"Bo Ya, are you sure I can take all of this?"

"Like I said Master. If you don't take it, it will stay here. You can take and sell. It will become your income. The world outside the space is very harsh. Without money, you can't survive." Bo Ya began to talk like an adult.

Yu Qi felt warm. It was also like this in her previous world. This only can feel when she was together with her grandfather. She was lowering her ground and poking Bo Ya cheeks.

"Master, what are you doing?" Bo Ya felt her master was getting weird right now.

"Nothing." She laughed off when she saw Bo Ya was giving her a weird look. "I will take them, Bo Ya."

"Master, take as many you want."

"Well, I can not suddenly take out that many out of nowhere. People will suspicious and curious about me. I don't want that attention. I will think about how to get out these fruits and vegetables without getting suspicion from anyone. I better get out of this space now. I will come again tomorrow." She hurriedly kissed Bo Ya's cheek and close her eyes.
