

Intelligent 1671

1671 Chapter 1671

Yu Qi was busy with her work again. Surgery, research and meetings. It was meeting with Su Yu Hi.

The project World Class Resort had been in the final stage. It was a project based in Guanying City, where Yu Qi had her internship.

Yu Qi became one of the shareholders of this mega project when it was just in its early stages. Now it was entering its final stage.

It was a project together with the Guanying City Mayor. She went to Guanying City to see the construction of the World Class Resort in her free time.

Long Hui could not follow her because of his work. When Yu Qi was getting ready for the trip to Guanying City, Long Hui reminded her several times about the sober pills.

He told Yu Qi to bring them everywhere. He was very scared that Yu Qi would drunk. Yu Qi wasn't just laughing telling him that she would not forget about that anymore.

Yu Qi would remember to get a pill before she started drinking.

At first, Yu Qi would be travelling with Su Yu Hi but he could not join her because Song Su Jin was sick.

Song Su Jin wanted Su Yu Hi not to worry about her and go with Yu Qi but he insisted on staying and informed Yu Qi about that.

Yu Qi did not make a fuss about that. It was not her first time travelling to Guanying City. She told Su Yu Hi that she would be alright alone. She also told Su Yu Hi to take care of Song Su Jin.

Yu Qi arrived at Guanying City's airport at night. Well, she was too lazy to drink all the way to Guanying City. So, she took a flight. It was quick and fast. She even could settle several works on her laptop.

Yu Qi took a taxi and told the driver to the uptown motel that she wanted to stay for the night. Yu Qi entered the taxi and sat on the behind seat.

"Oh, you are not from here?" The driver asked.

"Nope. I come here because of work." Yu Qi answered.

She was minding her own business until she noticed the driver kept checking on her through the back mirror.

When Yu Qi looked back at the driver, he moved his eyes looking in front. Yu Qi looked outside. She noticed it was not the road to the uptown.

"Sir, where are you bringing me to?" Yu Qi asked.

"Oh, I am bringing you to the uptown." The driver answered.

"But it is not the path to go to the uptown." Yu Qi said.

"It is. You are not from here. You don't know. I have to stop by at one place. Don't worry, I will send you after that." The driver smiled.

Then, the taxi driver stopped his car on the sidewalk. He got out of his car and opened the back door of the car.

"Sir, what are you doing right now?" Yu Qi asked.

"If you just treat me as your husband here, I will send you to the uptown later." The taxi driver licked his lips while looking at Yu Qi lewdly.

"Are you sure you want to do this?" Yu Qi asked.

The taxi driver just grinned. "Young girl, you better surrender. If you let me taste you once, I will send you to your destination and we will be done."

"Do you always do this to your customer?" Yu Qi asked.

"Well, yes. But only to a cute girl like you." The taxi driver proudly admitted that he had done this before and never got caught.

The taxi driver entered the back seat and wanted to reach out for Yu Qi. However, Yu Qi immediately tab on the taxi driver's acupoints. The taxi driver stopped moving.

Knowing he could not move, the taxi driver was panicked. He began to shout. "What did you do to me? Why can't I move?"

Yu Qi got out of the car and she took out her phone. She clicked on the button 'save'. She had been recording the taxi driver talking the moment she noticed the taxi driver's strange behaviour.

Yu Qi called the police. She made a report telling the police that the taxi driver was attempting to rape her. She told everything to the police.

The taxi driver was totally panicked when he heard that Yu Qi was calling the police and reporting him to the police.

He could not be caught. Otherwise, his whole life would ruin. His wife and daughter would leave him alone.

"No!!! No!!! Don't call the police. Please, I beg you." The taxi driver began to beg Yu Qi.

"Your previous victims must be begging you too right? But do you let them go? No, right? Then, why should I be sympathized for you?" Yu Qi said after ending the call with the police. "The police would come later. You just need to wait."

After 15 minutes of waiting, the police finally arrived. The taxi driver became pale.

"Miss, are you the one who calling us earlier? Where is the taxi driver that you mentioned?" The police officer asked.

"He is inside the taxi. At the back seat." Yu Qi said.

The police officers found the taxi driver. The police officer told the taxi driver to get out of the taxi but the taxi driver told them that he could not move his body.

1672 Chapter 1672

The police officers thought that the taxi driver was lying and trying to oppose the arrest.

"No... I really can't move right now. She did this to me." The taxi driver shouted.

Yu Qi forgot that she immobilized the taxi driver.

"Oh, I forgot." Yu Qi said.

She asked the police officer to move first. She would make the taxi driver regain his mobility again.

The police officers were curious about what Yu Qi was about to do. They looked at Yu Qi.

Yu Qi quickly tapped the taxi driver's acupoints. The taxi driver felt that he could move again. The police officers were surprised to see the scene. It was like a scene straight from a fighting movie.

Yu Qi stepped back giving space for the police officers to come forward. But the police officers were not moving.

The taxi driver thought it was his chance to run away. He wanted to jump into the driver's seat to make a run.

However, Yu Qi noticed and pulled the taxi driver's legs. The taxi driver shouted. With that, the police officers finally snapped to the reality. They immediately pulled the taxi driver out.

The taxi driver successfully pulled out of the taxi. His hands had been handcuffed as soon as possible because they were afraid that he would make a run again.

"Sir, please... Please let me go. I promise that I will never do something like this again. It is my first time doing something like this." The taxi driver begged the police officers.

"Sir, please don't believe him. Here is the recording of him admitting he had already done this crime multiple times." Yu Qi showed the police officers the recorder.

Yu Qi played the recording. It was clear that the taxi driver admitted his crime while talking to Yu Qi.

"No... It is not true. You accuse me. You faked my voice." The taxi driver shouted.

"Mister, I am accusing you? For what? We did not know each other. I never met you before. So, for what reason that I am accusing you?" Yu Qi asked.

"That..." The taxi driver did not have any point to reply.

"Miss, can you give us the recorder as the evidence?" The police officer asked.

"Sure." Yu Qi asked.

"Miss, why do you have the recorder to begin with? I am just asking." Another police officer asked.

"I am using this for my business purpose. In fact, I am planning to use this recorder for my meeting here with the client. I am going uptown to stay at one of the hotels over there. Then, I noticed that this taxi driver suddenly changed the road. Concerned for my safety, I clicked the button on the recorder to record the situation." Yu Qi explained.

"Oh... It is indeed not a road to go to uptown." The police officers nodded.

"Here is the recorder." Yu Qi gave the recorder to the police officers.

"Please, let me go for once. I will not do it anymore. Please. I have wife and daughter." The taxi driver begged for forgiveness.

A female police officer replied. "If you remember your wife and daughter, you would never do something like this."

"I bet the women who became your victims probably also begged you. But do you let them go?" Yu Qi asked.

The taxi driver went silent. Of course, not! The food was in front of him, why couldn't he not eat it?

The taxi driver was taken into the police's custody.

"Miss, let me send you to your destination. It would be difficult to get another taxi here." The female police officer said.

This place was dark and not many cars drove this road. It would be a long time and difficult if Yu Qi wanted to get another taxi here.

"Thank you." Yu Qi thanked the police officer.

"Hmm... May I request your presence tomorrow to make a statement regarding this matter?" The police officer asked.

"Hmm... Sure. Which time do I need to be there?" Yu Qi asked. She then informed the police officer about her meeting. "I have a meeting at 10 a.m. So, I am hoping I can go there around 8 a.m."

"Sure. You can." The police officer already agreed with the time.

"Okay. I will be there at 8 a.m." Yu Qi nodded.

After arriving at the uptown, Yu Qi checked into the hotel. She was kind of tired of dealing with the incident. She took a quick shower and threw herself onto the bed.

Then, a call came through. Yu Qi already knew who the caller was through the ringtone that she set on her phone. She answered the call.

"Qi Qi..." A voice came through the phone.

It was no one but Long Hui.

"Hmm..." Yu Qi responded.

"Have you safely arrived at your hotel?" Long Hui asked.

"Yeah. I did. Right now, I am on the bed." Yu Qi stated. "Where are you right now?"

"I am in my office. Writing some reports." Long Hui answered.

"Ahhh.... It would be great if you were here, with me." Yu Qi let out a sigh.

Long Hui went silent.

"Brother Hui? Brother Hui? Why do you become silent?" Yu Qi called Long Hui several times.

"Do you really want to tease me like that?" Long Hui asked. His voice was kind of weird.

Yu Qi was startled. She immediately sat down. "What? When did I do that?"

"I will wait for you to come back. I will punish you more." Long Hui said.

"What?" Yu Qi was panicked.

"I need to go and take a cold shower right now. I will call you again. Sweet dream Qi Qi." Long Hui ended the call.

Yu Qi thought she put a bucket on her head. She did not want to see him.

1673 Chapter 1673

Yu Qi slept inside her space. After sleeping for about 6 hours, she woke up. She still had 3 hours until the morning arrived. So, she decided to jog around the lake. Aoi and Shino followed her around. Bo Ya and Xiaohua were in the garden. As for Rukh, he was sleeping at the gazebo with his beast appearance.

After one hour of jogging, she went to the kitchen to cook some breakfast. She decided to make steamed buns that were filled with some beef and sweet black beans. She made two types of steamed buns because Aoi, Shino and Rukh like to eat meat-filling while Bo Ya and Xiaohua like to eat sweet-filling. She also made some pancakes with eggs.

They were having a happy breakfast. After eating, Aoi asked Yu Qi if he could go out and have a walk. Yu Qi checked the policy hotel if the pet animal was allowed around the hotel.

Then she found the section saying the animals were not allowed there. So, Yu Qi would not let Yu Qi bring out her contracted beasts.

"I will let you out when we are out of the hotel, okay?" Yu Qi said.

Yu Qi got ready to go to the police station first to make a statement about yesterday's incident. After leaving the hotel, Yu Qi went to the public restroom to bring out Aoi and Shino. Xiaohua and Rukh did not want to come out.

Xiaohua wanted to go out but after hearing there was nothing to do, Xiaohua refused to go out. She referred to come out and killed something. Otherwise, she referred to do something in the garden.

Aoi and Shino told Yu Qi that they would go and walk around. Yu Qi believed that both of them could take care of themselves.

Yu Qi went to the police station that the police officer told her to go last night. She told the police officers who were there about yesterday's incident. They knew about that incident. Their co-workers who were on duty yesterday already told them about that.

Yu Qi gave her statement about the taxi driver. The taxi driver confessed to his crimes after being interrogated by the police officers. It was his first time getting caught and interrogated by the police officers like this and he was scared. So, he confessed to the police that he had done something like that to other women. About 10 women, as he remembered.

The police officer called his wife telling her to come to the police station. They did not tell her about his crime first. Just telling her that he had been arrested for a crime.

When the wife came over, she beat his husband. She thought his husband had been caught related to a road accident or something like that. She apologized to the police officer and told them that she and her husband would pay for the settlement for the victims.

The police officer explained to the wife what happened. The wife was frozen for a while. After learning about her husband's disgusting acts, she beats his husband once more time. This time, the beatings were not as soft as the previous one.

Seeing the taxi driver getting injured due to his wife's beating, the police officers pulled the wife from the taxi driver. Then, the wife shouted that she would divorce her husband. She could not stand the fact that her husband would do something disgusting like that.

Yu Qi did not comment anything about the wife's action. Well, it was not like she did not agree with the wife's action. Who wanted to stay married to a scum like that?

Yu Qi settled her business at the police station and went to the Mayor's office. They would have a meeting over there.

Yu Qi went to the front desk, wanting to inform the receptionist about her appointment before someone cut her off.

"My boss and I are here to meet with the Mayor." A sexy woman accompanied by a short and bold man said to the receptionist.

The man looked at Yu Qi and licked his tongue lewdly. Yu Qi quickly stepped back and distanced herself from the couple. She would let them settle their business first.

"May I know your names, please?" The receptionist asked.

"I am Li Shiren and this is my boss, Mr Shu Nanyang." Li Shiren said.

Shu Nanyang let his secretary handle the confirmation while he looked plus flirted with Yu Qi. Yu Qi put on an expressionless face.

Li Siren watched it and immediately became angry.

"What are you doing?" Li Siren asked angrily.

"Dear, I am not doing anything. She is the one who flirted with me first." Shu Nanyang quickly the blame on Yu Qi.

"You, why are you flirting with my boss?" Li Siren glared at Yu Qi.

"I am not blind." Yu Qi said.

"What? What do you mean by that?" Li Siren asked.

The receptionist let out a small sound. It seemed they were holding their laugh. They understood the remark given by Yu Qi.

"Do I mean to say it loudly?" Yu Qi asked.

"Explain." Li Siren said.

"I am not body-shaming your boss but why would I flirt with someone like him?" Yu Qi looked at Shu Nanyang up and down.

Li Siren and Shu Nanyang finally understood what Yu Qi meant by the statement, 'I am not blind'.

1674 Chapter 1674

Well, the receptionist did not think that Yu Qi was being rude. One of them was looking at Yu Qi. She did not see Yu Qi flirting with Shu Nanyang at all. Only Shu Nanyang constantly flirted with Yu Qi.

"How do you say something like this to Mr Shu? He is one of the richest men in this city. You think you can live here anymore if you insult him?" Li Siren said.

"Oh, don't worry. I will not stay in this city." Yu Qi waved her hands. "And you." She aimed at Shu Nanyang. "Don't think all women like men with money especially a man like you. Only a gold digger can stand your look. Well, I am not saying that I am a woman who dislikes money but I want to take care of my sight, I mean my eyes. Even if you give one trillion, I don't want to be with someone like you."

Li Siren and Shu Nanyang were stunned. The receptionist wanted to laugh but they needed to hold a laugh. They could not laugh. It would be considered rude to their clients.

"You dare you insult me like that?" Shu Nanyang's anger reached the highest level.

He began to feel angry when he understood what Yu Qi meant by the statement 'I am not blind'. The statement really hurt his pride.

"What is your name?" Shu Nanyang asked.

The receptionist wanted to help Yu Qi. They signalled Yu Qi not to tell her name. Otherwise, they were sure that Yu Qi had trouble staying in this city.

"Tang Yu Qi." Yu Qi said her name proudly.

"Oh, Tang Yu Qi... Just watch..." Shu Nanyang flinched. He slowly took a look at Yu Qi once more time.

"Tang Yu Qi?!" This time, Shu Nanyang looked shocked and terrified.

"Yu Qi, you are here?" A man greeted Yu Qi.

The man was Yi Lishan, the oldest son of Mayor Yi. They became acquainted with each other when Yu Qi had her internship at Guanying Hospital.

They became friends with each other when the youngest son of Yi Family became attached to Yu Qi.

The receptionists and Li Siren were surprised when Yi Lishan greeted Yu Qi like they were closer to the first name term. Li Siren still did not know who Yu Qi was.

It was different for Shu Nanyang who already knew who Yu Qi was. Since it was Yu Qi, it would not be weird for her to know Yi Lishan.

"Hmm... I could not wait to know more about the project." Yu Qi smiled at Yi Lishan.

"Hmm... I know. By the way, my mother asked me to invite you for dinner tonight at my house. Can you join us for dinner?" Yi Lishan said.

His father accidentally revealed that she would have a meeting with Yu Qi. Her mother immediately wanted to invite Yu Qi for dinner.

Yi Sanyi was the one who became the happiest person when he knew that he could meet Yu Qi.

"Hmm... Sure... Why not?" Yu Qi agreed to join the dinner.

"Oh, let's go to the meeting room. The meeting would be started soon." Yi Lishan said.

Li Siren was jealous seeing Yi Lishan only look at Yu Qi even though she was there too. She felt upset but she did not dare to show it in front of Shu Nanyang.

She Nanyang controlled his emotions. He still had a meeting to attend. He asked the receptionist about the venue.

"Let's go." Shu Nanyang said.

When they arrived at the venue, there were already people inside. Li Siren also saw Yu Qi. So, she was here for the meeting too. She wondered who was she working for.

"Chairman Tang, it is an honour to meet you face to face like this." A man came and greeted Yu Qi.

"Oh, you are?" Yu Qi replied.

"Oh, I am Si Huang. The main contractor for this project. But I still did not know that Chairman Tang also invested in this project before this." Si Huang said.

"Nice to meet you, Mr. Si. Well, I am just a minor shareholder." Yu Qi said.

"Minor shareholder? You are the second largest shareholder holding 20% share. How do you do it?" Si Huang asked in curiosity.

Yu Qi smiled. "When I was working at Guanying Hospital, I heard about the project. I think it is a good project. So, I decided to invest." Yu Qi said.

"You are making a good decision. I can tell you that this project would be famous." Si Huang said.

Li Siren was eavesdropping on the conversation. She was shocked after listening to the conversation. Chairman Tang? Second largest shareholder? What was this woman's identity?

Li Siren turned to Shu Nanyang who stood beside her.

"Dear, who is that woman actually?" Li Siren asked.

"She is Tang Yu Qi." Shu Nanyang said.

"Huh?" Li Siren could not understand. Well, yes, she was Tang Yu Qi but who was she?

"Search her name on the internet." Shu Nanyang said.

Li Siren took out her phone and searched Yu Qi's name on the internet. Pop! A lot of information about Tang Yu Qi appeared.

She read one of them. 'Chairman Of Qin Yue Group!' She read about the Qin Yue Group before and knew that their top one was a woman.

Then she saw Tang Yu Qi's picture with a very very very handsome man. She never saw a man like him.

1675 Chapter 1675

Li Siren looked for more information about the handsome man that she looked up to. Long Hui. He was a ranking military officer and not to mention, and he came from a good family background.

'What a package. Such a fine man should be mine instead of a woman like that.' Li Siren thought. She was still thinking that she was better than Yu Qi. She only got an old and bold man. Life was really unfair.

The meeting began. They were explaining a lot of things about the First Class World Resort.

The meeting was finally over after two hours. Yu Qi got out of the meeting room after saying goodbye to Mayor Yi and Yi Lishan.

"Don't forget about tonight's dinner." Yi Lishan said.

"Son, are you inviting her for dinner? Two of you?" Mayor Yi was surprised.

"What? Dad! Of course not!" Yi Lishan quickly did that. Then he began to explain the truth. "I am inviting Yu Qi for dinner at our house. Mom and Little San would be happy to meet Yu Qi."

"Oh, I thought you wanted to declare war on Colonel Long." Mayor Yi made a joke.

"Dad, please don't joke like that." Yi Lishan said.

How could he dare to compete with Long Hui? Long Hui was someone that he admired and looked up to. He would never do something like that.

Yu Qi also did not like if he did something like that. She would hate him later. He could not let something like that happen.

"Alright... Alright... I know." Mayor Yi said.

Yu Qi left the building.

'Where are you guys right now?' Yu Qi communicated with Aoi and Shino who currently was having a walk.

'Wait a minute, Master. We are trying to look for a signboard.' Aoi replied. A moment later, Aoi replied again. 'Uptown Park, I guess.'

'We are currently enjoying the sunshine.' Shin added.

Yu Qi chuckled. 'Okay... Okay... Stay there. I will go to you.'

She took a bus to go to the Uptown Park. It was in the middle of the day. The bus was quite spacious because not many people were using this transportation.

At the second stop, a group of men ride the bus. Because of their look, people on the bus did not dare to look at the men. They looked like gangsters.

Yu Qi glanced at them once before turning back to the window. One of them noticed Yu Qi. He signalled to his friends about Yu Qi.

This time, all of them looked at Yu Qi. They began to observe Yu Qi with excited eyes.

People around began to notice that too. They were pitied Yu Qi because she apparently already became their target.

One of them walked next to Yu Qi. He began to stand them. Then one by one stood around the area. They were blocking Yu Qi. Some of them began to signal to others not to interfere with them.

Yu Qi turned around to look at the men. Her expression did not change at all. She was nonchalantly looking at the men.

"Hey, I think you are attractive. Should we hang out together?" One of the men started to talk to Yu Qi.

Yu Qi assumed this one was the boss. Then she heard the announcement telling them they were a route to arrive at Uptown Park.

"Excuse me, I want to get out at this stop." Yu Qi said.

"Sure. You can play with us." The man said.

Other men began to laugh. Yu Qi sighed. She was considering to wear a mask when she was going out next time.

The man lifted his hand wanting to reach out for Yu Qi's hand. Yu Qi slapped over the hand.

"Get out of my way." Yu Qi said.

"This bitch! You will come with me whether you want or not." The man shouted.

The man wanted to grab Yu Qi's hand again. Yu Qi sighed again. This time it was not a slap. Yu Qi warded the hand strongly. It looked just it was like a soft ward.

However, Yu Qi used her cultivation power to do it. So, it was hurt like that. The man started to shout.

"Argh!!! My hand!!!" The man held his hurt hand.

Everyone was confused. They could see that Yu Qi just slapped the hand. It was just a soft one.

They suspected that the man was just overacting.

"Boss, what happens?" The gangster is also confused with their boss.

"This woman injured my hand." The man told his friends.

"Can you step aside? My stop is here. I want to get out at this stop." Yu Qi said again.

"Do you think you want to run away after hurting me like this? I will make you pay for this." The man said to Yu Qi. Then he turned to his friend. "Guys, hold her. Don't let her get away."

"Leave her alone. Why can you see that she does not like you?" An old woman said.

"Shut up! You old hag." The man shouted to the old woman.

"Yeah, stop this. You can not bully people like this." A man also voiced his opinion.

"Do you want to die?" The man shouted.

Yu Qi avoided the hand who wanted to get hold of her. She sighed again. 'It would be troublesome and hard to fight in this small space.' She thought but she did not want to waste more of her time on this matter.

1676 Chapter 1676

Yu Qi started to push the men. It was a strong push. The men fell on each other. They began to shout.

"Ah!"

"Ouch!"

"Hey! Don't fall on me!"

"Get up!"

"Ah, my legs!"

Yu Qi looked down at the fallen men. The man that they called the boss looked at Yu Qi with an extremely angry on his face.

The bus stopped. Yu Qi turned about and casually got out. She could hear the man shouting.

"Don't move yet. We are going to get off here too. Don't start the bus until we get off." The man said.

The bus driver only could follow his instructions because he was scared of being beaten by the group.

The man ordered his friends to get stand and get out of the bus immediately. After a while, they finally successfully got out of the bus.

The bus driver quickly drove off immediately. He did not want to get involved. And it seemed the earlier girl could handle them easily.

"Find that bitch. We need to teach her a lesson." The man said to his friends.

The group of men began to search the area for Yu Qi. They spotted Yu Qi pretty easily since Yu Qi was standing in the middle of the huge park

Yu Qi already met with Aoi and Shino. Aoi and Shino were having fun playing around.

'Master, why do I think that those men are looking for you?' Aoi asked.

Yu Qi turned around and saw the men. It was the same group that harassed her on the bus. So, they managed to get off at the same stop.

'Well, they are indeed looking for me.' Yu Qi nodded.

'I know it.' Aoi laughed.

'Why are you so happy about that?' Yu Qi lifted her eyebrow.

'We are getting bored of playing like this. We want to play with people too.' Aoi said.

'Hmm... That's right.' Shino also agreed.

Yu Qi sighed. Her cute pets began to like violence.

'But you need to use your invisible mode. Don't let them see you.' Yu Qi said.

'Sure, Master.' Aoi said.

'I will sure my speed.' Shino said.

"You little bitch. It will make sure you are under me tonight." The man said.

"Tsk... I rather die. My eyes are hurting when looking at your ugly face." Yu Qi taunted the man.

The friend of the man could not help to laugh. Well, to be honest, the man had ugly features on his face. He could not deny it.

Aoi and Shino looked at Yu Qi. Their master really liked to poke on other wounds.

"How dare you!" The man shouted angrily. "Guys, attack her."

The men rushed to attack Yu Qi. Yu Qi easily avoided their attack since they were in the spacious area.

She did not make any moves yet. Aoi and Shino started to join the fight. Shino jumped into a man's body and bit his shoulder. He quickly moved avoiding the man's eyes.

The man shouted in pain. He felt a sharp pain in his shoulder. He looked at his shoulder but did not see anything. When he rolled his sleeve, he could see the bite. It was clearly an animal's bite.

Aoi also bit the other man's legs. One by one, they shouted as they were being bitten by Aoi.

Yu Qi smiled as she looked at the situation. The men became more angry so, they became more aggressive in their attack.

Seeing this, Yu Qi started to get serious. She punched and kicked the men around.

The onlookers started to gather and look at the fight.

"Hey, there is a fight over there."

"It seems they are fighting with one woman."

"Yeah."

"But looks like the men are getting beaten by the woman."

"Yeah, the woman easily avoided the attacks from the men."

"Wow, it is incredibly awesome."

"Should we help them?"

"I don't want to get involved."

"Don't you see the man with a scar on his face?"

"Yes, why?"

"Meaning the men are from the gang around here. Eagle Wing. It is better not to mess with them if you want to live in this city."

"Oh... But should we leave the woman just like that?"

"We can call the police."

"Yes. Let's do that."

So, they called the police and informed them there was a fight at the uptown park.

The man was angry when seeing his friends getting beaten by this bitch. He also joined the fight.

"You bitch, I will teach you some lesson." The man threw a punch at Yu Qi.

"Oh, you used the same hand." Yu Qi smiled.

Yu Qi was blocking the punch and tapped his hand. The man shouted loudly. He felt the same pain on his hand but it was more intense.

"Do you like it?" Yu Qi asked.

"You! What do you do to my hand?" The man asked.

The siren of the police car could be heard. Then, a group of police officers rushed to the scene.

"What is going on here? Why are you fighting?" The police officer asked.

"They were harassing me. I am putting them in their place." Yu Qi said.

About 10 men were laying around, whining. The police officers looked so confused.

"What is this start?" The police officers asked for more details.

"They started to harass me inside the bus. I managed to get out of the bus. But they still follow me here." Yu Qi said.

1677 Chapter 1677

Oh, you can find bus no 1398. I ride that bus. I think the bus is equipped with a camera." Yu Qi added.

"I see." The police officer nodded.

"Put them in the custody." The police officer told his subordinates.

"Ah, careful, don't touch my shoulder. It is hurt."

"My hand! My hand!"

"Ouch, can you be gentle a little bit?"

The men started to whine. The police officers were speechless. The rough men like them whined so much.

The police officers invited Yu Qi to come to the police station to give her statement. Yu Qi did not mind and followed them.

As for Aoi and Shino, they also followed Yu Qi on their own feet.

When Yu Qi entered the police station, she was greeted by the same police officer who arrested the taxi driver yesterday.

"Miss Tang, what are you doing here again?" The police officer asked.

"Ding San, do you know her?" The police officer who came with Yu Qi asked.

"Hmm... Do you remember yesterday's case about the taxi driver who wanted to harass a woman? Miss Tang is that woman." The police officer with Ding San's name said to her colleagues.

"Oh..." The police officers nodded.

"So, what is going on here?" Ding San asked.

"We received a report saying that there was a group of men fighting with a woman. That woman is Miss Tang over here." The police officer explained.

"Oh..." Ding San said.

"Miss Tang, please follow me. We will record your statement first. Meanwhile, we will go and find the bus and retrieve the footage. It will take a while." The police officer stated.

"Sure. I understand." Yu Qi nodded.

She understood that the police officers needed to be fair since they needed to find the evidence first.

The men who fought with Yu Qi needed some treatment first. So, they were brought to the hospital first to get some treatment.

The police officer recorded Yu Qi's statement. Then Yu Qi needed to wait. Yu Qi did not have anything else to do. So, she just went through her work email. There were a lot of things that needed her attention. So, she did that to make herself not bored of waiting.

After two hours, the police officers finally let Yu Qi go. The police officers managed to find the bus and talked to the bus driver.

The bus driver confirmed Yu Qi's story. The men had indeed been harassing Yu Qi from the start. They also managed to get and watch the footage.

They were surprised by Yu Qi's ability. Yu Qi was good at fighting. The leader who watched the footage wanted to invite Yu Qi to be a police officer.

One of his subordinates told him that it was impossible. The leader asked the reason. His subordinate told him to search for Tang Yu Qi's name on the internet.

The leader searched for it. He was shocked. A doctor, Chairman of Qin Yue Group... And the most shocking identity that Yu Qi had was the fiancée of Colonel Long Hui, the promising soldier.

Of course, he knew Colonel Long Hui. He even admired Colonel Long Hui for being able to receive such a rank at a young age.

Yu Qi left the police station. It was already 4 p.m. The dinner at Mayor Yi's house was at 7 p.m. She still had 3 hours to spend. But she did not want to spend out here.

She decided to go back to her hotel room and entered the space.

"Master, I am hungry," Aoi said.

"Me too." Aoi also joined.

"Sure... Sure... I come inside because I want to cook for you guys." Yu Qi said.

"Can I request the menu?" Aoi asked.

"Sure. Two dishes at most." Yu Qi nodded.

Both of them stated the food that they wanted to eat.

....

Yu Qi got ready for dinner at Mayor Yi's house. Madam Yi called her telling that Yi Lishan would go and pick up her at her home.

She was worried thinking Yu Qi would take a taxi in danger. It would be dangerous to a woman like Yu Qi.

Well, Madam Yi did not know that the worst possibility already happened to Yu Qi yesterday. Yu Qi did not intend to tell her anyway.

Yu Qi gave in and let Yi Lishan pick her up. It was time. She left her hotel room and walked down to the lobby.

Yi Lishan already waited to her in the lobby. She saw Yi Lishan and walked to him. However, before she arrived at Yi Lishan, a woman approached Yi Lishan.

"Lishan, what's a coincidence." The woman greeted Yi Lishan with a smile.

"Hmm..." Yi Lishan did not give much response.

He then saw Yu Qi. "Yu Qi." He called her name.

The woman also turned to Yu Qi. She was surprised to see a beautiful woman like Yu Qi. Even though Yu Qi just wore a casual attire, others could see her beauty.

The closer Yu Qi was, the more the woman could see. She could see that Yu Qi's skin was very smooth. 'Does she even wear make up?' She thought to herself.

"Yu Qi, let's go." Yi Lishan said.

"Wait." The woman stopped Yi Lishan.

"What?" Yi Lishan felt annoyed.

"No need to be so angry to me. I just want to ask about the girl. Is she your new girlfriend?" The woman asked.

1678 Chapter 1678

"It is none of your business." Yi Lishan responded.

"Seeing your reaction, she must be your new girlfriend." The woman looked straight at Yu Qi.

Yu Qi did not say anything since it was not her place to say anything. She just watched the situation.

"Like I said before, it is none of your business." Yi Lishan stated. Then he turned to Yu Qi. "Let's go. My mom and Little San are waiting for you."

"Hmm..." Yu Qi nodded.

The woman heard what Yi Lishan said to Yu Qi. 'So, he also brings this woman to meet his family. Meaning he is serious with this woman.'

No. She could not let others to have him. He just needed to be hers. Without thinking, she rushed to chase Yi Lishan and Yu Qi.

"Listen, please wait for me." The woman said.

Yi Lishan and Yu Qi were just about to arrive at Yi Lishan's car and they heard the shout. Yi Lishan frowned.

The woman arrived. She wanted to rush and hug Yi Lishan but Yi Lishan avoided the hug. The woman fell down. She was crying.

"Cai Liqin, what are you planning to do, huh?" Yi Lishan asked coldly.

Yes, the woman's name was Cai Liqin.

"I just want to rekindle our relationship." Cai Liqin was sobbing.

"What? After 6 years we broke up and because you left me to someone that you think was richer than me?" Yi Lishan questioned Cai Liqin.

"I know you will be mad but you need to hear me out." Cai Liqin stood up while crying.

"Whatever you say, it does not mean anything at all now." Yi Lishan said.

"No, I was forced by that man. He wanted me to break up and leave you. He threatened me that he would do something to me if I did not follow his order." Cai Liqin said.

"Yeah. As I said earlier, whatever you say, it does not mean anything at all now. We are already late to our appointment." Yi Lishan said.

Both Yi Lishan and Yu Qi entered the car ignoring Cai Liqin. The car drove over leaving Cai Liqin behind and alone.

Cai Liqin gritted her teeth. She bit her nails whenever she was stressed. She needed to think about how to get back to Yi Lishan before he got married to that woman.

Yes, they broke up six years ago. It was when they were in the university right before graduation.

She found out that Yi Lishan wanted to propose to her. Even though she was in a relationship with Yi Lishan, it was just dating since Yi Lishan was a good-looking man.

She did not want to have any commitment to get married to Yi Lishan. She thought Yi Lishan was someone poor and had no good family since he never told her about his family. So, she just assumed that.

Of course, she did not want to get married to someone like that. Not to mention, she already found someone rich.

She just called Yi Lishan and broke up through the call.

It was true that Yi Lishan wanted to get married to Cai Liqin. Yi Lishan also wanted to reveal his true identity that he was the son of Mayor Yi.

But he got the surprise first. Cai Liqin suddenly called him and demanded a breakup. He wanted some explanation from Cai Liqin but Cai Liqin ended the call just like that.

Of course, Yi Lishan went to find Cai Liqin at the campus. But Cai Liqin avoided him. She already blocked his number making it difficult to contact her.

After graduation, Yi Lishan finally found out the reason why Cai Liqin broke up with him through a mutual friend.

He was speechless when he found out the reason. Just because she thought he came from a poor family? At that time, Yi Lishan laughed. He was relieved that he had broken up with her. Otherwise, he would get married to a gold digger like her.

He already found out that she got married to a rich man three months after graduation and moved away following her husband. After that, he forgot all about that woman.

However, about five months ago, Cai Liqin appeared again at Guanying City. It was a coincidence.

Yi Lishan was attending a friend's wedding and met Cai Liqin there. He did not have feelings for Cai Liqin anymore. So, he just greeted him out of courtesy.

After that, Cai Liqin started pestering Yi Lishan. Seriously, she was shocked to find out that Yi Lishan was the son of Mayor Yi.

She thought Yi Lishan was embarrassed about his family. That was why he never told her about his family while they were dating each other.

Cai Liqin began to stalk Yi Lishan. She thought he did not have a girlfriend. So, she did not worry much about that.

However, tonight, a beautiful woman appeared beside Yi Lishan. Apparently, Yi Lishan came to pick up her and wanted to bring her to meet his family.

Of course, she wanted to go to Yi Lishan's house but she could not enter the area without any authority.

"Your ex?" Yu Qi asked.

"Yes. But we already broke up six years ago." Yi Lishan said.

"Oh..." Yu Qi said.

It was indeed a long time ago. Yu Qi thought they had just broken up. That was why the woman looked clingy to Yi Lishan. Turned out, it was wrong.

Chapter 1679 1679: Follow Yu Qi

"I am sorry that she has mistaken you as my new girlfriend." Yi Lishan said.

"It's okay. It did not bother me at all." Yu Qi shook her head.

"She just found out that I come from a good background family. That is why she wants to come back to me. I will never accept that kind of person in my life." Yi Lishan said.

"Hmm... It is kind of a red flag. Need to avoid that." Yu Qi also agreed with Yi Lishan's opinion.

They finally arrived at Mayor Yi's house. The moment Yu Qi stepped inside the house, she had been welcomed by a hug. The hug was at her legs.

Little San looked up cutely at Yu Qi while hugging Yu Qi's legs. Yu Qi bent down and kissed Little San's cheek.

"Hello, Little San. Nice to meet you again." Yu Qi said.

Little San's face went red when Yu Qi kissed him. He liked it.

"Welcome to my house, Yu Qi." Madam Yi said.

Yu Qi stood up again. "Hmm... Thank you for having me here."

"Hmm... Let's go to the dining room. We can talk over there." Mayor Yi said.

When they were about to go to the dining room, they met with Yi Liwei who also was going to the dining room.

"No wonder Little San is so restless just now. His favourite person is here." Yi Liwei commented.

Little San went to kick his brother's leg. Yu Qi chuckled when she saw the scene. The scene when a little brother gets embarrassed by his brother's comment

They were having a wonderful talk during dinner. It was like Yu Qi was a part of their family. Yu Qi felt that she was in Tang's family.

"Yu Qi, do you still have a hidden business that you still never disclose?" Yi Liwei asked.

"Hmm... It is still not the time." Yu Qi nodded.

"Yu Qi, you are so amazing." Madam Yi said.

"Thank you, Auntie Yi." Yu Qi smiled.

Yu Qi spent another hour after dining, playing with Little San. Little San gave Yu Qi a house tour.

After that, Yu Qi excused herself to return to the hotel. Madam Yi suggested that she could stay overnight at their house. But Yu Qi rejected telling Madam Yi that she did not have clothes to change and she was not comfortable borrowing someone else.

Hearing this, Madam Yi understood. She did not force her any longer to stay overnight. Well, Little San was quite upset. Yu Qi calmed down telling him that they would meet again if had time.

Yi Lishan became Yu Qi's driver again. Yu Qi thanked Yi Lishan for sending her back. She entered the hotel lobby.

However, she was greeted by Cai Liqin. She was surprised to see Cai Liqin over here.

Cai Liqin who was waiting for Yu Qi stood up when she saw Yu Qi walk into the lobby. She looked around Yu Qi and did not see Yi Lishan. She approached Yu Qi.

"Where is he?" Cai Liqin asked.

"Who?" Yu Qi asked back

"Of course, I am talking about Yi Lishan. Why is he not following you too?" Cai Liqin asked again.

"He already returned home. Then, excuse me." Yu Qi said and walked around Cai Liqin to go to her room.

"Wait! I want to talk to you too." Cai Liqin stood in Yu Qi's way.

"I don't think there is anything to talk about between us." Yu Qi said.

"I have something to talk with you." Cai Liqin stated.

"But I am not interested. If you excuse me." Yu Qi walked away.

Cai Liqin did not give up. She wanted to say her piece to Yu Qi. So, she began to follow Yu Qi.

Seeing Cai Liqin wanted to follow her, she made the decision to go to her floor using the staircase, not the lift.

"Hey, why are you not using the lift?" Cai Liqin asked.

Yu Qi did not answer that. She just stepped up on the staircase and started climbing up.

Cai Liqin did not want to leave alone and followed Yu Qi.

"How long had you been together with Lishan?" Cai Liqin asked again.

Yu Qi did not have any intention to answer the question. She calmly climbed up the stairs.

"Why I never see you before?" Cai Liqin asked.

She had been back and hung around Yi Lishan for about 5 months. But she had never seen Yu Qi before.

Yu Qi kept her silence. Cai Liqin began to feel out of breath. She glanced at Yu Qi. 'Why does this woman did not feel anything at all? Is she not tired after climbing up these stairs?'

Yu Qi stayed at the 5th floor. When Yu Qi was at the 4th floor, she could hear that Cai Liqin was panting her breath.

"If you are tired, stay here and rest. It would be troublesome for me if you died." Yu Qi said.

Then, Yu Qi began to sprint climbing the stairs. Cai Liqin was shocked to see it. She did not have the energy anymore to follow Yu Qi. She just could watch Yu Qi disappear from her sight.

She gritted her teeth. How could that woman did not feel tired at all after climbing so many stairs? She sat on the chair.

The area was very silent and made the area seemed creepy. She started to feel scared staying at the place like this. She quickly left the staircase and went to the lobby using the lift.

"I am sorry that she has mistaken you as my new girlfriend." Yi Lishan said.

"It's okay. It did not bother me at all." Yu Qi shook her head.

"She just found out that I come from a good background family. That is why she wants to come back to me. I will never accept that kind of person in my life." Yi Lishan said.

"Hmm... It is kind of a red flag. Need to avoid that." Yu Qi also agreed with Yi Lishan's opinion.

She gritted her teeth. How could that woman did not feel tired at all after climbing so many stairs? She sat on the chair.

The area was very silent and made the area seemed creepy. She started to feel scared staying at the place like this. She quickly left the staircase and went to the lobby using the lift.

She wanted to know about Yu Qi. So, she wanted to try her luck by asking the receptionist at the front desk.

Only one receptionist was at the front desk. It might be easier to get the information from the receptionist.

"Hello." Cai Liqin smiled.

"Oh, welcome to our hotel. What can I help you?" The receptionist said before looking at the face.

The receptionist thought it was a new customer coming to check it but it was a person who stayed around their lobby for almost four hours.

Her co-worker who had a shift before her told her that this lady talked to one of their guests. The guest had been picked up by a man when this woman decided to approach them.

The co-worker watched and accidentally heard their conversation. The co-worker told her that apparently, this woman was the man's ex-girlfriend who wanted to rekindle their relationship after six years.

The man also moved up and did not want to have anything with that woman. The woman then waited for their guest who had a relationship with the man.

Right now, the woman was here. She wanted what this woman wanted from here.

"Can you tell me which room that the woman stayed at tonight?" Cai Liqin asked the receptionist.

With a professional smile, the receptionist replied. "I am sorry, Miss. We can not disclose the information to you. It is private information."

"Well, I am her friend." Cai Liqin said.

"If you are her friend, you should be able to call her." The receptionist said.

"But we were just arguing. She might be did not want to talk to me." Cai Liqin said. "You know she snatched my boyfriend. But she is my childhood friend. I forgive her."

The receptionist was speechless. This woman wanted to ruin their guest's reputation. If her co-worker did not tell her what happened between them, she might be angry at their guests.

"I am sorry, Miss. We still can not disclose the private information to you." The receptionist replied with a cold tone.

"How about I pay you? Can you do it?" Cai Liqin could not give up.

"Miss, if you are still here, I will call the police." The receptionist said.

Cai Liqin's face changed. Of course, she did not want the police to get involved. She clicked her tongue.

The receptionist should just accept her money and tell her what she wanted to know. It would be over.

She had some money due to the divorce from her previous marriage. Her ex-husband was a rich one. Because her ex-husband cheated on her, she wanted a divorce.

She should get half of the wealth that he had but unfortunately, she had signed a prenuptial agreement before they got married. She would be given around 20k if she initiated the divorce first even though he cheated on her.

She forgot about the prenuptial agreement and initiated the divorce. So, they got divorced and she only got 20k as agreed in the prenuptial agreement. It was very little if compared the her ex-husband's wealth.

She returned to Guanying City and came across Yi Lishan. She found out about Yi Lishan's identity. Since then she had been stalked by Yi Lishan's around.

She never saw a woman around Yi Lishan except for his mother. Now, she found one. Of course, she wanted to know more about her rival.

She was just thinking about getting Yi Lishan back. If she got married to Yi Lishan, she would have a comfortable life again.

No need to worry about the money at all. Right now, she just had part-time work which only worked 4 days per week.

As for other times, she used it to stalk Yi Lishan.

....

Yu Qi was surprised to receive a call from Long Hui. The most shocking one when was Long Hui told her that he just landed down at Guanying City.

Long Hui asked for her whereabouts. He wanted to come over to meet her beloved Qi Qi.

So, Yu Qi told him her whereabouts. So, she was waiting for him to arrive there. She also wanted to see her Long Hui.

There was a knock on her door. After checking through the peek hole, it was confirmed that it was Long Hui. She quickly opened the door.

Yu Qi jumped into Long Hui's arms. Long Hui accepted Yu brought her inside the room and closed the door.

"I am surprised when you tell him you are here at Guanying City." Yu Qi said.

"Well, I just have three days of break. I want to use them to be with you. So, I got on the flight to fly to come to see you as soon as possible." Long Hui said.

"Just three days?" Yu Qi asked.

"Yes, I have another mission to go. That mission probably takes about 4 to 5 weeks." Long Hui sighed.

"That long?" Yu Qi was surprised.

"Hmm... But it is just an assumption. It could be reduced if the mission could be completed earlier." Long Hui kissed Yu Qi's eyes.

"I will let you to borrow Shino. That case, I will know everything about you when you are not around." Yu Qi said.

Shino would be devastated when he found out about that. He would suffer again. Not having delicious food to eat.

"Hmm... I don't mind." Long Hui nodded. Then he added. "If this mission is a success, I will rise in rank."
