Chapter 1768: Accept Tang Family's Anger

Still, Yu Qi returned home with her brothers first. Long Hui had to drop at military grounds to submit his report regarding the missing people case before going to Tang Residence.

Grandpa Tang asked Yu Qi what had happened. Yu Qi made up a story that was suitable for the situation.

Long Hui went there to investigate the case. Of course, she did not want to tell her family about that. Long Hui probably did not want other people to know either. If they knew Long Hui went there for a mission and brought her along, her family might be angry about that.

"Well, I heard that it is a beautiful place. So, we decided to go there for a quick vacation. Never thought that I would be a target for such people." Yu Qi explained.

"Where was he when you were in danger?" Tang Jin Wei asked.

"It was not his fault. I went to the toilet and asked him to wait there, a place not far from the toilet. When I entered the toilet, I already saw three men holding an unconscious girl.

Of course, I wanted to save the girl. But the men were quite strong, they managed to knock me out and planned to take me with them as well. They wanted to sell me and the girl to someone with a high price.

That time, Long Hui realized I was away for a long time. So, he came and found me. He beat them all." Yu Qi ended her story.

"The world today is full of danger. It is not safe at all." Ming Yue commented.

"I am glad that you are safe, Yu Qi." Su Xiao said.

"It seems like a human trafficking deal. We need to be careful from now on." Tang Jang Qin commented.

The maid led Long Hui to the living room where everyone was. Long Hui bowed and greeted everyone.

"Sit here, Xiaohui." Ming Yue said.

She offered a seat beside Yu Qi. Of course, Long Hui did not reject the offer and sat down beside Yu Qi.

"Next time, protect her properly." Tang Jin Wei glared at Long Hui.

"Brother Jin Wei... That is..." Yu Qi wanted to say something.

"I understand, Brother Jin Wei." Long Hui nodded.

Tang Family obviously was glad to hear the answer from Long Hui.

The maid came over informing everyone that the dinner was ready. The dinner was enjoyable. Everyone was here including Tang Qin Hao. Tang Jin Wei dragged him home for dinner tonight.

The twins, Tang Bo Lin and Tang Heng Nuo also joined the dinner. They already could sit by themselves. Tang Bo Lin wanted to sit beside Yu Qi while Tang Heng Nuo would not let go of her sight on Long Hui, so she sat beside Long Hui.

The babies were almost 2 years old. They could walk and talk, even though it was not a complete sentence.

Tang Heng Nuo was really talkative while Tang Bo Lin just said something that he needed to phrase. Otherwise, he was silent.

But today, Tang Bo Lin was extra talkative. His favourite person was here today. Yu Qi smiled when Tang Bo Lin talked to her.

Tang Heng Nuo was also talkative to Long Hui. Long Hui responded while he needed to and listened to the girl talk without interruption.

Ming Yue told Long Hui to stay over since it was already late. She told the maid to prepare a room for Long Hui. It was a room beside Yu Qi.

Both of her aunties smiled at them. Yu Qi coughed to cover the embarrassment while Long Hui just had a thin smile on his lips.

Everyone retreated to their own rooms. Long Hui walked to the room together with Yu Qi.

"Here you are. Go in and rest." Yu Qi stopped at Long Hui's room.

"Hmm... Why don't you enter the room together?" Long Hui smiled.

"No... You will sleep alone tonight." Yu Qi stated.

"We have something that we need to discuss." Long Hui said.

"No, we don't." Yu Qi quickly shook her head.

"Qi Qi, have you forgotten about that evil cultivator inside your space?" Long Hui reminded Yu Qi.

"Oh, I remember that." Yu Qi clapped her hands.

Just now, she forgot about the evil cultivator. The evil cultivator right now was inside Yu Qi's space under the eyes of her contracted beasts and Aoi.

He could not do anything. He could not even run away from her space. Not to mention, he already lost his mind. He could not plot anything anymore.

"We indeed need to discuss about that." Yu Qi nodded.

She walked into Long Hui's room herself. Long Hui smiled when he saw his beloved Qi Qi was easy to be tricked by him.

Once Long Hui closed the door, he hugged Yu Qi from behind.

"Hmm... What is this? Why are you like this?" Yu Qi was not angry but felt relaxed in Long Hui's arms.

"Let me recharge myself." Long Hui said. He smelled Yu Qi's neck.

"So, I am a portable charger, right now." Yu Qi chuckled.

After a while, Long Hui finally let Yu Qi go. They went to the balcony. There were chairs, so, they sat there while enjoying the night breeze. The breeze was not too windy.

"How is your report?" Yu Qi asked.

Long Hui went back to the military grounds to make a report regarding the missing people case. The higher-ups were waiting to hear the conclusion of the case.
