1681 Chapter 1681

Long Hui woke up to see his beloved Qi Qi in his arms. It was a blessing to his eyes. Yesterday, they came inside the space.

At first, they just wanted to come inside to take some clothes change for him since he did not bring anything.

However, after hearing that he had not eaten yet, his beloved Qi Qi decided to stay and cook something for him. He was happy to have something to eat.

So, Long Hui decided to take a shower inside the space. After that, he went to see his beloved Qi Qi in her room.

His beloved Qi Qi was sitting on the bed typing something on her laptop. So, he sat beside her. He started to cuddle. Kissing and hugging. And that led to something intense on the bed.

So, here they were on his beloved Qi Qi's bed.

Yu Qi slowly opened her eyes. "Is it already morning?" She asked.

"I don't think so. It should be 4 a.m. outside." Long Hui whispered and kissed her cheek. "You can continue to sleep again. It is still earlier."

"Hmm...." Yu Qi responded.

She snuck deeper into Long Hui's arms making him smile.

'It is indeed still early.' Long Hui tightened the hug and went back to sleep.

Three hours later, Yu Qi woke up. She yawned. She looked at Long Hui.

The sudden moves made Long Hui already wake up from his sleep.

"Good morning." Yu Qi kissed Long Hui in his mouth.

"Hmm... Good morning." Yu Qi said.

She then tried to get up from her bed but Long Hui pulled her again into his hug again.

"I want to go to the toilet." Yu Qi looked back and said that.

Long Hui slowly let her go. Long Hui also got up from the bed. He stretched his body a little. Then he went to his room to get ready for the day.

One hour later, both of them got ready. Yu Qi decided to check out earlier. The flight schedule was at 4 p.m. They still had time to have a date here.

The receptionist greeted Yu Qi with a smile. She remembered Yu Qi very well. She was a bit surprised when she saw a handsome man beside Yu Qi.

The receptionist remembered Yu Qi because of her beauty and the other reason. The other reason was someone came to her yesterday asking for this guest's room number.

Of course, the receptionist did not give any information to others. They had a policy not to disclose any information about their guests to other people even though the person told them that the person knew their guests.

If they knew the guests, it would be easy for them to call the guests and ask which room the guests stayed at. If the person could not call the guest meaning they did not know the guest at all.

Seeing this, the receptionist knew they were a couple.

The receptionist was thinking about whether she needed to tell the guest about yesterday's woman or not. Then she thought it was better for her to tell the guest about yesterday's incident.

"Ehmm..." The receptionist wanted to start to tell Yu Qi.

Yu Qi noticed it and smiled. "What is it?"

"Oh, just want to tell you. The woman who talked to you here yesterday asked for your room number and your information. Of course, I am not giving her anything." The receptionist successfully informed Yu Qi about that.

"Oh? Thank you for telling me. She did not cause you any trouble, is she?" Yu Qi asked feeling concerned that she might cause trouble for the receptionist.

"No... no... No... At all." The receptionist waved her hand denying it.

"I see. That's great." Yu Qi smiled.

The checkout process was completed. The receptionist thanked Yu Qi for staying at their hotel. She was hoping that Yu Qi would use the accommodation next time.

"That woman is here. There!" The receptionist suddenly said that.

Yu Qi turned around and saw Cai Liqin who was just about to enter the entrance of the hotel. As Yu Qi spotted Cai Liqin, Cai Liqin also spotted Yu Qi.

However, Cai Liqin was more than shocked when she saw Yu Qi with another man. She did not even look at Long Hui properly. She rushed to Yu Qi.

"What do you think you doing right now?" Cai Liqin shouted when she arrived in front of Yu Qi.

Long Hui frowned as he heard Cai Liqin talk like that to Yu Qi. Long Hui wanted to confront the woman but he could feel the small tap on his hand.

Long Hui looked at Yu Qi and saw that she wanted to handle this matter by herself. There was no need for him to talk something.

"Miss, why are you shouting at me like that?" Yu Qi asked.

"Lishan is your boyfriend and yet you are here cheating on him with another man. How shameful can you be." Cai Liqin accused Yu Qi right away.

Long Hui narrowed his eyes when he heard the situation. He was thinking about the Lishan which this woman mentioned about.

"Huh?" Yu Qi also frowned. "Cheating?"

"I caught you redhanded. No wonder, you choose this hotel not to stay with Lishan. If you stay with Lishan, you can not meet with this man." Cai Liqin stated again. She was very sure with the story.

1682 Chapter 1682

"Hey, woman, what are you talking about?" Long Hui asked.

Cai Liqin finally looked up at Long Hui. She was shocked to see a godly-looking man beside Yu Qi. No wonder she went through cheating with another man.

"Answer my question. What are you talking about?" Long Hui asked coldly.

Cai Liqin trembled when she looked at Long Hui's eyes. 'This man is so scary.' She looked down.

However, this man would get angry at Yu Qi when he knew that this woman was two-timing him. She decided to tell Long Hui about it.

"The woman beside you is someone else girlfriend. She is two-timing you with someone. That someone happened to be my boyfriend, Yi Lishan. I saw him spending time together with her yesterday, coming here to pick her up, before he sent her here to this hotel." Cai Liqin told the story of her own version.

"Two-timing?" Long Hui said.

Even though Cai Liqin did not see Long Hui's expression, she knew that he was angry. She instantly smiled.

"Who is Yi Lishan?" Long Hui asked Yu Qi.

"Son of Uncle Yi, the mayor of this city." Yu Qi answered.

Cai Liqin thought Yu Qi was stupid to tell him straight away. Yu Qi probably thought that Long Hui would forgive her after cheating on him.

"You met with him before at my opening party." Yu Qi added.

"Oh, him?" Long Hui lifted his eyebrow. "Then, what is about yesterday, huh?"

"Well, we are having dinner with his family. I was happy to see Aunt Yi and Little San." Yu Qi said.

"Then, what is this woman talking about?" Long Hui glanced at Cai Liqin who stood in front of them right now.

"I don't know. Maybe she is just delusional." Yu Qi stated.

"Huh?" Cai Liqin looked up at the couple.

"What? Do you have anything more to say?" Yu Qi asked.

"You cheat on Lishan with this man. How could you be so open and proud about that?" Cai Liqin was shocked.

Yu Qi chuckled. "Cheat on Lishan with this man? This man is my fiance though."

Cai Liqin once again became shocked. "Fiancee?"

"I don't understand why you keep telling me that I cheated on Lishan with this man. Lishan and I have no romantic relationship. We are just a friend. His family and I are close to each other." Yu Qi looked at Cai Liqin like Cai Liqin was an idiot.

Seeing Cai Liqin was stunned like that, Yu Qi thought there was nothing to say anymore to Cai Liqin. Well, she might have to talk something with Yi Lishan about this.

Well, Yu Qi found this situation kind of hilarious. She did not have any idea why Cai Liqin thought that she and Yi Lishan were a couple. She did not think that they did something that made Cai Liqin think like that.

Then Yu Qi remembered something. Cai Liqin did ask Yi Lishan, asking if Yu Qi was Yi Lishan's new girlfriend. Yi Lishan did not answer it straight away. He just brushed off Cai Liqin with another question. Oh, that was why Cai Liqin thought Yu Qi was his new girlfriend.

"Brother Hui, let's go." Yu Qi pulled Long Hui's hand to leave.

Cai Liqin looked up and wanted to say something again. However, she got a glimpse of Long Hui's cold eyes. She became trembled again. The word stuck inside her mouth as she watched the couple leave.

She sat down feeling relieved. She could feel that the man was a scary person. She did not dare to go and find Yu Qi again.

The return flight was scheduled for the night. So, they had plenty of time to go around the city.

Yu Qi decided to take Long Hui to go hiking at Loyun Mountain. She had been at this mountain before during her stay at Guanying City.

She remembered giving an emergency treatment to Xian Su Yan who had a deep neck infection. Yu Qi liked this mountain because it reminded the mountain that she usually went to when she was little.

"No wonder you want me to dress like this." Long Hui said.

They were wearing outfits that were suitable for hiking. They started hiking too. Since it was weekend there were a lot of people who had the same intention of hiking on this mountain.

Of course, they became the attention of the people around them due to their outstanding looks. Not only that, there was someone who almost tripped himself because he was not looking at where he stepped on. He was looking at Yu Qi.

"Qi Qi." Long Hui pulled Yu Qi closer to her and he whispered to her ear. "Do you notice the man who wearing the red shirt with backpack? Don't look straight at him."

Yu Qi looked around to see who had the description that Long Hui mentioned and just glanced once at him. "Hmm... I see him. Why?"

"It seems they are about to settle a business deal here." Long Hui said.

Yu Qi then used her eyes to see what was inside the man's bag. It seemed like the drug. It was white powder.

Yu Qi enhanced her nose, trying to smell the drug.

"It is Cocaine." Yu Qi informed Long Hui. "It is quite a lot. Almost two kilograms of them. They did choose a quite unexpected place to settle the deal."

1683 Chapter 1683

Long Hui also thought the same. It was an unexpected place to sell and buy drugs. However, since they already spotted the activity, they needed to catch them.

"What do you plan to do?" Yu Qi asked.

"Hmm... We need to inform someone about the catch." Long Hui said.

"But if we leave right now, their transaction might already end." Yu Qi said.

Long Hui took out a square black thing and showed it to Yu Qi. Yu Qi tilted her head.

"What is this?" Yu Qi asked.

She had never seen something like that. It was just a black square.

"I will use this thing to contact the nearby military ground. It is like an emergency telephone. It used Morse code. The morse code would be sent to the military and someone would translate it. They would send a team later." Long Hui said.

Long Hui quickly tapped on the black square. The situation had been sent through the morse code.

"How do you send the code? Does it can be used if there is no signal here?" Yu Qi asked.

"Hmm... We use the satellite signal. So, it is fine." Long Hui answered.

"Hmm... Impressive." Yu Qi did think that.

Yu Qi thought of something. Both of them had their face appeared in public. The man could recognise them. They needed to be careful.

"It is good that we decided to wear a cap. We can partially hide our faces. They might recognize us. That would be no good." Yu Qi pulled her cap below trying to hide her face.

"Hmm... Let's go and follow him." Long Hui pulled Yu Qi closer.

The man seemed to hear some noises behind him. He turned around to see the source of the noises. Upon turning around, he saw a couple behind him.

He saw the woman was kind of throwing punches at the man's chest. The man just let the woman do what she wanted to do.

The man felt relieved. It was just a couple flirting with each other.

"Hmm... I think better to take Shino out. He could approach that man without getting any suspicion.

"Hmm... It is a good idea too." Long Hui was also thinking the same.

So, they went to the back of one big tree there. Yu Qi entered the space and wanted to take Shino out.

However, not only Shino was out but Aoi was also coming out.

"So, what is he doing here?" Long Hui glanced at Aoi.

Aoi felt he had been insulated. "You... Humph!"

Aoi turned his back, letting his ass to Long Hui.

"He would be our recorder." Yu Qi smiled.

Yu Qi took out a small record and placed it on Aoi's neck.

"You need to use your invisible ability." Yu Qi reminded

"Hmm..." Aoi responded. I think you should take a look at pandasnovel.com

"Master, what should I do to help?" Shino asked.

pandasnovel.com "You are going to follow him. Your job is to distract him when you think it is necessary." Yu Qi informed Shino.

"Hmm... Okay... Master." Shino nodded.

Both of them approached the man. The man finally stopped climbing and took a rest at the place provided.

Not only after that, Yu Qi and Long Hui appeared in his range of sight. He clicked his tongue when looking at the couple. It would be the couple from earlier. He became a little annoyed.

The man could see that the couple also took a break there. He was hoping that the couple would leave soon since he would do the transaction business here.

He chose this day because it was the weekend. It should be no one here at this time of hour. Who knew a couple would want this mountain to be their dating place today?

He couldn't chase the couple out. It was impossible. He just hoped the couple would leave sooner.

Half an hour later, the man could see another man arrive too. The man was wearing red shirt. He observed the man. He then caught the signal given by the man.

He gave the eye signal to the man to look at the couple. The man looked in that direction and found the couple who seemed to be flirting with each other.

If they needed to do the transaction business, they should not have any.

Yu Qi and Long Hui sensed someone else. When they looked over, they could see another man with a red shirt.

How did they know about that? Of course, they noticed him a long ago. Then, they also saw the signal of both men to communicate earlier.

"Brother Hui, how long do we need to wait?" Yu Qi asked.

Long Hui did not answer the question right away. He closed his eyes and used his sense.

"Hmm... They will be here in 10 minutes. They would use different routes." Long Hui answered.

"How many people are coming?" Yu Qi asked.

"Hmm... Four." Long Hui stated.

"So, let's move, shall we?" Yu Qi smiled.

"Okay." Long Hui nodded.

So, the couple started to leave the place. Seeing this, both of the men smiled. The man in the red shirt closely approached the man.

"They are finally leave." The man said.

"Hmm... Yeah." The man in the red shirt nodded.

"So, let's get started." The man said.

The man in the red shirt nodded.

"As we discussed in the chat before, I have grams of cocaine inside my bag." The man patted his backpack.

1684 Chapter 1684

"Great." The man in the red shirt nodded.

"Have you prepared the payment?" The man asked.

"Of course. 150K is inside this bag." The man in the red shirt stated.

"Alright." The man nodded.

They exchanged the bag. Once the exchange was successful, they heard the shout.

"Freeze. You are under arrest." The soldiers shouted to them.

They were shocked. The bag fell to the ground. The man in the red shirt tried to make a run. However, a man appeared and pulled him to the ground.

The man in the red shirt tried to free himself but he could not do it.

"You better for resist. Otherwise, your shoulder might break." Long Hui said.

"You Bastard!" The red in red shirt shouted.

The other man had been caught by the soldier. Long Hui handed the man in a red shirt to the soldier.

The man in a red shirt was surprised to see soldiers there. How could the soldiers be here? Then he thought about a possibility.

"Bastard, you are the one who wanted to trick me did you?" The man in the red shirt shouted to his partner.

"What? Of course, I do not that." The man shouted back in reply.

"Otherwise, why are the soldiers here?" The man in the red shirt shouted again.

"Why should I do that? I am also being caught." The man said.

"Shut up!" Long Hui shouted.

Both of them were silent. The man glanced over to the person who shouted. Then he was shocked.

"You!" The man finally recognized Long Hui.

He remembered Long Hui. It was the couple who hiking behind him. He looked around and saw Yu Qi standing not far from their location.

Yu Qi saw the man look at her. She narrowed her eyes and smiled at the man. It was a sarcastic smile.

The man finally realized what was going on here.

"You follow me." The man shouted to Long Hui.

"Hmm... So, what?" Long Hui did not feel shy to admit it.

"Take them to the police station. Let them handle the case." Long Hui said.

"Oh, you might need this." Yu Qi gave the recorder to Long Hui.

Long Hui gave it to the soldiers.

"We will go first, Colonel Long." The soldier said.

The four of them saluted Long Hui. The two culprits saw this and thought they were lucky to meet a soldier there when they were doing the transaction. I think you should take a look at paπdasnovel.com

It was an unlucky day for them because it was not their first time doing a business transaction here. It was usually a safe place because no one expected that a business transaction was going on there.

Not to mention, the man who caught them was a high-ranking soldier as well. It was really unlucky.

...

Yu Qi and Long Hui were at the airport waiting for their boarding. The police officer told Yu Qi to update them about the taxi driver.

Upon one day of investigation, the police managed to find out that the taxi driver had committed around 40 crimes including rape, blackmail, and extortion.

The police found the evidence inside the taxi driver's phone. The taxi driver had been recording the rape that he committed. He used them to blackmail and extort money from the victims.

If the victims did not give him the money he wanted, he would send the video to other people.

However, even though he got the money from the victims, it did not make him stop from selling the video to the porn website.

The police were disgusted with what the taxi driver had done. They promised to charge him with maximum punishment.

Yu Qi who listened to the police officer about the taxi driver immediately felt disgusted. She should break his lower part. It would be sure that he would not commit the crime against women anymore. How pity.

Long Hui saw Yu Qi reading something and he saw Yu Qi showed a disgusted expression. He immediately asked Yu Qi about that.

Then Yu Qi remembered that she never told Long Hui about what had she experienced. She was hesitant to tell Long Hui about that because she knew that Long Hui would be worried about her safety.

"Tell me." Long Hui demanded.

"Well..." Yu Qi had forced to tell Long Hui about the incident.

Long Hui frowned as he heard that. Even though he knew Yu Qi was stronger than any average human, he could not stop worrying about her safety. Not to mention, she was a target for some freaking organizations.

"Don't worry too much. I can handle it." Yu Qi assured Long Hui.

"Hmm..." Long Hui acknowledged.

Then, they heard about the commotion over there. People were screaming and shouting very loudly. They wondered what happened.

Turned out, there was a famous group of idols here onboard the plane as well.

There also had a bodyguard controlling the situation. People around frowned when hearing the screaming around them. It included Yu Qi and Long Hui as well.

pandasnovel.com "Are you okay?" Long Hui asked, close to Yu Qi's ear.

"Hmm... But it is very loud." Yu Qi commented.

"The gate was about to open. We need to hold back for a few moment." Long Hui said.

"Hmm... I want to go to the toilet." Yu Qi said.

"Do you want me to accompany you?" Long Hui asked.

"No need. You can take care of our things here." Yu Qi said.

In order not to make them look weird coming to Guanying City for vacation, and not bringing anything, Yu Qi took our two luggage outside. So, Long Hui needed to take care of them.

Yu Qi walked past the crowd. The fans nowadays were crazy. They could do anything just to make their idols turn around and look at them.

Hearing her sensitive hearing, Yu Qi felt hurt in her ears when hearing the screams and shouts coming from the fans. Well, she could not get angry about something like this.

Yu Qi finally arrived at the toilet. She entered the washroom and saw a man inside. Both of them looked at each other for a while before Yu Qi decided to come out of the washroom. She wanted to confirm the sign whether showed a man or woman sign.

It was clearly showing the woman's sign. Yu Qi entered the washroom once. She was very calm. She wondered why she entered perverts these days.

"What are you doing here?" Yu Qi asked.

The man did not answer the question and just looked at her dumbfounded.

"You want to go out nicely or you want to make this a big deal?" Yu Qi asked back.

"You don't know me?" The man replied with another question.

"Why should I know you?" Yu Qi returned to the question.

The man looked like he was offended.

"I want to use the washroom. Can you get out now?" Yu Qi asked again. "If you don't walk out by yourself, I can help you by dragging you out."

"What?" The man was shocked.

"Tsk." Yu Qi clicked her tongue.

It seemed the man did not want to get out. So, Yu Qi dragged him out and threw him out of the female washroom.

Then she heard the scream. So, the fans were here as well. After finishing her thing, she got out of the washroom.

There was a group of girls outside the men's washroom. There was only one way to return. It was to walk past the fans who screamed in front of the washroom.

"Excuse me." Yu Qi said.

Yu Qi patted a girl's shoulder. The girl wanted to scold whoever disturbed her from looking at her idol.

However, the word stuck inside her throat when she looked at the face. The woman in front of her right now was very beautiful. She wondered if the woman was from the entertainment industry as well.

"Yes?" The girl asked.

"Can you allow me to walk through this path? I need to go." Yu Qi asked the girl gently.

"Oh, yes." The girl nodded.

"Guys, Guys, listen to me." The girl shouted.

All of the fan girls went silent. It seemed that the first girl whom Yu Qi talked to had some influence among the fan girls.

"This lady over here wants to walk through. Make a way to her." The girl said.

The fan girls stepped away making a path in the middle of them. The bodyguards who guarded the man's washroom were shocked when they looked at this scene.

Yu Qi walked through them. Before she left, she turned away and displayed a sweet smile to them.

"Thank you for letting me through. Oh, one advice, it is good if you like someone. But never like them more than yourself. Yourself is the more important to you." Yu Qi said.

Then she walked away.

The fan girls were stunned. They looked dumbfounded. The words struck into their heart.

"Hmm... She is right." One of the fans suddenly admitted.

"We need to love ourselves."

"We can behave like this."

"We need to act like a good fan."

"Waiting for our idol in front of the toilet... Not a good behaviour of a fan."

"We need to change."

"Yes."

The fan girls shouted to change themselves. The bodyguards once again were stunned when they watched the scene. They wondered who the woman was.

Not only them, but the fan girls also wondered about that. They were mesmerising with the beauty of the woman.

"Is she a newbie?"

No one knew that.

While Yu Qi was in the washroom, Long Hui had been noticed by nearby women who were also mesmerised by Long Hui's look.

The woman told her friend to go and talk to Long Hui.

"Jinjing, he looks dreamy." Dong Suyin told Tan Jinjing.

"Hmm..." Tan Jinjing responded.

"Why don't you go and talk to him?" Dong Suyin suggested to Tan Jinjing.

"What? No!" Tan Jinjing shook her head.

"Why not? Jinjing, you are beautiful. A man like that is suitable to you." Dong Suyin said.

"Suyin, he might already have a girlfriend." Tan Jinjing stated.

"Well, it is better to ask, right." Dong Suyin said.

Dong Suyin pulled Tan Jinjing to get closer to Long Hui. Tan Jinjing wanted to resist but Dong Suyin pulled her strong.

Long Hui was closing his eyes and suddenly opened his eyes to see the people who came near him. He frowned as he saw the two strangers coming toward him. He already knew the pattern.

"Hi." Dong Suyin smiled at Long Hui.

Long Hui ignored Dong Suyin. Tan Jinjing already knew that this man did not wish to be disturbed.

"Suyin, come on. Let's leave." Tan Jinjing stated and wanted to pull Dong Suyin from there.

However, it seemed Dong Suyin did not want to give up talking to this man.

1686 Chapter 1686

"Sir, my friend here is very beautiful and comes from a good family background. You will regret it if you don't get to know her." Dong Suyin promoted Tan Jinjing to Long Hui.

"Suyin, what are you saying?" Tan Jinjing pulled Dong Suyin's hand.

She did not like when Dong Suyin put it that way. She did not know why Dong Suyin did this everything they spotted someone handsome.

Long Hui glanced over. "Idiot."

Dong Suyin and Tan Jinjing heard the insult. Dong Suyin became angry.

"Sir, why are you insulting me like that? I just want to introduce you to a good woman. Why don't you appreciate that?" Dong Suyin said in anger

She looked straight into Long Hui's eyes. She finally noticed the cold inside Long Hui's eyes. She gulped. Her instinct told her to get out of the place but her legs could not move. She was frozen over there.

"Hmm? What is going on over here?" Yu Qi just came back and saw this situation.

Yu Qi casually sat beside Long Hui and looked at Dong Suyin and Tan Jinjing.

"This woman wants to introduce her friend to me. She told me that her friend is beautiful and comes from a good family background. She promoted her friend to me. She even told me that I would miss the opportunity to get such a beautiful woman like her friend her." Long Hui told Yu Qi everything. He did not hide anything at all.

paadasNovel.com Dong Suyin and Tan Jinjing were surprised to see Yu Qi there. Dong Suyin could admit that even though Tan Jinjing was beautiful but when compared to the woman in front of them right away, Tan Jinjing was nothing.

Tan Jinjing caught on to this woman's identity. She must be this man's girlfriend.

Dong Suyin got some strength after a while.

"My friend is probably better than this woman over here." Dong Suyin said.

"Suyin, what are you talking about? Enough." Tan Jinjing frowned. She did not understand why Dong Suyin doing this each time they spotted handsome men.

"But Jinjing... I just want to help you." Dong Suyin said.

"There is no need for you to do that. You always doing something like this." Tan Jinjing said.

Yu Qi heard the conversation and had some understanding of the situation. This Dong Suyin had a creative idea. She could admit that.

It seemed Tan Jinjing was clueless about this matter. Well, Yu Qi thought that she wanted to do a good thing, so, she decided to tell Tan Jinjing about that.

"You, with the name Jinjing." Yu Qi called Tan Jinjing.

"What is it?" Tan Jinjing looked at Yu Qi.

"Just an advice. You should stop being friends with someone like her." Yu Qi stated.

Tan Jinjing was confused while Dong Suyin looked shocked. I think you should take a look at paadasnovel.com

"Why?" Tan Jinjing asked.

"Your friend over here made you seem desperate for a man. It would not look good for you." Yu Qi said.

Tan Jinjing went silent. When she thought about that after Dong Suyin said something similar to the men, the men also looked at Tan Jinjing with different looks. It was almost like they were disgusted with Tan Jinjing.

Tan Jinjing looked at Dong Suyin. Dong Suyin was panicked.

"Jinjing, we had been friends for a long time. Why would you believe someone that you just met once?" Dong Suyin threw her friendship card.

"Then, why are you doing this every time? I always ask you to stop. But you never listen to me. So, that is your aim? To ruin my reputation, huh?" Tan Jinjing asked.

"No... No... It is not my intention." Dong Suyin said.

"From now on, you are no longer my friend." Tan Jinjing dropped the bomb on Dong Suyin.

After that, Tan Jinjing turned to Yu Qi.

"I am sorry and thank you for opening my eyes to see the truth." Tan Jinjing bowed to Yu Qi.

Yu Qi just nodded. Long Hui did not respond to anything. After that, Tan Jinjing went to take a seat not far from Yu Qi. It seemed she also took the flight as well.

Dong Suyin snapped out of her thoughts when she saw Tan Jinjing walk away and take a seat. She rushed over to Tan Jinjing. She needed to coax Tan Jinjing to forgive her.

She needed Tan Jinjing for her lifestyle. She came from a small family in a small town. After getting into the university, she finally found Tan Jinjing who was coming from a rich family and a little bit naive.

She began to take control of Tan Jinjing. Everything was perfect until this incident. She went to Tan Jinjing. She needed to beg for Tan Jinjing's forgiveness.

"Jinjing, please. I never had any bad intention toward you. We are friend." Dong Suyin said.

"No, not anymore. I thought you as a friend. But I never know that you are still disgusting. Please don't talk to me anymore." Tan Jinjing said.

"You can not do this to me." Dong Suyin begged.

"If you said another word to me, I will ask you to return to ticket." Tan Jinjing said.

Hearing that, Dong Suyin shut her mouth. She did not want to be strayed here at the airport. She took a seat not far from Tan Jinjing.

Once they returned, Dong Suyin would try to beg Tan Jinjing for a few time to forgive her. She could not want to lose the lifestyle after she became friend with Tan Jinjing.

1687 Chapter 1687

"Why are you so late?" Long Hui asked.

Yu Qi went to the toilet for such a long time. He wondered why.

"You know I meet the fan girls in front of the washroom. It seems their idols entered the washroom. It was chaos. Because of that, I need to talk to them to let me pass through." Yu Qi said.

She did not tell Long Hui about the pervert that she met in the female's washroom and she did not plan to do so either.

They finally boarded the flight on the first-class seat. Coincidentally, they met with the idols that fan girls had been screaming about.

Yu Qi also saw the pervert that she met in the female washroom. She did not know that the pervert was part of the idol group.

The pervert was also surprised to see Yu Qi. His reaction had been caught by his teammates.

"What? Are you seeing your ex-girlfriend or what?" One of his teammates asked.

Everyone looked in Yu Qi's direction.

"Wow, she is gorgeous. You never told us that you have a beautiful girlfriend like this." The teammates said again.

"What? It is not like that." The idol shook his head.

"Hey, I think she is cheating on you." The teammates said.

Everyone looked at Yu Qi. Yu Qi was talking to Long Hui while holding hands together. Everyone frowned.

"Her boyfriend is working hard earning the money but she is cheating on his boyfriend." The teammates were angry.

"We need to confront the cheater." The teammates said it again.

They stood up from their seats and wanted to go to Yu Qi and Long Hui.

"Hey, you guys, listen to me." The idol said.

However, his teammates ignored him and went straight to confront Yu Qi and Long Hui. They stood while looking at the cheating couple.

Yu Qi and Long Hui looked over. They wondered why these men stood here.

"Why are you cheating on your boyfriend?" One of the teammates asked.

"Huh?" Yu Qi was confused.

"He is earning money. It would be used for your wedding but you are here cheating with your partner." Another one said.

"What are you talking about?" Long Hui asked.

"You bastard, why do you need to snatch someone else girlfriend?" The teammate pointed his finger at Long Hui.

Long Hui frowned. "Snatch someone else girlfriend? Who?"

"She is my teammate's girlfriend." The teammate pointed his finger at Yu Qi.

"What? Me? Whose girlfriend?" Yu Qi stood up and asked.

"Him." The teammates pointed to the idol.

"Guys, why don't you listen to me? I don't know her." The idol sighed.

"Huh? Why?" The teammates thought otherwise.

"My fiance and I expect some apology from you." Long Hui stood, revealing a terrifying aura toward the people.

The group gulped. The manager was in the business class seat and came over to see the situation. He was confused as to why the idols stood up.

Then, he spotted someone. He was shocked.

"Chairman Tang?" The manager looked at Yu Qi.

Everyone was shocked when their manager called Chairman Tang when looking at Yu Qi.

The idols turned to Yu Qi. They suddenly remembered their big boss who just happened to be a woman.

They called her Chairman Tang. Then their manager also called this woman Chairman Tang, meaning this woman was their big boss.

"What is going on here?" The manager asked, oblivious to the situation.

"Your artists said one of them was my fiance's boyfriend and she had been cheating on him with me." Long Hui said.

"Huh?" The manager was shocked. "What are you saying? Chairman Tang is your girlfriend? Which one of you?"

"Well, Alex makes us think that he saw his girlfriend. Then we saw the woman that we think was his girlfriend talking intimately with another man. So we thought she was cheated on Alex." The teammates explained.

"I never told you guys that I don't know her but you ignored me." The idol named Alex said.

The manager gritted his teeth. He turned to Yu Qi and Long Hui.

"Chairman Tang, Colonel Long, please forgive us. We don't have any bad intentions. They just misunderstood you two." The manager bowed 90 degrees to Yu Qi and Long Hui.

The idols were shocked when the manager called the man with the title, Colonel. Only high-ranking soldiers could be called by the title.

The manager lifted his head and glanced at the idol. His intention was clear. He wanted the idols to apologize to Yu Qi and Long Hui right this instance. Otherwise, they could say goodbye to their career.

Chairman Tang had the power to prevent them from being active in the entertainment industry.

The group immediately apologized to Yu Qi and Long Hui. They had wronged the couple. They bowed down as deeply as their manager.

"Since you already apologize, then, it is over. Next time, please be careful." Yu Qi said.

"Thank you, Chairman Tang." The idols said.

They were relieved that their big boss forgave them. They did not know what to do if their big boss never forgave them.

Long Hui still frowned even though everything was over.

"Hmm? You are still angry?" Yu Qi asked.

"How could they think his girlfriend is you? They think of him so high." Long Hui snorted.

"Hmm... I know. You are the most handsome man in my eyes." Yu Qi said.

Seeing this sentence made Long Hui smile.

1688 Chapter 1688

When Yu Qi returned to work, she received a message from Xia Weizhe asking her to meet him. Since Xia Weizhe's antique shop was nearby, Yu Qi decided to go and visit Xia Weizhe.

When Yu Qi entered the shop, she could hear that someone was shouting inside the shop. She went to take a look.

It seemed two middle-aged men were talking to Xia Weizhe. They looked so aggressive. They slowed down their tone when they noticed there was another customer here.

"What? Someone enter into a shop like this?" One of the middle aged men said.

His name Hou Jing and his friend's name was Xiang Hong.

"Maybe she is just entering the wrong shop. She is so young. Young people did not have any interest on something like this." Xiang Hong said.

Hou Jing smirked. "So, Xia Weizhe, don't get yourself ahead."

"Xia Weizhe, I am telling you for your own good. Just sell this lot to me. I will take this lot from your hand." Hou Jing added.

"I am not selling it to you. Please stop harassing me." Xia Weizhe said.

"Xia Weizhe, don't let me do something to you." Hou Jing glared at Xia Weizhe.

"Is that a threat?" Xia Weizhe frowned and asked

"You can interpret what you want to interpret." Hou Jing said.

"Xia Weizhe, just give up." Xiang Hong advised.

"Tell me. Who wants to buy something like this, huh? Who know if the items here is legit or not?" Hou Jing pushed a vase.

The vase was about to fall on the ground. However, Yu Qi quickly grabbed and placed it back on the table.

Hou Jing frowned as the act failed. He wanted to provoke Xia Weizhe. He wanted Xia Weizhe to hit him. With that, he would rightfully claim that Xia Weizhe hit him first and hit Xia Weizhe back as self defense.

He turned to the woman. He thought the woman already had gone. Surprisingly, she was still here.

"Are you okay? Do you want any help?" Yu Qi asked.

"No need. I am fine." Xia Weizhe shook his head.

Xiang Hong looked at the woman. This woman was quite a beauty. Hou Jing liked such a beauty like this. He probably wanted to know about her after looking at her. His guess was correct.

"Owh, hi, Young girl." Hou Jing smiled to Yu Qi. "May I know your name?"

He did not suspect that the woman who entered the shop here was a young woman. He told she was an old man who wanted to buy some creep antique.

"Hou Jing, stop it." Xia Weizhe said.

Xia Weizhe was not talking on Yu Qi's behalf but Hou Jing's behalf. If Yu Qi was the same as her grandmother, Hou Jing might in trouble.

Dian Yi Yi was a beautiful girl. She was also strong. Even after she abolished her cultivation. She rely on her martial arts.

Many men who wanted to take advantages on him often suffered on her hand. He did not think her granddaughter would be any different. With that kind of face, she must often facing someone like Hou Jing

"Shut up! You old man." Hou Jing said to Xia Weizhe.

Xia Weizhe already warned Hou Jing. He would not say anything again.

Hou Jing wanted to reach out to grab Yu Qi's hand. Before he managed to do so, Yu Qi stepped back.

"Old man, please behave properly." Yu Qi replied. She used the same word 'old man' that Hou Jing used to call Xia Weizhe.

Xia Weizhe wanted to laugh but he held back. It seemed Dian Yi Yi's had poisonous tongue as well.

Hou Jing was taken back with the word used by Yu Qi. Well, he was not that old like Xia Weizhe. How dare this young woman treat him like this? He would make she pay for that.

Yu Qi ignored Hou Jing and turned to Xia Weizhe. "Grandpa Xia, I reach your message. Have you agree to sell this lot to me?" She smiled.

Xia Weizhe noticed Yu Qi's eyes. It seemed Yu Qi wanted to act with him.

"Hmm... That is why I am calling you to come here." Xia Weizhe said.

"What? Xia Weizhe, are you selling this place to her?" Hou Jing became agitated.

"Xia Weizhe, how can you do this to us? We want to buy this place first." Xiang Hong frowned.

"What? I never say that I am selling the place to you in the first place." Xia Weizhe said.

"Young lady, you better give up buying this place? Otherwise, I will make your life miserable." Hou Jing threatened Yu Qi.

"Young Lady, it is wise if you do what he said. You will never want to fight him and his family. His family is quite powerful in this city." Xiang Hong advised Yu Qi.

"Oh, really?" Yu Qi turned to Hou Jing who looking so proudly about his family.

"Now, you are afraid. Why don't you apologize to me and promise me that you want to be my mistress?" Hou Jing grinned.

"Is your family is more powerful than Tang Family?" Yu Qi asked

"What?" Both Hou Jing and Xiang Hong were shocked to hear Tang Family from this young woman's mouth.

Xiang Hong finally realized something. He remembered seeing this young woman's face before when he looked at her before. Now, he remembered where he did see her.

1689 Chapter 1689

"You don't mean Tang Family that owned Tang Private Hospital, did you?" Xiang Hong asked for confirmation.

"Oh, it seems you know me. That's right. So, back to my question early. Which one is more powerful? Your family or my family?" Yu Qi lifted her eyebrow while looking proudly at both of the middle aged men.

Hou Jing and Xiang Hong became pale. Of course, their family could not be compared to Tang Family.

"Is there anything that you want to say?" Yu Qi looked at the silent middle aged men.

Both of them did not answer Yu Qi's question.

"If you don't have anything more to say, then, I politely ask you to leave this place and don't ever try to come here anymore. Otherwise, I will make your life miserable." Yu Qi threatened both of them.

Both of them rushed out, running as someone was chasing them. They almost collided with the people.

"Thank you for protecting me. I almost at my limit. I will move my hand against them." Xia Weizhe said.

They had been harassing him for about one month asking him to sell this place to them. They were planning to open some kind of shop here.

The fortune teller told that Xia Weizhe's antique shop had the best Feng Shui. He did not know which idiot told them so.

"Hmm... You should do it from the start." Yu Qi commented.

Xia Weizhe heard the comment and started laughing. He really saw Dian Yi Yi in this girl. When they were little, they always saw each other because they attended the same school.

He often being bullied by someone. He always let them did whatever they wanted to him because he did want to cause trouble to others.

Until one day, he could not hold back and beaten the people who bullied him. Everyone was surprised and started berated him for beating his bully.

People said that he was too cruel to beat the people who bullied him. However, one person stood on his side. That was Yu Qi's grandmother, Dian Yi Yi. The words was the same as Yu Qi's word.

"Hmm... You should do it from the start." Dian Yi Yi said.

Xia Weizhe chuckled. There was without any doubt that this girl was her granddaughter.

"So, why are you want to meet me today?" Yu Qi asked.

"Oh, it is about the matter that you said to me on the other day." Xia Weizhe said. He looked at Yu Qi with anticipation. "Are my family still around?"

"Wait, I will call my great-grandpa right now." Yu Qi said.

"Really?" Xia Weizhe sounded excited.

"Hmm... Wait for a moment." Yu Qi took out her phone and started dialing Great-Grandpa Dian's number.

"Huh? What is it?" Yu Qi asked

"Can you send another batch of your medicinal wine? It already gone." Great-Grandpa Dian begged like a child.

"But I leave a lot for you." Yu Qi was surprised to hear that.

The medicine wine should be enough for 4 months at least.

"Other people stole them from me." Great-Grandpa Dian answered while gritting his teeth. Not to mention, he was furious to say it because one of the culprit was in front of him right now.

Grandpa Dian who just came to his father's side confused when detecting his father's murderous aura toward him.

"Okay... I will prepare another batch to you and send them to you later." Yu Qi sighed.

"Great. By the way. Why are you calling me out of sudden? You should at work right now." Great-Grandpa asked.

He could sense that Yu Qi had something to talk with him.

"As expected, Great-Grandpa know it." Yu Qi chuckled.

"Tell me what do you want to talk about?" Great-Grandpa Dian said.

"Actually, is there any family with Xia surname in the cultivation world?" Yu Qi asked.

"Xia Family from cultivation world? Of course, it has." Great-Grandpa Dian answered.

Hearing this, Xia Weizhe's face changed.

"Who is the Head right now? Is my father, Xia Weilong still the head?" Xia Weizhe could not help to ask Great-Grandpa Dian right away.

"Huh? Who is this? Why are you on my great-granddaughter's phone?" Great-Grandpa Dian was surprised to hear a man's voice came from Yu Qi's phone.

"Uncle Dian, it is me, Xia Weizhe. Yi Yi's friend." Xia Weizhe asked.

"What? Who? Wait, Xia Weizhe, Weilong's third son? Is that really you?" Great-Grandpa Dian was surprised again.

"Hmm... it is me. Is my father still alive?" Xia Weizhe asked again.

"Of course, he is still alive." Great-Grandpa Dian answered.

The answer made Xia Weizhe almost cried. He was glad that his father was still alive. He really relieved that he would go home and meet back with her father. He was planning to seek the forgiveness from his father after what he had done.

1690 Chapter 1690

"How do you together with Yu Qi?" Great-grandpa Dian asked.

"Well, it is a coincidence that we meet each other." Xia Weizhe said.

"Great-grandpa, he did not know to return to the cultivation world because he did not have any teleport device." Yu Qi said.

"Why don't he come to our house and do it here?" Great-Grandpa Dian suggested.

"Oh, thank you for offering but I think I will ask Senior... I mean the ancestor to borrow his gate." Yu Qi answered.

Great-grandpa Dian was silent in surprise. Grandpa Ray who also listened to the conversation was shocked while looking at Great-grandpa Dian.

Even Xia Weizhe beside Yu Qi was shocked. How could she say that she could ask the ancestor about borrowing the ancestor's things? Was she joking about helping him return to the cultivation world?

"Are you sure about that?" Great-grandpa Dian asked.

"Of course." Yu Qi nodded.

"Okay. I guess. Never mind about that. Weizhe, your father would be happy to see his missing son after so long." Great-grandpa Dian moved to Xia Weizhen.

"Thank you, Uncle Dian." Xia Weizhe said.

"I need to go now. See you soon, Great-grandpa." Yu Qi said.

"Don't forget about my wine. Bring it when you come and visit us in the future." Great-grandpa Dian reminded Yu Qi.

Yu Qi laughed. "Sure... sure... I will not forget about that.

The call ended. Xia Weizhe looked at Yu Qi as if he wanted to ask something.

"What is it? Why are you looking at me like that?" Yu Qi asked.

"Miss Tang, the ancestor that you mentioned on the phone just now, is he really our ancestor?" Xia Weizhe asked.

"Of course." Yu Qi nodded.

"We should not disturb the ancestor for such a trivial matter. I can wait until Miss Tang has time to go to Uncle Dian's house." Xia Weizhe said.

He was just a normal cultivator. How could he disturb the ancestor like that?

"Don't worry too much. He probably did not mind at all." Yu Qi said.

Suddenly the pager in Yu Qi's pocket made some sounds. If the pager made the sound, meaning they did not have enough staff. Something must have happened at the hospital.

"I need to go first. I will contact you later." Right after the last word, without waiting for Xia Weizhe to answer, Yu Qi left and ran as fast as she could.

Her guess was correct. There was something happening at the hospital, especially in the emergency department.

Ambulances, one after one were coming. Yu Qi rushed to the emergency department. She helped the paramedic to unload the patient.

She started to work. She did not waste any time right now. The timing is clocking.

After 5 hours of battling with never-ending patients, the storm finally slowed down. Yu Qi tried to ask the nurse who happened to take a rest beside her.

"What happened actually?" Yu Qi asked. I think you should take a look at pantheonovel.com

"Doctor Yu Qi, you don't know?" The nurse was surprised.

"I have something to do earlier. Then, my pager made a sound. So, I rushed over to help." Yu Qi said.

"Oh, actually, there was a traffic accident. A bus collided with another bus, hitting the other three cars in its way.

The first bus was full of passengers. The second was half full. Thank goddess that we can handle them all." The nurse exclaimed.

"I see." Yu Qi nodded.

"Unfortunately, the people in the car are not lucky. They passed away at the scene." The nurse sighed.

Yu Qi was also silent. "How does the accident happen?" She asked.

"I don't know much about that either. From what people say, the bus driver drove so fast." The nurse stated.

"I see." Yu Qi nodded.

Then she stood up. "I will go to my room. If you guys need me, you can find me there."

"Okay, Doctor Yu Qi. Oh, you should consider getting a quick shower." The nurse said.

She could see that after battling with patients, her clothes were ruined with blood stains.

"Hmm... I will go." Yu Qi nodded.

She entered her room and took a change of clothes inside the drawer. She had prepared some clothes inside her room in the hospital in case something like this happened.

She went to the shower bath and took a quick shower. It was not only her. A few female nurses also took a quick shower as well.

After a shower, Yu Qi returned to her room for a moment before going out for an evening check.

The wards inside the emergency department were full of patients. The doctor needed to borrow other wards from different departments to make sure the patients could be bedded.

Then, Yu Qi heard someone crying.

"No! No! It can not be. My daughter." A woman cried on top of her lung.

One of the doctors tried to calm her down but the woman could not listen to the doctor. She pushed the doctor who beside the patient who was her daughter.

The doctor also had a bad expression. It was his patient but he could not save her. It left a bad taste inside his mouth.

"I am sorry, Madam. I am sorry." The doctor apologized.
