo and other cultivators too. They already came to the forest to gain experience by killing monsters.

Fung Yinluo was surprised to see them together. She knew Qin Yue and Xie Likui. Both of them were the disciples of famous masters. To be honest, she had been in love with Xie Likui after he won second place in the last competition.

She wanted to get to know Xie Likui but she did not have a chance to do so. Actually, she thought she got a chance to get to know Xie Likui better when she saw Xie Likui in the forest. She thought he was alone. Until she saw Qin Yue.

She could see that Xie Likui was very close to Qin Yue. He treated Qin Yue in a special way. She even saw Xie Likui smile sweetly at Qin Yue. He did not smile like that at anyone else. He just gave a polite smile.

Seeing this, she already marked Qin Yue as her enemy. But she did not want to offend the latter because Qin Yue was a disciple of Sir Tang Moting. She heard that Sir Tang Moting doted on Qin Yue so much.

When her family heard that Sir Tang Moting accepted a female disciple, her family wanted to send her too but Sir Tang Moting rejected everyone telling that he would not be accepting disciples anymore. Qin Yue would be the last disciple.

Fung Yinluo and others joined Qin Yue and Xie Likui. Qin Yue treated Fung Yinluo like a friend treated her friends. She had no female friends before. So, she was so happy being friends with her.

Qin Yue began to believe in Fung Yinluo. She even told Fung Yinluo about her space. Fung Yinluo was very surprised by that. A powerful artifact. Why did Qin Yue get everything?

Fung Yinluo told Qin Yue that she would not tell anyone else and kept it secret herself.

After being in the forest for so long, they decided to return home. Xie Likui was reluctant to leave her but he could not hold Qin Yue back.

Qin Yue told him that they could visit each other later. Hearing this, Xie Likui was very happy.

....

"Master... Master... Master!" Qin Yue cried so much.

Her master's death came so suddenly. She did not believe that her master died like that.

"Junior Sister Yue, let's be strong, okay." Qian Rui also cried.

Lin Shu and Wei Jun mourned for their master too. Qin Xia as the oldest disciple of Tang Moting handled everything including the funeral. A lot of people came to the funeral.

Some of the people could not believe that Sir Tang Moting died. Qin Xia explained that his master also knew that his life would be over soon. His master already made the preparation for that.

All of the assets would be divided fairly among his disciples. Tang Moting did not have children and he did not even marry. So, he had no blood relatives.

Xie Likui also attended Sir Tang Moting's funeral. He was heartbroken when he saw his girl cry so sadly.

"Likui, my master..." Qin Yue was sobbing.

Xie Likui did not know what to say. He only could hug her. Her senior brothers glared at Xie Likui but they did not say anything since it was still their master's funeral.

Xie Likui noticed the look given by his girl's senior brothers but he ignored that. What he knew was that he wanted to give some support to his girl.

The funeral lasted for a week. That was what Tang Moting requested. Qin Xia obeyed his request. After that, he requested that his body be buried. The place that he wanted to bury was inside Qin Yue's space.

Of course, Qin Yue agreed. So, because it was a secret, only her senior brothers would be there to bury their master's body. Some of the people wanted to know where Qin Xia wanted to bury his master, but Qin Xia did not spill anything.

If anyone knew about that, his junior sister would be in danger. He would not allow that to happen.

1460 Chapter 1460

Qin Yue and her senior brothers just finished burying their master inside Qin Yue's space. Of course, only they were here.

Some people asked, wanting to know where Sir Tang Moting would be buried but Qin Xia refused to tell them. He told them that it was his master's request not to tell anyone where his tomb was. Only his disciples could know that.

Even though she did not cry to the point of sobbing, but still Qin Yue's tears kept flowing down like crazy. She has been adopted by her master when she has been a small child.

Without her master, she would not be who she was right now. She already thought of her master as her parent. So, it was not only the teacher who died but her parent.

"Junior Sister Yue, you will be closer to Master from now on." Wei Jun stated.

"Hmm..." Qin Yue nodded.

After the funeral, there were still a lot of things that needed to handle. Qin Xia as the oldest handled everything.

Sir Tang Moting accumulated a lot of wealth during his life. So, some people came wanting to claim his wealth, telling Qin Xia that they were his master's relatives.

Qin Xia kicked them out. Sir Tang Moting already cut ties with his family when he was young. And his original family was already long gone.

Xie Likui came to visit Qin Yue a few times. He sometimes had been blocked by Qin Yue's senior brothers. But he kept coming to see Qin Yue. Eventually, her senior brothers had to accept this man.

Fung Yinluo also came to visit Qin Yue. She wanted to see what Sir Tang Moting left to Qin Yue. But Qin Yue told her that Qin Xia was handling everything. She did not know much about that.

Fung Yinluo was disappointed but she could not do anything. She could not request Qin Xia to show her that. Even though Qin Xia was young, but she heard that he was very strong. Not everyone could match him.

....

"Look, this is my spiritual guardian." Qin Yue pointed at a young boy.

Qin Xia, Wei Jun, Lin Shu, and Qian Rui looked at the boy.

"Junior Sister Yue, when did you give birth to a child? Who is the father?" Qian Rui looked shocked.

"What are you talking about? This is not my... Wait he is indeed my child." Qin Yue wanted to retort but when she thought about this again, she made this body. Meaning it was her child.

Wei Jun hit Qian Rui's head.

"Ouch, what are you doing?" Qian Rui rubbed his head.

"Stop talking like an idiot." Wei Jun glared at Qian Rui.

"Yeah." Qin Xia nodded. He turned to Qin Yue and the boy. "This is your spiritual guardian?"

"Hmm... He would take care of my space from now on." Qin Yue nodded.

"But why does he look like that man?" Lin Shu questioned.

Qin Yue looked over. Well, the boy's face was indeed similar to someone's.

"Well, when I created him, it came out like that." Qin Yue just smiled.

To be honest, she imagined how Xie Likui looked like when he was younger. Then, it came out like that.

"Yeah?" Wei Jun narrowed his eyes.

All of her senior brothers looked at her with questionable looks. She coughed several times.

"Yeah... yeah... I am not lying." Qin Yue smiled innocently.

Her senior brothers were still looking at her.

"Okay... Okay... I admit that I imagined him when creating my spiritual guardian." Qin Yue admitted.

"I know it. My junior sister is already contaminated by him." Qian Rui gritted his teeth.

"How far is your relationship with him, hmm?" Lin Shu narrowed his eyes.

"We didn't do anything at all." Qin Yue shook her head. She did not want to tell her senior brothers.

Her senior brothers looked at her with that same expression again. The questionable look.

"We just hold hands and kiss a little bit." Qin Yue stated with a small voice.

"I'm boiling." Qian Rui gritted his teeth once again.

"I also feel the same." Wei Jun smiled but the smile did not reach his eyes.

"Senior brothers, please don't do anything to Likui." Qin Yue said.

"Oh, you want to protect him. Do you love him so much?" Lin Shu asked.

"Well... I do love him." Qin Yue wanted to hide.

"I knew it. We should not let you go to the forest." Qian Rui shouted.

"I would go even if you stop me. I went to the forest to find the material and herbs. It was just a coincidence that we met there." Qin Yue retorted fast at the beginning but went slow at the last.

"Stop scolding my master." The boy stepped and blocked Qin Yue's senior brothers.

Everyone was stunned.

"Master, did I do a good job protecting you?" The boy turned around and looked at Qin Yue.

Qin Yue looked at the boy. Then she hugged the boy.

"You are so cute. I love it." Qin Yue even kissed the boy.

"Master, even though you are my master, you can't kiss me. I am a man." The boy moved his face far from Qin Yue.

At first, Qin Yue was stunned. Then, she laughed.

"You are very cute." Qin Yue ignored the boy's warning and kissed the boy again.

The boy struggled in Qin Yue's arm. Qin Yue laughed.

"From now on, your name is Xiao Boabei." Qin Yue decided on a name.
