Chapter 1721 1721: Apology Video

Fang Xiaolian distanced her ear from the phone when she heard the shout. Guo Zhengsheng's voice was very loud and made her ear hurt.

"Fang Xiaolian, I want you to fix this problem. Otherwise, don't blame me." Guo Zhengsheng ended the call.

Guo Zhengsheng would not be returning to the house where Fang Xiaolian stayed, but he would go to another house. He did not want to be with Fang Xiaolian right now. He was afraid that he would not hold his anger back and would be hitting Fang Xiaolian.

Well, he did love Fang Xiaolian at some points, but he even loved himself and the company more than Fang Xiaolian. The company was his life. Without this company, his life would be over.

Fang Xiaolian was panicked. She immediately called Yin Peizhi to ask about the matter.

"Yin Peizhi, what are you doing by exposing my lover to the public like that?" It was Fang Xiaolian's turn to shout at Yin Peizhi.

"What are you talking about? When did I expose the name of your lover to the public? You are the stupid one. You dare to lie to me about the whole thing. You are the one telling me that your ex-husband was having an affair and cheated on you. But in reality, you are the one who has been cheating on your husband." Yin Peizhi shouted back to Fang Xiaolian.

"No! I am not." Fang Xiaolian refused to admit that.

"Humph! I don't care about your affair. But you have put yourself in a hot mess. Everyone was bombing me and my company about your story." Yin Peizhi shouted again at Fang Xiaolian.

"It is not my fault," Fang Xiaolian said.

"Not your fault? Everything is your fault. I will make you promise that you will pay for everything." Yin Peizhi said

Yin Peizhi ended the call. Her head editor scolded her for writing this sh*t. The company usually writes the news like this. But everything was the truth. This was the first time they wrote something like this.

The head of the editor wanted Yin Peizhi to delete the article, but she could not delete it. She did not know why. The head of the editor was angry that she gave a sentence to Yin Peizhi to fix the situation. Otherwise, she would lose her job here.

Yin Peizhi could not afford to lose this job. If she lost this job, she did not know if she could get another job. She had a family to take care of.

Ming Xuehai was doing his job so fast. He immediately sent a legal letter to the media company. That was why the head of the editor was super mad at Yin Peizhi.

Yin Peizhi made up her mind. She quickly made an apology video about the matter.

In the video, Yin Peizhi introduced herself as the writer of the article. She apologized for writing such an article. She also apologized for not investigating the truth first before writing the article. She explained that she was helping an old friend. She thought she could believe the friend since her friend looked very sincerely sad about the matter.

Then, she explained that she wanted to delete the article but could not do it. Something blocked her from doing so. She made others think that it was her friend who paid someone to prevent her from deleting the article.

And at the end of the video, Yin Peizhi posted the voice recording when Fang Xiaolian told her about her husband's nonexistent affair.

Yin Peizhi apologized once again to Yu Qi and Ning Sung for slandering their name. She hoped that Yu Qi, Ning Sung, and all of the citizens would forgive her for everything that she had done. Once people read this, some of them understood Yin Peizhi's position. They understood that she was trying to help an old man. However, some people thought Yin Peizhi was too stupid to believe everything that her friend told her without even bothering to check the truth. She just wrote the article and posted it. They also thought that Yin Peizhi agreed to help Fang Xiaolian for some money. Yin Peizhi knew not all people would be on her side. She understood that. She already told Fang Xiaolian that she would make Fang Xiaolian pay for what she had done. Yin Peizhi posted a picture of Fang Xiaolian telling the citizens that this was the woman in the recording. Automatically, Fang Xiaolian became famous. She had been condemned by many citizens about this matter.

Someone even humiliated her using her look.

"What? This is the woman? I thought she would be beautiful."

"Yeah. How about Guo Zhengsheng went after a woman like this?"

"Even my mother is more beautiful than her."

"Well, she was indeed suitable for someone like Guo Zhengsheng. Don't you think so?"

"Hahaha... The commenter above, you are really funny." "I just met with this woman earlier. She came to our nail salon."

"Wow, she still has the audacity to go out?"

"Well, maybe at that time, she still did not know that the news had exploded like this." "Yeah, since she was doing her nails, she could not hold her phone."

This time, Fang Xiaolian paid attention to the news. She exploded when she watched the video Yin Peizhi posted, explaining everything. Yin Peizhi pushed all of the blame on her. Yin Peizhi even posted the picture of her.

Chapter 1722 1722: Just Find Out About That

How dare Yin Peizhi betray her like this? She called Yin Peizhi. However, Yin Peizhi did not answer her call. She blew up Yin Peizhi with her calls until Yin Peizhi finally answered her calls.

"What do you want?" Yin Peizhi asked.

"Yin Peizhi, why do you expose my picture to the public?" Fang Xiaolian shouted. She did not care anymore and decided to be rude.

"Fang Xiaolian, you used me to frame someone. Do you think I will be kind enough to take the blame for you? We are just an old friend. Not the best friend. Even the best friend would not do something like this." Yin Peizhi snorted.

"You..." Fang Xiaolian did not know what to reply to that.

"I already apologized and explained. As for the article, I can not delete that." Yin Peizhi said.

"Why can't you delete that?" Fang Xiaolian asked.

"I suspect someone hacked my account. So I am unable to delete the article." Yin Peizhi said. "Well, I don't want to get involved with you anymore. Then, goodbye." She ended the call right now.

"Yin Peizhi!" Fang Xiaolian screamed out of her lungs. The maids who were inside the house did not dare to get closer to Fang Xiaolian. Fang Xiaolian seemed to be a sweet lady in front of Guo Zhengsheng but they knew what hiding behind that face.

Ming Xuehai got every information that he got to sue Yin Peizhi, her company, Guo Zhengsheng, and Fang Xiaolian. He was working together with Han Baise to gather all the information that they needed.

The reason why that article would not be deleted was Han Baise's job. He hacked Yin Peizhi's account. The article would serve as evidence for slandering Yu Qi's name.

Yu Qi who knew nothing about this just came out of the operation room. The surgery should be completed within 4 hours. There were some complications during the surgery making the delay. However, Tang Qin Hao handled the complications perfectly. Yu Qi learned a lot from Tang Qin Hao. Tang Qin Hao had been surrounded by the patient's family. They wanted to ask about the patient's condition. Yu Qi went to the shower room to take a quick shower.

Before she managed to return to her room, she was stopped by several nurses. "Doctor Yu Qi, don't worry. We believe in you."

"Yes, Doctor Yu Qi is not someone like that."

"That's right. Who would go cheating on someone handsome like your fiancé?"

"Doctor Yu Qi, stay stronger."

After getting some encouraging words from those nurses, they left. Yu Qi was stunned. She was kind of confused right now. Why did the nurses say something like that?

Yu Qi arrived at her room. She checked her phone. She was surprised to see the notifications on her screen. Hundred of them. She went through everything. She finally understood why those nurses said something like that to her earlier. Fang Xiaolian and Guo Zhengsheng really liked to covet death. 'I will let you taste it.' She smiled. She called Ming Xuehai. Ming Xuehai answered.

"Yu Qi, are you okay?" Ming Xuehai was glad to get a call from Yu Qi. "Brother Xuehai, sorry for just contacting you now. I was in the surgery room." Yu Qi said.

"I see. Glad to hear from you. So, do you know the situation?" Ming Xuehai asked.

"Hmm... I just found out." Yu Qi stated.

"What are you planning to do?" Ming Xuehai was waiting for Yu Qi's decision.

Yu Qi chuckled. "I bet you already prepare everything." "Yes, I am just waiting for your order." Ming Xuehai said. "Great. Then, just do what you think is suitable." Yu Qi said.

To be honest, she was too lazy to take care of those idiots. Better give to Ming Xuehai to handle that. There was another important matter that she needed to tackle. Long Hui was coming back. She was still feeling embarrassed when she went to possess Shino's body to see Long Hui. Not only that Long Hui realized it was her inside Shino's body. Shino told her that Long Hui would be returning today. He was already on the flight. 'Hmm... I will not admit it.' She planned not to admit it. Long Hui would never know about it. Yu Qi still did not know that Long Hui already knew it was her from her aura. Long Hui also had a method that made Yu Qi admit it willingly. Ming Xuehai who already got permission from Yu Qi started working on suing the people who dared to tarnish his big boss's reputation. Ming Xuehai started to serve Yin Peizhi, her company, Guo Zhengsheng, and Fang Xiaolian a lawyer letter. Yin Peizhi's boss was furious when he got the letter. He called Yin Peizhi to scold Yin Peizhi before firing Yin Peizhi. Yin Peizhi knelt down to her boss begging him not to fire her. However, her boss ignored her beg. He asked the security guard to throw Yin Peizhi out. He needed to go and settle the mess that Yin Peizhi created for his company. As for Guo Zhengsheng, the letter was sent to his company, Shengling Company. His secretary was the one who received the letter and immediately called Guo Zhengsheng to inform him about this matter. However, her call did not go through.

Han Baise told Ming Xuehai about Fang Xiaolian's whereabouts. So, Ming Xuehai sent the letter there. Fang Xiaolian seriously freaked out. She tried to call Guo Zhengsheng but Guo Zhengsheng did not pick up her call.

Chapter 1723 1723: Waiting For Long Hui's Arrival

Guo Zhengsheng was rolling on the bed with someone else. He put his phone on silent mode. And that phone was left on the table in the living room where he was with his partner in the bedroom. The only time that he realized he was in a big mess on the next day. The next day, the news was well spread. Yu Qi got a lot of support from the hospital staff. Even patients said they did not believe what those people spoke on the internet. Yu Qi smiled and thanked them. She also told them that she was okay and did not think much about the news. Her brothers and uncles came to see her at the office. They also just heard about the news. They were worried about Yu Qi and wanted to check on her. As always, Yu Qi smiled. Seeing her uncles and brothers rush to see her as soon as they heard the news made her feel happy. Her uncles asked if she wanted something. Hearing the question made her think about something. Then she requested a half day. She told them that Long Hui would be returned today. His flight would touch down around 2 p.m. She wanted to surprise Long Hui by welcoming him at the airport. Yu Qi did not have any scheduled surgery or any appointments with patients. So, her uncles allowed her to take a half day. Tang Jin Wei also tried his luck to request a half day. However, his request had been rejected by his father. His father told him to go and do some work. Well, Tang Jin Wei had an appointment with his patient at 4 o'clock. Yu Qi thanked her uncles and got ready to leave the hospital. She left the hospital and went to the article. The article made her gain some fame recently. She did not like that.

So, to avoid people getting noticed on her own, Yu Qi decided to disguise herself. She put on a eye make up, wigs and mask. It was blond. She looked different from herself. However, she was still looking beautiful. After completing her disguise, she left her car. She slowly stepped to the arrival hall. While she was walking to the arrival hall, she got another man's attention. Yu Qi arrived at the arrival hall. She checked on the board. Long Hui's flight still had not arrived yet. She looked at her phone, checking her emails.

"Hello..." The person was speaking English with her.

Yu Qi lifted her head up to see the person. After seeing the person, she was confirmed that she did not know who this person was.

"Yes?" Yu Qi asked.

"Well..." That person did not expect this woman would be so cold toward him. His face was everyone's dream. However, he did not expect to see this stone face. "Hi, I am Steven from London. Where are you come from?" "Here. Binhai Nation." Yu Qi stated.

"Eh? Here? You are not a foreigner?" Steven thought this woman was a foreigner since she had that kind of face.

"Yes. Do you have any problem regarding that?" Yu Qi asked.

"No, it is just... Nothing. Well, do you have time? I thought to have someone show me around." Steven tested his luck.

"I am sorry. I am waiting for my boyfriend. Please don't disturb me anymore." Yu Qi requested politely. "Owh... I see. Sorry." Steven apologized.

Yu Qi noticed. She wondered why did she always met with foreigners recently. It seemed they were gathered here to attend something. When Yu Qi looked at the board again, it stated the flight that Long Hui on board already touched down.

Yu Qi looked at the door. She already informed Shino that she was there. However, she told Shino not to tell Long Hui about she was here.

Long Hui walked to the door after getting his luggage. "Mr Long, please wait for me." Yao Ran was also coming together to Binhai Nation under her grandfather's order. "I already call someone to bring you to your place." Long Hui said.

"But I am not comfortable with someone that I don't know." Yao Ran said. She pouted. She would rather be with someone that she knew. "No. I need to go to the hospital later." Long Hui said.

"What? Are you sick or something like that?" Yao Ran approached Long Hui and wanted to put her hand on Long Hui's forehead.

Long Hui stepped away. Yao Ran realized that. "I am not sick. I am going there to pick up my fiance." Long Hui said proudly. Yao Ran was stunned to see that. "I see. So, your fiance is a nurse." Yao Ran assumed.

"Nope. She is a surgeon." Long Hui corrected her. They walked to the arrival hall. Yu Qi saw Long Hui. She remembered this woman. That woman was Yao Ran, the woman that she saw while borrowing Shino's body. Yu Qi remembered that the old man asked Long Hui to take care of that woman while she was at Binhai Nation. That old man wanted to push his granddaughter to Long Hui.

"Tsk." Yu Qi clicked her tongue. Another woman again. Yu Qi stood up, put on her sunglasses and walked toward Long Hui and Yao Ran. She stopped exactly in front of Long Hui. She wanted to see if Long Hui would recognise her with her make-up and wigs like this.

Yao Ran frowned when she spotted Yu Qi.

Chapter 1724 1724: The Blond Woman

Yao Ran did not know that this woman was Yu Qi. She had seen Yu Qi before through the picture. Because Long Hui told her that Yu Qi was a famous figure in Binhai Nation.

So, she assumed that this blond woman wanted to get Long Hui's attention. "Who are you?" Yao Ran asked.

Yu Qi ignored Yao Ran and looked at Long Hui. "Hi, handsome." Yu Qi stated.

"Hmm..." Long Hui responded.

Yu Qi lifted her eyebrow. 'Is man respond?' While she was thinking, Long Hui already approached her and pulled Yu Qi by her waist.

Yao Ran was shocked to see the situation. Long Hui was not someone who liked making skin contact with anyone. She knew because she tried it before.

She leaned closer to Long Hui but Long Hui distanced himself quickly. She was embarrassed at that moment. She thought Long Hui would not be close to any woman.

Then, what was this situation? Why was he hugging this blond woman?

Well, it was not only Yao Ran was shocked. Yu Qi was also shocked. However, when she looked inside Long Hui's eyes, she knew that Long Hui recognised her from the start. "Is this a new way to greet your beloved man?" Long Hui only whispered to Yu Qi's ear and kissed her ear.

Her ear was one of the most sensitive points. Yu Qi immediately turned red. "Okay... Okay... I gave up." Yu Qi became embarrassed when pushing Long Hui away.

Long Hui chuckled. It was nice to return to his beloved Qi Qi's side.

Yao Ran was once again shocked by Long Hui's action by kissing the blond woman's ear. She was sitting her lips.

Well, this situation was not only being watched by Yao Ran but also by the people in the arrival hall. Well, Long Hui's face was attracting them to watch.

Then, some of them recognized Long Hui's face.

"What? Is that Long Hui, Tang Yu Qi's fiancée?" A woman said to her friends

"Huh?" The friend did not catch what she said earlier.

"Remember about the explosive news yesterday? About the cheating scandal?" She asked.

"Oh, that one. So?" Her friend remembered that.

"That is Long Hui, Tang Yu Qi's fiancée." She pointed to the couple.

"Oh, yes. I remember. Then, who is the blond woman? Why is he hugging her?" Her friend asked.

"I think that is Tang Yu Qi in disguise. Well, it is just my guess." She said.

"Let's take the picture and post it. People might be interested." Her friend wanted to post the picture on media social.

"Hey, stop it. We can not do something like that. We might be sued by Tang Yu Qi. I heard that the company that owned the article had been sued by Tang Yu Qi's lawyer. Even the writer herself had been sued. She even lost her job. Do you want that to happen to you as well?" She asked her friend.

"What? Of course not!" Her friend shook her head in fear.

"Brother Long, can you tell me who is this?" Yao Ran asked once more time.

"My fiancée..." Long Hui stated.

"What? There is no way that she is your fiancée." Yao Ran was shocked.

Long Hui looked at Yu Qi's eyes. He was smiling.

Since Long Hui already recognized Yu Qi, there was no reason to wear this disguise anymore.

Yu Qi pulled away the blond hair, replaced by the shining black long hair. She also threw away the mask that covered her lower face. Yao Ran was shocked. The blond woman was Yu Qi. Not only Yao Ran, but people around who watching the situation also were shocked. They never expected the blond woman to be Yu Qi. They thought Long Hui was also cheating on Yu Qi with the blond woman.

He even hugged the blond woman and even kissed her ear. No wonder, he acted like that. It was his fiancée. He recognized her even though her fiancée was in disguise.

People suspected Yu Qi was in disguise because Yu Qi did not want to be recognised by people because of the article.

"Have fun playing disguise?" Long Hui asked.

"You recognize me right away. No fun." Yu Qi answered.

Long Hui chuckled. "Are you forget that you are different in my eyes? You can not hide your aura from me." The last sentence had been whispered into Yu Qi's ear.

Yu Qi remembered something. Yes, she was a cultivator. Long Hui could sense her aura right away. That was why he could recognize Yu Qi from the start.

Yao Ran was feeling bitter as she watched the couple talking intimately to each other in front of her. However, she did not dare to put that thought on her face.

"Brother Long, is this your fiancée?" Yao Ran asked.

"Hmm..." Long Hui answered coldly, very different tone when he was facing his fiancée.

Yao Ran put a smile on her lips as she turned around to look at Yu Qi. "Hello, Miss Tang. I am Yao Ran. I will be in Brother Long's care from now on." Yao Ran introduced herself to Yu Qi. The last sentence from Yao Ran quickly being corrected by Long Hui.

"You will be taking care by the military, not me." Long Hui stated.

He did not want any misunderstanding between him and his fiancée. Better mention it now. "Oh, yes... That's right." Yao Ran smiled.

Chapter 1725 1725: Lost Her Son

"I already called a personnel to bring you to your accommodation. You can follow him later." Long Hui said.

"Thank you, Brother Long." Yao Ran nodded.

Not long after that, the personnel arrived and saluted Long Hui. "Take care of her." Long Hui said while pointing to Yao Ran.

"Yes, Sir. I will do the task." The personnel answered.

He then turned to Yao Ran. "Miss Yao, please follow me." Yao Ran glanced at Long Hui once before going with the personnel. Well, she was a bit disappointed that Long Hui did not even look at her.

Yu Qi noticed the look given by Yao Ran but she did not say anything. "You should know about her. Due to some circumstances, the military needed to take care of her for the time being." Long Hui stated.

"Huh? Why should I know about her?" Yu Qi lifted her eyebrow.

"Oh, do I need to tell you about that? When you borrow Shino's body to come to my side?" Long Hui chuckled.

Yu Qi was startled. He really knew that was her. "I don't know what are you talking about." Yu Qi played ignorance. "Okay... Okay..." Long Hui just smiled. He changed the topic. "Should we go home?" "Hmm..." Yu Qi nodded.

So, they returned home. Yu Qi already prepared to cook some food for her fiancée. They would enjoy their eating by the lake inside Yu Qi's space.

Yu Qi already prepared to cook some food for her fiancée. They would enjoy their eating by the lake inside Yu Qi's space.

....

Yin Peizhi, Guo Zhengsheng and Fang Xiaolian were in a hot spot right now. Yin Peizhi wanted Fang Xiaolian to pay some compensation for her loss of job. She called Fang Xiaolian many times but Fang Xiaolian did not pick up her phone.

Yin Peizhi was very angry about that. She wanted to find Fang Xiaolian at her house but she did not know Fang Xiaolian's address.

While she was in a bad mood, her son came over to bring her some juice. However, since her son was just five years old, his grip on the glass was not so strong. The juice wet the carpet. And that carpet was Yin Peizhi's favourite. Seeing this, her anger exploded toward her son. She vented the anger that she had for Fang Xiaolian to her son as well. "What are you doing? Can you just stay and not do anything stupid? I am also exhausted from everything. And now you are adding to my problem." Yin Peizhi shouted out of her lungs.

The son was shocked. He did not dare to cry out loud because it would invite more of her mother's anger. The door of her house had been open outside. A man rushed to get the son. Only then, the son dared to cry on his father's shoulder.

"Yin Peizhi, what are you doing to my son?" The man asked Yin Peizhi.

"What are you doing here?" Yin Peizhi was surprised to see her husband here.

"Today, it is my turn to have Xiaodan at my house. You seem to be forgetting to send him over. So, I come over to pick up him." The man said.

The man looked at the wet carpet and the glass. He could assume what happened earlier.

"Do you need to scold him like that just because he wet your carpet?" The man asked Yin Peizhi. "I..." Yin Peizhi did not know what to say.

"He is just a little kid. He is bound to make a mess." The man said. "If you can not take care of Xiaodan, you can give me full custody. I will gladly take care of him." Yin Peizhi was angry when she heard that. She remembered something.

"What? It is because your current wife could not get pregnant, did she? You and her need my son to make your dream come true." Yin Peizhi said.

The man was shocked when Yin Peizhi insulted his wife. He became angry and wanted to say something. However, he remembered that his son was in his arms. He calmed down.

"I don't care what you want to say to me. But I will make sure that you will apologize to my wife later. As for Xiaodan, I will take care of him. I will go to the court to fight for full custody of Xiaodan." The man said.

Hearing this, Yin Peizhi became more panicked. "You can not take away my son from me." Yin Peizhi said.

"I hear about what happened. You lost your job and have no income to support Xiaodan. How do you plan to take care of Xiaodan if you don't have a stable job and money to support that?" The man said.

After saying that, the man left with his son.

The words from Yin Peizhi made Yin Peizhi remember that she had been fired. Even though she had some savings, it would not be enough for her to survive in the long run. Not to mention taking care of children would definitely need a lot of money.

If her ex-husband went to court to apply for full custody of their son, there would be no doubt that her ex-husband would get full custody. The reason they got the half custody was because when they were divorced, both of them had jobs and were single. But now, she was single and did not have a job while her ex-husband already remarried and had a stable job.

The judge would favour her ex-husband's side due to the criteria. And she would lose her son to her ex-husband. ***

Chapter 1726 1726: Provoke Fang Xiaolian

Guo Zhengsheng woke up feeling refreshed after spending time with another woman. It was a young girl. The girl did not have much experience in doing the deed making Guo Zhengsheng interested in her.

He did not want to go to work. However, after looking at his phone, there were a lot of calls from his secretary regarding the scandal.

The last message from his secretary made him need to go to the company today. The board of directors called him for a shareholder meeting. It was not a good thing if they called him for a shareholder meeting. He quickly tossed some money to the girl and asked the girl to leave. The girl did not say anything and took the money. Guo Zhengsheng did not care about the girl anymore. He was getting ready to go to the company. He just told her to leave after she had done it. The girl nodded. After Guo Zhengsheng left, the girl stood up and smiled evilly. There was nothing innocent about the girl at all anymore.

Her job here was done. She just needed to go somewhere else. This job was so interesting. She took a bath and got ready to go. She put on the sexiest outfit. After getting the information from someone, she went to the location. She knocked on the door. A maid opened the door. "Yes?" The maid asked.

"Can I meet Fang Xiaolian?" The woman asked.

"Alright. She is inside. Come in." The maid led the woman to the living room. "Wait here. I will call Madam." The maid said.

Even though Fang Xiaolian was not married to Guo Zhengsheng, she asked the maids to call her Madam.

The woman just nodded. Fang Xiaolian was feeling horrible due to lack of sleep and woke up in a bad mood. Then the maid came telling her that she had a guest. She did not remember having someone to come and meet her today. However, she got ready to see this guest. When Fang Xiaolian went downstairs, she frowned. She seriously did not know this sexy woman. The sexy woman noticed Fang Xiaolian and started to smile. Fang Xiaolian did not know why she felt angry seeing the smile from the sexy woman.

"Hello, you must be Fang Xiaolian." The sexy woman started to talk.

"Yes. You are?" Fang Xiaolian asked.

"I am Li Xue. A new woman for Guo Zhengsheng." The sexy woman, Li Xue introduced herself to Fang Xiaolian.

"What did you say?" Fang Xiaolian glared sharply at Li Xue.

"I am Guo Zhengsheng's new girlfriend. Nice to meet you." Li Xue smiled.

"You bitch! Do you know who are messing with?" Fang Xiaolian smacked the table in front of her.

"Guo Zhengsheng already promised me. Or do you want to see the proof?" Li Xue took out her phone and played something.

"Can you marry me?" "Hmm... I will..."

"What about the woman beside you?"

"Don't worry about her. She is old. You are younger than her. Of course, I will choose you. She will be going to leave." "Hmmm... Thank you..." "Let's continue it. Turn around, I will f**k you from behind." Li Xue ended the recording. Fang Xiaolian was trembling when she heard the recording. It was really Guo Zhengsheng. 'That bastard. How dare he cheat on me?' Fang Xiaolian clenched her fist.

"Well, you should know your place and leave." Li Xue crossed her legs. Fang Xiaolian stood up and wanted to slap Li Xue. However, Li Xue managed to avoid being slapped by Fang Xiaolian. Fang Xiaolian fell to the ground after being pushed by Li Xue. "I will return back. Next time, I will not be seeing you here, am I right?" Li Xue laughed while walking out of the room. "I will be waiting for Guo Zhengsheng. He is working right now." She left after saying those work. Fang Xiaolian stood up after feeling okay. That bastard. She needed to find him and confront him about this woman.

Guo Zhengsheng entered the meeting room. The shareholders were already inside waiting for him to come.

Guo Zhengsheng took his seat. "Can I know why are we going to this shareholder's meeting?" Guo Zhengsheng asked.

"You dare to ask us?" One of the shareholders asked Guo Zhengsheng back.

"CEO Guo, do you know our company is in danger? Our company share dropped significantly after that news." Another shareholder stated.

They did not need to state which news. Everyone here knew that. "Why do you have to provoke such a person?" An old shareholder asked.

That person was Yu Qi. They did not understand why Guo Zhengsheng wanted to frame such a powerful person like her. With her power, she could destroy their company like that.

"CEO Guo, we can't let the company go down like this." The shareholder said.

Everyone nodded. Guo Zhengsheng gritted his teeth. These old bastards wanted to push him out from the company. "CEO Guo, not only that, you embezzled a lot of money from the company since you take over the company from your father." Another shareholder dropped another bomb. "You don't have any evidence to back up your claim." Guo Zhengsheng would not admit to those accusations.

"Of course, we have evidence." The shareholder said.

"Then, show me the evidence first." Guo Zhengsheng said arrogantly. He did not believe that these old bastards had the evidence. They were just bluffing. ***

Chapter 1727 1727: Kicked Out From His Position

A shareholder smiled as he asked his assistant to go to the laptop that connected to the projector. The assistant plugged in the pen drive to the laptop. He opened the file and showed the list of something.

The shareholder did not need to say anything to others. Other shareholders knew right away what was that list about. Guo Zhengsheng also knew that. He rushed to the laptop and plugged out the pen drive. "No. This evidence is fake." Guo Zhengsheng shouted.

"CEO Guo, you don't need to be scared if the evidence is fake. Let others take a closer look at the evidence." The shareholder smiled.

The other shareholders nodded their heads. Guo Zhengsheng gritted his teeth. These old bastards really wanted to drag him down. They had been prepared.

The shareholder who had the evidence smiled. It was a coincidence that he obtained the evidence. It seemed someone else wanted to deal with Guo Zhengsheng but they did not want Guo Zhengsheng to know about that. So, the evidence had been sent to his hand.

Well, he did not mind because the evidence was indeed useful in dragging Guo Zhengsheng from his current position. They already hate seeing Guo Zhengsheng sit in that position. He was not like his late father who really thought about the future of the company. Some of the shareholders stayed at this company because of his late father. They did not want the company to be destroyed because of the idiot Guo Zhengsheng. Otherwise, they already packed their things and left this company. Then, the laptop started showing something by itself. Even the assistant freaked out when he saw this. A video had been played. It was a s*x video featuring Guo Zhengsheng and a woman. However, only Guo Zhengsheng's face in full display when the woman's face was censored Everyone was shocked by this video.

"Turn it off... Turned it off..." Guo Zhengsheng shouted. "It is not me." The assistant said. He distanced himself from the laptop.

Guo Zhengsheng pushed the assistant and tried to do something about that. The laptop was frozen but the video kept playing. Due to his anger, Guo Zhengsheng took the laptop and threw the laptop to the ground. He even pulled the plug for the projector.

"It seemed CEO Guo did not know how to manage his private life properly." A shareholder snorted.

"CEO Guo, we prefer a good leader to lead the company. So, right now, I suggest dismissing CEO Guo from his current position." Another shareholder stated. "No, you can do that." Guo Zhengsheng shouted.

"CEO Guo, the share in your hand is not the majority. You only have 39%. We all if combined, have 61% of the share. We have the power." Another shareholder said.

"Yes, we will have the voting." Another shareholder also agreed.

So, the voting process began. Everyone began to cast their vote. Guo Zhengsheng was looking very pale. Then, they started to reveal the result. Without any doubt, Guo Zhengsheng had his position as the CEO dismissed. "I will have another meeting to select the new leader for our company." The shareholders smiled.

The meeting ended there. Guo Zhengsheng was left alone in the meeting room. He clenched his fists. His life was ruined right now. He tried to remember what was going on with his life that made it go wrong. Then, he remembered after getting together with Fang Xiaolian, everything went downhill. Yes, it must be because that b*tch. He was very angry.

He did not know that Fang Xiaolian was also getting mad at him. She rushed to the company to find Guo Zhengsheng. She stepped into the building and told the receptionist that she wanted to meet with Guo Zhengsheng.

The receptionist asked Fang Xiaolian if she had any appointments with Guo Zhengsheng. Fang Xiaolian snapped out. She scolded the receptionist for not knowing her status. The receptionist ended up crying.

Her partner saw her crying and looked at Fang Xiaolian with unkind expression. "What?" Fang Xiaolian acted really arrogantly in front of the receptionists. "Why do you have to treat my friend like this?" The receptionist asked.

"What? She should be fired if she did not know how to do her job." Fang Xiaolian said.

"You don't have any appointment with CEO Guo. That is why we don't let you in. If you are the so-called CEO Guo's girlfriend, you should be able to call him and ask us to allow you to enter." The receptionist stated.

"I already called him but he did not pick up my call." Fang Xiaolian smacked the counter.

"Then, CEO Guo must be busy with his job." The receptionist stated.

People began to stare at Fang Xiaolian.

"Hey, that is her, right?"

"Yeah, that's right."

"How can she dare come out like that?"

"Maybe because she has thick skin. How shameless." "She is cheating on her husband but she wanted to spin the story to make her husband to be the bad guy."

"Hey, that is her ex-husband."

"Oh, I forget."

Fang Xiaolian seemed to hear the conversation. She turned to the people who had been talking about her and shouted.

"Shut up!" Fang Xiaolian gritted her teeth. "What? Are you feeling embarrassed now?" That person asked. She was not scared of a woman like Fang Xiaolian.

"You must be working here, right? I will ask Zhengsheng to fire you." Fang Xiaolian threatened the woman.

Chapter 1728 1728: Slap Fang Xiaolian

"No need to worry. I am about to resign myself. I will not be working at a company like this." The person snorted at Fang Xiaolian. Fang Xiaolian glared at the person. "You..."

A middle-aged man came over. "No need for you to quit your job. Guo Zhengsheng will not be the CEO of this company anymore." The middle-aged man said.

"What?" It was Fang Xiaolian who reacted strongly when she heard about the news. "You are lying, right?"

The middle-aged man looked in disdain at Fang Xiaolian before looking at the person who wanted to quit her job just now.

"My word is the truth. Just now, Guo Zhengsheng has been removed from the CEO position. Another person would be the CEO. So, I hope that you can consider quitting your job." The middle-aged man said to the person. "Really?" The person was surprised.

"Yes." The middle-aged man nodded.

"No! No! This can not be happening." Fang Xiaolian shook her head in shock.

If Guo Zhengsheng had been removed from his CEO position, her dream to be the wife of the CEO of the company would have been ruined. "You are lying." Fang Xiaolian shouted at the middle-aged man.

"It is up to you whether you want to believe me or not." The middle-aged man said.

He did not want to see this woman on their premise anymore. So, he called security to drag Fang Xiaolian out. Fang Xiaolian had been dragged by the security guards.

Before the security guard managed to throw her out, Fang Xiaolian saw Guo Zhengsheng. She was so happy to see Guo Zhengsheng.

"Zhengsheng." Fang Xiaolian called Guo Zhengsheng's name.

Guo Zhengsheng noticed her and walked toward her. Fang Xiaolian pushed away the security guard's hand and smiled proudly. "I will make you lose your job today." She thought Guo Zhengsheng would defend her from those people but she never knew that she would be slapped in the face by the person that she could rely on.

Guo Zhengsheng swung his hand to slap Fang Xiaolian's face hard. "You bitch. My life is ruined because of you." Guo Zhengsheng said.

Fang Xiaolian looked at Guo Zhengsheng's angry face. She did not know why Guo Zhengsheng was angry at her. She should be the one who should be angry at Guo Zhengsheng because Guo Zhengsheng was sleeping with another woman while in a relationship with her. "Guo Zhengsheng, why are you slap me?" Fang Xiaolian shouted.

"Not only do I want to slap you, I want to beat you up." Guo Zhengsheng said.

"Guo Zhengsheng, I dare you. You are the one who sleeps with another woman while we are together. That woman even comes to me to rub it on my face." Fang Xiaolian stated.

"Fang Xiaolian, I am with you not because I want to get married to you. We are in an open relationship. I can do whatever I want." Guo Zhengsheng snorted at Fang Xiaolian's face.

"What? An open relationship? Which crazy woman wants something like that?" Fang Xiaolian shouted. "Oh, if you don't want that, we can break up. But remember to get out of my house immediately." Guo Zhengsheng said.

"You bastard!!!" Fang Xiaolian wanted to slap Guo Zhengsheng.

Guo Zhengsheng seemed to know what Fang Xiaolian tried to do. So, he blocked her attack and pushed Fang Xiaolian.

The push was so hard that Fang Xiaolian's head bumped onto the hard ground. Because of that, she fainted right away.

Guo Zhengsheng was shocked when he saw Fang Xiaolian fainted. He was stunned. "Call the ambulance right now." The middle-aged man said to the receptionist.

The receptionist immediately called the ambulance and reported the accident. Guo Zhengsheng did not expect this to happen. "Zhengsheng, you should go with the ambulance. Even though you want to break up with her, you are still her boyfriend." The middle-aged man patted Guo Zhengsheng's shoulder.

....

Ning Sung had been doing his job as the manager alone for the past two days. Since there was a bed inside the back room, Ning Sung did not return to his house. He was doing some cleaning around the shop. He also read the information about the antiques. He thought about returning to his house today. However, he was thinking of selling the house. The house was a little bit far from his current workplace. He was thinking of staying at another place as well. He would try to think about asking Lei Yingtai to rent the house or apartment.

When Ning Sung came out of the shop, people were looking at him. He did not think too much at the time. However, as he passed other people, they kept looking at him and talking about him. Maybe there was something on his face that made people talk and point at him.

Ning Sung increased his speed wanting to leave the mall faster. However, he had been blocked by two people. It was a woman and a man.

"Are you Mr Ning Sung?" The woman asked. She was eager to talk to Ning Sung.

"Yes." Ning Sung nodded.

"We win the jackpot." The woman said to the man.

The man nodded and smiled. He also seemed to be happy to see Ning Sung. Ning Sung was confused with what was going on right now. "Mr Ning Sung, do you have time to talk with us for a moment?" The woman asked.

Ning Sung was really confused right now. "Why do you want to talk to me? About what?"

Chapter 1729 1729: Ambush Ning Sung To Get Some News

"Mr Ning, are you not aware of the news between you and Miss Tang?" The woman asked.

"What? What do you mean about that?" Ning Sung was still in confused.

The woman looked at the man. She then took out her phone and opened the article. She showed it to Ning Sung. Ning Sung was very shocked to see the title and the picture. It was his picture with Yu Qi during their meeting. He did not need to read the whole article to know what the article was about.

"This is a lie. I don't have any relationship with Chairman Tang except she is my boss right now." Ning Sung denied everything that was written in the article. Ning Sung finally understood why everyone was looking at him like that earlier. It must be about the article. "Mr Ning, can we interview you? We are the reporter from Hansu Media News." The woman asked.

Ning Sung did not want to be interviewed.

"I am sorry. I am busy right now." Ning Sung wanted to leave as soon as possible. The woman and the man did not want to give this opportunity. So, they kept following Ning Sung. Ning Sung entered his car and locked the door. The woman and the man were a few meters away from her.

Ning Sung wanted to call Yu Qi. However, after thinking for a while, he decided to call Lei Yingtai to ask about this matter. "Yes, Mr Ning. What is it?" Lei Yingtai asked when she answered the call.

"About the article... Me and Chairman Tang?" Ning Sung mentioned about the article.

"Oh... About that... You don't need to worry about that. Everything is in our hands. We already deal with that." Lei Yingtai said.

"Oh... I see... It is a relief then." Ning Sung was relieved.

"Why did you find out about it just now?" Lei Yingtai asked.

"Actually, I did not go online for these two days. I am working to clean the hidden dust around the antique shop. I did not look at the phone at all since it is not ringing." Ning Sung answered in embarrassment.

Lei Yingtai chuckled. "Not wonder." "I found out when someone stopped me and asked me about that matter." Ning Sung said. "I see. Our team already handled it." Lei Yingtai stated.

"So, do you know why this article is being published?" Ning Sung did not know why an article like that came out in the first place.

"Oh, It is because of your ex-wife." Lei Yingtai told Ning Sung.

"What? Fang Xiaolian?" Ning Sung did not realize that he shouted.

"Yes. It seems she wants to blame you for her divorce with you." Lei Yingtai said.

"Ridiculous. It is her who went cheating on me with some dude." Ning Sung gritted his teeth.

"Yes, we know. Everyone knows about that. Hmm, are you feeling embarrassed that everyone knew that you were given a green hat?" Lei Yingtai asked in a joking tone.

"Why should I feel embarrassed? It is not me who making the mistake here. I am not the one in wrong here. I don't need to feel embarrassed at all. She should be the one who needed to feel embarrassed after what she had done to me in our family." Ning Sung said.

Men often felt embarrassed when they knew that their wives had been cheating with another man. Ning Sung found it funny about that. He suddenly remembered the thing that he wanted to ask Lei Yingtai about.

"Ms Lei, do you know any real estate agent?" Ning Sung asked.

"Why do you ask that?" Lei Yingtai asked back.

"Well, I am thinking of moving out and selling my house. My current house seems to be far away from the antique shop. I am thinking of moving nearby." Ning Sung stated his purpose. "Oh... I see... I will introduce you to a good real estate agent. Lei Yingtai said.

She knew a real estate agent who could help Ning Sung sell his old house and find a new one. She thought it was a good idea for Ning Sung to move out of his current house. When she thought about Fang Xiaolian, it was a chance that Fang Xiaolian would return to Ning Sung's side when she looked at the direction of how things going on between Fang Xiaolian and Guo Zhengsheng. "Thank you so much, Ms Lei." Ning Sung said.

"No need for too much formality. We are co-workers. Co-workers help each other." Lei Yingtai said.

"Oh, I need to go first. Thank you once again, Ms Lei." Ning Sung said.

"Hmm... Goodbye." Lei Yingtai stated.

"Yes, goodbye." Ning Sung replied.

The call ended there. Ning Sung was glad that he was asking for Lei Yingtai's help. While he was feeling happy, his stomach made a protest sound. He remembered that he only ate a piece of bread for breakfast. It was already 3 p.m. No wonder he was so hungry.

He wanted to grab something. When he reached out for his wallet, he found out that his wallet was missing. He must leave the wallet in the antique shop. He needed to recover his wallet. So, he came out of the car again. When he came out of the car, the woman and man from earlier were still there. They rushed to Ning Sung when they saw Ning Sung come out of the car. ***

Chapter 1730 1730: Meet The Familiar Faces At The Party

Long Hui never spoke about the article. It was like he never knew about that. Yu Qi also followed Long Hui's tactic of not talking about the matter. As for Yao Ran, Yu Qi did not think too much about her. Long Hui already explained to her about Yao Ran.

Yao Ran was only a granddaughter of his grandfather's friend. That old man had the enemy at the country that they had lived in. Because of that, the old man asked Long Hui to bring her to Binhai Nation to avoid the enemy's eyes.

Long Hui already told the old man that he would bring her over but it was not his obligation to take care of her fully in Binhai Nation. She needed to stand up on her feet if she wanted to stay here.

Long Hui would take care of her for the beginning. After that, Yao Ran needed to think about that by herself.

Today, Yu Qi and Long Hui would attend a birthday party. Someone invited Yu Qi. Yu Qi told Long Hui that she could attend the party alone if Long Hui did not want to go.

Long Hui told her that he would attend the party with her. Of course, he could not let his beloved Qi Qi go alone. It was too dangerous for her. Those wolves would not let a beautiful woman like her alone. It was better that he tagged along. He could protect her from those wolves.

"Hmm... You look stunning." Long Hui looked at the dress-up Yu Qi.

"Thank you. You also look handsome." Yu Qi praised Long Hui's look.

However, she preferred Long Hui in his soldier uniform.

"Shall we go?" Long Hui asked for her hand.

"Of course." Yu Qi put her hand on Long Hui's hand.

They arrived at the venue. It was the famous hotel at FINN City. The security guards asked for the invitation card from the guests. It seemed they would not allow someone who was not being invited to enter the party.

Yu Qi took out her invitation card and showed it to the security guards. After inspecting the invitation card, the security guards allowed them to enter the party.

Once they entered the party, they noticed there were a lot of foreigners in this party. Well, it was probably because the main character of this party, Ma Xiurong, was the wife of Tobias Mathew, a businessman from Helix Country.

The foreigners must be coming from Helix Country and others. Yu Qi read some information about Ma Xiurong. She grew up in FINN City. After getting married to Tobias Mathew, she moved to Helix Country.

It was her wish to celebrate her 60th birthday at her birthplace. Tobias Mathew was someone who loved his wife so much. So, he planned this birthday party in FINN City.

He also invited some business owners. Well, he was also a businessman at the bone. He was planning to do business in FINN City. No one knew that they might have some business deals together.

lightsnovel Yu Qi prepared the present for Ma Xiurong. The old woman seemed to like jade and antiques. So, Yu Qi prepared the present according to Ma Xiurong's preference.

While Yu Qi and Long Hui were looking at the people, she spotted someone that she knew. It was Tang Han Lee and Ding Na An. lightsnovel

"Big Brother Han Lee, Na An, what a surprise to see you guys here." Yu Qi approached the couple.

Both of them also surprised to see Yu Qi and Long Hui.

"You are also there?" Tang Han Lee asked.

"Hmm... They invite the owner of Qinyue Group." Yu Qi asked.

"Well, as for me, they invited the owner of Tang Private Hospital. Grandpa. But Grandpa was too lazy to attend this kind of event anymore. So, he told my father to go. My father did not want to go, he told Uncle to go. But Uncle wants to play with his son and daughter. So, they pushed me to go." Tang Han Lee said.

"Oh, I see. I thought you would ask Second brother to come." Yu Qi asked.

"Well, I did. But he already has scheduled surgery tonight. As for Qin Hao, you know how he is." Tang Han Lee sighed.

Yu Qi laughed. To think about it, none of the Tang Brothers liked party like this. Even Tang Jin Wei also thought the same. No need to mention Tang Qin Hao.

"Na An, how are you?" Yu Qi asked.

"I am fine." Ding Na An said.

It had been a long time since Yu Qi and Ding Na An meet each other. They were really busy with their work.

"Oh, Pang Lim wants to make a small reunion. Only our group." Ding Na An stated.

"Oh... That's great. We have not met with each other for such a long time. It must be great to meet and catch up. Tell me if she already set the date, I will work on my schedule." Yu Qi said.

She also wanted to meet with her friends. She wondered how were they doing right now.

"Are you going to be fine? You are so busy with your work. Not only as a doctor but as a researcher and a businesswoman." Ding Na An said.

Who did not know that Yu Qi was a businesswoman? She must have a tight schedule. She must be tiring handling all of the stuff.
