

Intelligent 1521

1521 Chapter 1521

Chi Yuan stayed at the hospital for the time being. Her ward had been guarded by the bodyguards that her auntie hired. She felt safe for the time being.

She remembered that she had not been calling Grandma Wei. She picked up her phone and called Grandma Wei.

"Hello, Grandma Wei." Chi Yuan said when she heard the person on the other side answer her call.

"Yuan-er, how are you?" Grandma Wei was happy to get a call from Chi Yuan.

"I am fine, Grandma." Chi Yuan said. "Hmm, about getting Uncle Zichen's help..."

"I am sorry about that, Yuan-er... I can't get him to help you." Grandma Wei felt very bad about that.

"Why?" Chi Yuan wanted to know the reason.

"Yuan-er, it is bad for a politician like him to get involved with a case like this. I am sorry, Yuan-er." Grandma Wei sighed.

"I see..." Chi Yuan gritted her teeth. "Grandma, I need to go now."

"Okay... Okay... I call you again." Grandma Wei nodded.

Chi Yuan threw her phone to her bed in anger. She was hoping to get help from Wei Zichen. If he got involved, she could think she would win the case.

Then she heard the knocks on her door.

"Miss Chi, a lawyer wants to meet you. Can he enter?" The bodyguard asked from the outside.

"What? A lawyer? Don't let him in." Chi Yuan shouted.

"Miss Chi, you can not run away. You need to face it now or later. Since you don't want to meet me, I will find another time." The lawyer calmly replied to Chi Yuan.

Chi Yuan became agitated by this. That lawyer wanted to mess with her. She calmed down. She went to the door and opened the door.

"Miss..." The bodyguards looked at Chi Yuan.

"Wait!" Chi Yuan shouted.

The lawyer and his assistant stopped walking and turned out.

"Come in. We need to discuss." Chi Yuan said.

The lawyer smiled, walked back and entered the ward.

Since it was the first class ward, there was table and chairs.

"Sit." Chi Yuan stated.

The lawyer and the assistant did not pay much attention to Chi Yuan's arrogant attitude. They sat down in front of Chi Yuan.

"What do you need to withdraw the lawsuit?" Chi Yuan asked.

"Miss Chi, do you want to settle out of court?" The lawyer asked back.

"Yes." Chi Yuan stated.

Her reputation was much important.

The lawyer smiled. He lifted his hand and showed his five fingers.

"5 million? Okay. I will pay." Chi Yuan smiled.

She could afford that kind of money. She had her private saving.

"Miss Chi, I think you misunderstand." The lawyer smiled.

"What?" Chi Yuan frowned.

"It is not 5 million. But 500 million." The lawyer stated.

"Are you kidding me? Why don't you rob the bank?" Chi Yuan shouted.

The bodyguards entered the ward. "Miss Chi, are you alright?"

"I am fine. Go out." Chi Yuan said.

The bodyguards obediently went out.

"How could you ask for such a large amount?" Chi Yuan asked while gritting her teeth.

"Miss Chi, you stole my clients' designs. Each design sold pretty well. It is a reasonable amount to ask." The lawyer said.

"I see. So, do you think you can leave this ward safely?" Chi Yuan smirked.

"Miss Chi, in case you don't know, my phone is currently on call with my partner. He has been recording this conversation." The lawyer was still calm.

"You. How dare you record me?" Chi Yuan pointed her finger.

"My partner records this conversation for the sake of my safety. If I am going missing, the partner has a lead of that." The lawyer smiled.

"You! Get out." Chi Yuan shouted.

"So, how about the deal? Do you want to settle the case out of court or not?" The lawyer asked.

"Just get out." Chi Yuan shouted again.

The bodyguards opened the door again. They were afraid something happened to Chi Yuan. They could see that Chi Yuan was very angry.

The lawyer and the assistant stood up.

"Since Miss Chi can not make the decision now, we will take our leave." The lawyer bowed a little and left the ward with her assistant.

The bodyguards also went out and closed the door. Then they heard the scream from inside.

Chi Yuan was pretty mad at the lawyer. 500 million. Where could she find such money? She knew if she asked her uncle for the money, her uncle would not cough out such a large amount of money for her.

Not to mention, the company was facing a huge problem right now. She became emotionally unstable. She began to throw the flower vase on the floor. The vase broke.

The bodyguards were shocked.

"What should we do?"

"What should we do? Call the doctor right now. She can not be injured. Otherwise it is going on our head."

One of the bodyguards rushed to call the nearby nurse. One of them opened the door to see Chi Yuan's condition. But his head was hit by the glass.

He could feel the pain and the blood flew down. Luckily the glass just hit his forehead but not his eye. Otherwise, he could be blinded.

"Manhe." The bodyguard could hear his colleagues called his name.

"I am okay. Where is the doctor?" The bodyguards asked.

Then the bodyguards who went to call the doctor came back with a doctor and two nurses.

1522 Chapter 1522

Chi Yuan had been given a sedative. She finally calmed down. Li Cui rushed to the hospital when she heard about her niece's condition.

After hearing from the doctor, Li Cui got one of the bodyguards to tell her what had happened to her niece. The bodyguard explained what happened. Even though he did not know what had been discussed by Chi Yuan and the lawyer, he knew what made Chi Yuan rant.

Li Cui scolded the bodyguards for letting the lawyer meet her niece. The bodyguard felt very wrong when he heard the scold. However, he did not respond and just let Li Cui scold him.

Chi Yuan was the one who wanted to meet the lawyer, but he. He wanted to talk to Chi Yuan about that but she refused and still allowed the lawyer to enter the ward.

....

Yu Qi was doing her checking routes as usual in the morning. After doing that, she started to receive the patients from her office. When she was about to finish that, the nurse told her that someone needed her at the director's office.

She was surprised. It was her first time being called by her uncle in such a way. She nodded and told the nurse that she would be going once she was done with this patient.

After the last patient, Yu Qi walked to the director's room. She knocked on the door. After getting the permission, she opened the door.

"Hmm... I am Doctor Yu Qi." Yu Qi told him her name.

"Hmm... Yu Qi. Come in and close the door." Tang Jung Wen told her.

Yu Qi did as she was told.

"Sit down." Tang Jung Wen said.

Yu Qi sat in front of Tang Jung Wen and waited for Tang Jung Wen to talk.

"Someone requested your skill." Tang Jung Wen said.

"Huh?" Yu Qi did not quite understand.

"It is the government's request. They need you to treat someone." Tang Jung Wen said.

"Someone? Who?" Yu Qi asked.

"Here." Tang Jung Wen pushed a file to Yu Qi.

Yu Qi took the file and read the information inside the file. She did not show any reaction when she read the information. Tang Jung Wen noticed that.

"If it is from the government, does it means this is a confidential secret?" Yu Qi asked.

"Yes. The government requested to keep this a secret. You need to sign this confidential document as well." Tang Jung Wen said.

Yu Qi looked at this.

"There is no room to reject?" Yu Qi asked again.

"You can reject it. But you still need to sign the document since you already read the information. But I don't think you will reject it." Tang Jung Wen smiled.

"Uncle, you know me well." Yu Qi chuckled.

"You are my father's disciple. He would never run from this." Tang Jung Wen stated.

"Hmm... That's right. I am quite interested in this patient. I will accept it." Yu Qi nodded.

"Hmm... Then sign the document." Tang Jung Wen said.

"How many people will be involved in this?" Yu Qi asked.

"Hmm... I don't have a specific number right now." Tang Jung Wen told her.

While she was signing the document, she asked another question. "When can I see the patient?"

"He will be transferred to our hospital within one week." Tang Jung Wen replied.

"He will be transfer here?" Yu Qi was surprised.

"Yes." Tang Jung Wen nodded.

"I thought he will be at the hospital in Capital City." Yu Qi uttered.

"No, the patient requested to be at our hospital." Tang Jung Wen stated.

"I see... I am done signing this document." Yu Qi pushed the document to Tang Jung Wen. "Can I take this file with me?" She wanted to know more about this patient.

"Sure. You can take it. But remember don't let anyone see what is inside." Tang Jung Wen reminded her.

"Okay, uncle. Is there anything else?" Yu Qi asked.

"No... You can go now." Tang Jung Wen waved his hand.

"Okay. I will take my leave first." Yu Qi stood up from the seat and left the room.

Yu Qi went to her room first, cleaned up and left the room to go to the research centre. She did not want to get disturbed by anyone. Her research room was the best place.

After getting to the research centre, Yu Qi was greeted by Neko-chan.

"Master, long time no see. I miss you." Neko-chan greeted Yu Qi with her voice.

"Hmm... I have a lot on my hand." Yu Qi smiled.

"I want to go out with you, Master." Neko-chan sighed.

"Hmm... You can exist in this building. I will try to rewrite the data so that you can come with me later, okay." Yu Qi compromised.

"Sure... Sure..." Neko-chan agreed.

"How about the others?" Yu Qi asked.

"Hmm... They are busy doing their own research. Their conditions are okay." Neko-chan made her report.

She had been instructed by Neko-chan to monitor people inside the building. If they were not fit to work, they would be forced to get a rest.

"Well, Yi Qihan still likes to sleep everywhere," Neko-chan said.

"Hmm... Just let him sleep." Yu Qi said.

"I dislike seeing him sleep everywhere." Neko-chan rolled her eyes.

Yu Qi laughed.

"I will read something. And I don't want to be disturbed. You can go and do your thing." Yu Qi stated.

"Okay..." Neko-chan nodded.

1523 Chapter 1523

Yu Qi sat down and opened the file. She started to read the information.

"Mong Jinan, 50 years old." Yu Qi said.

When she read the information further, she began to frown. She did not think that this patient was ill.

"What the hell?" Yu Qi shouted.

"Master, what's wrong?" Neko-chan was silently watching the K-drama and asked Yu Qi when she heard the shout.

"Oh... Nothing. Continue watching your K-drama." Yu Qi shook her head.

Yu Qi sighed. This patient obviously did not ill but was injected with a lot of viruses into his body. It seemed this patient had been used as the test subject. That was she guessed.

She really wondered what did happen to him. He was 50 years old. Seeing the viruses accumulated in his body, he must be injected with the viruses since he was young.

Yu Qi wondered how he could survive until now having viruses in his body like that. It was really a difficult task. But she did not give up and was excited to see him.

Mong Jinan, Yu Qi wanted to know more about him.

"Neko-chan, can you please search about Mong Jinan?" Yu Qi asked Neko-chan.

"Hmm... Mong Jinan? Wait a minute." Neko-chan quickly searched for the words.

After a few times of trying, Neko-chan frowned. "Master, I don't find anything relevant." She was flustered.

"Hmm... I see... His identity has been kept a secret." Yu Qi thought about that.

Her thought had been disturbed by a phone call. She looked at the name. She immediately picked up the call.

"Hello." Yu Qi answered the call.

"Have you finished your work?" Long Hui asked.

"Hmm... I am at the research centre." Yu Qi said.

"Okay... I will pick you up." Long Hui stated.

"Sure. Call me if you are already inside." Yu Qi told him.

"Okay." Long Hui smiled.

The call ended. Yu Qi took Mong Jinan's file and entered the space. She stored the file inside. She did not dare to leave the file around. Her space was the safest.

Neko-chan was still flustered about earlier. Then she saw her master appear again.

She quickly asked Yu Qi. "Master, does Mong Jinan a person or what?"

"A person." Yu Qi stated. Then she continued. "Neko-chan, don't hack around to find the information about this person anymore. His data is confidential. You might be caught."

Yu Qi noticed what was in Neko-chan's mind. She had to stop her immediately.

"Erkk...." Neko-chan pouted when Yu Qi stopped her.

"Listen to me, okay? We will find his information together, okay." Yu Qi coaxed the AI.

"Okay... okay...." Neko-chan nodded.

Then Yu Qi got a text message from Long Hui telling her that he had arrived.

"I will go home. Bye." Yu Qi said to Neko-chan.

"Hmm... Goodbye, Master." Neko-chan waved her paw.

Yu Qi left her room and saw a group of people also walking to leave the building.

"Miss Tang." They greeted her.

"Hmm... Are you going home?" Yu Qi replied.

"Yes." They answered.

"Okay... Take care of yourself." Yu Qi smiled.

"Miss Tang is really beautiful."

"Yeah, it is the first time I seeing her face to face."

They praised Yu Qi several times for her beauty and brain.

Yu Qi already walked away but she still could hear the conversation. She coughed a few times feeling embarrassed about the praise. She walked out.

Long Hui who was waiting for her noticed something.

"Brother Hui." Yu Qi quickly approached Long Hui she saw him.

"Why are you blushing?" Long Hui narrowed his eyes.

"Just now, I meet people. They also want to go home. They greet me and I also greet them. After I walk away, they start to praise me. It is so embarrassing." Yu Qi put her hands on her cheek.

The cold inside Long Hui's eyes disappeared when he heard her explanation. Long Hui chuckled.

"What they say is true though." Long Hui stated.

"Not you too." Yu Qi smiled. "Hmm, let's eat outside tonight."

"Sure." Long Hui agreed.

They left the place.

"Where do you want to eat?" Long Hui asked.

Yu Qi thought about that for a moment. "Hmm... Let's eat at Heavenly Kitchen."

Heavenly Kitchen was a new restaurant that opened a few months ago. Yu Qi had been going there once with her hospital colleagues.

The food there tasted good. The environment was also good.

"Sure." Long Hui nodded.

They arrived there. The waiter smiled welcoming them.

"Hmm... Is there any private room available?" Yu Qi asked.

The waiter smiled and apologised to Yu Qi. "I am sorry, Miss. Today, we have a full booking."

"I see... It's okay. We will just have a table in the main hall." Yu Qi did not care much about that.

Long Hui stepped in and showed something to the waiter. The expression on the waiter's face changed. He became more respectful.

"Sir, welcome to our establishment. I will inform the manager." The waiter stated.

"Just prepare a room for us." Long Hui waved his hand.

"Yes... yes... I will do it right now. Please wait for a moment. The waiter bowed down and rushed inside.

"What did you show him making him so respectful toward you?" Yu Qi asked.

"Hmm... This..." Long Hui showed her a black card with a restaurant logo on it with his name.

"Black card." Yu Qi smiled.

"I will ask someone to issue one for you." Long Hui said.

"Is that okay for you to do so?" Yu Qi asked.

"No worries." Long Hui smiled.

1524 Chapter 1524

A man rushed over and greeted Long Hui and Yu Qi with respect.

"Welcome Mr Long, Miss Tang. I am the manager of this restaurant. Let me lead you to your room." The manager smiled.

"Thank you." Yu Qi thanked the manager.

While they were led to the room, the manager enthusiastically explained about the room.

"We have a lot of private rooms but the one you're going to use is the most luxurious room called Moon Room. The room is for our black card users." The manager stated.

"I see." Yu Qi responded.

"Wait up!"

They heard someone shout. When they turned around, they saw a man. He looked at the manager.

"I heard you mention a private room. When we were outside, didn't you say that there was no private room left? Why do you lead these people to a private room?" The man demanded an explanation.

The manager did not panic. He even smiled.

"Sir, the waiter outside is not lying. There is no private room left." The manager gestured his hand to Yu Qi and Long Hui. "However, that is for normal private rooms. We have other rooms. However, these rooms are only available to the VVIP customers."

"Then, give me these private rooms too." The man made a demand.

"Sir, I already told you that those rooms are just for the chosen customers." The manager did not back off.

"Call your manager. I want to talk with him." The man shouted in anger.

"I am the manager for tonight." The manager stated.

"Then call the owner." The man shouted again.

The manager glanced once at Long Hui before turning back to the man. Yu Qi noticed it and narrowed her eyes while smiling.

"Sir, we have rules here. If you can't obey the rules, we want you to leave this premise." The manager said.

"Want me to leave? I don't want to leave." The man snorted.

"Then, we will have to escort you out." The manager took out his phone to call someone.

"Huang Jian Zhi, what are you doing here?" Another man came over.

"Bro, they have other private rooms. But they just don't want to give it to us." Huang Jian Zhi said.

The new man looked at the manager asking for an explanation.

"As I explained earlier, these private rooms are for VVIP customers only. The normal private rooms are indeed fully booked for tonight. I am sorry about that." The manager said.

"I see... I am sorry for my brother's behaviour." The newcomer apologized to the manager.

"What are you talking about, Bro?" Huang Jian Zhi was not satisfied yet.

"Shut up! Don't make a scene here. We can eat at the main hall just fine." The new man scolded Huang Jian Zhi.

"Since we are clear, we will be going now." The manager said.

The manager gestured for Long Hui and Yu Qi to follow him.

"Bro, why are you giving in?" Huang Jian Zhi asked.

"Do you see who's with him?" The man asked.

"Huh? Who?" Huang Jian Zhi asked.

"Colonel Long Hui." The man stated.

"What? He?" Huang Jian Zhi was shocked.

"Yes. It seems he is the VVIP customer for this restaurant." The man said.

"He will not remember me, right?" Huang Jian Zhi asked.

"I don't think he will care about you. You should stop behaving like this. If I didn't come here, you would probably offend this restaurant and Colonel Long too." The man scolded Huang Jian Zhi again.

"I am sorry." Huang Jian Zhi apologized.

"Let's go back to our table." The man walked away.

Huang Jian Zhi followed him from behind.

Yu Qi and Long Hui arrived at their room. When the manager opened the room for them, Yu Qi was surprised to see the design of the room. It was Japanese style completed with the tatami floor mat.

"Hmm... It is fabulous." Yu Qi liked the Japanese style.

"I am glad you like the style. Come in and have a seat. You can look at the menu first. When you are ready to order, just press the button over there and someone will come and take your order." The manager said.

The manager bowed and left.

"Is this restaurant yours?" Yu Qi tilted her head while looking at Long Hui.

"Yes and not." Long Hui answered.

Yu Qi frowned. "What kind of answer is that?"

"It is not 100% mine. It is 50-50." Long Hui said.

"Oh. Then, how is the other person?" Yu Qi asked.

"Third." Long Hui stated.

"Third? Third Brother?" Yu Qi asked for confirmation.

"Hmm..." Long Hui nodded.

"By the way, how is his condition?" Yu Qi wanted to know his news.

"Why do you want to know about him?" Long Hui put a look.

Yu Qi chuckled when she saw the look on Long Hui's face. "What? Are you jealous?"

"I am not." Long Hui did not admit that he was jealous when she asked about his third brother.

Yu Qi laughed. "Don't be jealous, okay? I am asking because he was once my patient."

Hearing that, Long Hui told her about Liang Mo Han's condition. "He is recovering well. The doctor told him to rest for about another two months."

"Hmm... That is about right." Yu Qi nodded. "I am glad he is recovering well."

"Why?" Long Hui asked.

"Dumb. Because he is your brother." Yu Qi stated.

"Okay... Let's order the food." Long Hui said wanting to end the conversation about Liang Mo Han.

"Sure." Yu Qi did not reject.

1525 Chapter 1525

Min Liang reported to Qin Xia.

"Mr Qin, we have another piece of news about Chi Yuan." Min Liang said.

"Hmm... What is it?" Qin Xia glanced at Min Liang.

"I found out that she had been involved in the death of a missing person, Jia Huan Bao, an orphan that studied with her. She paid someone to kidnap, rape and kill Jia Huan Bao." Min Liang stated.

"How interesting." Qin Xia chuckled. "Did you get the witness and the evidence?"

"Yes. Do you want to proceed?" Min Liang asked.

"Of course. I don't want to leave such a creature around. She can endanger my junior sister." Qin Xia turned around and looked out the window.

"Yes, Mr Qin. I will handle it properly." Min Liang bowed and left.

Qin Xia did not want that year's incident to happen again. A woman's jealousy was very dangerous. Because Fung Yinluo was jealous of his junior sister, she plotted against his junior sister.

His junior sister did not expect to be betrayed by that woman. Even though the situation now was not the same situation as in the past, it was caused by a woman's jealousy. He really looked at this situation seriously.

In the past, he just could rush and kill the woman but he could not do it anymore. So, he would use everything to eliminate the threat that could harm his junior sister.

Min Liang sent someone to tell Jia Huan Bao's family about what happened. Of course, the family was shocked by everything. The family had been trying to find the daughter who had been missing about 10 years ago.

The policeman had closed the case but the family was still not giving up. How could they give up? It was the daughter that they had been proud of. Even if she had died, they still wanted to know what had happened to their daughter.

They were trembling as they were angry.

"Chi Yuan, you will pay for it." The father clenched his fist.

"But father, we don't have money to open the case." The brother sighed.

"If you want to make Chi Yuan pay for it, we intend to help you with that. You don't need to worry about money." The man smiled.

"Why are you helping us?" The brother looked at the man. He could not help feeling suspicious about this.

"My boss told me to help you guys. Chi Yuan also wants to harm our young miss. Since Chi Yuan still did not do anything to our young miss, we could not do anything to her." The man explained.

The family's face changed.

"That evil bitch!" The brother could not help to curse. "I hear that she is having much trouble right now facing a plagiarism accusation. Serves her right."

"Yes. We should attack her now as well." The father made the decision.

"I will help you arrange the lawyer and everything." The man nodded.

"Let's go to the police station first. We need to open the case back." The father said.

"I will follow you, Dad." The brother said.

"I need to make a call first. You can go to the police station first." The man said.

The man immediately called Min Liang and told him about the progress. Min Liang was happy to hear it.

....

Chi Yuan was still staying at the hospital. Her auntie, Li Cui accompanied her. She was quite happy that no one looked for her right now. Li Cui strictly told the bodyguards that they should not allow other people to enter the room except for the doctor and the nurse.

Li Cui asked Chi Yuan to come home but Chi Yuan did not want to. Chi Yuan told Li Cui that her uncle was still angry at her. Li Cui did not force her and allowed her to stay at the hospital.

While they were talking, there was a knock on the door. The door was opened.

"Madam Chi, Miss Chi." The bodyguard said before stepping aside.

There were several police officers outside. Li Cui and Chi Yuan could not understand why the police officers were here.

"Are you Chi Yuan?" A police officer asked as he was the leader of the group.

"Yes. Why are you looking for me?" Chi Yuan asked.

"Chi Yuan, you are arrested for murdering Jia Huan Bao. This is the warrant. You need to remain silent. Whatever you say right now can be used in the court." The leader showed the piece of paper. He then signalled his subordinates to handcuff Chi Yuan.

"What? Murder? What are you talking about? I think there is a misunderstanding here. You can not arrest my niece." Li Cui shouted.

"Madam, we are just doing our job. Don't stop us from doing our job. Otherwise, we will arrest you too." The leader said to Li Cui.

"Wait. Don't touch me. Let me go. You can not arrest me like this." Chi Yuan resisted the arrest.

"Chi Yuan, you should not resist." The leader signalled his subordinates to finish the job quicker.

The subordinates used force to make Chi Yuan stop her resistance.

"Auntie, help me." Chi Yuan shouted.

"Hey, you! Help my niece." Li Cui shouted to the bodyguards who just watched the situation from the side.

None of the bodyguards moved to help Chi Yuan. They knew the consequence of offending the police officer. They did not want to get involved in this kind of situation. It was not worth it.

1526 Chapter 1526

"Hey, I hired you. So, you need to listen to my order. Quickly stop them from arresting my niece." Li Cui shouted.

None of the bodyguards moved to help Chi Yuan. Even though this woman hired them, it was just to protect Chi Yuan from people disturbing her. They did not dare to offend authorized people like the police officer.

"I said stop them." Li Cui shouted again.

One of the bodyguards finally stepped forward.

"Finally, someone listens to me." Li Cui nodded.

"We will not listen to your order any more. So, we will not stop the police officers from taking the criminal. We don't care if you want to fire us or not. Well, you can complain to our agency." The bodyguard stated.

"You!" Li Cui glared sharply at the bodyguard who talked just now.

"Auntie, I don't want to be arrested like this." Chi Yuan cried out loud.

Chi Yuan was trying to escape from the police officers. The police officers were not so lenient toward Chi Yuan. They held Chi Yuan firmly.

"Bring her out." The leader of the police officers ordered.

So, Chi Yuan had been dragged out of the ward. Since there was a commotion. People came to watch the commotion. They were surprised to see the police officers bringing a woman in handcuffs out of the hospital.

Some of them took a picture of Chi Yuan who was resisting arrest. Li Cui tried to stop the police officers too. In the end, she also had been arrested for hindering police officers' work.

Some of the people who took the pictures posted the pictures on the internet. Since Chi Yuan was on a hot topic recently, the citizen knew her.

"Is this girl involved in the plagiarism case recently?"

"Yeah. That is she."

"Why is she getting arrested by the police this time?"

"It must be the case."

"I don't think so."

"She must have done something bad."

"I was at the scene earlier."

"What scene, bro?"

"The scene where I watched her get arrested. I know why she got arrested."

"Hey, tell us quickly."

"Don't make us wait like this. Hurry up!"

"She had been arrested for murder."

"What?"

"Is that really the truth?"

"Stop lying to us."

"I am saying the truth. It is up to you whether you want to believe me or not."

"Wow... If that is the truth, it is terrifying. A pretty and soft-looking woman like that dares to commit a crime such as murder."

"We really can't judge a book by its cover."

'Look really can't be trusted.'

Many people read the post and commented about it. It became instantly famous.

Chi Guang Wei was having a meeting with the other shareholders when his secretary rushed over to his side.

"CEO Chi, I have something to tell you." The secretary said.

"What?" Chi Guang Wei asked.

"Hmm... It..." The secretary was reluctant to tell the news here in front of everyone.

"Just tell me now if the news is urgent. If not, get lost." Chi Guang Wei scolded the secretary.

The secretary was embarrassed when Chi Guang Wei scolded her like that. She thought to tell him alone since this news was quite shameful. But since he told her like this, she did not care anymore if he was embarrassed anymore after hearing the news.

"CEO Chi, your niece had been arrested for a murder case." The secretary told the news.

The secretary's voice was not too loud or low. Everyone heard it.

Chi Guang Wei turned to the secretary. "What did you say?"

"Your niece, Miss Chi Yuan had been arrested for a murder case. Your wife, Madam Chi, has also been arrested." The secretary dropped another bomb.

"What? My wife too?" Chi Guang Wei stood up immediately.

"Yes." The secretary nodded.

"It seems CEO Chi has another important thing that needs your attention. You should handle that first." A shareholder, Mu Chen smiled.

Chi Guang Wei gritted his teeth. Mu Chen had opposed him several times. Mu Chen must be happy when he had another trouble.

"We will continue this meeting at another time. The meeting is adjourned." Chi Guang Wei stated.

"Okay. CEO Chi, good luck." Mu Chen said again.

Chi Guang Wei quickly walked out of the meeting room. He loosened the tie on his neck. He condemned Chi Yuan for making such trouble at a time like this.

And that was not a small one. A murder. 'That bitch, what was she thinking? Why couldn't she lay low at a times like this?' Chi Guang Wei scolded Chi Yuan in his mind.

Chi Guang Wei arrived at the police station half an hour later. He walked to the counter to ask the police officers about his wife and niece.

"I am Chi Guang Wei. Is it possible for me to meet with my wife, Li Cui and my niece, Chi Yuan?" Chi Guang Wei asked politely.

"Li Cui and Chi Yuan?" The police officers asked for confirmation.

"Yes." Chi Guang Wei nodded.

"You can bring your wife back. As for your niece, you can have a 10-minute talk with her." The police officer stated.

"My niece can't come home?" Chi Guang Wei asked.

"No, she is the primary suspect in a murder case. We can't release her." The police officer said.

"Murder? She doesn't commit that, sir." Chi Guang Wei said.

"We already have the evidence." The police officer snorted.

Chi Guang Wei panicked. From the police officer's reaction, the evidence was probably a solid one.

1527 Chapter 1527

"I will go and see my wife and niece." Chi Guang Wei said.

"Follow that officer." The police officer pointed to his colleagues.

Chi Guang Wei followed the police officer. The police officer brought him to meet Chi Yuan first.

Chi Yuan was sitting in jail crying. She heard someone coming and lifted her head. She was glad when she saw her uncle. She rushed to the bar.

"Uncle, get me out of here. I don't want to be here anymore." Chi Yuan begged Chi Guang Wei.

"Did you really commit the murder?" Chi Guang Wei said in a very low voice to avoid the police officer from hearing it.

Chi Yuan stopped crying but her tears were still flowing down.

"I didn't kill her. But I hired someone to kill her." Chi Yuan also answered in a low voice.

Chi Guang Wei was very angry when he heard that.

"Why are you being so stupid?" Chi Guang Wei scolded Chi Yuan.

Chi Yuan was silent. She did not know what to say but she wanted her uncle to get her out of here.

"Uncle, please don't leave me here."

Chi Guang Wei sighed. His brother and his sister in law entrusted Chi Yuan for him to take care of her.

"I will try to persuade the other family to withdraw the lawsuit." Chi Guang Wei said.

"Thank you, Uncle." Chi Yuan was relieved when hearing that her uncle would help her.

She just needed to stay here for a while. She believed she could get out of this place.

"The time is over." The police officer said.

Chi Guang Wei followed the police officer to his wife. His wife was also crying.

"Husband!" Li Cui cried out loud.

The police officer opened the lock and told Li Cui to get out.

"Thank goddess you are here, husband. You have saved me." Li Cui hugged her husband. "You just need to save Yuan-er."

"She needs to stay here." Chi Guang Wei stated.

"What? Do you intend to leave her here? You can't." Li Cui said.

"The police said that she committed the crime and it is not a normal crime. It is a murder, don't you understand? We will help her from outside. Just let her stay here for a while." Chi Guang Wei phrased it to his wife.

Li Cui calmed down. She understood that. "Okay."

"Let's go home for the time being." Chi Guang Wei walked away.

....

Yu Qi was surprised when she received a guest this morning.

"Senior Brother Xia? Is it really you?" Yu Qi blinked several times when she saw Qin Xia in front of her.

"Hmm..." Qin Xia nodded.

"Why are you here?" Yu Qi asked.

"Today is Master's death anniversary. I want to take you to go and visit Master's grave." Qin Xia stated.

"Today is his?" Yu Qi was shocked.

"Hmm..." Qin Xia nodded.

Yu Qi did not know about that since the calendar that they used in past was different from the current one.

"Let's go then. But wait. Before that, can we stop at the flower shop? I want to buy Master's favourite flower." Yu Qi stated.

"Okay. Let's go." Qin Xia nodded.

So, they stopped at the nearby flower shop. The shopkeeper welcomed them.

"Hmm... What kind of flower Do you want to purchase?" The shopkeeper asked.

"Give me a bunch of pink carnations and irises." Yu Qi said.

"Do you want to put them together?" The shopkeeper asked again.

"Put them separately." Yu Qi stated.

"Sure. Please wait for a moment." The shopkeeper nodded and went to complete Yu Qi's order.

"Why do you also buy pink carnations?" Qin Xia asked.

Qin Xia knew that his Master's favourite flower was the iris. So, it was not weird when she bought that one. But pink carnations?

"Do you know about flower language?" Yu Qi asked.

"No." Qin Xia shook her head.

"The meaning behind pink carnation is gratitude and the concept of never forgetting someone." Yu Qi smiled sadly.

Qin Xia knew her feeling. He put his hand on Yu Qi's head. Yu Qi chuckled. It must be his senior brother's way to comfort her.

The shopkeeper returned with two bouquets. Yu Qi was about to pay but Qin Xia quickly swiped his card.

"Thank you, senior brother Xia." Yu Qi smiled.

"Let's go." Qin Xia stated.

They returned to the car and left the city.

"Senior brother Xia, how do we go to the cultivation world? Do you have a teleportation device?" Yu Qi asked after putting the bouquets into her space.

"I don't need that." Qin Xia said.

"Then, how will we go there?" Yu Qi asked again.

"You will know it later." Qin Xia's corner lips curved up.

After driving for a while, they arrived at a mountain. It was a place for hiking. Since it was the weekdays, no one was there. Qin Xia parked the car and both of them exited the car.

"We need to go up a little bit." Qin Xia stated.

"Okay." Yu Qi nodded.

So, they walked up into the mountain. However, they did not use the hiking track. It was not a problem for them.

Qin Xia stopped at one point. "I think here is okay." He looked around and used his sense to detect anyone's presence. "It is all clear."

"Senior Brother Qin, can you tell me now?" Yu Qi asked.

"We don't need to use the device. I will open the path to the cultivation world by myself." Qin Xia stated.

"What? You really can do it?" Yu Qi was shocked.

"Of course." Qin Xia nodded.

"I know my senior brother Xia is the best." Yu Qi showed her thumb up to Qin Xia.

Qin Xia waved his hand and a portal appeared in front of them. Qin Xia grabbed Yu Qi's hand.

"It is to prevent you from disappearing from my side." Qin Xia explained.

"Okay." Yu Qi held her senior brother's hand firmly.

Then, they stepped into the portal. A moment later, they arrived at one destination. Yu Qi recognized the place at one glance. She remembered this place.

Yu Qi looked around and saw what she wanted to see. She walked quickly there.

Once she arrived there, she bowed down to the ground.

"Master, I am back. Your unfilial disciple is back." Yu Qi immediately cried while she was bowing down.

The thought of not remembering her master for thousand years made her sad. She took out the iris flower that she bought earlier.

"Master, it is your favourite flower." Yu Qi put the bouquet on her master's tomb.

The memory of when her master was alive lingered in her mind. She ended up crying again.

Qin Xia looked at his junior sister. Usually, he hated women's crying. If he encountered one, it was either he or the woman who left.

'Master, I came back to see you. Do you feel surprised with my gift?' Qin Xia asked in his mind.

When he first found Yu Qi, he wanted to bring her first. However, when he had second thoughts, he gave up the idea. Since his junior sister already forgot about that, he would not disturb her life more than he already did.

But by luck, his junior sister recovered her memories and remembered everything. So, he thought: why not bring her here?

"Senior Brother Xia, where are my other senior brothers' tombs?" Yu Qi asked.

"You want to visit them too?" Qin Xia asked back.

"Hmm... I think their tombs are nearby. I want to visit them too." Yu Qi nodded.

Qin Xia brought Yu Qi to another area. When they were on the way, they met with someone. It was an old man.

The old man bowed respectfully to Qin Xia. "Ancestor, you are here."

"Hmm..." Qin Xia responded.

"I just finished cleaning the tombs." The old man stated.

"Good job." Qin Xia replied.

"Okay, Ancestor. I will go back first. Have a nice day." The old man bowed again and left.

While he was leaving, his mind wondered about the girl's identity that stood beside Qin Xia. He knew very well that Qin Xia hated women. Qin Xia would not stand that close to a woman. But he did not dare to ask the ancestor.

"You hired someone to take care of their tombs?" Yu Qi asked.

"Hmm... I don't have much time." Qin Xia admitted.

Then Yu Qi saw three line-up tombs. Their names were well written.

She sat down. "Senior Brother Rui, Senior Brother Lin, Senior Brother Wei..."

She remembered how those three tried to protect her but ended up taking their own lives. What if she took another decision on that day, would their destiny have changed? She would never know.

She took out the pink carnations flowers. "Senior Brothers, I will never forget you. Rest in peace."

Qin Xia then brought Yu Qi to his own residence in the cultivation world. It was a very secluded place. Once Yu Qi stepped in, her eyes trembled.

The place was the same as the one where she lived as Qin Yue.

"This..." Yu Qi looked at Qin Xia.

"I built it." Qin Xia confirmed the thought.

"I never thought I would see this scene again." Yu Qi smiled while her tears flowed down.

She lost count of how many times she cried today.

A man rushed over to Qin Xia and greeted him.

"Ancestor, you are back." The man said.

"Hmm... It is Miss Yu Qi. Treat her as you treat me." Qin Xia stated.

The man looked at the girl beside Qin Xia. The girl was crying while looking around and did not look at him at all.

'Ancestor finally wants to settle down?' The order that he received just now made him think that. 'Treat her as you treat me.' It probably means Qin Xia wanted to make Yu Qi his wife.

The girl was still crying. Qin Xia did not plan to comfort her. The man felt distressed about that. What if this girl run away from Ancestor because of his cold personality? The marriage would not be happening like that.

"Senior Brother Xia, I want to see my room first." Yu Qi stated.

The man was shocked when hearing the girl called Qin Xia like that.

"You can go and take a look." Qin Xia nodded.

Yu Qi rushed over leaving Qin Xia and the man.

"Ancestor, shouldn't you lead her over?" The man asked.

"No need. She already knows the way. You don't need to do anything. We will be leaving soon. And if she comes back without me, don't stop her from entering. Otherwise..." Qin Xia did not complete the sentence.

"Yes, Ancestor. I will tell the others about this." The man nodded.

He knew the end of the sentence. If that happened, they would be killed. He understood Qin Xia very well. He had been serving Qin Xia for hundred years.

1529 Chapter 1529

He was more interested in the girl who entered just now. He wanted to know what the ancestor meant when he told him that she already knew the way.

"I will go in first." Qin Xia said.

The man nodded and bowed. He went to see the girl. He searched for the girl around. Then he found her in the most sacred place which the former room of the beloved junior sister of Qin Xia.

He rushed over to prevent the girl from entering the room. But when he heard after that was shocking.

"Senior Brother Xia build the same courtyard for me. It has been thousand years but he still remembers the design. He even remembers the fan." The girl laughed.

The man trembled. He slowly approached the girl.

"Young Miss Qin Yue?" The man tried to call Yu Qi.

"Yes?" Yu Qi answered.

She felt that she returned to where she was Qin Yue.

"You are really Young Miss Qin Yue?" The man's voice trembled.

"Yes. But I go with Yu Qi now." Yu Qi stated.

"It is really a miracle." The man cried. "Young Miss Yu Qi, I am Lan He, the keeper of this place."

"Nice to meet you, Sir Lan He." Yu Qi greeted him with respect.

"Young Miss Yu Qi, you don't need to call me like that. Just call me Lan He." Lan He felt scared when Yu Qi called him like that.

"You are people under my Senior Brother Xia. I can not disrespect you like that." Yu Qi stated.

"This..." Lan He did not know what to do.

"Senior Brother Xia will not be mad at you. If he does, I will cover it for you." Yu Qi smiled.

"Okay." Lan He gave up.

"By the way, Sir Lan He, who else lives here?" Yu Qi asked.

"There are 4 keepers including me, Hong Zhou, Huang Jin, and Luse Man." Lan He stated.

As Lan He was about to tell Yu Qi more about that, they sensed that some people rushed toward this place.

"Intruder." Hong Zhou shouted when he looked at Yu Qi.

"Stop!!! Master brings her in. You can not attack her." Lan He stopped the three keepers.

"Master brings her in?" Huang Jin looked at Yu Qi.

"Yes. Moreover, she is Young Miss Qin Yue." Lan He stated.

"Impossible." Hong Zhou shouted.

"Young Miss Qin Yue already passed away a long time ago." Huang Jin said.

"We all know about the tragedy." Luse Man added.

"If you don't believe me, you can go and ask Master. You should know that Master had returned. Until then, you can't do anything to Young Miss Yu Qi." Lan He protected Yu Qi.

The other keepers looked at each other.

"Let's ask Master first." Luse Man decided.

Both Hong Zhou and Huang Jin nodded. When they were about to go to Qin Xia's place, they sensed another.

"Master is going to advance?"

They looked at Qin Xia's place direction. The Qi was indeed being pulled in that direction. They immediately rushed to Qin Xia's place. They could see Qin Xia was indeed at the centre of the turbulence.

Qin Xia sensed them, opened his eyes and looked at them. "Protect my junior sister for me." Then he closed his eyes again.

The order confirmed Yu Qi's identity. It was really Qin Yue. But how? Since Qin Xia already confirmed Yu Qi's identity, they would protect her.

"We are sorry, Young Miss Qin Yue." Luse Man kneeled down.

Both Huang Jin and Hong Zhou also followed him.

"No need to kneel to me. Please stand up." Yu Qi stated.

The three of them followed her order.

"By the way, don't call me, Qin Yue anymore. I now go by the name Yu Qi." Yu Qi told them.

"Okay, Young Miss Yu Qi." The three of them said at the same time.

Yu Qi sighed. She told them to call her just Yu Qi, not Young Miss Yu Qi. She would let them call her whatever they wanted.

Her senior brother would advance in rank. In the cultivation world, he already became the strongest. No one could challenge him anymore. And now, he would be going to advance again. It was really a good thing.

People in the cultivation world noticed the situation. They came over to watch the situation. Even people from the great families also came.

"Grandfather, is someone going to advance in rank?" Bucong Nanyi asked.

"I think so." Bucong Guang nodded.

"Then, let's go and watch it closely." Bucong Jian stated.

"Young Master Jian, you can not be reckless." Jiang Nan Shu stated.

"Jiang Nan Shu, what do you mean by that?" Bucong Jian asked.

"Do you realize where this place is?" Jiang Nan Shu asked.

"What?" Bucong Jian did not understand.

"This mountain belongs to the ancestor. Do you want to be killed?" Jiang Nan Shu opened his fan.

"This mountain belongs to the ancestor? Is that true, Grandfather?" Bucong Jian asked his grandfather.

"Yes." Bucong Guang answered.

Bucong Jian felt stupid. He glared at Jiang Nan Shu. Jiang Nan Shu just smiled at him.

Lan He and others already noticed people gathering around the mountain.

"Hey, you can go and tell other people that they can't enter this mountain right now." Lan He said.

"Do we need to do that? People already knew that this mountain belongs to our Master." Hong Zhou stated.

1530 Chapter 1530

"We need to look out. What if someone sneaks in and disturbs Master?" Luse Man asked.

"Yeah. I agree." Huang Jin nodded.

"I will go and tell the people that Master is advancing." Lan He said.

"Do you need my help?" Yu Qi asked.

"No, Young Miss Yu Qi, you just need to stay here watching Master advancing. Hong Zhou will stay with you." Luse Man said.

"Me?" Hong Zhou pointed to himself.

"You don't want to stay with me?" Yu Qi titled her head.

"That is not what I mean. I will stay here then." Hong Zhou awkwardly agreed to it.

The three keepers went to different places. Lan He appeared in front of the gathered people.

"It's Sir Lan."

They cupped their hands and greeted Lan He with respect. Lan He just nodded.

Bucong Guang stepped forward and asked about the situation. "Sir Lan, is someone advancing here?"

"Yes." Lan He nodded.

"Who?" Bucong Guang asked.

Everyone held their breath waiting for the answer.

"It is my master." Lan He stated.

"The ancestor is advancing?"

"Really?"

"Wow... His strength is already the strongest here and now he is still advancing. He is indeed a legend."

"A living deity."

They commented on the subject.

"Sir Lan, is it okay for us to stay here? Does it disturb the ancestor?" Huo Xie asked.

"It is okay as long as you don't enter the area." Lan He said.

"We will stay here then." Huo Xie smiled.

Then the Dian family also arrived. The Dian Family arrived late because they just got the news from an insider. So, they rushed over. Not all of them were coming. Only Great-Grandpa Dian, Grandpa Dian, Dian Jung Gi, Dian Zin Fang, Dian Qi Qi and a few family elders in the family were coming.

It was a coincidence that Dian Qi Qi was with her Great-Grandpa Dian when Grandpa Ray rushed over to tell him the situation. Dian Qi Qi insisted on coming with them too. Great-Grandpa Dian could throw her off. So, she ended up coming here too.

Great-Grandpa Dian led the lead. He went to his friend, Huo Xie.

"What happened?" Great-Grandpa Dian asked.

"The ancestor is advancing." Huo Xie told him.

"He is advancing?" Great-Grandpa Dian was shocked.

"Yes, Sir Lan already confirmed it with us." Huo Xie nodded.

Of course, Great-Grandpa Dian knew who Lan He was. If Lan He already confirmed the news it meant it was true that the ancestor was advancing in rank.

Yu Qi looked at Qin Xia. It had been a while since she saw the advancing process. Not to mention, Qin Xia's advance.

"Master's finally advancing. I am very happy." Hong Zhou suddenly said.

"Finally advancing?" Yu Qi did not understand.

"After the tragic incident, Master could not advance at all. He could not overcome his inner demon." Hong Zhou said and then sighed.

"Tragic incident? You mean when my other senior brothers and I were killed?" Yu Qi asked.

"Yes." Hong Zhou nodded. "Maybe because Master finally brought you back. The knot inside his heart untied leading him to advance today."

"I should have remembered him earlier. Otherwise, he would have suffered for such a long time." Yu Qi's voice trembled.

Hong Zhou did not know how to comfort the woman. So, he kept silent. Yu Qi really appreciated it. Her eyes did not look around. She kept staring at Qin Xia's advancing.

The Qi became bigger and bigger surrounding Qin Xia. Qin Xia sat tightly absorbing the energy. As Hong Zhou guessed earlier, he could not advance in rank before, it was because of his inner demon. He could not overcome it.

However, after bringing his junior sister back to meet with his master and his junior brothers, the knot untied. He could make it work. After one hour, he finally succeeded. He could feel it. He smiled.

The turbulence and Qi disappeared. Qin Xia stood up. Then he could sense someone rushing toward him and he felt that someone hugged him. He realized it was his junior sister.

"Senior Brother Xia, congratulations." Yu Qi congratulated Qin Xia.

"You congratulate me. Then why are you crying? Are you not happy with me advancing?" Qin Xia asked.

"Of course not! I am really happy. But when I am thinking it was because of me that you couldn't advance after all these years, I am feeling horrible." Yu Qi stated.

"It is not your fault." Qin Xia comforted Yu Qi. "You don't need to think about that anymore, okay?"

"Okay." Yu Qi nodded like an obedient little girl.

The keepers saluted Qin Xia. They had returned the moment Qin Xia succeed in advancing in rank.

"Master, congratulation on advancing in rank." The four of them kneeled down.

"Stand up. I will go and greet people outside." Qin Xia stated.

"Yes, Master."

Qin Xia and Yu Qi walked over followed by the four keepers. When the people saw Qin Xia, they immediately congratulated Qin Xia in a respectful manner.

However, not all of them could do so.

"What are you doing here?" Bucong Jiye pointed to Yu Qi who stood silent beside Qin Xia.

"Jiye, what are you saying?" Bucong Guang was shocked to hear Bucong Jiye's question.

"Look at the woman beside the ancestor. What is she doing over there?" Bucong Jiye shouted again.

Everyone began to notice Yu Qi beside Qin Xia. They knew the girl. It was the new girl who had been acknowledged by the Dian Family.
