Chapter 1760: Offer To Be A Bait

The resort receptionist handed the key to Yu Qi. While smiling, she said. "Enjoy your stay." Yu Qi just smiled and nodded. They both went to their room. It's a good room. However, they are here not to enjoy the vacation. They have another important thing to do. After taking a rest for about an hour, they prepared to go out again. Yu Qi took out Aoi and Shino. "Do you remember the aura of the evil cultivator that we saw in the Miracle Space?" Yu Qi asked them.

"I do." Both answered.

"I want you to find the same aura. After you find them, call me immediately. Don't do anything else. Do you understand?" Yu Qi gave the order.

"Yes, Master." Both jumped out of the window. "We will find the evil cultivator as well." Yu Qi said to Long Hui.

Long Hui nodded.

The aura that they sensed on the boat earlier belonged to the evil cultivator. That was why they said the aura was not supposed to be here. "I wonder how the evil cultivators managed to come out of the cultivation world." Yu Qi said.

"I think the evil cultivator is involved in the missing people cases." Long Hui said.

If that's the case, it would be very complicated to explain to the authorized about this matter. "Let's find the clue first." Yu Qi said. Long Hui had the information where the last places that people went missing. So, they decided to go to check out the places. The top place where the missing people were last seen was the temple. It was an old temple. It was famous because of the love fortunes. They went to the temples to see the place. There were indeed a lot of people coming to the temple. They were mostly couples. Yu Qi and Long Hui acted like they were tourists visiting the famous temple. "Brother Hui, I will try to use my senses to check whether there is something wrong with this temple." Yu Qi said.

"Hmm... Just be careful. If you sense something unusual, please tell me." Long Hui said.

Yu Qi nodded. They went to the prayer hall. At that place, Yu Qi closed her eyes pretending that she was praying but she used her senses to check on the place. Well, Yu Qi did see something unusual but it was not her concern because she found some of the couples making out in the temple. She frowned as she felt it was quite disrespectful to do that at a religious place like this. "What? Have you found something?" Long Hui noticed that Yu Qi was frowning.

"Well, it is not related to what we want to find." Yu Qi said.

"What is it?" Long Hui asked.

"Well, I found there are a lot of couples doing the deed here." Yu Qi said.

Yu Qi looked around and seemed to find someone who worked at the temple. "Excuse me miss..." Yu Qi called for the girl.

The girl turned around with a smile. "Yes, miss. How can I help you?" "Hmm... How do I say?" Yu Qi was hesitant to tell the girl.

"Are you having any trouble, Miss?" The girl asked.

"Hmm... I just... Want to report about something." Yu Qi said.

"Yes, Miss... About what?" The girl was waiting for Yu Qi.

Yu Qi did not dare to mention it out loud. She leaned over to the girl's ear and whispered about the matter. The girl's face turned red. Her hands were on her mouth.

"Are you sure, Miss?" The girl asked Yu Qi.

"You can ask someone to check." Yu Qi said. It seemed the girl was still pure. "Thank you, Miss, for reporting this matter to me. I will ask someone to check it as soon as possible." The girl bowed and left.

"Seems what we want to find is not here. Let's leave." Long Hui stated.

"Hmm..." Yu Qi nodded. They went to another hot place. The garden forest. It's a place where people can see beautiful wild plants. Another place which is perfect to kidnap people. This time, it is Long Hui who used his senses to check on the place. Yu Qi could see the expression on Long Hui's change a bit.

"They are here." Long Hui said.

"Really?" Yu Qi asked.

"Hmm... It seems they already have someone in their hands. And they have transported her to somewhere else." Long Hui said.

"We need to save the victim. We also need to find out where their headquarters is. Let me walk to their place. I bet they will catch and bring me together with the victim." Yu Qi suggested.

"But..." Long Hui wanted to protest.

"Brother Hui, trust me." Yu Qi looked straight into Long Hui's eyes.

Long Hui sighed. He could not help but just agree with the suggestion. "Fine. But take care of yourself, okay? If I find out that you have been injured, you should know the punishment you are going to get later." Long Hui reminded Yu Qi. He did not want her to get hurt. Yu Qi almost stumbled when she heard the sentence. She glared at Long Hui. He should not say something like that. Long Hui just smiled.

"Remember to send the signal." Long Hui said again.

"Hmm.. I ask... Oh, Aoi and Shino have another task to do. I will ask Neko-chan to contact you later. Wait for me." Yu Qi said.
