Chapter 1747: Let Everything Out

"May I know where will you go after this?" Another one asked.

"I already found a job somewhere else." So Pang Lim smiled.

"Where?" Another person asked again.

"At FINN City." So Pang Lim said.

She did not want to state which the company was.

Then, a high-heel sound could be heard from the distance. They also knew who the person was based on the sound only. No one came to work at the hospital wearing high heels.

"Oh, what are you doing gathering here?" A high pinch voice asked.

So Pang Lim looked over. It was the person who kept harassing So Pang Lim. Her name was Jiang Ya. However, she was nothing like her name.

"Oh, it is you." Jiang Ya looked at the box that was being held by So Pang Lim. "What are you doing with that? Oh, are you finally resigning?" She chuckled.

"Yeah. I finally resigned. You must be very happy knowing the fact that I am finally resigning." So Pang Lim stated.

"What are you talking about?" Jiang Ya still acted innocent.

"Humph! Stop the bullshit." So Pang Lim said.

Everyone who had been watching them swallowed their saliva. It was their first time hearing So Pang Lim talk like that.

"Doctor So, what are you talking about?" Jiang Ya frowned.

"Just because of a man, you keep harassing me, disturbing my job. It is very annoying, okay. Then, when I reported it to the management, you used your connection to shut my mouth by threatening to fire me." So Pang Lim let everything out into the open air.

This time, Jiang Ya's face looked shocked. She must be thinking that So Pang Lim would not dare to say something like that in public in front of their co-workers.

Well, it was the truth that she liked a man here. He saw that the man seemed to talk to So Pang Lim every time. Seeing that made her feel jealous.

Using her uncle's power, she started messing with So Pang Lim's schedule. She started telling people to stop being closer to So Pang Lim if they did not want to lose their jobs.

Seeing So Pang Lim being isolated in the workplace made her feel happy. It had been going on for about one year.

However, she did not expect So Pang Lim to lash out at everything here.

"What? What are you talking about? Stop talking nonsense." Jiang Ya glared at So Pang Lim.

"Oh... I am scared. Miss Jiang would harass me again." So Pang Lim acted like she was afraid.

"Harass you? When did I do that?" Jiang Ya asked.

"I don't have time to list what you have done to me. I have to go now." So Pang Lim started moving again.

"Wait! Don't you dare leave before explaining to everyone here? I don't harass you." Jiang Ya stopped So Pang Lim by blocking her.

"Do you really want me to explain?" So Pang Lim asked.

"You!!!" Jiang Ya was about to lose her temper.

"Oh, there is one thing that I need to explain. I don't like that man. Honestly, I disliked a man like that who wanted to date another woman while he was married to another woman." So Pang Lim stated.

Another news that made everyone shock. They knew which man So Pang Lim mentioned. However, they did not know that he was already married.

"Impossible." Jiang Ya said.

"Oh, if you wonder how I know about that, I talk to his wife herself. I saw them walking while holding hands at the mall. That man went to the toilet. So, I went to talk to that woman. I introduced myself as his co-worker.

I am asking what was their relationship since it was my first time seeing him with her. She immediately told me that that man was her husband and they had been happily married for about three years. She also explained to me that she was working in another city and did not have much time to spend with him. How sad." So Pang Lim said.

"No! You are lying!" Jiang Ya shouted.

"Why are you reacting like this? Don't tell me that you are being together with that man?" So Pang Lim narrowed her eyes.

"You are lying to tarnish his reputation because he chose me over you." Jiang Ya said.

"Choose you over me? Well, you can take him. I don't have a plan to be a mistress to a married man." So Pang Lim said.

"He is single." Jiang Ya wanted to believe that way.

"Up to you. I am just telling you a matter of fact. You can believe it or not." So Pang Lim gestured that she did not care either way.

Jiang Ya leaned over. "I will make you jobless."

"Oh, you don't need to worry about that. I already secured a job." So Pang Lim grinned.

"What? Well, it does not matter. I still can ruin your job." Jiang Ya snorted.

"Well, you can try." So Pang Lim stated.

"Then, tell me where is your new workplace. I will destroy you everywhere you go." Jiang Ya challenged So Pang Lim.

"Sure, I will be working under Qinyue Group. As a researcher at the Research And Development Department at Qi Qi Skincare Brand. I would like to see what you can do to disturb me when I start working there." So Pang Lim proudly announced her new workplace.
