

## Intelligent 1551

### 1551 Chapter 1551

While they were happily shopping, other customers entered the store. The storekeeper greeted them with a smile too.

"Welcome... Welcome..." The storekeeper stated.

"Why are you here?" The customer shouted while looking at Yu Qi and others.

Dian Qi Qi looked at the customer. And her facial expression turned bad.

"What? You are here. Why can't we here?" Dian Qi Qi said.

The customer was Ling Su Liu and two women. She was on good terms with Bucong Jiye making Dian Qi Qi not think nicely of Ling Su Liu.

"How dare you act so rude toward my young Miss?" One of the women who accompanied Ling Su Liu felt angry.

"So what? What can you do to me?" Dian Qi Qi snorted.

"Our young miss is the future mistress of the Bucong Family. You dare act rudely toward her. Are not you afraid of Bucong Family?" The woman stated.

"Oh, I don't know about that. So, which young master from Bucong Family that you mention?" Dian Qi Qi smiled.

"Of course, Young Master Shuye." The woman quickly answered the question without noticing that Ling Su Liu wanted to stop her.

Dian Qi Qi narrowed her eyes while smirking at Ling Su Liu. "I don't know that you are going to be part of the Bucong Family."

"Now you are scared?" The woman said arrogantly.

"Me? Scared? Why the hell I am afraid of Bucong Family? I, Dian Qi Qi from Dian Family never afraid of Bucong Family." Dian Qi Qi said her name.

Hearing this, the two women became pale. Of course, they knew about Dian Family. It was one of the four great families that could stand side by side with the Bucong Family.

The two women became scared and began to hide behind Ling Su Liu.

"Ling Su Liu, I never thought you will be Bucong Shuye's wife. Congratulation." Dian Qi Qi smiled.

"No... It is not like that." Ling Su Liu shook her head.

Since Dian Qi Qi's voice was loud, some of the other people could hear that.

"I don't know about this."

"Me too. Ling Family will be in law with Bucong Family."

"Are you sure about that? I never heard the news before."

"Well, the young miss from Ling Family is indeed close to the young miss from Bucong Family. Maybe they have that intention."

"Well, we just need to hear the news from Bucong Family later."

Ling Su Liu became pale. She was indeed dreaming to be Bucong Shuye's wife but she still did not get any confirmation from Bucong Family. Bucong Shuye also did not like her that much.

Ling Su Liu did not want to be here anymore. She ran outside of the store.

Dian Qi Qi laughed. "Still want to fight with me? Humph!"

"Bucong Family will hear about this." Yu Qi said.

"For sure. But it is the truth. Ling Su Liu is indeed aiming to become Bucong Shuye's wife." Dian Qi Qi said.

"But he did not have any feelings for Ling Su Liu. He will not agree with that. Even his family wants him to." Long Hui gave his comment.

"You know?" Yu Qi was surprised to hear a comment from Long Hui.

"Because he is like me in the past. No one can force me to do what I don't want to do." Long Hui stated.

"Let's forget about that." Dian Qi Qi did not want to talk about unimportant people anymore.

So, they continued shopping. Yu Qi made the payment for the purchase. She was looking very happy.

After that, Dian Qi Qi pulled Yu Qi into the clothes shop. The men just followed from behind. The store was selling traditional clothes.

"Sister Yu Qi, why don't we wear these clothes for tonight's party? It will be fun." Dian Qi Qi suggested.

"Huh? Others will wear them right?" Yu Qi asked.

"Sister Yu Qi, even though they are from the cultivation world, they still prefer modern clothes. It is more practical." Dian Qi Qi stated.

"Then, why don't you wear modern clothes too?" Dian Shu Xian interrupted the conversation.

"What do you mean about that? My clothes are modern clothes." Dian Qi Qi retorted.

Dian Shu Xian looked up and down. "Are you sure about that?"

"You are questioning my taste?" Dian Qi Qi lifted her eyebrows.

"I am just telling you the truth." Dian Shu Xian stated.

"Humph!... I don't want to waste my time talking to you. Better to choose the clothes for Sister Yu Qi." Dian Qi Qi rolled her eyes.

"I don't think you need to bother about that. The couple is having fun choosing the clothes by themselves." Dian Shu Xian used his eyes to show Dian Qi Qi.

On the other side, Long Hui led Yu Qi to see the clothes. Long Hui indeed had a fetish for choosing clothes for Yu Qi.

"Qi Qi, this colour is pretty. This one too." Long Hui showed a few choices for Yu Qi.

"Yeah... Indeed." Yu Qi nodded.

"However, I think the light purple fits you perfectly." Long Hui pulled a dress out.

"Hmm... It is indeed beautiful." Yu Qi nodded.

Long Hui's choice did not disappoint her. Her eyes looked around. She found what she looked for.

"Then, those clothes fit you too." Yu Qi showed a dark purple dress Long Hui.

"Hmm... It is. The colour matches each other." Long Hui smiled.

1552 Chapter 1552

"So, should we buy them?" Long Hui asked.

"Hmm... I like them. Let's wear them for tonight." Yu Qi stated.

"What? You already choose one?" Dian Qi Qi pouted.

"Yes," Yu Qi nodded once again.

"Tsk... I am thinking of choosing a dress for my sister Yu Qi." Dian Qi Qi glared at Long Hui.

Long Hui just smirked. He would not let Dian Qi Qi seize the chance on choosing the dress for his beloved Qi Qi.

"So, which one that you choose, Sister Yu Qi "Dian Qi Qi asked.

Yu Qi showed the dress that Long Hui chose for her.

"Hmm, it is indeed suitable for you, Sister Yu Qi." Dian Qi Qi nodded several times. Then she smirked.

"Look like he did have some taste in choosing the women's dress. Or did you choose a dress for women before this?"

Long Hui narrowed his eyes. "My taste in choosing a woman's dress develops after meeting my beloved."

"I see." Dian Qi Qi rolled her eyes.

"Do you want to buy the clothes too?" Yu Qi asked.

"No need." Dian Qi Qi gave up on buying the clothes.

Yu Qi turned to Dian Shu Xian. "Brother Shu Xian?"

"No. I don't need to buy it." Dian Shu Xian shook his head.

He followed them to show them around. Even though Dian Qi Qi was also familiar with the place, Grandpa Dian did not believe her much. So, Grandpa Dian asked him to take care of them.

So, Yu Qi and Long Hui went to pay for the clothes. After that, they walked around the market again. This time, they just looked around and did not have any intention to purchase anything again.

"Let's go and eat at this restaurant." Dian Qi Qi pointed at the restaurant in front of them.

"Hmm... I want to try the food here too." Yu Qi nodded.

It was a good timing since it was lunchtime already. Four of them entered the restaurant.

"Welcome.... Is it four of you?" The waiter welcomed them.

"Yes. Please give us a private room." Dian Shu Xian requested.

"Sure... We still have one empty private room." The waiter nodded.

'Other rich customers.' If the customers requested the private room, meaning they had a lot of money. They were led to a private room. While on the way, they could sense that a lot of eyes were staring at them.

"Hey, are those people from Dian Family?"

"Yes. They are."

"Tonight is a celebration party for Madam Shu, right?"

"Yes, maybe they are shopping for the present."

"The couple who walk in front is Tang Yu Qi and Long Hui, the one who inherits a lot from Miracle Space, right?"

"Yeah. They are very good-looking people."

They arrived at the private room. The waiter gave the menu book to them.

"If you are ready to order, just push the button on the table. We will come over and take your order." The waiter said.

"Okay." Dian Qi Qi nodded.

The waiter left the room. So, they began to look at the menu book. While they were deciding on the food that they wanted to eat, they heard some sounds right outside at their door.

Then, the door was opened from the outside. Some people entered the room. One old man and two old women. It seemed one of the old women was at the same age as Grandma Shu and another old woman was older than her.

"Who are you? Why are you coming into your room?" Dian Qi Qi asked.

"The young generation nowadays really don't know their roots." The old woman who the same age as Grandma Shu stated. "Come on, greet your maternal great grandparent."

They were stunned. What maternal great grandparent? They did not know them.

"We don't know you. Please leave." Dian Shu Xian said.

"How rude. It seems Shu Wen did not know how to teach her grandchildren some manners." The old woman said.

The people were from Shu Family. The old man was Shu Qingsheng, his wife, Meng Lijuan and their daughter, aka, Grandma Shu's step sister, Shu Mingxia.

"My grandma never tells us about you. So, there is no need for us to pay attention to unknown people." Dian Qi Qi snorted.

"See, Father. Shu Wen really too much." Shu Mingxia said to her father.

Shu Qingsheng looked at four of them. "I am your maternal great grandfather."

"So, what?" Dian Qi Qi tilted.

"Pay your respect." Meng Lijuan ordered.

"Sister Yu Qi, are they crazy?" Dian Qi Qi asked Yu Qi.

"Probably." Yu Qi nodded.

"You!" Shu Qingsheng's face was red. These young people really did not give a face to him even though he was their elder.

"We will teach you some manners since that bitch did not teach you." Shu Mingxia stepped forward wanting to slap Yu Qi since Yu Qi was the closer to her.

| "One touch on her, I swear you will die without an intact corpse." Long Hui leaked out his murderous aura.

The three of them began to suffocate. They looked at the man who said that in horror. This aura was familiar to someone. Who? Yes, they remembered.

The ancestor, Qin Xia. How could someone like Long Hui possess the same aura as their ancestor? They fell on their knees.

"I will call someone." Dian Shu Xian clicked on the button.

Not long after that, the waiter came. He thought the customers were ready to order. He was surprised to see other people here.

"They are disturbing. Please get them out of here." Dian Shu Xian stated.

"Yes, Sir. I will do so." The waiter nodded. He immediately called some people to escort these people out of the restaurant.

After lunch, they decided to return home. They contacted Dian Ren Qi to inform him that they would return home first. Dian Ren Qi still wanted to spend time with his girlfriend. He would return home before the party started.

When they returned home, Dian Qi Qi pulled her Sister Yu Qi to go find their grandmother while Long Hui was also being pulled by Great-Grandpa Dian to their training ground. Both of them were hopeless, so, they just followed their wishes.

Grandma Shu was reading something in her room when Dian Qi Qi and Yu Qi arrived.

"Why are you two here?" Grandma Shu put down the book that she had been reading.

She also signalled the maid to bring some tea for the girls.

"Grandmother, just now, when we were eating lunch at Rising Dragon Restaurant, some people came to us and claimed that they are our maternal great-grandparents." Dian Qi Qi informed Grandma Shu.

Grandma Shu narrowed her eyes. "Oh..."

"They told us to pay them some respect." Dian Qi Qi continued. "Of course, we refused. How could we just give our respect to some random people? And a woman told us that she could teach us some manners and wanted to slap Sister Yu Qi. However, that man, Long Hui stopped her. After that, they had been dragged out of the restaurant."

"It has been a long time since I heard about them. So, they are still alive." Grandma Shu commented.

"Grandma, are they really your parent?" Yu Qi asked.

"Well... He is... But she is not." Grandma Shu stated.

"You mean..." Yu Qi was quite surprised to hear about this.

"Yeah... He married that woman right after my mother passed and brought two children that were one year younger than me." Grandma Shu told them.

"What? That bastard? Meaning he had been cheating on maternal great-grandmother all along." Dian Qi Qi was triggered when she heard about this.

"Indeed. That woman wanted to push me down and wanted her daughter to replace me but I was a very talented person in the young generation of that family. So, the elders were reluctant to do that. But that woman did not give up and schemed against me. I fought back by kicking that man down from the leadership but gave the position to his younger brother." Grandma Shu felt proud to tell her story to her granddaughters.

"Wow, Grandma, you are awesome. He deserved that." Dian Qi Qi gave her thumb up to Grandma Shu.

Yu Qi also thought the same. Pulling her father from the leadership position and giving to her uncle. What a great move.

"You don't need to care about them if they come and find you anymore. I will handle them for you."  
Grandma Shu smiled.

"Okay... Okay... We will leave first, Grandma. See you at the party. You can expect a good present from me." Dian Qi Qi winked at her grandmother.

"I will go out, Grandma." Yu Qi smiled.

....

The guest kept arriving. They used the teleportation device that was attached to the invitation card that they received.

The guests had been guided to the hall where the party would go to hold. Grandpa Dian invited a lot of people from the cultivation world for his wife. Only a few of them were from the outside world.

The guests greeted each other when they saw the acquaintance. They were also served some drinks and appetizers first.

"Qingsheng, take care of your family here. Don't let them cause any trouble here." Shu Zedong reminded Shu Qingsheng and his family to behave when they were here.

Shu Zedong was Shu Qingsheng's younger brother. He was the current leader of Shu Family. Grandma Shu invited Shu Family to her party. Shu Qingsheng knew about that and wanted to bring his family to the party too.

Since Grandma Shu did not say anything about that, Shu Zedong allowed Shu Qingsheng to bring his family too as long as he could take care of his family and did not cause any trouble here.

Shu Zedong heard about Shu Qingsheng, his wife and his daughter got kicked out of the restaurant earlier. However, he did not know about the detail.

"I know. You don't need to worry about me." Shu Qingsheng snorted.

"Well, I worried not only you but your family especially that daughter of yours. Take care of her so that she did not offend anyone here." Shu Zedong reminded Shu Qingsheng again.

"Okay." Shu Qingsheng rolled his eyes.

"Hello, everyone... Dian Ren Qi is here. I will be the one hosting this party. Without any further, let's welcome our main character for tonight." Dian Ren Qi appeared on the stage holding the microphone.

Grandma Shu appeared while holding hands with her husband, Grandpa Dian followed by Great-Grandpa Dian.

Grandma Shu looked to the audience with effortless grace. She smiled gently.

"Thank you for coming to my celebration party tonight. I hope you will enjoy this party." Grandma Shu said.

The party had started. A lot of people came, greeted and gave their presents to Grandma Shu. Grandma Shu smiled and thanked the people.

Then, it was Shu Family's turn to give the present. Shu Zedong the leader of the Shu Family came forward with his family members.

"Wen, happy birthday. Wishing you a long life. It is nothing much but it is for you." Shu Zedong said.

"Thank you, Uncle, for coming to my party and for this gift. I appreciate it." Grandma Shu thanked Shu Zedong.

1554 Chapter 1554

"Shu Wen, you should greet your father and mother too." Shu Mingxia stepped forward.

Shu Wen narrowed her eyes while Grandpa Dian and Shu Zedong immediately frowned. Shu Zedong already warned Shu Qingsheng to stop his daughter to make trouble here but he was still not listening.

Grandma Shu then smiled. "Putting aside my father, what do you mean about mother? My mother is already dead a long time ago. Oh, you mean your mother right? That mistress? Please don't make me laugh. She can't treat herself as my mother." She made a small laugh.

"What did you just say?" Shu Mingxia pointed her finger at Grandma Shu.

"Shu Mingxia, behave yourself. This is not your house. Shu Qingsheng, take care of your daughter properly. She is already this old but still did not have some common sense." Shu Zedong interfered.

"Uncle, you..." Shu Mingxia looked at Shu Zedong. "She just insult my mother. How can I ignore that?"

"Well, it is not what I am talking about is not true." Grandma Shu added.

"You..." Shu Mingxia wanted to attack Grandma Shu.

"If you dare to attack my wife in front of you, you must dare to lose your head here too." Grandpa Dian looked at Grandpa Dian.

Shu Mingxia stopped. She forgot that he was here too. Her body began to tremble. She recalled what had happened in the past.

In the past, after knowing Shu Wen wanted to get married to someone, she wanted to sabotage the marriage. She sneaked around asking who the man was. She was very jealous that Shu Wen would get married to an heir of the Dian Family, one of the four great families.

So, she was thinking about snatching the man for herself. She began to calculate the plan to snatch the man from Shu Wen. She got the information as to where the man was. So, she went to see him. She was impressed with the man's look.

She went to talk to the man. At first, the man talked politely to her. So, she began to ask about his relationship with Shu Wen. She also began to insult Shu Wen telling him that Shu Wen grew up in any manner because of her mother was dead.

So, she apologized that he had to put up with Shu Wen's attitude. She even dared to suggest that the man should find a better woman like her.

Right after that, his attitude changed. He even leaked the murderous aura toward her. She felt that she might lose her life if someone did not call the man's name at that time.

She tried to explain more about Shu Wen as well as insulting Shu Wen that Shu Wen was playing with a lot of men like him. Then, she found out that she was sent flying back before hitting the wall behind her. She vomited a mouthful of blood.

She was injured badly at that time. She could see the man walking toward her. She was very afraid thinking she might lose her life here. She was on the brink of losing consciousness. However, she managed to see Shu Wen pull the man away.

Right now, she was feeling the same as in the past when she saw the man. She immediately stepped back and hid behind her mother. Grandpa Dian snorted.

"Master Dian, please forgive me for my daughter's behaviour. She is still young." Meng Lijuan said.

"Pfft..." Great-Grandpa Dian laughed. "Young? I think you need to look up the definition of young meant."

Shu Zedong also wanted to laugh but he covered his laugh with several coughs.

"I think we take your time too much. I will give time to others as well." Shu Zedong said. He then looked at Shu Qingsheng. "Let's go."

Shu Qingsheng was reluctant to leave. He still wanted to talk to Grandma Shu but he could see that Grandma Shu did not give him a single glance even though he was right in front of her.

Long Hui was waiting for Yu Qi. She said she left the present in her room and wanted to get it. He wanted to follow her and she told him to stay at the party. So, here he was, standing at the corner of the party.

People noticed him but did not dare to go closer to him. One, because of his cold look he wanted to kill someone. Second, because they knew his strength. They did not dare to offend him. They also knew that Long Hui was related to Dian Family because of his relationship with Yu Qi.

However, there was an exception sometimes. Two girls walked toward Long Hui. They smiled shyly as they approached Long Hui.

"Hi, are you alone? Why don't you join us?" One of the girls said. "Oh, by the way, I am Shu Mingzhu and this is my friend, Peng Luli."

Long Hui directly ignored the two girls. He did not even spare a glance at them.

Some of the people around them laughed. The two girls' facial expressions turned back. They knew that those people were laughing at them.

"Why are you acting so rude?" Peng Luli scolded Long Hui.

Long Hui still ignored them. There was no reason to talk to other women.

"Shu Mingzhu, Peng Luli, you better not mess with this gentleman. He is not in your league." One of the people who watching them gave a reminder.

"A person from Shu Family and Peng Family dare to make trouble here?"

"Madam Shu is from Shu Family, right? That is why they are so brave?"

"Madam Shu is indeed from Shu Family but Madam Shu did not close to her family due to her father bringing in a mistress and his illegitimate children right after his wife passed away. He must be cheating with that mistress a long time ago."

"Oh, I remember that. Madam Shu is a very talented person. She rebelled against her family and made her uncle the current leader."

Shu Mingzhu heard the conversation and felt embarrassed about that. She was the daughter of one of the illegitimate children, Shu Enlai.

"Shut up!" Shu Mingzhu glared at the crowd.

The people just snorted, ignoring the anger in Shu Mingzhu's voice.

Shu Mingzhu turned back to Long Hui. "Do you need to embarrass me like this?"

Long Hui heard this question feeling ridiculous. He did not do anything at all. Why did he have to be blamed for this?

Everyone who heard the question laughed.

"We just want to make you our acquaintance. Why do you have to treat us like this?" Peng Luli asked.

"This is hilarious. Can you have any shame? If someone did not respond to you meaning he or she does not want to have anything with you." Someone replied.

Long Hui began to feel annoyed at this moment. He wanted to get away from this place. It was better to go and find his beloved Qi Qi. So, he made the decision to walk away from this place.

Seeing Long Hui wanting to leave the place, Shu Mingzhu wanted to reach his sleeve. However, she did not have that chance because Long Hui waved his hand pulling Shu Mingzhu away.

The force that Long Hui used made Shu Mingzhu and Peng Luli who were closer to him fly back before falling to the floor in an embarrassing state. People who were watching laughed seeing both women fall in that state.

Long Hui did not even look at the woman and still walked away. When he was about to get out of the hall, he saw Yu Qi enter from another door. He rushed to her side.

A woman from the crowd went close to Shu Mingzhu and Peng Luli.

"Shu Mingzhu, Peng Luli, you want to know that man right? Let me tell you, he is Long Hui, Miss Tang's fiancé. You know Miss Tang, right? From Dian Family?" The woman said.

"What? He is him?" Shu Mingzhu was panicked.

Of course, she knew about Yu Qi. The ancestor even acknowledged the woman. She did not dare to offend the woman. What if she asked the ancestor for help? Even her family could not save her.

"Look. Miss Tang is here." The woman pointed in one direction.

Shu Mingzhu and Peng Luli looked in that direction. Long Hui was helping Yu Qi carry a basket.

"Should we go and apologize?" Shu Mingzhu asked Peng Luli.

"I think we should not. Miss Tang will not know about this." Peng Luli shook her head.

"Are you sure about that? People here watched you two want to hit on her fiancée. People talk, you know. Someone might tell her about this." The woman stated.

Hearing this, both of the women went pale.

"Well, since it is not my business anymore, I will leave it here." The woman smiled, left and walked toward her companions.

"Being pursued by someone again?" Yu Qi asked when she saw the annoying expression on Long Hui's face.

"You should know it will happen at this kind of party. Why do you ask me to stay?" Long Hui asked in a sulking tone.

Yu Qi chuckled. "My Hui is sulking... I promise will not do it again."

She changed the words when seeing the change in Long Hui's eyes. It was a dangerous one. "Let's greet Grandma and give her our present."

"Hmm..." Long Hui nodded.

They walked toward Grandma Shu. Dian's Siblings were there too. They already gave their presents to Grandma Shu.

"Sister Yu Qi, where have you been?" Dian Qi Qi asked.

"I forgot the present." Yu Qi showed the basket.

"Huh? What is inside?" Dian Qi Qi was curious about what was inside the basket.

People also noticed the basket. People thought Yu Qi did not have common sense at all since she just put the present that she needed to give to Grandma Shu in the basket. They thought she should put it in a nice container.

"Oh, is that my present?" Grandma Shu asked.

"Yes." Yu Qi nodded. "Here, happy birthday Grandma. I hope you live long."

Grandma Shu smiled, taking the basket while she thanked Yu Qi. "Can I see what's inside?"

"Of course." Yu Qi nodded.

Grandma Shu took off the cloth that covered the basket. She looked inside. Grandpa Dian who was beside his wife also took a glance inside the basket.

People looked at the couple's expression. The couple looked very shocked.

"What do you think inside that?"

"Master Dian and Madam Shu look shock."

Great-Grandpa Dian stepped forward to see the present. And he also gave the same expression as his son and daughter in law.

"Yu Qi, you!" Great-Grandpa Dian looked at Yu Qi.

"Hmm... Grandma, you don't like it?" Yu Qi asked.

"No! Of course not! I like it very much. Thank you, Yu Qi." Grandma Shu quickly denied.

1556 Chapter 1556

"This is Dragon Fruit. Where did you get this?" Great-Grandpa Dian asked.

Yu Qi smiled. "I found it inside the Miracle Space."

Everyone was shocked when they heard it. Dragon Fruit was a rare cultivated fruit ever found. It was said there were a lot of benefits when someone ate it.

One of the Dragon Fruits could repair the median inside the body which means it could improve the cultivation power of someone. It also could make the person so beautiful.

The most important benefit of this fruit was it gave a person to gain a longer life. To live longer was a dream for all of the cultivators.

However, it was not very easy to find one because a tree of Dragon Fruit could only produce one fruit in one thousand years. That was why this fruit was very rare to find.

Everyone thought Yu Qi was very lucky to find one of them. And also Grandma Shu who received it at the end.

"Do you know what is its benefit?" Grandma Shu asked.

Grandma Shu thought Yu Qi did not know about this fruit. It was because it was not so long after Yu Qi knew about the cultivation world. Otherwise, she would not casually give the dragon fruit to anyone.

"I think Miss Tang did not know about the benefit."

"Hey, is it really dragon fruit?"

"Elder Dian already confirmed it. It should be the truth."

"Why does Miss Tang give the fruit as a present if she knows about the fruit?"

"Maybe she does not know about that."

"Yeah. Probably."

"I know about it. I even went to the ancestor asking about this fruit." Yu Qi answered the question.

"What? Really?" Grandma Shu asked.

Everyone was also surprised when Yu Qi mentioned the ancestor. So, the dragon fruit was a genuine one.

"You should keep it for yourself." Grandma Shu stated.

"It is okay. You can have it." Yu Qi smiled.

Well, it was partially true that she found the dragon fruit in the Miracle Space. However, it was not the dragon fruit tree that she found but Xiaohua.

Xiaohua was a tree monster. She ate the dragon fruit before. Because of that, she could produce the dragon fruit's seeds.

Bo Ya knew about this, took them and planted them in the garden. He watered them with the water lake. It grew up and produced the dragon fruit.

She did not know how the tree could bore fruit for fast. However, she was thinking that the water lake might be the reason.

Well, for now, she had a lot of dragon fruits. Giving one to Grandma Shu was nothing. She was planning to give to all of the Dian Family members in the future but after seeing the reaction of the people, she might need to think about that.

One of the dragon fruits could cause this sensation. What would happen if she took out another dragon fruit? It might cause trouble for her in the future.

She probably would give them in secret and ask them to keep it as a secret. It would be better.

"We, of course, me and Brother Hui give it to Grandma as a present." Yu Qi stated.

Grandma Shu sighed then she smiled. "If you said so, I will happily receive your present. Thank you, Yu Qi, Hui."

Everyone was very jealous of Grandma Shu right now. She got a rare dragon fruit as a birthday present. She was so lucky.

"Sister Yu Qi's present is the best." Dian Qi Qi hugged Yu Qi.

Long Hui's face turned bad when seeing his beloved Qi Qi being hugged by someone. However, he did not voice it out. He was just glaring at Dian Qi Qi.

"Sister Yu Qi, look." Dian Qi Qi pointed her finger at Long Hui. "He glares at me."

"Humph!" Long Hui responded.

Yu Qi laughed. They were having fun. Everyone interacted with each other. Well, it was a good way to find a partner. Dian's Family invited a lot of people. It was not easy to see people gathered like this.

So, people usually took the opportunity to find the person who could spend their life together.

Long Hui took a chance when Dian Qi Qi did not pester Yu Qi and left the party hall with Yu Qi.

"Finally, out of people." Yu Qi said.

"Hmm..." Long Hui responded.

"You must be dying to leave the party, right?" Yu Qi guessed.

"Hmm..." Long Hui nodded.

As always, he did not take a liking to this kind of occasion. He only attended this kind of occasion because of Yu Qi.

"I never thought a dragon fruit would cause a reaction like that." Yu Qi said. "I am thinking of giving them to others too. Now, I need to be careful when doing that."

"Yes. You should be careful." Long Hui also thought the same.

If someone knew that Yu Qi had a lot of dragon fruit. It might invite danger to her door. It was the same as her Sere Space. She lost her life because some people wanted to covet her Sere Space.

"This time, I will be at your side protecting you and fighting those people who dare to have a plan for you." Long Hui said.

He did not want her to experience the same thing as her past life where he was not there to protect her.

1557 Chapter 1557

"Can you stay another two days?" Dian Qi Qi asked.

"I am sorry. But this time, I can't stay longer. I have a patient that needs my attention." Yu Qi stated.

"Qi Qi, don't be spoiled like this." Dian Shu Xian said.

"Alright... Alright... I know it." Dian Qi Qi pouted.

"Well, you can come visit us during your semester break or something next time. I will be happy to accompany you." Yu Qi offered.

"Really?" Dian Qi Qi recovered from her pout mode.

"Yeah." Yu Qi nodded.

"Nice." Dian Qi Qi glanced at Long Hui.

"We need to go and check-in." Long Hui announced.

The three of them left Fanghai Nation and returned back to Binhai Nation. While she was on her flight, she checked her email. A lot of emails from her employees came in. One that caught her attention was the one from Lang Sun.

It was regarding the artist named Lilly and the director, He Chao. It seemed Lilly used her advantage to get into He Chao's bed. And He Chao also used his position to get young girls to sign up to be the artist under his management.

He Chao began to use the girls for his own purposes. Like sleeping with the young girls and using the young girls as the bribe. Yu Qi gritted her teeth when she read about this.

She did not expect this kind of thing would have happened inside the company under her after she specifically prevented this kind of thing. It seemed she needed to go and visit her company.

She replied to Lang Sun to wait until she come back. She would like to handle the thing by herself.

.....

The three of them went separate ways after the flight landing. Long Hui had to go to the military ground, Dian Shu Xian wanted to return home and Yu Qi wanted to go to Capital City where Qiaosu Entertainment Company Headquarters was.

So, she took another flight to Capital City. Long Hui told her to be careful. She nodded and told Long Hui not to worry too much.

Two hours later, she arrived at Capital City. She immediately took a taxi to go to the Qiaosu Entertainment Company headquarters. Before she got into the taxi, she already called Lang Sun informing her that they would have a meeting with all the directors after she arrived there. So, they got time to get ready.

"You want to Qiaosu? Okay... Okay... Hoop up." The taxi driver said.

Yu Qi got into the taxi. The taxi driver looked at her through the mirror.

"You must want to be a celebrity too, right?" The taxi driver asked.

"What do you think like that?" Yu Qi asked back.

"A beautiful girl like you will use her beauty to get rich and does not want to live in poverty." The taxi driver's tone began to change.

"Really?" Yu Qi looked out.

Even though she was not very familiar with the road in Capital City, she somehow knew this was not the way to go to Qiaosu Entertainment Company. It was not like she never went there. The cars began less and lesser on the road. Then she heard the taxi driver talk again.

"Of course, I know. I learned that from my experience." The taxi driver gritted his teeth.

"I see... So, your woman left you to be famous. I pity you." Yu Qi said. Then she changed her tone.

"However, you better not have any design toward me. Otherwise, you will regret it."

The taxi driver started to laugh. "Regret what? You are already inside my taxi. You can not go anywhere but to follow me."

Yu Qi took out a knife and swiftly put it over the taxi driver's neck. Feeling the cold sensation on his neck, he looked down and to see a knife on his neck. He gulped.

"What are you doing?" The taxi driver was scared.

"Tell me what am I doing?" Yu Qi threw the question back to the taxi driver.

"Please calm down. You can not do something like this." The taxi driver said.

"Oh, so, you can do what you want to do right away?" Yu Qi snorted.

"You are being recorded." The taxi driver said.

"You are bluffing. I knew that your camera is not working at the moment. Don't try to trick me. Just drive me to Qiaosu Entertainment immediately if you don't want to get hurt."

"Okay... Okay... Please don't hurt me." The taxi driver begged.

He never thought a soft-looking girl like this would threaten him with a knife like this. Well, he bore a grudge toward the beautiful woman after his girlfriend left him to be an artist. She even insulted him and his family for being poor.

After the incident, he liked to scare the beautiful women whenever they took his taxi alone. He thought he would be happy after taking this woman today. He did not expect this to happen.

The taxi returned to the original path. Yu Qi was relieved. She looked at the time. The sight of Qiaosu Entertainment building appeared.

"We have arrived, Miss." The taxi driver informed Yu Qi.

"Good." Yu Qi retreated her hand that holding the knife away from the taxi driver's neck. The taxi driver sighed.

"You better not do something like this to other girls anymore if you don't want to die." Yu Qi reminded the taxi driver.

"Yes... Yes... I remember. I will not do something like this again in the future." The taxi driver promised.

1558 Chapter 1558

The taxi driver drove over as soon as Yu Qi stepped out of his taxi. He hoped that he would never meet this person ever again. He did not dare to ask for the payment.

Yu Qi was dumbfounded when the taxi drove right away. She did not ever have a chance to pay up. She did not care much about that and walked into the building.

When she was about to walk into the building, she could feel that many eyes were staring at her. They were fans who waiting for their idols. There were also security guards who controlled the situation preventing fans to enter the building.

A security guard stopped her. He thought Yu Qi was a fan as well.

"You can not enter the building." The security guards blocked her way.

Without changing her expression, she took out a card and showed it to the security guard. It was a business card where her name as the owner of Qiaosu Entertainment written on the card.

"You fan, really do anything to meet your idol." The security guard did not believe her.

"Tsk." Yu Qi clicked her tongue feeling annoyed.

However, other security guards recognised Yu Qi. They knew about Yu Qi's identity.

"Good evening, Ms Tang." They greeted Yu Qi.

The security guard who did not recognise Yu Qi earlier was stunned.

"Can I enter now?" Yu Qi asked.

"Of course, Ms Tang." The security guards gave way to Yu Qi to enter the company.

Yu Qi finally could enter the building.

"Hey, who is that girl?"

"Stupid. You dare to block Ms Tang's way. She is the owner of this company, you idiot."

The security guard who did not recognize Yu Qi earlier once again stunned. "I will not get fired, am I?"

"Who knows?"

Yu Qi did not have any plan to fire the security guards. She understood that the security guards only doing their jobs.

Yu Qi called Lang Sun asking where he was and informing him that she was already here.

"Why are you here?"

Yu Qi could hear someone screaming. She turned around to see the artist named Lilly standing with her assistant. The scream attracted other people to look at Lilly.

Yu Qi smiled. "Oh, I am here to discuss about your matter, of course."

Lilly became pale when she heard that.

"Miss, please forgive me for my rudeness. I will never do it again. So, please." Lilly began to beg Yu Qi.

Yu Qi did not say anything and looked coldly at Lilly. At the same time, Lang Sun's secretary arrived on the ground floor to meet Yu Qi.

"Ms Tang, let's go. Everyone is ready. They are in the meeting room right now." The secretary said.

"Sure... Let's go." Yu Qi followed the secretary leaving Lilly in trembling.

"I am finished. I am finished." Lilly said.

Everyone looked at Lilly with interest.

"Lilly offend Ms Tang?"

"It seems like that."

"Lilly gets Director He's back. That is why she became arrogant."

"What I know, is Lilly wanted to seduce Ms Tang's fiancée at the airport two days ago. A quite number of people watching her."

"Oh, I know about that. Lilly thought Ms Tang was an artist when Ms Tang told Lilly that she was also from Qioasu. Lilly called Director He to block Ms Tang. However, Ms Tang counterattacks her by calling Mr Lang and telling Mr Lang to investigate about Director He and Lilly as well."

"Oh, so, Ms Tang is here probably because of this matter."

The secretary led Yu Qi to the meeting room. Inside the meeting room, Lang Sun and other directors were waiting for her.

"I am sorry. I am late." It was the first sentence from Yu Qi.

"It is okay." Lang Sun stated.

"So, I don't want to waste much time now. Let's go straight to the topic right now." Yu Qi looked around and found He Chao who sitting at the six-row from her.

He Chao was very nervous right now. He knew that this girl was coming for him today.

Lang Sun gave a file to Yu Qi.

"This file contained the wrongdoing of Director He. Director He, what are you going to say about this?" Yu Qi waved this file.

"Ms Tang, I am sorry. I promise that I will never do it again." He Chao wanted to test the water.

Yu Qi chuckled. She glared coldly at He Chao.

"Director He, do you think because I am young, I am stupid or what?" Yu Qi snorted.

"When I take over this company, I already told you that our company will never allow play favor on the artist. The artist must strike to the top by their own efforts and we just need to support them from the side." Yu Qi slapped the table.

The table cracked. Everyone gulped when they saw the crack.

"Yet, you even used your position to bribe people using our artists. How dare you do that? I don't care if you want to use that method somewhere else but not in the company." Yu Qi was very domineering.

"Don't try to deny it. I got the evidence." Yu Qi snorted at He Chao.

"Brother Lang, please proceed this matter through court." Yu Qi stated.

Hearing the sentence, He Chao could not longer calm. "Ms Tang, please. Don't go to the court. My life will be ruined if this matter go through the court." He begged Yu Qi.

"Never do it again? Aha... Of course, you will never do it again. I will make sure of it." Yu Qi narrowed her eyes.

"The people come to our company to chase their dream. But you exploited them for your benefit. I wonder how much you get from this." Yu Qi continued again.

He Chao did not think he could fight Yu Qi.

"Brother Lang, transfer the artists under Director He to other people. However, that artist named Lilly, let her go." Yu Qi ordered.

"Yes." Lang Sun accepted the order.

"As for others, please learn a lesson from Director He. Otherwise, you will never know what's going to happen to you. Meeting adjourned." Yu Qi ended the meeting.

Yu Qi stood up and left the meeting room. The directors finally could take a relief breath. Ms Tang was very terrifying. They were really scared during the meeting. Why? Just looked at the crack on the meeting.

Their meeting table was very thick. To crack it just with one slap, how much power that she used? If she slapped them on the face using the same power, they might die on the spot.

Yu Qi left the company. It was already dark outside. She called a taxi. This time, the taxi driver was a female one. She told the taxi driver to drive her to the hotel. It was the hotel where she stayed with Long Hui last time.

When she was about to enter the hotel, she was greeted by someone.

"Yu Qi." It was Lu Qina, Feng Yue's mother's friend.

"Auntie Lu, long time no see. How are you?" Yu Qi smiled to see an acquaintance.

"I am fine. Thank you. By the way, what are you doing here?" Lu Qina asked.

"Oh, I have some work here. So, I am planning to stay at this hotel for tonight before going back to FINN City tomorrow." Yu Qi explained.

"Oh, we are the same. I am here with my husband dealing with some work too. Why don't we have dinner together later? We are going to have dinner at this hotel restaurant later." Lu Qina suggested.

"Are you sure? Am I disturbing you?" Yu Qi glanced at Lu Qina's husband, Fu Shi Zian.

"Don't worry. My husband will not mind." Lu Qina laughed.

"If you said so, then, okay." Yu Qi agreed.

"Then, see you at 9 p.m." Lu Qina stated.

Yu Qi checked into the room. She took a bath and relaxed in the jacuzzi for a moment. It was a very tiring day.

When the clock approached 9 p.m., Yu Qi got out of her room and went to the restaurant. While she was about to the elevator, there were three guys from the same floor entered the elevator as well.

The man's eyes lifted when they saw the beautiful riding the same elevator with them. So, one of them took the opportunity to hit on the girl.

"Hi, I am Zhao Yongnian. Can I have the pleasure to have dinner with you?" Zhao Yongnian smiled charmingly at the beautiful girl.

Zhao Yongnian thought the beautiful girl would not reject his invitation since he knew that he was handsome. His friends grinned.

"Sorry. I have another appointment." After rejecting the invitation, Yu Qi looked away.

"Hey, don't be like this." Zhao Yongnian still did not want to give up. "Why not after your appointment, you can still join us. We will go to the bar beside the restaurant after eating dinner."

There was indeed a bar next to the restaurant. Zhao Yongnian thought Yu Qi's appointment would be at the restaurant.

"No, thank you." Yu Qi cut it short.

"Hey, you should be grateful that Yongnian invite you." Zhao Yongnian's friend said.

"Huh? Why should I? We don't know each other. There is no need for me to feel grateful." Yu Qi glared coldly at the friend who just talked earlier.

The friend stepped backwards when he saw the glare. He did not know why he felt scared at the moment.

"If we don't know each other, we can get to know each other then." Another friend wanted to reach for Yu Qi's hand.

"If you dare touch me, you will regret it." Yu Qi stated.

The friend stopped his movement. He gulped. Then, they could feel the air suddenly feel cold. It was like the temperature suddenly dropped.

Actually, it was Yu Qi who revealed the cold air. It was a small matter for her right now to be able to control the surrounding temperature.

The three men started to shiver.

"Why does it feel so cold out of a sudden?" Zhao Yongnian's friend asked while rubbing both of his arms.

"Are you feeling cold?" Zhao Yongnian asked Yu Qi.

"No." Yu Qi answered.

Zhao Yongnian looked at Yu Qi. The expression in the girls indeed did not change. He wanted to talk more with the girl.

However, the elevator stopped after reaching the level, the door was also opened. Without saying anything, Yu Qi stepped out of the elevator.

Zhao Yongnian also got out quickly, wanting to chase Yu Qi.

"Wait." Zhao Yongnian said.

"What?" Yu Qi stopped and turned around.

"Can I have your contact number?" Zhao Yongnian asked.

"No." Yu Qi rejected it right away.

Yu Qi's phone rang but it was not a call. It was a notification.

Long Hui just sent her a message asking about her.

1560 Chapter 1560

Yu Qi automatically smiled sweetly.

Zhao Yongnian saw the smile stunned. He never saw such a beautiful smile.

"I want to be friends with you." Zhao Yongnian said.

He wanted to make this girl his one day. But seeing this girl guarded so much, it was better to be friends first.

Yu Qi looked up at the face without a smile. She already knew Zhao Yongnian's intention. She would not give any chance to another man.

"Sorry. I already have a fiancée. And my fiancée is a jealous one. If you want to be just a friend, then it is okay. But more than that is no." Yu Qi said.

The sentences destroyed the young man's hope.

"You have a fiancée?" Zhao Yongnian asked again.

"Yes. Then excuse me." Yu Qi said.

Lu Qina and her husband happened to see what happened to Yu Qi and grinned as Yu Qi looked at them.

| "Yu Qi, you had been hit on by men." Lu Qina commented. "Hmm... I can see that Xiao Hui is worried about this."

"It is indeed happened many times. Don't tell him about this. He will start producing the vinegar." Yu Qi chuckled.

Lu Qina laughed. "Let's go inside the restaurant."

The three of them selected a table, sat down and ordered the food. The atmosphere was very harmonious. Until someone came and greeted Lu Qina.

"Oh, Madam Fu, what's a coincidence."

Lu Qina heard the voice. Her expression turned slightly bitter. However, she put on a smile greeting the owner of the voice.

"Madam Zhao, hi... You also eat here too?" Lu Qina asked.

"Yeah. I am here with a friend. We come here to relax. Well, it is tiring when you have children to take care of. Madam Zhao answered.

Lu Qina held back her anger. 'This old hag also touches this topic when talking to me.' Yes, Madam Zhao also liked to taunt her about children because Lu Qina did not have any children even though already been married for such a long time.

"Really? You should take care of yourself since you are already so old." Lu Qina made a sarcasm.

"You... Thank you for your reminder." Madam Zhao gritted her teeth while glancing at Yu Qi. "Oh my, what a beautiful girl. Madam Fu, who is this?"

Madam Zhao was surprised to see such a beautiful girl. From what she could see, she could assume that she was from a good and noble family. Not to mention that she was dining with Fu Couple.

Thinking about her youngest son, this girl might be suitable for him. She would not let such a girl go. She wanted to know about the girl.

"Oh, this is Tang Yu Qi. Yu Qi, this is Madam Zhao." Lu Qina introduced them.

"Nice to meet you, Miss Tang. I am Madam Zhao. Well, it might be weird to ask you for a first-time meeting, but I just want to ask you, are you single?" Madam Zhao smiled.

Lu Qina burst into laughter. Madam Zhao frowned.

"Nice to meet you too, Madam Zhao. Well, it is indeed weird to ask something like that but to answer your question, I am already engaged to someone." Yu Qi answered politely.

"Oh, really? What a pity." Madam Zhao awkwardly smiled.

"What do you mean by pity?" Lu Qina asked.

"Well, I just think that Miss Tang looks very young. I never think that she is already engaged to someone else." Madam Zhao said.

"So what if she is young? She could not be engaged? Oh, you must want her to be introduced to your son?" Lu Qina chuckled. "I don't think you are better than her fiancée."

"How dare you said something like that about my son? What is so special with her fiancée anyway?" Madam Zhao could not stand having someone talking like that about her son.

His son was young, probably at the same age as Yu Qi. Yu Qi might be a good wife for her son.

"My fiancée is a soldier." Yu Qi answered.

"Humph! Just a soldier." Madam Zhao snorted.

"He is Colonel Long Hui, the youngest colonel in Binhai Nation's history. I think you should know him too." Lu Qina grinned.

'Colonel Long Hui... The youngest colonel in Binhai Nation's history... When Madam Zhao finally connected the dot, she realized who he was.

Of course, she knew about him. He came from Long's family. Long Fei Yi was his grandfather.

Tang Yu Qi... No wonder she thought she heard this name before. She was from Tang's family.

"Miss Tang, I am sorry for what I am saying. I don't mean any harm." Madam Zhao stated.

She did not dare to offend the two families. She needed to apologize first. If her husband knew about this, he would be mad.

"If you feel sorry, can you please leave us alone? We want to enjoy our dinner here." Yu Qi stated.

"Of course.... Of course... I will leave right now." Madam Zhao nodded.

Madam Zhao and her friend quickly left them. When she was leaving the restaurant, she collided with someone and fell down.

"Ouch! Who...." Madam Zhao lifted her head to see who collide with him.

"Mom?"

"Nian?"

This was the man who hit on Yu Qi earlier, Zhao Yongnian. He wanted to go inside the restaurant and found the girl. He did not want to give up just like that.
