Chapter 1763: Calling For Aoi And Shino To Find Long Hui

"Xiaohua, stop them." Yu Qi shouted.

Xiaohua turned to the men. She lifted her hands and the hands turned into prickly veins. She wrapped those men with the veins. With a small girl voice, Xiaohua spoke. "Please stop struggling. Otherwise, the veins will tighten up around your body." The men struggled to escape from the veins but the veins around their bodies tightened and the thorns pierced their skins. It hurts so much. They stopped struggling. "Hmm... I have warned you, but you didn't listen to me. Serves you right." Xiaohua rolled her eyes at those men and returned to Yu Qi's side to help her deal with another man. "You even have a human-eating plant. How interesting." Sir Xien said. "That has nothing to do with you." Yu Qi said.

"Don't be so cold towards me. We are the same. Not a normal human being." Sir Xien stated.

"Please don't put me in the same category as you. You evil cultivator." Yu Qi scoffed. "That's hurts. But you should know that I am stronger than you." Sir Xien stated.

Yu Qi did not comment on that matter. She knew that fact. However, she could not let this evil cultivator go. "You can be strong too, you know. You can follow me if you want. We can be stronger together." Sir Xien stated.

"No need. Tell me where the people that you have kidnapped are?" Yu Qi asked.

"You should know better about that." Sir Xien answered while smiling. "Damn you!" Yu Qi was angry.

If what Sir Xien said was the truth, those people might have lost their lives already. Yu Qi attacked Sir Xien furiously. 'Aoi, Shino. Respond to me immediately.' Yu Qi called Aoi and Shino via telepathy.

'Master, what happened?' Aoi responded.

'Both of you, find Brother Hui right now and lead him to me as soon as possible.' Yu Qi gave the order.

'Yes, Master.' Aoi and Shino accepted the order without asking for anything else.

Yu Qi should hold this evil cultivator for now. "You seem to be thinking about something else, are you?" Sir Xien said.

"None of your business." Yu Qi replied.

'Rukh, continue to attack him. Don't hold back. Xiaohua, try to restrain his move if you see the chance.' Yu Qi said. You'll find the origin of this content at n0velb!n•

Rukh was holding his strength. When Yu Qi gave him permission to do so, Rukh was glad to do that. He swung his wings creating a strong wind that cut someone's skin. Sir Xien saw this coming and managed to avoid the attack. He looked at the roc bird. He did not expect to see one here. He thought it went extinct since it was years after he saw one. He wondered how she had contracted the roc bird since the roc bird despised humans in general. Xiaohua saw that Sir Xien did not pay attention to her. She took the opportunity to attack him with her prickly veins. She managed to restrain one of his hands. However, before she managed to feel happy about this, Sir Xien already cut her vein.

Cutting her veins was like cutting her own flesh. She retreated feeling the pain. "Xiaohua, stand back." Yu Qi came forward to attack Sir Xien with a sword. Sir Xien was surprised to see how well the sword technique that being used by Yu Qi. He thought this sword technique is very strong and firm. If this technique is used with his power, it will be so powerful.

"Your sword technique is great." Sir Xien praised.

Yu Qi gritted her teeth. She felt that he was playing with her right now. It was an unpleasant feeling. She attacked him repeatedly.

Sir Xien could not help to respond back to the attack. He also attacked with his power. Yu Qi was hit on her left shoulder. She was sent flying. She managed to stop by using her sword. She stabbed the sword on the ground. After she stopped, she coughed some blood. "Master." Xiaohua cried out loud when she saw her master coughed some blood. Rukh also approached her and protected her from the evil cultivator. "Are you alright, Master?" Xiaohua asked.

"Hmm... Don't worry. I am fine." Yu Qi nodded. Still, her left shoulder was hurt. Sir Xien looked at Yu Qi. It would be a waste to let a woman like her go. So, he was thinking of bringing her together with him. He would force her to change into the evil cultivator. That way, she would not be able to return to her past life and would stay by his side. 'Hmm... It is a brilliant idea.' He nodded several times. She would be his wife and spend the rest of her life together with him. "Master, he is plotting something. Please be careful." Xiaohua said.

She noticed that Sir Xien was nodding to himself and smiling as he was pleased with himself. She felt that Sir Xien was thinking about how to handle her master. That would not be so great. "Hey, I like you. Do you want to be with me?" Sir Xien suddenly confessed his feelings to Yu Qi.

Yu Qi was taken aback. There was no way that she would be with someone like him. NEVER. "I will never be with someone like you who thinks that human life is nothing and just a tool for you to pursue your strength." Yu Qi replied in a split second.
