

## Intelligent 1581

### 1581 Chapter 1581

What Chi Yuan did not know was someone instructed the inmates to beat Chi Yuan up from time to time. One of the inmates was a relative of Chi Yuan's victim in the plagiarism case.

They followed Chi Yuan's case and found out which prison Chi Yuan had been located in. So, they told their relative in prison about Chi Yuan. Not to mention, the relative of them was a leader in the pack. The relative led other inmates to beat Chi Yuan up.

Nie Zhu Mei was shocked to see Chi Yuan's condition. She looked very pale and thin. Nie Zhu Mei moved closer to the partition.

"Yuan-er, what happens to you?" Nie Zhu Mei asked in worried.

Chi Yuan saw Nie Zhu Mei. She could not hold back her tears. She started crying there.

Nie Zhu Mei became panicked. "Yuan-er, tell me, what happens to you?"

Chi Yuan still did not answer the question. She sat there and cried.

"Yuan-er..." Nie Zhu Mei felt horrible when seeing her biological granddaughter cry like this.

"Why can't you get me out of here?" Chi Yuan asked after slowing down in her crying. She was still sobbing.

Nie Zhu Mei staggered when she heard the question from Chi Yuan. She revealed a painful expression on her face.

"I am sorry, Yuan-er... I can not help you..." Nie Zhu Mei sighed. She needed to be straightforward.

"What? You can not help me? Why? Why can't you help me get out of this damn place?" Chi Yuan triggered. She stood up glaring at Nie Zhu Mei.

"I am sorry." That was what Nie Zhu Mei could say at this point.

"So, I have to be here until I lost my life?" Chi Yuan gritted her teeth.

Chi Yuan was holding back the fact that she would be getting out of this damn place later. She just needed to wait until Nie Zhu Mei pulled some strings. But now, what? Nie Zhu Mei could not help her at all.

"I am sorry." Nie Zhu Mei did not know what to say anymore.

"Then, don't come here anymore." Chi Yuan stated.

"What?" Nie Zhu Mei was surprised to hear the tone of Chi Yuan's voice.

She never heard it before. It was so cold.

"What? Are you stupid or what? Why can't you understand? You don't have any use anymore." Chi Yuan said harshly.

Chi Yuan gave up flattering Nie Zhu Mei. Since Nie Zhu Mei could not help her get out of this prison. Chi Yuan knew that Nie Zhu Mei probably already asked her sons many times to help Chi Yuan but her sons refused.

She also knew that Nie Zhu Mei did not like her much. She was getting closer to Nie Zhu Mei because she fell in love with Long Hui when she was younger. So, she portrayed a kind young lady in front of Long Hui.

"Yuan-er, what are you talking about?" Nie Zhu Mei asked with a trembling voice.

"You are easy to please, Old lady. I used you to achieve my purpose." Chi Yuan started laughing. "I like Long Hui and want to get married to him. You are his grandmother. I thought you can help me become Long Hui's wife but nothing is going well. Long Hui fell in love with another woman and even got engaged to her. I thought since he is not married yet, I still have a chance. But now, everything goes downhill."

Laughing, and crying, Chi Yuan seemed to do both of them.

Nie Zhu Mei was speechless. She never thought that Chi Yuan thought like that about her. She always sided with Chi Yuan's side. She also defended Chi Yuan. She loved Chi Yuan more than her other grandchild.

But what did Nie Zhu Mei get? This! Being used by Chi Yuan. And now Chi Yuan felt that she had no longer useful to Chi Yuan, Chi Yuan did not bother to hide her true nature.

"Yuan-er..." Nie Zhu Mei was very sad seeing this.

"You are nothing to me now. Stop coming here anymore. It is annoying." Chi Yuan did not care to wait until the time was up, she already stood up and left.

Before leaving, she turned away and looked at Nie Zhu Mei. "You push your own grandchild to a person who did not related to you! How pathetic." After saying something like that, she left while laughing.

Nie Zhu Mei could not believe what was going on here. Her brain could not process all of this. She was staring blankly. She was sitting like for 15 minutes.

Seeing the old woman did not give any response at all, the person in charge was kind of panic. He immediately went to the old woman to shake the body lightly.

Nie Zhu Mei was startled when feeling someone shake her body.

"Are you okay, Madam?" The person asked.

"Oh... Yes... yes.. I am fine." Nie Zhu Mei nodded several times.

"Since the time is up, you need to leave now." The person reminded him.

"Oh... Yes... yeah.. I will leave now." Nie Zhu Mei stood up from the chair and walked out of the prison.

Nie Zhu Mei did not know where to go. A car parked in front of her. It was her driver.

"Old Madam, please get in." The driver stated.

Nie Zhu Mei entered the car without saying anything. The driver was curious as why Nie Zhu Mei became like this but he did not dare to ask.

1582 Chapter 1582

"Madam, where do you want to go now?" The driver asked Nie Zhu Mei since she did not say any words after getting into the car.

"Just send me home." Nie Zhu Mei said weakly.

"Yes, Madam." The driver nodded and quietly drove the car back home.

Nie Zhu Mei was very hurt with what Chi Yuan said to her. Her tears fell down as she looked outside the window. The driver glanced to the crying old lady but did not say anything at all. It was not his place to say anything.

The car arrived at the house. Seeing Nie Zhu Mei still did not move, he reminded Nie Zhu Mei about this. Nie Zhu Mei realized that and got out of the car.

The driver felt that he needed to inform Wei Zichen about Nie Zhu Mei's condition. That would be the best.

Nie Zhu Mei entered the house. It felt empty. After knowing what Chi Yuan thought about her, she remembered her grandchild. She never felt close to her grandchild.

She sighed. It must be karma.

....

Great-Grandpa Dian walked to the hotel where Yu Qi was staying with his son and daughter in law earlier in the morning.

"Dad, what if Yu Qi is still sleeping?" Grandpa Dian asked.

Grandpa Dian felt that they came too earlier.

"Hmph! My Yu Qi is not like your second grandson." Great-Grandpa Dian replied.

Grandpa Dian was dumbfounded. If Dian Ren Qi was here, he would protest it.

"Why don't we call her first?" Grandma Shu suggested.

"Oh, that's right. Let's call her." Great-Grandpa Dian nodded. "Henry, call her."

Henry also followed since he was Great-Grandpa Dian's bodyguard. Henry took out the phone and called Yu Qi. After dialing the number, he handed the phone to Great-Grandpa Dian.

"Hello..."

Great-Grandpa Dian heard Yu Qi's voice. "Yu Qi, we are at the lobby."

"Great-Grandpa?" Yu Qi was surprised when Great-Grandpa Dian told her that he was already at the lobby. "Wait for a moment, I will go over there."

"See, my Yu Qi already woke up at this time." Great-Grandpa Dian felt proud.

Grandpa Dian and his wife just grinned when seeing their father like this.

5 minutes later, Yu Qi appeared at the lobby.

"You guys are so early." Yu Qi said.

"Your Great-Grandpa wants to come early. We just follow him." Grandma Shu said. "We don't wake up with that earlier phone call, right?"

"No... No.... I already wake up." Yu Qi shook her head. "Are you already have the breakfast?"

"Not yet. I want to have it with you." Great-Grandpa Dian smiled.

"Well, let's go and have breakfast, shall we?" Yu Qi said.

After breakfast, Yu Qi received a call from Grandpa Mu telling her to get ready to go. He would be pick Yu Qi up. Yu Qi told him that Great-Grandpa Dian and others were also here.

So, all of them went to the Grandma Mu, Dian Yi Yi's grave. It located a beautiful place. It was Mu Family's graves. All of the ancestors were buried here. Since Grandma Mu already married into Mu Family, she was qualified to bury there.

They just needed to walk a little bit to arrive at Grandma Mu's grave. The grave was very clean. It seemed that people came and took care of the grave from time to time.

Great-Grandpa Mu turned silent when seeing his daughter's grave. The daughter that he had not been seen for such a long time. He remembered the last time he saw her when she was about 19 years old.

At that time, they just moved out of the cultivation world. His daughter was brave but yet rebellious. She wanted to leave the house. Great-Grandpa Dian was not open minded as now.

He was very angry at her daughter for something. His daughter felt horrible and ran away from the house. After that, he never heard about his daughter anymore. If he paid more attention to the outside world, he might know that his daughter married into Mu Family.

"How did she die?" Great-Grandpa Dian wanted to know about that.

"She fell sick and die from that illness. Doctor could not treat her." Grandpa Mu still loved his wife, his voice was a little bit shaking.

"I see... How dis you meet her?" Great-Grandpa Dian asked again.

"She worked as waitress at a restaurant. We met there. After spending time together, we got married. I don't know that she still has a family. Otherwise, I would go and see you." Grandpa Mu stated.

"What do you mean by that?" Great-Grandpa Dian confused.

"Yiyi told me that she had an accident before she met me. She lost her memory. It was lucky for her that she had an ID card when she was sent to the hospital. Otherwise, she would not know her own name." Grandpa Mu said.

"No wonder." Great-Grandpa Dian sighed.

He bent down and sat in front of his daughter's grave. "Yi Yi..." His tears fell down on his cheek.

Everyone was silent. Yu Qi looked at the grave. Grandpa Mu did put a picture of her grandmother.

'Nice to meet you, grandma. I am your granddaughter, Tang Yu Qi.' Yu Qi introduced herself to her grandmother in her mind.

Then, something happened. Everyone except Grandpa Mu and his assistant noticed someone was here. Not far from the place where they were standing. Great-Grandpa Dian looked at Henry.

1583 Chapter 1583

Henry caught what Great-Grandpa Dian tried to tell him. Henry disappeared and appeared in front of the person who had been lurking around.

It was a man with a camera in his hand. The man was shocked when Henry suddenly appeared in front of him. The camera almost fell from his hand.

Without saying anything, Henry quickly restrained the man.

"Ah!" The man let out a shout of pain. "Please let me go..."

Henry kept restraining the man. It was not his job to do anything other than this. He would wait for Great-Grandpa Dian to handle this man.

....

"He had dinner with that girl?" Kang Pian Sue lifted her eyebrow.

"Yes. My friend saw them having dinner at our hotel restaurant yesterday." Mu Yian stated.

"Hmm..." Can't Pian Sue narrow her eyes? "Just two of them?"

"Yes. My friends tell me that she only saw two of them. Meaning Grandpa's assistant was not there with them." Mu Yian nodded.

Kang Pian Sue put the teacup on the table. Her expression turned cold. One was already settled but no one came. The most annoying thing was they both had similar faces.

"Grandma, I saw Grandpa's first wife's picture once. She is very similar to this Tang Yu Qi. Is that a coincidence?" Mu Yian voiced her thought.

Kang Pian Sue looked at Mu Yian while her eyes became sharper. Yes, as Mu Yian stated just now, they were very similar. They could be considered as a pair of twins if they stood side by side.

"Dahlia, hire someone to investigate this. And I want to know more about this Tang Yu Qi." Kang Pian Sue said.

"Yes, Madam." Dahlia nodded.

Dahlia was Kang Pian Sue's assistant. Before this, it was Dahlia's mother. Recently, she died and her daughter took her place and started working as Kang Pian Sue's assistant.

"Grandma, are you suspect they are blood-related?" Mu Yian asked.

"Nothing is impossible." Kang Pian Sue said.

"Yes." Mu Yian admitted.

....

Grandpa Mu left the grave alone. Yu Qi and others still want to stay over. After seeing Grandpa Mu leave, their eyes became sharper.

They went to the place where Henry restrained the man. The man was shocked when seeing many people come over.

"Master." Henry bowed respectfully to Great-Grandpa Dian.

"Who are you?" Great-Grandpa Dian asked the man.

The man kept his mouth shut.

"Henry." Grandpa Dian said.

Henry put on pressure on the man's shoulder. The man felt a sharp pain in his shoulder.

"Ouch... ouch... please stop it." The man begged for mercy.

"Then, tell me. Who are you and why are you taking our picture?" Grandpa Dian asked.

"No... No... I don't take your picture. I am taking her and Sir Mu's pictures." The man confessed.

"My picture?" Yi Qi narrowed her eyes. "Then, tell me who send you?"

"It's a woman. I don't know her. She just hired me to take some pictures and I agreed." The man said in fear that these people would silence him.

"Do you have any idea about this, Yu Qi?" Grandma Shu asked.

"I do." Yu Qi nodded.

"What are we doing to do with this man?" Grandpa Dian glanced at the man.

"Should we kill him?" Grandma Shu said.

The man trembled when listening to their conversation. They were talking like it was a normal thing to do.

"Please... please... Don't kill me... I will never do this again." The man begged again. This time, he was crying.

"Just let him go. But you must leave the camera to us." Yu Qi stated her condition.

"Okay... Okay... Take it. It's yours." The man pushed the camera away.

Henry took a step back. The man saw that, stood up and left the place. He was running like a ghost was chasing him away. He never look back.

"Why does you let him go?" Grandma Shu asked.

"Kill him will be hassle." Yu Qi said. "By the way, I can guess who hired him at the first place."

"Really? Who? How dare she tried to do something to my great-granddaughter?" Great-Grandpa Dian clenched his fist.

"Let's leave this place first. I will tell you everything." Yu Qi said.

So, they left the place.

.....

"What? People from Mu Family sent him? Is that Guang Qi's family?" Great-Grandpa Dian was surprised when knowing about that.

"Yes. My grandpa probably did not know about this." Yu Qi said.

"Why are they doing something like this?" Grandpa Dian frowned.

"Actually, they did not know about me as another granddaughter of my grandpa. My grandma already died and my father is nowhere to find. Those people are afraid that I will snatch their inheritance. To be honest, I don't care my that inheritance at all." Yu Qi said.

Great-Grandpa Dian interfered. "Humph!!! Just for a small portion of the inheritance. I can give you the whole Dian Family's fortunes if you want."

"No!!! You can do it. You need to remember you still had other great-grandchildren." Yu Qi glared at Great-Grandpa Dian.

"He he he.... I am just kidding." Great-Grandpa Dian just grinned.

"To be honest, I don't care about their money. I can generate my own fortunes." Yu Qi snorted when thinking about Mu Yian and Mu Rongxue.

"So, what are you going to go?" Grandpa Dian asked.

"I will wait for their next moves." Yu Qi said.

"If you need our help, don" hesitated to call for our help. Remember, we are family? We are your family, understand?" Great-Grandpa Dian said.

"Yes." Yu Qi nodded.

What Yu Qu did not know was the man already transferred the picture to his smartphone. He already connected his phone to her camera before. Once the picture was taken, it would directly make a copy to his phone.

So, he was not worried about the picture that he had taken before. He just needed to email the pictures to his employee and he would get the money that he wanted.

Yu Qi did not know about that. She returned to her hotel room. Great-Grandpa Dian invited her to go to stay at their house but Yu Qi refused.

She would be checking out tomorrow morning. And she was waiting for Long Hui. Right after leaving the grave, Yu Qi got a call from Long Hui telling her that he already finished his mission and would like to meet up with Yu Qi.

Yu Qi told him which hotel she stayed at. If she went to Dian House, it would be far. She did not want to tire Long Hui out.

When Yu Qi entered her room, her eyes flickered. Someone was here when she was out. There was another smell.

Yu Qi called the front desk telling them about this matter. The staff immediately apologized when they checked about it. They told her that the housekeeping staff cleaned her room by mistake.

The housekeeping staff purposely went to the next room since they were the ones who requested the housekeeping service when they were out during the day.

Later on, the one who requested the housekeeping service came back later on and got angry when seeing the room had not been cleaned up.

Yu Qi requested to see the CCTV in the corridor in front of her room. The staff gladly showed her the footage. It was like the staff explained, the housekeeping staff entered her room by mistake.

Yu Qi nodded. Since that was the case, she would let it slide.

....

"Miss, this is what I collect from the bathroom." A woman handed out the small plastic packing that contained hairs.

"Good. Here is your reward." Mu Yian threw a small bag of money to the woman.

The woman's eyes lifted when she saw the money. "Thank you, Miss."

"Now, get lost." Mu Yian said.

The woman grabbed the bag and left the place quickly.

Mu Yian looked at the hair in the clear plastic bag. She worked so hard to collect the hair several times before but with no success.

However, this time was a success before that woman came over and stayed at their hotel. With a little bit of manipulation, she successfully collected the woman's hair.

Yeah, it was Yu Qi's hair that she looked at. She was trying to get the hair before this but had no success. Yu Qi was very careful. It was very hard for her people to get close to Yu Qi.

However, this time was a great success. After knowing about Yu Qi meeting her grandfather in the hotel restaurant, she checked the list of guests that check-in to the hotel.

Sure enough, she found Yu Qi's name and her room number. So, she made a plan. She hired someone to stay in the room next to Yu Qi's room.

So, she told him to request the housekeeping service while he went out. The housekeeping staff would enter Yu Qi's room at that time and collect some hairs or something that could be tested for DNA Test.

So, even if Yu Qi discovered that her room had been entered by someone, they would have an explanation to cover the truth. Yu Qi indeed discovered that someone entered the room. The staff did not know anything and told Yu Qi what happened.

Only the person who stayed in the room next to Yu Qi and the housekeeping staff who entered Yu Qi's room knew about the truth.

Mu Yian went to her father.

"What is it?" Mu Li Zei asked.

It was rare that her daughter came and saw him at night.

"Dad, I already collect Tang Yu Qi's hair." Mu Yian put the plastic bag onto the table in front of Mu Li Zei.

Mu Li Zei looked at the hair in surprise. "How do you manage to get them?" He was curious.

"I have my own way." Mu Yian smiled.

Mu Li Zei did not get angry with Mu Yian. He smiled proudly. This daughter was very similar to himself. She was a smart woman.

"Let's do the DNA Test with these hairs and my father's hair." Mu Li Zei smiled.

Mu Li Zei also wanted to investigate the relationship between his father and Yu Qi. After his mother told him about his father's first wife, he began to notice the similarity between Yu Qi and his half-brother.

His father also contacted and met Yu Qi frequently. His father even went to Binhai Nation to attend Yu Qi's engagement party himself. It was kind of abnormal.

"We need to do it secretly." Mu Yian said.

"Yes. We can not let others know about this." Mu Li Zei agreed with that.

"Grandfather has friends at several hospitals. We can't send these sample with names attached. Just mark them as Party A and Party B. Party A is Grandfather and Party B is Tang Yu Qi." Mu Yian suggested.

"Hmmm... It is a good idea. This way, no one would know about that." Mu Li Zei also thought it as a great idea.

1585 Chapter 1585

"We also don't have to submit these by ourselves. Let someone do it for us. Grandfather has a lot of people around. Not to mention, he has Doctor Sang as his friend. He might tell Grandfather." Mu Yan stated.

"Hmm... I will do as you say." Mu Li Zei nodded.

"I will leave first. Good Night, Father." Mu Yan nodded and left the room.

Mu Li Zei looked at the sample. If she turned out to be the one that he thought of, he needed to think of a way to handle her. She might already know her identity.

He did not want everything that he worked on to go to her. His father loved his half-brother very much before he went missing. Now, if that girl had proven that she was the daughter of his half-brother, his father might do something and wanted to leave the wealth to her.

He must prevent that. No matter what.

.....

Long Hui was wearing a t-shirt accompanied by soldier pants. He looked so handsome. People kept staring at him once he stepped his foot inside the hotel.

The people at the front desk stood up, adjusting their clothes. The handsome man might walk to the front desk and ask them something.

However, to their surprise, the handsome man walked away and straight to the lift.

Long Hui arrived at Yu Qi's room at 9 p.m. He knocked on the door. After a while, he heard a click and the door was opened.

Yu Qi jumped out and hugged Long Hui.

"Oooh... What an overwhelming welcome." Long Hui chuckled.

"I miss you." Yu Qi stated.

"Okay... Okay... Let's go inside first." Long Hui said.

He lifted Yu Qi up and brought her inside the room hotel.

Yu Qi did not want to move. She still sat in Long Hui's hug.

"How is your mission?" Yu Qi asked.

"There is no problem. Everything is okay. How about your visit to your grandmother's grave?" Long Hui asked back.

"It is okay. Even though Great-Grandpa was sad knowing his daughter was dead but he was glad to see her grave. Grandpa told Great-Grandpa that he could come to visit Grandma's visit anytime he wants." Yu Qi told Long Hui what happened during the day.

"That's good to hear." Long Hui said.

"How you already eat?" Yu Qi asked.

"Hmmm... Not yet..." Long Hui said.

"It is already late. Why don't you eat first before coming here?" Yu Qi scolded Long Hui.

"I just want to meet you faster." Long Hui whined.

Seeing the whining face, Yu Qi did not bare to scold him more.

"Let's go come and eat." Yu Qi made the decision. "We can walk around spending here."

"Sure. As you wish." Long Hui grinned.

He did not care much as long as he was with his beloved Qi Qi.

....

Mu Yian just walked into the hotel. There was a meeting regarding the company. The client wanted to discuss the business while eating. So, Mu Yian chose the hotel restaurant.

When she was about to enter the hotel, she came across Yu Qi. She was not alone. She was with Long Hui. They act so intimately.

Even though the man did not smile, Mu Yian knew that the man responded to each word that Yu Qi said to him. That kind of man should be with her.

However, Mu Yian did not show any expression on her face when Yu Qi and Long Hui were right in front of her.

Mu Yian even greeted Yu Qi. "Hello, Ms Tang, Mr Long."

She knew that this man was Long Hui. She already investigated this man as well.

"Hi, Ms Mu..." Yu Qi replied back.

"It is our pleasure that Ms Tang chooses our hotel to stay over. Thank you very much." Mu Yian stated.

"You are welcome. Well, I just want to ask. Is your younger sister, Second Miss Mu already okay?" Yu Qi asked.

"She is fine." Mu Yian narrowed her eyes while smiling.

"That's great. Oh, we will excise ourselves. See you again, Ms Mu." Yu Qi said pulling Long Hui away from the place.

Mu Yian took a deep breath. 'I will let you off for now. We will see again after I get the DNA Test result. I will see how do we need to handle you.'

"It seems she wants to do something." Long Hui commented after getting away from Mu Yian.

"She can try. I will not sit around." Yu Qi snorted. "She obviously likes you but she controls herself very well."

"That is because your fiancée is very good." Long Hui praised himself.

"I agree." Yu Qi smiled.

...

Nie Zhu Mei looked at the food served on the table. The food was very delicious. But she did not want to do it. She did not have an appetite.

"Old Madam, do you want me to cook something else?" The maid asked.

She was worried when seeing the old madam did not touch anything aside from the rice. Their old madam probably did not like the dishes.

"No... No need for that. I just don't have the appetite to do it. You can share the dishes with your friends." Nie Zhu Mei stated.

She put down her bowl. She just ate a small portion of the rice, drank some tea and she was finished eating.

"Old Madam, you should eat more. Eating so little might be dangerous for your health." The maid stated.

"It is okay." Nie Zhu Mei smiled and went to her room.

1586 Chapter 1586

The maid was worried when the old woman did not eat. So, she called Wei Zichen to tell him about the matter.

"Old Madam did not eat much after going out last week. She had not gone out this week either." The maid informed Wei Zichen.

Wei Zichen sighed as he heard about this.

"It's okay. Just ask what she wants to cook and cook for her. I will go and see her tomorrow." Wei Zichen said.

The call ended there.

"Why do you have such a long face?" Feng Ni Lan asked when she came out of the bathroom and saw Wei Zichen's face.

"It is about Mum." Wei Zichen stated.

"What? What about her? Is she sick or something?" Feng Ni Lan asked in worried.

"No... No... It is nothing like that. She is okay. But according to the maid, she did not eat much." Wei Zichen calmed down his wife.

"Not eating much? That is dangerous for an elder. Does the maid cook enough for her?" Feng Ni Lan could not help to worry about her mother-in-law.

"The maids are doing their jobs just fine. The problem is with Mum." Wei Zichen sighed.

"Do you know why she became like that?" Feng Ni Lan asked.

"I don't know. But I think I will find out about this tomorrow." Wei Zichen thought about something.

His mother just went out last night. Her destination was the prison. She probably went there to visit Chi Yuan. His mother's current behaviour was probably related to Chi Yuan.

...

After getting reprimanded by Neko-chan about Zhao Yongzhung, Yu Qi called Zhao Yongzhung about the matter.

Zhao Yongzhung told her that he would be free and come to FINN City on the next day. Neko-chan was happy to hear about the news.

"Neko-chan, you will be discussing with him about building the robot. You should use human appearance when doing so." Yu Qi told Neko-chan.

Neko-chan was staggered. "Why? Why can I use my cute appearance?" She showed off her cute body.

"First, I don't want him to know you are an AI. Second, he might not take you seriously. The first impression is important." Yu Qi gave the reasons.

Neko-chan was swaying her tail while thinking. After considering, she also thought the same.

"Hmm... What kind of human appearance I should use?" Neko-chan said.

"It is up to you. You can create a new look if you want." Yu Q suggested.

"Oh..." Neko-chan nodded. She changed her appearance. "Master, what about this?"

Yu Qi was flabbergasted to see Neko-chan's human appearance. It was a combination between Yu Qi and Long Hui. She had Long Hui Phoenix eyes and Yu Qi's nose.

She looked elegant yet bewitching at the same time. It was a great combination.

"Master, how about this?" Neko-chan repeated the question.

Yu Qi coughed several times. "Are you sure you want to use this look?"

"Hmm? Why? Can't I? It is the combination of Master and Master's man. Do you think it is good?" Neko-chan was confused.

"It is up to you. You can use the look if you want." Yu Qi said. She moved to another topic. "Hmm... Then, it is about your identity. You just can see him on the screen. He might be curious about that."

"Let's say, I am your patient. People can't come and see me because of the illness. So, that's why he just can see me through the screen like this." Neko-chan suggested.

"Hmm... Let's go with that. What about your name?" Yu Qi asked again.

"Hmm... I don't know. Master you can choose that for me." Neko-chan said.

Actually, she did not mind using the Neko-chan name.

"Hmmm... You can just use your name. Neko-chan." Yu Qi stated.

She did not think much about that. Neko-chan's name was kind of cute.

"Okay, Master." Neko-chan danced around.

"You seemed to like that name." Yu Qi looked at Neko-chan.

"Of course. It is the name that Master gave to me. Of course, I am liking it." Neko-chan smiled.

Yu Qi was stunned. Neko-chan smiled with the human appearance. Even she felt the fatalness of the smile.

| "Restrain from smiling with this face." Yu Qi stated.

"Why?" Neko-chan asked.

"Nothing..." Yu Qi did not know how to explain. So, she just let her be.

....

Mu Li Zei hired a man to send the sample to be tested at three different facilities. He wanted to be sure about this.

He was afraid one test was not enough. It was good to be thorough about this.

He went to his mother's place. Kang Pian Sue just sat drinking some tea while looking at the flower. The maid informed her that her son was coming to see her. She told the maid to bring him to her.

"Mum..." Mu Li Zei greeted Kang Pian Sue.

"Hmmm... What are you doing here?" Kang Pian Sue asked.

"I just want to inform you that we finally get that girl's sample to be tested." Mu Li Zei said.

"Oh, you finally get it?" Kang Pian Sue lifted her eyebrow.

"No... It does not me. It is Yian-er." Mu Li Zei told the truth.

"Oh, as expected my smart granddaughter." Kang Pian Sue nodded several time. "Then, tell me how does she do it?"

Mu Li Zei began to tell Kang Pian Sue about Mu Yian's method. Kang Pian Sue was smiling to hear the story. She was proud.

"This Chi Yuan is really a cruel person. After what my mother had done to her, she acted this way toward my mother." Wei Zichen snorted.

Wei Zichen watched the footage taken from the visitation room on the day when Nie Zhu Mei went and met Chi Yuan. After knowing that his mother could not help her, Chi Yuan said something horrible to his mother.

It seemed Chi Yuan still did not know that his mother was her biological grandmother. Well, he did not plan to tell her either.

It was better for her did not to know about this. Otherwise, she would know that they were related and planned to use the connection to get out of prison.

Wei Zichen decided to go and visit his mother. The maid greeted him respectfully when seeing Wei Zichen arrived at the house.

"Where is my mother?" Wei Zichen asked.

"She is staying inside her room." The maid stated.

"You can go and do your chores. I will go and meet my mother." Wei Zichen said.

"Yes, sir." The maid bowed and left Wei Zichen.

Wei Zichen went to her mother's room. When he opened the door, he saw his mother was sitting on the chair while watching out the window.

"Mum, I am here to visit you. How are you?" Wei Zichen stated.

pandasnovel.com "Oh, you are here. I am good." Nie Zhu Mei answered.

Wei Zichen was surprised to see his mother like this. She looked so weak. It was his first time seeing his mother like this. Even when his mother got divorced from his father, she never acted like this.

"Are you feeling really okay?" Wei Zichen asked.

Nie Zhu Mei did not answer the question as they heard someone coming into the house.

"Mum, I come to visit you." It was Feng Ni Lan who came over.

Actually, she was really worried when hearing Wei Zichen talking about her mother-in-law last night. Not eating much was not good for the elder like her mother-in-law.

She could not help to come over and saw her mother in front of her eyes.

"Ni Lan? What are you doing here?" Wei Zichen just got out of his mother's mother.

"Husband? You too? What are you doing here?" Feng Ni Lan asked.

She did not expect to see her husband here, not at work.

"I told you yesterday that I am coming to see Mum." Wei Zichen stated.

"Oh, I thought you will be coming after work." Feng Ni Lan said. "Where is Mum?"

"She is inside her room over there." Wei Zichen pointed at the room.

Feng Ni Lan went inside. She could see her mother-in-law sitting in silence. I think you should take a look at [pandasnovel.com](http://pandasnovel.com)

"Mum, how are you? Are you feeling okay?" Feng Ni Lan greeted her mother-in-law.

"I am okay. What are you doing here?" Nie Zhu Mei smiled weakly.

Feng Ni Lan was surprised to see Nie Zhu Mei act weak like this. It was also her first time seeing her mother-in-law like this. She was thinking the same as Wei Zichen.

"Su Kee and I come to visit you, of course." Feng Ni Lan smiled.

Wei Su Kee also came to visit her grandmother. Well, she was kind of surprised when knowing her grandmother got divorced from his grandfather. She wanted to know the reason but she doubted that her parent would tell her that. So, she just let it go.

"Grandma, I am here to see you." Wei Su Kee said.

"Hmm... Good." Nie Zhu Mei said.

"Mum, we will be having lunch together here. Su Kee, accompany Grandma for a while. I will go and help the maid to prepare the lunch." Feng Ni Lan decided. She then turned to her husband. "How about you? Are you staying for lunch?"

"Hmm... That is good. I will stay. I will return to work after lunch." Wei Zichen nodded.

He already informed his secretary that he would be returning to the office after lunch. So, it was okay if he stayed over for lunch.

Wei Su Kee accompanied her grandmother. Her grandmother was not as energetic as before. In fact, her grandmother was barely responded to her talking. Her grandmother changed so much.

After one hour later, the lunch was prepared. It was good timing as it was lunch hour. Feng Ni Lan informed her family to come to the dining room.

Wei Zichen supported his mother to the dining room. Feng Ni Lan frowned as she saw this. She did not think that her mother-in-law would be so weak and need someone to support her walking.

"Mum, I cook your favourite. You need to eat a lot today." Feng Ni Lan said after everyone got their seats.

"Hmm..." That was Nie Zhu Mei's response.

"They started eating. Feng Ni Lan put some food into her mother-in-law's bowl.

Nie Zhu Mei looked at the food in front of her. 'This... This....' This was what she missed so much. She would not hold her tear. It fell on her cheek.

Everyone was surprised to see Nie Zhu Mei crying. They became panicked.

"Mum, what happened?"

"Mum, why are you crying?"

"Grandma?"

Nie Zhu Mei looked at their faces. It contained worry and nervous. To think about, she never thought about this situation. Having family to eat together was very good. In the past, she took it as granted.

After living alone and had not one to accompany her for her meal, it was very sad. She could not blame others. She was the one who destroying that luxury.

1588 Chapter 1588

The family became panicked as she saw her mother-in-law begin to cry.

"Mum, what happens? Why are you suddenly crying like this? Are you feeling sick?" Wei Zichen quickly asked.

"Do you want us to send you to the hospital?" Feng Ni Lan also asked in a panic.

Nie Zhu Mei looked at her son and her daughter-in-law. Feeling sorry for them, she did not know what to say to them.

"Mum..."

"Mum..."

"Grandma..."

Nie Zhu Mei did not want to worry about her family anymore. "I am okay... I am just happy that we can have a meal together like the old times."

Wei Zichen looked at his mother. If his parent did not divorce, this would not be happening. But he could not pretend it. It was his father's decision.

His father felt pain as his mother cheated on him even though it happened a long time ago. The pain was still there. Not to mention, his father just found out about that.

Nie Zhu Mei finished her meal. She had an appetite today. Wei Zichen and Feng Ni Lan were relieved when seeing their mother finish her meal.

pandasnovel.com "Mum, I need to go to work first. Ni Lan and Su Kee would be here until evening. You can spend time with them." Wei Zichen said after looking at the watch on the wall.

It was his time to return to the office. He already postponed one appointment. He would not change the time again.

"Don't worry about me. Just go and work." Nie Zhu Mei said.

"Yeah, Husband. Don't worry about Mum. I will be here." Feng Ni Lan smiled.

So, Wei Zichen returned to work while Feng Ni Lan and Wei Su Kee stayed behind and accompanied Nie Zhu Mei for a day.

They ended up having dinner over before returning home.

Gu Muxue was surprised to see Feng Ni Lan and Wei Su Kee return home after 9 p.m.

"Where did you guys go today?" Gu Muxue asked.

"Owh, I went to Mum's house." Feng Ni Lan answered.

"You mean our mother-in-law?" Gu Muxue was surprised.

"Yeah. I think Mum is changing a little bit." Feng Ni Lan nodded.

Feng Ni Lan began to tell Gu Muxue what happened today at their mother-in-law's house. Gu Muxue was amazed when she heard the story.

"Is that happen?" Gu Muxue could not believe her ear.

"Yes. Zichen was also there." Feng Ni Lan said.

"It is good if she changes for good." Gu Muxue nodded.

.....

"Master, do I look okay?" Neko-chan asked.

"Hmm..." Yu Qi nodded. I think you should take a look at [pandasnovel.com](http://pandasnovel.com)

Neko-chan with a human appearance waited for Zhao Yongzhung to come. It was that day. Neko-chan felt nervous.

Yu Qi got a message informing her that Zhao Yongzhung already arrived in front of the research centre. He had been questioned by the security guard.

He could not pass through the security guard since he did not have an ID Card. So, he sent a message to Yu Qi.

"He has arrived. I will go and pick him up. So, you just need to wait." Yu Qi stood up and left the room.

"Sir, he is my guest." Yu Qi told the security guard.

"I see. Sorry for the inconvenience, Sir." The security guard apologized to Zhao Yongzhung.

Zhao Yongzhung shook his head. "It's okay. You just do your work."

"Mr Zhao, please follow me." Yu Qi said.

Yu Qi scanned her finger, her pupil and her heart as well. Zhao Yongzhung was amazed at what he had seen. The technology here was much more advanced than he thought.

Zhao Yongzhung was even more stunned as he stepped into the research centre. He felt like he was entering another world.

Yu Qi led her to the meeting room where he would meet Neko-chan there. As they were walking, Zhao Yongzhung's mouth was agape when they stumbled upon Yi Qihan who had to sleep, leaning on the wall.

"That???" Zhao Yongzhung pointed to Yi Qihan.

"Oh, that is one of our main researchers here. He is always like this. He sleeps wherever he likes." Yu Qi explained.

Zhao Yongzhung was dumbfounded by that explanation.

Yu Qi approached Yi Qihan and shook his body.

"Qihan, wake up. Go and sleep in your room." Yu Qi said.

Yi Qihan opened his eyes and scratched his head.

"Oh, I sleep here. Sorry. It's just my research finally has a breakthrough." Yi Qihan said.

"Really? I will go and see it when I have time." Yu Qi stated.

"Sure... sure... You can come. But first, I want to sleep first." Yi Qihan slowly stood up and staggering walked.

Zhao Yongzhung watched the interaction. From what he knew about this research centre, Yu Qi was the big boo here. But she did not act like one at all.

"Mr Zhao, sorry to make you wait. Let's go." Yu Qi said.

They finally arrived at the meeting room. They entered the meeting room. Zhao Yongzhung thought the one who was going to talk with him was here. But the meeting room was still empty.

"Doctor Yu Qi, where is the person who going to talk with me?" Zhao Yongzhung asked.

Yu Qi smiled. "Mr Zhao, actually, the person is one of my patient. She could not come here."

"Huh? Then, why are you arranging this meeting?" Zhao Yongzhung was confused.

"She is still going to have the meeting with you. But through the screen over there." Yu Qi pointed to the big monitor inside the meeting room.

1589 Chapter 1589

Right after Yu Qi mentioned that the screen turned on by itself. It began to show a young girl smiling at them.

pandasnovel.com "Hi, Mr Zhao... I am Neko-chan. The one who wants to meet you." Neko-chan introduced herself.

Zhao Yongzhung was stunned when he saw Neko-chan. Then he turned back at Yu Qi, then at Neko-chan several times. Why? That was because Yu Qi and Neko-chan were quite similar.

"Doctor Yu Qi... Is she your relative?" Zhao Yongzhung asked.

"Huh... Oh... Yeah... She is one of the distant relatives." Yu Qi stated.

"Distant relative? It is more like a close relative if you compare the look. She is very similar to you." Zhao Yongzhung said.

"Well, we heard that a lot... I am also planning to be like her. Beautiful, smart and independent." Neko-chan praised herself as well as her master.

"Let's move to our main topic, shall we?" Yu Qi said.

"Yes. That is why I am here." Zhao Yongzhung nodded.

Yu Qi looked at Neko-chan and nodded. Neko-chan began to show another part of the blueprint of the robot drawing that she had. It was different from what Zhao Yongzhung had seen before. It was the first part.

"This is another part of the blueprint," Neko-chan said.

"Hmm... It is very good." Zhao Yongzhung went close to the screen. "Is this really your drawing?"

"Of course, I drew it. I am a genius after all." Neko-chan lifted her chin proudly.

"So, you are planning to ask me to build this robot for you?" Zhao Yongzhung wanted confirmation.

"Yeah." Neko-chan nodded. "As you know, I am Doctor Yu Qi's patient. I could not leave my ward. Otherwise, I might die."

"I agree. I will build it for you." Zhao Yongzhung was interested to see the whole blueprint. But there were other problems.

Yu Qi seemed to notice it from Zhao Yongzhung's expression.

"Is there any problem?" Yu Qi asked.

"Well, building the robot required other people, money and place." Zhao Yongzhung said.

"As for money and place, I can arrange it for you. But you have to arrange the people. I assume you probably want to work with the people that you know and have knowledge about robots." Yu Qi stated.

"Yes. As you said." Zhao Yongzhung nodded. "I would like to work with them."

Since Neko-chan already ran a background check on Zhao Yongzhung, they knew that Zhao Yongzhung had several friends who also had knowledge about robots.

"It is okay. But same as you, they need to sign the confidentiality agreement. You must not leak this secret to others." Yu Qi stated.

Zhao Yongzhung fell silent. It seemed this project was not a normal one. It almost looked like a secret project from the government.

Zhao Yongzhung remembered that President Hai and his wife invited Long Hui and Yu Qi over to their house. It was probably related to this secret project. He was now convinced that this project was one of the government's secret projects.

Yu Qi did not know what Zhao Yongzhung thought about. If she knew it, she would be vomiting blood. I think you should take a look at [pandasnovel.com](http://pandasnovel.com)

Well, she could not blame Zhao Yongzhung for thinking such a thing. After all, something like this project somehow did look like a government project.

Zhao Yongzhung needed to discuss this with his friends first. He could not agree on their behalf.

"I will ask my friends first if they want to join this project." Zhao Yongzhung stated.

"How many friends you ask?" Yu Qi asked back.

"Hmm... Around 6 people. Why? Does this project has a limit of people that can join?" Zhao Yongzhung asked.

"No... I want to know the number to prepare the contract. So, I will prepare seven contracts in total then." Yu Qi explained.

"Oh, I see." Zhao Yongzhung nodded.

"Our research centre still has space. You can use the space." Yu Qi said.

"Huh? So, I will work here?" Zhao Yongzhung was surprised.

"Yes. Don't worry about the identification. We will settle that later." Yu Qi nodded.

"Yes, I will have my robot later." Neko-chan was so happy that her dream would come true.

The dream was that she could run around by Yu Qi's side in the real world. She could not wait for that.

...

"What do you say?" Grandpa Wei asked.

"Dad, Mum is changing. But she is not in good health recently. I am worried about her living alone there. So, I am thinking to stay over at her house for a while." Wei Zichen said.

Grandpa Wei was silent. After a while, he began to speak. "Up to you."

"You don't have to worry. I will come here from time to time." Wei Zichen said.

Wei Zichen made this decision after consulting his wife about this. His wife also felt worried about their mother after thinking about that day.

So, his wife suggested that they should go and live over there for a while to accompany their mother to prevent something horrible happened.

As for their father, Wei Yan would stay here taking care of their father.

"Is she sick?" Grandpa Wei asked.

Hearing that she was not in good health, he could not help to worry about her. She was his wife for such a long time.

"I already ask the doctor to check her. She is okay for the time being. But her mood is not good. It might affect her body in the long run." Wei Zichen stated.

1590 Chapter 1590

Grandpa Wei's facial expression changed for a moment before changing to normal again. It was a split second. However, Wei Zichen managed to catch it.

'Dad seems worried about Mum.' Wei Zichen thought.

Grandpa Wei coughed to clear his throat. He already decided to forget about that woman. He should not think about her anymore. But hearing that she was not in good condition, really made him worried.

"Up to you. But you can not force Su Kee and Su Zien to go and live with her, especially Su Zien. He did not close to his grandmother. And Su Kee seems to be distant from her grandmother recently." Grandpa Wei explained.

He did not want his grandchildren to be stressed about this matter.

"You don't have to worry about this, Dad. I am not planning to take both of them to go and live with Mum. Only Ni Lan and I will go and live over there." Wei Zichen stated.

"Okay." Grandpa Wei nodded.

At the kitchen

"You will go and live with Mum? Just two of you?" Gu Muxue asked.

"Yeah. Mum's condition is not too good. I am worried about her living alone over there." Feng Ni Lan said.

"Really? That's good. To be honest, I don't expect Dad would divorce Mum..." Gu Muxue sighed.

"It is not our place to comment about their relationship." Feng Ni Lan responded.

Feng Ni Lan remembered something.

pandasnovel.com "You can ask Ding Ye to move in back." Feng Ni Lan stated. "It is much better." She added.

"Hmm... I am planning to tell her later too. Well, I am worried about her health. Eating out too much is not good." Gu Muxue agreed.

...

Elder Mong was 60% cured of his poison. He already stood up for a few minutes.

Yu Qi recommended he do that a couple of times each other. It would stimulate his muscles which had long not been used.

Elder Mong also changed. He was not so gloomy at any time. He even responded to the nurse kindly. Not like when he first came here when he always showed a bad expression on his face.

Elder Mong also told a few pieces of information that he remembered. Yu Qi conveyed that information to the authorised.

The authorised told Yu Qi that they indeed had found an island nearly at Guanxiang City, a city located in the south region of Binhai Nation. I think you should take a look at [pandasnovel.com](http://pandasnovel.com)

The island was around 120 kilometres from the mainland. The island had a lot of buildings. Some small and some big. It fits the description of what Elder Mong told them.

However, the buildings were already crumbled. Meaning, this island had already been abandoned for quite some time.

The government was very surprised at how they could build such many facilities about the government or other people noticed.

When the authorised asked people around about this matter, the people thought it was the government facilities and had been abandoned.

An old man who worked as a fisherman 20 years ago told the authorised that there were guards around the island. He accidentally entered their range. At the time, her boat ran out of oil.

The guards stopped him and asked what he doing there. The guards were very aggressive. He was in fear explaining the matter.

After confirming the story, the guards gave him enough oil for him to return to the mainland. The guards told him that he should never come here again. They even told him that this island was protected by the government.

At that time, the old man believed them. He was a good citizen who believed in the government. Many years passed, and he once again accidentally went to the island again.

This time, he did not see anyone but empty buildings. He and a few people explored the place and found nothing.

After getting some information about the island, the authorised went to the island to investigate. As people said, nothing was there except for the empty buildings.

They investigated further. And one of them found something horrible. In one place, there were a lot of bones buried deep inside the ground.

They were not animal bones. But human bones. Not one person. Probably hundreds of people had been buried over there.

Right now, they were planning to dig out all of the bones. Also, they explored deeper around the facilities which looked like their laboratory and office. Who knew, they probably got some clues about this matter.

These people probably moved to another island. They had to find it. So, they were also planning to investigate all the island under Binhai Nation. Even private islands, they would not be missing out.

Yu Qi who heard about this was shocked. She told Elder Mong about this.

"It must be one of their islands. They probably left the island after they thought the island was not safe anymore for the activities." Elder Mong stated.

"The authorised said that they found bones buried at one place." Yu Qi said.

"It was called a massive grave. They did not have time to take care of the death people. They would just throw the bodies into one big hole that they dug." Elder Mong sighed.

He knew about that because he was told by the guards to throw his friend into that holes. He was crying and trembling at that same time when he was told to do so. He was only 12 years old at that times. The experience was horrible.
