1561 Chapter 1561

"What are you doing here?" Madam Zhao asked.

Zhao Yongnian looked at his mother and answered. "I am drinking with some of my friends." He asked his mother back. "What are you doing here too?"

"I just hang out with my friend too." Madam Zhao stated.

At the same time, Lu Qina, her husband and Yu Qi just exited the restaurant. They saw Madam Zhao and Zhao Yongnian.

When Zhao Yongnian saw Yu Qi, he left his mother and walked to Yu Qi. Yu Qi was confused as to why this man came to her again.

"Ms, can you give me a chance? I will be better than your fiancée." Zhao Yongnian said while looking at Yu Qi with hope.

Madam Zhao went pale after hearing his son's words. She rushed to her son and pulled him away.

"Nian, what are you saying?" Madam Zhao said in a panic. She then turned to Yu Qi and apologized. "Ms Tang, please forgive him. He is talking nonsense."

Madam Zhao looked so scared at this moment. What if the woman in front of her got angry? Her family could be in a bad situation.

"Mom, what are you talking about? And let me go." Zhao Yongnian struggled to get away from his mother's hold.

"Shut up, you stupid son!" Madam Zhao hit her son's back.

"What? Why are you hitting me like that? That's hurt." Zhao Yongnian cried out loud.

"Ms Tang, please forgive him and forget about this." Madam Zhao said it again to Yu Qi.

Yu Qi was speechless at this moment. She did not know what she did earlier which made Madam Zhao feel so scared of her like this.

"Auntie Lu, which room are you staying in?" Yu Qi ignored the mother and son and talked to Lu Qina.

"I am staying at room no. 1013. Why?" Lu Qina asked back.

"I want to talk about something with you." Yu Qi looked at Lu Qina meaningfully.

"Sure. Come to my room later." Lu Qina nodded.

Even though she did not know what Yu Qi wanted to talk about, still, it was probably important and secretive since Yu Qi did not want to talk in public.

"Then, I will leave and go to your room later." Yu Qi stated.

"Sure." Lu Qina nodded.

So, Yu Qi left.

"Wait, Miss." Zhao Yongnian still wanted to talk to Yu Qi.

However, his mother held his hand tightly. He could shake off his mother's hand but if he did it, his mother would fall down on the ground.

"Don't go!" Madam Zhao said.

"Madam Zhao, you better take care of your son. Don't let him run to the girl. Otherwise, who knows what might happen." Lu Qina gave the reminder while leaving the place with her husband.

"Mom, Let me go. I finally find my true love. Why do you stop me?" Zhao Yongnian felt upset when his mother stopped him like this.

"What? True love? Do you want to destroy our family?" Madam Zhao shouted.

"Huh? What are you talking about? Destroy our family? Of course, I will not be doing something like that." Zhao Yongnian shook his head.

"Then, stop looking for that woman." Madam Zhao stated firmly.

"What? Mum, you can't be reasonable like this. Why can't I go and look for her?" Zhao Yongnian asked.

"She already engaged to someone else."

"It is okay. She is still not married yet."

"Her fiancée is Long Hui."

Zhao Yongnian slowly looked at his mother with a pale face. "What did you just say?"

"Her fiancée is that 'Long Hui'. You don't have any chance." Madam Zhao spoke.

Long Hui? Of course, he knew that name. He also came across Long Hui at one point. It was when he was in his first year in the university when the new students needed to join military training for one week.

That week was a living hell for the new students and Long Hui was the instructor at that time. The new students even gave Long Hui a nickname, The Devil Instructor.

And right now, he was told by his mother the woman that he thought his true love was The Devil Instructor's fiancée. He felt devastated.

At this time, he gave up hope. He did not dare to snatch a woman from The Devil Instructor. Not to mention that The Devil Instructor really loved his fiancée. The Devil Instructor might kill Zhao Yongnian if he knew about this.

"Now, do you get it?" Madam Zhao asked his pale son.

"Yes, mother. I understand." Zhao Yongnian nodded.

"I will leave first. You, come back early." Madam Zhao stated.

Her friend already left earlier. So, she was left alone.

Yu Qi returned to her room. Then she heard her phone ringing. Seeing the name on the screen, she quickly answered the call.

"Qi Qi." Long Hui's voice sounded so melodious.

"Hmm... Brother Hui... What are you doing right now?" Yu Qi asked.

"Watching people running." Long Hui said.

Yu Qi chuckled. "You must be torturing people right now."

"Well, it is because I can not torture you right now." Long Hui replied.

Yu Qi almost choked when she heard the response. "You!!!"

Long Hui on the other side, grinned. People beside him gulped as they saw the smile.

"Why do you call me?" Yu Qi changed the topic.

"I just want to check on you. Hoping no one dares to snatch you from me." Long Hui changed his way of smiling.

1562 Chapter 1562

Once again, the people gulped but they also shivered when they saw the smile. It was not the same thing as earlier. Why did he change his smile so easily?

"Don't worry about that. You are the only one for me. We are fated to be together." Yu Qi said.

The sentence made Long Hui change his smile again. People beside him really wanted to know what they were talking about.

"When will you come back?" Long Hui asked.

"Hmm... My flight is tomorrow morning. I probably will be arriving at noon at most. Then, I will go to the hospital and return home at 5 p.m. I guess." Yu Qi told Long Hui about her plan for tomorrow.

She wanted to see Elder Mong and got to know about his latest condition.

"I see. Then, I will see you tomorrow. Sleep tight. Remember to dream about me." Long Hui stated.

The people beside Long Hui finally understood who was on the line. It must be Long Hui's fiancée. Long Hui really loved his fiancée very much.

Yu Qi was happy to talk to Long Hui for a moment. She looked at the watch. She must be going to Lu Qina's room right now.

She knocked on the door. Lu Qina opened the door.

"Come in, Yu Qi." Lu Qina invited Yu Qi in.

"Dear, I will go outside now." Fu Shi Zian excused herself.

"Uncle Fu, no need to go out. I also want to talk to you too." Yu Qi stopped Fu Shi Zian from leaving too.

Lu Qina and Fu Shi Zian were confused. Well, they sat in front of Yu Qi anyway.

"Hmm... What do you want to talk about?" Lu Qina asked.

"Auntie Lu, can I check on your pulse?" Yu Qi requested.

"Sure. Why not?" Lu Qina did not mind at all. She stretched out her hand.

Yu Qi read her pulse. One second, two seconds, three seconds, until about twenty seconds, she released Lu Qina's hand.

"May I check on Uncle Fu's pulse too?" Yu Qi asked.

Without saying anything, Fu Shi Zian stretched out his hand too allowing Yu Qi to read his pulse. She narrowed her eyes when she finally read Fu Shi Zian's pulse.

"Auntie Lu, you want children?" Yu Qi asked.

Lu Qina was surprised to hear the question but she nodded. "Of course, I want."

"Hmm... But why does your body contain medicine that prevents pregnancy?" Yu Qi asked.

Earlier when Madam Zhao talked about the children, Yu Qi noticed the sadness flashing inside Lu Qina's eyes. That was why she wanted to check on Lu Qina and Fu Shi Zian's bodies.

"What? What do you mean by that?" It was not Lu Qina who questioned Yu Qi but Fu Shi Zian. He even stood up from his seat.

"Auntie Lu had been fed up with medicine that could prevent pregnancy. I am not lying." Yu Qi stated.

"Are you sure, Yu Qi?" Lu Qina trembled as she asked Yu Qi.

"Yes, Auntie Lu." Yu Qi nodded.

Fu Shi Zian sat back feeling complicated. Someone did not want him to have his own children. He narrowed his eyes. It seemed he needed to do some cleanup when they returned to Shixiang City.

Lu Qina still could not believe herself. She really wanted her children. She wanted to experience being pregnant, carrying the life inside her womb and giving birth. She thought her body had a problem. That was why she could have a child.

Well, Fu Shi Zian told her not to mind about that. But she knew, deep inside Fu Shi Zian's heart that he wanted a child as well.

Now, what was Yu Qi saying? Her body had medicine that could prevent the pregnancy. What the fuck!

"What can we do to clear the medicine from my wife's body?" Fu Shi Zian asked after a long time of silence.

"Can you give me some paper and a pen?" Yu Qi asked.

Fu Shi Zian stood up and brought his planner book to Yu Qi.

"You can directly write in this book." Fu Shi Zian placed the book in front of Yu Qi.

Yu Qi wrote a list of herbs to detox the medicine and cultivated Lu Qina's body.

"Boil all of these herbs together. After it boils, take the water, and let it cool for a bit. Drink it when it is still warm for the whole a month. Better in the morning. Don't skip it even for one day." Yu Qi was done writing and gave the instruction to use the herbs that she wrote. "However, you need to be careful about eating."

"You don't need to worry about that. I will take care of it." Fu Shi Zian looked at Lu Qina.

Lu Qina understood what her husband meant by this. She was not stupid. It was someone who played tricks here.

Fu Shi Zian would investigate this matter thoroughly. He would not be merciless. These people dared to do something like this to his wife. They would not be forgiven if he found them guilty.

These people might think if they did not have children, Fu Shi Zian and Lu Qina's wealth and assets would be inherited by their children. So, they wanted to prevent Fu Shi Zian and Lu Qina from having a children.

"Thank you, Yu Qi. We did go to the hospital to check but could not find anything. Everything comes back normal." Lu Qina expressed her gratitude.

"Thank you." Fu Shi Zian also thanked Yu Qi.

"It is nothing. Glad to help you." Yu Qi smiled.

1563 Chapter 1563

An ambulance rushed to the emergency entrance. The paramedic pushed the man around 30 years old out of the ambulance van.

Yu Qi the doctor in charge at the time rushed over to see the patient.

"We just picked up him from the nearby hotel. He is paralysed from the waist down." The paramedic told Yu Qi.

Yu Qi thought about the nearby hotel. She was thinking about something.

"Pool accident?" Yu Qi asked.

"Not this time." The paramedic stated.

They pushed him to an empty room. The patient was conscious.

"I can not move my legs. Please help me." The patient cried out.

"Please calm up, Sir. We will take a look at you." Yu Qi said.

The paramedic lifted the patient and put him onto the bed.

"Please... A few minutes ago, I could still move my legs. And now, I can not." The patient stated.

"Hi, what is your name?" Yu Qi asked.

"Zhao Yongzhung." The patient told Yu Qi her name.

"Can you tell me what happened today?" Yu Qi asked again. She wanted some information to help her to diagnose this situation.

"Nothing." Zhao Yongzhung said.

"What?" Yu Qi was confused.

"Well, I came here to hike Shisu Mountain." Zhao Yongzhung said.

Shisu Mountain was where Yu Qi and Qin Xia went before going to the cultivation world.

"I was walking to the hotel elevator to pick up some gear and my legs just stopped working. I don't know what happened." Zhao Yongzhung explained to Yu Qi.

"Have you fallen recently?" Yu Qi asked again.

"No, I am telling you, normal day. Nothing in particular." Zhao Yongzhung wanted to shake his head but he could not move his hand since he was wearing the neck support.

"Okay, the nurse is going to check your vitals and we will be right back." Yu Qi smiled.

The nurse quickly came and did her job. Yu Qi turned to another doctor.

"Let's get him in for an MRI immediately." Yu Qi stated.

"MRI machine is out." The doctor shook her head.

"What?" Yu Qi was surprised.

"A claustrophobic guy kicked it last night and it is still being serviced." The nurse came to explain since she was in charge of that patient yesterday.

Yu Qi sighed. "Well, in the meantime, I need an initial workup of LP, CBC and electrolytes. Let's get his copper, vitamin B12, and vitamin E levels as well." Yu Qi gave the order.

The doctor and nurse walked away to get the work done. Then Yu Qi heard Zhao Yongzhung call for her.

"Doctor... doctor...." Zhao Yongzhung called for her.

Yu Qi went to the patient.

"I will be okay, right? I am going to be able to walk again, right?" Zhao Yongzhung hoped that.

He could never think about not being able to walk again. He was a person who like sport and everywhere. If he could not walk anymore, he could not enjoy the sport anymore.

"I am going to do my best to help you." That was the only word that Yu Qi could say to Zhao Yongzhung right now.

Zhao Yongzhung breathed deeply.

...

Yu Qi was with Elder Mong. She checked his condition and it improved a lot.

"I have not seen you for days." Elder Mong stated.

"Hmm... I visit my family for a few past days. My grandaunt had her birthday two days ago." Yu Qi told Elder Mong.

"Oh... How good." Elder Mong smiled.

"Hmm... Gathering among the family is good." Yu Qi nodded.

Elder Mong knew about Yu Qi a little bit after the nurse told him Yu Qi's story. Being abandoned by her parents and got adopted by an abusive family were not very good childhood memory.

Yu Qi was slightly better than Elder Mong where after getting adopted by Grandpa Tang. Her life began to change.

Elder Mong could see that Yu Qi was very fond of her loving family. He also wondered how his life was if he did not get kidnapped. His life was probably happy with grandchildren right now.

Yu Qi could feel that Elder Mong's mood shifted.

"Elder Mong, let's go out. The weather is very good today." Yu Qi said.

"Hmm... Let's go." Yu Qi said.

"Okay." Elder Mong nodded.

Even though Elder Mong could walk a little, Yu Qi still prepared a wheelchair for Elder Mong. The corridor was long to get out. Elder Mong would be tired before he reached outside.

Yu Qi lifted up Elder Mong and put him onto the wheelchair. At first, Elder Mong was surprised but now he was used about this.

Yu Qi pulled Elder Mong out. Elder Mong really loved going outside like this with Yu Qi. He was not like this with Professor Song Shan and other nurses.

"You know, we already trained whether the weather is good or bad. We run aside the beach. Something the temperature was too high, the beach sand was very hot. It burned our legs since we were ordered to run without wearing shoes or slippers." Elder Mong looked at the sun.

"You mean before you became a test human drug?" Yu Qi asked.

"Yes. The place we got trained to become a killer." Elder Mong recalled his memories. "It was an island completed with their facilities. Dorm, hospital, training room, canteen... Yes. Everything is completed."

"How do you know it was an island?" Yu Qi asked. It was an important detail.

"I heard some instructors talking back then. They were talking about a new batch of people coming over by the boat and they said they did not need to guard them since they could not escape from the island. That was how I knew it was an island." Elder Mong stated.

"Is there someone who try to escape?" Yu Qi asked.

"Not too many. We were children at that time. Well, the escaped ones were usually teenagers but they did not last longer." Elder Mong sighed.

"Why?" Yu Qi asked.

"They escaped through the sea. It was not a safe route. They did not have a boat. So, the only chance they had was to swim. They could be out of energy and drowned. Sometimes, sharks were waiting for their meal. Sometimes, the escaped ones were shot by the guards. Either way, we could not escape from the island." Elder Mong felt horrible when he thought about that.

"I see. It must be hard for you." Yu Qi could not imagine the desperate feeling that these children had back then.

"I don't know the exact location of the island. I am sorry." Elder Mong sighed.

He really wanted to find the location of the island. If the organisation still existed meaning they might still do the same thing to other children.

"It is okay." Yu Qi said. "Hmm... It is getting late. Let's go inside."

"Hmm..." Elder Mong agreed.

.....

Yu Qi walked to Zhao Yongzhung's ward. Zhao Yongzhung was still conscious. He looked at Yu Qi.

"Hi, Mr Zhao. How are you feeling?" Yu Qi smiled.

"I still can not walk." Zhao Yongzhung looked away.

Yu Qi pulled a chair and sat beside the bed.

"I just want to ask you a few more questions." Yu Qi stated.

She wanted more information about Zhao Yongzhung.

"Sure." Zhao Yongzhung nodded.

"We have been over your medical history but we are at the point where it would be helpful to ask your family members about their medical histories. Any history of autoimmune diseases, like lupus or myasthenia gravis, rheumatoid arthritis, or multiple sclerosis...."

"I just don't understand. I was preparing for the hike of a lifetime and now I can not walk." Zhao Yongzhung said emotionally.

Yu Qi did not know what to say right now.

"I might be leaving this hospital in a wheelchair. And I don't know why." Zhao Yongzhung continued.

"Mr Zhao, hopefully, we will have answers soon." Yu Qi tried to make Zhao Yongzhung not give up hope.

Zhao Yongzhung nodded. "Yeah. I hope that too."

"I am sorry I just have a few more questions." Yu Qi said.

Then, Yu Qi began to ask Zhao Yongzhung more questions. Zhao Yongzhung answered the question honestly. The things he knew and the things that he did not know, he told Yu Qi everything.

"Have you called your family about this?" Yu Qi asked after finishing the series of questions.

"Hmm... They are not here but they plan to come here tomorrow." Zhao Yongzhung answered.

"Great. I also would like to meet your parent and ask them some questions regarding your family medical history as I tell you earlier." Yu Qi said.

"I will inform my parent about that." Zhao Yongzhung nodded.

Yu Qi left the ward. She kept walking while sighing.

"Lil Sister, you seem to have trouble with something."

Yu Qi heard the voice and looked over. It was her big brother, Tang Han Lee.

"Big Brother Han Lee, you are on the night shift as well?" Yu Qi asked.

"Yeah. I am. Have you eaten dinner?" Tang Han Lee asked.

"Not yet." Yu Qi shook her head.

"Care to join me?" Tang Han Lee asked.

"My pleasure." Yu Qi nodded.

So, both of them walked to the cafe on the third floor. They ordered some food and sat at the empty table. Not many people were here.

"What happens? Problem with the patient?" Tang Han Lee asked.

Indeed, Yu Qi had problems with her patients. Well, one was a secret. She could not tell Tang Han Lee about that. But another one was okay.

"Yeah, I had someone came to the emergency today. The paramedics told me that they picked up the man from the nearby hotel. He was paralysed from his waist to the down. We check everything but still could not find out anything about that." Yu Qi sighed.

"Oh, I heard about that one. It is quite a difficult case." Tang Han Lee nodded.

"I have to find out the cause of his unable to walk." Yu Qi was very determined.

"Well, don't forget, the best way to get a definitive answer is to go back to one of the building blocks of medicine, the scientific method. You can apply it to almost any question." Tang Han Lee gave some advice.

Yu Qi thought about that. Tang Han Lee smiled. He knew that his little sister would definitely be going to find the answer soon.

"Thank you, Big Brother Han Lee." Yu Qi smiled. "Oh, by the way, how is Na An? Is she okay?"

Tang Han Lee almost choked. He did not expect his little sister would ask that question at this time. He quickly grabbed some drink to relieve the condition.

Yu Qi laughed. It seemed Tang Han Lee was still shy about it. So cute, she thought.

"She is doing fine. She will be going to finish her residency." Tang Han Lee said.

"Oh, finish already? So fast." Yu Qi was surprised.

"Not fast as you." Tang Han Lee replied.

1565 Chapter 1565

Yu Qi went to check Elder Mong's condition in the morning. After that, she called the government people to tell them about what Elder Mong told her yesterday.

They were surprised when they found out about that. An Island where completed facilities to train future killers. It needed much attention.

They were planning to find out the island that Elder Mong mentioned. They would start with Binhai Nation first.

As for other countries, they would plan to talk with the country's leaders about this matter. After all, they could not simply intrude on other countries.

They thanked Yu Qi once again for the information. Yu Qi just nodded and smiled.

Yu Qi immediately left thinking she still had another patient who needed her attention. She walked to Zhao Yongzhung's ward.

From outside, Yu Qi could hear a woman was crying while talking to Zhao Yongzhung. It must be his family.

Yu Qi knocked on the door before entering. "Doctor is here."

"Miss Tang?" A middle-aged woman shouted Yu Qi's name.

Yu Qi looked over and saw Madam Zhao. A woman whom she met when she was dining with Lu Qina and Fu Shi Zian recently. She did not expect to see her too. Zhao Yongzhung was probably her son.

"Goddess, you are here." Zhao Yongnian's eyes were sparkling when he saw Yu Qi there.

"Doctor, do you know my family?" Zhao Yongzhung did not know what happened asked.

"Yeah. I was acquaintances with your mother a few days ago." Yu Qi nodded.

"I see. This is my father, Zhao Yongliang." Zhao Yongzhung said.

"Nice to meet you, Sir." Yu Qi nodded.

"What actually happened to my son?" Zhao Yongliang asked.

"Do you mind if I am asking about your family medical history? Both of father and mother." Yu Qi said.

"Sure." Zhao Yongliang did not mind.

"Just ask it if it can help my son." Madam Zhao stated.

Yu Qi began questioning the couple about their medical history as well as the grandparent of Zhao Yongliang on both sides of the family.

Yu Qi took notes on her tablet collecting the information.

"Thank you, Mr and Mrs Zhao." Yu Qi said.

"Then, do you already know what happened to my son?" Madam Zhao asked.

"I still need some time to determine what cause Mr Zhao could not walk. I am sorry at this moment." Yu Qi apologized.

....

Yu Qi returned home, well to Long Hui's house. It was closer to the hospital. She noticed there was some movement inside the room.

Aoi and Shino were inside the space. So, there was no way that was them. She slowly approached the room.

Then when she opened the room slowly and entered the room, she was hugged from behind. The familiar scent entered her nose.

"I miss you, Qi Qi." Long Hui leaned over to Yu Qi's neck while sniffing Yu Qi's scent.

"Welcome home." Yu Qi's muscles immediately relaxed. "You just come back from your mission?"

"Hmm... I did. I arrived home a few minutes before you." Long Hui answered.

"Are you hungry?" Yu Qi asked.

"Hmm... I am starving." Long Hui said.

"What? You don't eat lunch?" Yu Qi asked in worried.

Long Hui laughed. His beloved Qi Qi seemed not to understand what he meant by that.

"I am starving for something else. Like you..." Long Hui grinned.

He turned Yu Qi around and kissed Yu Qi. Yu Qi responded to the kiss. She also missed Long Hui as much as Long Hui missed her.

After a few minutes, Long Hui let Yu Qi go. Yu Qi caught up her breath.

"I want to get into the bath." Yu Qi felt that she was filthy.

"Sure... I want to get into a bath as well. Shall we get into a bath together?" Long Hui gritted.

"If we enter the bath together, it will not be a simple bath." Yu Qi said.

"Hmm... I don't think it was a bad idea." Long Hui was still grinning.

Yu Qi knew that Long Hui would not stop until both of them entered the bath together.

"It has been a long time since we take a bath together, right?" Long Hui said.

"Sure... sure... Let's go together. Aoi and Shino are not here anyway." Yu Qi agreed.

"Hmm... It is the best thing." Long Hui put down Yu Qi's work bag.

Bo Ya who watched through Yu Qi's eyes, turned off that.

"Hey, does Master come home already?" Aoi asked Bo Ya.

"Yes. But she will not come inside the space at the moment?" Bo Ya answered.

"Why?" It was Xiaohua who asked.

"Master has something else to do. She will come inside eventually." Bo Ya said.

Inside the bathroom, the two figures were together inside the bathtub after they cleaned their bodies. Well, 'clean their bodies.'

"You monster. You like to torture me, right?" Yu Qi pouted.

"Hmm... Remember our last call... I want to torture you when I come back." Long Hui whispered.

"We should not do it here." Yu Qi stated.

"Oh, you are telling me it is okay for me to torture you somewhere else. Somewhere like on the bed?" Long Hui's voice sounded so dangerous like now.

Yu Qi could see the hot stare on her back. She gulped. That was not what she meant. She remembered the last call from Long Hui.

Long Hui kept staring at Yu Qi's neck. The white neck seduced him to do something again.

1566 Chapter 1566

Yu Qi coughed a few times when she remembered the last night. Long Hui was making out with her three times in the bathroom before they finally got out from the bathroom.

She thought it was over. But after only half an hour she wore the clothes, and the clothes took off by Long Hui again. They ended up doing it five times on the bed.

After begging so much to stop, Long Hui finally listened to her and let her off the hook. Yu Qi finally got some sleep.

She slapped her cheek a few times wanting her mind focused on what she wanted to do right now. She was going through the medical report that might have some similar symptoms to Zhao Yongzhung's symptoms.

She already asked about his family medical history. But none of the data helped her in this case. She also asked some doctors for their opinion. But still, no answer.

It was a tough case to crack but she did not give up. She spent hours of reading. She noticed something from her reading. Her eyes lifted. She stood up and got out of her room as soon as possible.

She rushed to Zhao Yongzhung's room. Yu Qi knocked on the door. Zhao Yongnian was the one who opened the door.

"Oh, my goddess. Come in." Zhao Yongnian was happy to see the beauty.

Yu Qi did not have time to waste on Zhao Yongnian. She quickly entered the room. Madam Zhao was also there. There were also doctors and nurses around.

Ignoring the other two, Yu Qi looked at Zhao Yongzhung.

"Did you surf?" Yu Qi asked.

"What?" Zhao Yongzhung was stunned.

"Did you surf before you paralyzed?" Yu Qi repeated the same question.

"Yeah, two days before coming here but it was my first lesson. I did not wipe out or anything..." Zhao Yongzhung wanted to explain more.

But Yu Qi immediately smiled. "It is surfer's myelopathy."

"What?" The other doctors also wanted to know more about that.

"It is an extremely rare condition with only about 100 cases worldwide." Yu Qi said.

"Wait a minute, only 100 cases worldwide?" The doctor was shocked.

"Yes." Yu Qi nodded to the doctor. She turned back to Zhao Yongzhung. "When the back's hyperextended, a blood vessel leading to the spine becomes kinked, depriving the spinal cord of oxygen."

"Wow, Doctor Yu Qi, that is a tough diagnosis. How do you figure it out?" Another doctor asked feeling impressed.

"I just read about 657 patients' reports of spinal cord injuries." Yu Qi stated.

"You just read all of that?" Both doctors were shocked.

"Yeah... I just found this guy in 1998, one in 2001, then in 2013 and more. Surfing lessons are mentioned in almost all of them. Here I was thinking that Mr Zhao might have Guillain - Barre, turned out it was a spinal stroke." Yu Qi said.

The doctors were still feeling amazed by Yu Qi's diagnosis.

"Excuse me, I want a spinal angio with intra-arterial tPA, start methylprednisolone and up his IV fluids." Yu Qi said to the nurse. [panda`nove| com](#)

The nurse wrote Yu Qi had told her and started working. "Yes, Doctor Yu Qi."

"I am going to induce hypertension to improve blood flow to your spine." Yu Qi smiled.

"What does it mean?" Zhao Yongzhung asked.

"To put it simply, it is like if your phone battery was really low, and you found a really fast charger. I am going to do that, with oxygen and your spine." Yu Qi explained.

Zhao Yongzhung nodded.

"Am my son going to be okay?" Madam Zhao asked.

[βαηδαηθηε|](#) "He still needs to undergo the treatment first." Yu Qi said.

...

That night, Long Hui brought Yu Qi to Rose Nightclub. When Yu Qi asked why, Long Hui told her that Liang Mo Han already completely recovered from the injuries.

He wanted to celebrate but he did not want to waste any money. So, he just did it at his nightclub.

"Oh, he is stingy." Yu Qi chuckled.

As usual, Long Hui brought her to enter the backdoor. After showing his card, the guards let Long Hui and Yu Qi in.

Well, some people thought that they could use the same entrance but had the guards stopped them in time.

"What? Why can't we enter but the person before us can?" One of them asked.

"This entrance required a special pass. They have that pass. That is why they can enter using this entrance." The guards explained.

"What?"

"Hey, let's go. It is not worth arguing. This is Rose Nightclub. If you make trouble, you should know what happens next."

Hearing that, they left and went to the front entrance where the usual customers used to enter the nightclub.

Long Hui and Yu Qi entered the room. The gang was already here except for Huang Lan Guan.

"Second Sister in law, long time no see." Ren Qian Yi greeted Yu Qi with his usual spirit.

"Second Sister in law." Fang Mo Li was more polite.

"Second Sister in law. I must thank you for what you did for me. If not for you, I might already die." Liang Mo Han said.

He was very feeling grateful to Yu Qi. He heard from Ren Qian Yi that Yu Qi rushed over to come to the place as soon as possible after receiving the call from Long Hui. She ended up spending hours operating and saving him.

1567 Chapter 1567

"It's okay." Yu Qi smiled.

"Second Sister in law, you must get something from him. He is rich." Ren Qian Yi stated.

"Why? I am also rich." Yu Qi tilted her head.

Everyone looked at Yu Qi dumbfounded. The second Sister in law was surprised good, not like her fiancée.

Then someone opened the door.

"I am sorry. I am late." A girl came inside the room.

"Su Nie?" Liang Mo Han called the name.

It was Huang Su Nie, the younger sister of Huang Lan Guan.

"What are you doing here?" Ren Qian Yi asked.

"Oh, I am invited by Brother Mo Li to hang out together with you guys. Am I wrong?" Huang Su Nie was feeling awkward.

"Of course not... Come in... Come in..." Ren Qian Yi just smiled.

Liang Mo Han put his hand on Fang Mo Li's shoulder. He grinned at Fang Mo Li.

"Just say what you want to say." Fang Mo Li rolled his eyes.

"Do you want my help?" Liang Mo Han asked.

"No need. It is not like you have a girlfriend." Fang Mo Li attacked where it hurt the most.

Ouch! The word was really hurt. Liang Mo Han released Fang Mo Li.

"You brat. You still not her boyfriend." Liang Mo Han said.

"Humph... But I still have someone I like." Fang Mo Li attacked again.

"You..." Liang Mo Han did not know what to reply.

On the other side, Huang Su Nie greeted Long Hui and Yu Qi.

"Brother Hui... Sister Yu Qi... Long time no see." Huang Su Nie smiled.

Long Hui, as usual, just nodded.

"Hmm... It is indeed a long time." Yu Qi replied.

"Oh, Sister Yu Qi, I went to Saisei Ryokan Hotel recently. The place is very beautiful. The onsen is very good too. I really love it." Huang Su Nie told Yu Qi.

"Oh, thank you." Yu Qi loved to hear the positive feedback from her customer about Saisei Ryokan Hotel.

"I never think the place that likes exist here. Usually, this kind of place usually in Japan." Huang Su Nie said.

She liked to travel. She had travelled to a lot of interesting places. She also already went to Japan and experienced their onsen.

"Well, it was inspired by the onsen in Japan." Yu Qi explained.

"I see... But how the flowers being maintained to blossom all the time?" Huang Su Nie remembered the beautiful scene once again.

"Oh... Well... It is a secret. I am sorry. I can not tell you." Yu Qi said.

Of course, she could not tell her. She watered those flowers with the lake water inside her space. The lake water had magic inside it and it helped the flowers to keep blossom all the time.

Sometimes, Chui Mei Fung also told her that some people asked her and the employees about the flower. Something like where we got the flowers, how to take care of the flowers, can they brought the flower to grow at the house.

Yu Qi said it was fine to give some to their customer to bring home but it must not ruin the scene. However, the customers came back telling her and the employees that their flowers had died. So, they figured it must be related to how the hotel took care of the flower.

Yu Qi told Chui Mei Fung to tell the customers that it was probably because of the environment. The air at Saisei Ryokan Hotel was purer than their house since it was located far from the city.

The atmosphere in the room was very good. They were talking, drank, and playing some games.

However, it was different in Capital City, Wei Family.

Wei Zichen and Wei Yan looked at each other. Their expression was grim.

"Is it really the truth?" Wei Yan asked his brother.

"I am also baffled about this." Wei Zichen stated.

Both of their eyes glanced at the file in front of them right now.

"How do we need to tell Father about this?" Wei Yan voiced the question after being silent for a long time.

"I don't know yet. But in the end, Father needs to know about this. We can not keep this secret forever. Father has the right to know." Wei Zichen said.

"I know about that. But we need to think a way to tell Father so that he did not get too much shock when he knows this." Wei Yan sighed.

Yeah... Even though their father was still healthy but no one knew what would happen.

"I still could not believe it." Wei Yan said.

They turned to the door when they heard knocks. They saw Feng Ni Lan's head appear.

"What are you talking about? Continue it later, will you? The dinner is ready. We are waiting for you." Feng Ni Lan said.

"Okay. We will be there." Wei Zichen said. He looked at Wei Yan. "We will continue this later."

"Hmm..." Wei Yan agreed.

Wei's Family had a rule that they would gather and eat dinner together once a month. Everyone was in the dining room including Wei Ding Ye who stayed outside.

Wei Ding Ye did not want to be here but her mother forced her to come over. Otherwise, she would not be getting her allowance money. She was a student right now. She did not have a source of income. But she was thinking to get a part-time job later.

The dinner started.

"Eat this." Wei Yan put the food into Wei Ding Ye's bowl.

Wei Ding Ye smiled. "Thank you, Dad. You too." She took the food and put it into Wei Yan's bowl as well.

Both father and daughter were closer. Wei Ding Ye was much closer to her father compared to her mother. They were like friends. Everyone seemed okay with that except for Grandma Wei.

"Don't talk like that with your father. How disrespectful." Grandma Wei commented.

"My dad does not care much about that. Why are you bothering us?" Wei Ding Ye spat the comment.

Gu Muxue sighed. 'Here we go again.'

"You should be respectful to elders like Yu..." Grandma Wei did not manage to finish her sentence.

Wei Ding Ye cut Grandma Wei off. "What? Like that Chi Yuan? Are you joking? Don't use her as a good personal example. It is an insult to the real good person. She is not a good person after all. Otherwise, she would not be staying in prison right now."

"Don't say something like that about Yuan-er." Grandma Wei glared at Wei Ding Ye.

"Did I say something wrong?" Wei Ding Ye tilted her head while smiling.

"You..." Grandma Wei wanted to continue but Grandpa Wei interfered.

"Stop! We want to eat here. No fighting." Grandpa Wei stated.

"But she is disrespectful toward her father." Grandma Wei wanted to argue.

"I don't see where is she being disrespectful toward her father. She is talking to her father normally." Grandpa Wei said.

"But..." Grandma Wei wanted to continue.

"You shut up! Eat your meal." Grandpa Wei put a stop to Grandma Wei's argument.

Wei Yan exchanged a look with Wei Zichen. Wei Zichen nodded. Their exchange had been seen by Wei Su Zien. He wondered why his father and uncle exchanged looks like that.

After dinner, Wei Zichen and Wei Yan went to see their father in their father's study room. Grandpa Wei usually spent his time after dinner in the room reading some books.

"Why are you two here?" Grandpa Wei looked at both of his sons.

Wei Zichen glanced at Wei Yan and nodded.

"Dad, we have something to tell you." Wei Zichen said.

Seeing his sons acting like this, Grandpa Wei changed his attitude and became more serious. It must be a serious matter.

"What is this?" Grandpa Wei asked.

Both siblings looked at each other again. Grandpa Wei felt annoyed seeing this.

"Just tell me directly." Grandpa Wei stated.

"Dad, you better take a look at this." Wei Yan pushed a file to Grandpa Wei.

Grandpa Wei took and read what was inside the file. The longer Grandpa Wei read the information inside the file, the more shocked he became.

He slowly looked at his sons. "Is this really true?" He asked.

Both his sons just nodded at Grandpa Wei. Grandpa Wei went silent.

"I see... I see... No wonder she was very fond of that child." Grandpa Wei looked down.

Wei Zichen and Wei Yan were worried about their father but still kept quiet.panda `nove| com

"I need some time alone." Grandpa Wei said after a long moment of silence.

"We will leave first, Dad." Wei Zichen said.

So, Wei Zichen and Wei Yan left the study room leaving Grandpa Wei alone still in the same position.

"Brother, is Dad going to be okay?" Wei Yan asked Wei Zichen.

However, another voice responded to Wei Yan. "What happen to Grandpa?"

Both Wei Yan and Wei Zichen were surprised and looked over. It was Wei Su Zien.

"What happen to Grandpa?" Wei Su Zien asked once again since he did not get an answer from his father and uncle.

"Nothing. Your grandfather has something to think about. You don't need to worry about that." Wei Zichen patted his son's shoulder.

....

Yu Qi let herself loose for tonight and drank some alcohol. Well, three cups and she was already drunk.

"Second Sister-in-law is really weak on drinking." Liang Mo Han commented.

"She already fell asleep. I will take her home." Long Hui did not move his eyes from Yu Qi at all.

"Sister Yu Qi must be tired from working." Huang Su Nie said.

Long Hui wanted to lift Yu Qi up and carried her away but before he managed to do so, Yu Qi woke up.

"Xie Likui, let's drink more." Yu Qi said.

Everyone went silent and Yu Qi suddenly woke up and called another man's name. They knew that Long Hui was a super jealous person. But nothing happened. Long Hui seemed not to hear the name.

Long Hui sighed. It happened again.

"Xie Likui, what are you doing?" Yu Qi asked Long Hui who stood in front of her.

"I am taking you home." Long Hui said.

"Taking me home? Which house are you talking about?" Yu Qi tilted her head.

"Our house." Long Hui said.

"What? Our house? But we are still not married yet. Senior Brother Xia will get mad at me." Yu Qi shook her head.

"He will not." Long Hui said.

"Really?" Yu Qi asked.

"If he gets mad at you, I will fight him." Long Hui said.

"Hmm... But you are not as strong as him. He will beat you up." Yu Qi commented on that with a serious expression.

Everyone was speechless about this situation. They did not understand what this couple was talking about. They had a lot of questions. 'Who's Xie Likui? Who's Senior Brother Xia? And why is Yu Qi acting like this?'

"I will take Yu Qi home first." Long Hui said and brought Yu Qi together leaving the room.

1569 Chapter 1569

"Xie Likui, where do you want to take me?" Yu Qi kept asking the same thing.

"Home." Long Hui answered.

"Home... Hmm... I like the same. What are you doing to do to me, hmmm?" Yu Qi grinned.

"Do you want to know?" Long Hui narrowed his eyes.

"Hmm... Tell me..." Yu Qi looked into Long Hui's eyes.

"I want to eat you..." Long Hui leaned on and whispered into Yu Qi's ear.

"I don't taste good. You can not eat me..." Yu Qi shook her head.

Her expression was so serious. Long Hui thought his beloved Qi Qi was already sobered up.

"Not that eating..." Long Hui said.

"Oh... As long as you don't kill me, you can do whatever you want." Yu Qi said.

Long Hui lifted his eyebrow. "Are you sure?"

"Yes..." Yu Qi leaned over toward Long Hui.

Long Hui caught her and held her. He looked at Yu Qi. It seemed she already fell asleep.

"It seems I can not eat you tonight." Long Hui sighed.

.....

Wei Zichen had a day off. He planned to spend time with his wife. Probably going to get some groceries with his wife. His wife told that their groceries needed to be top-up.

After breakfast, he was about to leave the dining room, when his mother called him. She wanted to talk about something. Wei Zichen had some feelings that his mother wanted to talk about Chi Yuan.

He followed his mother. They went to the living room.

"Zichen, please, I need your help." Grandma Wei asked.

"What is it, Mum?" Wei Zichen asked. "But please don't be about Ms Chi."

"It is indeed about her." Grandma Wei said. "Can you lend me some help here? She had been framed."

Wei Zichen sighed. "Mum... You said she had been framed. By whom?"

Grandma Wei was silent at the moment. Then she answered. "It must be that Tang Yu Qi. Only she would do something like this. She is jealous of Yuan-er."

"Mum!!!" Wei Zichen shouted.

Grandma Wei was shocked by the shout.

"Why are you shouting at me like that? You want me to die in shock?" Grandma Wei was angry.

"Mum, Hui's fiance doesn't have anything to do with this. You can not assume that." Wei Zichen said.

"She is afraid that Hui will run away and come back to Yuan-er." Grandma Wei said.

"Come back? Mum, Hui is not hers to begin with. There is no coming back here. And Ms Chi is not 10% as beautiful as Hui's fiancée." Wei Zichen stated.

"Don't say something like that about Yuan-er. She is your..." Grandma Wei stopped after she realized what she was about to say.

Wei Zichen narrowed his eyes. "She is my what? What do you want to say?"

Grandma Wei coughed a few times before answering. "She is like your niece."

Feng Ni Lan came to the living room after a maid informed her that Wei Zichen was shouting at Grandma Wei. She was surprised. She wanted to know about that too. So, she came to see what was going on between those two.

She heard that Grandma Wei stated that Chi Yuan was like Wei Zichen's niece. She suspected that Grandma Wei called Wei Zichen to ask for help for Chi Yuan again.

"Dear..." Feng Ni Lan called Wei Zichen and sat beside Wei Zichen.

"I am still talking to Zichen. Why are you sitting over there?" Grandma Wei scolded Feng Ni Lan.

"She is my wife. She is family." Wei Zichen defended his wife.

"Tsk." Grandma Wei clicked her tongue. "Once again, please help Yuan-er. She is suffering from staying at such a place." She started it again.

"Mum, why do you want to help a criminal so badly?" Feng Ni Lan could not help but ask.

Grandma Wei rolled her eyes. "It has nothing to do with you. So, just shut up!"

"Mum, don't speak like that to my wife." Wei Zichen reminded. "And for the last time, I am telling you that I will never help Ms Chi. She needs to pay for everything that she had done.

"Zichen, are you going to argue with me?" Grandma Wei was angry.

"No, mum... But I will waste my effort on Ms Chi." Wei Zichen was angry too.

"You want to make me die early?" Grandma Wei shouted.

"Shut up!!!" Grandpa Wei walked into the living room.

Wei Zichen and Feng Ni Lan stood up and helped Grandpa Wei.

"I already told you, don't bother about Chi Yuan." Grandpa Wei stated.

"But..." Grandma Wei wanted to say more.

But Grandpa Wei cut her off again. "Since you want to help her so much, then, let's get a divorce."

The moment went to silence after the last word came out of Grandpa Wei's mouth. Not only Grandma Wei was shocked but Feng Ni Lan was also shocked.

Only Wei Zichen looked calm. He did predict that his father would divorce his mother.

"Dear, why does Father say something like this?" Feng Ni Lan whispered to her husband.

"Let's just wait." Wei Zichen said.

"Jingzhe, are you joking with me right now? Don't you dare to joke with me like that!" Grandma Wei shouted.

Grandpa Wei snorted. He never thought that his wife that he married would do something like that. And she was acting so almighty.

He did not go to sleep yesterday. He did a lot of thinking after knowing the truth.

1570 Chapter 1570

"I am not joking though." Grandpa Wei stated.

Grandma Wei went pale after hearing that. Everyone did not talk.

"Nie Zhu Mei, you should know why I am divorcing you." Grandpa Wei used Grandma Wei's full name.

Grandma Wei understood when Grandpa Wei used the full name, it meant he was very angry. However, she did not understand why Grandpa Wei suddenly wanted to divorce her.

"No... No... I don't understand. Why do you want to divorce me? No. You can not do this to me." Grandma Wei shook her head.

"You don't know what I am talking about? Then, Chi Yuan, if I say that name, you will understand, right?" Grandpa Wei snorted.

Grandma Wei was shocked. How did he know about that? It should a secret.

"Your face told it is the truth." Grandpa Wei laughed. "I thought it was a lie."

"Jingzhe, listen, I can explain." Grandma Wei said.

Wei Zichen felt he and his wife should not be here. He whispered to Feng Ni Lan to leave the living room. Feng Ni Lan just agreed and followed Wei Zichen.

"What to explain? I already know everything." Grandpa Wei said.

"I..." Grandma Wei wanted to talk.

Grandpa Wei cut her off again. "You cheated on me with Chi Zhengzhong. I was working hard as an embassy staff to improve our financial situation at that time. But what did I get, a betrayal from you." He was very sad.

"No, please listen to me. It was a mistake." Grandma Wei said.

"No wonder you love that Chi girl so much. She is your granddaughter." Grandpa Wei added.

"It is not like that." Grandma Wei shook her head.

"I will prepare the paper. You need to sign it. We will separate everything equally in terms of assets. I will discuss it with my lawyer." Grandpa Wei stated.

He was not so evil to take everything. Grandma Wei helped him to take care of the family for so long. He appreciated that.

"Jingzhe, I don't want to divorce. You can not do this to me. I know I was wrong. But it was only for one time." Grandma Wei said.

"You already know that child was not mine. But you still continue that pregnancy. If not because Chi Zhengzhong's child died when his wife was giving birth to him, that child might be registered as mine." Grandpa Wei said.

Grandma Wei could not argue with that. When she knew that she was pregnant, she wanted to abort the child. However, when she went to the hospital, the doctor told her that it was not safe for her to do the abortion.

If she went through the abortion, she might not be able to get pregnant again. She went to ask Chi Zhengzhong about that.

Chi Zhengzhong suggested that she continued the pregnancy and gave birth. He also gave suggestions to Grandma Wei on what to do with the child.

Grandma Wei could register the child under Wei's family or give the child to the orphanage. At first, Grandma Wei was thinking to give the child to the orphanage. It would be better.

After carrying the child inside her stomach, she had an affection for the child. She did not want to send the child to the orphanage. She thought long and hard about that and decided to register the child as Wei Jingzhe's child.

She continued the pregnancy in silence. No one knew about her pregnancy because she did not appear pregnant at all. Her stomach did not grow too big. She usually wore loose clothes. She always did not have morning sickness.

One day, she felt her stomach was hurting. She rushed to the hospital. She gave birth to a baby boy. She called Chi Zhengzhong to tell him about the news.

Coincidentally, Chi Zhengzhong's wife was also giving birth at the same time. However, there were some complications and her baby could not make it.

Chi Zhengzhong's wife could not accept this. She became crazy. Grandma Wei called Chi Zhengzhong at that time. Chi Zhengzhong went to see the baby.

When he saw the baby, he thought a great idea. He told Grandma Wei about his wife. Then she suggested that he would take this baby and raise him as his child.

At first, Grandma Wei did not want to agree. How could her child be given to someone else? However, Chi Zhengzhong talked to Grandma Wei. Grandma Wei reluctantly agreed with that.

So, the child was given to Chi Zhengzhong's wife. She immediately turned to normal. After two days of resting, Grandma Wei went to visit Chi Zhengzhong's wife.

Chi Zhengzhong's wife seemed to be happy with the child. Grandma Wei felt uncomfortable when seeing her child that she had been carrying in her stomach with another woman.

However, she hid her feeling and congratulated Chi Zhengzhong's wife. Chi Zhengzhong's wife thanked her for congratulating her. Grandma Wei felt ironic.

After, Grandma Wei also followed her child's growth. Her child grew up nicely and got married. He also had a child. And that child was Chi Yuan. That was why she loved Chi Yuan so much. Chi Yuan was her first granddaughter.

"I don't want to continue this marriage anymore." Grandpa Wei was still with his earlier decision.

"Jingzhe, we have been together for such a long time. Can we continue this forever? I don't want to get a divorce." Grandma Wei begged.
