Chapter 1731 1731: Mistake Again

"I am fine. It is not like I need to do everything by myself. I have my employees to take care of that." Yu Qi said.

"I know about that. I am talking about your research. Being a researcher is tiring." Ding Na An stated.

"Oh, but you don't need to worry about that. I am okay. How about you?" Yu Qi asked.

"I am also doing great at my work." Ding Na An smiled.

After exchanging the words, Tang Han Lee and Ding Na An left them to go and greet their acquaintances. Yu Qi and Long Hui looked around.

Yu Qi saw several faces. However, most of the attendees at this party were foreigners.

Both of them were minding their own business when suddenly someone came to them.

"Why are you here?" A woman came to ask Yu Qi.

That woman was wearing a soft green knee-short dress. Her neck and shoulder were revealed.

Yu Qi was surprised when suddenly asked that kind of question. Then she saw a man come and pull the woman.

"Elize, what are you doing?" A man asked the woman.

It seemed the woman's name was Elize.

Elize pointed her finger at Yu Qi. "Rick, this woman must be sneaking into the party. She could not be here."

"Elize, don't talk like that," Rick said.

"She probably comes to this party to find a man to leech off," Elize said.

"There is no need for her to find another man. I am with her." Long Hui stepped forward.

Elize and Rick suddenly realized that there was a man beside the woman. They were surprised especially Elize when she saw a man such handsome as Long Hui.

"Qi Qi, do you know them?" Long Hui asked.

Yu Qi shook her head. She did not know this couple. She really did not remember them.

Well, it was obvious why she did not remember them. They probably met her before but she did not remember them because their presence was insignificant for her.

There were a lot of things that she needed to remember. There was no need for her to remember people like them.

"You!" Elize could not believe this woman did not remember her.

"Do we meet somewhere?" Yu Qi asked them directly.

"We met at the antique shop recently," Rick stated.

Yu Qi began to search in her memory. After digging for a while, she finally remembered that she had met this couple at the antique shop.

This woman belittled her by calling her poor because of her clothes that day. She shut this woman up by paying for her purchase with her black card.

"Oh, you guys." Yu Qi said. "So, what do you want from me?"

"You, how are you here? This is a private party. Only people who got invited could come." Elize shouted.

The shout made people around look at them. Elize was happy to see people begin to look at them.

She would be going to chase this woman out of this party. She wanted this woman to feel humiliated.

She saw a person in charge of the security around and called for him.

"Sir... Come here... Quickly." Elize called that person.

The person thought that Elize had something urgent to tell him. So, he rushed to her side.

"Yes, Miss. Do you have anything to say to me?" The person asked Elize.

"Yes, sir. In fact, it is very serious." Elize stated.

"Please tell me." The person said.

"These people must come without an invitation card." Elize pointed to Yu Qi and Long Hui.

The person looked at Yu Qi and Long Hui. He was surprised to see the accused people were Yu Qi and Long Hui.

He was working in this city long enough to know who Yu Qi and Long Hui were. There was no way that this couple would do something like coming to the party uninvited. They were probably being invited.

"Show me your invitation card," Elize stated.

"Elize, stop this nonsense," Rick said.

"Rick, this is your grandmother's party. We can not allow any suspicious people sneak into her party like this." Elize was still holding her thoughts about Yu Qi and Long Hui sneaked into the party.

"So, you want me to show the invitation card?" Yu Qi asked.

"It is not like you have it. Stop embarrassed yourself and leave the party right away." Elize snorted.

Yu Qi looked at Long Hui. Long Hui nodded and reached out to his pocket. He took out the invitation card and gave it to Yu Qi.

"Here, please check it." Yu Qi handed over the invitation card to the person in charge.

The person took and checked it.

"This invitation card is real." The person said.

"Impossible." Elize said.

"The card has her name on it. I am not mistaken." The person stated.

"How do you know it was her name on the card? Do you know her name?" Elize questioned the person.

"Of course, I know her name. Who's in this city does not know her name?" The person laughed.

The person showed the invitation card to Elize and showed the name on the invitation card. "Her name is Tang Yu Qi. Look. It is the same."

Elize could not believe her eyes when she saw the name. What did this person mean when people in this city know this woman's name? Was she an actress? She must be someone like that.

Chapter 1732 1732: Could Not Believe It

Eliza was someone who looked down on the people who worked as an entertainer. She thought that the entertainment people especially actress and model would sell their bodies to climb the ladder.

So, Elize's look at Yu Qi changed. She gave a dirty look to Yu Qi. She then looked at the handsome man. This man must be someone who bought Yu Qi.

"Elize, stop this." Rick tried to stop Elize.

Then, the sound of the microphone could be heard. Now, people turned their attention to the stage.

The main character had arrived. Ma Xiurong was accompanied by his husband, Tobias Mathew. Even though Ma Xiurong was already sixty-five years old, she still looked quite young.

"Thank you for coming to my birthday party tonight. I hope you can enjoy it." Ma Xiurong stated.

She took a glass of wine and lifted up. Everyone started to do the same, lifting up the glass before drinking them.

People started to go and greet Ma Xiurong and her husband. Ma Xiurong was the main character tonight.

Ma Xiurong smiled as she was greeted by different people.

Yu Qi looked over and saw the number of people who greeted Ma Xiurong finally decrease. She decided to go and greet Ma Xiurong.

After that, she and Long Hui would leave the party. So, she and Long Hui walked to Ma Xiurong.

When she was about to greet Ma Xiurong, she was interrupted by Elize.

"Who do you think you are coming over here?" Eliza said.

Rick frowned. "Elize, stop this nonsense. Please respect our guests." He did not want Elize to disturb the peace of the party.

"She is just an entertainer who sold her body. Why do I need to respect someone like that?" Elize looked over at Yu Qi.

Yu Qi ignored Elize and went straight to greet Ma Xiurong.

"Madam Mathew, congratulations on your sixty-five-years old birthday. This is my present for you." Yu Qi stated.

She gave a small box to Ma Xiurong.

"Thank you... Thank you... May I know your name?" Ma Xiurong asked.

It seemed she was eager to know about Yu Qi's name.

"Grandma, she is just a lowly life entertainer. There is no need for you to know about her." Elize stated.

Tobias Mathew who stayed silent beside his wife looked at Elize.

"Shut up, will you?" Tobias Mathew just said in a normal tone.

However, Elize was freaking out. She knew how Tobias was. Even though his tone was normal, the look in his eyes was terrifying.

Tobias disliked his grandson's taste in women but he did not say anything. He was hoping that his grandson would understand about that later.

He already made the decision not to accept Elize as his grandson's future wife. If Rick still wanted to be with her, Rick could kiss goodbye for any inheritance.

"Dear, this is the woman that I talking about, She is Tang Yu Qi." Tobias introduced Yu Qi to his wife.

Of course, Tobias knew Yu Qi beforehand. Otherwise, he would not invite Yu Qi in the first place.

Elize was surprised that even Rick's grandfather knew Yu Qi. Was she really a famous entertainer that even Tobias knew her?

"Oh, I see... Your name is Tang Yu Qi?" Ma Xiurong asked.

"Yes, Madam. My name is Tang Yu Qi." Yu Qi smiled while nodding her head.

"She is really similar." Ma Xiurong was mumbling.

People around did not hear that. However, Yu Qi and Long Hui had excellent hearing and heard the mumble loud and clear.

It seemed Ma Xiurong had seen her face before. There was only one person who had a similar face to her. That person was her biological grandmother, Dian Yiyi.

"Miss Tang is the chairman of Qinyue Group. She also owned the HuiQi Jade that you really like." Tobias said.

"What? Really?" Ma Xiurong was surprised.

She really liked the jewellery from HuiQi Jade. She fell in love with the jade from HuiQi Jade.

"Your jewellery is very good and beautiful. I really like it." Ma Xiurong grabbed Yu Qi's hand in excitement.

"I am glad that you like our HuiQi Jade. Then, you are definitely going to like the present that I brought." Yu Qi said.

"You give me something from HuiQi Jade?" Ma Xiurong asked.

"Indeed." Yu Qi nodded.

Ma Xiurong just asked someone to put the present that Yu Qi gave on the present table. She quickly asked the person to bring the present back to her. She wanted to open the present right away.

Elize who listened to the conversation was shocked to know that the woman whom she looked down on before was not someone from the entertainment industry but a chairman of a business corporation. Not to mention, that woman also owned the famous brand. Even she bought some of the jewellery from that famous brand.

Rick looked at Yu Qi. He knew Qinyue Group. It was a business corporation that was just being established. However, it could not be underestimated.

No wonder his grandfather invited this woman to the party. She was worth it.

Ma Xiurong got the present that Yu Qi gave her. She slowly opened the box. The box was pretty exclusive.

Upon opening the box, Ma Xiurong could see the jewellery that consisted of necklace, bracelet, earrings and ring. She was so happy to see the jewellery set.

The colour of the jade was very beautiful. It was obviously Imperial Jade.

Chapter 1733 1733: Want To Return

"I hope you like it." Yu Qi said.

"Thank you. I love it." Ma Xiurong said.

After that, Yu Qi turned to Elize. Elize flinched when she saw Yu Qi turned to her.

"I want to tell you that you can not think about someone and assume the matter about that person." Yu Qi said. Then she continued. "You experienced that before this when you thought that I was just a poor woman who did not have any money. Just because I wore simple clothes And today, just now you assume I am a person from the entertainment industry because someone told you that people knew me."

Yu Qi chuckled. "Well, to be honest, I do own the entertainment company. But most of people knew me as an owner of HuiQi Jade Store, a doctor and a researcher here."

Elize's face was very red. She was embarrassed right now. She did not expect this woman to be so powerful.

"Since we already greet Mrs Mathew and Mr Mathew and give our present, my fiance and I would excuse ourselves first." Yu Qi said.

Tobias and Ma Xiurong were stunned but they did not show that much. Ma Xiurong smiled sweetly at Yu Qi she nodded for her.

"Thank you for coming to my party and for this lovely gift. I really like it." Ma Xiurong said.

To be honest, there was something else that Ma Xiurong wanted to talk about with Yu Qi. But she could not do that here. The time and place were not suitable for discussing about that matter.

Yu Qi bowed to the elder couple before pulling Long Hui. Long Hui's eyes managed to give a glance at Rick and Elize. Rick shivered when their eyes met each other.

Tobias wanted to stop Yu Qi and Long Hui from leaving the venue but Ma Xiurong shook her head while holding Tobias's hand. Tobias understood that and let them go.

However, he looked over at Elize and Rick. He would have a talk with his grandson later.

Yu Qi and Long Hui left the party.

"When did you see them?" Long Hui asked.

"Who?" Yu Qi tilted her head.

"That woman and that man, the young ones." Long Hui stated.

"Oh...." Yu Qi felt she knew which ones that Long Hui referred to. "I met them at the antique district. I am just wandering around the shop. When I found what I wanted to buy, that woman came and wanted to snatch the thing from me. Since I just wore a T-shirt and jeans, she thought that I was a poor girl. She thought I did not have any money to pay for the item. I managed to shut her up by showing the black card and paid for the item." She explained the details.

"Hmm... I see." Long Hui said.

"Well, just forget about them. It is not worth it." Yu Qi said.

She did not think about Elize at all. That woman was not even her opponent.

"Hmm... I understand." Long Hui nodded.

"Hmm... I am hungry..." Yu Qi rubbed her stomach.

They did not eat much at the party. Yu Qi was still hungry.

"Hmm... I am hungry too." Long Hui narrowed his eyes to Yu Qi.

"Wait. I am talking about a normal food right now. It is not that kind of hungry." Yu Qi quickly corrected the fact.

Seeing his beloved Yu Qi panicking, Long Hui laughed. It seemed Yu Qi understood the meaning of his words.

"Sure... Sure... I am going to feed you well tonight." Long Hui said.

"It sound like you want to fatten me up and eat me later." Yu Qi rolled her eyes.

"Oh, how do you know about that, hmm?" Long Hui licked his lips.

Yu Qi swallowed her own saliva. This man was seducing her openly. She knew that she would not be get away from him tonight.

"If that is the case, I want to eat something big today. Hmmm... How about lobster?" Yu Qi said.

"As you wish, my queen." Long Hui said.

....

Ning Sung managed to put his old home on the market with Lei Yingtai's help. He was renting a small apartment near his workplace for himself. Everything was settled in two days.

He sold the old furniture. He only brought the important thing and that could be fit inside his new apartment.

Then, he started to focus on his career. He promised to Yu Qi.

He was doing a great job moving out of the old house because Fang Xiaolian went back to the house.

Fang Xiaolian was in the hospital for two days. She was being hospitalised after fainting in front of Guo Zhengsheng's office.

Turned out, she was pregnant before that. She ended up miscarriage when Guo Zhengsheng pulled her down.

The child could not be saved. She cried about that. She thought of having a child at this age.

She wanted to share her sad feeling with Guo Zhengsheng but Guo Zhengsheng said he did not care about that.

In fact, Guo Zhengsheng was quite happy that the child was gone. Otherwise, he would be tied down with Fang Xiaolian.

Hearing this, Fang Xiaolian screamed at him loudly. Guo Zhengsheng did not feel anything more toward Fang Xiaolian. He wanted to break up.

He still thought that Fang Xiaolian was the reason why he got kicked by his position. That was why he wanted to break up with Fang Xiaolian.

Chapter 1734 1734: Being Looked Down By The Servants

Fang Xiaolian did not have anything to stop Guo Zhengsheng. Guo Zhengsheng paid for her medical expenses and left her like that. She did not have place to return.

Then, she remembered Ning Sung. She wanted to return to Ning Sung. She would apologize to him if he wanted. She would do anything to make Ning Sung forgive and accept her again.

Thinking about that, Ning Sung rushed to her old home. She tried to open the key using her old keys thinking that Ning Sung would not think to change the lock on the house. However, none of the keys worked meaning Ning Sung already changed the lock on the house.

Fang Xiaolian tried to call Ning Sung but did not connect at all. Ning Sung must be blocking her number. In that case, she did not have any way to reach out to Ning Sung. The only way that she would wait in front of the house was for Ning Sung to return home.

Fang Xiaolian was waiting in front of the house for about 5 hours. When the time reached midnight, Fang Xiaolian shivered due to the cold. The cold season already started.

She still did not see Ning Sung return home. She wanted to try to wait for another hour. However, because of the cold, she did not want to wait for another hour.

Fang Xiaolian tried to call one of her friends. The call connected.

"Hello, Meixi. I have a favor to ask you." Fang Xiaolian said.

"What?" Her friend asked.

"Can I stay at your house for a few days?" Fang Xiaolian asked... Well, more like begging.

Hearing the silent answer from the other side, Fang Xiaolian tried again.

"Meixi, please help me this time... I can help you with your chores." Fang Xiaolian offered her help with the household chores.

"No need. I can handle the chores by myself." Her friend said.

"Then..." Fang Xiaolian wanted to say more.

Before Fang Xiaolian continued her sentence, her friend stopped her there. "I can not allow someone like you to come and stay at my house. I have a husband. I can not stand if you try to seduce my husband."

Fang Xiaolian was shocked to hear the reason why her friend did not allow her to come and stay at her house.

"What? What are you talking about? I will not do something like that." Fang Xiaolian said.

"Hmm... Well, I can not believe you. You can seduce men while you are being married. Who knows what you can do after you divorced?" Her friend snorted.

"You... How dare you accuse me of something like that?" Fang Xiaolian became angry.

"What? I am just telling you the truth, right? You seduce a single man while you are still married to Ning Sung. Now, that you are single, you might be seducing a married man. I am afraid that my husband would be your target. That's why I can not be allowed to stay at my house. I am not that crazy to let someone like you stay at my house and give you a chance to seduce my husband." Her friend stated.

"Your husband is not that handsome." Fang Xiaolian agreed.

"Well, your cheating partner is not that handsome as well but he has money, right? My husband is the same." Her friend argued back.

"Humph... You are not my friend anymore." Fang Xiaolian stated.

"Good. I also don't want to be your friend anymore." Her friend, well now, her ex-friend smirked. She then continued. "I don't think you still have friends anyway." She laughed and ended the call.

Fang Xiaolian was speechless. She called the next friend in her contact. However, the call did not connect. She did not give up and called another friend. The same thing happened.

Everyone blocked her. She looked at her phone and laughed. The current time was 2 a.m. in the morning. She was also cold. She did not have any choice but to go to Guo Zhengsheng's house.

When she entered the house, she was stopped by a servant.

"Miss Fang, you can not enter this house anymore." The servant said.

"What? Why?" Fang Xiaolian still acted like she did not know anything.

"I think Mr Guo already told you about this." The servant said.

"Tell me about what? Anyway, I still have my thing inside." Fang Xiaolian tried to pull the servant aside.

However, because the servant was a man, Fang Xiaolian did not manage to push him away.

"I already packed your things into this bag as per Mr Guo's order." The servant said.

"What? How dare you touch my personal thing? You are a man." Fang Xiaolian shouted.

Because of the shout, other people from the house heard the commotion. They came over to see that. When they saw Fang Xiaolian, they snorted. They already knew that their boss was already bored with this woman. So, they did not have to respect her anymore.

"Miss Fang, you have mistaken me for something. I order the maids to pack all of your belongings. You don't need to worry about that. I don't touch any of your belongings." The servant showed a disdainful look.

"Yes, Mr Wang did not touch your belonging. We are the ones who packed your belongings." A group of maids came forward.

"You!" Fang Xiaolian wanted to say something but the servant stopped her right there.

Chapter 1735 1735: Pay The Fine Or Serve Jail Time

"Miss Fang, please leave this house. If you don't want to leave, I will have to call the cops on you." The servant said.

Fang Xiaolian's face was red. She was angry.

"Let me see Guo Zhengsheng." Fang Xiaolian demanded.

"Miss Fang, Mr Guo is not home yet." The servant said.

Then a car entered the house and parked at the parking house. A man came out of the car and went to the other side of the car to open the car door.

A sexy woman came out of the car. The man pulled the sexy woman into his arm. They were seen laughing. The couple walked toward Fang Xiaolian and others.

Fang Xiaolian was boiling in anger as the couple approached her. The man was Guo Zhengsheng.

Guo Zhengsheng saw Fang Xiaolian at the entrance. He frowned. What was this damn woman doing at his house?

"Guo Zhengsheng! You bastard. I carried your child." Fang Xiaolian shouted.

The servants and maids were surprised. They did not expect that to happen. Even though Fang Xiaolian was annoying, inside her stomach was still a younger generation from Guo Zhengsheng.

"Fang Xiaolian, you forgot to mention the last part. You carried my child but you had a miscarriage." Guo Zhengsheng laughed.

He looked at Fang Xiaolian. He did not know why he wanted to date someone like her in past. She was not a model or anything like that. She was just average.

It was probably because of the excitement of having to sleep with a married woman. This woman dared to cheat on her husband with him and even divorced him after the husband found out. How stupid he was back then.

Another shocking news from Guo Zhengsheng's mouth. She got a miscarriage. They were quite speechless.

"You are the reason I got a miscarriage. You slapped and pushed me down on the ground." Fang Xiaolian argued.

"What done is done. You can not put the child back into your stomach. You are over. Then, leave now. Otherwise, I will call the police for trespassing and harassment." Guo Zhengsheng said.

He put his hand on the sexy woman's waist and entered the house. He did not care about Fang Xiaolian anymore. It was better to give his attention to the sexy woman beside him. He would not wait for the action's tonight.

"Guo Zhengsheng, stop right there." Fang Xiaolian shouted.

The earlier servant stopped Fang Xiaolian from entering the house.

"Call the police right away." Guo Zhengsheng gave the order.

The servant nodded. He ordered another maid to make the call since he needed to be there to stop Fang Xiaolian from entering the house.

The maid who received the order rushed to the phone and called the police.

Fifteen minutes later, Fang Xiaolian was being escorted by the two police officers. During that time, one of the police officers had been assaulted by Fang Xiaolian.

The police officer would fail the charge after Fang Xiaolian. Fang Xiaolian needed to teach some lesson. So, she spent her tonight on jail.

The next morning, Fang Xiaolian was served a letter. It was a lawyer letter.

Fang Xiaolian thought if she knew the letter, she would be fine. But the lawyer sent her another one. It was about slandering Yu Qi.

She was feeling angry. She did not think it was a big deal since Yu Qi was still fine. No harm or whatsoever.

The letter informed Fang Xiaolian that she needed to go to the court. If she ignored the order, she would be served jail time and fines.

.....

Yu Qi and Long Hui were having a date. It was a long time since they had one. It was not a expensive date or what. Just going somewhere together.

While they were having the date, someone came to Long Hui. It was Yao Ran, the another woman who returned with Long Hui.

"Oh, Brother Long. You are here too." Yao Ran smiled.

Yao Ran looked at Yu Qi and smiled as she greeted Yu Qi too.

Yu Qi felt uncomfortable having Yao Ran looked at her like that. However, she did not say anything. Well, Yao Ran was Long Hui's acquaintance, she did not want to be rude.

"I am here to attend my work." Yao Ran showed the files on her hands.

Yao Ran glanced at Yu Qi. "I am an independent woman. Even though I can choose not to work but I prefer working." Her eyes still looked at Yu Qi proudly.

Yu Qi sensed Yao Ran wanted to show off something to her. She seemed to be so proud about her work. Did she think that Yu Qi was unemployed or something?

Yao Ran was indeed thinking that way. It was weekdays but Yu Qi was having a date with Long Hui meaning Yu Qi was not working at all.

As for Long Hui, she already knew that he was a soldier. He must be having a day off right now.

Yao Ran was looking down at a woman who did not working to support herself and wanted to depend on men.

She did not know why Long Hui wanted to be with someone like that. Well, she could not deny that Yu Qi was quite beautiful. But that was not permanent. It would change as the time passed.

She remembered what her grandfather told her. She should try and get married to Long Hui since he was quite a catch.

Chapter 1736 1736: Love Rival? She Is Not Worth It

"Do you call your grandfather?" Long Hui asked.

"Grandpa told me not to contact him for about 3 months. So, I listen to him and not call him." Yao Ran said.

To be honest, she was quite worried about her grandfather. Her grandfather's enemy was quite strong this time. She was afraid if she called her grandfather now, those people might find out about her. She did not want her grandfather's effort to be wasted.

Long Hui nodded. Well, it was wise for Yao Ran to think so. He did not want to waste any time here anymore. He wanted to spend with his beloved Qi Qi.

Yao Ran seemed to notice that Long Hui already wanted to leave. She did not want Long Hui to leave yet.

"Brother Long, how about we have lunch together?" Yao Ran suggested. She looked at Yu Qi as she seemed to want to overpower Yu Qi.

Yu Qi also looked at Yao Ran. 'How cute.' She smiled at Yao Ran.

Yao Ran flinched when Yu Qi suddenly smiled at her. However, she did not want to show Yu Qi that she was weak.

"Brother Long? How..." Yao Ran wanted to convince Long Hui.

"No." Long Hui rejected Yao Ran straight away. "You should know that we are on a date right now."

Yao Ran was stunned.

Long Hui did not stop there. He continued. "And please don't act like we are close. I am only your grandfather's acquaintance. Nothing less, nothing more."

"Brother Long..." Yao Ran was speechless. She did not know what to reply about that.

Yao Ran wanted to think positively. Long Hui probably said something like that in front of his fiancée to avoid any misunderstanding between them. Long Hui probably did not mean that.

"Qi Qi... Let's go." Long Hui pulled Yu Qi by her waist.

Yu Qi's eyes met Yao Ran's eyes when she was passing Yao Ran.

Yao Ran clenched her fist. She felt that Yu Qi was mocking her for not succeeding in getting Long Hui's attention. Her eyes were watching the couple as the couple left them.

Yu Qi did not need to turn back to know that Yao Ran was watching them.

"Hmm... You repel my love rival for you. You are excellent." Yu Qi smiled while praising Long Hui.

"Love rival?" Long Hui laughed. "She is not worth it."

Yu Qi was happy to hear that.

"I think she thinks that I am not a career woman." Yu Qi said.

"Huh? Why do you think like that?" Long Hui asked.

"Well, when she was telling you that she already got the job, she glanced at me and showed a proud look." Yu Qi said.

"She might drop her jaw if she knows who you are." Long Hui snorted.

"Well... I think we will meet again." Yu Qi chuckled.

"Hmm... Qi Qi... It seems people keep glancing at us." Long Hui glanced at the people around.

"Oh, it must be because of the news." Yu Qi remembered the issue.

"Oh... About that..." Long Hui narrowed his eyes. "Do you need any help with that?"

"No need to worry about that. My people are already working on that." Yu Qi stated.

"Hmm..." Long Hui said.

Both of them continued to stroll around.

...

Guo Zhengsheng, Yin Peizhi and Fang Xiaolian had been called to court. Ming Xuehai displayed his power by winning against the three of them.

Both of them had been ordered to pay around 50 thousand yuan to Yu Qi, the victim. If they could pay the fine, they could be in jail for about two years.

Guo Zhengsheng could pay the fine since he had money from his savings. Yin Peizi also could do the same. She was working before. So, she had some savings.

However, it was a different story for Fang Xiaolian. She did not have any money or savings. She was a housewife before. Ning Sung did not have enough money for her to save. She did not want to go to jail.

So, she was planning to take a loan from the bank. Her application was rejected. Not one but all of them had been rejected. The reason was only one. She was not working at the moment. They did not trust her to make the payment.

The next option that Fang Xiaolian had was her older sister. She tried to call her older sister. Her older sister was living in another city, in a village. She thought her older sister would not know about this matter. She was lying to her older sister that Ning Sung was in debt because Ning Sung liked to gamble. She needed to help Ning Sung pay the debt together.

However, everything crashed down when her older sister shouted at her that her older sister knew everything about that. Even though her older sister lived in the village, nowadays, technology is everywhere.

Her older sister knew about her affair with Guo Zhengsheng, as well, as her slander against Yu Qi. Her older sister was ashamed of what she had done. Her older sister told her that Fang Xiaolian was no longer a family member to her. Her older sister cut ties with her.

She begged her older sister for help but her older sister hung up and proceeded to block her number. Her older sister was her only living family member that she had but her older sister already cut ties with her. What was she going to do from now on?

Chapter 1737 1737: Come To Beg Yu Qi At The Hospital

Fang Xiaolian decided to go to Yu Qi to beg for forgiveness. She thought of a suitable place to go and meet Yu Qi.

She thought the hospital where Yu Qi worked was the best choice. There were a lot of people there.

She planned to use those people and pulled them to her side. Yu Qi might consider revoking the court decision for her if people asked Yu Qi for that.

So, she went to Tang Private Hospital. She entered the hospital and went to the registration counter to ask for Yu Qi.

However, she did not know that those nurses who worked at the registration counter were Yu Qi's admirers. They were basically Yu Qi's fans.

So, when Fang Xiaolian came over, they recognized Fang Xiaolian right away. They did not jump at Fang Xiaolian right away. They were professional after all.

"Hmm... Can I see Doctor Tang Yu Qi?" Fang Xiaolian asked with a smile.

"Hmm... Do you want an appointment?" One of the nurses asked.

"No, but I really need to see Doctor Tang Yu Qi. It is a private matter." Fang Xiaolian said.

"Miss, if you have a private matter to discuss with Doctor Yu Qi, you can contact her personally." The nurse said.

"But I don't have her number. Please, can you let me see her?" Fang Xiaolian begged.

"For what? So that you can slander her again?" One of the nurses lost her patience when she heard Fang Xiaolian's voice.

"What are you talking about?" Fang Xiaolian was panicked.

"You think we don't know you? You are the woman who slandered our Doctor Yu Qi." The nurse pointed her finger at Fang Xiaolian.

Her voice was loud enough to have all of the hall heard her. Everyone looked over. They remembered the case. So, she was the woman.

"No..." Fang Xiaolian was shaking.

"No what? We know that you need to pay Doctor Yu Qi a sum of money. So, you are thinking of meeting Doctor Yu Qi about that." The nurse snorted.

People watched Fang Xiaolian's reaction. Seeing Fang Xiaolian's reaction, they knew it was the truth.

"Just go home, you slut." Someone from the crowd shouted.

People did not think that was wrong because it was the truth. She was a slut that cheated on her husband with a guy.

"Please leave our hospital before we call the security." The nurse said.

"But I need to see her." Fang Xiaolian said.

She thought she could persuade the people to be on her side. She forgot that a person who cheated on their marriage would be disliked by the community.

Seeing Fang Xiaolian did not plan to leave, the nurses called the security. Within one minute, the security team arrived.

The nurses explained this to the security team. The security team approached Fang Xiaolian to escort her out.

She refused. The security team did not want to deal with Fang Xiaolian anymore. They threatened Fang Xiaolian by saying that they would call the police right away if Fang Xiaolian did not want to leave.

Fang Xiaolian heard the word police, she backed off. She said she would try to leave right away. She walked out followed by the security team behind. They wanted to make sure she would leave the hospital and not wander around anymore.

When she arrived at the entrance, Fang Xiaolian saw Yu Qi who just came out of a car. She felt it was her chance to see Yu Qi. So, she rushed straight to Yu Qi without realising there was someone beside Yu Qi.

However, she managed to get closer to Yu Qi, she was kicked away from the person who was beside Yu Qi.

Fang Xiaolian fell to the ground. She felt very hurt. When she looked up to see the person who kicked her, she met with a pair of cold eyes. She was frozen.

She felt like this person would kill her if she moved. She quickly looked down as she trembled.

"Doctor Yu Qi, are you okay?" One of the security team came over and asked Yu Qi.

"I am okay. Why are you here?" Yu Qi asked.

"It is because of this person. She wants to meet you." The security team pointed at Fang Xiaolian.

"Who is she?" Yu Qi asked. She did not know this woman.

"She is Fang Xiaolian. I think you know her name." The security team stated.

"Oh..." Yu Qi remembered that.

It was that woman who slandered her and Ning Sung. Ning Sung's ex-wife.

"Call the police." Long Hui glared at Fang Xiaolian.

"No!!! Don't." Fang Xiaolian was panicked when she heard they wanted to call the police again.

She did not know what would happen if she had been brought to the police station.

"Then, leave now and stop disturbing me." Yu Qi looked down at Fang Xiaolian.

"I just want to..." Fang Xiaolian wanted to explain but Yu Qi did not have time to talk to Fang Xiaolian.

"I don't want to hear anything from you. If you are still going to disturb me, I will call my lawyer to sue you again for harassment. I wonder what is going to happen if you face another lawsuit." Yu Qi threatened Fang Xiaolian.

Fang Xiaolian quickly stood up, ignoring the pain on her stomach. She needed to leave now. Otherwise, she would face another lawsuit. She could not afford that. One lawsuit was enough.

Chapter 1738 1738: No Cooperation With Bai Corporation Was Allowed

Because Fang Xiaolian could not pay their fine, she had to go to prison for two years. Her story ended there.

Yu Qi did not pay attention to her, Guo Zhengsheng and Yin Peizhi. She just heard from Ming Xuehai once about that. She was very satisfied with Ming Xuehai's ways of handling them without asking her.

Ming Xuehai became more and more like himself in her past life when he was Bai Shu Jin's people.

Speaking about Bai Shu Jin, he seemed looking for an opportunity to strike a deal with Qi Qi Skincare.

Their company had ventured into the make-up industry but it was not getting much popularity. So, Bai Shu Jin planned to cooperate with Qi Qi Skincare since Qi Qi Skincare had a lot of attention over the past three years.

Qi Qi Skincare which focused on the skincare product had yet to venture into the make-up industry. The manager pushed the idea of cooperating with Bai Corporation in the make-up industry to Yu Qi.

Yu Qi rejected the idea right away. She did not plan to have any relationship with Bai Shu Jin whether it was private or business. Even though it was in the past, she still could not forget the expression on Bai Shu Jin's face when he ordered people to cut her hands and legs, then left her alive in this forest, eaten by animals.

How could she forget the pain and happily trade business with him? No and never.

However, there was one person who did not listen to her order and drafted a contract to cooperate with Bai Cooperation. Su Yu Hi found out and told Yu Qi. In the end, he was fired without any severance salary.

Yu Qi made a big announcement for every business under the Qinyue Group that any business cooperation with Bai Cooperation would not be allowed. If someone wanted to do business with Bai

Cooperation, he or she could be fired immediately. This announcement was even printed in the handbook for employees of Qinyue Group.

This started the rumour that Qinyue Group's chairman, Yu Qi, hated Bai Cooperation to the core. The reason, who knew? Yu Qi did not explain anything about that.

Well, the employees did not think much about that because they did not really need Bai Cooperation to stand up in the business world.

Bai Cooperation heard about this. Bai Xia Fang called Bai Shu Jin to speak about this matter.

"Yes, Father?" Bai Shu Jin stood in front of his father.

"Do you know about the rumour that Chairman Tang hates our company?" Bai Xia Fang asked.

Bai Shu Jin heard about that. To be honest, he did not understand why. But he felt it was not the company that Yu Qi hated but him, Bai Shu Jin.

Bai Shu Jin knew when they were in the university. When he confessed his love to Yu Qi, he could see the hate in that girl's eyes. She hated him to the core. And he did not know why.

"Yes, Father. I heard about that." Bai Shu Jin nodded.

"Then, do you know why?" Bai Xia Fang asked.

"I don't know about that." Bai Shu Jin answered.

"You did not remember doing something to gain the hate?" Bai Xia Fang asked again.

"I did confess my love to her during the university but she already rejected me. I don't think she could hate me this much." Bai Shu Jin said firmly.

Bai Xia Fang went silent. He already knew about that. That girl, Tang Yu Qi, had his son confess to her but was rejected. Probably because she already being together with Long Hui at that time.

But why did she refuse to cooperate with Bai Cooperation? The cooperation between them could gain a lot of profit for their companies.

Bai Xia Fang clicked his tongue. "Tsk... You can go."

Bai Shu Jin nodded and left his father's office room. While he was about to enter his room, he was greeted by his younger brother, Bai Yu.

"Big brother." Bai Yu greeted Bai Shu Jin.

"What are you doing here? Don't you have work to do?" Bai Shu Jin asked.

"Big Brother, why don't you look at the time? It is already 5 p.m. The work time is already over. I am about to leave." Bai Yu said.

After getting scolded by his parents, Bai Yu ended up working for the company too even though he was too lazy to do the work. He had been given a high position which was HR Director.

"Oh, I don't know about that." Bai Shu Jin looked at the time. It was indeed past 5 p.m. already.

"Big Brother, how about we go out for a drink too?" Bai Yu invited his brother.

"A drink? You? I don't think so." Bai Shu Jin said.

Bai Yu grinned. "You know me. Well, do you want to join me?"

"Hmm... Sure. Why not?" Bai Shu Jin also thought he needed some drinks.

"Okay... Then, let's go to Rose Nightclub." Bai Yu said.

"Let's go grab some dinner first." Bai Shu Jin stated.

"Okay... Okay..." Bai Yu nodded.

So, the two brothers went to eat dinner first. After that, they headed to the Rose Nightclub.

Bai Yu called some friends over. Well, it also included some women. Why drinking among the men only? They should invite the women too. It would be more fun.

Chapter 1739 1739: But I Really Like You

The woman who sat next to Bai Shu Jin smiled as she looked at Bai Shu Jin. She could not believe that she was sitting beside the heir to Bai Cooperation. She might be his woman if she played her cards right.

"Hi, Young Master Bai. Nice to meet you. I am He Liling. You can call me Liling." She introduced her name to Bai Shu Jin.

"Nice to meet you." Bai Shu Jin nodded.

He Liling started to pour the drink into the glass and brought it to Bai Shu Jin. Bai Shu Jin accepted the glass.

Bai Yu started to have fun by singing the songs. In the room, they also had a karaoke set. They used that.

Bai Shu Jin started to feel relaxed. He was very focused on working lately. It felt nice to let loose once in a while.

He Liling was happy when he saw Bai Shu Jin feel relaxed beside her. It was a golden opportunity for her to climb up the ladder.

Bai Shu Jin felt like going to the toilet. So, he excused himself. He Liling offered her help to accompany Bai Shu Jin but Bai Shu Jin just refused.

Bai Shu Jin stood up and got out of the room. He had four glasses. His mind started not to think straight. However, he managed to find where the toilet was.

After a while, he got out of the toilet. He could not believe his eyes with what he just happened to see. He rubbed his eyes in case his eyes were lying but it was still there.

"Yu Qi?" Bai Shu Jin called Yu Qi's name.

Yu Qi was also surprised to see Bai Shu Jin here. She did not expect to see him here too. She was here for her reunion with her university friend.

She got a call from So Pang Lim about this reunion. Coincidentally, everyone had free time this week. So, they had the reunion today at Rose Nightclub in Capital City.

Yu Qi flew to Capital City for some inspection of her business. So, she could attend this reunion.

Yu Qi looked at Bai Shu Jin and decided to ignore Bai Shu Jin just like that. She wanted to go back to her room.

Bai Shu Jin saw Yu Qi ignore him. He was unsatisfied with Yu Qi's treatment of him. He is really flustered by Yu Qi's actions toward him. So, he blocked Yu Qi's way and wanted to grab Yu Qi's hand.

Yu Qi saw it coming and stepped back.

"Step aside." Yu Qi stared at Bai Shu Jin as Bai Shu Jin was a stranger.

"Yu Qi..." Bai Shu Jin called Yu Qi's name.

"Mr Bai, we are not close enough to call each other the first name. Please call me Ms Tang. I really appreciate that." Yu Qi corrected Bai Shu Jin.

Bai Shu Jin showed a pained expression on his face.

"Yu Qi, why can you accept me?" Bai Shu Jin said.

He seemed he let himself go. He was drunk.

Yu Qi frowned. She clicked her tongue.

He Liling felt that Bai Shu Jin was gone for a long time. So, she came out and wanted to check on Bai Shu Jin. She stumbled into the situation right now.

It seemed Bai Shu Jin knew the woman in front of her. She could tell that this woman was gorgeous even though the light was not too good. She also heard Bai Shu Jin's words to this woman. It seemed Bai Shu Jin already had a woman that he liked.

Then, He Liling heard this.

"Mr Bai, I told you that I don't like you from the start. I made it clear a long time ago." Yu Qi stated.

"But I really like you." Bai Shu Jin's voice trembled.

"You can throw away your feelings." Yu Qi replied.

He Liling felt this woman was very rude.

"Miss, he likes you. Can you not be so rude toward someone who likes you?" He Liling stepped forward and helped Bai Shu Jin.

"It is annoying. It would be great if you could take care of him." Yu Qi stated.

Yu Qi walked away from the place. When Yu Qi passed He Liling, He Liling finally got a good look at Yu Qi. She recognized Yu Qi.

'This woman is Tang Yu Qi. The youngest chairman ever.' He Liling's mouth slightly opened. She used the Qi Qi Skincare brand for her skin. She also bought a necklace that was worth her five month salary from HuiQi Jade Store.

She did not expect to see Bai Shu Jin confess his love to Yu Qi. Well, Yu Qi already had Long Hui as her fiancé.

To be honest, if she was Yu Qi, she would choose Bai Shu Jin. Even though Long Hui was much more handsome than Bai Shu Jin, Bai Shu Jin had more wealth compared to Long Hui who was just working as a soldier. Bai Shu Jin was much more suitable to Yu Qi.

Bai Shu Jin sighed when he saw Yu Qi disappear from his sight. He still could not move up from Yu Qi. He still likes her... No, he loves her.

He Liling rushed to help Bai Shu Jin when Bai Shu Jin was about to fall down.

"Mr Bai, be careful." He Liling grabbed Bai Shu Jin's body.

Bai Shu Jin managed to stabilise himself with He Liling's help.

Chapter 1740 1740: So Pang Lim's Complaint

Bai Shu Jin pushed He Liling's hand. He gritted his teeth. He thought he could forget her after all this time. But it seemed he could not after facing her in real time.

He Liling just could look at Bai Shu Jin's back. He seemed like he lost himself. It seemed Bai Shu Jin loved that woman.

She felt that the woman was lucky to be loved by someone like Bai Shu Jin. She felt that women should be accepted as men like that. If Bai Shu Jin loved her back, she would accept him right away.

Bai Shu Jin and He Liling returned to their room together. Seeing dejected, Bai Shu Jin poured the beer and drank it in my go.

Everyone who looked at Bai Shu Jin clapped their hands. They were impressed that Bai Shu Jin could drink that amount of beer in one go.

Bai Yu noticed that Bai Shu Jin looked off. He knew something was wrong with Bai Shu Jin.

When he looked at Bai Shu Jin, he also remembered that Bai Shu Jin returned with the girl beside him. That girl must know something.

Bai Yu approached He Liling.

"Hey..." Bai Yu sat beside He Liling.

"Second Young Master Bai." He Liling greeted He Liling.

"Do you know why my brother became like this?" Bai Yu smiled sweetly to He Liling while asking the question.

He Liling smiled shyly as she answered the question. "Oh, it seemed First Young Master Bai talked to a girl. The girl replied and left him."

"What? A girl? What does she look like?" Bai Yu asked.

Only a girl could make Bai Shu Jin like this.

"Hmm... I don't look much since the light is dim. However, I can tell you that she has a petite figure but is slightly tall. She also seemed to have a long hair." He Liling tried to describe Yu Qi's look.

"What? Is that the truth?" Bai Yu asked in a hurry.

"Yes." He Liling nodded.

He Liling then saw Bai Yu take out his phone and search for something on the internet. Bai Yu then showed the picture to her.

"Does that girl look like the picture in the picture?" Bai Yu asked.

He Liling took a look at the picture. Bai Yu did search for Tang Yu Qi's name. So, Bai Yu also knew Tang Yu Qi as well.

"I think so." He Liling nodded.

He Liling then heard Bai Yu say something. However, it seemed he was talking to himself.

"So, she is here." Bai Yu said.

It seemed they had a complicated relationship here. Well, it was not a surprise. Bai Shu Jin liked Tang Yu Qi who already had a fiancée, Long Hui.

"Do you know what they were talking about?" Bai Yu asked.

"I heard Ms Tang rejected his feelings and left." He Liling decided to tell the truth.

"I knew it." Bai Yu smacked his thigh.

Bai Yu looked at his brother who drank like a crazy man. He did not understand much how hurt being rejected by a woman was because he did not think much about the feeling.

Well, it was really hurtful when he tried to seduce Yu Qi when they were in university and he got rejected. But it was not his feeling that got hurt but rather his pride.

"Brother, you can drink as much as you like." Bai Yu poured the drink into Bai Shu Jin's glass and encouraged him to drink more.

It was better to let everything go. They were drinking like crazy. He Liling was also being pulled to drink together. She did not want to offend the Bai Brothers, so she drank it too even though she was not a strong drinker herself.

In the other room, Yu Qi was enjoying herself. It was not a big reunion. It was just a small reunion where only her good friends from the university.

They were Song Ha Ting, So Pang Lim, Yun Xiao, Ding Na An and Mei Lilli. It was So Pang Lim who organized this.

Ding Na An told Yu Qi that So Pang Lim wanted to meet with them all. So Pang Lim called her a few days ago asking about this. The other friends were agreed to attend.

Here they were having a blast. Yu Qi already took a sober pill. Well, she was reminded by Long Hui to take one when she went drinking without him. She did not refuse because she knew that she knew how she acted when she was drunk.

"I want to resign from my current work." So Pang Lim cried.

"What? Are you not happy working at your current workplace?" Song Ha Ting asked.

"Hmm... I am not happy." So Pang Lim sighed.

"Why?" Yuan Xiao asked.

"That woman...." So Pang Lim gritted her teeth as she remembered that. "You knew I work at a dermatology hospital but one of the female doctors there seemed to be jealous of my achievement. She happened to harass me by not allowing me to meet the client, scolding me in front of the client and even not allowing me to join the surgeries that I was supposed to join."

"Have you reported it to the high-ups?" Mei Lilli asked.

"Yes... But apparently, one of her relatives is someone who in the board of directors. So, my complaint about her kept being ignored." So Pang Lim sighed.
