1491 Chapter 1491

"Brother Hui has another thing to do. He will not be joining us today." Yu Qi informed the others.

"Oh, is it about his job?" Wei Su Zien asked.

"Probably. I don't know much about that." Yu Qi stated.

pαndα`novε1`coM "I see. We can not do anything if it is related to his job." Wei Ding Ye stated understanding the situation.

"Well, let's enjoy the play." Wei Su Zien stated.

"But looking at this map, do you think we can enjoy everything?" Wei Su Kee asked when she looked at all of the attractions of Nigeru Koen.

"Well, I think we can't." Wei Su Zien said.

"Don't need to worry about that. Most of them are still not open yet. Like this areas." Yu Qi pointed at the play-like water park attractions.

Nigeru Koen was a big theme park that consisted of water play and earth play. Nigeru Koen would be the largest theme park in the Binhai Nation.

After Yu Qi started the construction, many investors wanted to invest in the play after seeing the potential. Yu Qi told Su Yu Hi to accept some of them.

Bai Cooperation also wanted to invest in the project but Yu Qi rejected them straight away. She told Su Yu Hi to block any investment from Bai Cooperation.

She did not care if others thought she was petty or something. But she did not want Bai Cooperation to get involved in her business and make money from her project.

"This skala is very big." Gu Ning commented.

"Well, let's go and play." Yu Qi stated.

"Let's go and try slingshot." Wei Ding Ye stated.

"Hmm... Sure." Yu Qi nodded.

They went to play. They tried all the available activities.

Wei Su Kee was a bit afraid to try those kinds of play but she strengthened her mind and went for it. After trying it, she thought it was kind of fun.

After playing for a while, they looked at the time. It was already lunchtime. Li Yan brought them to the food store. There had a lot of food stores in Nigeru Koen but only two of them were opened today.

One of them sold mac and cheese. Another one sold hamburger rice. They took both foods.

"When will this theme park officially open?" Gu Ning asked.

"Hmm... Probably three months from now on. Well, we are still in the middle of hiring people. We still need to train them too." Yu Qi stated.

"This place will be popular in no time." Wei Ding Ye stated.

"Yeah. It is very suitable for a parent to bring their children to enjoy the vacation." Wei Su Kee gave her opinion.

"But they might need more than one day to enjoy everything here." Wei Ding Ye stated.

"Yeah. It is so much and has a lot of activities to play." Gu Ning agreed with that statement.

"I wonder how you manage everything?" Wei Su Zien asked.

"Of course, I can not handle everything. I hired a lot of competent employees. They will manage everything. I will help them if they encounter a problem that is beyond their reach." Yu Qi said.

"You are still working as a doctor, right?" Wei Su Kee asked. panda.novel.com

"Yeah... As a surgeon. But now I spent most of my time on research." Yu Qi stated.

"I really wonder how your brain works." Wei Ding Ye said.

"Enough about me. How about you guys?" Yu Qi asked them too.

"I am currently in my final year." Wei Ding Ye said.

"Same here." Wei Su Kee nodded.

Well, they were the same age. It was not weird at all.

"I am currently working as an assistant in the welfare department." Wei Su Zien stated.

"I am working as an intern at the tourism department." Gu Ning said.

"So, both of you are working under the government." Yu Qi looked at Wei Su Zien and Gu Ning.

"Hmm... Probably influence from our parents." Wei Su Zien nodded.

That's right. Wei Su Zien and Gu Ning's parents were working for the government.

"I still have six months of internship. You can come to me if you want the tourism department to help you promote this theme park." Gu Ning offered her help.

"I will think about it." Yu Qi said.

After finishing lunch, they continued playing until the evening.

...

"Grandma, where is everyone?" Chi Yuan asked when she did not see Wei Su Kee and Wei Su Zien at all.

"They left in the morning. Ni Lan, where did they go?" Grandma Wei saw Feng Ni Lan who was about to walk to the kitchen, called her and asked about those two children.

"They went to hang out with Yu Qi and Long Hui." Feng Ni Lan said.

Her children told her that when she asked where they wanted to go early in the morning after breakfast. Her mother in law was not there at breakfast time.

"What? They went out with them? Why didn't you stop them?" Grandma Wei asked?

She hated it when her grandchildren got close to Yu Qi.

"Mum... Why can't Su Zien and Su Kee get closer to their cousin?" Feng Ni Lan asked with a frown.

"Hui is their cousin. Not that girl." Grandma Wei corrected Feng Ni Lan.

"Mom. Yu Qi is going to be Hui's wife. She will be their cousin in law. There is nothing wrong with them getting closer to Yu Qi." Feng Ni Lan stated.

She ignored Chi Yuan who already frowned when she mentioned who would be going to be Long Hui's wife. Feng Ni Lan began to dislike Chi Yuan who did not know when she needed to stop fantasizing about being Long Hui's wife.

1492 Chapter 1492

"She is still not married to Hui. So, she is a stranger." Grandma Wei stated.

"Yeah... yeah... I have something to do. I will leave first." Feng Ni Lan did not want to argue with her mother in law, so, she left.

Chi Yuan's face was not looking good. She knew that the Wei Family members slowly disliked her. The obvious one was Wei Su Kee. Wei Su Kee usually called her and hung out with her from time to time. But now, she rarely got a call from Wei Su Kee.

Like yesterday, Wei Su Kee gave her the cold shoulder. She could see that Wei Su Kee began to accept Yu Qi.

"Are you okay, Yuan-er?" Grandma Wei noticed Chi Yuan's face.

"Hmm... I am okay... But your family began to dislike me, Grandma Wei. I am a little bit sad. They have known me longer than Miss Tang." Chi Yuan sighed. She acted like she was very sad and was about to cry.

"Don't worry about them, Yuan-er. I will never like that woman." Grandma Wei comforted Chi Yuan.

"Hmm... Grandma Wei, you are so good to me like you are like my own grandmother." Chi Yuan said.

"Of course. You are like my own grandchild." Grandma Wei nodded.

....

Long Hui and Liang Mo Han arrived at Country Max. They went to Liang Mo Han's base. Everyone there saluted Long Hui and Liang Mo Han.

"What is the situation right now?" Long Hui asked.

"They are indeed hiding at Howling Forest. We send the drones over there and found a base in the forest. We also already confirmed the location through our satellite." A man answered.

"Great. Come to the meeting room at three o'clock. We will discuss the plan to attack the base." Long Hui stated.

"Yes, Sir." Everyone answered.

"Finally, we will get our revenge." Liang Mo Han stated.

"Yeah." Long Hui nodded.

The revenge they were talking about was actually related to their parents. Long Hui's parents and Liang Mo Han's parents were comrades in arms. They were in the same platoon. It was the same for Huang Lan Guan's uncle, Ren Qian Yi's father and Fang Mo Li's mother. All of them were doing the same mission which resulted in their death.

They were doing a dangerous mission in Country Leon. However, the mission failed and all of them were killed. Grandpa Long began to investigate that matter. He discovered that someone had tipped off the mission to the enemy. The result? All the people involved in the mission died.

Grandpa Long was furious about it. He began to investigate the matter. He did find out the motive. The culprit just wanted money. He sold the information about the mission at a high price. After that, the culprit went to hide.

Grandpa Long told Long Hui everything. Of course, Long Hui was curious about it. Grandpa Long gave all the evidence to Long Hui. Long Hui told his grandfather that he would do everything to find this culprit.

After that, Long Hui took over the case. Liang Mo Han joined the underworld business to find more information about the culprit. The culprit was involved in the underworld business too. He became a mercenary weapon.

Long Hui and others found out that the culprit stroke a deal with the people who were involved in that mission. The weapon the culprit got was from those people.

Long Hui and the others looked for their base. If they could catch the culprit and destroy the base, it would be great.

Finally, they found some clues. Liang Mo Han began to investigate the clues that he got and got this result.

Fang Mo Li and Huang Lan Guan also arrived at their place. Only Ren Qian Yi could not join them because he was currently doing another mission.

....

The Wei siblings returned to the Wei Family house around night. They already ate dinner with the others at a restaurant. Well, Wei Ding Ye did not return with them. She returned to her apartment.

When Wei Su Kee and Wei Su Zien walked into the house, they could see Chi Yuan. She was walking to Grandma Wei. In front of them, there were shopping bags on the table. It seemed that Chi Yuan and Grandma Wei went out shopping.

Chi Yuan noticed the two siblings and greeted them.

"Su Zien, Su Kee, you come back late." Chi Yuan said.

Grandma Wei turned and looked at her biological grandchildren. "Why are you coming home late?"

"We were hanging out with Yu Qi, Ding Ye and Gu Ning." Wei Su Zien told them.

Hearing Yu Qi's name make Chi Yuan and Grandma Wei frown. Wei Su Zien and Wei Su Kee noticed that.

"You can hang out with Ding Ye and Gu Ning but don't hang out with that woman." Grandma Wei gave a warning to the two siblings.

"There is nothing wrong to hang out with our cousin in law." Wei Su Kee retorted.

"What do you say? Cousin in law? Who tells you to call her that? It must be her, right? She is still not married to Hui. Don't claim relationship like that." Grandma Wei scolded Wei Su Kee.

"Brother Hui will marry Yu Qi in the future. There is nothing wrong to call her that." Wei Su Zien said.

"You already know how to talk back to me. Who taught you? It must be that woman." Grandma Wei was furious when Wei Su Zien talked back to her.

1493 Chapter 1493

Grandma Wei's angry voice made Feng Ni Lan come over. She then saw her two children standing over there.

Wei Su Kee just looked down while Wei Su Zien looked straight at Grandma Wei.

"Do you want to rebel against your grandmother?" Grandma Wei shouted again.

Feng Ni Lan rushed over to her children. "Mother, why are you so angry at Su Kee and Su Zien? What have they done to garner your anger?"

"Both of them want to rebel against me." Grandma Wei shouted.

"Rebel?" Feng Ni Lan looked at her son and daughter.

"Mom, it is not like that." Wei Su Kee shook her head.

"We are getting along with Yu Qi and calling her cousin in law. Grandma became mad when she heard that we called Yu Qi's cousin in law." Su Zien explained.

Wei Su Zien's words made Feng Ni Lan turn to Grandma Wei. Grandma Wei did not feel guilty at all. She even thought that she was right.

"What?" Grandma Wei asked Feng Ni Lan when she noticed Feng Ni Lan's look.

"Mother, my children did not deserve to be scolded like this." Feng Ni Lan said to Grandma Wei.

"What? Now I can not discipline my grandchildren?" Grandma Wei felt angry when Feng Ni Lan put it like that.

"Mother, why do you scold them for something like that? Not to mention, it is the truth. Yu Qi is going to become their cousin in law." Feng Ni Lan said again.

"I will not accept her marrying into our family." Grandma Wei slapped her thigh.

"like it or not. She is definitely going to be my cousin in law. I suggest an unrelated person should give up." Wei Si Zien said sarcastically.

The unrelated person was referred to as Chi Yuan. Chi Yuan who listened to the statement was slightly embarrassed by that. She knew that Wei Su Zien said the statement for her to hear it.

"Su Zien, don't speak nonsense. If you want that woman to be your cousin in law, you can leave my house." Grandma Wei said.

Feng Ni Lan was shocked. "Mother!"

Wei Su Kee was also shocked. Her grandma dared to chase them out because they accepted Yu Qi as their cousin-in-law.

While Wei Su Zien did not have much reaction. He was very calm.

"Is that so? I will leave this place later. Please excuse me." Wei Su Zien said and left the living room.

"Su Zien!" Grandma Wei shouted.

She did not think that Wei Su Zien would behave like this.

Seeing her brother's acceptance, Wei Su Kee also wanted to follow him.

"I think Brother Hui is very clever in choosing his wife to be." Wei Su Kee dropped the statement before leaving.

Grandma Wei and Chi Yuan were dumbfounded by this situation. They never thought that they were accepting Yu Qi like that.

"If you want to be closer to that woman, then leave my house." Grandma Wei said.

"Mother!" Feng Ni Lan shouted.

"Fine." Wei Su Zien replied.

"We will move out." Wei Su Kee already agreed.

Grandma Wei did not expect that her two obedient grandchildren would be okay with her warning. She thought both of them would listen to her if she threatened them like that.

"Both of you go to your room first. I will talk with your grandmother." Feng Ni Lan pulled her children away.

Wei Su Zien and Wei Su Kee left the living room. Feng Ni Lan turned to her mother in law.

"Mother, why are you saying something like that to them? Are they your grandchildren?" Feng Ni Lan asked.

"What? Don't you see their attitude toward me? It must be that woman who teaches them to be disrespectful to me." Grandma Wei pulled the fault onto Yu Qi.

"Mother, it has nothing to do with Yu Qi." Feng Ni Lan stated.

"Of course, it has to do something with her. They just hang out with that woman for one day and they already acted like this to me." Grandma Wei said.

Feng Ni Lan gritted her teeth. Wei Ding Ye also left this house and moved into an apartment a few months ago because of Grandma Wei.

At that time, Feng Ni Lan thought that Wei Ding Ye was indeed disrespectful to Grandma Wei. However, when she thought about that now, she felt that Wei Ding Ye was not the wrong one.

Wei Ding Ye just complained about Chi Yuan which made Grandma Wei feel angry with her. Now, the same thing happened to her children. Grandma Wei got mad at her children for Chi Yuan just because they got closer to Long Hui's wife to be.

At first, she did not care much about why her mother in law loved Chi Yuan so much. But now, she really wondered about that. It made Feng Ni Lan stare at Chi Yuan.

Chi Yuan noticed Feng Ni Lan staring at her. "Auntie Feng, why do you staring at me like that?"

"Do you have something to say to Yuan-er?" Grandma Wei asked.

"Nothing." Feng Ni Lan shook her head.

She did not want to stay here anymore. "I will leave first." Without waiting for the answer, Feng Ni Lan left.

"How rude." Grandma Wei said.

"Auntie Feng must be angry because you want to chase her children." Chi Yuan stated.

"Humph! They are disrespectful to me. What? I can't say something anymore?" Grandma Wei snorted.

"Yeah. Grandma, you should get respect from them." Chi Yuan comforted Grandma Wei.

1494 Chapter 1494

Now it was time to leave Capital City and return to FINN City. Long Hui still has not returned.

From what Yu Qi got from Shino, Long Hui and his team were planning to attack a base. Yu Qi did not pay much attention to that. She told Shino that he needed to report to her if Long Hui was injured.

Yu Qi informed Wei's Siblings and Gu Ning that she would return to FINN City. They came to send her off. She also informed Qin Xia.

However, she did not expect to see Qin Xia too at the airport to send her off since he was a busy person.

Wei's Siblings did not know who this person was. They were also surprised to see such a handsome man other than Long Hui. They knew that this man was also powerful too since he had the same aura as Long Hui.

Gu Ning had recognized the man. Her father had some deal with Yue Cooperation and she had met this man once. Her father even planned to marry her off to this man but this man rejected the idea right away.

Since Gu Ning knew this man, she also knew his attitude toward women. So, she did not expect to see his gentle side to Yu Qi. It seemed Yu Qi had already known this man for a long time.

"Where is that man?" Qin Xia asked. He could not see Long Hui anywhere.

"He left. He has work to do." Yu Qi stated.

"I see..." Qin Xia did not say much about that.

"By the way, Brother Xia, why are you here?" Yu Qi asked.

"Just to send you off." Qin Xia answered.

"Are you busy?" Yu Qi asked again.

"My employees can handle everything." Qin Xia said.

| com At the Yue Cooperation's office, Min Liang wanted to cry when he realized that his boss was missing. He tried to call a few times. But his boss did not pick up his call. He even wondered if his boss had already blocked his number.

They had a meeting with someone this evening. But he guessed he would conduct the meeting if his boss did not return for the meeting. Well, it was not the first time that his boss disappeared like this. He now wondered how long his boss would disappear this time.

Qin Xia did not know what his assistant thought right now. He was busy talking to his junior sister. Otherwise, he would roll his eyes at Min Liang.

Yu Qi introduced Qin Xia to Wei Siblings and Gu Ning.

"This is my sworn brother, Qin Xia." Yu Qi stated. She glanced at Qin Xia. "Well, he is not getting along well with Brother Hui."

Qin Xia glanced back at Yu Qi and raised his eyebrow. But he did not comment anything about that since it was the truth.

Everyone talked until Yu Qi needed to check-in. Qin Xia patted Yu Qi's head. Yu Qi did not mind since Qin Xia always did it when she was still Qin Yue.

However, both of them noticed something. Even though it was far away, both of them were cultivators. They could sense it. Qin Xia looked at Yu Qi.

"Don't worry. I will handle it. It is not the first time someone used this method, am I right?" Qin Xia assured Yu Qi.

"You mean it is the same person?" Yu Qi asked.

"Probably but we will see." Qin Xia smiled.

Yu Qi nodded. The Wei's Siblings and Gu Ning did not understand what they were talking about.

"Yu Qi, I will visit you at FINN City sometime in the future." Wei Ding Ye said.

"Sure... Sure... I will entertain you." Yu Qi responded.

Yu Qi checked in.

Qin Xia walked leaving the place. Well, he was not leaving the airport but he was following the man who captured his picture with Yu Qi. The man seemed happy while checking the picture that he got just now. The man did not realise that he had been followed.

He went to his car and left the airport. He returned home. He wanted to transfer the pictures first to his laptop before sending them to his client.

Well, he was actually a paparazzi. He captured shameful pictures of famous people. That was his way of finding money.

Today, he got a call from someone. This someone wanted him to follow a woman and captured something that could be used for blackmailing. When he checked out about the person he would take the picture with, turned out this person was quite famous.

Tang Yu Qi. People in the medical industry called her the "Current Genius" with a lot of achievements. Not to mention, she was engaged with the grandson of the Great-General Long Fei Yi, Colonel Long Hui.

He thought it was a difficult task since he would need to go outside Capital City to get the pictures. He did not mind going but his client needed to pay for his expenses such as flight ticket and accommodation. But who knew, he already got something at the airport.

He felt that this picture had a lot of uses. He would give this picture to his client. After that, he would try his luck with Tang Yu Qi to see whether she wanted to buy these pictures or not.

He was pretty sure that Tang Yu Qi would not want her fiancée to know about her relationship with another man. He would sell the pictures to her.

1495 Chapter 1495

The man heard someone knocking on his door. He clicked his tongue. He did not remember ordering food. However, he remembered that he had purchased something online. Maybe that thing had arrived.

He walked to his door. He did not hesitate to open the door. The moment he opened the door, he was pushed back into the room.

"What the fuck!" The man swore when he fell on the ground.

He could hear that the door was closed. He lifted his head and saw a man standing in front of him. When he looked closely at the man. He recognised this man right away.

It was the man that he took pictures of with Tang Yu Qi earlier. 'How come this man was at his house? Wait, what is he doing here? Does he know something?' A lot of questions appeared in the man's mind.

"Who are you?" The man blurted out the question in his mind.

"What? You already forget about me, hm?" Qin Xia snorted.

The man's eyes opened widely. There was a shocked look in his eyes. But he covered the fear.

"Why should I know you? Leave before I call the police." The man threatened Qin Xia by wanting to call the police.

The man took out his phone from his jacket. However, before he managed to dial the number, the phone slipped away from his hand.

This time, the man revealed a shocked look on his face. He did not bother to hide anymore. That was because he saw his phone flying into the man's hand.

"Do you want to get caught or what?" Qin Xia asked.

"Wh... What?" The man began to fear Qin Xia.

"If you call the police, it is not me who will be going to the police station but you." Qin Xia smiled.

The man saw the smile and shivered to his bone. He could see that this man was not someone to be provoked.

"What do... you mean... by... that?" The man asked.

"What? Do you think I don't know?" Qin Xia was still smiling.

"Please... I will listen to your demand. Just please don't do anything to me." The man begged.

"Well, it depends on you." Qin Xia stated. "Why do you take Tang Yu Qi's pictures?"

The man looked tough outside but when facing some difficult situation, he would give up easily. So, he answered Qin Xia's question right away.

"Someone asked me to take some shameful pictures of Tang Yu Qi that can create scandal. That person even asked me to follow Tang Yu Qi if I can not take the picture here." The man confessed.

"Do you know that person?" Qin Xia asked more.

"Well, I don't. I think that person also changed their voice by using a voice changer." The man said.

"How does that person contact you?" Qin Xia began to ask more and more questions.

"Hmm... I think that person use a one-off sim card to contact me." The man answered.

"How do you know that?" Qin Xia wondered.

"Because after that person contacted me once, I tried to reach that person by contacting the same number. But I can't get through. Then, that person called me again using a different number." The man explained.

"So, how do you plan to give the pictures to that person?" Qin Xia wanted to know the method that the person used.

"Hmm... that person told me to leave the memory card at locker no 444 at the locker rental at the train station." The man told Qin Xia.

"I suppose you already get the key for that locker." Qin Xia guessed.

"Yes." The man nodded.

"Then, how do you get your payment?" Qin Xia asked again.

"Hmm... I already got the deposit. That person put the money on that locker and asked me to get it by myself." The man obediently answered.

Qin Xia thought for a moment. The culprit was kind of clever. If he used online banking, he could easily get caught if someone checked this man's banking information.

"Where are the pictures?" Qin Xia demanded.

"It is still in my camera." The man pointed at the camera that was laying on the table.

"Did you copy them into your laptop?" Qin Xia saw the laptop beside the camera.

"No. Nope yet." The man shook his head.

Seeing the man's actions, Qin Xia felt that he was speaking the truth.

'How did he have time to copy those pictures into his laptop?' The terrifying man found his whereabouts so quickly. Thinking about his phone earlier, this man must have his way to find him so fast.

"Get your camera and delete all of Tang Yu Qi's pictures. I will check it later." Qin Xia ordered.

"Yes... yes... I will do it right away." The man nodded.

He stood up and walked to get his camera.

"Show me the picture that you took." Qin Xia demanded again.

"Yes. yes..." The man showed one by one pictures that he took to Qin Xia.

Qin Xia looked at the pictures as he ordered the man to delete the picture one by one.

"Is this the only memory that you have that contains Tang Yu Qi's picture?" Qin Xia looked around the table.

"Yes! Yes, Sir! I just took Miss Tang's pictures using this one memory card. I have not changed to another memory card." The man nodded.

He did not want Qin Xia to destroy other memory cards. All of them had many important pictures.

1496 Chapter 1496

"Good." Qin Xia was satisfied.

He did not care about others. He just cared about his junior sister. After all, they just had their reunion.

The man was relieved that Qin Xia did not bother to touch other memory cards.

"Well, the final thing that I want you to do is to follow that person's instruction." Qin Xia said.

"Huh?" The man was confused.

"If that person calls you asking if you complete the job, tell him that you have. Ask him to prepare the money and you will place the memory card in that locker. Hmm, you can put the memory card around 8 p.m. tonight. And your job is done there, understand?" Qin Xia looked at the man.

"Yes. Yes. I understand." The man nodded.

"Oh, before I forget, if you receive a job regarding Tang Yu Qi, don't accept it. Otherwise, you don't know when or how you die." Qin Xia directly threatened the man.

The man trembled as he nodded several times. "Yes... Yes... I will not dare to accept that job."

Of course, he did not dare. His life was more important than money. The money could be obtained but he only had one life.

"Great. I will leave now. Enjoy your life." Qin Xia smiled while leaving the room.

The man who just stood straight felt his legs losing their strength and fell down. He was so scared. Even though that man did not do much, he knew that man could do anything if he did not speak the truth.

Better spoke the truth, otherwise, that man might come. He did not want to face that man anymore. One was enough.

Qin Xia returned to the office. Min Liang rushed to his boss's side when someone called him telling him about Qin Xia's return.

"Mr Qin..." Min Liang greeted Qin Xia.

"Enter my room right now." Qin Xia ordered Min Liang as soon he saw Min Liang.

Min Liang followed Qin Xia's footsteps since he also had something to report to Qin Xia.

"Mr Qin..." Min Liang was just about to talk.

"Send someone to watch locker no 444 at the main train station. Someone will put something into the locker around 8 p.m. tonight. You can send someone to watch the locker around. If you see someone take the item from the locker, follow them silently and report everything to me." Qin Xia said.

"I will arrange it right away." Min Liang stated.

He did not dare to ask the meaning of the order. He would follow Qin Xia's order.

"Before I leave, I want to remind you that we have a dinner appointment with Director Quan from RND." Min Liang stated while looking at the tablet in his hand.

"Make sure there are no women allowed at this dinner." Qin Xia said.

"Yes, Sir." Min Liang nodded.

Min Liang already told another party that his boss disliked having women when he was having dinner appointments. Otherwise, Yue Cooperation would reject cooperating with them unless that woman was in charge of the deal or project that they worked on together.

Qin Xia was not looking down on women but he hated those women who wanted to seduce him. Not to mention, those people who used women to strike the deal with him.

The man who the paparazzi did as Qin Xia told him to do. He felt that someone was looking at him when he put the memory card into the locker. He thought Qin Xia sent someone to watch him.

The man did not dare to stay there anymore. He immediately left the place right away. He did not want to stay at this place anymore.

Qin Xia went to the restaurant with Min Liang. They could see that Director Quan was with other people. Two of them. One was male and another one was female.

Director Quan stood up when seeing Qin Xia walk into the room. He also urged the man and woman to stand up together to greet Qin Xia.

"Director Quan, may I know who are they?" Min Liang asked politely.

"Oh, they are my assistant. Cindy and Shou." Director Quan introduced them to Qin Xia and Min Liang.

Min Liang nodded. Qin Xia did not say anything. The discussion worked smoothly.

Cindy requested to leave the room for a moment. Shou also wanted to go to the restroom. Director Quan began to praise Cindy in front of Qin Xia. Qin Xia began to feel annoyed about this.

"We will call you about this deal." Min Liang noticed his boss's expression.

Qin Xia stood up. Min Liang also followed his boss. Director Quan knew that he could not stop them from leaving. He just hoped that this deal would be in his hand.

Qin Xia and Min Liang walked out. Qin Xia noticed Cindy and Shou in one area. They were talking to each other. Min Liang could not hear them since they were far away but Qin Xia could hear them.

"Mr Qin is very handsome," Cindy said.

"Do you think you can win him?" Shou asked.

"I think yes." Cindy was confident with her beauty.

"From what I understand, Mr Qin disliked women," Shou said.

"What? Do you want to say you can get Mr Qin's attention? Do you think he is gay?" Cindy made a disgusting expression.

"Well, he dislikes women. So, he must like men." Shou snorted.

"Then, let's compete." Cindy declared war on Shou.

"Bring it on." Shou looked at Cindy.

1497 Chapter 1497

Qin Xia narrowed his eyes after hearing that conversation. Director Quan had interesting subordinates under him. Not only the woman wanted to seduce him even the man wanted to enslave him.

"Ignore this meeting. No need to continue the deal." Qin Xia suddenly instructed Min Liang.

"Huh?" Min Liang was confused.

He did not understand why Qin Xia suddenly told him to forget this meeting. When they were talking before, Qin Xia seemed okay with this deal.

"If he asks you about that, tell him to ask his competent subordinates about that." Qin Xia said.

"Yes, Sir." Min Liang nodded. Well, he would just do it.

"Do you have any updates about the order I gave you this evening?" Qin Xia asked.

"I still don't get any call from our people. I will inform you as soon I get the call from our people." Min Liang stated.

"Great." Qin Xia nodded.

.....

Yu Qi arrived at Tang's home with Aoi by her side. When she entered the house, she was greeted by Tang Bo Lin walked toward her. The little boy already knew to walk.

He looked at Yu Qi wanting to greet her. Yu Qi put down her bag and picked up Tang Bo Lin.

"Our Bo Lin already knows to walk. Great." Yu Qi kissed Tang Bo Lin's cheek.

Tang Bo Lin smiled showing two upper teeth.

"Oh, you also have your teeth. You should try eating something already." Yu Qi looked at his teeth.

"No wonder he wants to walk to the entrance. He just knows that you come back." Su Xiao who was behind Tang Bo Lin said.

"I am home, Auntie Su Xiao." Yu Qi smiled.

"Hmm... Welcome home. How is your business trip?" Su Xiao asked.

Yu Qi remembered that she made an excuse telling her family that she went to Fanghai Nation for a business trip.

"Hmm... It is doing well." Yu Qi nodded as she smiled.

"Come. Let me take Bo Lin from you. You must be tired." Su Xiao approached Yu Qi to take Tang Bo Lin.

However, Tang Bo Lin hugged Yu Qi tightly, did not want to be separated from Yu Qi.

"Auntie Su Xiao, I will hold him for now." Yu Qi said while patting Tang Bo Lin's back.

"This boy must be missing you a lot. He also wanders to your room, while looking at people. Maybe asking where you are ." Su Xiao smiled watching her son clinging tightly to Yu Qi.

"Oh, Bo Lin, you miss me so much?" Yu Qi looked at Tang Bo Lin.

Tang Bo Lin seemed to understand what Yu Qi said and he nodded. Yu Qi felt that he was so adorable.

"By the way, where is Heng Nuo?" Yu Qi asked.

"Oh, that girl likes to be with her grandfather. They are in the living room." Su Xiao said.

They went to the living room. Grandpa Tang was playing with Tang Heng Nuo.

"Grandpa." Yu Qi greeted Grandpa Tang.

"Have you doing well?" Grandpa Tang asked.

"Hmmm..." Yu Qi nodded.

Then, someone came back home. Yu Qi was surprised to see Tang Qin Hao.

Su Xiao leaned over and whispered something to Yu Qi.

"Qin Hao returned home almost every day for the past week." Su Xiao informed Yu Qi.

"Really?" Yu Qi asked.

"Yeah. If he does not have the night shift." Su Xiao nodded.

"Wow." Yu Qi could just make that sound.

Tang Heng Nuo who played with Grandpa Tang just now, stood up and walked to Tang Qin Hao. When she was closer to Tang Qin Hao, she lifted her hand asking Tang Qin Hao to lift her up.

"Up... Up..." Tang Heng Nuo said to Tang Qin Hao.

Tang Qin Hao picked his younger sister. Tang Heng Nuo was very happy to be in Tang Qin Hao's hands.

"Heng Nuo really likes Qin Hao. I think the reason why Qin Hao comes home now is because of Heng Nuo." Su Xiao stated.

"Heng Nuo's charm is very good. No wonder Brother Qin Hao likes her." Yu Qi laughed.

At night, they were having dinner together. Coincidentally all the family member did not have night shift and was able to return home for dinner together.

Tang Bo Lin did not want to stay with another person. He clung closely to Yu Qi. Yu Qi did not mind. She tended to the boy patiently, feeding the boy.

It was the same for Tang Heng Nuo. She was clinging to Tang Qin Hao. However, Tang Qin Hao did not know how to take care of a child while eating. Luckily, his mother sat beside Tang Heng Nuo as well.

Seeing this, Tang Jin Wei was quite jealous. "Why don't they like me?"

"Maybe because of yourself..." Grandpa Tang could not reply.

"What? Why? What is wrong with me?" Tang Jin Wei asked.

"Maybe because you like to flirt with many women." Tang Han Lee joined the conversation.

"What? Hey, that is in the past." Tang Jin Wei retorted.

Everyone was laughing. The twin looked at everyone and was curious as to why everyone was laughing.

The laugh made Yu Qi's mind wander to Long Hui. She wondered what he was doing right now. She hoped that his mission would be going well and he could return to Binhai Nation safely.

Well, she was thinking of calling Shino tonight to ask him about Long Hui.

1498 Chapter 1498

It was the first day Yu Qi returned to her work. She already had surgery scheduled for her. It was three hours of surgery. It was not a difficult surgery.

She was not a main surgery but an assistant to Professor Lian. She learned a lot from this surgery. After the surgery, she went to her room to receive patients.

Only after 2 p.m., the work began to slow. The number of patients decreased. She remembered talking to Shino yesterday.

Shino told her that Long Hui was very busy at all times. They made a plan to attack a base. That was what Shino remembered.

After exchanging some words more with Shino, she went to sleep.

A nurse called in telling her people were wanting to meet her but they were not patients. Yu Qi was confused. Why did they want to meet her if they were not sick?

However, Yu Qi nodded telling the nurse that she would meet them. After a few minutes, someone knocked on her door again. Then, the door was opened.

An old man came in. It was Old Man Wong with his grandson, Wong Mubai. Yu Qi stood up. Of course, she remembered this old man. He had an interesting poison.

"Elder Wong, Mr Wong." Yu Qi greeted them.

"Doctor Yu Qi, long time no see. I heard you were on a long day off." Elder Wong stated.

"Yeah. I have some matters. How is your health?" Yu Qi asked.

"Hmm... I am in much better shape compared to before." Old Man Wong was not lying.

"So, why do you want to see me today?" Yu Qi asked.

"I come here to personally thank you. Without you, I already step into the afterlife." Old Man Wong bowed his head.

Yu Qi was not comfortable having an old man like her grandfather bowing his head to her.

"Elder Wong, please rise your head. It is my duty to try to save you." Yu Qi stood up from her seat.

Old Man Wong raised his head. He smiled.

"Doctor Yu Qi, are you single right now? Why don't you try to date my grandson? He is a very capable young man." Old Man Wong promoted his grandson.

"Grandfather!" Wong Mubai was surprised.

Old Man Wong did not know much about Yu Qi. So, he assumed that Yu Qi was single.

Yu Qi chuckled. "Thank you for the offer. But I already have a fiancée."

"Really?" Old Man Wong was a little bit disappointed. He thought it was a good chance to have a nice granddaughter-in-law like Yu Qi.

"Grandfather, her fiancée is the grandson of Great General Long." Wong Mubai told his grandfather.

"What? Really?" Old Man Wong turned to Yu Qi.

Great General Long's name was not unknown. Not to mention his grandson.

"Yes." Yu Qi nodded while smiling.

"Oh, then, Mubai, you don't have a chance at all." Old Man Wong commented.

Wong Mubai was speechless when his grandfather said that. Yu Qi also felt funny when Old Man Wong put it like that.

....

Yu Qi looked at the building. It was a new 20-floor building that was just being built recently. This building would be an office headquarters for Qinyue Group.

Yu Qi and Su Yu Hi had the plan to combine all of Yu Qi's businesses under one name which was Qinyue Group. It would be much easier to handle everything in one place.

It was her first time coming to this building. Su Yu Hi told her to come to the business to discuss something. In the meantime, she could come and see their new office.

She entered the building. People in the lobby immediately looked at her. Well, her beauty attracted all of them to look at her.

Yu Qi went straight to the receptionist at the front office. There were two of them. One of them was smiling but another one was looking at Yu Qi up and down like she was judging Yu Qi or something like that.

The kind one asked Yu Qi. "Yes, Miss, what can I help you with?"

"I want to meet Mr Su. Is he here?" Yu Qi asked.

Before the kind receptionist answered the question, the mean receptionist quickly rolled her eyes.

"One another tries to seduce our boss." She asked.

Even though she said it in a low voice, having good hearing, Yu Qi heard that. Yu Qi turned to the mean receptionist.

"What do you say?" Yu Qi asked.

"What? Am I wrong?" The mean receptionist was very brave to respond to Yu Qi.

The kind receptionist pulled the mean receptionist's hand telling her to stop.

"You are telling me, I am coming here to seduce Mr Su?" Yu Qi asked.

It was not too loud but also not too low. Everyone in the lobby could hear that.

Some of the people in the lobby recognised Yu Qi. They were speechless to hear someone say Yu Qi came here to seduce Mr Su.

The kind receptionist was also speechless. She knew this woman. It was Tang Yu Qi. She was already engaged to the most handsome man, Long Hui. How could Yu Qi find another one?

But the mean receptionist did not know Yu Qi at all. Well, she came from a small town recently. Her relative helped her to land this job. She was jealous to see Yu Qi's beauty. It was true that some women came to seduce Su Yu Hi before.

1499 Chapter 1499

The kind receptionist pulled the mean receptionist again.

"Minli, stop it." The kind receptionist, Fan Yan said to the mean receptionist, Yun Minli.

"What? Am I wrong? A lot of women came to meet Mr Su who had been throwing out. She must be the one." Yun Minli stated while looking down at Yu Qi.

Fan Yan turned to Yu Qi. "Miss Tang, I am sorry for her behaviour."

"Is she often treating others like this?" Yu Qi asked.

"Well..." Fan Yan could not answer that.

Hearing this, Yu Qi narrowed her eyes. This kind of person should not be working at the front desk where a lot of people came in. The front desk workers would give the first impression of the company.

"What? Do you want to report me? My brother in law is working in HR Department. You can not do anything to me." Yun Minli said arrogantly.

That was right. Yun Minli was recruited by her brother in law, Xin Chengfu. It was under Xin Chengfu's wife's request.

At first, Yun Minli wanted to work for the same department as her brother in law but the requirement was very strict. So, Yun Minli only landed her hand on the receptionist job.

"Your brother in law? I see..." Yu Qi just smiled.

Fan Yan was very stunned when she saw Yu Qi smile. Yu Qi was indeed very beautiful.

"Brother in law." Yun Minli saw her brother in law and called him.

Xin Chengfu glanced at his sister-in-law. He frowned.

"What is it?" Xin Chengfu asked.

"Brother Xin, this woman seems to want to report me." Yun Minli said.

Xin Chengfu looked at the woman in front of Yun Minli. He was very surprised to see Yu Qi's beauty. After a while, he recognised Yu Qi. However, he did not manage to greet Yu Qi first, Yun Minli was already interrupted.

"Brother Xin, you are my sister's husband. You can not be seduced by this vixen." Yun Minli said.

Xin Chengfu, Fan Yan and others who listened to that statement were shocked.

"What are you talking about?" Xin Chengfu was angry at Yun Minli.

"I just remind you since you are mesmerized by her beauty." Yun Minli argued.

Xin Chengfu was very angry. This woman really needed to be taught. He ignored Yun Minli and turned to Yu Qi.

"Miss Tang, please forgive us." Xin Chengfu bowed his head 90 degrees.

Xin Chengfu was very scared right now. Yu Qi was the boss of Qiaosu Entertainment, Song Su Jin's boss. What if she asked Song Su Jin to talk to Su Yu Hi about him? It might cost his work. He regretted helping Yun Minli get this job.

Yun Minli was shocked to see her brother in law apologise deeply to this woman. Did this woman have a high position than her brother in law? She began scared about this. She feared that this job would be disappeared by her hand.

"She is your sister in law?" Yu Qi asked.

"Yes." Xin Chengfu said.

"Working at the front desk meant she would be greeting a lot of people. She must be polite to all of the people who walk in. But she does the opposite. What if she offends others like our important client? The company would lose the face." Yu Qi reminded Xin Chengfu.

"Yes. I will have a stern talk with her." Xin Chengfu said.

"Stern talk? It is not what I mean." Yu Qi stated.

"What? Do you want to fire me? You can't do that. You don't have the power to fire me." Yun Minli got what this woman tried to do.

"Oh, really? You will see." Yu Qi smiled.

"Yun Minli, apologize to Miss Tang right away." Xin Chengfu scolded Yun Minli.

"Xin Chengfu, how dare you ask me to apologize to her? Do you want to impress this woman so much? Don't you forget that you are the husband of my sister?" Yun Minli shouted angrily.

People looked at Yun Minli like she was an idiot. They did not know why Yun Minli thought about that.

"What are you saying? Quickly apologize to Miss Tang." Xin Chengfu said again.

"Humph! I will never apologize to this woman. She just depends on men to bully others." Yun Minli pointed her finger at Yu Qi.

"I depend on men to bully you?" Yu Qi chuckled. "I will let you experience it."

Yu Qi called Su Yu Hi. Su Yu Hi answered the call. Yu Qi put on out speaker mode.

"Brother Yu Hi, are you busy right now?" Yu Qi asked.

"Oh, you arrived. Come to my brother. I have a lot of things to discuss. About Nigeru Koen, the investment of the Koki Project, the most important one is Saisei Ryokan development at Fanghai Nation. You need to go there to survey the place." Su Yu Hi talked very fast.

People who listened to the words were stunned. Why did Su Yu Hi, their boss want to discuss something like that with Yu Qi? It was almost like Yu Qi had something with their company.

"Okay... okay... I will go up. But for now, let me ask you something?" Yu Qi asked.

"Huh? What is it?" Su Yu Hi was confused.

"Do I have the power to fire people working at this company?" Yu Qi asked.

"Yeah. You do. You can hire or fire people if you have a good reason. We are not unreasonable, okay." Su Yu Hi stated.

1500 Chapter 1500

Su Yu Hi's statement was like a bomb to Yun Minli. She was very shocked right now.

"Okay... Okay... Thank you. I will go up later. I have to settle something right now." Yu Qi said.

"Okay." Su Yu Hi stated.

The call ended there.

"Now, do you hear that? I do have the power to fire you." Yu Qi looked at Yun Minli. "I already know you are not suitable to work here. We do value the skill but we also value the character of the worker. You are very disrespectful to others. You are not fit to work here." Yu Qi stated.

"No... No... No... Please don't fire me." Yun Minli began to panic. She then turned to her brother in law.

"Brother Xin, please help me. You need to help me. Otherwise, I will tell my sister to divorce you." She even threatened Xin Chengfu.

Xin Chengfu frowned. He could not do anything. Su Yu Hi said this woman in front of him had the power to fire people working at this company with a valid reason.

She used the reason that Yun Minli was rude toward people. Her job required her to treat people with politeness.

"Yun Minli, I can not do anything." Xin Chengfu said.

"Hey, I will tell my sister about this." Yun Minli shouted at her brother in law.

"Miss Yun, please go to the HR Department to get your one month's salary. If you still stay here, I will ask the security to take you away." Yu Qi said.

Su Yu Hi's secretary, Ming Shuo, came to the front desk to pick up Yu Qi.

"Miss Tang, Mr Su is waiting for you." Ming Shuo said politely.

He was behaving very respectfully to Yu Qi. He behaved like this because he knew that the true owner of the Qinyue Group was Yu Qi.

"Okay. I can go up by myself. You should handle this matter." Yu Qi said to Ming Shuo.

| com Ming Shuo was confused. What matter? He wanted to ask Yu Qi more but Yu Qi already walked away to the lift.

Ming Shuo quickly asked others about that. He found out that this Yun Minli had offended Yu Qi. She insulted Yu Qi with words that could ruin Yu Qi's reputation. How stupid this woman was.

Furthermore, he also received the report that this Yun Minli was rude to female visitors. She always told that the female visitors wanted to seduce Su Yu Hi.

This kind of woman needed to be fired from the company. It was not good for the company image if the receptionist was rude to the visitor.

"You should follow what Miss Tang tells you before." Ming Shuo stated.

Yun Minli rushed to Ming Shuo. She changed her target.

"Mr Ming, please don't fire me. I don't have anywhere to do it. I really need this job." Yun Minli begged.

She thought if she could not get Su Yu Hi, it was okay. Ming Shuo was a good man too. He was the secretary for Su Yu Hi. His salary must be great.

"You already offend Ms Tang. You will want to work here? Dream on." Ming Shuo stated.

Yun Minli could not believe what she heard. She could not believe that the woman had the power to fire her even though she already listened to Su Yu Hi's earlier.

"Why can she fire me? Only Mr Su can fire me." Yun Minli was to argue.

Ming Shuo got closer to Yun Minli. "You offend the owner of the company. How can you still want to work at her company?" He said in a low voice.

"No... It is impossible." Yun Minli shook her head.

"You can go get your salary." Ming Shuo stated. He then looked at Xin Chengfu. "You work at HR Department, right?"

"Yes." Xin Chengfu nodded.

"Deal this." Ming Shuo said.

"Yes, Sir." Xin Chengfu nodded.

Yun Minli could not stay at this company anymore. Well, he was a little relieved. But at the same time, he was quite worried about his wife's acceptance. But it was not his fault. Yun Minli offended someone that she should not offend.

Yu Qi walked to Su Yu Hi's office.

"Mr Su, I am here." Yu Qi knocked on the door.

Su Yu Hi knew who was outside his room. He knew Yu Qi's voice.

"What are you doing? Enter the room." Su Yu Hi said from inside.

Yu Qi laughed as she opened the door.

"Hello, Mr Su." Yu Qi greeted Su Yu Hi. "Should I call you CEO Su?"

"Then should I call you Chairman Tang?" Su Yu Hi replied.

Yu Qi laughed. She sat in front of Su Yu Hi.

"How are you, Brother Yu Hi?" Yu Qi asked.

"You dare ask that?" Su Yu Hi lifted up his eyebrow.

Yu Qi just grinned.

"After missing for one week, you suddenly called me asking to change the name of our company." Su Yu Hi complained.

After Yu Qi came out of Miracle Space, she immediately called Su Yu Hi regarding the name of the organization. At first, the name was YQ.

After that, it was changed to Qinyue Group. Su Yu Hi did not care much about that. But it was a lot of work to do when wanting to change the name. He needed to change everything.

"Sorry... Sorry... I will not change the name again." Yu Qi still grinned.

"Humph! If you want to change it again, I will let you handle everything." Su Yu Hi stated.

"Okay... Okay... You ask me to change to discuss about work, right? Let's start." Yu Qi said.
