

Intelligent 1631

1631 Chapter 1631

Yu Qi tried to find the child that she saw this morning. But she never saw that child during the check-up.

The next morning, during her jogging session, she saw the child again. This time, she was closer compared to yesterday.

Yu Qi tried to call the child but the child ran faster. Then, she tried to ask Zhou Wencheng about that child. He might be knowing something since he was the head of the villager.

"Doctor, you see him?" Zhou Wencheng was surprised.

"Yes. Yesterday morning and this morning as well when I was jogging." Yu Qi nodded.

"Actually, she is not..."

"She? It's a girl?" Yu Qi was shocked. She did not notice that. She thought that he was a boy.

"No... It's a girl. She is not from our village. Her parent came to our village five years ago. They were not talking much about themselves. So, we don't know much about them.

One day, we find out that the couple had died leaving their daughter alone. The daughter was so not talkative. She would mostly run after seeing people.

We usually leave the food at her house. We don't want her to die starving." Zhou Wencheng explained.

"Oh, I understand why she runs away as soon as she sees me. How did her parent die?" Yu Qi wanted to know about the girl.

"The couple died when fell down the cliff. We found their bodies and bury them." Zhou Wencheng said sympathetically.

"Both of them?" Yu Qi asked again.

"Yeah." Zhou Wencheng nodded.

That girl was a cultivator. So, both of her parents should be cultivators or one of her parents should be a cultivator.

A cultivator could not die falling off the cliff. Something must happen to them. Neither way, their deaths were not normal.

She could not leave that girl alone like that. She would need to meet the girl and talk to her.

"That girl is so skinny. Do you know her age?" Yu Qi asked again.

"Hmm... As I remember, she is 12 years old this year." Zhou Wencheng said and sighed. "She is indeed skinny. But we could not force her to eat since she would run away once she see us." He added.

Yu Qi thought for a second. She really could not let that girl alone. She would try to meet her first if she had a chance.

The week program finally came to an end. Zhou Wencheng and the villagers thanked them. They were really appreciated that.

The last night the medical team were at the village, and the village threw a goodbye party for them. There were delicious food and also alcohol.

Yu Qi took a sober pill before having the alcohol. She ended up having four glasses of alcohol. Her female colleagues were drunk except Zhong Lifan even though she was the one who drank so much.

Yu Qi and Zhong Lifan helped the female colleagues return home and put them to sleep.

Yu Qi's phone was ringing. It was Feng Yue who called her. She stepped outside the house and did not want to disturb her female colleagues. She clicked the button to answer the call.

"Hello, Yu Qi..." Feng Yue said. I think you should take a look at paπdasnovel.com

"Hmm... What's up?" Yu Qi asked.

"Yu Qi, I hear you are in Jingxi City. Is it true?" Feng Yue asked.

"Yeah. Why?" Yu Qi answered.

paπdasNovel.com "You are still here?" Feng Yue wanted another confirmation.

"Here? You mean you are in Jingxi City too?" Yu Qi raised her eyebrow.

"Yes. I am here in Jingxi City. When does your program end?" Feng Yue asked again.

"Actually, it is my last day at Sun Village. We will return to FINN City tomorrow as scheduled." Yu Qi said.

"You will return home tomorrow?" Feng Yue asked.

"Yes." Yu Qi said.

"Can you postpone your return to one day later?" Feng Yue begged.

"May I know why?" Yu Qi asked.

"Actually, I have a party to attend. It is Zi Qie's family party. I want someone to go with me." Feng Yue stated.

"Why? Does your boyfriend not around?" Yu Qi asked.

"He does but I still need to someone to accompany me. I remember you telling me that you are going to Jingxi City for the charity program for one week. So, I am thinking to ask you to come with me to the party. Can you?" Feng Yue explained.

"When is the party?" Yu Qi asked.

"Tomorrow night. Oh, I know that you might not have a dress. I will prepare it for you. So, you don't need to worry about that." Feng Yue responded.

"Hmm... You are indeed prepared." Yu Qi said. She continued. "Well, I will go with you tomorrow."

"Thank you, dear... You are my best friend." Feng Yue was happy.

"Oh, if I do not accompany you tomorrow, then I am not your best friend?" Yu Qi teased Feng Yue.

Feng Yue quickled retorted it. "Of course not... You are still my best friend."

Yu Qi laughed. "Okay... Okay.... I understand. I need to go first."

"Sure. See you tomorrow dear." Feng Yue said.

The call ended there. Yu Qi walked to the house that Pei Ruiying lived. She knew that Pei Ruiying was not drunk because he did not drink any of the alcohol tonight.

She wanted to tell him about her plan for tomorrow. It was better to tell him her plan as soon as possible.

1632 Chapter 1632

She was lucky when seeing Pei Ruiying sitting outside the house. She approached Pei Ruiying.

Pei Ruiying looked over when seeing someone approaching him in the dark. After that person was closer, he realized it was Yu Qi.

"Hmm... Why are you here?" Pei Ruiying asked.

"I am just to inform you that I will not return to FINN City with you tomorrow." Yu Qi informed him.

"Owh... Okay." Pei Ruiying took notes.

"I will just follow you guys going out of this village." Yu Qi added.

"Sure. What are you doing to do?" Pei Ruiying asked.

"Oh, I am going to meet my friend here. It is a coincidence that she is here." Yu Qi asked.

"I see. It is up to you." Pei Ruiying nodded.

Everyone who joined this program would get two days off. So, it was okay for Yu Qi to plan this.

.....

They all left the village after having some breakfast. Once again, they were thanked by the villagers.

Yu Qi looked around. The girl that she saw this morning was still not here.

She was planning to come back before returning to FINN City after attending the party with Feng Yue. She was planning to take the girl away with her.

Well, that was only if the girl wanted to come with her. That girl was a cultivator. It was better to get some guidance.

They dropped Yu Qi at the city before going to the airport. Yu Qi went to a cafe and called Feng Yue to inform her that she was already there.

Feng Yue told Yu Qi that she would be there soon. Yu Qi ordered something to drink while enjoying the view.

The cafe where she stayed was near a university. So, a lot of students hung around. They saw Yu Qi and were impressed by her beauty.

Yu Qi was in simple clothing making her looked younger like a college student. A group of men approached Yu Qi.

Well, they were kind of bad people. The people around were kind of worried about Yu Qi.

One of them greeted Yu Qi. "Hi, beauty. Are you alone? Do you want to hang out with us?"

"No, thank." Yu Qi replied.

"Ouch, it is a cold reply." The man acted like he was hurt.

Yu Qi sighed. "What do you want?"

"We just want to hang out together with you." The man smiled.

"Sorry. I don't want to." Yu Qi rejected them again.

"You should listen to us." The man said.

He extended his hand to reach out for Yu Qi but before he could manage to touch Yu Qi, he was being pushed back. The man shouted in pain.

"You bitch. Guys, get her. I will make her serve us on the bed." The man ordered his friends to get Yu Qi.

However, Yu Qi avoided them and also attacked them. They were all sitting down growling in pain. I think you should take a look at pandasnovel.com

The people around were impressed by Yu Qi's actions. They were almost choked when they heard her words after that.

"It has been a while since I beat up people." Yu Qi stretched herself. "It seems slower than before. I need to practice more."

'What? What is this girl talking about? Beating up people? Practice more?' That was what they thought when hearing Yu Qi's words.

"Oh, what is this?"

The people saw another beauty approached Yu Qi.

"It must be other idiots who tried to approach you, right?" The beauty was laughing. "You are really an idiot who dares to have a design on her."

The beauty hugged Yu Qi. "Yu Qi!"

"Hmm..." Yu Qi patted Feng Yue's head.

"Thank you for agreeing to join me." Feng Yue smiled. "Let's go somewhere else."

"Yeah. Oh, before that." Yu Qi went to the counter.

The cashier was stunned when Yu Qi suddenly approached him.

"I am sorry for causing a commotion in your cafe." Yu Qi apologized.

"There is no need for you to apologize." The cashier shook his head.

He knew that it was not this lady's fault.

"I will pay for the drink." Yu Qi paid. And she took out her name card and placed it on the counter. "I will be compensated for the loss. Just call me after you calculated them. I will pay for it."

After that, Yu Qi went back to Feng Yue. The cashier looked at the card. It stated, 'Tang Yu Qi, chairman of Qinyue Group.' Seeing this, the cashier thought it was a scam.

A young woman like that was a chairman. He could not believe it. His colleague came over.

"What is she talking about?" The colleague asked.

παπdαsNovel.com "She tells me to call her for the compensation." The cashier showed the card to his colleague.

The colleague looked at the card. "What? Chairman?"

"Right? I think that beauty was a scammer." The cashier did not believe Yu Qi. "This kind of thing can be checked online."

"Then, let's check it." The colleague said.

They went to the internet. They typed Qinyue Group. The first information that came out was its chairman. Yu Qi's picture showed up. The information about Qinyue Group also showed up.

The recent information about Qinyue Group was the grand opening party.

"What?" Both of them were shocked.

They did not expect it to be a large business group. And that young woman was the chairman.

"Is it really the truth?" The cashier asked his colleague.

"Well... Yeah." The colleague nodded.

1633 Chapter 1633

Before Yu Qi left the cafe, she stopped in front of the people who came and wanted to mess with her.

"In case, you want to sue me, here is my card." Yu Qi placed the card on her floor in front of the first man.

"You..." The man said.

Feng Yue laughed when she heard the sentence.

"Yu Qi, you are so funny." Feng Yue was still laughing.

"Let's go." Yu Qi said.

"Yeah... Yeah..." Feng Yue said.

Both of the women left the cafe.

"Ahh... It has been a while since we hang out together." Feng Yue swung Yu Qi's hand.

"Why are you acting like a child?" Yu Qi asked.

"I am just happy to get to hang out with you. After you get together with Brother Hui, we spend less time together. Brother Hui always wants to covet you alone." Feng Yue rolled her eyes.

Yu Qi smiled. "He is going on a mission. You don't need to worry."

"Then, let's go shopping. As I said before, I have prepared your dress but it is better to buy a new one in case the prepared one does not fit you." Feng Yue suggested.

"Okay." Yu Qi nodded.

So, both of them went to the shopping mall in the area. It was not far.

They entered a store which sold the dress. The staff welcomed them with a smile.

"Hello. What can I help you with?" The staff asked.

"We are looking for an evening dress for my friend here." Feng Yue said.

"Sure. Let me show you some of our design." The staff led the way.

The staff began to show some of the evening dresses that they had in the store. The staff was kind of excited to see a beauty like Yu Qi.

After one hour of looking around, they finally managed to find a suitable dress that suit Yu Qi perfectly.

When they were about to make the payment, they heard Feng Yue's name had been called by someone.

"Is that Feng Yue?"

Feng Yue turned around and saw the group of women that she disliked. Yu Qi already looked over.

Three women were entering the store. One older woman and two young women.

"Oh, it is you." One of the younger women said.

"Hello." Feng Yue said.

"Where is my cousin? He is not here?" The younger woman asked.

"No, he has another thing to do." Feng Yue said.

"By the way, when will you going to break up with my cousin?" The younger woman spoke. I think you should take a look at pandasnovel.com

"I will never break up with my boyfriend." Feng Yue replied.

"Like I told you before. You are not suitable for my cousin. Better avoid it for your own sake." The younger woman said.

Yu Qi realized who the three women were. It should be Xia Zi Qie's cousin, his aunt and another woman the woman that his cousin wanted to match with him.

Feng Yue snorted. "For my own sake? Quan Changling, please, don't make a joke here. You want me to break up with my boyfriend so that your friend over here wants to be together with my boyfriend. If my boyfriend likes her and wants to break up with me, fine with me. But apparently, he did not give a damn shit about your friend here."

"You!!!" Quan Changling said.

"As expected, a poor person. You are so rude." Zeng Fenfang, the older woman commented.

"So, what? I am just rude to the people who deserve it." Feng Yue stated.

"You don't deserve to be my cousin's partner." Quan Changling said.

"Really? But who are you to say that?" Feng Yue said.

pandasnovel.com "I am his family." Quan Changling proudly announced that.

"Family? Your surname is Quan. Not Xia. You are just an extended family. You have nothing to say about my relationship." Feng Yue snorted.

Quan Changling knew that.

"Brother Zi Qie is better off with Han Xiaoli. You poor people." Quan Changling shouted.

Han Xiaoli was another woman who had been watching from the side.

The staff stepped over. "Miss, you can not shout like that in this store." She reminded Quan Changling.

Quan Changling pushed the staff. "Get lost."

The staff was shocked to be pushed like that. Since she was wearing the high heel, she could not balance her body. She would fall. She embraced herself.

But she did not feel the impact. She opened her eyes and saw a beautiful face in front of her.

"Are you okay?" Yu Qi managed to catch the staff from falling on the ground.

"Tha... Thank you... miss..." The staff was stuttering in her speech

The staff felt like she was in a drama where a male lead saved the female lead after she was getting bullied from someone. But right now, she was saved by a cold beautiful woman.

Quan Changling was feeling guilty. She did not mean to push the staff that hard. She was feeling angry at that moment.

"Yue." Yu Qi called her name.

"Oh..." Feng Yue understood Yu Qi's look. "Let's settle our payment and leave these people."

Feng Yue and Yu Qi ignored the three women and settled the payment.

Quan Changling still had something to say to Feng Yue.

"Hey, you are not leaving like that." Quan Changling tried to stop Feng Yue and Yu Qi.

"If you have something to say, you can say it in front of Zi Qie tonight. Oh, you also can speak in front of his real family about your wish." Feng Yue stated before ignoring them completely.

1634 Chapter 1634

"Miss Feng, you act like you are already Zi Qie's wife." Han Xiaoli said.

"Well, it is better than you when you act like my boyfriend likes you." Feng Yue replied savagely.

"Yeah. Right now. But no one knows what is in the future." Han Xiaoli responded.

Feng Yue snorted. She pulled Yu Qi and walked out of the store.

....

Both of the women went to the hotel where Xia Family held their party. They were very beautiful in their style.

Once they entered the hall, a lot of the eyes focused on them. Some of them were not blinking their eyes at all.

"Hah... Yu Qi, you get everyone's attention." Feng Yue whispered to Yu Qi's ears.

"You are the same. I wonder if Zi Qie will be okay, tonight." Yu Qi whispered back.

After they entered the hall, the MC announced the arrival of the main character for tonight. An old man entered the hall with his wife. They were holding hands together.

Behind them, there were family members. Xia Zi Qie was among them. Xia Zi Qie seemed to look for someone. When his eyes found the person whom he looking for, he smiled at that person.

Feng Yue coughed in embarrassment. "He is like an idiot."

"Hmm... The idiot that you like so much." Yu Qi teased Feng Yue

"You... Hmph!" Feng Yue felt hot.

The party started. The family members started to congratulate Old Madam Xia and wished him to live longer.

After greeting his grandfather, Xia Zi Qie went to his girlfriend's side.

paᅇdαsnovel.com "Yue-er." Xia Zi Qie smiled. He also looked at Yu Qi and greeted him. "Yu Qi, thank you for coming to my grandfather's party."

"Hmm... This girl wants me to accompany her. So here I am." Yu Qi teased while looking at Feng Yue.

"You... Shut up!" Feng Yue glared at Yu Qi.

"Do you want to greet my grandfather?" Xia Zi Qie asked.

"Hmm... Let's wait until the people decrease first." Feng Yue said.

"Sure... I will go and get you girls something to drink." Xia Zi Qie said and left.

A lot of the people went to greet Old Master Xia. Feng Yue and Yu Qi stood in the corner avoiding people.

However, some people liked to create problems. Quan Changling, Han Xiaoli and a few girls approached Feng Yue and Yu Qi.

They were extremely jealous of the two girls' looks.

"Are you coming here to find a man?" Quan Changling stated.

"That is for sure." Girl A said.

"Are you coming to us just to insult us?" Feng Yue asked. Then she snorted. "Well, never mind. I understand. You come to us because you are jealous of our looks. Am I right? It is a pity that you don't have a beautiful look like us."

Feng Yue praised her look and Yu Qi's look. As she said that, she could see that Quan Changling's face became red and redder.

"Hmm... Jealous? Who is jealous of you? You are just a vixen. Just know how to seduce my cousin." Quan Changling shouted. Then she turned to Yu Qi. "And you, are you being invited to come to this party? If you are not, please leave this party. You are here to seduce men, am I right?"

Quan Changling's voice attracted a few people. People started to watch the situation.

"Just because we are beautiful, you accuse us to seduce men? I am sorry that you are ugly and men did not look in your direction." Feng Yue said.

"You..." Quan Changling pointed her finger at Feng Yue.

Han Xiaoli held Quan Changling's hand. "Miss Feng, you are too harsh."

"Oh... I am too harsh? Likewise. Yeah... Miss Han, I remember that your friend here wants me to break up with my boyfriend because of you. You want to get together with my boyfriend." Feng Yue said.

"What is going on here?" Xia Zi Qie appeared with drinks. He managed to hear a part of his girlfriend's words.

"Brother Zi Qie, your girlfriend is being rude to me." Quan Changling started to whine at Xia Zi Qie.

"Yeah. She and her friend told Changling that Changling was ugly." Han Xiaoli joined.

"I am just asking about her friend over there and whether she has been invited or not to this party. She became angry at me. I know that she and her friend are coming from a poor family and try to join the upper class. I don't want people to get tricked by them and ask them to leave." Quan Changling still talked nonsense without realizing Xia Zi Qie's face had changed completely.

"What did you say about my girlfriend and her friend?" Xia Zi Qie glared at Quan Changling.

"Brother Zi Qie?" Quan Changling looked over and saw the expression.

"How dare you being rude to my girlfriend and her friend?" Xia Zi Qie lost his temper.

He threw the drink which he held to the ground. The glass broke into pieces.

Quan Changling and others stepped back. Now, the noise caught everyone's attention. Even Old Man Xia and his wife looked over and wondered what was going on over there.

"I can be patient at the first time you being rude to my girlfriend. But now..." Xia Zi Qie said.

"Brother Zi Qie, she is not suitable for you. She just come from a poor family." Quan Changling said in fear.

"Who are you to say something like that?" Xia Zi Qie replied.

1635 Chapter 1635

"And right now, she even invites her poor friend here to smooch off our family." Quan Changling argued back.

A middle-aged man slowly approaches the group. He wanted to make sure that he was seeing the right people before greeting them.

After seeing them in close distance, he confirmed it was them.

"Miss Feng Yue, what are you doing here? And Chairman Tang, it has been a pleasure to meet you face to face with this." The middle-aged man greeted Feng Yue and Yu Qi excitedly.

"Who are you?" Feng Yue asked since she did not know this middle-aged man at all.

Even Yu Qi did not have any recollection of this middle-aged man in her memory. She was sure that she did not know this middle-aged man at all.

"I am sorry for greeting you without introducing myself. I am Ding Bojing, an owner of Dingjiu Corporate. I went to your annual celebration company last year. You are the heir that Mr Feng Mo introduced to others. As for Chairman Tang, you are the most popular person in the business world right now." Ding Bojing said.

pandasNovel.com "Dingjiu Corporate... Hmm... I remember that." Yu Qi nodded.

Dingjiu Corporate was a business centred in this Jingxia City. They were involved in plastic-making products.

Yu Qi remembered that the factory that she made the deal on making the container for Qi Qi Skincare Brand used the plastic provided by Dingjiu Corporate.

"Nice to meet you, Mr Ding. Thank you for providing good plastic for us." Yu Qi said.

Ding Bojing laughed a little. "Well, we are glad because we also make good money, Chairman Tang." Ding Bojing said.

"Are you the actor hired by them? To make them look better?" Quan Changling scoffed at Ding Bojing.

Everyone was shocked by Quan Changling's words. Quan Changling might not know Ding Bojing since she was just returned from overseas but others here knew Ding Bojing.

Han Xiaoli noticed the way people looked at Quan Changling. She tried to warn Quan Changling but Quan Changling was too heated up by this matter.

"What? Are you feeling shocked since you are being exposed?" Quan Changling was excited when Ding Bojing, Yu Qi and Feng Yue looked at her but did not deny her accusation. She then continued. "Feng Yue, you should realize that you can not leave your poor world just because you find a rich man."

"This miss here, are you alright? I mean, are you alright in your mind?" Ding Bojing asked while looking at Quan Changling with a pity look. He then gestured his hand toward Feng Yue. "The person that you had been mocked is the heir to a multi-billion company. She is the granddaughter of Feng Mo, the legendary man in the business industry."

Ding Bojing was not finished yet. He moved his hand gesturing to Yu Qi. "And this is Tang Yu Qi. She is currently the most famous person in the business industry. Even though she is young, she already owned several businesses such as the famous skincare brand, Qi Qi Skincare brand and the HuiQi Jade store. She is the Chairman of Qinyue Group."

People who did not know Feng Yue and Yu Qi listened to Ding Bojing's words were shocked.

Well, Quan Changling and Han Xiaoli were extremely shocked by the news.

"Impossible." Quan Changling said while shaking her head. "Brother Zi Qie, he is lying right?" She asked Xia Zi Qie.

"He is not lying. Everything is right." Xia Zi Qie stated.

Quan Changling fell on her back. She could not believe that the girl which she looked down on was coming from a rich family and not to mention, she was the heir to the company.

Zeng Fenfang rushed to her daughter after seeing her daughter sitting on the floor like that.

"Lingling, what happen to you?" Zeng Fenfang asked in worried.

Seeing her daughter did not respond to her, she looked at Han Xiaoli who stood beside Quan Changling.

"Xiaoli, what happens to my Lingling?" Zeng Fenfang asked Han Xiaoli.

Han Xiaoli also did not answer the question. Only her eyes wandered to Feng Yue and Yu Qi.

Zeng Fenfang followed Han Xiaoli's eyes and saw Feng Yue and Yu Qi. Just like that, she assumed that Feng Yue and Yu Qi were behind this.

Zeng Fenfang stood up and shouted at Feng Yue and Yu Qi. "You bitch, what did you do to my sweet angel?"

"Auntie, stop it." Xia Zi Qie said.

"Humph! Do you want to protect your girlfriend, an outsider? Lingling is your cousin." Zeng Fenfang shouted to Xia Zi Qie.

The shout was very loud. Everyone who was standing close by needed to step back, distancing themselves from Zeng Fenfang.

Xia Zi Qie frowned. This auntie of his really did not want to listen to others.

Zeng Fenfang turned back to Feng Yue and Yu Qi.

"You bitch, you better prepared. I will make sure you pay for what you do to my daughter." Zeng Fenfang said.

"What did I do to your daughter?" Feng Yue snorted.

"You bully my daughter like this... I will sue you." Zeng Fenfang replied.

"Oh, I am afraid. Yu Qi, she wants to sue us." Feng Yue started to act and hugged Yu Qi.

Yu Qi sighed. Her friend wanted to play.

"I will make sure you go to jail since you don't have money to settle the lawsuit." Zeng Fenfang said arrogantly.

1636 Chapter 1636

"Yu Qi, she wants to sue us. How scary." Feng Yue stated.

"Yue, you are not suited to be an actress." Yu Qi said.

"Hmm... I just want to be Zi Qie's wife." Feng Yue winked her eyes at Xia Zi Qie.

Xia Zi Qie coughed. His girlfriend liked to joke like this. She did not even embarrassed.

"Humph! Want to be Zi Qie's wife? Dream on. I will tell my sister-in-law about you bullying her niece like this." Zeng Fenfang snorted.

Then, came the main character of the party, Old Master Xia, his wife, Xia Zi Qie's parent and his brother.

"What happens here?" Quan Suiyi asked. She was Xia Zi Qie's mother.

"Sister-in-law, these girls bullied my daughter. You need to judge this." Zeng Fenfang complained to Quan Suiyi while pointing her finger at Feng Yue and Yu Qi.

Quan Suiyi turned to Xia Zi Qie. She already showed a disapproval expression on her face.

"Zi Qie, she is your girlfriend, am I right?" Quan Suiyi asked.

"Yes, mother." Xia Zi Qie said.

"What are you doing? Not stopping your girlfriend and her friend bully your cousin like this?" Quan Suiyi reprimanded Xia Zi Qie in front of others. "This is why I don't want you to date a girl from a poor family."

"Suiyi!" Xia Mengguang, Xia Zi Qie's father called Suiyi to warn her.

Xia Zi Qie kept silent.

"Auntie, you don't know what happens and just believe what she says. Do you think it is fair?" Feng Yue stepped to stand beside Xia Zi Qie and held her hand.

"She is my family. Of course, I believe her. You are just a girl from a poor family. You want to enter our family just because of the money. You even bring your friend too." Quan Suiyi replied and also gave a glance to Yu Qi.

"Excuse me, Madam Xia." Ding Bojing interfered with this conversation.

Quan Suiyi turned around and saw Ding Bojing. Of course, she knew Ding Bojing. She needed to be respectful toward Ding Bojing.

"Oh, Mr Ding. Thank you for coming to my father-in-law's birthday party." Quan Suiyi smiled.

"I just want to say something to you. The girl that you call poor just now is an heir to Feng Cooperation. And her friend is Chairman Tang, the owner of the newly established Qinyue Group." Ding Bojing said the matter once again.

"What?" Quan Suiyi was shocked.

Novel com Of course, the rest of the Xia Family members were also shocked when they heard the news. They looked at the girls.

"Oh, no wonder, that girl is quite familiar." Old Master Xia said while pointing to Yu Qi.

"Hmm... What is it, Husband?" Old Madam asked.

"I remember seeing her on the television being interviewed." Old Master Xia stated.

"Impossible. It is impossible. She just comes from a poor family. She tried to smooch off our money." Zeng Fengfang shouted.

"Zi Qie, is it true?" Quan Suiyi looked at Xia Zi Qie and asked him right away.

"Yes." Xia Zi Qie nodded.

"Why don't you tell us?" Quan Suiyi asked.

"Well, I don't have any chance to tell you. Even so, you would not listen to me." Xia Zi Qie replied.

"You..." Quan Suiyi wanted to say more but she was stopped by Xia Mengguang.

"Enough. Don't make scenes anymore. It is Dad's birthday." Xia Mengguang warned his wife. He turned to Xia Zi Qie and Feng Yue. "We are sorry."

Xia Zi Qie only smiled weakly. Feng Yue noticed it and gave some rub to Xia Zi Qie's hand. Xia Zi Qie felt that, turned around and smiled at Feng Yue.

Xia Mengguang told Quan Suiyi to tell Zeng Fengfang to take Quan Changling back.

"What? Why?" Zeng Fengfang asked.

"Don't think I don't know what you try to do." Xia Mengguang glared at Zeng Fengfang.

Zeng Fengfang shrunk back. She was quite afraid of Xia Mengguang. Quan Changling was also afraid of Xia Mengguang.

"Sister-in-law, we will come back later on another day." Zeng Fengfang said.

Zeng Fengfang pulled her daughter, leaving the hall. Han Xiaoli who came together with Quan Changling felt awkward.

She thought she could snatch Xia Zi Qie from Feng Yue. Who thought that Feng Yue was an heir to a large company? And not to mention, her friend was the chairman of a group.

"I am sorry for what you faced earlier." Xia Zi Qie apologized to Feng Yue and Yu Qi.

"Never mind. Every family has their own problem." Feng Yue said.

Even her family had problems too. She could not blame Xia Zi Qie for that. Yu Qi nodded.

"You should go and introduce your girlfriend properly to your family." Yu Qi advised.

"Hmm..." Xia Zi Qie nodded.

"Is it okay for you to be alone?" Feng Yue asked feeling worried.

"No need to worry about me." Yu Qi smiled.

Yu Qi stepped back to the corner. That was after people came to greet her. Well, people saw her differently now.

"Excuse me. Hi." A man walked and greeted Yu Qi.

Yu Qi looked over. "Oh, hi."

"I am Xia Song Jing, Xia Zi Qie's brother." Xia Song Jing introduced himself to the beauty.

Yu Qi saw this man earlier standing among Xia's Family members. So, he was Xia Zi Qie's brother.

"I am Tang Yu Qi, Feng Yue's friend." Yu Qi said.

Xia Song Jing was really amazed with Yu Qi's beauty.

"I never think that a woman like you can become a chairman at such a young age." Xia Song Jing stated.

The words that Xia Song Jing used were not nice to hear.

"I will take that as a compliment." Yu Qi said.

Well, to be honest, Xia Song Jing really did not think highly of a woman who got involved in the business industry. He had a traditional way of thinking.

He always thought that a woman should stay at home, learning and improving herself to become a perfect housewife to her husband and a great mother to her child.

"You must be from a rich family to create a large business like that." Xia Song Jing wanted a way to talk with Yu Qi.

"You are mistaken. I am not from a rich family. But an orphan." Yu Qi said.

It seemed Xia Song Jing did not know much about her.

"An orphan?" Xia Song Jing was surprised.

He observed this woman. It was impossible that she was an orphan. Her aura was very noble. It was like it was carved into her bones. He saw a lot of women. Rich or poor. He never met someone like Yu Qi.

An orphan. His mind thought about something. He was planning to have Yu Qi. If he got married to Yu Qi, he would force her to be a stay home wife.

As for Yu Qi's companies, he would take over and merge them into the business that he would inherit one day. The plan was perfect.

"May I get your contact, Miss Tang?" Xia Song Jing asked.

Yu Qi took out a business card and gave it to Xia Song Jing. Xia Song Jing did not take it.

"Miss Tang, I mean your personal contact number." Xia Song Jing phrased it correctly.

"I am sorry. But for what?" Yu Qi looked at Xia Song Jing.

"Well, your best friend is my brother's girlfriend. So, I thought we can improve our relationship." Xia Song Jing said.

On another side of the hall, Feng Yue was together with Xia Family members.

"Are you really the granddaughter of Sir Feng Mo?" Xia Mengguang asked.

"Yes, I am." Feng Yue nodded.

"I never think that my son would be in a relationship with the granddaughter of Sir Feng Mo." Xia Mengguang felt very proud.

"Why don't you tell your mother?" Quan Suiyi asked Xia Zi Qie.

"That's because you never want to know my matter. You only care about my brother." Xia Zi Qie replied.

Quan Suiyi was taken aback when her son answered her question like that. Well, it was true she cared so much about Xia Zi Qie's older brother.

Xia Song Jing was the first son and the heir to their business, after all. But it was not like she neglected her second son at all. She still lived and cared about him.

"I don't care with whom you want to be. I just want you to be happy." Old Master Xia said while looking at Xia Zi Qie.

"I know you make a good choice in your life." Old Madam Xia said.

Both elders really cared about Xia Zi Qie. They were the place where Xia Zi Qie expressed his feeling when seeing his parent spoil his older brother.

"Thank you, Grandpa, Grandma." Xia Zi Qie said.

"Miss Feng, I really hope that you can take care of him now and in the future." Old Master Xia turned his eyes to Feng Yue.

"I will stay with him until the end." Feng Yue smiled.

Feng Yue could see that the old couple really loved and cared for their grandson and never compared them to each other.

Quan Suiyi coughed. Everyone turned to Quan Suiyi. She looked embarrassed to Feng Yue.

"Miss Feng, I am really sorry for my sister-in-law and her daughter's behaviour. I apologize for their behaviour." Quan Suiyi said.

"Never mind. I don't care about that anymore. But if they want to sue me, try it. I will gladly fight with her." Feng Yue smiled.

"Well, I have something to ask you." Quan Suiyi said.

"Hmm... What is it?" Feng Yue asked.

"Well, I want to ask if your friend already has a boyfriend?" Quan Suiyi asked about Yu Qi.

Quan Suiyi saw Xia Song Jing was interested in Yu Qi. Xia Song Jing also told her that he wanted to talk to Yu Qi earlier. That was why he was not here with them.

She had been looking for a suitable woman for her older son. To be true, before this, she set her eyes on Han Xiaoli, the friend that Quan Changling brought back with her.

Han Xiaoli was perfect in her eyes before before Yu Qi came over.

Yu Qi was a beautiful and attractive woman. Not to mention, she already became a chairman of a business group. She was a perfect choice for her son, Xia Song Jing.

If her son got married to Yu Qi, she would ask Yu Qi to become a stay home wife and wanted Yu Qi to hand over all the business under Yu Qi's name to Xia Song Jing to control.

Turned out, Quan Suiyi had the same mindset Xia Song Jing. She was thinking that a woman should be a perfect housewife and a great mother to the children.

She also did the same. She was living a perfect life right now.

1638 Chapter 1638

"Why do you want to know about that?" Feng Yue asked.

"Well, look. They look perfect to each other, is it?" Quan Suiyi pointed to Yu Qi and Xia Song Jing who had been talking.

Xia Song Jing grinned to his ear while Yu Qi was calm.

Looking at this, Feng Yue chuckled. "I think you should give up the idea."

"What do you mean by that?" Quan Suiyi asked. However, without waiting for Feng Yue to answer the question, she blurted out first. "Are you saying that my son is not a suitable match for her?"

"Mom, calm down." Xia Zi Qie said.

"How can I calm down? She is looking down at your brother." Quan Suiyi stated.

"Suiyi, calm down." Old Madam Xia said to Quan Suiyi.

Hearing the order from Old Madam Xia, Quan Suiyi shut her mouth. In this family, she feared no one but her mother-in-law. If her mother-in-law decided one thing, she did not dare to deny it.

"Madam Xia, my friend is already engaged to someone else." Feng Yue stated.

"Who is he?" Quan Suiyi did not think of anyone as a suitable person for Yu Qi.

"My cousin." Feng Yue told Quan Suiyi.

"Your cousin? What job does he have?" Quan Suiyi said.

"A soldier." Feng Yue said.

"What? A soldier?" Quan Suiyi asked.

She disliked a job like that. She could not believe Yu Qi could choose someone that had a dangerous job like that. She did not think that a man like that would be suitable for a chairman of a company like Yu Qi. Her son was more suitable.

"Mum, he is not a normal soldier. He is a high-ranking soldier, Colonel Long Hui." Xia Zi Qie said.

He admired Long Hui too. If not because his mother not letting him enter the military, he might end up being a soldier too.

παΠdasNovel.com "High-ranking soldier? How old is he?" Quan Suiyi asked.

She thought Long Hui must be a lot older than Yu Qi and her son. That was why Long Hui was already a high-ranking soldier.

"He is only 29 years old this year." Feng Yue answered.

"What? Are you telling the truth? There is no way that he is a high-ranking soldier at such a young age." Quan Suiyi was surprised.

She could not believe her ears. That man was two years younger than her son. There was no way that he was a high-ranking soldier.

"My cousin is not a typical soldier. He is in the special forces that specialise in dangerous missions. He had accomplished a lot and gained honour. That is how he becomes Colonel right now." Feng Yue stated proudly about her cousin.

Quan Suiyi had a bad expression on her face right now. "But my son..."

"My friend is not leaving my cousin for your son. They are in love. No one could barge into their relationship." Feng Yue glanced at Quan Suiyi and Xia Zi Qie.

Feng Yue did not think much about Quan Suiyi. If she was not Xia Zi Qie's mother, Feng Yue would not bother to talk to her.

Quan Suiyi only cared about her older brother and did not care about Xia Zi Qie. She did not bother to ask them about their relationship. How their relationship began, how long was their relationship and how they wanted to proceed to the next level?

Yu Qi started to feel irritated when Xia Song Jing could not read the situation. He still wanted to talk to Yu Qi even though Yu Qi told him that she already have a fiance to begin with.

Right now Xia Song Jing even wanted to stand closer and wanted to reach for her hand. Yu Qi stepped back avoiding Xia Song Jing's approach.

"Mr Xia, please conduct yourself." Yu Qi stated.

"Miss Tang, don't be so stiff. Not because you have a fiance, does not mean you can not be with another man." Xia Song Jing smiled.

Xia Song Jing began to reveal his true nature by telling stuff like that. It seemed that Xia Song Jing was a player.

"Miss Tang, no one will know if we are careful and not tell others about that." Xia Song Jing approached Yu Qi again.

There was no space for Yu Qi to back off. Yu Qi wanted to step aside but Xia Song Jing also knew that Yu Qi would do that. So, he blocked Yu Qi's path.

He smiled while reaching out for Yu Qi's waist. Yu Qi pushed him by his shoulder. Even though the push looked gentle, Xia Song Jing felt a great pain in his shoulder.

"Argh!!!" Xia Song Jing shouted.

Everyone immediately looked at Xia Song Jing who currently sat down on the ground while his right hand holding her left shoulder.

Quan Suiyi saw this and rushed to her older son's side. Feng Yue, Xia Zi Qie, Old Master Xia, Old Madam Xia and Xia Mengguang also walked to them.

"My dear, what happen to you?" Quan Suiyi kneeled down and asked Xia Song Jing in worry tone.

"Mom, my shoulder is hurting so much." Xia Song whined about the pain in his shoulder.

"How can this happen?" Quan Suiyi asked.

"Mom, this woman does this to me." Xia Song Jing battled while pointing his finger to Yu Qi who stood not far from them.

Yu Qi had a cold look while she looked down at the mother and son pair.

1639 Chapter 1639

"What do you think hurting my son like this?" Quan Suiyi stood up and faced Yu Qi with a furious expression.

"Yue, is it okay for me to do what I want to do?" Yu Qi asked Feng Yue without looking at her.

"Hmm... Do whatever you want." Feng Yue replied.

'Quan Suiyi and Xia Song Jing, why do you provoke Yu Qi?' Feng Yue did not think Quan Suiyi and Xia Song Jing would be okay after this.

"Hey, I am talking to you. I am going to sue you for hurting my son." Quan Suiyi's anger increased when Yu Qi ignored her like that.

"Sure... Go ahead. Don't think only you have a lawyer. I also have lawyers. Earlier your niece also threatened to sue us. Your family really like to use the law for everything." Yu Qi snorted. She then looked at Xia Song Jing. "If you are gentleman, tell others what are you planning to do to me."

Xia Song Jing avoided eye contact with Yu Qi. Of course, he would not say anything. If everything got revealed, his grandfather would be reluctant to give the company to her.

"I... Am... Only... Talking... The company... Yes, the company, Miss Tang is very outstanding. So, I am thinking to ask for some advice." Xia Song Jing made an excuse.

pāndāsNovel.com "See... There is nothing more else. You are such a rude woman. Just because you owned your company, does not mean you are entitled to everything." Quan Suiyi said.

"Wow, that's rich coming from your mouth." Yu Qi made a sarcastic remark. "And you..."

She took out something. It was a pen. However, when Yu Qi clicked on the top of the pen, everyone could hear something.

It was Xia Song Jing's voice. He was saying something disgusting wanting Yu Qi to cheat on Long Hui with him.

"Yuck... Disgusting. You are asking Yu Qi to cheat on my cousin with you. It is like choosing an ugly duck over a swan." Feng Yue commented.

"Why are you recording me? It is illegal." Xia Song Jing shouted.

"I record it for my safety. Just before, you are lying saying you want advice regarding the business." Yu Qi said.

"So, what? It does not give you a right to hurt my son like this." Quan Suiyi still did not want to give up.

"She had to do it because Mr Xia approached her and intended to touch her." Someone in the crowd interrupted.

"Yeah. We saw it too. Right before Mr Xia was about to reach her waist, Miss Tang pushed him by pushing his shoulder."

"That's right. I don't see Miss Tang hitting him. Miss Tang just pushed him on his shoulder."

"Mr Xia, is your shoulder really hurt?"

People came forward and helped Yu Qi with the situation. They even suspected Xia Song Jing was lying about his shoulder being hurt.

"You!!!" Quan Suiyi was angry.

"I record everything." A girl stepped forward too showing her phone.

"What?" Quan Suiyi looked over at the girl.

The girl was scared when Quan Suiyi suddenly turned and looked at her with an angry expression. One of the men shielded her.

"Mrs Xia, please calm down." The man said.

"Miss, can you show us the video?" Xia Mengguang asked.

"Sure." The girl nodded.

She played the video to everyone. The video clearly showed Xia Song Jing aggressively approaching Yu Qi until no space behind Yu Qi.

When Yu Qi wanted to step aside, Xia Song Jing also blocked that. As a result, Yu Qi pulled Xia Song Jing. From the video, it was indeed a gentle push.

"It is an edited video. My shoulder is indeed hurt." Xia Song Jing said.

"Mr Xia, to edit a video requires time and effort. The girl can not possibly edit the video on the spot." The man stated.

"If you want to sue me, go ahead. I don't mind. But let me remind you something. If you want to sue me, I will prepare a lot of lawsuits against you. Just be prepared." Yu Qi smirked.

"A lot of lawsuits?" Xia Song Jing frowned.

"Hmm... From your way, you probably harm a lot of women in the past. Those women probably did not have any power to resist or fight with you. But I have. I can help those women to fight with you." Yu Qi crossed her hands against her body and stood proudly.

Old Master Xia who listened to this ordeal felt disappointed with Xia Song Jing. He sighed. This grandson needed to learn the hard way.

"Old Master Xia, I am sorry for making your birthday party like this." Yu Qi looked at Old Master Xia.

"No... No... You are not wrong here. It is my idiot grandson's doing. You don't need to apologize here." Old Master Xia waved his hands.

Old Master Xia knew Xia Song Jing's nature as well.

"Xia Song Jing, stand up!" Old Master Xia called Xia Song Jing's name.

Xia Song Jing quickly stood up. If there was someone that he was afraid of, that would be Old Master Xia.

"Yes, Grandpa." Xia Song Jing was nervous. He even forgot the pain in his shoulder.

"You are demoted to production worker. You will work as a production worker until I tell you to stop." Old Master Xia stated his decision.

"Grandpa!"

"Dad!"

Both Xia Song Jing and his mother, Quan Suiyi became panicked when they heard the decision.

1640 Chapter 1640

"Dad, you can not do that. Jing-er is your successor." Quan Suiyi stated. She then looked at her husband. "Dear husband, please convince Dad about this."

Xia Mengguang looked away. He could not do anything. It was a decision from his father. His father was someone who would not change his decision unless they had a valid reason to make him change his decision.

Xia Mengguang was also afraid that his father would turn to him as well and demoted him. He did not want that to happen. So, he did not help his son in this situation.

And it was his son's fault this time. How would he go after Yu Qi despite knowing the identity of the woman? That identity was enough to crush him.

Seeing her husband ignored her, she turned to her mother-in-law.

"Mom, please ask Dad to consider his decision." Quan Suiyi begged Old Madam Xia.

"No." Old Madam Xia rejected Quan Suiyi right away.

Xia Song Jing looked in despair. He did not expect things would be turned this way. If he knew, he would not make a pass on Yu Qi.

Feng Yue leaned over to Yu Qi. "Are you okay?"

"Hmm... Don't worry. I am fine." Yu Qi nodded.

"It was kind of exciting." Feng Yue stated.

"I don't think I will stay any longer at this party." Yu Qi said.

"Sure... sure... I also want to leave." Feng Yue nodded.

"Just go and accompany your boyfriend, idiot." Yu Qi pushed Feng Yue.

"Oh, I have to go to Sun Village. I forget something." Yu Qi stated.

"Oh... I see. Okay." Feng Yue nodded.

"I will return home after that." Yu Qi said.

"Can you stay for another day?" Feng Yue asked.

"No... I need to report for duty. I have surgery scheduled for me." Yu Qi shook her head.

"Okay." Feng Yue pouted.

"If you come and visit me later, I will let you play with Aoi." Yu Qi smiled.

"Deal." Feng Yue nodded.

It had been a long time since she met that dog. Aoi always disliked her patting him. But because of his owner, he reluctantly lets her pat him.

...

Yu Qi went back to Sun Village. Her aim was to talk with the little girl.

"Dr Tang?" Zhou Wencheng was surprised to see Yu Qi here. "What are you doing?"

"I am planning to see the little girl." Yu Qi stated.

"Huh? Oh... That girl. But... She did not want to meet people." Zhou Wencheng said.

"No need to work about that. I have my plan." Yu Qi smiled.

"Okay. I will bring it to her house. But I doubt she would be there." Zhou Wencheng said, sighing.

Zhou Wencheng brought Yu Qi to the little girl's house. As Zhou Wencheng expected, the little girl was not at her house.

"You can leave first." Yu Qi said.

Zhou Wencheng left. Yu Qi stood out of the house. Her eyes began to scan the whole area. She then saw a figure of a girl in the jungle.

Beside her, there was a small fire. It seemed that she was cooking something.

Yu Qi rushed over. She quickly held the girl in case she wanted to run away again.

The girl noticed Yu Qi and wanted to overthrow Yu Qi but she could not do so. She tried over and over again.

It was impossible. Usually, she easily threw an adult. Why can't she do to this lady? She looked over at the lady. It was the same lady that she saw several days ago.

She knew a group of people came to the village. The villagers welcomed them with open arms. At that time, she thought those people were good people until they put on a white long coat.

The people who wore the white long coat was not a good person. Why? Because her parent said so.

One day, she overheard her parent's conversation about the white long coat. She was clearly hearing her mother stated that she did not want to wear that white long coat anymore.

Why? Because she did not want to be a bad person anymore. At that time, she did not understand much about that.

Until one day, a group of people came over. They were wearing a white long coat. Her mother quickly hid her in the secret basement asking her to stay quiet. She was a good girl. So, she kept her silence.

She heard the people telling her parent that the people wanted them back and wanted to take away her parent. Her parent refused and they started to fight.

Then everyone was silent. She wanted to get out of the basement. But it was locked. She tried over and over again until the door was destroyed.

Upon getting out of the basement, she saw a bizarre situation. Her parent was laying down with a hole in their stomach. Blood was over the place.

She did not understand this. She tried to call her parent several times. But anything happened. Her parent did not wake up and hug her as usual. She cried and cried.

Until someone from the village came. They were shocked when seeing the situation. Zhou Wencheng reported the case to the police.

παΠdαsNovel.com The police tried to ask her but she could not answer anything. She was in shock at that time. Since there was no evidence to catch the suspect, the police closed the case just like that.
