1621 Chapter 1621

Yu Qi read the information Neko-chan extracted from the evil research repeatedly. She could not believe her eye when she saw the familiar names of a researcher.

However, she could not make any comment about this matter yet. She wanted to confirm it first. So, she tried to call Grandpa Mu about this.

"Yu Qi dear, what is it?" Grandpa Mu was happy to get a call from his granddaughter.

"Grandpa, there is something that I want to ask you." Yu Qi stated.

"Hmm? What is it?" Grandpa Mu asked.

"What is the full name of my father?" Yu Qi inquired.

"Oh, yeah. I think I never tell you about that." Grandpa Mu thought about that. Then, he answered Yu Qi's question. "His full name is Mu Xiao Ye."

Yu Qi's eyes flinched as she heard the full name of her father. "I see..."

"Why are you suddenly asking me that?" Grandpa Mu felt quite weird when Yu Qi suddenly asked that question.

"Then, do you also know my mother's name?" Yu Qi asked more.

"Hmm... the woman that your father bring back before... I think her name is Yan Lian Xen." Grandpa Mu said.

Yu Qi's eyes once again flinched. "Are you sure about that?"

"Well, if they are still together when you are conceived, that is your mother's name. That is the only woman that your father brought back to show to me." Grandpa Mu still remembered the scene.

"What is my parent's job? Do you know about that?"

"Your father is a scientist. He loved making experiments. About your mother, I guess she was the same since your father said they met each other at work." Grandpa Mu said. "What is going on, Yu Qi? Why are you suddenly asking for that information?"

Yu Qi could not tell him the truth yet. "Oh, it is nothing. I just read some articles in the journal that have their names. So, I just want to inform you that."

"Oh, really? I forget that you are in the kind same field as your parent." Grandpa Mu nodded.

"Grandpa Mu, do you really think that my parent already died?" Yu Qi could not help to ask the question.

Grandpa Mu did not answer the question right away. He could not say that because he was not 100% confirm about that. But if he was alive, why could he call his father once? It had been almost 25 years since he lost his son's contact.

"I don't know about that." Grandpa Mu said. "I really wish that he is alive even though he does not want to return. I really don't care anymore about whose he wants to get married." He added.

παΠdαsNovel.com "Grandpa, thank you for the information." Yu Qi said. I think you should take a look at παΠdαsnovel.com

"Hmm... If you want to know more about your father, you can call or see me directly." Grandpa Mu stated.

"I will. You should take care of your health. I will check your health once I meet you." Yu Qi gave a reminder.

Grandpa Mu laughed. "I still want to see my great-grandchildren from you. So, I will definitely be going to take care of my health."

The call ended there. Yu Qi thought about the matter. From the report that she read, her father was still alive and working for the organization that tried to kidnap her. His codename was Y.

She also found Yan Lian Xen's name on the list. Her codename is X. She was also alive at this moment. Did they throw her away because they thought that their work was important compared to hers? She did not have an answer to that question. The only thing that she could do was to find them and asked them directly.

The organization was called MicroTech Venture. It hired a lot of researchers to do any kind of research. They also patented the research to create money from that.

The building that Yu Qi burned down before was one of the bases. They had many places like that. However, Yu Qi did not have any information about the other bases.

Yu Qi did not stress much about that. Because she already had a lead about where to get the information. It seemed MicroTech Venture was the one that he had been playing, (hacking) with before.

Yu Qi went to the robotic development place. It seemed they were talking about the robot that they wanted to make for Neko-chan. Neko-chan was also there as well.

"No... I want the body to be low weight."

"If we use the thin material, it will be easy to tear or rip off."

"But the kinetic..."

"Miss Tang..." Mo Huizhong noticed Yu Qi at the door.

"It is a very heated discussion." Yu Qi commented.

"Well..." Zhao Yongzhung wanted to say something.

"It's okay. I don't mind. I just want to take a look. Never mind me." Yu Qi waved her hand.

"Master, we are discussing what material should we put for the body," Neko-chan told Yu Qi what they had been discussed on.

Everyone looked at Yu Qi and Neko-chan. Both of them had a similar appearance. If they stood up side by side, people might think that they were mother and daughter.

But the way Neko-chan called Yu Qi, Master was kind of weird. They had been told that Neko-chan was one of Yu Qi's patients. She should be calling Yu Qi, Doctor. Well, that was their choice.

1622 Chapter 1622

Su Yu Hi had proposed to Song Su Jin the other day. He had prepared the day since then. He invited Song Su Jin to dinner and proposed to her there.

Lang Sun gave his response to the media companies. The media companies started to write the news and informed the netizens.

Song Su Jin was an unknown celebrity but now she was an A-rank celebrity in the nation. Song Su Jin and Xiu Mi Lan were very grateful to Yu Qi.

If Yu Qi did not choose Song Su Jin as the spokesperson for her company, Song Su Jin would not be in this position.

However, not everyone was happy with the news. A celebrity who debuted at the same time as Song Su Jin, Tian Xiu was not very pleased with the news.

After Song Su Jin debuted, she was hit by a scandal which almost destroyed her career.

Tian Xiu was secretly happy with that. Song Su Jin was in the scandal covering the actual culprit. Tian Xiu was the one who was sleeping with the higher-ups to get famous and more jobs.

The method was indeed effective but it was not too longer. The higher-ups were quickly bored with her and started to look for fresh newbies.

Tian Xiu began to struggle to get a job. At that time, she heard the news that Song Su Jin became a spokesperson for the skincare brand.

The skincare brand was quite good. Even Tian Xiu wore some of their products. It was indeed good.

She became jealous. She tried to make Song Su Jin get into a scandal again. She was telling the netizens that Song Su Jin had a relationship with someone rich.

Turned out to be true. Song Su Jin got together with an up-rising businessman, Su Yu Hi. Even Tian Xiu was shocked. She could not believe that Song Su Jin would get together with someone like him.

"Tian Xiu, stop dazing off. Start working." The director shouted.

Tian Xiu was startled. Yes, she was currently working in the small production. She tried to focus but she could not stop to think about Song Su Jin gradually affecting her performance.

"I have enough. Get lost!" The director shouted in anger. I think you should take a look at pafdasnovel.com

Tian Xiu knew that she made a mistake. She tried to beg the director to let her stay. She works hard to get this job by pleasing the director on the bed. She could not lose this job.

The director did not care anymore about Tian Xiu. He already had fun with her. He was bored with her.

Seeing the director did not change his decision, Tian Xiu decided to blow up.

"A director who sleeps with his actresses acts so mighty. So shameless." Tian Xiu shouted.

Everyone heard that. They looked at the director and Tian Xiu. Well, it was not like they did not know about that.

However, the worst is the director's wife happened to visit the site and watched the situation. The situation became worse.

Tian Xiu got beaten up by the director's wife on the spot. Tian Xiu ran away and collided with someone.

Tian Xiu looked up and saw Song Su Jin together with Su Yu Hi. Her mind was in a mess. She could not think straight. She blamed everyone especially Song Su Jin for her miserable end.

"You slut. How can you become successful after getting into a scandal? You should be ruined. You should be ruined." Tian Xiu shouted.

She wanted to destroy Song Su Jin's face by slapping the face. But unfortunately, she did not succeed.

Song Su Jin got pulled by Su Yu Hi from the crazy woman.

"Do you know her?" Su Yu Hi frowned.

Luckily he was fast to pull his fiancée. Yeah, he became her fiancée after he proposed to her a few days ago.

Novel com "I don't remember." Song Su Jin shook her head.

Tian Xiu was in her costume drama. Her face also swelled after being hit by the director's wife earlier. She saw Su Yu Hi beside Song Su Jin.

"Mr Su, you should not get together with this slut. She has been sleeping around with a lot of men. She is dirty." Tian Xiu shouted nonsense.

The shout was quite loud. It attracted the attention of everyone around. Su Yu Hi frowned. Song Su Jin was shocked to hear that.

"Don't try to ruin my fiancée's reputation. Otherwise, I will sue you." Su Yu Hi warned Tian Xiu.

"There you are. Don't ever try to run. I will sue you for ruining my marriage." The director's wife appeared.

1623 Chapter 1623

Su Yu Hi pulled Song Su Jin aside avoiding any contact with Tian Xiu. She made the accusation against his fiancée about the thing that she actually did herself.

"I will definitely use you too." Su Yu Hi made another statement.

Tian Xiu sat on the ground feeling despair. Everything went wrong.

"You slut." The director's wife was not satisfied and hit Tian Xiu again until someone saw Tian Xiu fainted and they tried to pull the director's wife.

People rushed to bring Tian Xiu to the hospital. The nearby hospital was Tang Private Hospital. Tian Xiu became Yu Qi's patient.

Yu Qi treated Tian Yu like a normal patient. After she was conscious again, she looked around and saw a beautiful doctor checking on her.

"Am I in the production set?" Tian Xiu could not help to ask.

She could not believe this beautiful woman was a real doctor. The beautiful doctor only existed in drama or something like that.

"You are in the hospital, Miss." A nurse who with Yu Qi answered.

Tian Xiu could not believe her eyes. And she remembered about the incident. Both of them would be suing her.

She could not stay here. She needed to run away. She ripped off the needles from her hand.

The nurse shouted in horror as she saw the scene. She stopped the patient.

"Miss, you need to calm down." The nurse said. She called Yu Qi for help. "Doctor Yu Qi."

Yu Qi was so surprised to see the woman's behaviour. She quickly strikes Tian Xiu's acupuncture point. Tian Xiu slowly lost her consciousness.

The nurse was relieved. "The patient seems to trigger by something. I don't know what." She told Yu Qi what she saw.

"Treat her wound." Yu Qi said seeing the blood was still flowing from the woman's hand. "Better watch her in case something like this happens again."

"Yes, Doctor Yu Qi." The nurse nodded.

After that, Yu Qi came across the news. It was about her earlier patient. It seemed the patient was an actress named Tian Xiu.

Tian Xiu was beaten up by a woman, a director's wife for sleeping with her husband. After being exposed, Tian Xiu ran away and stumbled upon Su Yu Hi and Song Su Jin.

She began saying and shouting that Song Su Jin was the one who had been sleeping with others to be what she became today.

Su Yu Hi was furious hearing someone like Tian Xiu saying something like that about his fiancée. He threatened to sue Tian Xiu for accusing his fiancée.

No way, Tian Xiu wanted to run away earlier. Yu Qi did not care much about the news. Since she became her patient, she would treat her as her patient. But she would not do more than that.

Tian Xiu wanted to run away multiple times but could not succeed. The nurse instantly found out when she wanted to run away. She could not run faster because of her injury.

That fucking woman blew multiple hits to her body. It was very painful.

Because she was trying to run away many times. She had been transferred to a special ward. Without card access, people could not go in or out. I think you should take a look at pandasnovel.com

Tian Xiu saw a beautiful doctor who treated her earlier, entering her ward.

"If you want to run away, please heal and make the payment first." Yu Qi said.

"I don't ask you to treat me." Tian Xiu shouted.

Yu Qi ignored Tian Xiu and wanted to check Tian Xiu. Tian Xiu avoided Yu Qi.

Yu Qi did not want to waste her time here. She struck Tian Xiu's acupuncture point again. This time, Tian Xiu did not lose consciousness. She just could not move and still could talk.

"What did you do to me?" Tian Xiu asked in horror.

"Don't worry too much. I just strike your acupuncture point. You could not move for about an hour." Yu Qi checked Tian Xiu's condition.

"I don't want this." Tian Xiu shouted.

"Tsk, do you think you can run away?" Yu Qi sighed and left the ward after finishing checking Tian Xiu's condition.

Yu Qi was still in her room working on the report when suddenly someone burst into her room.

pandasNovel.com "Doctor Yu Qi, please help us. Someone comes and wants to take the patient named Tian Xiu by force." The nurse reported to Yu Qi.

Yu Qi stood up and rushed to Tian Xiu's words.

"What is going on here?" Yu Qi entered the ward.

"Doctor, please save me. They are bad guys." Tian Xiu shouted asking Yu Qi to save her from these men.

If she fell into these men's hands, who knew what might happen to her? She did not want that.

"Stay away from our business." The man said swaying his hand which held a gun.

No wonder the security guards could not do anything.

"If you want to take her away, please pay for her medical bills first." Yu Qi stated.

"Why should I have to pay for her medical bills?" The man shouted.

"Tsk." Yu Qi clicked her tongue feeling annoyed by this man.

Yu Qi rushed in front of the man who holding the gun. Everyone was shocked. Yu Qi snatched the gun from the man's hand and pointed the gun back at the man.

The man froze when seeing the gun pointed at his face.

"Do you want to settle this peacefully or what?" Yu Qi threatened the man.

1624 Chapter 1624

"Okay... Okay... I will ask someone to go to settle the medical bills." The man nodded and glanced to his men to go and settle the medical bills.

His client told him to take away Tian Xiu. Since they would be paid only after Tian Xiu was sent over to his client, he needed to bring Tian Xiu with him.

pandasNovel.com "Good. Let's take her, shall we?" Yu Qi still pointed the gun at the man.

"No, you can not let this man take me away. He will kill me." Tian Xiu protested.

"We will not kill you. You should know what did you do. Sleeping with someone's else husband, the wife wants to sue you. You can not run away." The man responded.

With the statement, people around changed their look on Tian Xiu. No wonder they wanted to take her away.

The man observed Yu Qi. From her action, he knew that she was familiar with the gun. He seemed to see this woman before.

"Are you Tang Yu Qi?" The man asked.

"Yes." Yu Qi nodded.

"I see." The man nodded several times.

Not long after the people who went to settle the medical bills returned. They showed the receipt to Yu Qi.

"You can take her away, then." Yu Qi said.

"No... No... You can do that." Tian Xiu shouted.

The man ordered his men to close her mouth not let her voice be heard.

"Here." Yu Qi handed over the gun to the man back.

The man was stunned. He did not expect to get his gun back. Everyone was shocked too.

The man slowly took the gun. He put it away.

"Thank you." The man nodded and left the hospital.

Everyone was relieved that the men finally left. They thought the man would do something to Yu Qi after Yu Qi handed over the gun to the man.

The man seemed to recognize her from somewhere. If they recognised her, they might be considered to offend her. If they offended her, they might offend Long Hui.

But Yu Qi did not expect that these men were from Liang Mo Han. Liang Mo Han already put Yu Qi on the list 'not to offend this person'.

They did not dare to offend Yu Qi because anyone on the list was a dangerous person. That was why the man wanted to leave as soon as possible without offending Yu Qi.

...

After Long Hui returned from his mission, it was almost one month. He had not been seeing Yu Qi for one month. He missed her badly.

To surprise Yu Qi about his return, Long Hui went to the research centre after calling Neko-chan and asking Yu Qi's whereabouts.

Neko-chan told him that Yu Qi was at the research centre doing her experiments. Yu Qi already registered Long Hui's data. So, it was easy for Long Hui to enter the research centre.

"You are here?" Dian Shu Xian was surprised to see Long Hui here.

"Hmm... I just returned from my mission and want to see my fiance." Long Hui explained.

"Oh, she is here. She is in the middle of an experiment. Don't disturb her yet." Dian Shu Xian reminded.

"Sure." Long Hui nodded. I think you should take a look at pandasnovel.com

Dian Shu Xian left. Long Hui walked to Yu Qi's resting room. Yu Qi was doing her experiment in another room.

"Master's fiancée... Master will be here in 20 minutes," Neko-chan informed Long Hui.

"Thank you." Long Hui said.

Yu Qi's room did not have any decoration. It was a very simple design. Only a few pictures were set on Yu Qi's table.

His picture, Tang Family, her picture with the twin and their picture together when they went to see the aurora.

He heard the click door sound. The door was opened. He could see that Yu Qi was stunned by his presence.

"Brother Hui? What? Am I dreaming? I must be tired from working so hard." Yu Qi mumbled.

"I am not your imagination." Long Hui responded.

Yu Qi was shocked. Yeah. Her imagination would not answer her like that. She realized that it was the real Long Hui.

She rushed and hugged Long Hui. Long Hui also did the same.

"When do you arrive here?" Yu Qi asked.

"Just now." Long Hui said.

"You should call me." Yu Qi pouted.

"I just want to surprise you." Long Hui touched Yu Qi's nose.

"Yeah. I am really surprised right now." Yu Qi laughed.

"I miss you a lot." Long Hui said.

After the sentence, Long Hui kissed Yu Qi. He deepened the kiss as he wanted to express his thought through the kiss.

Yu Qi could not help to moan. After a while, Long Hui finally let Yu Qi go.

"You bad boy." Yu Qi threw a hit on Long Hui's chest. "You deliberately want to set me on fire right now, did you?"

Long Hui laughed. "What? I can't?"

"Of course, you can not." Yu Qi said.

"But, we already have a bed over there." Long Hui pointed at the bed.

"That bed is for rest only. Not to do something like that." Yu Qi's face was red.

"Really? Then, we should use it for resting." Long Hui grinned.

"No no no... Let's go home." Yu Qi suggested.

"Oh... I never thought that Qi Qi will be so aggressive about this." Long Hui teased Yu Qi.

"You twisted my words." Yu Qi was embarrassed.

Long Hui laughed again. "Well, let's go home, shall we?"

1625 Chapter 1625

The preparation for the grand opening of Qinyue Group is already finished. The building was finally 100% done.

Su Yu Hi wanted to hold a party to celebrate Qinyue and at the same time, he would like to announce the actual boss of Qinyue Group.

Some people already knew Qinyue Group but not many knew about Qinyue Group. The ones who knew Qinyue Group thought Su Yu Hi was the big boss or the owner of Qinyue Group.

Novel.com Su Yu Hi wanted to correct them. That was why he wanted to announce the owner.

To be honest, Yu Qi did not think much about that. Su Yu Hi was the one who handled everything regarding the company.

But if Su Yu Hi insisted on that, she would follow the arrangement that he made. Everything would be the same. He would still handle the company.

The only thing that changed was people would know the real big boss. That's all.

Su Yu Hi invited a lot of people including businessmen as well as politicians. He did not forget the man who introduced him to Yu Qi, Grandpa Feng.

Yu Qi asked for several invitation cards. She wanted to invite some people too.

....

The day of the party was here. Yu Qi, Grandpa Tang, Tang Jung Wen and Ming Yue arrived at the venue.

The party was held at a six-star hotel in FINN City. When they arrived, a lot of people were already there and they were looking at Yu Qi and her party.

Some of the guests recognised Grandpa Tang who was famous before. They did not expect to see him here.

Qinyue Group had their connection by inviting the legendary doctor to their party. Not to mention, a renowned businessman like Grandpa Feng was also here.

Other guests arrived. This time, everyone's jaws almost dropped to the ground seeing the people who just entered the hall.

President Hai and his wife entered the hall. Everyone was shocked. The president of a nation attended a grand opening party of a newly formed business group.

Everyone wondered about Su Yu Hi's true identity to be able to invite such a powerful man into the nation.

Well, it was not Su Yu Hi who invited the president but Yu Qi. She flies to Capital City to send over the invitation card to President Hai.

President Hai was also surprised to get the invitation card from Yu Qi. Yu Qi was straight up telling him that it was her business.

President Hai did not promise her on the spot. Yu Qi told him if he was busy, he did not need to come. I think you should take a look at pa1dasnovel.com

When he returned home, his wife found out about the invitation card. So, when his wife asked about that, President Hai told her the truth.

Mrs Hai told him that she wanted to go to the party. His wife seldom asked anything from him. But this time, she requested to go to Yu Qi's party.

It seemed his wife liked Yu Qi so much. She even bought a gift for Yu Qi to be handed to Yu Qi for the party.

The people came one by one. At 6 p.m., the party started. The MC on the stage thanked everyone to attend the party tonight.

He then invited Su Yu Hi onto the stage to give his speech to the audience.

Su Yu Hi stepped on the stage. He looked very handsome tonight.

"Hello, everyone. First of all, thank you for coming to celebrate the grand opening of our Qinyue Group.

This group would be united all the businesses that we have under one name which is Qinyue Group.

I think every one must be curious about the business that I mentioned here. I will introduce you to our businesses.

First, we have YQ Greenhouse. This greenhouse is located in Shiwa Town. The greenhouse has many plants such as vegetables, flowers and even herbs. This greenhouse has contracts with many hotels and restaurants for supplying vegetables and flowers. We are also selling the herbs to the hospital and factory to process them to do the medicine."

Su Yu Hi showed the audience the greenhouse. Inside and outside. Everyone was surprised by this greenhouse's existence.

"Next, I have YQ Investment Company. As it's named, we do investment. We found a company that was on the brink of bankruptcy and invested in the company. All of the companies that we invested in are still alive today." Su Yu Hi continued. "For example, Hatashi Electrical Company."

"Yes, it is my company." A person shouted.

Su Yu Hi showed the pictures of Saisei Ryokan Hotel. Everyone thought the hotel was very beautiful.

"I went there last summer. It is a very good place to relax." One of the guests said to another guest.

"Really? I think I will bring my wife there. My wife loves a place like this." The guest said.

1626 Chapter 1626

"The next company will be under Qinyue Group is the famous skincare brand which is Qi Qi Skincare Brand. As you know, the brand is focusing on the skincare industry. We also currently develop to enter the cosmetic industry as well." Su Yu Hi said.

Everyone knew Qi Qi Skincare Brand. They had been placing their name as the top brand of skincare bought this year.

People never expected that they would join Qinyue Group because there were a lot of people who offered to work together with the brand. Qinyue Group must offer a lot for the brand to join under its name.

Su Yu Hi moved to another business. The slide showed Qiaosu Entertainment Company.

"Qiaosu Entertainment Company would be the next one who going to join Qinyue Group. Qiaosu Entertainment Company would be covered the entertainment industry for Qinyue Group." Su Yu Hi said.

Su Yu Hi's fiance was Song Su Jin who was one of the artists from Qiaosu Entertainment Company. People might think that was a little bit personal but Su Yu Hi did not think so. He was also thinking about the profit that they would make in the entertainment industry.

"Next, we have HuiQi Jade to join the group. HuiQi Jade specialised in selling jade and jewellery." Su Yu He asked.

People were shocked. They knew who the true owner of HuiQi Jade was. It was Tang Yu Qi. A doctor and researcher. Tang Yu Qi probably sold HuiQi Jade to Qinyue Group because she could not handle the business.

People who were interested in buying HuiQi were disappointed. If they knew that Tang Yu Qi wanted to sell HuiQi Jade, they would offer a lot to Tang Yu Qi.

"The next one is Tiantang Research Centre. Currently, a lot of research had been conducted at Tiantang Research Centre. The research could help humans in the future. They would join the Qinyue Group as well.

Once again, people were shocked. Did Tang Yu Qi was having trouble managing that research too? Did she going to bankrupt or what? A lot of speculation played in their minds.

Su Yu Hi continued again.

"The last one is Nigure Koen. People probably don't know about this place yet. It is located in Capital City. It is a newly opened theme park. They have a lot of attraction that would be enjoyed, not only for the children and for the adult as well."

Su Yu Hi showed the pictures of Nigure Koen. Indeed, not many people knew about this since it was still new.

"That all will be joined Qinyue Group under one management." Su Yu Hi ended the topic with the company that would be joining them.

But he had not finished his speech later.

"People also think that I am the one behind the scene. But you all are wrong." Su Yu Hi dropped the statement.

Yes, people also thought that Su Yu Hi was a very good businessman. Because he was the one who went to go to meet the client before.

"I am just her assistant. Without her, I am not here, at a place like this." Su Yu Hi smiled.

"I meet her through an acquaintance. He told me that he wanted me to work for her. To be honest, at that time, I was unwilling to work for her.

Why? Because she was a young girl. From what I remember, she had just entered the university. How could I work under her? I think you should take a look at pa11dasnovel.com

However, the times passed. I saw her ability. She was a very good businesswoman. She knew what she wanted to do. All of the businesses that she started succeeded."

People became very curious about the woman that Su Yu Hi had been talking about.

"Today is the grand opening of Qinyue Group. I would like to introduce to you all the women who make Qinyue Group today." Su Yu Hi stated.

Su Yu Hi's eyes moved to Yu Qi. "I invite her to come up to the stage."

People looked around and waited for the mysterious woman to come up onto the stage.

Yu Qi slowly stood up and walked up to the stage. People looked at her.

"Wait, don't tell me, it is her?"

"That is Tang Yu Qi right?"

"Yes. But is it real?"

"She is the one behind Mr Su?"

Yu Qi arrived at Su Yu Hi's side. Su Yu Hi smiled.

"Let me introduce to you, the owner of Qinyue Group Tang Yu Qi. She is the sole owner of Qinyue Group." Su Yu Hi announced.

Novel com People began to clap their hands. It was a surprising news for them. A woman who was only famous as a doctor was now the founder of the Qinyue Group.

No wonder HuiQi Jade and Tiantang joined the Qinyue Group. Then, wait a minute. Did that mean all of the businesses mentioned earlier were opened by Tang Yu Qi?

"Oh, as you might wonder around, all of the businesses I mentioned earlier were Tang Yu Qi's businesses. If you noticed, some of the businesses use part of her name. YQ, Qi Qi." Su Yu Hi explained.

Yu Qi stood up on the stage without any flaw. She smiled gracefully to the audience.

People never expected this turn. A uprising doctor was a very good businesswoman as well. What's a surprise.

So, they proceed on the grand opening ceremony. Yu Qi would cut cutting ribbon accompanied by Su Yu Hi.

1627 Chapter 1627

The ceremony of cutting the ribbon was over. Qinyue Group was operated officially. Yu Qi returned to Long Hui's side.

"Congratulations." Long Hui said to Yu Qi.

"Hmm..." Yu Qi nodded.

Tang Family also came and congratulated Yu Qi. Grandpa Feng and Feng Yue also came to the party.

"Yu Qi, you already build your business empire. I am proud of you." Feng Yue hugged Yu Qi.

Feng Yue only hugged Yu Qi for two seconds. Yu Qi had been pulled by Long Hui.

"Tsk! Brother Hui, I just congratulate my best friend." Feng Yue clicked her tongue.

"Just say the word. No need for you to hug her." Long Hui responded.

Grandpa Feng laughed while watching them bicker. He turned to Yu Qi.

"Congratulations, Yu Qi. I know you will be successful the moment I meet you." Grandpa Feng said.

He remembered the look in her eyes when she told him that she wanted to be a businesswoman. He did not expect that she would be this successful at a young age.

"Su Yu Hi. You too, congratulations." Grandpa Feng patted Su Yu Hi when Su Yu Hi came over with Song Su Jin.

"Chairman Feng, it is thank to you that I am here. You are the one who introduces me to Yu Qi. Thank you." Su Yu Hi bowed.

Grandpa Feng laughed. "It is your effort. Otherwise, that girl would not entrust important matters to you." He said.

President Hai and Mrs Hai approached Yu Qi.

"Yu Qi..." Mrs Hai greeted Yu Qi.

"Auntie Hai, President Hai, thank you for coming." Yu Qi thanked them.

"I never know that you have a lot of businesses under your name." President Hai said.

Yu Qi just grinned. Indeed. People would be shocked if they knew about Yu Qi's business before.

Yu Qi only was famous with HuiQi Jade. Even the oldest business, YQ Greenhouse, not many people knew about that.

"I just happen to have money and knowledge. So, it put them on the right track." Yu Qi stated.

A lot of people came and greeted Yu Qi, and congratulated her on the newly established Qinyue Group.

Not long after that Yu Qi had been approached by the Bai family. Bai Shu Jin, Bai Jian, Bai Yu and Bai Xia Fang. They probably had been invited by Su Yu Hi.

Bai Shu Jin looked at Yu Qi with a lingering look on his face. Well, it was his first love. Unfortunately, it was never worked. That girl never gave even a chance for him to prove himself.

"Congratulation, Ms Tang." Bai Shu Jin said.

"Hmm... Thank you." Yu Qi replied with a flat tone.

Bai Jian did not know what to think about Yu Qi. She was thinking that Yu Qi was suitable for her son, Bai Yu. But after she knew that Yu Qi was with Long Hui, she did not dare to match her with her son.

Bai Xia Fang did not expect that this soft-looking woman would be the backbone of the companies that he put his eyes on. Especially YQ Investment Company. It really changed his perspective on Yu Qi. I think you should take a look at pandasnovel.com

"Please give her space." Long Hui with a cold face confronted the people.

People started to leave Yu Qi. Yu Qi sighed in relief.

"Thank you for saving me." Yu Qi smiled.

"Hmm..." Long Hui's expression became relaxed as he looked at Yu Qi.

Ming Yue who kept watching Yu Qi and Long Hui smiled sweetly seeing the children's interaction.

"Why are you smiling like that?" Tang Jung Wen asked. He was confused as to why his wife suddenly smiled like that.

"I am just watching Yu Qi and Xiao Hui. They are very sweet." Ming Yue said.
