Chapter 1744

Those girls were his fiancée's friends from university. She told him that they were from the same faculty. So, they were doctors.

"That one." The police officer pointed his finger to Yu Qi who already stood up far away from them.

Song Ha Ting pulled them that way.

"What? She?" Yang Renshu looked at Yu Qi.

Well, to be honest, he also felt that this woman had outstanding aura surrounding her.

"Yes, take a look at this." The police officer showed the information that he found earlier to Yang Renshu.

Yang Renshu read the information about Yu Qi. He could not help but feel impressed by Yu Qi's achievement. They were the achievement that no one could imagine.

"So, those women earlier..." Yang Renshu remembered the middle-aged women who rushed over to the police station earlier.

"Yes, they are them. They did not dare to sue the girls when they found out about this." The police officer said

"Yu Qi, you are very awesome." Song Ha Ting said.

"Indeed." Ding Na An also agreed with that.

"You guys, stop praising me too much." Yu Qi sighed.

"Well, you are like my knight in armour when you protected me yesterday. If you are a man, I will pursue you to be my husband." Song Ha Ting said.

Yang Renshu was speechless when he heard the statement.

"Ting, you should not say something like that." Yu Qi pinched her nose.

"Ouch." Song Ha Ting held her nose.

"Look behind. Your fiancée is here." Ding Na An said.

Song Ha Ting grinned and went to Yang Renshu's side.

"Who is your knight?" Yang Renshu asked.

Song Ha Ting was stunned for a moment. Then she grinned.

"You are." Song Ha Ting said.

"Hmm? Really? Why do I hear different earlier?" Yang Renshu looked at Song Ha Ting.

"Well, she is the knight in armour on duty yesterday. But you are my lifetime knight in armour." Song Ha Ting grinned.

Yang Renshu was satisfied with the answer.

Yu Qi and Ding Na An were speechless when they heard the answer. They did not expect that Song Ha Ting had an amazing mind to coax her fiancée. Those two women ended up having a mouthful of dog food at the police station.

...

Bai Shu Jin woke up with a headache due to the hangover. He drank a glass of water. After that, he lay down on the bed.

He remembered what happened yesterday. He met Yu Qi. She was still looking as beautiful as ever.

However, something in her eyes had changed. In the past, she seemed to have a hateful look inside her eyes.

When he confessed his love to her in public, he could feel the hate coming out of her stare. The kind that wanted to kill him directly.

However, when he met her yesterday, the feeling already disappeared. He could not feel that feeling anymore. He thought she could accept him.

He did not know that Yu Qi had learned to hide feelings. It was not like Yu Qi could forget what he had done to Yu Qi in his past life.

Well, Yu Qi was grateful to him since because of him and Fung Meng Xuan, she could meet the love of her life.

Bai Shu Jin tried to confess to Yu Qi again but got rejected again. He tried to forget about that by drinking a lot yesterday.

He did not remember how he came back. Probably his younger brother helped him.

It was weekend. He did not need to go to the office. He also did not have any plans for today. So, he decided to stay home.

While he was laying on the bed, someone came in. Bai Feng Jiu was the one who opened the door.

"Brother Shu Jin, what are you wake up now?" Bai Feng Jiu sneaked a peek inside.

Bai Shu Jin got up from his bed and opened the door widely.

"What do you want?" Bai Shu Jin asked.

"Well, yesterday, you came home with Bai Yu looking very drunk. I am kind of worried about you." Bai Feng Jiu said.

"I am fine. Don't worry too much." Bai Shu Jin patted Bai Feng Jiu's head.

"Are you sure? You can talk with me if you want." Bai Feng Jiu patted her chest.

"I am okay. What about you? Is your boyfriend treat you well?" Bai Shu Jin asked.

He remembered that Bai Feng Jiu got her boyfriend right after she graduated from university. That man seemed to be son of the board of director of the company that had relationship with Bai Cooperation.

Bai Shu Jin was kind of worried if the man had another motive to approach Bai Feng Jiu.

Even though Bai Feng Jiu was not the daughter of Bai Xia Fang, Bai Xia Fang loved her as his own daughter since he did not have any daughter. Not to mention, Bai Feng Jiu also did not have any parent because they had died in car crash accident, Bai Feng Jiu treated her uncle as her father.

That man might wanted to use Bai Feng Jiu for their own benefits.

"I am fine with him. He treats me very well." Bai Feng Jiu said.

"That's great, then." Bai Shu Jin smiled.

"Well, we are talking about you, right now. Don't change the subject." Bai Feng Jiu glared at Bai Shu Jin.

She knew that Bai Shu Jin wanted to change the topic. She already knew his tactics.
