Chapter 1762: The Evil Cultivator

Then, Yu Qi sensed someone coming towards them. The aura that she asked Aoi and Shino to look for. The evil cultivator. 'Does this mean the evil cultivator involved in this case?' Yu Qi was feeling tense. Yu Qi knew why the evil cultivators were not accepted in the cultivation world because they used human life to increase their cultivation power. So, if it was the truth behind this case, then kidnapped people from before might be dead. It seems the aura of the evil cultivator is getting closer and closer. "He is here." "Welcome Sir Xien." "Hmm... are the goods, okay?" "Yes, Sir Xien. We even got two of them."

"Oh, you have two. Good... Nice... Can I look at them?"

"Sure, you can." The men showed the unconscious girls to the evil cultivator. The evil cultivator, Sir Xien, smiled as he looked at the unconscious girls. One of them is a very beautiful girl. He already thought about playing with this girl multiple times before extracting her life force. "Good. I will pay double to this one." Sir Xien smiled.

The men were happy to hear that Sir Xien would pay double for the beauty. They already planned to find a beautiful woman in their next transaction, seeing that Sir Xien seemed to be happy getting a beautiful woman. "Bring the girls to my car." Sir Xien stated.

The men began to approach Yu Qi first. However, before they managed to put their fingers on her, Yu Qi kicked one of the men out. The man shouted in pain.

Everyone was surprised. They looked at Yu Qi in wary.

"It seems the little kitten has been awake." Sir Xien smiled while licking his lips. Yu Qi narrowed her eyes while looking at the evil cultivator. "What are you doing? Hold her." One of the men shouted.

One who had been kicked by Yu Qi could not stand up because of the pain. He felt that his left ribs had been broken. "Boss, I can't stand up. It's hurt like hell." The man said to his boss.

The boss frowned. Another man tried to grab Yu Qi again. He was also sent flying out of the van. The boss of the men looked at Yu Qi in surprise. He finally realized that this beautiful woman knew some martial arts.

Sir Xien felt disgusted when he saw the men lying on the ground and moaning in pain.

"Tsk... Such a weak. Loser." Sir Xien scoffed.

"We are sorry, Sir Xien." The boss apologized.

The boss quickly apologized. He knew that Sir Xien is angry at this moment. He is afraid of making Sir Xien angry because he once watched Sir Xien killing one of his men when Sir Xien was angry. He could not do and say anything.

He just sat there watching his man being killed by Sir Xien. He was scared that Sir Xien targeted him after that. He was lucky that Sir Xien's phone rang at that moment.

Sir Xien ignored the boss. He went closer to Yu Qi.

"Beauty, come with me." Sir Xien said. "In your dream." Yu Qi snorted.

"Don't make me to force you. It might hurt." Sir Xien gave Yu Qi a warning.

"Yeah. I know." Yu Qi said. Yu Qi could feel that this evil cultivator is very strong. She did not think that she could fight him alone.

"Rukh, Xiaohua, come out." Yu Qi shouted.

Rukh and Xiaohua immediately appeared in front of Yu Qi. Sir Xien was surprised to see a roc bird and a girl appeared out of nowhere. He knew in that instance that the beauty was not a normal human being. 'Attack him together with me.' Yu Qi said through the telepathy. 'Yes, Master." Both Rukh and Xiaohua nodded.

The three of them rushed to attack Sir Xien. Sir Xien avoided the attacks.

"It seems you are not a normal human being. But a cultivator. How nice. Your life force would be delicious. My power will be increased a lot if I have your life force." Sir Xien said while smiling.

"Hmm... You are indeed an evil cultivator." Yu Qi snorted.

"So, you know who I am... Hmm... Interesting. I am just wondering about something. How do you hide your cultivation power?" Sir Xien asked.

He was surprised when he found out that the beauty was a cultivator. He could not feel any of her cultivation power before. He thought it was very useful ability if he knew how to do that. He could avoid many disasters using that ability. "Why should I tell you?" Yu Qi snorted again.

The men were shocked watching the fight. It was not a normal fight. No normal human could move as fast as these two people. Not to mention the small girl and that bird.

'What is this? Some kind of special effect? Wait? This is not a f**king movie.' The boss felt confused and got scared. He felt that he needed to leave right now. Otherwise, he might not be able to get out. He did not have time to take care of his men who could not stand up and run away. He did not care about their lives. His life is the most important thing. He did not care if they had been killed or not. He can find other men to work for him. So, he did not worry about that. Yu Qi noticed that one of the men wanted to run away from the place.
