1571 Chapter 1571

"Until now, I still didn't hear a single apology from you." Grandpa Wei sneered.

Yes, Grandma Wei did not apologize to Grandpa Wei for what she had done in the past. Not a single apology.

"I don't have anything to say anymore." Grandpa Wei stood up and wanted to leave.

"Jingzhe, Jingzhe, I will apologize. I will apologize. Please consider the divorce." Grandma Wei begged again.

"My decision is final. We will get a divorce no matter what happens." Grandpa Wei stated and left.

Grandma Wei fell to her knees. She did not believe what happened now. Her marriage life! it crumbled. She did not know why this happened to her. Her life should be perfect.

She did not know that it was her persistence in wanting to help Chi Yuan out of jail that was the sparkle of why this happened. If she did not bother Wei Zichen and Wei Yan so much about that, Wei Zichen would not be bothered investigating everything.

Grandpa Wei walked out of the living room. He was very hurt about this. He almost fell down. Luckily someone grabbed his body. He looked over and saw his son holding his body while his daughter-in-law looked at him with a worried expression on her face.

"Are you okay, Dad?" Feng Ni Lan asked.

"I am sorry to let you see this." Grandpa Wei sounded very weak at the moment.

"Dad, let me bring you to your room." Wei Zichen said.

"Go and get a lawyer. I want to prepare for my divorce right away." Grandpa Wei said.

"Are you sure, Dad?" Wei Zichen asked.

"Yes." Grandpa Wei answered it firmly.

....

"How are you doing today, Mr Zhao?" Yu Qi came to check Zhao Yongzhung's condition.

Zhao Yongzhung smiled. "Check this out." He then slowly stood up.

Yu Qi smiled in surprise. "You can already stand up. It is good. It will not be too long before you can walk around."

"Thank you, Doctor Yu Qi. I am very grateful to you." Zhao Yongzhung stated.

"I am just doing my job." Yu Qi said.

"Brother, are you still alive?" Zhao Yongnian entered the ward while grinning. Then his eyes lifted up when he saw Yu Qi. "My goddess you are here too."

Zhao Yongnian had been calling Yu Qi, goddess after their second encounter at this ward. Of course, he did not have the guts to snatch Yu Qi from the devil instructor. He was just admiring her. That all.

Zhao Yongzhung smacked at Zhao Yongnian's back head.

"Why are you being so rude? Greet her normally." Zhao Yongzhung said.

"Brother, you can not smack my head like that. What if there are effects of smacking my head, what are you going to do?"

"What effects? That you be an idiot? But you're already an idiot though." Zhao Yongzhung said.

Yu Qi chuckled. Zhao Yongnian looked over.

"Brother, you can't talk about something like that." Zhao Yongnian said.

"Mr Zhao you just need to be here for a couple of days before you can discharge." Yu Qi said after checking Zhao Yongzhung's body.

"Thank you, Doctor Yu Qi." Zhao Yongzhung said.

Yu Qi went to her research centre.

"Master, I finally designed a cat robot. Here is the blueprint." Neko-chan showed a blueprint showing the cat robot.

Yu Qi did not have much knowledge about robot design but she could see that the design was very complicated.

"Are you sure someone can help you build this?" Yu Qi asked.

"Master... I have already done my research. This man is very good in the field. Can you invite him over?" Neko-chan showed the profile of a man.

Yu Qi was surprised to see the man. Well, she actually knew the man. It was Zhao Yongzhung. He was a robot maker.

"He is my patient, right now." Yu Qi stated.

"Oh, really? That is great. Master, please... Can you bring him over?" Neko-chan asked.

"But your existence is a secret. I don't want many people to know about you other than the people here." Yu Qi said.

Well, not everyone who worked here knew about Yu Qi. Only the core member of the research centre knew about Neko-chan's existence. Even they also signed a secret agreement with Yu Qi about Neko-chan. They were not allowed to tell anyone about Neko-chan.

"Master... I will use human appearance when talking to him through the screen. He will think that I am a human." Neko-chan suggested. She added more. "We can also make him sign an agreement about the robot."

Yu Qi was silent. She was considering the matter. Neko-chan looked at Yu Qi with hopeful eyes. Yu Qi sighed. She was really weak when coming to cute things.

"I will discuss the thing with Mr Zhao. But if he does not agree, you need to find another person, understand?" Yu Qi compromised.

"Yes... Yes... I understand, Master." Neko-chan jumped around showing her happiness.

After jumping around, Neko-chan stopped.

"Oh, Master, something happened this morning," Neko-chan reported the matter

"What happened?" Yu Qi asked seriously.

"Someone tried to hack into our server. I managed to block him and successfully get their IP address. Do you want to check it?" Neko-chan asked.

"Oh... Really?" Yu Qi smiled. She went to her computer.

She immediately checked the IP address. It showed the location.

"This location is Fanghai Nation." Yu Qi looked at the location.

1572 Chapter 1572

'Fanghai Nation?' Yu Qi narrowed her eyes. She needed to check this. Yu Qi began to type faster. The code appeared according to Yu Qi's fast typing.

After 15 minutes, she was already inside the person's server. And that person did not realize that Yu Qi hacked into their network.

Yu Qi checked this person. It was someone that she did not even know. So, this person must be hired by someone to check on her.

So, she began to check this person's detail. Fang Guowei, 29 years old, single, from Fanghai Nation. He also had a codename, Deathflower. He was from Dark Rose Alliance.

Yu Qi came across Dark Rose Alliance after hacking into Bai Cooperation's server last time. The father and son thought a hacker from Dark Rose Alliance was the one who hacked into their server. Yu Qi did not care since it suited her purpose. Someone took the blame for her.

"So, someone bought their service to hack into the research centre. 'Who wants to mess with me right now?'

She investigated further about this. It seemed this hacker did receive money a few days ago. However, it was a cash deposit. Not an online transfer. It made it hard to detect the person behind.

It could be found out but it just needed more work to do so. She did not have time to do that.

"I think I need to get help from Han Baise." She immediately contacted Han Baise to inform him to get this done.

"Master, don't forget to tell that person about my proposal." Neko-chan reminded Yu Qi.

"Okay... Okay... I will tell him." Yu Qi chuckled.

...

"Have you got what I want?"

"Not yet."

"What is this? I hired you because I heard about your competence. It seems that it's just a rumour."

"Miss, please watch your mouth."

"Then, I want the result as soon as possible."

"Okay... Okay... I will try again."

The conversation ended. Mu Yian clicked her tongue. Yeah, she hired a hacker to hack into the research centre owned by Yu Qi. Why? Because she heard that her grandfather wanted to invest in that research centre.

She did not know why she felt that Yu Qi was like her enemy. She wanted to get information from the research centre. It would be better if she could get some detail of the projects that had been researched. She could steal them and sell them to other research centres.

She would question her grandfather about investing in the research centre that could not protect their security which would lead to her grandfather not wanting to ever invest in that research centre.

To her surprise, the hacker failed. She hired a hacker from a renowned alliance. What a down. But the hacker would try again. She expected something.

"First Sister, can I borrow some money from you?" Mu Kuang He came to her.

"Money? For what?" Mu Yian asked.

Mu Kuang He grinned as he scratched his head. "Well, I went to the car race and made a bet with someone. I lost the bet."

"How much?" Mu Yian asked.

"Two million." Mu Kuang He awkwardly said the amount. He changed his tone. "First Sister, please help me."

Mu Yian sighed. "Okay... Okay... But remember, don't go and bet again."

"First Sister is the best. Thank you." Mu Kuang He was happy that he could finally settle the debt.

...

Zhao Yongzhung fully recovered from his illness. He would be discharged later. Yu Qi entered the ward.

"Congratulations on your discharge." Yu Qi stated.

"Thank you, Doctor Yu Qi." Zhao Yongzhung said.

"Hmmm... Do you have a minute? I have something to discuss with you." Yu Qi said.

Madam Zhao noticed the tone that Yu Qi used. It was rather serious.

"Doctor, is there something wrong with son?" Madam Zhao asked.

"Oh, no... It's not health-related. But I need to discuss it with Mr Zhao alone." Yu Qi looked at Zhao Yongzhung.

"Mom, can you please step out first?" Zhao Yongzhung asked his mother to go outside first.

Madam Zhao wanted to protest but she could not do that. So, she obediently went out.

"Doctor Yu Qi, what do you want to talk about?" Zhao Yongzhung asked.

"Mr Zhao, you are working in the robotic engineering sector, right?" Yu Qi wanted confirmation.

"Yes, indeed." Zhao Yongzhung nodded.

"Are you interested in working on a project with me?" Yu Qi offered.

"Project? About what? I don't have much knowledge about the medical field." Zhao Yongzhung stated.

"There is nothing about the medical. I want you to make a robot for me. If you are interested, you can come to my research centre when you have time." Yu Qi said.

She could not explain much about that since it was a secret.

"Are you planning on doing research about robot development?" Zhao Yongzhung asked.

Actually, he was quite surprised when Yu Qi suddenly offered this to him. He thought maybe Yu Qi wanted to develop a robot that would help the medical workers.

"Probably in future, but as I said earlier, this has nothing to do with the medical field. I want to build a robot for my personal matter." Yu Qi said.

"I see. I will inform you of the date later." Zhao Yongzhung nodded.

"Great." Yu Qi nodded.

Yu Qi excused herself and left the ward. She returned to her room. The moment, she sat, her phone was ringing. She looked at the caller's name.

1573 Chapter 1573

Yu Qi answered the call.

"Hello, Yu Qi. This is Grandpa." Grandpa Mu stated.

"I know. I saved your number." Yu Qi smiled. "What's the matter?"

"Hmm... Actually, this is about your grandma's death anniversary. I am planning to invite you to visit her tomb together." Grandpa Mu said.

"When is it?" Yu Qi asked.

"Next month. 18th." Grandpa Mu said.

"I will be there. Hmm...Grandpa..." Yu Qi hesitated.

"What?" Grandpa Mu seemed to notice that Yu Qi wanted to say something.

"Can I inform my Great-Grandpa and Granduncle about this?" Yu Qi asked.

"Oh...Sure... They also can come if they want." Grandpa Mu did not mind at all.

They were his wife's family. They should know about this too.

"Great. I will inform them as well." Yu Qi stated. "Oh, one more thing. How about your other family? Will they go too?"

"No. Don't worry. They will not come along." Grandpa Mu said.

"Oh... Okay." Yu Qi said.

She did not want to meet them at her grandmother's death anniversary.

"See you soon." Grandpa Mu said before ending the phone call.

....

"Master, that person tried to hack again," Neko-chan warned Yu Qi. "What should we do?"

"The same person?" Yu Qi asked.

"Yeah," Neko-chan confirmed.

"Well, since he comes over again, let's greet them with a smile, shall we?" Yu Qi stated.

"Oh, let's go." Neko-chan understood Yu Qi's intention.

Yu Qi and Neko-chan immediately hacked the person. Fang Guowei who also tried to hack into the research centre was surprised when his computer had been attacked.

"The fuck!!! Who dares to attack me?" Fang Guowei shouted in front of his computer.

He immediately forgot his work and started to defend himself. He noticed that there were two hackers at the same time. This work speed was very good. He could sense that these hackers were on the same level as the number one hacker, in Dark Rose Alliance's ranking, Gear and TeddyBear.

Yu Qi and Neko-chan successfully took over the computer. Fang Guowei gritted his teeth when he saw these bastards' success.

Then, a screen popped out on his computer. Word by word appeared on that screen too.

'Hello... Nice to meet you, Deathflower.'

Fang Guowei frowned. It seemed people on the other side were waiting for him to reply to this message.

'Who are you?' Fang Guowei replied.

'You don't have to know about me. I want to ask something. Who requests you to hack into Tiantian Research Centre, huh?'

'You don't have to know about that.'

'Oh, really? So, you don't care about this?'

Yu Qi sent a picture to Fang Guowei. It was something that Yu Qi got from Fang Guowei's computer.

Fang Guowei was shocked to see the picture.

"F**k!!! F**K!!!" Fang Guowei shouted in anger.

'You are also a wanted person in the FBI and CIA lists. How about I give some clues to them?'

Fang Guowei felt that he wanted to punch someone right now. This person threatened him. If he did not do what this person wanted, this person might expose his identity and location to the FBI and CIA.

'Wait... Don't do it. I will tell you the mastermind.' Fang Guowei could not help to agree with the condition.

'You make a good decision. Then, tell me, who wants you to hack into Tiantian Research Center?'

'Mu Yian, the first daughter of Mu Li Zei, granddaughter of Mu Guang Qi. You can find out about her by yourself.'

'What is your proof?'

Yu Qi needed the evidence. Who knew if this person was lying to her?

Fang Guowei sent Yu Qi copies of the phone recording between him and Mu Yian. Of course, he used a voice changer but Mu Yian's voice was the original.

'Good. I will make use of these recordings. But you need to stay away from Tiantian Research Centre. If I see you around again, remember to find somewhere to hide. But I bet you might fail to do so.'

Fang Guowei gulped. Meaning this person would hunt him down after he did it again.

'I promise I will stay away.'

Fang Guowei did not want someone like this person to hunt him. His life might be over. However, there was one thing that he was curious about.

'Can you tell me your name?' Fang Guowei asked.

'You want to know my name? Well, it is Q.'

Fang Guowei was shocked. Q. The name went famous a few months ago. He found out about Q when he logged into the forum. People were discussing Q.

The alliance wanted to recruit Q to join them but they could not find out about Q. Q appeared and disappeared just like that.

'You are Q?'

'What? You don't believe me?'

'No... No... It is nothing like that. I am just baffled.'

Yu Qi did not understand.

'Huh? Why?'

'Sir, you are famous. Are you under some kind of organization?'

'No...'

'If that is so, do you want to join our alliance?'

Fang Guowei invited Q to join his alliance.

'You want me to join Dark Rose Alliance?'

'You know us?'

'I just know you are a mercenary alliance. That's all.'

'We are more than that. We have many divisions. Not only hacker.'

'Not interested.'

Yu Qi rejected the invitation. She was already busy with her Qinyue Group. Why should she tire herself with something like that? Yu Qi did not have anything to say anymore. She left.

Fang Guowei was dumbfounded when Q left just like that. However, he was glad that he got some information about Q. Q was with Tiantian Research Center. He would know where to find Q.

1574 Chapter 1574

"Mu Yian, you want to play fire with me." Yu Qi gritted her teeth after getting the information from Fang Guowei.

"Master, who is this Mu Yian?" Neko-chan also read what Fang Guowei wrote to Yu Qi.

"She? Let me think about this... She is like my step-cousin, I guess." Yu Qi explained.

"Stepcousin? It is my first time hearing that. I heard about step-son, stepsister, stepmother and stepfather. But stepcousin... It is really rare." Neko-chan looked confused.

"Well, my grandfather married another wife. He got another son and that son has a daughter which is Mu Yian." Yu Qi explained.

"Oh... I see." Neko-chan nodded. Then she asked. "If you are family, why does she want to disturb your business?"

"Neko-chan, you watch so many dramas, why don't you understand that?" Yu Qi asked back.

"I thought that kind of thing just happened in dramas," Neko-chan stated.

"Don't forget that real people made that drama." Yu Qi glanced at Neko-chan.

"Then, why did she want to hack into our server?" Neko-chan asked again.

"Who knows what she's thinking." Yu Qi lifted her shoulder indicating that she also did not know about that.

"What do you want to do, Master?" Neko-chan asked with a smile.

"I am not planning to do anything yet. What? You want to do something?" Yu Qi asked back.

"Can I? I want to play." Neko-chan showed her cuteness.

"Okay. You can do whatever you want but don't go overboard. And don't get caught." Yu Qi gave her permission.

"Great." Neko-chan jumped excitedly.

"Remember, don't go overboard." Yu Qi reminded Neko-chan again.

"Sure... Sure..." Neko-chan said.

...

"Your grandmother's death anniversary?" Long Hui was surprised when he heard Yu Qi tell him about that. "When?"

"Next month, 18th." Yu Qi said.

"I don't know yet. My mission probably ends on the 17th but still, it could be extended." Long Hui remembered.

"I see. It's okay. I will go alone with my grandfather." Yu Qi was quite down when Long Hui could not join her.

Well, it could not be helped since it was Long Hui's job.

"My mission is at Fanghai Nation. I will try to complete the mission as soon as possible and join you." Long Hui stated.

"You don't have to overwork." Yu Qi said.

"Qi Qi dear, are you forgetting that I am not a normal human being? Nothing could tire me out." Long Hui grinned.

"Are you sure?" Yu Qi glanced at Long Hui.

"What? You should already know about that." Long Hui stated.

The atmosphere changed. From casual to flirtatious.

Yu Qi coughed several times to clear her throat.

"Stop flirting here. Don't you remember I am here too?" Feng Yue interrupted the moment.

"Who wants you to be here?" Long Hui replied.

"Yu Qi, look at your fiancée... He bullies me." Feng Yue pouted.

Long Hui just glared once at Feng Yue before he turned around to Yu Qi again.

"Don't talk to her like that. It has been a long time since we gathered together like this." Yu Qi sighed.

She did not know why this brother and sister liked to fight in front of her.

"See. Yu Qi sided with me." Feng Yue put on her proud smile while looking at Long Hui.

"Why are you here in the first place?" Long Hui ignored the proud smug on Feng Yue's face and asked her.

"I am taking my annual leave to relax." Feng Yue stated.

"You should go and find your boyfriend to relax." Long Hui said.

Long Hui felt that his younger sister was a nuisance. She liked to take away his beloved Qi Qi and took his beloved Qi Qi's attention.

"Don't talk about him to me." Feng Yue snorted.

Yu Qi looked at Feng Yue who already changed her expression. It seemed the couple had a fight.

"Why are you so upset, hmm?" Yu Qi asked.

Feng Yue wanted to talk to Yu Qi about her boyfriend. However, she was embarrassed to talk about that in front of her brother. She glanced at Long Hui.

Yu Qi understood the situation.

"Brother Hui, can you leave us alone for now? We want to have a girl talk right now." Yu Qi stated.

Long Hui was silent for a moment. He looked at Feng Yue. Then, he leaned over to Yu Qi's right ear.

"You need to compensate for this tonight. In bed." Long Hui whispered.

Even though Long Hui's voice was already lower, still Feng Yue could hear the content. Feng Yue also felt shy after hearing that. Not to mention Yu Qi, her face already turned red. She immediately pushed Long Hui.

"Go away." Yu Qi shouted.

Long Hui just laughed as he left.

"Yu Qi, I never thought that my silent and cold brother could flirt so shamelessly." Feng Yue commented.

Yu Qi coughed several times to clear her throat.

"Forget about that." Yu Qi said. "What about you? Are you having a fight with your boyfriend right now?"

"No..." Feng Yue sighed.

"Then, why were you so mad when Brother Hui mentioned his name earlier?" Yu Qi asked.

"It is because of his cousin." Feng Yue gritted her teeth showing her anger.

"What happens?" Yu Qi was curious.

"Last week, I was invited to his family gathering. His cousin was there too. She just returned from abroad. She really gives me a vibe that I don't like." Feng Yue began to tell Yu Qi about it.

1575 Chapter 1575

"And the most thing that irritated me was she wanted to introduce her friend to my boyfriend and wanted me to break up with my boyfriend. Are you freaking kidding me?" Feng Yue blew up her anger.

Yu Qi was taken aback. "That is beyond thinking. So, how did your boyfriend react?"

"Of course, he did not want to. His auntie, the mother of his cousin had already taken a liking to the friend of his cousin. His cousin did not have an older brother, otherwise, she would like to marry her to him." Feng Yue said.

"Then, what makes you angry with your boyfriend?" Yu Qi asked.

"He is so kind to that friend of his cousin. I don't like it." Feng Yue snorted.

"So, you are so angry that you are running away and coming here." Yu Qi made a conclusion.

"Yes. Yu Qi, you need to comfort me, please." Feng Yue pouted like a little girl who wanted some attention.

"My dear, I do want to accompany you. But I am also busy. I have patients and research to do. Not to mention my business." Yu Qi stated.

"Well, can I follow you too?" Feng Yue asked.

"Hmm... Why don't you go and see Neko-chan? You can have a talk with her too." Yu Qi suggested.

"Owh. That is a great idea. It has been a long time since we met each other." Feng Yue said.

The last time she saw Neko-chan, they had a great talk together about the twisted fact of fairy tales.

...

Grandpa Wei sat in front of his wife, well soon-to-be ex-wife. He was waiting for her to sign those divorce papers. He already negotiated the term for both of them.

Grandpa Wei was willing to give up two per four of his assets if Grandma Wei, Nie Zhu Mei signed the divorce paper. If she refused, Grandpa Wei would bring the matter to the court. Nie Zhu Mei would never get anything from this divorce.

Nie Zhu Mei looked at her husband. They had been husband and wife for such a long time. She knew that her husband was a decisive person. If he already made that decision, he would follow it thoroughly until someone could prove him wrong. In this case, he was right. So, he would go to the end.

"Can you rethink this?" Nie Zhu Mei asked.

If people found out that she got divorced, especially at this age, she did not know what people would say about that. Not to mention, she was quite famous among the upper-class families in the Capital City.

They would be curious as to why she got divorced. She was afraid that people would find out the reason why she got divorced.

"No. I don't have time for that. I already made up my mind. You should sign the paper. Otherwise, we can go to court. People would find out about everything. Is that what you want? I don't mind going to court." Grandpa Wei said.

He threatened Nie Zhu Mei. He knew that Nie Zhu Mei was afraid of that.

"No... No... No need to do that. I will sign." Nie Zhu Mei could not do anything but sign the paper.

"Let's go to the Civil Affairs Bureau to register the divorce today." Grandpa Wei stated.

He did not want to waste time anymore. Both of them arrived at the Civil Affairs Bureau. They submitted the application. Usually, after application, they needed time to process. But with Grandpa Wei's request, they just needed 15 minutes to process the application.

They received the green book. They returned home.

"Thank you for everything. I give you one week to find another place and leave my house." Grandpa Wei said before leaving to go to his room.

Nie Zhu Mei could not hold back her tear anymore. She started to cry, sobbing. One of the maids saw this. She rushed to Feng Ni Lan and told Feng Ni Lan about the situation.

Hearing this, Feng Ni Lan rushed to her mother-in-law. She already heard from her husband about the whole story. Well, she also thought that her mother-in-law was guilty in this matter.

However, it was between her mother-in-law and her father-in-law. She did not have any right to judge her mother-in-law. So, she could not ignore her mother-in-law at a time like this.

"Mother, are you okay?" Feng Ni Lan sat beside Nie Zhu Mei. She rubbed her mother-in-law's back to calm her down.

"Ni Lan, I already divorced your father. I need to move out from here." Nie Zhu Mei sobbed while explaining the matter.

Feng Ni Lan did not know what to say at this moment. Everything she could say would be in vain. It would not repair her mother-in-law and her father-in-law's relationship.

"I know it is my fault. But I already apologized. Why can't he forgive and forget that?" Nie Zhu Mei sighed.

"Mother, it is really not my place to say something. But I still want to say something. Mother, no one likes to be cheated on. You can not blame Father for this." Feng Ni Lan said.

"Is this how you want to treat your mother-in-law? Even though I divorced my husband, I am still your mother-in-law. Don't you understand that?" Nie Zhu Mei became angry.

"I understand. You are still my mother-in-law. But I could not agree with what you said earlier. I understand Father's feeling." Feng Ni Lan replied.

"You dare to argue with me? I will ask my son to divorce you too." Nie Zhu Mei said.

1576 Chapter 1576

"MOM!!!"

Someone shouted. Both Zhu Nie Mei and Feng Ni Lan were very shocked by the shout. Turned out, it was Wei Zichen who just came back. He saw his mother and wife talking in the living room. He wanted to greet them. Then he heard what her mother said.

"Mom, what are you saying just now?" Wei Zichen glared at his mother.

Zhu Nie Mei looked awkward as she was caught by her son. It was just for a moment. She felt she was not the wronged one. Her daughter-in-law was rude to her. It was her duty to reprimand her daughter-in-law.

"Your wife is rude to me." Zhu Nie Mei pointed.

"I don't think my wife is rude to you. She was stating the fact. You are wrong here." Wei Zichen said.

"Do you remember that I am your mother?" Zhu Nie Mei shouted.

"I remember. But if you speak nonsense to my wife, I willingly cut ties with you once and for all." Wei Zichen stated seriously.

"What? What are you talking about? Cutting ties. No. You can't." Zhu Nie Mei shook her head.

"It depends on you." Wei Zichen said. "I already prepared a house for you. I will bring you over there. Have you packed your stuff?"

"I need to move out?" Zhu Nie Mei asked.

"Of course. Why should you stay here after divorcing my father? Don't you think it is ridiculous?" Wei Zichen uttered.

Zhu Nie Mei turned silent. She was reluctant to leave the house which had been her house for so many years. But she did not have any choice right now. She would follow her son's decision.

"Where will I move into?" Zhu Nie Mei inquired.

"To one of my properties in Hanchen District. It is a peaceful neighbourhood." Wei Zichen said.

"Will I live alone?" Zhu Nie Mei asked.

She was already in old age. She wanted her family by her side.

"Well, you are not technically alone. I hired 3 maids to help you, with cleaning and cooking. You don't have to do anything. Just like here." Wei Zichen stated.

He already planned it out for his mother. Even though his mother did the wrong thing, it was between her and his father. It was not his place to interfere with the matter. He would not make things difficult for her mother.

"Can you guys move together with me?" Zhu Nie Mei asked.

"No, the place is quite far from my workplace as well as Su Zien and Su Kee's school." Wei Zichen refused and gave the reasons.

Feng Ni Lan also agreed with her husband. They would not move in together with her mother-in-law. Her daughter, Wei Su Kee, recently got distanced from her grandmother. As for her son, Wei Su Zien, he was not close to his grandmother.

"Then, I will be alone in that house." Zhu Nie Mei grumbled.

"Like I asked you are not alone. There are maids there." Wei Zichen said.

"But..." Zhu Nie Mei wanted to argue.

"If you don't want, you can go and find your own place. I will not stop nor help you." Wei Zichen gave his final say in this matter.

"No... No... I will stay at that house." Zhu Nie Mei reluctantly agreed with the agreement.

"I will ask the maid to pack your stuff." Feng Ni Lan said.

"You really would not wait to kick me out, did you?" Zhu Nie Mei glared at Feng Ni Lan.

Feng Ni Lan was surprised. It was not her intention.

"No, Mother. I just want to help." Feng Ni Lan shook her head.

"Humph!!!" Zhu Nie Mei rolled her eyes and went to her room to pack her stuff.

Feng Ni Lan sighed. She turned to her husband.

"Is your mother going to be okay staying over there?" Feng Ni Lan asked.

"There is nothing that we can do. She has to suck it up." Wei Zichen said.

"How do we explain to our children?" Feng Ni Lan asked.

Their children still did not know about this current situation.

"Just tell them that their grandmother got divorced from their grandmother because they could not stay together anymore." Wei Zichen stated.

There was no way that he could tell them the truth. He needed to consider his parent's faces. What would his children think of their grandparents if they knew about the truth? It would not be any good.

"Oh, make sure to tell Muxue as well. Ding Ye also needs to know about this." Wei Zichen reminded Feng Ni Lan.

"Okay." Feng Ni Lan said.

"I will go and see my mother." Wei Zichen left.

At the same time, Gu Muxue just returned home from her work. She heard that her parent-in-law could divorce sooner or later from Wei Yan. When she asked about the reason, it was shocking to her to know that her mother-in-law cheated on her father-in-law a long time ago.

And the affair bore its fruit. No wonder her mother-in-law loved Chi Yuan so much. It was her own granddaughter. She shook her head after hearing Wei Yan explain that to her.

When she walked to her room, she saw Feng Ni Lan. She greeted Feng Ni Lan.

"Sister Ni Lan." Gu Muxue smiled.

"Muxue, I just want to tell you that Father officially divorce Mother today." Feng Ni Lan told her.

"Already? Where will she go?" Gu Muxue was surprised.

1577 Chapter 1577

"Zichen already prepared a place for her. She will be moving out today." Feng Ni Lan said. She remembered what Wei Zichen told her. "Oh, Zichen ask me to tell you to tell Ding Ye about the divorce. But don't tell her about the reason. Just tell her that her grandparents could not stay together anymore."

"Okay. There is no way I will tell her about that kind of thing. You know that my daughter does not fond of her grandmother and disliked Chi Yuan. It would be a disaster if she knows about that." Gu Muxue sighed as she thought about the relationship between her daughter and her mother-in-law.

....

"What? Grandma and Grandpa got divorced?" Wei Ding Ye was surprised to hear about this. "Do you know why?"

Wei Ding Ye got a call from Wei Su Kee. Wei Su Kee returned home and her mother told her about that.

"My mom told me it is because they could not be together anymore. That's all. And Grandma also moves out. Just now." Wei Su Kee said.

"It must be another reason. It must be something big." Wei Ding Ye did not believe that was the reason why they got divorced. Then she thought about something. "Then, I can move in then."

"Huh? What?" Wei Su Kee did not understand what Wei Ding Ye talking about.

"Well, I mean I want to move in back with you guys. The reason why I stay at another place is that I dislike being constantly berated by my grandmother and having her bragging about how perfect Miss Chi Yuan Was. Now she moves out, I can move in back and have a peaceful life without her." Wei Ding Ye explained.

"Oh... I bet Auntie Muxue would be happy." Wei Su Kee said.

"Oh, do you know where Grandma lives right now?" Wei Ding Ye was kind of interested.

"My mother said that Grandma would be living at one of my father's houses." Wei Su Kee stated.

"Oh, I see. Hey, I will catch up with you later. I need to go." Wei Ding Ye remembered something that she needed to do.

"Sure... sure...." Wei Su Kee said ending the call between them.

Wei Ding Ye saw the store in front of her right now. She was currently walking in the shopping mall. It was her aim for today.

Her mother's birthday would be coming soon. She wanted to give a present to her mother. She had been saving the

"Welcome." The staff greeted her with a smile.

One of them stepped up and wanted to serve during her visit.

"Miss, what are you looking for?" The staff asked.

"I want to see the earring as suitable for women for age 42 years old." Wei Ding Ye answered.

"Sure. Come this way, please." The staff led Wei Ding Ye to the earring section. "We have a lot of earring here. You can see them here." The staff went behind the counter.

Wei Ding Ye could see the beautiful earring here. She did not know what to choose.

"Can you suggest some to me?" Wei Ding Ye asked.

"Sure." The staff nodded. She began to look around. "Miss, is the person that you want to give working?"

"Yes, my mother is indeed working." Wei Ding Ye nodded.

"Then, this, this, this and this are more suitable. She can wear it to go to work. Their design is not overwhelming. Simple but attracted." The staff suggested.

"Can you take them for me to look at them?" Wei Ding Ye asked.

"Yes. Wait a minute." The staff took out a pair of gloves. "Miss, please wear these gloves first."

"Why?" Wei Ding Ye was confused.

"To prevent the fingerprint on the jade and maintain the clearness on the jade." The staff explained.

"Oh..." Without arguing anything, Wei Ding Ye put on the gloves.

The staff began to take out the design that she mentioned earlier. Wei Ding Ye looked at the earring. While looking at the design, she also asked the staff about the price.

"I have made my decision." Wei Ding Ye pointed at the design that she wanted. "This. I want this."

"Give them to me." A middle-aged woman came and pushed Wei Ding Ye to the side.

Wei Ding Ye looked at the middle-aged woman up and down.

"I want these earring. Pack them for me." The middle-aged woman said to the staff.

The staff smile as she said. "Madam, these earring chosen by this miss. You can choose another design."

"No, I want that one." The middle-aged woman demanded.

"Madam, please be reasonable." The staff still smiled.

"She still has not paid yet. So, she is not buying them yet. Just sell them to me. This will be over." The middle-aged woman said.

"Madam, is this your first time coming to our shop?" The staff suddenly asked.

"Huh? Well, yeah. It is my first time." The middle-aged woman nodded.

"Our place uses a first come first serve policy. This miss already chose this design. If she does not want to pay and leave the store, you can choose this design. But now, she clearly wants this design and wants to pay for it." The staff explained their policy.

The middle-aged woman looked at Wei Ding Ye with a disdainful look.

"She is just a young girl. Do you think she can afford it?" The middle-aged woman gave her comment.

1578 Chapter 1578

"Why do I need to be judged by you, old lady?" Wei Ding Ye finally spoke out.

"What do you call me?" The middle-aged woman flared up when she heard this girl call her by that name.

"Old lady? What? Are you deaf?" The middle-aged woman was angry.

She wanted to slap the girl. Then she heard the staff saying this.

"Madam, please calm up and don't use violence inside our shop. Otherwise, I will ask security to drag you out from our shop." The staff said.

The middle-aged woman stopped her hand. She retreated her hand.

"Humph! Then, pay for it. I want to see if you want to afford it or not." The middle-aged woman crossed her hand around.

Wei Ding Ye took out the card. "How much per cent I can get from this card?" She showed the staff the card.

The staff was surprised to see the card. "Oh, you are the gold card holder. With this card, you can get a 25% discount. May I know where do you get this card?"

"Hmm... Well, I can get it from my sister." Wei Ding Ye stated.

"This gold card is the highest membership card. The holder can get 25% off whenever they purchase at our store." The staff explained.

"Oh, I don't know about that. Sister Yu Qi never tells me." Wei Ding Ye was talking to herself.

The staff somehow heard the name. "Yu Qi? Do you mean Miss Tang Yu Qi?"

"Yes." Wei Ding Ye nodded.

"Oh, no wonder." The staff smiled.

Wei Ding Ye paid for the earring. After paying, the staff packed the earring for Wei Ding Ye. Wei Ding Ye turned out and show off to the middle-aged woman.

The middle-aged woman gritted her teeth as she watched Wei Ding Ye walk out. She still wanted to buy the earring. She needed to choose another design then.

The staff served her normally. The middle-aged woman managed to find the design that she wanted. Now, it was time to pay.

"I want a 25% discount too." The middle-aged woman suddenly said.

"Do you have a gold card from our store?" The staff asked.

"Huh? For what?" The middle-aged woman was confused.

"Only people who have the gold card eligible for that discount." The staff explained.

"What? Did that girl request the discount and you allow it?" The middle-aged woman argued.

"Of course, we can give her the discount because she has a gold card from our store." The staff stated.

"What? Tsk..." The middle-aged woman clicked her tongue and made the decision to leave.

The staff just smiled. It seemed that the middle-aged woman was the one who could not afford to buy the earring.

"She has the nerve to say to another customer that the other customer could not afford but turned out, she is the one who could not afford it." Another staff commented.

"Oh, it is the first time someone with a gold card coming to our store." The staff said.

"Yes."

"That girl is probably close to our boss."

"Yeah. Since only the boss distributes the gold cards to others."

....

Yu Qi called a call from someone. She also knew what this person wanted to say.

"Hello. Is this Yu Qi?"

"Yes."

"Good. Then I don't get the wrong number. Hmm... Is Xiao Yue with you right now?"

"No. She is not."

"Oh, I see... I thought she is with you. Then, excuse me."

"Wait!"

"Yes?"

"She is not with me right now. But I know where she is right now."

"Really? Where is she?"

"She stays in another room."

"Where? I will go over there."

"Hmm... You can come to Tiantian Research Center. Do you know the way?"

"Yes. I will be there as soon as possible. Thank you."

"You are welcome."

The call ended. Yu Qi chuckled. From the voice, Yu Qi could hear that Xia Zi Qie was worrying about Feng Yue. It would be a wonderful scene to watch later.

Feng Yue was having fun with Neko-chan playing video games together. She did not notice the multiple calls since she had silenced her phone.

Three hours later, Yu Qi got another call from Xia Zi Qie. He also arrived at the location.

Yu Qi told him to wait. She would get him.

Yu Qi brought him in and had him wait in the waiting room. Yu Qi went to see Feng Yue. She did not say anything to Feng Yue. She just dragged Feng Yue to the waiting room.

Feng Yue was surprised to see her boyfriend here.

"What are you doing here?" Feng Yue pouted as she glared sharply at Xia Zi Qie.

"Xiao Yue, let's talk." Xia Zi Qie said.

Feng Yue felt weak when she heard Xia Zi Qie's begging. When she saw the face, she could see that Xia Zi Qie was not looking good either. She became soft.

However, Feng Yue did not show it. "I will listen to what you want to say."

"I will leave first. You guys can discuss among yourselves." Yu Qi said and left the place.

She still needed to work on her research. So, she was going back to her research room.

Neko-chan felt bored after Feng Yue. She decided to go and look for Feng Yue. She knew that someone was looking for Feng Yue.

There was a camera inside the waiting room. She could watch through that camera.

1579 Chapter 1579

Neko-chan saw a man sitting with Feng Yue.

"Xiao Yue." Xia Zi Qie called his girlfriend's name.

"What are you doing here?" Feng Yue was still angry with Xia Zi Qie.

"I miss you." Xia Zi Qie looked straight at his girlfriend.

"What? You already have a woman to accompany you there. You should be happy." Feng Yue ranted.

"No... No... I have nothing to that woman. Please forgive me." Xia Zi Qie stood up and sat beside Feng Yue while grabbing her hands.

"Do you still want to listen to your beloved cousin?" Feng Yue glared at Xia Zi Qie.

"No! I am not!" Xia Zi Qie shook his head firmly.

"I will forgive you this time. If this happens again, you will know what I will do." Feng Yue gave a warning.

"Okay... Okay..." Xia Zi Qie nodded.

"By the way, I think those people seem to look down on me. Do you know why?" Feng Yue asked.

She remembered the attitude given by those people on that day. They seemed to look down on her. She did not know why.

"My cousin and her mother are the people who despised the poor. They assumed you are a low-class person." Xia Zi Qie explained.

"A low-class person? Me? Of all people?" Feng Yue wanted to laugh.

She was the granddaughter of one of the richest men in Binhai Nation. Not to mention, she was also the granddaughter of the Great General Long Fei Ye.

"Actually, I don't tell your identity to others yet." Xia Zi Qie sighed.

"Why?" Feng Yue was confused.

"You know about my brother. He will be inheriting my father's company. However, he still considers me as a threat. If he knows that I am dating Feng Mong's granddaughter, he might think I am plotting something to snatch the company from him." Xia Zi Qie explained more about that.

"But you already running your own business." Feng Yue stated.

"Yeah. I don't plan to inherit the company. He can keep it to himself." Xia Zi Qie sighed.

"Have you talked to him about that?" Feng Yue asked.

"No." Xia Zi Qie shook his head.

"Then, invite him to talk to you. Tell him face to face that you don't want to covet the company from him." Feng Yue suggested.

"If he still doesn't believe me?" Xia Zi Qie asked.

"Then, just stay away from him." Feng Yue stated.

"To be honest, my father preferred me to be inherited the company. He could see the potential inside me after I open my own business while my brother start working at the company. That is why my brother is so guarded with me. However, my mother believes that it is wise for the oldest son should inherit the company. My father loves my mother so much. So, my brother was named as the successor." Xia Zi Qie said.

"It is quite complicated." Feng Yue felt sorry for her boyfriend.

"I will have a talk with my brother as you suggest earlier. I think it will help to smooth things with my brother." Xia Zi Qie thought seriously about Feng Yue's suggestion.

"That's good." Feng Yue nodded.

"Hmm... When will you come back?" Xia Zi Qie asked.

"Well, I think in my vacation days. I still want to enjoy it." Feng Yue smiled.

"Then, should I join you?" Xia Zi Qie grinned.

"Hmph... It is up to you." Feng Yue pretended to not care about Xia Zi Qie.

Xia Zi Qie smiled at his girlfriend sweetly. He knew that Feng Yue was already not angry with him.

Both of them did not notice that someone was watching them from the beginning. Neko-chan who had been watching both of them nodded several times.

The couple who had been fighting could solve their misunderstanding like this. It was quite different from what she had watched in dramas. Sometimes the misunderstanding could not be solved at all or it was solved at the end of the drama. She learned a lot today.

....

Yu Qi arrived at Fanghai Nation. She decided to stay at Mu Group Hotel. It was a day before the death anniversary. She already informed Grandpa Mu about her arrival.

Grandpa Mu was delighted to see his granddaughter. He already lost his wife and his son. Yu Qi was the only one left from his wife's legacy.

Grandpa Mu decided to meet and have dinner with Yu Qi tonight. Yu Qi did not reject his invitation. They would be having dinner at the Mu Restaurant inside the Mu Group Hotel. It was near and easy for Yu Qi to go there since it was located inside the Mu Group Hotel itself. Yu Qi did not have to go anywhere.

As Long Hui said, he could not join Yu Qi because of his work. He was still on the mission. But Yu Qi did not know about tomorrow.

Grandpa Mu was quite happy since he would be alone with his granddaughter. Well, not because he disliked Long Hui but because he felt complicated thinking that he just knew his granddaughter and that granddaughter would be someone's wife.

Yu Qi went inside her space to cook for her contracted beasts. Aoi just came back from Miracle Space after spending time with his family. He was begging Yu Qi to cook for him.

It was good for him that he could spend time with his family but he missed Yu Qi's cooking. So, Yu Qi decided to cook for her contracted beasts.

1580 Chapter 1580

"Grandpa, how are you?" Yu Qi smiled as she greeted Grandpa Mu who already sat at the table that he reserved.

"I am fine. How about you?" Grandpa Mu asked.

"I am feeling great." Yu Qi nodded.

She looked at Grandpa Mu. Grandpa Mu looked tired.

"Grandpa, can I check your pulse?" Yu Qi was concerned about Grandpa Mu's health.

"Sure." Grandpa Mu nodded. He knew that his granddaughter liked to check his health from time to time.

Yu Qi took Grandpa Mu's hand and started to check the pulse. After a while, Yu Qi released Grandpa Mu's hand.

"Do you eat the nourishment pill that I give to you?" Yu Qi narrowed her eyes.

"Well..." Grandpa Mu coughed several times.

To be honest, he had not been taking the pill for quite some time. Not because he disliked it, but because he forgot.

"I have not been taking them for about one week." Grandpa Mu was embarrassed to admit that.

Yu Qi did not angry. She still asked some questions. "How many they left? Are still many more?"

Grandpa Mu tried to remember. "Probably a dozen. I don't count them." He answered.

"Finish them. I will give you the new ones later." Yu Qi stated.

She had a lot of herbs that could be refined into pills. The ones that she gave before were the antidote to counter the poison that might given by Mu Li Zei's family and it could nourish the body.

Grandpa Mu chuckled. Yu Qi did not understand why Grandpa Mu suddenly chuckled.

"Why are you laughing?" Yu Qi asked.

"Meeting with you is the same as meeting with a doctor." Grandpa Mu laughed.

Yu Qi also laughed when she heard that. "Well, you can not blame me. It is my job."

"Okay... Okay... Let's start ordering food, shall we?" Grandpa Mu said.

"Sure." Yu Qi nodded.

The dinner was very pleasant to both of them. They talked about a lot of things.

Yu Qi did tell Dian's Family about her grandmother's death anniversary. Great-Grandpa Dian was sad when he heard about that. He wanted to join Yu Qi and Grandpa Mu to visit her grandmother's grave.

Grandpa Mu did not mind having Great-Grandpa Dian join them since Great-Grandpa Dian was the father of his wife. His wife would be happy in the afterlife if her father could come and visit her.

After spending 2 hours on dinner, Grandpa Mu and Yu Qi went their separate ways. Yu Qi sent Grandpa Mu to the lobby where his personal assistant was waiting for him.

However, they did not know that someone was watching them from the corner. That person snapped several photos of them before sending the pictures to someone else.

....

Wei Zichen already sent his mother to the house that he mentioned before. It was not too big or small. It was nice for an old lady like Nie Zhu Mei to live.

However, Nie Zhu Mei felt the house was smaller compared to the house that she had been living in before. She was not satisfied but she could not say anything to her son. What if her son chased her out of this place? She would not have a place to leave.

As her son stated before, he already prepared the maids to do the cleaning and cooking. her son already prepared a driver for her if she wanted to go somewhere. She just needed to call the person. He would come and drive her to the place where she wanted to go.

To be honest, it was very good. However, after spending two days in the house, she felt very lonely. Even though there were maids too inside the house, she still felt lonely.

There was no one here to talk to her. When she was staying at her old place, there would be someone to talk to her like her daughters in law even though she did not like them much. They would listen to her ranting. She sighed.

She was bored staying at home like this. She remembered Chi Yuan. It had been so long since she saw that girl. Yes. Chi Yuan was her biological granddaughter. She loved that girl since she knew that Chi Yuan was that person's granddaughter.

She called the driver and told him to come and pick her up. 15 minutes later, the driver arrived and picked her up. Nie Zhu Mei told him to drive her to Pianye Prison where Chi Yuan was staying.

After completing the procedure to visit the prisoner, the warden asked Nie Zhu Mei to wait first. He would be calling Chi Yuan.

Chi Yuan walked into the place where the visitor and prisoner would allow to meet. She was changed. From a proud girl to a coward girl after spending time in prison.

When she first entered the prison, she kept her arrogant attitude toward other inmates. The other inmates felt she was so pretentious. So, they ganged up Chi Yuan.

It was Chi Yuan's first time experiencing this time something like that. She was so scared. She wanted to scream for help but the inmates threatened her. If Chi Yuan dared to shout, they would injure her face.

Chi Yuan really loved her face. So, she suffered in silence as they hit her. The inmates were also smart. They just hit the place where not visible to others. They also threatened not to tell the warden about the hitting. Otherwise, they would make Chi Yuan's life more miserable from now on.
