Chapter 1781: Being Stopped By Someone

Who did not know Min Liang? He was the CEO of Yue Coperation's secretary. And that person respectfully called this woman.

"Is your CEO Qin busy?" Yu Qi asked.

"He is indeed busy. However, he already made the appointment for you. Miss Tang, please follow me." Min Liang said.

"One more, before we go, I want to report about someone." Yu Qi stated.

"About someone?" Min Liang glanced at the woman who stood beside Yu Qi.

"Yes, this woman." Yu Qi pointed at the woman who harassed her just now. Then she added. "She told me that she works here but she was here during the work hours where she was supposed to be at her work desk."

Min Liang narrowed his eyes while looking at the woman.

The woman started to panic. "Mr Min, I am just here for work." She tried to explain.

"Oh, what work that you mean?" Min Liang asked.

"I mean, I am here to get the package that has been sent to you from the receptionist. They call me down here." The woman found an excuse and looked at the receptionist to help her out.

However, she did not expect that the receptionists would be displeased with her action and that she wanted to involve them with her lying excuse.

"Miss, I am sorry to tell you that we did not call you to get here. There is no such package for you to receive here." One of the receptionists stated.

The woman was shocked.

Min Liang looked at the lanyard worn by the woman. It stated the accounting department and that woman's name. He took notes on that matter.

"You need to go back to your work desk now. We will discuss your matter later." Min Liang stated.

The woman was shocked. She never thought that she would get caught slacking off her work by the secretary of the CEO himself. If only she had not come over and harassed Yu Qi.

Yes, Yu Qi. The big boss was waiting for her. What she found out from her co-workers, their big boss disliked having meetings with women alone. If there was a business meeting, another man would accompany the woman.

Others thought their big boss was gay and disliked women. And now he was meeting with this woman alone. Was this woman going to be their lady boss? The receptionists did not think so because they recognized Yu Qi. Yu Qi already had a fiance named Long Hui. There was no way that Yu Qi would be their lady boss.

"Let's go, Miss Tang." Min Liang stated.

"Hmm..." Yu Qi nodded leaving the woman behind.

They stepped into the CEO's lift. Later on, they arrived at the floor where Qin Xia stayed. When they stepped out of the lift, they encountered several men. Yu Qi believed they were high-ranking employees of the Yue Corporation.

They looked at Yu Qi with surprise because they saw Min Liang lead her to Qin Xia's office.

"Who is that?"

"Why does Mr Min lead her to CEO Qin's office?"

"Wait! Is that Ms Tang?"

"You know her?"

"You don't remember the Chairman of QinYue Group?"

"What?"

"She is the one?"

"But what is she doing here?"

"We don't have any cooperation with QinYue Group."

"Maybe CEO Qin wants to collaborate with QinYue Group."

Yu Qi entered Qin Xia's office. She saw Qin Xia was writing something on his table. It reminded her of the scene where Qin Xia was reading inside his room when she was Qin Yue.

"Come and sit here. Don't stand over there." Qin Xia's voice could be heard.

Yu Qi approached and sat on the seat in front of Qin Xia.

"Senior Brother Xia, how are you?" Yu Qi asked.

"Hmm... I am fine. What about you?" Qin Xia asked back.

"Of course, I am fine too." Yu Qi said.

"Are you sure about that?" Qin Xia narrowed his eyes.

It seemed he could see through Yu Qi.

"You have been injured recently." Qin Xia stated.

Yu Qi looked shocked. She came here after she was fully recovered. There was no news about her being injured on the news. Was her senior brother put someone on her side without her knowing that?

"Who do you think I am? I could see through you. You have just had an inner injury recently. How does that happen?" Qin Xia said.

His junior sister was a strong cultivator. There was no way that she would get injured. Not to mention, that man was by her side.

"Well, actually, I come here regarding that matter." Yu Qi said.

"Hmm... enlighten me about that." Qin Xia was ready to listen to his junior sister.

"It is about the evil cultivator." Yu Qi stated.

"What?" This topic caught Qin Xia off guard.

"I met with the evil cultivator recently." Yu Qi said.

"The reason you injured is because of that evil cultivator. Is that right?" Qin Xia asked.

"Yes. He is slightly stronger than me. Luckily Brother Hui came over and saved me." Yu Qi said.

"Why did he not be by your side in the first place?" Qin Xia asked.

"To be honest, we did not suspect that he was the evil cultivator in the first place. We thought we were dealing with a normal kidnapper. Turned out he was an evil cultivator." Yu Qi explained.

"Kidnapper? That evil cultivator?" Qin Xia narrowed his eyes.

"Yes." Yu Qi nodded.
