

Intelligent 1641

1641 Chapter 1641

The villagers helped her to bury her parent. She started to live alone. She isolated herself from others. She did not want that group of people to know about her existence. Otherwise, she might be dead.

The girl tried to make Yu Qi release her in no vain.

"Let... me go..." The girl said.

Her voice was very low. Yu Qi also could not catch that.

"I will release your hand. But you can not run away. I will not hurt or harm you. I swear." Yu Qi said.

The girl looked at the woman's face. "Really?" She asked.

Yu Qi smiled and nodded. "Yes."

"Okay." The girl said. She finally calmed down.

Yu Qi released the girl's hand. The girl did not run away as she promised.

"I am Tang Yu Qi. Can you tell me your name?" Yu Qi asked for her name.

"My name... Is... Xia Biya." Xia Biya told her name.

"What a beautiful name." Yu Qi praised it.

"Really?" Xia Biya's eyes shined.

"Do you know what is the meaning of the name?" Yu Qi asked.

Xia Biya shook her head. She wanted to know the meaning. It was the name that her parent gave.

"It means 'the precious stone.' Your parent probably thinks of you as their precious one." Yu Qi said.

Xia Biya's eyes became soft as she heard about the meaning.

"Biya, do you know that you are special?" Yu Qi asked.

Xia Biya became alerted. She looked at Yu Qi carefully.

"You are the same as them, am I right?" Xia Biya accused.

"Them? Who are they?" Yu Qi asked.

"They! They came to take my parent. They were wearing the same white long coat that you wore last time. Don't try to deny it." Xia Biya shouted.

"What happened on that day? Can you tell me?" Yu Qi asked again.

Xia Biya trembled. "They wanted to take my parent away. But my parent refused. Then, they killed my parent. Why do they kill my parent and leave me alone?" Xia Biya started to cry.

Yu Qi hugged the girl and let the girl cry in her arm. The girl cried for such a long time. She probably held back her tear for a long time.

After a while, Xia Biya stopped crying. She rubbed her eyes.

"You are special. Like me." Yu Qi stated.

"Huh? What do you mean?" Xia Biya could not understand.

"You usually can hear the sound even if it is far away. You do not feel hungry even though you are not eating for days. You also can run faster than others. Am I right?" Yu Qi listed it out.

"Yes. Are you saying you are the same as me?" Xia Biya looked at Yu Qi.

"Hmm..." Yu Qi nodded.

"Are you going to take me away?" Xia Biya asked.

"Hmm... That is only if you want to follow me." Yu Qi smiled while patting Xia Biya's head.

"What?" Xia Biya could not understand.

"I will not force you. Everything is up to you. If you want to follow me, I will bring you over. If you don't want to follow me, there is only one thing that I want you to do. You need to live healthily and talk with others." Yu Qi said.

She did not want this girl to live an isolated life. It was cruel.

"But if I follow you, those people will know about me. They will come for me and try to take me away. If I don't follow them, I will be killed as my parent." Xia Biya still could not forget what those men did to her parent.

"You will be protected. You will be fine." Yu Qi assured Xia Biya.

"Really?" Xia Biya asked again.

"Of course." Yu Qi nodded.

Xia Biya was thinking about that. Yu Qi did not rush her. She gave time to Xia Biya to think.

Well, to be honest, she wanted Xia Biya to follow her. It was not safe for her to live alone like this. If she wanted to stay, she wanted to interact with other people as well.

"I will follow you." Xia Biya made the decision.

"Great. Let's return to your house and pack your stuff." Yu Qi stated.

"Hmm..." Xia Biya nodded.

They went to Xia Biya's house. Even though Xia Biya lived alone, the house was clean and well-kept.

Xia Biya packed her stuff. She picked up the picture of her parent and packed it together.

"Sister Yu Qi, I am done." Xia Biya said.

"Let me carry your bag." Yu Qi took the bag from Xia Biya's hand.

"We will go and meet the head first before we are leaving. We need to inform him that you are leaving with me in case he might think you are missing." Yu Qi said.

So, Yu Qi together with Xia Biya went to find Zhou Wencheng. When Zhou Wencheng saw Xia Biya with Yu Qi, he was surprised.

"Dr Tang, this is..." Zhou Wencheng asked.

Well, he never saw Xia Biya face to face. This was his first time seeing Xia Biya.

"This is Xia Biya. The girl who lives there." Yu Qi said.

Xia Biya bowed. "Grandpa, thank you for always giving me some food."

"Oh... It is nothing." Zhou Wencheng waved his hand and smiled.

"I decide to take Xia Biya away. She will have a better life from now on." Yu Qi patted Xia Biya's head.

1642 Chapter 1642

Zhou Wencheng was surprised to hear the news. But who was he to stop if Xia Biya wanted to follow Yu Qi?

"I see. Have a nice life, Biya." Zhou Wencheng said.

"Grandpa Zhou, I have one request to ask you." Xia Biya said it shyly.

"Hmm? What is it?" Zhou Wencheng asked.

"Can you take care of my parent's tomb and my house? I will come home once in a while to visit them." Xia Biya requested.

"Oh... You don't need to worry about that. We will take care of that." Zhou Wencheng smiled.

"Thank... Thank you, Grandpa Zhou." Xia Biya bowed her head, appreciating Zhou Wencheng's kindness.

Yu Qi finally left the village with Xia Biya. Since Yu Qi would be returning to FINN City tomorrow morning, they stayed at the hotel first.

After dinner, Yu Qi sat in front of Xia Biya. She wanted to tell the truth about the cultivation world to Xia Biya.

"Biya, do you know something about cultivation?" Yu Qi started the conversation.

"I heard my parent talk about that before they died. Something about cultivators too." Xia Biya stated.

She remembered vividly the conversation that her parent had the day before the men came and killed her parent.

"Do you know that you are also a cultivator?" Yu Qi asked.

"Huh? I am a cultivator?" Xia Biya was surprised.

"So, your parent never tell you about that?" Yu Qi asked.

"No." Xia Biya shook her head.

"Hmm... But I know you are a cultivator. I can sense it. Since I am a cultivator as well." Yu Qi stated.

"Sister Yu Qi is a cultivator too?" Xia Biya asked.

"Yeah. I am guessing the men wanted to take your parent away because they are cultivators. But they refused. That is why they were being killed." Yu Qi said.

Yu Qi assumed they were a group of people who wanted to do some research about cultivators.

Long Hui told her that when he was fighting someone during her kidnapping, the man seemed to assume Long Hui was from another group who had cooperation with them.

So, Yu Qi could assume that they were a group of cultivators who were active in the mortal world.

"So, they were killed because of that?" Xia Biya could not hold her tear.

"Have someone come over to your house after your parent's death?" Yu Qi probed again.

"Yes." Xia Biya quickly responded. "They seemed to search for something. I think they took some documents and my parent's laptop."

Two weeks after her parent's death, another group of men arrived. They searched around the house.

Xia Biya at that moment went out to get someone from the villagers and saw some people inside her house. She hid and watched them. That was why she knew about that.

"I see..." Yu Qi nodded. "Well, I am glad to meet you. You will send you to someone who can teach you about cultivation."

"Can you teach me?" Xia Biya asked.

"Hmm... I am not a suitable person to teach you. You don't have to worry. They are nice people. They are my family." Yu Qi stated.

"I understand. Sister Yu Qi's family must be good people as Sister Yu Qi." Xia Biya was a naive kid. She thought of family as one. If someone was kind and nice, her family was probably the same.

Yu Qi did not deny it. Dian's Family was indeed nice. She was planning to see Xia Biya there to be the family's disciple. There, she would be safe and protected by Dian's Family.

She would be learning the cultivation from Dian Family as well. It would be beneficial for her in the future.

"One more thing, what is your parent's name? Do you know about that?" Yu Qi asked.

"My father's name is Xia Tingfeng. My mother's name is Wan Hualing." Xia Biya stated.

"Okay... It is late already. We should go to sleep." Yu Qi said.

"Hmm..." Xia Biya nodded.

Both of them went to bed. Probably because a lot of things happened, Xia Biya fell asleep as soon as her head touched the pillow. Yu Qi adjusted the blanket and covered the child.

Xia Tingfeng... Wan Hualing... She would ask Han Baise to gather information about these two people.

Her phone vibrated continuously meaning there was a phone call. Yu Qi got out of bed and went to the balcony to answer the phone. The phone was from Long Hui.

"Hello Dear..." Yu Qi answered the call.

There were coughing sounds on the side of the phone. Yu Qi smiled. Long Hui must not be expected her to answer his phone like that.

"You dare to tease me on the phone?" Long Hui's voice sounded extremely dangerous like this.

Yu Qi just laughed.

"Why are you not answering your phone faster?" Long Hui asked.

"Oh, I need to get away from the bed first. Since there is someone else on the bed. I don't want to wake her up." Yu Qi explained.

"What? You are sleeping with someone else?" Long Hui asked. The tone was very menacing.

"Don't be jealous. She is a small girl. I decided to bring her back with me. I am going to return home tomorrow morning." Yu Qi quickly said.

This vinegar jar needed to be taken care of as soon as possible. Yu Qi rolled her eyes.

"But..." Long Hui dragged his word.

"But what?" Yu Qi asked.

1643 Chapter 1643

"I am still jealous thinking that someone else sleeping with you." Long Hui said.

"Well, I also sleep with someone else last night." Yu Qi stated.

"What? Who?" Long Hui asked.

"Feng Yue..." Yu Qi dropped a name.

"Oh... Her..." Long Hui grinned.

Feng Yue who was with Xia Zi Qie at the moment felt a shiver on her back. She looked around seeing nothing.

"It is already late. You should go to sleep." Yu Qi stated.

'Well, if I am with you right now, we will not be going to sleep." Long Hui said.

Long Hui flirted with her on the phone. She was blushing.

'Okay. I will end the conversation now. See you when I return.' Yu Qi coughed.

"Okay... Goodbye, my beloved." Long Hui said.

The call ended there. Yu Qi entered the room back. When she got onto the bed, Xia Boya woke up from her sleep.

"Oh, sorry. I am waking you up. You can go and sleep again." Yu Qi patted Xia Boya's head.

Xia Boya returned to her sleep again.

.....

"She is the one?" Dian Shu Xian asked while looking at the girl.

"Hmm... This is Xia Biya. Biya, this is my cousin. You can call her Brother Xian." Yu Qi introduced both of them.

Xia Biya bowed a little to Dian Shu Xian while hiding behind Yu Qi. She was a little scared of men.

"Biya, he is a cultivator as well." Yu Qi stated.

The reason why Yu Qi revealed that in the past, Xia Biya thought she was abnormal was because of her power. She isolated herself from the villagers because of that reason too.

Yu Qi wanted Xia Biya to throw that thought.

"Is he?" Xia Biya asked.

"Hmm... You will also have friends with that kind of power at your age." Yu Qi nodded.

"I see." Xia Biya smiled. She was kind of excited to see them.

Dian Shu Xian was the first person that she consulted about Xia Biya. He was also the person who suggested that Yu Qi should bring Xia Biya to Dian Family to become Dian Family's disciple.

Xia Biya would be safe staying at Dian's Family. Whoever had thoughts on meeting or kidnapping Xia Biya, they would need to face Dian Family first.

"When do you want to bring her to Dian's Family?" Dian Shu Xian asked.

"Hmm... This weekend." Yu Qi said.

"By the way, where is your fiance?" Dian Shu Xian did not see Long Hui around.

"Well, he had been assigned to a mission yesterday right after I touched down. So, we did not have time to see each other. Sigh... What a twisted fate. I really miss him." Yu Qi said.

Dian Shu Xian regretted asking that. This girl really liked to feed others dog food.

Yu Qi brought Xia Biya to stay at Tang House. Yu Qi told them that Xia Biya was her friend's daughter.

Xia Biya would be staying here before going to Dian's Family. Tang Family did not mind at all. They could still feed another person without bankrupt.

Xia Biya was not silent as much as they first met. She was active to play with Tang Heng Nuo.

Yu Qi took out Aoi and Shino as well to play with Tang Heng Nuo and Xia Biya. As for Tang Bo Lin, he was also there but reading some books. His eyes sometimes looked over at his twin.

Yu Qi contacted Han Baise regarding Xia Biya's parents.

Q: I want to find information about two people.

Shiro: Name?

Q: Male, Xia Tingfeng. Female, Wan Hualing.

Shiro: I will contact you later after have the information.

Q: Okay.

Feng Yue contacted her to update them about her story. It seemed Old Master wanted Xia Zi Qie to inherit the company.

Quan Suiyi was against the idea strongly. She was still in the mindset that the oldest son would inherit everything.

Xia Zi Qie did not want to fight his mother. So, he refused the offer. He told Old Master Xia that he already had his own business. That he was comfortable managing his own business.

Old Master Xia was disappointed but there was nothing that he could do to change Xia Zi Qie's decision.

As for Feng Yue, of course, she would support her boyfriend's decision. It was better for him to work at his own company.

Well, it was because Xia Zi Qie's office was close to Feng Yue's office. It was easy for them to meet up.

...

"She is coming here?" She asked.

"Yeah. I have confirmed it. She even brought two tickets." The informant stated.

"So, she is coming with her fiance." The woman sighed.

"I don't think so." The informant said.

"Why?" The woman asked.

"As I know, her fiance left for his job." The informant said.

"So, who is coming with her?" The woman asked.

"I still don't know about that." The informant stated. "Well, she has someone following her around. It would be hard to deal with her."

"Do you know how many people around her?" The woman asked.

"Maybe around 3 to 4 people. It depends. But I don't think they would assign a lot of people around her this time. Since it was the nation that she frequently travelled and it is safe there." The informant said.

"I see... I will find the people who interested with that job. I hope I can find them before she comes."

The woman stated.

1644 Chapter 1644

Yu Qi walked with Xia Biya together with Aoi in the pet carrier. She wanted to bring Aoi openly.

Aoi did not want to sit in the pet carrier but as his master requested, he sat obediently. When they went to check in for Aoi, the person in charge praised Aoi for being obedient.

The gate finally opened after one hour. They boarded the plane. Xia Biya wanted to have a window seat. So, Yu Qi booked a window seat and a middle seat.

They sat at the booked seat. Then, came a woman with a young boy. The boy wanted probably about 10 years old or something like that.

"Hey, you. Change your seat to my son's seat." The woman suddenly pointed her finger at Xia Biya and said that.

Xia Biya was surprised to get yelled out like that. She held Yu Qi's hand. She was not used to facing people like that.

Yu Qi frowned. "No." She answered on Xia Biya's behalf.

"I am not asking you. I am asking her." The woman shouted at Yu Qi.

"She is my sister. And she is not changing her seat." Yu Qi stated.

"I am telling you to move and let my son sit there." The woman shouted even louder.

Xia Biya trembled. She was about to eat.

"Don't worry. She can not do anything to you." Yu Qi calmed Xia Biya down.

"Mom, when can I get seated?" The young boy asked.

"Wait a moment, my dear. I will let you have the seat." The woman said to her son.

"Hurry up. I can not wait any longer." The young boy said.

pandasnovel.com "Do you hear that? My son wants to sit there. Hurry up and leave." The woman said.

The stewardess noticed the commotion and came over.

"Is there anything wrong here?" The stewardess asked.

The woman quickly answered that. "My son wants to sit at the window seat but these two don't allow him." She pointed at Yu Qi and Xia Biya.

"So, they steal your seat?" The stewardess asked again.

"Yes." The woman nodded proudly while glancing at Yu Qi.

The woman was stupid that she thought the stewardess was on her side.

"Then, can I see your ticket?" The stewardess asked the woman. She then turned to Yu Qi. "And yours, as well."

"Sure." Yu Qi smiled. She took out the ticket and gave them to the stewardess.

The woman became awkward. Of course, she did not dare to give the ticket to the stewardess. It was not their seat.

She wanted to snatch the window seat. She chose Xia Biya as a victim. She thought Xia Biya would obediently give the seat to her seat.

She never expected that that girl's sister was a tough one. She did not give up at all.

The stewardess checked Yu Qi's ticket and gave them back to Yu Qi. "Thank you. It is indeed your seat."

"Madam, may I see your tickets, please?" The stewardess asked nicely.

The woman still did not do as the stewardess requested.

"Madam, if you refuse you sit at your seat, I can escort you and your child out of the plane." The stewardess threatened the woman while smiling.

The woman knew that she would be in trouble if she and her child did not board this plane. She reluctantly left to go to their seat while pulling her son's hand. Before she left, she glared at Yu Qi as her eyes relayed some messages like 'Just wait' or 'I will make you pay for that'.

Yu Qi could hear her son asking her why he could not get to sit at the window seat.

"Are you okay?" Yu Qi asked Xia Biya.

"Hmm... I am okay." Xia Biya nodded.

"Don't worry. She can not have your seat. You can enjoy the view outside the window." Yu Qi rubbed Xia Biya's head.

Xia Biya was a quiet girl. She enjoyed the outside view so much. Well, even though she was afraid when the plane was about to take off. She held Yu Qi's hand tightly.

They also enjoyed a meal provided by the stewardess. Aoi who sat inside the pet carrier beneath Yu Qi's seat also got something to eat. Well, it was prepared by Yu Qi. The plane did not provide any food to the pet.

After that, Xia Biya fell asleep. Yu Qi put a blanket to cover her body. It was kind of cold inside the plane.

Yu Qi also took some rest closing her eyes but not sleeping. After that, she went to the toilet. After getting out of the toilet, she saw the woman again.

"I will make sure you will get my revenge." The woman said. She then went to the economy class.

Yu Qi was surprised. She thought the woman was in the business class but she was in the economy class.

So, she just wanted to scam into the business class. What a stupid woman. She ignored the warning and returned to her seat.

Xia Biya already woke up. She was relieved to see Yu Qi again.

"Are you want to go toilet?" Yu Qi asked when seeing Xia Biya looking at her.

Xia Biya shook her head shyly and turned to the window to see the outside.

"I think we will be landing soon." Yu Qi said.

"Really?" Xia Biya asked.

"Hmm... It is about time." Yu Qi stated.

1645 Chapter 1645

The flight ended safely. They unboarded the flight. They walked to the arrival hall after getting their bags.

Yu Qi did not need to look around to find Dian Qi Qi. She stood out with her Gothic Lolita fashion.

Dian Qi Qi also saw Yu Qi. She quickly lifted her hand and waved.

"Sister Yu Qi, Sister Yu Qi." Dian Qi Qi called Yu Qi's name.

Everyone looked at Dian Qi Qi and Yu Qi. They both stood up in their ways.

Dian Qi Qi ignored everyone's looks and hugged Yu Qi.

"I miss you, Sister Yu Qi." Dian Qi Qi said.

"Alright... Alright..." Yu Qi patted Dian Qi Qi's head.

Dian Qi Qi looked over Yu Qi's shoulder. Her eyes met Xia Biya's eyes.

"Oh... Is it the one that you have been telling us?" Dian Qi Qi asked Yu Qi while her eyes did not move from Xia Biya.

Xia Biya was a little bit afraid when Qian Qi Qi looked at her like that. Yu Qi flicked Dian Qi Qi's forehead.

"Ouch, that's hurt. You don't love me anymore since you have a new sister." Dian Qi Qi whined.

"Stop whining. Otherwise, I can flick your forehead again but this time using my full strength." Yu Qi grinned

Dian Qi Qi quickly protected her forehead and stepped back. "Wait, you might kill me if you use your full strength."

"Xia Biya, this is Dian Qi Qi. The family members, the ones that I have been telling you." Yu Qi introduced Xia Biya to Dian Qi Qi.

"Sister Qi Qi, I am Xia Biya. Nice to meet you." Xia Biya bowed her head.

"Oh... So..." Dian Qi Qi dragged her words.

Yu Qi and Xia Biya were waiting for her to finish her word.

"Cute. I can not wait to dress her up." Dian Qi Qi looked at Xia Biya excitedly.

"Don't push your weird fashion style to an innocent girl." Yu Qi stated.

"Sister Yu Qi, how could...." Dian Qi Qi did not finish her word when she heard someone shouting.

"That's them." A woman's voice shouted.

They looked over and a family of three walked to them. Dian Qi Qi might not know them but Yu Qi and Xia Biya knew them. Well, two of them.

It was the same woman and son that they encountered inside the plane. Xia Biya was scared to see the woman again.

Yu Qi noticed that quickly hid Xia Biya behind her.

"Dear, these two little bitch cause problems to me in the place." The woman complained to her husband.

The husband was surprised to see how beautiful Yu Qi was. He was thinking lewdly about Yu Qi.

Dian Qi Qi who listened to the insult became very angry. "What? Little bitch? Watch your mouth, your hippo."

"What? Hippo? Dare you to insult me?" The woman said. "Dear, do something." She swung her husband's head.

Her husband looked at Dian Qi Qi. He seemed to see Dian Qi Qi somewhere but could not remember it.

"Apologize to my wife and son." The man demanded.

"For what? For not letting your son sit on the window seat that your wife never paid for? Your wife bought the economy class seat but demanded my sister to give her business class seat up. Is your wife crazy or stupid?" Yu Qi snorted.

"Or maybe she is both? She seemed to like it." Dian Qi Qi added insult to the injury.

"You!" The woman pointed her finger at Yu Qi.

"You seem like to point your finger at others. Just be careful, you might lose your finger." Yu Qi glanced at the woman's finger.

The woman felt scared and put down her finger quickly.

"Yu Qi, Qi Qi? Is there any problem?" Dian Ren Qi appeared out of nowhere. He asked because he could feel the angry aura coming from his sister.

The man became pale and stunned as he saw Dian Ren Qi. He just remembered where he saw the girl in the weird-looking clothes. It was at the company that he worked.

The girl came from the family that owned the company. He messed up. He messed up. The girl was the younger sister of his big bosses.

"I am sorry." The man bowed down 45 degrees, apologizing to them.

They were shocked especially his wife.

"Dear, what are you doing?" The woman asked.

"Shut up, you idiot. You are ruining my career." The man scolded the woman.

"What is going on here?" Dian Ren Qi Qi asked.

"The family demand Sister Yu Qi and Little Biya to apologise to them because they did not give up their seat to this woman and her son. And for your information, she bought the economy class seat and Sister Yu Qi bought the business class seat." Dian Qi Qi already understood what happened to Yu Qi and Xia Biya from the talking before.

"Oh..." Dian Ren Qi looked at the man. "Hmm... You are an employee at our company."

"Yes, Sir. I deeply apologise from the bottom of my heart." The man apologized again.

The man put his hand on his wife's head and forced her to bow as well. The woman struggled to stand up.

"Apologise to them. Otherwise, I will divorce you." The man warned the woman.

The woman was shocked to hear the matter. If she got divorced, her life would be ruining.

"I am sorry." The woman finally apologized.

"Just leave." Yu Qi said.

The man bowed once again and pulled his wife and son left.

1646 Chapter 1646

"Oh, you are here, Yu Qi." Great-grandpa Dian was happy to see his great-granddaughter.

Great-grandpa Dian looked behind Yu Qi.

"Great-grandpa, what are you looking at?" Yu Qi asked.

"Hmm... Your fiance does not come too?" Great-Grandpa Dian asked.

"I am been meaning to ask you this, Do you like him more than me?" Yu Qi asked.

Great-grandpa Dian coughed several times to cover his embarrassment.

"You are my great-granddaughter. He is the man who steals you. I just want to have someone that could be my fighting partner." Great-grandpa Dian looked at somewhere else.

Both Dian Qi Qi and Dian Ren Qi held back their laugh. Great-grandpa Dian saw Xia Biya who was at Yu Qi's leg staring at him. He found the topic to change. He kneeled down and showed a smile to Xia Biya.

"Is this the girl that you told us about?" Great-grandpa Dian asked.

"Hmm..." Yu Qi nodded.

"She is indeed a cultivator. I can feel the power inside her body." Great-grandpa Dian said. "Hello, little girl."

Xia Biya braved herself and greeted Great-grandpa Dian. "He... Hello." She bowed.

"Biya, you will stay here in the future. You can call me Great-grandpa Dian." Great-grandpa Dian smiled.

Xia Biya nodded shyly.

"I will stay for a couple of days here to make sure she is comfortable with you guys." Yu Qi stated.

"Great. I want to hang out with you, Sister Yu Qi. We are going to go shopping." Dian Qi Qi hugged Yu Qi's arm excitedly. "Oh, Biya can come with us. I always imagine her in the clothes that I buy."

"Don't put on the weird clothes as you on her." Dian Ren Qi said.

"What do you mean by weird? Come and fight me." Dian Qi Qi shouted.

"Sure. We can slot the thing out." Dian Ren Qi waved her finger provoking Dian Qi Qi.

Both of them started to fight. Even though Dian Qi Qi's strength was below Dian Ren Qi's, Dian Qi Qi's blow managed to land on Dian Ren Qi's body multiple times.

Xia Biya watched the fight with interest. She wondered if she could fight like that in the future. If she became strong like that, she could fight those people who killed her parents one day.

"Interesting, is it?" Yu Qi asked Xia Biya.

"Hmm..." Xia Biya nodded. "Can I become strong like this?" Her eyes were shining.

"Of course, if you fight for it." Yu Qi rubbed Xia Biya's head.

"I will do anything to become strong." Xia Biya promised.

Great-grandpa Dian smiled when he heard the declaration. They got a good disciple.

....

Yu Qi and Dian Qi Qi took Xia Biya shopping as promised yesterday. They wanted to buy stuff for Xia Biya. Like things that she needed for daily use.

Yu Qi also wanted to decorate Xia Biya's room as well. Xia Biya got a room that was enough for her. It was already completed with a bed, wardrobe, table and also chairs.

"You will need a lot of pants. So, let's go and buy it." Yu Qi nodded.

"Yes, Sister Yu Qi." Xia Biya nodded.

They went to the store that sold clothes for children. Even though Xia Biya was 12 years old, she was smaller compared to the normal 12-year-old girl.

It was probably because she did not get the nutrition needed for a girl of that age.

The girls were having fun choosing clothes for Xia Biya. The three of them got a lot of attention especially Dian Qi Qi in her gothic fashion.

A kid even stopped and asked her mother about the clothes that Dian Qi Qi wore. The mother quickly pulled the kid after getting a glance from Dian Qi Qi.

After that, Dian Qi Qi pulled them to go to her favourite store that sold gothic clothes. Coincidentally, Cindy, the fashion designer was at the store today.

"Cindy, you are here today." Dian Qi Qi greeted Cindy.

"Oh, yes. Long time no see." Cindy hugged Dian Qi Qi.

Cindy was also wearing the same kind of style but a different colour.

"Do you remember her?" Dian Qi Qi asked Cindy while pointing at Yu Qi.

"Of course, I remember. She already collaborated with me." Cindy stated.

"Huh?" Yu Qi was confused. Then she remembered something. "Oh, your mind, HuiQi Jade?"

"Yeah. It is very beautiful. The jewellery suits my latest collection. After the fashion show, a lot of people came to me asking about the jewellery that was used in this collection. They were eager to buy the jewellery as well. So, I told them about your brand.

Well, some of them were disappointed when hearing that your store was only available in Binhai Nation. But some of them told me that they would be there soon." Cindy was excited to tell Yu Qi about the news.

"Oh, no wonder, the sales recently increased. It is probably because of you. Thank you." Yu Qi said.

"It is nothing. We are doing business. If we can profit together, it is great." Cindy smiled.

"Where is a new collection?" Dian Qi Qi asked.

"Over there. Come, I will show to you." Cindy said.

Dian Qi Qi was excited to see the new collection. Both Yu Qi and Xia Biya just followed from behind.

"The clothes here are unique." Xia Biya commented.

"What do you think? Do you think it is beautiful or ugly?" Yu Qi asked.

"Hmm... It is certainly not ugly..." Xia Biya stated.

Yu Qi laughed when she heard the statement. "Indeed."

"But Sister Qi Qi looks cute in the clothes." Xia Biya said.

"Oh, Biya is also interested in clothes. Let me buy something for you." Dian Qi Qi heard the compliment so, she wanted to buy some for Xia Biya.

"No need for that." Xia Biya shook her head.

"Don't worry if you are mind about the money. Come and choose which one that you like." Dian Qi Qi said.

Xia Biya had no choice but to choose one. Cindy also helped Xia Biya by showing a lot of cute clothes for the children.

After a lot of time thinking, Xia Biya finally chose one of the clothes. The one that she chose was quite normal if compared to Dian Qi Qi's clothes.

They finished shopping at the store. The mall seemed to have a lot of visitors. It was probably a peak hour.

They were walking around. Xia Biya was interested in looking up because they were a light attraction that hung up.

While Xia Biya was looking up, she did not notice people ahead. Then she felt her body being lifted and being thrown.

People were screaming seeing the situation.

"Biya!"

She heard the voice shouting her name. It was Yu Qi. Then she felt that her hand was being grabbed. She looked up and saw Yu Qi was holding onto something in her hand while her other hand was grabbing Xia Biya's hand.

"Are you okay, Biya?" Yu Qi asked.

"Yes." Xia Biya said.

"Hmm... Can you climb up to my body?" Yu Qi asked.

"Huh? But... It will endanger you, Sister Yu Qi." Xia Biya was worried about Yu Qi. "Sister Yu Qi, it is better that you can just let me go."

"What are you talking about? I will never let you go, understand!" Yu Qi scolded Xia Biya. "We will be safe."

"Sister Yu Qi, Biya, are you okay?" Dian Qi Qi shouted.

"Hmm... Call the police." Yu Qi answered.

People saw the situation as very about both of them. They wondered how long Yu Qi could hold on.

"Biya, listen to me. Climb up to my body. Trust me." Yu Qi said.

"Miss, you should not ask her to do something like that. It will endanger the situation. She might fall down or you might lose your grip." A person shouted.

Xia Biya hesitated again when she heard the reminder.

"Biya, ignore others and trust me." Yu Qi ignored the reminder and looked down straight at Xia Biya's eyes.

Xia Biya decided to trust Yu Qi as she trusted her when Yu Qi came and took her away. She slowly climbed up to Yu Qi's body.

Yu Qi's instinct told her that someone was watching her. She began to look around. She saw something interesting.

'Boya, did you see what I am seeing?' Yu Qi quickly communicated with Boya.

'Yes, Master. It seems someone is pointing his sniper rifle at you.' Boya stated.

'Hmm... Someone is trying to kill me. I wonder who.' Yu Qi said. 'Aoi, Shino, come out. Go and restrain that person until I go and see him.'

Sere was evolved. She did not need to take her contracted beast by herself. They could come out by themselves. They only needed permission from her.

Aoi and Shino came out and rushed in the sniper's direction.

The sniper thought it was a good time to kill Yu Qi. He aimed for Yu Qi's head and shot.

Yu Qi narrowed her eyes when she saw the bullet coming in her direction. Using her power, she created a barrier. The barrier reflected the bullet making the bullet change its direction.

The bullet hit the surface next to Yu Qi. The sniper was surprised. He could not believe that he missed. He aimed again.

However, before he could shoot again, his body had been stepped on by something heavy. He turned around and saw a wolf-like animal step on her back.

"Argh!!!" The sniper shouted in pain as Aoi stepped harder.

The sniper could feel the organs inside his body being crushed by the pressure.

Then something else was biting his fingers. Once again, he shouted in pain. It was a ferret. It bit his fingers until they were bleeding.

Because of the pain, he let his sniper rifle go. The ferret quickly took the sniper rifle away from him. The ferret put the sniper rifle far from him.

The ferret came back to him and slapped his face several times. It was a hard slap. He did not know how a small animal like this ferret could slap a human's face and cause so much pain.

The wolf still stepped on his body making him could not be moved at all.

As for Yu Qi and Xia Biya, after carefully trying to climb up to Yu Qi's body several times, Xia Biya successfully climbed up.

"Biya, hold my body tightly." Yu Qi said.

Xia Biya followed the instructions by holding Yu Qi's body tightly. She was like a koala hugging its mother.

"What are you trying to do?" The person shouted when he saw Yu Qi was about to move.

Everyone was shocked when Yu Qi began to move by climbing up. This girl was very strong. Not only she could hold the girl's weight, but she could easily climb up.

"Qi Qi, take Biya." Yu Qi asked Dian Qi Qi.

1648 Chapter 1648

Dian Qi Qi grabbed Xia Biya and put her on the floor. Yu Qi also successfully climbed up.

"Thank goddess." Yu Qi said.

Everyone was stunned. The victim was so relaxed and did not panic at all.

"Miss, are you truly okay?" A person asked.

"Hmm... Thank you for asking." Yu Qi nodded.

"Miss, I wonder what is your occupation?" Another person asked.

"Hmm... A doctor." Yu Qi said.

Some of them could not believe that. They thought Yu Qi might be an athlete who specialised in climbing. That was why Yu Qi had strong arms.

The police arrived.

"Where are the hanging people?" The police asked.

The firefighters were also there. They were informed that two people were hanging by. A woman and a young girl.

"There they are." A person pointed to Yu Qi and Xia Biya.

"What? Who save them?" The firefighter asked.

The person who saved them was very skilful.

"No one. The woman climbed up herself." The person said.

"What?" The police and firefighters were shocked. "Climb up?"

"Yeah. I have a video here." The person said.

He showed the video showing the process of how Yu Qi climbed up by securing the safety of the young girl. The police and firefighter were impressed with Yu Qi's strength.

"Miss, are you okay?" The police approached Yu Qi and Xia Biya.

"Yes." Yu Qi nodded.

"Miss, you are impressive. Are you interested in joining us?" The firefighter asked.

"Hey, I am about to ask her that." The police said.

The onlookers were dumbfounded by the situation.

"No. I already have a job." Yu Qi shook her head.

"What is your job?" The police asked.

The firefighter also wanted to know.

"A doctor." Yu Qi said.

The police and firefighters could not fight that. It was also an honourable job. Not all people could be a doctor.

"I see. Well, let's look at the incident. How is this happening?" The police began to investigate the incident.

"Biya, can you tell us what happened?" Yu Qi asked Xia Biya.

Yu Qi also did not know what happened. She just saw Xia Biya fall over and rushed to save Xia Biya. And it was impossible for Xia Biya could fall by herself because the fence was quite high.

"Someone lifted me up and threw me over." Xia Biya said.

"What?"

Everyone was shocked when they heard what Xia Biya said.

"Is it true?" The police asked for another confirmation.

Xia Biya grabbed Yu Qi's clothes. "Yes. It is true."

"Do you see the face?" Yu Qi asked.

"No. That person covered the face." Xia Biya shook her head.

It was an end clue.

Yu Qi thought of something. The sniper was aiming for her head just now. Was the person targeting her or Xia Biya?

If the sniper succeeds in killing her, Xia Biya also die because she will fall.

Did the force who killed Xia Biya's parents know that Xia Biya was here and came to kill her?

There were a lot of questions in Yu Qi's mind thinking about this matter. If someone targeted her by wanting to harm Xia Biya, she would feel guilty about getting Xia Biya involved in her matter.

"Hmm... Let's go to the police station first. We need to take your statement first. We will investigate this matter with the management shopping mall too." The police said.

"Sure. Let's go." Yu Qi said.

So, they went to the police station to give their statement. Before going to the police station, Yu Qi remembered Aoi and Shino.

'Aoi, Shino, wait there. Don't let him escape. I will come back later.' Yu Qi said to Aoi and Shino.

'Okay, Master.' Aoi and Shino said.

The sniper was hurt so much. He did not know how long he would last.

"I need some water." The sniper said.

Aoi and Shino looked at each other.

'What should we do?' Shin asked.

'Ignore him.' Aoi stated.

'Hmm... What if this person dies? The master might be angry at us.' Shino said.

Aoi was silent. Master's order was only to restrain him, not kill him.

'Hmm... You are right. You can go and find some water for him.' Aoi said.

'Huh? Why me?' Shino pouted.

'Because I need to be here to restrain this man.' Aoi said.

'Oh... Okay... Okay... I will find water.' Shino gave up fighting with Aoi.

'You should check his bag first.' Aoi pointed at the bag not far from them.

Shino went to the bed and opened the bag. It was indeed a bottle of water inside. He took it out and went back to the sniper.

The sniper had his hand moved and grabbed the bottle. He drank the water several gulps.

Shino snatched the bottle back. 'That's enough.'

The man regretted taking the job. He thought it was an easy task. To kill a woman. He also did not think that others would create the opportunity for him. But he failed.

And now, he had been caught by two strange animals. They seemed to be intelligent as they could understand his words just now that he wanted some water.

He wanted to click on the emergency button in his pocket. If he clicked on the emergency button, someone would get his location and send someone over. But the ferret also took the emergency button and destroyed it.

Even his phone had been destroyed as well. He could not contact anyone. He wondered how long he would be here.

1649 Chapter 1649

They left the police station after giving their statement to the police. The police at the station were surprised by the story. They almost could not believe their ear but the police officers who went to the mall showed them the video where the things occurred.

Once again, they began to ask Yu Qi if she would like to join the police force. Yu Qi told them that she already had a job as a doctor and she did not have any intention to change that.

Xia Biya was still looking pale. She was scared of the incident. She was holding Yu Qi's hand without letting it go.

Yu Qi noticed that. She smiled at Xia Biya.

"Don't worry. We will not let something like this happen to you ever again. I promise." Yu Qi comforted Xia Biya.

Seeing Yu Qi's smile and hearing Yu Qi's voice made Xia Biya feel comfortable and less pale.

"Let's go home, shall we?" Yu Qi patted Xia Biya's head.

"Hmm..." Xia Biya nodded.

Three of them returned home. Yu Qi sent Xia Biya to her room. Xia Biya did not want Yu Qi to leave her alone yet. She still felt scared about what happened just now.

"Don't worry. Those people can not harm you here." Yu Qi said.

Yu Qi accompanied Xia Biya until she fell asleep. After that, Yu Qi left.

Dian's Family already knew what happened to them. They would also be investigated that matter.

"My contracted beasts already caught someone. They are holding him right now." Yu Qi stated.

"What? Have you already caught someone? Is he really involved?" Dian Qi Qi asked.

"Actually, while I was hanging up, I noticed someone had been observing me far away. I saw that he was holding the rifle. He was aiming at my head." Yu Qi stated.

"What?" Everyone was surprised.

"So, I suspect the target might be me. People thought I would jump to save the girl. If I die by jumping over, the job is done. If I am hanging up like today, the sniper will take over." Yu Qi gave her opinion.

"But they never expect that the sniper fails at the end."

"So, your contracted beasts are holding the sniper right now." Grandpa Dian said.

"Yeah." Yu Qi nodded.

"Bring him over. We will find out the mastermind behind this incident." Great-grandpa Dian said. "Zin Fang, Ren Qi, go with Yu Qi."

"I want to go too." Dian Qi Qi said.

"Oh, Grandma, please take care of Biya. She is still scared about the incident. Send someone to accompany her." Yu Qi said to Grandma Shu.

"Sure." Grandma Shu nodded.

So, four of them headed out.

Shino and Aoi were bored waiting for their master. The sniper already fainted several times before being woke up by Shino.

"Please, let me go." The sniper begged them.

Aoi and Shino ignored the plea. Why would they listen to the person who wanted to kill their master?

'Master is coming. She is nearby.' Shino said.

'Hmm... Finally, I am already bored to death.' Aoi said.

They finally arrived at the top of the building. It was not easy to get access to the top of this building.

They asked the permission from the owner. Luckily, Dian Zin Fang knew the owner and got permission.

Shino jumped over to Yu Qi. 'Master, you are finally here.'

'Good job, Aoi, Shino.' Yu Qi said.

The sniper was surprised to see his target in front of him right now. So, the animals was hers.

"How do we transport him without anyone noticing him?" Dian Ren Qi asked.

"Let's tie him first before discussing." Yu Qi said.

Dian Zin Fang and Dian Ren Qi tied the sniper. Dian Zin Fang also sealed his mouth.

"Master, do you have something to eat? I am hungry." Aoi pouted.

"Me too, master," Shino said.

Dian Qi Qi laughed. "Sister Yu Qi, your contracted beasts are really a foodie."

Yu Qi took out some food that she already packed for them.

"Bear with this first. I will cook for you later." Yu Qi said.

"Yes, Master." Aoi and Shino quickly ate the food.

The sniper who watching the situation had his eyes wide open. The animals could talk. And these people saw the situation as a normal thing.

Who were these people? What were their identities?

"So, what is the plan?" Dian Ren Qi asked.

"Hmm... Just let him walk by himself." Yu Qi said.

"He might run away." Dian Qi Qi replied.

"Hmm... Don't worry. Aoi will sit on his head. With Aoi guarding him, he would not dare running away." Yu Qi suggested.

The sniper listened to the plan, shaking his head. He would die if the wolf sat on his head, let alone walking.

"Not only that, Aoi would make him invisible." Yu Qi said.

"Hmm... That is a great idea." Dian Zin Fang agreed with the suggestion.

"Since it is a plan, let's get it over. I want to go home." Dian Qi Qi said.

The sniper shook his head and moved his body, protesting the plan. He would die. No. He did not want to die yet.

"Stand up properly." Dian Ren Qi glared at the sniper.

Aoi changed his size to a small one. He jumped over to the sniper's head. The sniper was stunned to see Aoi change its size right in front of him. He could not believe this situation. Everything was so bizzare.

1650 Chapter 1650

They arrived at Dian Residence. Dian Zin Fang ordered the servant to take the sniper to the dungeon. Since it was already night, they would deal with the sniper the next day.

The maid rushed over to get Yu Qi. Xia Biya woke up and asked for Yu Qi several times. She did not want to see anyone else.

Yu Qi went to see Xia Biya. Xia Biya was relieved to see Yu Qi. She hugged Yu Qi in silence.

"Biya, what's wrong?" Yu Qi asked with a soft tone.

"Sister Yu Qi, am I going to be hunted?" Xia Biya asked.

"Why are you asking so?" Yu Qi asked back.

"Those people tried to kill me today. I accidentally harmed Sister Yu Qi as well. I am a jinx." Xia Biya blamed herself.

Yu Qi forced to Xia Biya to look up at her.

"Don't ever think like that. You are not a jinx and you will never become one, understand?" Yu Qi wanted Xia Biya to throw that thinking.

"But..." Xia Biya wanted to say something.

"No, but." Yu Qi said. She sighed. "Actually, today's incident was about me."

"Huh? What do you mean, Sister Yu Qi?" Xia Biya could not understand.

"The whole incident was aiming for me. Someone wants to kill me. That is why I don't want you to blame yourself." Yu Qi sighed again.

"But, no one wants to kill you, sister Yu Qi." Xia Biya said.

"Who tells you no one wants to kill me, hmm?" Yu Qi asked. "Biya, some people are aiming for me. But they did not succeed each time because what? Because I am stronger and clever than them."

Xia Biya was silent.

Yu Qi continued again. "I want you to become like that as well. That is why you are here. To learn to be strong and protect yourself. Once you can protect yourself, you can protect others too."

Xia Biya looked at Yu Qi. Her look on her eyes already changed. She wiped the tears from her eyes.

"Sister Yu Qi, I will be strong." Xia Biya said with a strong determination.

"Great." Yu Qi smiled. "Oh, it is dinner. Let's go and eat dinner together, shall we?"

"Hmm..." Xia Biya nodded.

...

The next day, Great-grandpa Dian, Grandpa Dian, Dian Zin Fang and Dian Qi Qi were going to the dungeon with Yu Qi.

Dian Ren Qi wanted to join them but he had a meeting that he would not miss out on.

They wanted to meet the sniper. And wanted to deal with him as well.

The sniper was in a better condition now. He had been stepped on by something heavy that could crush his body for many hours. It was a torture for him.

Aoi and Shino also followed them seeing the sniper. Once the sniper saw them, he stepped back in fear. Even though these animals looked so cute right now, he would not be deceived by that.

The servant took the sniper to the room. He was forced to sit on the chair, tied up, facing the people in front of him. I think you should take a look at pandasnovel.com

"Tell me, who paid you to kill my great-granddaughter?" Great-grandpa Dian asked.

The sniper was silent. Well, he was trained not to reveal their employer.

"Oh, you don't want to talk?" Dian Qi Qi stepped forward but was stopped by Dian Zin Fang.

"Calm down." Dian Zin Fang said.

"You should tell us if you don't want to get hurt." Grandpa Dian said.

Still silence. The sniper just ignored the question.

"Hmm... It seems he wants to be tortured." Yu Qi smiled.

She then asked the servants to lay the sniper down. The servant did what Yu Qi ordered. The sniper was lying on the floor with his back up.

"Aoi, change your size." Yu Qi said.

Aoi immediately changed his size to a bigger size. The sniper saw this and wanted to get out. He tried to crawl even though his body was tired up.

"Go and sit on him." Yu Qi said.

Aoi stepped on the sniper's back. The sniper remembered yesterday's pain.

"Argh!!!" The sniper screamed in pain.

"Do you want to say something?" Yu Qi asked.

"Argh!! Ah!!! Argh!!!" The sniper screamed again.

"Aoi put some pressure." Yu Qi said.

Then, the sniper let out another loud scream. It continued for several times.

"I give up... I give up. I will tell you everything that I know. But please let this animal go away. The sniper begged.

He could not handle this anymore. It hurts so much.

Yu Qi signalled Aoi to stop. Aoi jumped down and went to Yu Qi's side. Yu Qi rubbed Aoi's head.

"Good job." Yu Qi praised him.

"Then, tell us everything." Great-grandpa Dian stated.

The sniper began to tell his story. It was a few days ago. He was on the black market website looking around for the job that he could do.

Then, he came across the quest asking to kill a doctor. There was also a picture attached to it. He thought it was an easy job since the woman in the picture seemed weak.

He never thought that he would come across as a freak. No! Not a freak but a bunch of freaks. His teacher told him that there were strange people in this world and advised him not to get involved with them.

But here he was. Caught by the strange people. He really wanted to cry.
