1511 Chapter 1511

Chi Yuan looked at the room that she had been trashing. She immediately called the maids to clean the room.

The maids were shocked to see the room's condition. They knew Chi Yuan must be mad when she trashed the room.

"Clean this room in one hour." Chi Yuan said before she left the room.

She did not dare to go outside at this moment. The reporter and paparazzi would chase her if they saw her outside the house.

She was lucky that her house was guarded by security guards. So, no one could easily enter the house. However, sometimes, people could enter the condominium building using some tricks.

A reporter aka paparazzi used another identity to sneak into the building. He used the identity of a food courier. He bought some food to convince the security guards to enter the building.

At that time, the security guards did not think much and allowed him to enter the building. The paparazzi were happy when he successfully entered the building.

From the information he got before, he immediately searched for Chi Yuan's news. He entered the lift and went up to the floor where he believed Chi Yuan's house was there.

The lift stopped and the door was opened. He looked at the floor. It was on the correct floor. He approached the house and knocked on the door.

Then a few seconds, someone opened the door. The paparazzi were surprised when they saw an unknown person. He looked at the house's number. It was correct. This was indeed Chi Yuan's house. But why did someone else open the door?

"Is this Chi Yuan's house?" The paparazzi asked.

Before the person had time to answer, the paparazzi saw Chi Yuan behind the person.

"Who is that?" Chi Yuan asked.

"Miss Chi, can you please allow me to interview you?" The paparazzi shouted to Chi Yuan.

Chi Yuan was shocked. She immediately shouted. "Get out. Close the door."

However, the paparazzi already entered the house. He rushed to Chi Yuan. Chi Yuan was scared. She fell to the ground.

Then, an unexpected thing happened. A maid hit the paparazzi with the flying pan. The paparazzi fell unconsciously.

"Get him out of my house. Hurry up!" Chi Yuan shouted.

The maids quickly pulled the paparazzi and threw him out of the house unconsciously. Then they closed the door and locked it.

"Why do you just open the door without asking for confirmation?" Chi Yuan asked angrily at the maid who opened the door.

The maid quickly apologised for her mistake. She did not mean any harm. She did not know something like this would happen.

Chi Yuan kept scolding the maid. She did not say anything to another maid who hit the paparazzi. She did not appreciate what the maid did to her.

"Stupid. I will deduct your salary for this month." Chi Yuan shouted.

The maid bit her lips. She wanted to cry but she held back. Only tears fell from her eyes.

The other maid was sympathetic to her colleague but she could not do anything to help her. If she spoke for her colleague right now, the anger might move on her as well.

After saying these things, Chi Yuan went to grab her phone. She wanted to call the security guards. She scolded the security guards for not doing the job of letting an unknown person into the building.

She also told the security guards to come up and got the person away from her house.

The security guards were shocked. They remembered that a food courier entered the building just a few minutes ago. They sent two security guards to the scene.

The security guards indeed found someone laying down unconsciously in front of the house. They brought the man out and called the ambulance. The ambulance came and brought the man to the nearest hospital.

....

Chi Guang Wei was feeling hopeless when the company's shares kept going down. He already asked his acquaintances for some help. But they all ignored him.

After some digging, he found out the ones behind this was Yue Cooperation. He did not know why Yue Cooperation started to attack his company.

Chi Guang Wei went to the Yue Cooperation. He wanted to know the reason behind this acquisition. He went to the front desk.

"Yes, sir. What can I help you with?" The receptionist asked.

"I am Chi Guang Wei, Quowen Market's CEO. I want to meet Yue Cooperation's owner." Chi Guang Wei said.

"Sir, do you have an appointment?" The receptionist asked.

"No... But..." Chi Guang Wei said.

"I am sorry to say this. Without the appointment, you can not see the owner." The receptionist displayed a smile.

"I have something important to discuss with him. Can you please make a call?" Chi Guang Wei was begging.

For his company's sake, he was willing to do anything. Without the company, his life might be finished.

The receptionist was having trouble. She looked at her partner. Her partner whispered to her telling her that she should make the call asking whether the owner was willing to meet this man or not.

The receptionist nodded and smiled at Chi Guang Wei. "I will call Mr Min for confirmation. Please wait for a minute."

"Thank you. Thank you." Chi Guang Wei nodded.

If Chi Guang Wei was in another situation, he would not be so polite to the receptionist. But now, it was different. This was the company that could snatch his company from him. He did not want to cause a scene here.

1512 Chapter 1512

"What? Chi Guang Wei comes to our company?" Min Liang raised his eyebrows.

"Yes, Mr Min. He wants to meet with the owner." The receptionist told Min Liang.

"Let him wait. I will ask the owner first." Min Liang said.

The receptionist hangs up the call. Chi Guang Wei looked at her with expectation.

Mr Min told you to wait. He will ask the owner first." The receptionist said to Chi Guang Wei.

Chi Guang Wei was happy with the answer even though it was not confirmed yet whether he could meet the owner or not.

Min Liang went to Qin Xia's room to tell him about Chi Guang Wei's arrival.

"What?" Qin Xia already sensed Min Liang coming.

"Chi Guang Wei is coming to meet you, Mr Qin. Do you want to meet him?" Min Liang told Qin Xia straight to the point.

"He comes?" Qin Xia lifted his eyebrows.

"Yes. He must find out about the acquisition from someone." Min Liang stated.

Qin Xia was silent for a moment. "Hmm... Let's meet him, then."

Min Liang was surprised to hear that Qin Xia agreed to meet Chi Guang Wei. He did not know what Qin Xia wanted to do.

He then called the receptionist again to allow Chi Guang Wei to come up. The receptionist informed Chi Guang Wei about that.

Chi Guang Wei was happy to hear it. He followed the receptionist who would guide him to go upstairs.

.....

Yu Qi was still in Guanying City. She was with Madam Yi and Yi Sanyi. It was one day after the grand opening of the HuiQi Jade store there.

They were having lunch at a famous restaurant in Guanying City. Madam Yi was inviting her out.

"Does the food taste great?" Madam Yi asked.

"Hmm... It is not too bad." Yu Qi stated.

Yu Qi still had time before she returned to FINN City tonight. So, she accepted the invitation.

"The grand opening yesterday was a success. Later, I don't have to go to FINN City if I want to go to HuiQi Jade." Madam Yi said happily.

They were chatting happily until someone approached Madam Yi and greeted her.

"Oh, Madam Yi, nice to meet you here." A middle aged woman greeted Madam Yi. She was with a young woman.

"Nice to meet you too." Madam Yi gave a restrained smile.

The middle aged woman looked at Yu Qi. "So, who is this?"

"This is my friend, Miss Tang." Madam Yi introduce Yu Qi to the middle aged woman.

"Oh, just your friend? I thought she might be your future daughter in law." The middle aged woman tested the market.

The young woman beside the middle aged woman turned hostile toward Yu Qi. She glared sharply at Yu Qi.

Yu Qi glanced at the young woman, did not understand why this young woman looked at her with hostility.

"I also would like her to be my daughter in law too." Madam Yi laughed at her words.

"Whose daughter are you?" The young woman immediately asked Yu Qi.

"What does it matter to you?" Yu Qi asked the young woman back.

"Who is your boyfriend?" The young woman asked another question again.

"Like I ask you before, what does it matter to you?" Yu Qi repeated the same question.

"Miss Tang, my daughter is asking you whose daughter you are because she simply wants to know more about you." The middle aged woman interrupted.

"Oh, I am an orphan." Yu Qi stated.

Well, she was not lying or anything. It was the truth.

The young woman snorted when she heard the answer.

"You are just an orphan. You must be wanting to climb the social ladder, am I right?" The young woman asked.

Madam Yi's face frowned as she heard the statement. The middle aged woman noticed the change and quickly pulled the young woman's sleeve. But the young woman did not notice it as she was focusing on Yu Qi.

Yu Qi chuckled when she heard the question. "Me? Climbing the social ladder?"

"What? Did I guess wrong? I don't think so. A woman like you probably has that kind of dream. Wanting to get married to a rich family." The young woman said.

"Are you sure you not talking about yourself?" Yu Qi replied back.

"What? I don't need to get married into a rich family. My family is rich. So, no need for me to do that. Unlike you." The young woman snapped.

"So, your family is rich? Does it mean you don't have anything under your name?" Yu Qi asked.

"My family is rich. That is it." The young woman said. She then looked at Madam Yi. "Auntie Yi, you should be careful with a woman like this. Most women like her are the gold digger."

The young woman thought Madam Yi would appreciate her advice on Yu Qi. However, she was surprised to see Madam Yi look angry at her.

"Madam Nan, this is what you teach your daughter?" Madam Yi asked the middle aged woman.

The middle aged woman could not say anything.

"How dare you come to me and disrespect my friend like this?" Madam Yi said.

"Madam Yi..." The young woman did not understand why Madam Yi was so angry. She just told her the truth.

"She did not have to get married to a rich family. She is a millionaire." Madam Yi stated.

"What? No way." Both mother and daughter were shocked.

"She is the owner of HuiQi Jade Store. You should know the brand, right?" Madam Yi revealed Yu Qi's identity.

1513 Chapter 1513

"What?" The middle aged woman and the young woman were shocked when they found out the identity of the woman who casually sitting in front of Madam Yi.

"She is Tang Yu Qi?" The middle aged woman looked at Yu Qi.

"Oh, I never thought that you know my name. Yes, Tang Yu Qi is my name." Yu Qi smiled.

The young woman was trembling. If she was Tang Yu Qi, meaning she already had a fiancée. There was no need for her to get married into Yi Family.

The young woman was jealous when she saw Madam Yi act friendly toward Yu Qi. She thought that Yu Qi was Madam Yi's future daughter in law, the future wife of Yi Lishan, the first son of Madam Yi.

She was interested in Yi Lishan and wanted to get married to Yi Lishan. But she could not get closer to Yi Lishan. So, she was hoping to get closer to Madam Yi through her mother.

But now she made a fool in front of Madam Yi. She was scared to know what Madam Yi thought about her right now.

"We are having lunch right now. Can you please leave us alone?" Madam Yi smiled but the smile did not reach her eyes.

The middle-aged woman knew that Madam Yi asked them to leave. She glanced at her daughter and saw her daughter did not want to leave. She pulled her daughter and left the place.

"Hmph! I never like her mother. Now her daughter also acts the same way, looking down at others." Madam Yi snorted watching the middle aged woman and the young woman left.

"Who are they?" Yu Qi asked.

"They are Mong Shui and her daughter, Sang Jinger. Well, her husband owns a company. Pretty well. But it is not enough to compete with you. But almost they look down at others who have a lower income than them." Madam Yi explained. "How dare they look down on you?"

"You don't need to mind much about them." Yu Qi just smiled. She did not care much about them.

"Little San, are you bored?" Yu Qi looked at Yi Sanyi.

Yi Sanyi shook his head. "No, I like being around Sister." He smiled shyly.

"I have a few hours before I am leaving. Do you want to hang out with me after this?" Yu Qi asked.

"Sure!" Yi Sanyi nodded. Of course, he wanted to spend time with her.

"Okay, let's go shopping together after this, okay?" Yu Qi asked.

"Yes." Yi Sanyi agreed.

.....

Back at Yue Cooperation headquarters, Chi Guang Wei had been invited to a meeting room. After that, the receptionist left and someone else returned with coffee and served Chi Guang Wei the coffee.

A few minutes later, the door was opened. A man led a handsome man into the room. The man's expression was cold. He sat in front of Chi Guang Wei. Another man stood beside the handsome man.

With this, Chi Guang Wei knew their identity. He did not expect to see such a young handsome man to be the owner of a large company such as Yue Cooperation.

This young man must be inherited the company from his parent. He assumed that because Yue Cooperation had been operating for such a long time.

Qin Xia looked at Chi Guang Wei. "Why do you want to meet me?"

"Sir..." Chi Guang Wei did not know what this man's name was.

Min Liang noticed that. "This is Mr Qin and I am his assistant, Min Liang."

"Mr Qin, may I know why you suddenly try to acquire my company out of sudden?" Chi Guang Wei asked straight to the point.

Qin Xia smiled coldly. Seeing the smile, Chi Guang Wei gulped.

"Why don't you ask your niece?" Qin Xia replied.

Chi Guang Wei was surprised when Qin Xia suddenly mentioned Chi Yuan.

"What did my niece do to Mr Qin?" Chi Guang Wei asked for more detail.

"Your niece harmed the person that precious to me. Since she was so arrogant with the title of the heiress of Quowen Market, I want to cut that off." Qin Xia stated.

"Who is the person?" Chi Guang Wei inquired.

"That is what I can tell you. You can find out by yourself." Qin Xia stood up and wanted to leave.

Chi Guang Wei still had questions to ask. Min Liang stopped him.

"Mr Chi, it is better you leave and try to ask your niece." Min Liang put on a professional smile on his lips.

Chi Guang Wei knew that this was the limit that he could ask them. A person came to the meeting room and escorted Chi Guang Wei out.

After leaving the building, Chi Guang Wei thought about that. That girl, Chi Yuan offended many people in the past. Now she was also stuck with the plagiarism case.

Yue Cooperation took action now. Meaning the person mentioned by Qin Xia was from the plagiarism case. Chi Guang Wei gritted his teeth. He was angry at Chi Yuan's case.

Why could she investigate the other person before offending them? Now, his company had been implicated too by her.

Because he could not have children due to low sperm production, he really loved Chi Yuan, his older brother's daughter.

But Chi Yuan caused a huge trouble to the company, of course, he could not forgive her. Without the company, how could he and his family survive in the Capital City?

1514 Chapter 1514

Chi Guang Wei went to Chi Yuan's apartment. He was stopped by the security guards due to a previous incident where someone disguised himself as a food courier sneaked out into the building.

Chi Guang Wei told them that he was Chi Yuan's uncle and need to meet her. The security guards then called Chi Yuan for confirmation.

After hearing Chi Guang Wei's voice, Chi Yuan knew it was her uncle. The security guards allowed Chi Guang Wei to enter the building.

Chi Yuan invited her uncle into her room and asked the maid to prepare some drinks.

"Uncle, do you have ways to save me?" Chi Yuan asked.

"Save you? I barely have a way to save the company." Chi Guang Wei retorted in anger.

Chi Yuan was confused as to why her uncle snapped back at her angrily.

"What?" Chi Yuan asked again.

"You harmed our company." Chi Guang Wei pointed his finger at Chi Yuan.

"What? I never meant to harm the company. Uncle, someone must tell you a lie." Chi Yuan stated.

Why would she harm the company? She also relied on the company. Without the company, she would not be here.

"Do you know our company is currently facing an acquisition?" Chi Guang Wei asked.

"Yes." Chi Yuan nodded.

"Do you know who's?" Chi Guang Wei asked back.

"No." Chi Yuan shook her head.

"Yue Cooperation." Chi Guang Wei told Chi Yuan.

"What? But we are not in the same field." Chi Yuan was shocked to hear the news.

"I went to ask them about the reason why they doing this to us. Do you know what their answer is? You!" Chi Guang Wei pointer his finger again.

"Huh? But I don't remember doing someone to Yue Cooperation." Chi Yuan shook her head again.

"They told me that you harmed the owner's precious person. As the reason they did this to our company." Chi Guang Wei stated as he gritted his teeth.

"But I don't know who." Chi Yuan felt terrible.

"That person must be someone from the plagiarism case." Chi Guang Wei conducted. "Yue Cooperation attacks us now and it collides with your plagiarism case. It must be someone from that case."

"But Uncle, this is so strange. If that person has Yue Cooperation as his backer from the start, why did that person still come to work with us?" Chi Yuan felt weird about this coincidence.

"I don't care. You need to apologize to them. Admit your mistake." Chi Guang Wei demanded.

"Uncle, if I apologize and admit to them, meaning I will admit to their accusation, my reputation will be ruined." Chi Yuan stated.

Chi Yuan did not want to apologize. As she said, if she apologised and admitted to their accusation, her reputation would be ruined. She could not live here anymore. This was her place. She did not want to move away.

"Do you want to lose the company?" Chi Guang Wei shouted angrily.

He thought that Chi Yuan did not think about the company at all.

"Uncle, why don't we find out that person first? After finding him or her, I will apologize to her in private and have a slow talk about the acquisition. With that, we can save the company and my reputation." Chi Yuan gave a suggestion.

Chi Guang Wei also thought it was a good suggestion. "But how do you plan to find them? How many people did you copy their design?" He asked.

"Hmm... I think about 10 people. I don't remember the exact number. But I don't think it exceeds 10 people." Chi Yuan tried to recall.

"Then, I will leave it for you to settle it. But remember we don't have much time. The shareholders think it is best for the change." Chi Guang Wei told the truth.

"What? Those shareholders want that?" Chi Yuan could not believe her ears.

"Yes, right now, a part of them still wants to be on our side. That is why we still manage to hold. What if they change their mind? We will not be able to stop the change." Chi Guang Wei sighed.

Both uncle and niece were in silence. Chi Guang Wei thought about another idea.

"Yuan, I have met the owner of Yue Cooperation. He is still young. Probably around your age. It is good if you manage to catch his heart." Chi Guang Wei smiled.

"You mean you want me to seduce him?" Chi Yuan looked at her uncle.

"I know you will understand." Chi Guang Wei nodded.

"But..." Chi Yuan did not want to do that. Her heart belonged to Long Hui. She still wanted to get married to Long Hui. Long Hui was still not married yet. She still had a chance.

"What? You are still thinking to get married to that Long Hui? He already has a fiancée and is in love with her." Chi Guang Wei wanted Chi Yuan to understand that Long Hui would never be hers. She should change the aim.

"Uncle, I can't. I want to be with Hui." Chi Yuan stated.

"Stupid girl. There are so many men in this world. It is even better than that Long Hui. Not to mention, he is just a soldier." Chi Guang Wei slapped the table.

"He is not just a soldier but high ranking one." Chi Yuan retorted.

"I don't care. You need to settle this. Whether you go and find that person or meet Mr Qin, the owner of Yue Cooperation. If you can't settle it, I will personally pulled you to apologize in public." Chi Guang Wei gave the final words and left Chi Yuan's apartment.

1515 Chapter 1515

Yu Qi returned to FINN City after spending time with Madam Yi and Yi Sanyi. She did not buy anything for herself but for Yi Sanyi. That kid blushed shyly when Yu Qi praised him cute after trying the clothes.

Yu Qi also ended up buying clothes for Tang Bo Lin and Tang Heng Nuo too. She could not wait to see the clothes on those kids.

Since it was also late, she did not want to return to Tang House. She did not want to disturb others. They must be already resting.

So, she returned to Long Hui's penthouse. Since she was alone, she wanted to take Aoi out of the space. Xiaohua also wanted to come out. It was her first time coming out.

Yu Qi did not mind. So, she took both of them out. Xiaohua looked around curiously. When Yu Qi went to take a bath, Xiaohua asked a lot of questions to Aoi. Aoi explained to her slowly.

Xiaohua nodded as she heard the explanation. Yu Qi just finished the bath, came out and saw the scene. The scene was a little bit weird since Xiaohua was in human form and Aoi was a puppy.

Since there was no chicken at home, Yu Qi went inside her space to take the chicken from the freeze inside there.

"I will come inside later to give the food to you, okay?" Yu Qi promised Bo Ya when she saw Bo Ya's eyes.

Bo Ya smiled while nodding. Yu Qi looked around to find Rukh but she did not find him.

"Where is Rukh?" Yu Qi asked.

"He is at the lake, meditating." Bo Ya answered.

Yu Qi went to the garden to take the ingredients that she needed before leaving the space.

"Oh, I will go out first." Yu Qi left the space while bringing the chicken and the ingredient.

She wanted to cook simple dishes. One hour later, the meal was done. She cooked Chicken Cacciatore. She served a portion for Xiaohua and Aoi. She told them to eat first. Because she wanted to take some for Bo Ya and Rukh.

She only saw Bo Ya when she entered the space. She served him a portion of the dish. Then she called Rukh using telepathy, telling him that she cooked something.

Rukh who was currently in mediation, stopped what he was doing and appeared in front of Yu Qi with a blink of eyes. It was because of the meal. He eat what she cooked before and found out it was very delicious. How could he skip that? The mediation could wait.

Seeing both of them eating, Yu Qi left the space. Xiaohua and Aoi were still eating. She took some of the dishes and ate them. Xiaohua and Aoi asked for the second time. Yu Qi just smiled and gave it to them.

After eating and cleaning, Yu Qi went to the bedroom to sleep. She did not notice when she fell asleep. She woke up and heard some sounds. She looked at Xiaohua and Aoi who slept together.

Yu Qi got out of bed and slowly approached the door. It seemed someone was here. He was in front of the door right now. Yu Qi opened the door and swing the punch to the person.

However, the person casually stopped the punch and pulled Yu Qi into his hug. Yu Qi finally noticed who the person was.

"Brother Hui...." Yu Qi called Long Hui's name.

"My fiancée is quite violent." Long Hui teased Yu Qi.

"I don't know that you return tonight. I thought someone broke into the house." Yu Qi defended herself.

"Okay... Okay... I know. I thought you are staying at your house tonight." Long Hui said.

"I also just return home. It is already late. I don't want to disturb their rest. So, I come here." Yu Qi told Long Hui.

"Hmm... It is good that you come here. I get to meet you. I miss you so much." Long Hui started to kiss Yu Qi.

Facing the kiss from Long Hui, Yu Qi could not help to moan. Her cheeks started to change their colour.

Long Hui let Yu Qi go. He leaned over at Yu Qi's ear. "I need to take a bath. Be a good girl and wait for me on the bed."

The whisper was so seducing. Feeling enchanted, Yu Qi nodded. Both of them entered the room. Long Hui went to the bathroom. Shino jumped out of Long Hui's pocket as he entered the bathroom.

"Master, I miss you and your food." Shino climbed up to Yu Qi's shoulder and rubbed his face to Yu Qi's cheek.

"Hmm... I miss you too. Don't worry. I will cook something delicious for you tomorrow." Yu Qi rubbed Shino's head.

"I want a lot of food. The food there is tasteless. Not the same as your cooking." Shino complained.

Yu Qi laughed. All of her contracted beasts were foodies.

"Okay... Okay... You can go and take a rest first." Yu Qi said.

Yu Qi took Aoi and Xiaohua who still sleeping. Aoi woke up and saw his master pick him up.

"Master... What are you doing?" Aoi asked with sleepiness.

"Brother Hui is back. You need to sleep at the next room, okay." Yu Qi said.

"Okay..." Aoi went back to sleep.

The time when Yu Qi returned to the bedroom, Long Hui already finished and got out of the bathroom. He just wore the bathrobe.

"Qi Qi, come here." Long Hui called her over.

Yu Qi walked to Long Hui.

"Shall we continue where we stop before?" Long Hui asked.

Yu Qi smiled shyly and nodded.

Long Hui pulled Yu Qi on the bed.

1516 Chapter 1516

After battling with Long Hui on the bed for a long time, Yu Qi fell asleep. Seeing his beloved Qi Qi sleep, Long Hui also fell asleep.

Six hours later, both of them woke, cleaned up and had breakfast together. Both of them did not need to go to work. So, they planned to stay at their penthouse for today.

"Qi Qi, I have something to tell you." Long Hui suddenly sounded so serious.

It got Yu Qi's attention. She turned to Long Hui.

"What is it?" Yu Qi looked at Long Hui.

"Firstly, get your pets together. We will go somewhere." Long Hui asked her.

Yu Qi was confused. Did he just decide to stay home today? However, Yu Qi immediately called Aoi, Shino and Xiaohua.

Shino sat on Yu Qi's shoulder. Aoi was on Yu Qi's arm. Xiaohua was on Yu Qi's arm before Long Hui took her into his arm. Xiaohua did not think much about that and stayed quietly in Long Hui's arms.

Long Hui grabbed Yu Qi's hand. And suddenly, the scene changed. From the living room to the forest. Yu Qi and her contract beasts looked around in shock.

"What just happens?" Yu Qi asked Long Hui.

Long Hui smiled. Before he answered it, Xiaohua shouted.

"This is where I live before." Xiaohua recognized the place.

"Huh?" Yu Qi turned to look at Xiaohua and turned back to Long Hui.

"This is Miracle Space." Long Hui stated.

"Wait, what? That Miracle Space? How?" Yu Qi became more shocked to hear it was the Miracle Space.

"I just realized a few days ago that I can come into this Miracle Space. I don't know why." Long Hui said.

A few days ago, he was feeling weird and when he came to his sense, he was standing in the forest. He did not panic and began to explore the place.

After exploring the forest for a few minutes, he found the whole building, Kui Yue, name on the sign board. Of course, he recognized it. The way white building in the Miracle Space. After exploring other areas, he finally knew that this place was the Miracle Space.

"You can come in and come out of this Miracle Space?" Yu Qi asked.

"Yeah." Long Hui nodded.

"Wow, it is like my Sere Space." Yu Qi said.

'Master, maybe because he is the owner of this Miracle Space.' Bo Ya suddenly talked to Yu Qi.

'What do you mean?' Yu Qi asked.

'It was like our space. Master makes this space. So, you can come in and come out of the space. It is the same applied to your fiancée. Did he make this Miracle Space, right?' Bo Ya explained the logic.

'Oh, that is kind of valid. Thank you, Bo Ya.' Yu Qi thanked Bo Ya.

'Glad to help you.' Bo Ya said.

"Brother Hui, I think I know why you can come in and come out of this Miracle Space." Yu Qi smiled.

"You know?" Long Hui asked.

"Hmm... Just now, Bo Ya told me that since you are the one who makes this Miracle Space, you can come as you want. Just like my Sere Space." Yu Qi explained.

"Owh, I see." Long Hui nodded.

In the past, it was true that he made this Miracle Space. When he thought about Yu Qi's space, he felt that what Yu Qi said was reasonable.

"Master, does this mean I can come and see my family again?" Aoi asked.

"Hmm... I guess." Yu Qi nodded. She remembered that Aoi was from this Miracle Space.

Aoi jumped out of Yu Qi's arms and jumped around excitedly.

"You can spend time with your family for the time being." Yu Qi said to the excited Aoi.

"Really? Are you sure? But I need to be with you to protect you." Aoi thought about Yu Qi's safety.

"You don't need to go much about that. I did not plan to go anywhere for the time being. Just go to the hospital and the lab. That's all." Yu Qi stated.

"I will stay at Qi Qi's side for the time being. I will come and take you outside if I have to leave for work." Long Hui said.

Hearing that, Aoi's eyes shined as he was happy to hear that.

"Well, let's go to your house. You remembered the way, right?" Yu Qi asked.

"Yes." Aoi nodded.

So, they walked through the forest to go to Aoi's family. One hour later, they were at the familiar cliff. They went down and arrived at the fog area. They could sense something in front of them.

Then Aoi made some sounds. A similar yet different creature from Aoi appeared from the fog. Aoi went to talk to them.

"Master, let's go inside," Aoi shouted to Yu Qi.

"Okay." Yu Qi nodded.

They walked in. Aoi was happily talking to his parent. He told them that he would be staying over for the time being. This made his parent happy with the news, especially his mother.

His mother approached Yu Qi and bowed a little while saying something.

"Master, my mother said thank you for staying with me here." Aoi became his mother's translator.

Yu Qi smiled and nodded to Aoi's mother. They stayed for a while and decided to leave.

"Xiaohua, since you are also from this place, do you want to stay here too?" Yu Qi asked.

"No, I don't have anyone here. It is better to stay with you and Bo Ya." Xiaohua shook her head.

If she decided to stay here, she would become alone.

1517 Chapter 1517

Chi Yuan could not ask someone to help her to find out what evidence they had against her. She tried to ask other sources to help her but they did not want to get involved with her.

So, she decided to follow his uncle's words. She wanted to meet with the owner of Yue Cooperation. She stepped into the building and went to the front desk. The receptionist smiled at her and asked what her purpose for coming to Yue Cooperation was.

She introduced herself and told them that she wanted to meet with the owner. The receptionist asked the standard question of whether she had an appointment or not.

"No. But can you please call him and ask about that? Last time, my uncle came without any appointment too and the owner agreed to meet with him after a call." Chi Yuan said.

"Are your uncle, Chi Guang Wei?" The receptionist asked.

"Yes, he is." Chi Yuan nodded.

This receptionist was the one who received Chi Guang Wei. It was true that after she called Min Liang, the owner agreed to meet Chi Guang Wei. The receptionist thought it would be the same as his niece. Maybe they had to discuss something. The receptionist nodded.

"Please wait for a moment. I will call Mr Min." The receptionist told Chi Yuan.

"Sure." Chi Yuan smiled.

The receptionist called Min Liang. Min Liang was currently busy, frowned as he heard the phone call. He answered.

"Yes?" Min Liang asked.

"Mr Min, this is the front desk. Someone wants to meet the owner without the appointment." The receptionist informed Min Liang.

"Who?" Min Liang asked.

"She is Chi Yuan, Chi Guang Wei's niece. Do I need to send her up?" The receptionist replied.

"Chi Yuan? Tell her to wait, I will ask the owner." Min Liang said.

The call ended.

"How is it?" Chi Yuan asked seeing the receptionist was done with her phone call.

"Mr Min said you need to wait. He will ask the owner first." The receptionist informed Chi Yuan.

"Oh, okay." Chi Yuan smiled.

Even though she was smiling, she would not help to feel disgusted interacting with a lower class person. If not because she needed this help, she already snapped and scolded this receptionist.

Min Liang went to Qin Xia's office and saw his boss currently close his eyes while sitting on the chair.

"What?" Without opening his eyes, Qin Xia asked. He also sensed Min Liang's presence.

"Someone wants to meet you, Mr Qin." Min Liang said.

"Who?" Qin Xia asked.

"Chi Yuan." Min Liang mentioned the name.

Hearing the name, Qin Xia slowly opened his eyes. "Her?"

"Yes." Min Liang nodded. "Do you want to meet her?"

"I don't want to waste my time." Qin Xia closed his eyes again as he waved his hand telling Min Liang to get out of his room.

Min Liang got out. He also felt ridiculous that Chi Yuan wanted to meet Qin Xia. She already irked Qin Xia's anger.

Min Liang called the receptionist to tell Qin Xia's answer.

"Miss Chi, I am sorry to inform you that you can't see the owner." The receptionist said to Chi Yuan.

"What? He does not want to meet me?" Chi Yuan could not believe her ears.

"Yes." The receptionist noticed the change in Chi Yuan's voice.

She knew that the woman in front of her was getting angry. But it was not her fault.

"Can you call him one more time? Let me talk to him personally. Who you call, Mr Min, right? Call him again." Chi Yuan started to demand.

"Miss Chi, we all are busy. Mr Min already told you that the owner does not want to meet you. You should leave." Another receptionist interrupted when she saw her partner in trouble.

"Just call him. Let me speak with him once." Chi Yuan demanded again.

"Miss..." The other receptionist wanted to speak up but the first receptionist stopped her.

"Okay. I will call him one more time." The first receptionist nodded with a smile.

She called Min Liang again. She heard that Min Liang answering the phone.

"Mr Min, this is the front desk again. We are sorry for disturbing you again. But Miss Chi here wants to talk with you personally." The first receptionist stated.

"She wants to talk with me?" Min Liang asked.

"Yes." The first receptionist said.

"Give the phone to her. Meanwhile, you can call the security guard to escort her out after she is done talking to me." Min Liang said.

"Yes, Mr Min." The first receptionist nodded.

She then passed the phone to Chi Yuan. Chi Yuan took the phone from the first receptionist.

After passing the phone to Chi Yuan, the first receptionist whispered something to the another receptionist telling her to call the security guards and asking them to get ready to escort this woman in front of them out after she finished talking with Min Liang.

Another receptionist nodded and called someone using another phone.

"Mr Min, right?" Chi Yuan asked.

"Yes." Min Liang answered.

"Can you please arrange the meeting with your owner? I have something to talk about with him." Chi Yuan said.

"Miss Chi, my boss does not want to meet or talk with you. So, you can stop harassing our employees and leave our establishment." Min Liang stated.

"Mr Min, I need to talk with your boss. It is something important." Chi Yuan still wanted to try her luck.

1518 Chapter 1518

"Miss Chi, stop begging like that. It is pathetic. I think you still have something more important than this, right?" Min Liang asked.

Chi Yuan gritted her teeth as she called the lawsuit.

"If you have nothing to say, I have so much work to do. Have a good day." Min Liang ended the answer.

"Hello... hello..." Chi Yuan said. "Damn it." She threw the phone back to the receptionist.

"Miss Chi, please leave our company." The receptionist said politely.

"I will wait here." Chi Yuan wanted to try her luck again.

If she waited until the day ended, she might meet with the owner when he wanted to return home.

"Miss Chi, Mr Min already gave me the order that you need to leave now. If you don't want, our security guards will help you with that." The receptionist said again.

"What?" Chi Yuan looked at her back.

There were two security guards behind her waiting to escort her back.

"Wait, you can not treat me like this." Chi Yuan stated.

"You come to our company demanding to meet our big boss. Who do you think you are?" The other receptionist snorted at Chi Yuan.

"How dare you snort at me like that?" Chi Yuan pointed her finger at the receptionist.

"Yeah. I dare to do it. What can you do to me, huh?" The receptionist chuckled. "I know about your scandal. You are still brave to come here."

Yeah, she knew about Chi Yuan's news. She liked to read about the gossip and she happened to come across Chi Yuan's news.

"Escort Miss Chi out." The first receptionist told the security guards.

"Miss Chi, please leave our building." The security guard said. It was still in the polite way.

"No. I don't want to leave." Chi Yuan said.

"Then, we will make you leave." The security guard said.

He signalled to his partner. He grabbed Chi Yuan's right arm. The other security guard grabbed Chi Yuan's left arm.

Chi Yuan struggled to make the security guards release her but no bail. "Let me go." She shouted.

The security guards ignored her and brought her out of the building. After they were out, they immediately released Chi Yuan.

Chi Yuan did not ready and fell to the ground. "Ouch! You! I will sue both of you!" She shouted.

The security guards ignored her words and entered the building. Chi Yuan gritted her teeth and stood up. She wanted to enter the building again.

However, before she managed to do so, she was blocked by a group of people. Chi Yuan realised that they were a group of reporters with mics and cameras.

"Miss Chi, can you comment a little about your plagiarism case?"

"Miss Chi, what are you doing here?"

"What are you going to do with the lawsuit?"

"Miss Chi, are you coming here to help Yue Cooperation help you?"

"What is your relationship with Yue Cooperation?"

"Is really true that you plagiarism other designers?"

"Why do you want to meet the owner of Yue Cooperation?"

"What are your feeling after being rejected by the owner of Yue Cooperation?"

"Do you come here to ask Yue Cooperation's help?"

"Miss Chi, please answer our questions."

Chi Yuan was feeling a headache when facing a lot of questions from the reporters.

"No, leave me alone." Chi Yuan said. Her voice was faint that no one listened to her.

The reporters kept shouting questions at Chi Yuan. She could not handle it anymore. So, she fainted. Everyone was shocked to see her faint.

"What should we do now?"

"Call the ambulance quickly."

"Yeah? It is not good if she died here."

"We might face the consequences of this."

So, someone called the ambulance. Chi Yuan was laying on the ground without anyone's care until the ambulance came and took care of her.

The two receptionists also watched the scene.

"I hope she will be okay."

"Sister Li, she was rude to us earlier. She deserves it."

"But it is not good of she died. But how did the reporters know that she was here?"

"I told them."

"Huh? How?"

"Well, I secretly turned on the live mode on the social platform. That is why the reporters knew that she was here."

"You. Don't do something like this anymore."

"Yes, Sister Li."

The two receptionists returned to their workspace and continued working.

Chi Yuan became more famous after she was on the social platform. Not to mention the clips from the reporters also went viral.

Gu Ning and Wei Ding Ye were hanging out together after a class when she saw the viral video about Chi Yuan.

"Ding Ye, watch this." Gu Ning showed her phone to Wei Ding Ye.

"What?" Wei Ding Ye asked.

Gu Ning did not say anything just let Wei Ding Ye watch the video. After that, Wei Ding Ye laughed a loud. They were at the cafe.

The sudden laugh made everyone look at Wei Ding Ye.

"Sorry... Sorry... I was loud. Continue doing your things." Wei Ding Ye apologised to others.

"Funny, right?" Gu Ning also smiled.

"What is she thinking coming out when the reporters want to meet you?" Wei Ding Ye said.

"She must be stupid." Gu Ning said.

"What is she trying to do? Asking Yue Cooperation to back up her?" Wei Ding Ye asked.

"Who knows." Gu Ning made a gesture that she also did not know.

1519 Chapter 1519

Li Cui was shocked to hear that Chi Yuan was admitted to the hospital. She quickly called her husband to tell him about the situation.

"What? Was she admitted to the hospital?" Chi Guang Wei frowned as he heard the news.

Chi Guang Wei knew Chi Yuan's purpose today. He was the one asking her to go to Yue Cooperation. He was happy that Chi Yuan listened to his words and went there. How did she end up admitted to the hospital?

Li Cui then explained to her husband about the situation.

"You can go and look for her. I am busy right now." Chi Guang Wei was indeed busy with the company.

Li Cui agreed to do so. Chi Yuan was like a daughter to her. Of course, she was worried about Chi Yuan. She got ready to go to the hospital.

When Li Cui went to the hospital, there were some reporters lingered around to get some news about Chi Yuan. When they saw Li Cui, they knew her identity. They rushed to her side.

However, Li Cui came with her bodyguards. The reporters could not get closer. But it was not stopping the reporters to ask some questions.

"Mrs Chi, are you coming for Miss Chi?"

"Mrs Chi, can you tell us the situation?"

Li Cui ignored the reporters and walked straight into the hospital. She asked the nurse at the counter about her niece. The nurse told her the ward's number.

Li Cui went to her niece's ward. When she saw the ward was not a single room, she told her bodyguard to go and make the arrangement to change the ward.

She did not want her niece to pack together with others. Her niece needed privacy at a time like this. After the transfer, Chi Yuan regained consciousness.

"Yuan-er..." Li Cui rubbed her niece's head.

"Auntie..." Chi Yuan cried when she saw her auntie.

"Why do you go there? Should you stay at your apartment?" Li Cui asked.

"Uncle tells me to go there to save the company." Chi Yuan blamed her uncle for this.

"I will talk to your uncle about this. For now, you just need to rest." Li Cui stated.

"Hmm..." Chi Yuan nodded.

....

Wei Zichen just came back from his business trip. When he stepped into the house, he saw his mother waiting for him.

"Mom?" Wei Zichen said.

Usually, his mother would not welcome him like this.

"Great, you are back. I have been waiting for you." Grandma Wei said.

"Huh? What is this?" Wei Zichen did not understand.

Feng Ni Lan noticed her husband's return and welcomed him. "Welcome home, dear."

"I want you to do something." Grandma Wei demanded.

"Mother, Zichen just return home. Can you please let him come inside the house first?" Feng Ni Lan asked her mother in law.

"Tsk." Grandma Wei clicked her tongue and went inside.

Wei Zichen was confused by this situation. He looked at his wife for an explanation. Feng Ni Lan noticed her husband's stare.

"Come inside first. I will explain to you later." Feng Ni Lan sighed.

Both husband and wife entered the house. Grandma Wei was sitting in the living room.

"Come and sit here. I have something to talk about." Grandma Wei called Wei Zichen.

Wei Zichen went and sat in front of his mother. "What is it, Mom?"

"Do you hear about Yuan-er?" Grandma Wei asked.

Wei Zichen frowned. Why did he need to know about that girl? "No." He answered in short.

"First, she had been caught in a plagiarism case. Second, her uncle's company had been facing acquisition. I want you to help her settle these problems." Grandma Wei stated.

Wei Zichen frowned once again. "Mom, why do I need to help her?"

"Just do what I say." Grandma Wei slapped her knee.

"Mom, you want me to interfere with these problems? Do you want my career to be ruined?" Wei Zichen asked.

"Huh? Of course not!" Grandma Wei denied it.

"Then, why do you want to interfere with these problems?" Wei Zichen asked.

"You know Yuan-er since she was small. Why don't you pity her at times like this?" Grandma Wei asked.

"Yeah. I know her since she was small but why should I endanger my career for an outsider like her? She is not blood-related to me and our family." Wei Zichen stated his opinion.

"Who says she is not blood related?" Grandma Wei shouted.

Wei Zichen and Feng Ni Lan were in silence. They looked at Grandma Wei.

Grandma Wei thought she misspoke. She coughed several times. "Even though she is not blood related, she is still like my granddaughter." She muttered.

"Whatever you say, I will not interfere. If she is really guilty, she should pay the consequence." Wei Zichen would not change his mind.

"Feng Ni Lan, talk sense to your husband." Grandma Wei looked at her daughter in law.

"Mother, I also agree with Zichen. We should not get involved with their business." Feng Ni Lan stood with her husband.

"You two!" Grandma Wei shouted.

"What are you shouting about?" Grandpa Wei appeared in the living room.

"Dad."

"Father."

Grandpa Wei acknowledged both of them. "Tell me, what is going on?"

Wei Zichen told his father everything. When Grandpa Wei heard this, he became angry with Grandma Wei.

"What are you thinking, forcing your son like that?" Grandpa Wei pointed at his wife.

1520 Chapter 1520

"Well, I just want to help Yuan-er." Grandma Wei shrank when facing her husband.

"Hmph... It is okay if you want to talk with her, but don't force my son to help her." Grandpa Wei stated. He then called the steward

The steward rushed over. "Yes, sir?"

"From now on, don't let Chi Yuan enter my house, understand?" Grandpa Wei ordered.

"Yes, Sir. I will follow your order." The steward nodded.

"You can't do that." Grandma Wei said.

"This is my house. I can do whatever I want." Grandpa Wei stated.

Grandma Wei wanted to say something but she stopped herself.

Wei Zichen and Feng Ni Lan looked at Grandpa Wei. Grandpa Wei usually had good-tempered but got so angry because of his wife.

....

Yu Qi returned to Tang House with Long Hui. On the way, they discussed Miracle Space more.

"Brother Hui, if Miracle Space is already with you, what will happen in the next ten years? Will the Miracle Space appear in front of others anymore?" Yu Qi asked. She was curious about that.

Miracle Space was important to the cultivation world. If they knew that Miracle Space was already in Long Hui's hand. They would be very disappointed.

"Technically, Miracle Space is already in my control. It will not appear automatically in front of everyone." Long Hui said.

The Miracle Space already acknowledged him as its master. It would not be the same.

"But I will let it appear as usual." Long Hui continued.

"Oh, that way, people will not be panicked." Yu Qi nodded agreeing with what Long Hui would do.

Yu Qi remembered something. "Before I forget, you need to block another entrance to Miracle Space. Remember, the last time we went inside, we met some evil cultivators. They must have items to open Miracle Space." She reminded Long Hui.

"Don't worry. Without my permission, they can not force open another entrance." Long Hui nodded.

They arrived at Tang House. They entered the house.

"You have returned?" Ming Yue was surprised to see Yu Qi and Long Hui.

"I come back yesterday but it was already too late. I don't dare to disturb you. So, I went to Brother Hui's house." Yu Qi just grinned.

"Next time, just come house whether it is late or not." Ming Yue reminded Yu Qi.

"Okay... Okay... Hmm... Where is the grandpa?" Yu Qi asked.

"He is with Song Nan in the garden. You should know what they are doing." Ming Yue answered.

"How about the twin?" Yu Qi asked again.

"I think they just finished drinking milk. Maybe they are sleeping right now." Ming Yue said.

"Owh..." Yu Qi was a little bit disappointed.

"What is at your hand?" Ming Yue looked at Yu Qi's hand.

"Well, they are clothes for the twin." Yu Qi grinned.

"You really spoilt them." Ming Yue said.

Even though the tone sounded angry but Yu Qi knew Ming Yue just said that without any meaning.

"I will go and do my thing. Xiao Hui, don't be shy." Ming Yue said before leaving the couple.

"My auntie treats you as family." Yu Qi chuckled.

"Hmm..." Long Hui nodded. He was happy that he was well received by her aunties.

Well, he still had to face her grandfathers, uncles, and brothers.

Yu Qi let Aoi and Shino out. Xiaohua also wanted to get out. But Yu Qi did not allow it. What if Tang Family members saw Xiaohua? Xiaohua resembled her a lot. She did not know what to answer if they asked about Xiaohua.

Yu Qi and Long Hui went to see Grandpa Tang. Grandpa Tang was surprised to see Yu Qi home.

"You are here." Grandpa Tang said.

"Hmm... I just return." Yu Qi nodded.

Grandpa Tang's eyes moved to Long Hui beside Yu Qi. "What are you doing here?"

"Accompanying her and visiting you." Long Hui stated.

"Humph! I don't need you to visit me." Grandpa Tang rolled his eyes.

Yu Qi secretly laughed. Long Hui caught her laughing. He used his eyes to say something. 'Wait until we are alone.'

Yu Qi stopped laughing and gulped. This man was terrifying.

Grandpa Tang noticed the interaction between both of them.

"Stop flirting around." Grandpa Tang was annoyed.

Yu Qi just grinned. "Grandpa, don't be angry. Otherwise, I will not show what I bring to you."

"What do you bring?" Grandpa Tang stopped making a fuss.

He became interested in what his granddaughter brought to him.

"This." Yu Qi put the paper bag on the ground.

Grandpa Tang did not wait long to look inside the paper bag. When he saw what was inside the paper bag, he trembled as he looked at Yu Qi.

"This...." Grandpa Tang was excited.

"Yes. It is." Yu Qi nodded.

"Song Nan, look. It is Long Dragon Grass." Grandpa Tang excitedly showed it to Song Nan.

Song Nan also began excitedly when he saw the herbs.

"Where do you get this?" Grandpa Tang asked.

"He he he... It is a secret." Yu Qi grinned.

"You brat! Humph, I will let you off because of this." Grandpa Tang stated.

Yu Qi could not tell Grandpa Tang because she found Long Dragon Grass inside Miracle Space. How could she explain about Miracle Space's existence if Yu Qi told her grandfather about where she found the herbs?

Moreover, that Miracle Space was not hers. It was Long Hui's. She could not just tell anyone about that.
