Chapter 181: Shooting Competition (Part 1)

Finally, the shooting competition has been held. Yu Qi was standing with three participants. The opening ceremony was currently going on in the hall. She looked at the stage. Yu Qi recognized one of the men standing on the stage. It was Great General, Long Fei Yi, Grandfather of Long Hui. 'So, it was true what Feng Yue said.'

The host of this shooting competition was explaining the rules and the type of competition that they were going to compete with. There were a lot of categories that been compete in this shooting competition.

The categories were 50m Rifle 3 Positions (Men/Women), 10m Air Rifle (Men/Women), 25m Rapid Fire Pistol (Men), 25m Pistol (Women), and disassemble and assemble the gun.

Yu Qi and her club members challenged themselves entered the available categories for them. The more the categories, the more points that they could collect.

The opening ceremony had finished. The first category that is contesting was the 50m Rifle 3 Positions (Men/Women). This category was the most famous in the shooting competition. All the participants competed in this category.

This category consisted of three positions of shooting, kneeling, prone, and standing positions, fired in that order. The participant had to fire about ten shots in each of the position. The distance was fifty meters.

There was a time limit too. They had to complete all of the shots in one hour and fifteen minutes for men and one hour for women because of the difference in weight of the rifle itself.

Yu Qi went to the shooting place. One row consisted of fifteen participants. Her club members still waiting for their turn so they went to watch Yu Qi compete first.

Yu Qi greeted the person that will in charge of watching her. This person would record her time. Yu Qi took her place. She was getting started. The first position was kneeling. She prepared herself in that position. The rifle that she holding right now was a little bit lighter than what she expected.

Then the time was started. Yu Qi put the bullet in her rifle and took a breath and fired. The first shot was a 9.8 point. She put the second bullet and shot. 9.9 point. Then she became comfortable. After the three shot, the remaining shot, all of them was a 10 point.

The person in charge recorded her time was shocked. Between the shots, Yu Qi became more and faster. She moved to the prone position. She fired. 9.7 point. The second shot was 9.9 point. The next shots were 10 points except for the eighth one. It was 9.8 point.

Then she moved to the standing position. She was the only person that finished the two position. All of the other participants still in their position. This is her most favorite position. She could shot with her close eyes. She had fired the shots in leisure. All of them was 10 point.

Yu Qi turned and told her timekeeper that she already finished. She had completed the one hour challenge for only thirty five minutes only.

She took off the gear and she got out of the place heading to her club's booth. Each university had given one big tent for the participants to wait for their turn. To be her surprise, all of the members were here.

"Yu Qi, my daughter. You are totally awesome. As expected my daughter." Vice captain Jung Xi Wan gave his thumb up.

"Yu Qi, you are totally awesome. I have fallen in love with you again." Shi Man Xie praised.

"Man Xie, I bet you want to die."

"What?"

"You seemed to forget about Commander Long."

Shi Man Xie freeze. His expression showed his true feeling.

They laughed.

Unknown to Yu Qi, she had been a hot topic among the judges and the top people in the shooting competition.

"A talented woman appeared." One of the old men discussed about Yu Qi.

Yeah. It had been a while since the last talented person appeared. That brat Long Hui, how is he right now?" Another old man turned to one who had the same feature as Long Hui but in the older version.

"Same as always. He's at the Shiwa Camp." General Long Fei Yi answered his friend's question.

"That girl totally awesome. She was looked like Hui."

"I wonder where is this girl came from?"

"I read her profile here. She is from Starlight University. Studying medical."

General Long Fei Yi did not comment anything on that topic. He knew that girl. She was that Tang Jiang Man's beloved granddaughter. And to his surprise, his grandson took a liking on her. He knew how Long Hui behaved around women. He totally rejected unknown women. Especially when women who wanted to approach him.

However, Long Hui approached a girl on his own in the Tang Jiang Man's birthday party made General Long Fei Yi surprised with his act. He did ask him after they returned home. Long Hui asked that he was serious about getting married to her. Long Hui also willing to wait for her to be open and ready for him.

Hearing Long Hui's decision, General Long Fei Yi requested a full background check on Yu Qi. She was an orphan, then been adopted by Wang Family. After years been abused by that family, she lived on her own. Then she met Tang Jiang Man and became his granddaughter. What's more surprised General Long Fei Yi was Yu Qi also was Tang Jiang Man's disciple.

Chapter 182: Shooting Competition (Part 2)

Yu Qi now was watching her other club member that challenged the first category. The second year club members, Shi Man Xie, and Zu Wei Han were doing well. While Qin Nie Se, the first year club members seemed very nervous that he messed up his shots on the kneeling position.

However, he gained his confidence in the prone position. His average shot points were 9.4 points. He maintained the points in the next position. They completed the challenge in one hour.

They returned to the tent where their club members were. Qin Nie Sen was sweating. Captain Heng Ru Yen gave a towel to him for him to wipe his sweat.

"It was a good result." Captain Heng Ru Yen patted his shoulder.

Qin Nie Sen nodded himself. He sat and motivated himself for the next category.

The next category was the 25m Rapid Fire Pistol (Men). In this category, the other name for this category was the center-fire match consists of two parts of 30 shots each, both shot at 25 m. Which is one of them was the precision stage where 5 shots are to be fired during a 5-minute period. The second one was the rapid-fire stage where, for each shot, the shooter has 3 seconds to raise his arm from a 45 degree angle and fire. The rules specify that matches are to be shot with a handgun with any caliber between 7.62 mm (.30) and 9.65 mm (.38).

The shooter had to fire with only with one hand, unsupported.

The men entered the shooting place. Everyone was more relaxed on this second time.

Yu Qi was interested in the guns that they use in the category more. She sighed. She disappointed that she could not see very clearly at the guns that they had been used.

However, the result of her club members was very satisfied.

After this category, it was lunch. The cafe was burst with people. The audience and participants went to get their food there. Some of them went out of the university to find the other food store or restaurant.

Captain Heng Ru Yen told them during the lunch about the current result. Hanwei University was in the first place followed by Starlight University and Hanyang University with difference only one point.

Captain Heng Ru Yen said they could defeat the previous champion if they increased their effort and maintained it. They replied with a great spirit.

The next category was 25m Pistol (Women). It based upon the rules of 25 meter center-fire pistol but shot with a .22-caliber sport pistol instead of the larger-caliber guns men used. All firing must be done with one hand, unsupported.

Yu Qi was getting ready. She decided not to hold back anymore. She would use all of her skill. It started. Yu Qi was in a comfortable position fired all her shots.

People were very frightened out when Yu Qi finished her firing the shots. It was all 10 points. All the woman participated in this category felt very pressure when seeing Yu Qi's result.

"Wow, all 10 points. Is this girl shooting machine or what?"

The old men that together with General Long Fei Yi was very shocked seeing this result.

"This girl is a gem. We have to get her to enter the military."

General Long Fei Yi chuckled. Others were feeling astonished seeing General Long Fei Yi's reaction.

"Don't General Long like the talent like this?"

"Of course I like it. But it is a blessing if that child can enter the military."

"Why General Long say like this?"

"Do you think that Tang Jiang Man wants his beloved granddaughter and disciple to enter the military?" General Long Fei Yi told them.

"What? Tang Jiang Man? That Tang Jiang Man?"

"This girl is his granddaughter?"

"But I don't know that Tang Jiang Man had a granddaughter?"

"And what? His disciple? This girl?"

"Tang Jiang Man adopted her not long ago. This girl indeed his disciple." General Long Fei Yi smiled.

"This girl was truly a blessing. Very talented. I wonder who would get this girl as his wife. He must be so lucky getting this girl."

General Long Fei Yi deepened his smile. He remembered that his grandson currently wooing her.

Yu Qi went to her club member's tent. She got the same reaction from her club members as the first category. The competition still undergoing. But that was the last category for today. So they decided to go back to rest

Zhu Lao Lin and Jang Yue Yue appeared in front of her. Because of the room in the same direction, they ended up walking together.

"Yu Qi, you are so amazing. I had lost to Yu Qi. Your skill is very amazing." Zhu Lao Lin sings the praise for Yu Qi.

"It was my effort that gets me here. Not like I just getting the skill out of nowhere. You can get it too if you tried to continue hard work." Yu Qi said.

"But it was totally amazing, right Yue Yue?" Zhu Lao Lin turned to Jang Yue Yue.

"Yes, Lao Lin." Jang Yue Yue agreed with Zhu Lao Lin. She totally acknowledged Yu Qi's skill.

Chapter 183: Shooting Competition (Part 3)

The second day of the shooting competition

Yu Qi woke up and saw Aoi was waiting for her to wake up. Because of this competition, she decided to stop her morning routine and got ready for the second day. When she arrived at their tent and saw everyone were here already.

"Morning, Yu Qi." Her club members gave her a morning greeting.

"Morning." Yu Qi nodded.

"Are you ready?" Shi Man Xie asked.

"Yes." Yu Qi once again nodded.

"Then, let's go now." Shi Man Xie turned to Yu Qi, Qin Nie Sen, and Zu Wei Han.

The first category that is held for the second day of the shooting competition began with 10m Air Rifle (Men/ Women). The rules for this category was the participant had to fire twenty shots at a distance of 10m. What made this category different than others is the equipment that they used.

The bullet that they used was 'match diablo pellets'. These pellets have wadcutter heads, meaning the front is (nearly) flat, which leaves clean round holes in paper targets for easy scoring. Match pellets are offered in tins and more elaborate packagings that avoid deformation and other damage that could impair their uniformity.

Four of them were standing in a row. The three men of her club members were looking at each other. They needed to complete this with an excellent result so that they would not feel embarrassed when compared to Yu Qi who standing next to them.

The competition started. Yu Qi lifted her air rifle and took an aim and fired. She took only 5 to 10 seconds to re-aim. The sound of fired bullets could be heard across the shooting ground. The participants continued to shot. The one who finished first was Yu Qi.

Yu Qi put down the air rifle and took off the gear equipment that she wore before the competition started. Then she looked at her club members. They did not finish yet. Yu Qi left the place and go to her university booth.

"Yu Qi, are you shooting machine?"

She heard a club member asked her. She only smiled faintly.

"My daughter is awesome." Vice captain Jung Xi Wan gave a thumb up to Yu Qi.

They were talking among them. Then someone called Yu Qi.

"Yu Qi, a girl said she wants to meet you."

Yu Qi wondered who wanted to meet her right. When she saw that person, a smile appeared on her lips.

"Yue." Yu Qi said her name.

"I have come. I saw your shot earlier. You are same as Brother Hui. A monster." Feng Yue said after meeting Yu Qi's eyes.

Yu Qi's lips were itching. She did not know how to take that the last sentence.

"I bet if he heard you saying something like this, you are going to get punished." Yu Qi's turn to attack Feng Yue

"I already get punished by him." Feng Yue did not take that to heart.

"Well, what if he doubles that punishment?" Yu Qi smirked.

"No... I will die." Feng Yue's expression turned.

"Well, ..." Yu Qi was holding her laugh.

"Don't you dare tell him, Yu Qi..."

Yu Qi laughed when seeing Feng Yue frightened out. She could imagine Feng Yue got her punishment. Knowing Long Hui, that punishment was not light.

"Oh, Yu Qi, did you saw my grandfather?" Feng Yue asked out of nowhere.

"I did see him yesterday at the opening ceremony. That's all."

"Oh, I see. Well, I want to tell you that my grandfather invites you for dinner tonight."

Yu Qi was stunned. Why did the General Long Fei Yi want to meet with her? Then she frowned.

"Don't worry. My grandfather maybe wants to meet my friend. You know I did not have many friends." Feng Yue calmed Yu Qi.

"Okay. Where?"

"I will go to your room later. Eight o'clock sharp we have to be at the female gate. One minute late..." Feng Yue made a gesture that showed her hand chopped her neck.

"Okay."

"Do you still have the competition to go?" Feng Yue asked.

"Yes. One more category. My favorite." Yu Qi showed her eagerness on that category.

"About what?"

"Disassembling and assembling the gun."

"What? You meant you will open the gun pieces by pieces and put that pieces back and formed the gun?" Feng Yue wanted to double confirm it.

"Yes."

"You are really same as my Brother Hui. I remembered when he entered this competition for the first time. I was standing beside my grandfather Long. My grandfather asked him which one category that he thinks his favorite. He with his excited eyes stated that this category was his favorite. That why you are very compatible with each other." Feng Yue sneered to Yu Qi.

Chapter 184: Shooting Competition (Part 4)

Feng Yue left after spending time with Yu Qi for about one hour. Yu Qi went back to their tent.

"Your new friend?" Shi Man Xie asked.

"No. An old friend. She studied here." Yu Qi answered him.

"I see. Well, can you introduce her to me?" Shi Man Xie asked Yu Qi about that.

"Are you sure?" Yu Qi asked Shi Man Xie the question.

Even though Shi Man Xie was curious why she asked him that question, he answered it. "Yes." Well, he wanted to make some new friends. Maybe in the future, they might be a couple. Who's known about the future. Everything could happen.

"Well, if you have other intentions, you might need to face Commander Long and the Great General Long Fei Yi over there." Yu Qi pointed to the General Long Fei Yi that sat with other old men under the VIP tent.

Shi Man Xie was frozen for a moment. "What!!!" He was very very very shocked.

Now with his high volume voice, everyone turned to them and had some kind of interested to hear more about Yu Qi and Shi Man Xie's conversation.

"If you want to date her in the future, you have to face Commander Long, yes, Commander Long that you knew." Yu Qi confirmed Shi Man Xie's doubt when Yu Qi saw his questioning look. Then Yu Qi continued again. "And General Long Fei Yi over there."

"Why?" Shi Man Xie asked.

"Senior, why are you so stupid today?" Yu Qi took the opportunity to make some insult to Shi Man Xie. "That is because she is his granddaughter."

Who did not know General Long Fei Yi, the hero that defend the nation 20 years old when S Country attacked the nation. Everyone admired and feared him.

"She was his granddaughter?" Shi Man Xie made a shocked and more to terrific expression.

"Yes, do you still want me to introduce her to you?"

"No, no need. I don't have confidence." Shi Man Xie waved his hand faster.

"That girl before was General Long Fei Yi's granddaughter?"

"Is she Commander Long's younger sister?"

"She looked beautiful too. Is that Long Family possess something of medicine for good looking?"

"Stupid. It was their DNA. Look at General Long. No wonder Commander Long is good looking.

Others started their usual bickering. This time, the topic was about Long Family. The starter was Feng Yue. Yu Qi chuckled.

"Guys, that was my friend. Her name is Feng Yue. General Long was her maternal grandfather." Yu Qi told them.

"Feng Yue? I did hear about a daughter of General Long married to a Feng Family member that time and died." Vice-captain Jung Wan Xi joined the conversation.

"Shi Man Xie, Yu Qi, your turn's up. Go now." Captain Heng Ru Yen ended the topic.

The last category. Yu Qi signed up for this category together with Shi Man Xie. The other two did not sign up because they were not familiar with disassembling and assembling the gun. In the beginning,

Captain Heng Ru Yen almost not allowed Yu Qi to participate in this category but she proved her skill in front of Captain Heng Ru Yen. After that, he allowed Yu Qi to enter this category.

Captain Heng Ru Yen forgot that the girl was not a normal girl. She was training to fire the gun like it was normal daily tasks. So, she bounded to like this kind of thing.

Out of eleven universities, only five of them entered the last category and all of them were men. Only Yu Qi alone was an exception.

Yu Qi and Shi Man Xie went to the platform where the last category been held. This category rule was very simple. The participant had to disassemble the gun first and putting it together. And the type of gun would only be revealed when the competition started. The gun would be tested by the judges and also the faster the time, that person would be the winner.

To avoid cheating occurred during the competition, a person from the military would be a watch person on each of participant in this category. So, some cheating like only disassembling only half of the part of the gun would not happen.

As the only female participant in this competition, Yu Qi was bounded to be the center of attention. Yu Qi looked at th table in front of her. She wondered what type of gun that going to be used.

When she heard the competition started, she opened the box on the table. It was a AR 15 rifle. Yu Qi was smiling when she knew tha type of gun.

She quickly touched the rifle and disassembled the rifle. She did it like she always did it in her space. The first step was clearing and safety checking the rifle. Next, she removed the rear take-down pin. Her hand moved faster. Swiftly, she did the next step which was removing charging handle and bolt, carrier group.

The next step was the most complex part of field stripping an AR-15, disassembling the bolt carrier group(BCG).?She took a breath and after that, she moved her hand.

She remembered her instructor in the space told her about this. She did as she remembered. Done. She raised her hand. The person that in charge of her approach her.

The man the in charge took a took at her job. He checked everything. Then he looked up and nodded. Meaning it was completed. Then she began to reassemble the gun again. Using the same step but the reverse order.

She was confident with her job. So, she increased the speed. The audience was stunning with what they had seen today.

Chapter 185: Shooting Competiton (Final)

"This girl keeps surprised us with her ability."

"I wonder what else she is good with."

"Yeah, I really want to know too."

The old men in the VIP tent were discussing Yu Qi. Meanwhile, the other audience also impressed with Yu Qi.

"I can't believe that this girl also knows this. How can she know everything?"

The girls burned with jealousy.

"She was beautiful too. I wonder if she already has a boyfriend."

The boys were thinking about how to become her boyfriend.

A/T: Guys, please don't. You can die quickly.

Long Hui: I'm here to guard my beloved

Yu Qi finally finished. The man came again and took the rifle to be tested. Yu Qi stretched her body and left that place. Before she leaving, she turned to see other participants. Only three of them still in the competition. One of them was Shi Man Xie.

"Yu Qi, let me worship you." One of her club members talked to her.

Yu Qi wanted to reply but Vice Captain Jung Wan Xi patted the back of that member who talked earlier very hard.

"Even you worship her, you got nothing. Just keep practice." Vice captain Jung Wang Xi said.

"Senior, it just a form of praising."

"But Yu Qi, where do you practice disassembling that rifle? I remembered that the rifle was not in our club." Captain Heng Ru Yen asked her.

Yu Qi stiffed. Of course, there was none. After all, she was practicing in her space. How could she answer this to disappear their doubt?

"I know, you naughty girl. You asked Commander Long, right?" Vice captain Jung Wan Xi smirked like an idiot man.

Yu Qi realized she could use that idea. So, she quickly said it.

"Yeah, I asked him to show me once."

"I see." Captain Heng Ru Yen accepted her answer.

Yu Qi was thanking vice captain Jung Wang Xi for helping her without he realized it.

After a few moments, Shi Man Xie finished. Shi Man Xie sighed. It was not good. He took a long time to complete it.

"Man Xie, it was okay. Just take it as a lesson."

The club members comforted him. Well, he could not stay sulking for a long time. He already backed to himself.

It was lunchtime. Captain Heng Ru Yen did not want them to have the same problem as yesterday when they had to fight for food, he asked the owner of the cafe to pack lunch for forty people instead of thirty five people in case they want to eat more.

The club members were happy with their captain's quick thinking. They could relax enjoying the food.

After lunch, it was the closing ceremony. In this ceremony, the winners of each category would be announced.

In reality, Yu Qi did not interested in knowing the winner. She already had fun in this competition. Everyone felt excited about that. And to make the closing ceremony more hit up, the organizer arranged that General Long Fei Yi would be the one to handle the prize to the winners.

"Thank you for giving cooperation in this competition. All participants really gave their best on this competition." The host gave the speech before announcing the winner.

"Without waiting for any longer, we will announce the winner for the 50m Rifle 3 Positions (Men). For best shooter is from Hanyang University, Yoo Tan Su."

They were clapping. "Yoo Tan Su leading with an average point of 9.8 and complete in one hour and five minutes."

The man named Yoo Tan Su came to the stages and received the prize. He gave him some time to give a speech. He seemed like a man that did not like to talk much. He just gave a short speech and went to his place.

The host seemed to arrange the order to announce the winner. They announced the winner for men first.

The second category which was 10m Air Rifle (Men) went to An Qin He from Hanwei University. The third category, 25m Rapid Fire Pistol (Men), the winner came from Starlight University, Zu Wei Han. Zu Wei Han did not expect him to be a winner.

He was very happy. However, even though he looked very teary, he gave a speech thanking everyone that helped him especially his club member. Then it was time to announce the winner for women. The mood suddenly went up because of the host. The audience could see that the host looked very excited.

"Okay, now we will announce the winner for women. You can see I feel very excited to announce the winner. This is the first time in history that one dominates all the categories, 50m Rifle 3 Positions, 10m Air Rifle, 25m Pistol and disassemble and assemble the gun.

I think you all knew who is she. She set the best time record completing the 50m Rifle 3 Positions only for thirty five minutes with an average shot point of 9.8. In the next categories, she scored the average point of 9.7 for 10m Air Rifle and 10 points for the 25m Pistol.

And the more shocking was in the last category, she set the best time record. Even now, I still can't believe what I was watching. Let's welcome our rising star in the shooting competition, Tang Yu Qi."

The host ended his long speech welcoming the winner. Yu Qi actually was dazed off. She really did not like this kind of event. So, she did not react much when the host called her name.

"Yu Qi, stop daydreaming. They called your name." Shi Man Xie who sat beside her patted her shoulder.

Yu Qi realized that she was dazed off. After Shi Man Xie told her to go up on stage, she just walked up.

Yu Qi went in front of General Long Fei Yi. General Long Fei Yi looked at her very sternly in purpose. Yu Qi just looked up challenged him. With her eyes, she conveyed the message that she did not scare of him.

General Long Fei Yi seemed to get the message. He handled the prize.

"Congratulations. Keep it up." General Kong Fei Yi said to her.

"Thank you." Yu Qi nodded.

Then she gave a short speech. "All thank for my club member. Because of them, I'm here. Thank you." Then she bowed and left the stage.

The host then announced the overall winner for the shooting competition. The overall winner was Hanwei University. The second winner was Hanyang University. Starlight University only came in third place.

The club members that compete in the shooting competition did not feel sad. They did the best for the competition. The third place was okay.

"Okay, let's go celebrate." Shi Man Xie suggested.

"Sorry, everyone. I have an appointment tonight." Yu Qi remembered that General Long Fei Yi wanted to see her with Feng Yue.

"Oh, where do you want to go?" Shi Man Xie wanted to find out about the appointment.

"Senior, why you want to know?" Yu Qi asked with a faint smile.

"Maybe I want to follow you." Shi Man Xie joked.

"Sure, you can follow me." Yu Qi nodded.

"Really?" Shi Man Xie asked.

"Yes, but I hope you will be okay with it."

"With what?" Shi Man Xie confused.

"With Commander Long. I'm meeting with Commander Long Hui tonight." 'Well, another version of Long Hui. I mean the older version.' Yu Qi just thought that in her mind.

"What? No No No... You can spend the time with only him then." Shi Man Xie finally gave up the idea of following Yu Qi.

They laughed. Commander Long Hui probably would kill them if they disturbed his date with Yu Qi.

Chapter 186: A Dinner With General Long Fei Yi

Yu Qi was dressed formally. She was lucky that she stored some of the clothes in the space. She was waiting for Feng Yue. She looked at the clock. It showed 7.20 pm. They did have time.

Then she heard about the knocking on her door. She thought it might Feng Yue. So, she opened the door. Unfortunately, she was wrong. it was Zhu Lao Lin and Jang Yue Yue.

"Hi, Yu Qi. Oh, you looked beautiful. You want to go somewhere?" Zhu Lao Lin scanned Yu Qi up and down.

"Yes, I'm meeting with my friend." Yu Qi answered honestly.

"Oh, I see. I was hoping that we can eat together for the last time." Zhu Lao Lin said.

"Sorry. How about we having breakfast together tomorrow?" Yu Qi suggested.

"Oh, okay then. See you later." Zhu Lao Lin and Jang Yue Yue leave.

Right ten minutes Zhu Lao Lin and Jang Yue Yue left, Feng Yue arrived.

"Let's go meet the old man." Feng Yue said.

They walked to the main gate of the main of the female hostel. When they arrived there, there was a car was waiting for them. An old man seemed to wait for our arrival.

"Young Miss Yue, Miss Yu Qi, I have already been informed to wait for you here and bring you to Master." The old man bowed.

"Grandpa Hao," Feng Yue greeted him. "Yu Qi, this is our butler aka my grandfather personal assistant." Feng Yue introduced him to Yu Qi.

"Nice to meet you, Miss Yu Qi. You call me Grandpa Hao as Young Miss Yue call me." Grandpa Hao said to Yu Qi.

"Okay, Grandpa Hao." Yu Qi smiled.

"Let's go now. Grandfather hate if someone late to his dinner." Feng Yue pulled Yu Qi's hand and entered the car.

....

Meanwhile, in the restaurant, a grandson sat facing his own grandfather. Both of them did not talk since they first sat at the table. The waitress that filled the water on their table also could feel the tense atmosphere around them.

They looked like they would kill each other if they made a single move. She could not help to wonder what had happened between these two men. Both of them looked very handsome. Should be father and son according to their features.

"Tell me, why are you want to meet me, Grandfather?" The young man talked.

The waitress stopped her step. 'Grandfather? Is this man already that old? Their genetics is very amazing.'

"Since you are here, you can spend some time with your grandfather."

'This old man knew I was here before he calls me.' The young man narrowed his eyes. The old man smiled when he saw that expression.

"Don't give me that look." The old man said.

"Humph." The young man rolled his eyes. Only a few people could have the nerve to behave like this especially his grandfather here. He was here for his plan but her grandfather suddenly called him for dinner together destroyed his own plan.

"Grandfather." A sweet voice called. "Oh, Brother Hui also here too."

Feng Yue managed to recognize the owner of the young man that sat opposite her grandfather.

Yeah, this pair grandfather and grandson were General Long Fei Yi and Long Hui. Long Hui turned to see Feng Yue. Then his eyes focused the woman behind his cousin. His cold eyes seemed turned soft when he laid his eyes down on that woman.

Yu Qi also shocked seeing Long Hui sat on that table. However, it was for a moment only. Then she maintained her expression.

"General Long, Major Long." Yu Qi greeted the two men.

General Long Fei Yu acknowledged her. "Sit."

"Major Long?" Long Hui looked at Yu Qi.

Yu Qi turned to Long Hui. She was confused. 'What?'

Feng Yue laughed. "Yu Qi, Brother Hui don't like you call Major Long."

Long Hui did not say anything but looked at Yu Qi.

Yu Qi sighed. He did not change how he behaves in front of his own grandfather.

"Brother Hui." Yu Qi called him.

"Hmm..." Long Hui smiled. His beloved called his name.

General Long Fei Yi looked at his own grandson, Long Hui. Long Hui did change his attitude toward Yu Qi. He did see once before, even seen it again, he could not believe his eyes.

"Grandfather, order the food, please. I'm hungry." Feng Yue said to her grandfather.

"Okay." General Long Fei Yi called the waitress to take their order.

"What are you want to eat tonight?" Long Hui asked Yu Qi with a sweet tone ignored the other two in front of them.

Yu Qi looked at the menu. It was a western restaurant. So, their menus were based on western cuisine.

"Hmm... Maybe seafood spaghetti and with lemon juice." Yu Qi made her choice.

"Okay. I want Sirloin Steak and also lemon juice." Long Hui made his choice.

"No wine?" Feng Yue asked.

"I'm driving." Long Hui answered.

After thinking, Feng Yue made her order. Then General Long Fei Yi made his order. Then he ordered something that made Long Hui looked at him sharply.

Chapter 187: Her Future Husband

"Do you have Schloss Vollrads Riesling Trockenbeerenauslese, wine from Rheingau, Germany?" General Long Fei Yi asked the waitress.

"Yes, we have." The waitress answered.

"Let me have some." General Long Fei Yi looked at his grandson provoked him.

Long Hui's lips were twitched. His grandfather deliberately ordered that wine before he was a fan of wines.

Feng Yue that sat beside was laughing when she watched Long Hui's face. Only her maternal grandfather could provoked Long Hui.

"You are an orphan?" General Long Fei Yi looked at Yu Qi.

"Grandfather." Feng Yue shouted. She did not expect that her grandfather would ask her friend like this.

Long Hui did not say anything but he glared at his grandfather.

"Yes." Yu Qi did not get angry. She answered that question with a calm tone. She smiled. "I think you already did a background check on mine, right?"

General Long Fei Yi looked her. She was not a normal girl. Of course, how can his grandson like a normal girl? He should an abnormal girl like her.

"Yeah." General Long Fei Yi admitted it.

"So, your conclusion?" Yu Qi still in her smile.

General Long Fei Yi did meet people that he could not read. This girl in front of him became one of them.

"I don't care about that. I just care about these two little brats." General Long Fei Yi patted Feng Yue's head.

"They are my friend. I will not hurt them." Yu Qi said.

"Yu Qi." Feng Yue was touched. But it was ended by someone.

"Friend?" Long Hui looked at her eyes as she turned to watch him.

Yu Qi swallowed her saliva. 'This man seduce me right in front of his grandfather.'

"How can I'm a friend with you?" Long Hui toned his voice.

"Brother Hui, if not a friend? Then what are your relationship, then?" Feng Yue interrupted.

"Her future husband." Long Hui answered with his straight face.

"Pfft..." Feng Yue laughed. "Brother Hui... You are...very funny."

Yu Qi already blushing. General Long Fei Yi caught her expression. 'It's decided.'

"What? I just telling you the truth. Right, my beloved?" Long Hui now winked to Yu Qi.

Yu Qi turned around. Pretending did not see him. The atmosphere was continued until the food arrived.

General Long Fei Yi drank the wine that he ordered. Long Hui strengthen his heart. He would not drink for tonight. His beloved was more important than that wine.

The dinner was very delicious added with the harmony atmosphere. Feng Yue wanted to go back.

"Yu Qi, don't be too late. Otherwise, you will spend the night outside." Feng Yue pulled her grandfather to their car.

Yu Qi wanted to call her but Long Hui pulled her hand. She could see Feng Yue waved her hand excitedly. Yu Qi turned to Long Hui.

"I will send you back after this." Long Hui flashed his smile.

'Alright, you win.' Yu Qi entered his car. Long Hui did not miss the chance to win her heart. Long Hui brought her to a park. The beautiful lights shined in the dark at the park making the park beautiful. There were some people hang out among them.

Yu Qi enjoyed looking at the lights. Long Hui was happy looking at Yu Qi that enjoyed it.

"Why are you here?" Yu Qi asked Long Hui after a long silence.

"To meet you. Actually, I arrived here this morning. I want to see you after the competition but out of sudden, that old man..."

"Hey, he is your grandfather. Call him grandfather." Yu Qi reminded him.

Long Hui followed what Yu Qi asked and called his grandfather, grandfather like a slave. Well, a future wife's slave "My grandfather calls me saying that if I'm here, let's go eat together. I'm so flustered. But it's true. It's been long since I had dinner with my grandfather."

"Great. You came. For me, Yue went to see me and saying General Long wants to see me." Yu Qi told Long Hui.

Chapter 188: A Present

"That old... I mean grandfather likes to scare people like that." Long Hui chuckled.

"I thought he was a difficult person. But he seemed to look stern outside but warm inside. Like my grandpa." Yu Qi refreshed her previous life memory.

"Yeah, Grandpa Tang also like that." Long Hui said. He thought Yu Qi was talking about Grandpa Tang.

However, Yu Qi thought about her grandfather that probably die because of poison. She wanted to find the clues but time did not allow her. She would be going to the orphanage in her semester break to meet the director. She only could hope that the director was still alive and remembered that adoption. Or someone in that orphanage that remembered her.

"Hey." Long Hui held her hand. "What are you thinking about?"

"Nothing." 'One day I would tell you.' Yu Qi just smiled at him.

"When do you going back to Starlight University?" Long Hui asked Yu Qi.

"Tomorrow. Maybe in the morning. I don't know yet the specific time. And you?"

"Also tomorrow. I wish I can get other off days."

Yu Qi laughed. A soldier in high rank wished to get the off days. It was probably hard.

"Before I forget, congratulation on winning all the female categories." Long Hui brought out some small box from his pocket.

Yu Qi looked at the box. Long Hui took Yu Qi's hand and placed the box on her palm.

"What is this?" Yu Qi could not help to ask it.

"My present on winning the competition." Long Hui smiled.

"You don't have to do this, you know."

"I know but I just want to give you something."

"Okay. Thank you."

Yu Qi accepted it. Yu Qi wanted to put it into her bag but Long Hui blocked it.

"Open it first." Long Hui said.

Yu Qi followed his order and opened the small box. It was a bracelet. It had a simple design with a single flower of sakura. Yu Qi's eyes lifted up when she saw the bracelet. She liked it very much.

Long Hui who watching Yu Qi closely could see the change in her eyes. She liked it. Long Hui felt relieved.

"You give me presents. But I give you nothing." Yu Qi sighed.

Yes, Long Hui did give her presents. But she never gave him her presents.

"Don't worry about that." Long Hui smiled. 'I will collect my present when you being my wife.'

"Oh, you can give me something." Long Hui said to her.

"What?"

"Your phone number." Long Hui casually asking her phone number.

"Okay, then." She without hesitated gave her phone number to Long Hui.

Long Hui was kind of stunned. She gave her phone number so easy.

"Who's else has your number?" Long Hui asked sharply.

"I guess my family, Yue, and my assistant." Yu Qi listed down who the one had her phone number. She did not give her phone number to her classmates yet.

Long Hui who heard that felt relieved. So, only a few people knew her phone number.

Well, Yu Qi did not mind much about her phone number. It was only a phone number. If she did not give the phone number to people she knew, what was the point of having the phone number? It would be useless.

Long Hui looked at his watch. It was getting late. His beloved had to go back otherwise she would be locked out.

"Let's go back now." Long Hui pulled Yu Qi's hand.

Long Hui became more and more casually holding Yu Qi's hand. He did it because he could feel that Yu Qi was slowly accepting him. And that was the most important part of wooing Yu Qi. That was what he taught about.

Arriving at the main gate of the female hostel at Hanwei University, Long Hui stopped the car and turned to Yu Qi.

"We have arrived, my princess." Long Hui took her hand quickly and kissed her hand.

Yu Qi who did not react to this was stunned by Long Hui's action. She pulled her hand while she was blushing red.

"Thank you." Yu Qi took off from the car.

Long Hui was laughing when he saw his beloved ran away. 'It will not take a long time, you will be mine.'

Yu Qi was walking to her room. Then she was stopped by two women.

"Miss Tang, you are back. We were waiting for you." One of the women said.

"Waiting for me? Why?" Yu Qi asked.

"Miss Tang, we are inviting the female participants in the shooting competition for the small party that we held."

Yu Qi did not like this kind of party.

"Miss Tang, everyone wants to talk to you. Maybe we might not be seeing you again after this."

They wanted to pursue her to join the party. Yu Qi gave up.

"Okay, I will be joining you."

They showed where the party been held. Yu Qi opened the room and saw the girls having fun at the party. However she entered the room, her nose picked up something. The girls were drinking the drink that prepared in the table.

She wanted to get out but the girls... Some of them were innocent. She needed to do something. Putting the acting mask on her face, she went to a group that chatting happily.

"Hi." Yu Qi greeted them.

"Owh, hi, Miss Tang." One of the girls replied to her greeting.

"We thought you will not be joining us tonight. Oh, I'm Murang Qi An from Hanwei University, Chu Wei Wei from Zhejiang University, Zhu Lao Lin and Jang Yue Yue from Hanyang University, and Jun Su Qing from Fudan University." Murang Qi An introduced herself and others.

Yu Qi remembered she was the one made trouble at the cafe on the first day she was here.

Murang Qi An watched Yu Qi stared at her, she apologized to Yu Qi. "Miss Tang, I apologize for that day. I hope you forgive me."

Chapter 189: White Powder Again

"Okay. I don't mind." Yu Qi smiled faintly. "What are you guys talking about?"

"It is a very interesting topic. Topic about the boyfriend. Well, Miss Tang, do you have a boyfriend?" Chu Wei Wei asked.

Yu Qi was coughed.

"Miss Tang must have a boyfriend if she is acting like this." Murang Qi An said.

The girls around Yu Qi sounded excited.

"It's should be. Miss Tang is beautiful and talented. Who's don't like you." Chu Wei Wei was acting like a fangirl that meeting her idol.

Because of Chu Wei Wei, all the girls in the room joined their conversation.

"What? What? What are you talking about?"

"We are talking about Miss Tang's boyfriend here."

"Oh, Miss Tang already has a boyfriend? How lucky."

"So, how are him?"

"Is he already work?"

"Who is he?"

The questions popped up with the mushroom grew after a rainy day.

"Sorry to disappoint you all. I don't have a boyfriend yet." Yu Qi ended the topic.

"Really, but I bet your standard for your boyfriend must be high." Chu Wei Wei said.

Yu Qi just smiled. 'Bo Ya, are you there?'

'Yes, Master. What is it?' Bo Ya answered her with his sweet cute voice.

'Pay attention to our surroundings. Tell me if you noticed something.'

'Okay, Master.'

The girls were still talking about the boyfriend's topic. Yu Qi watched everyone.

'Master, I saw someone put something in everyone's drink. Don't drink it.'

Murang Qi An brought the drink and served them. "Here, drink something. It is a party after all."

Murang Qi An wore a smile in the face.

"Stop!" Yu Qi laid her eyes on Murang Qi An with her cold eyes.

Murang Qi An was frozen when she saw Yu Qi was watching her with that eyes. She did remember Yu Qi when she wanted to make trouble for Yu Qi.

"And two of you. Stop." Yu Qi pointed to the two girls that invited her into this room.

They wanted to leave also stopped their steps.

"Come here." Yu Qi called the two of them.

Under Yu Qi's gaze, the two of them approached Yu Qi.

"Yu Qi, what's going on?" Zhu Lao Lin asked Yu Qi.

"I also like to ask them." Yu Qi answered Zhu Lao Lin's question and turned to the two girls again. "Give it to me."

"Give what?" One of the two girls wanted to play innocent.

"Stop acting dumb. I'm sure you know about it." Yu Qi gave a cold smile. "Well, if you have to play hard, I can make it happen. And to tell you, I'm a martial art practicer." Yu Qi made a crack sound with her hand.

One of two girls could not hold the pressure anymore. "Here. This is the thing. Please don't hit me." That girl brought out a small plastic that contained white powder.

Yu Qi took and smelled it. 'It is the drug. The same thing inside my bag, last two days.'

All the girls looked Yu Qi. They were wondering what was inside the plastic. Zhu Lao Lin asked with curiosity.

"Yu Qi, what is that?"

"It's a drug. A drug that can make a normal person feel delusional if you been feed with a certain amount. You will feel like you are in heaven. You will not realize what happens around you. It was added in the drink over there." Yu Qi explained with a clear voice so that everyone could hear her explanation while her hand pointed to the drink that placed in the table. It also the same drink that Murong Qi An was about to give them.

Everyone was shocked by hearing what she just said. They had been drinking that drink since the party started. Murang Qi An served them with that drink when she saw someone with the empty glass.

"Murong Qi An, what is this all about?" Jang Yue Yue asked in the angry tone.

"Yeah, we had been asked by Murang Qi An about this." The two girls started to blame Murang Qi An.

"Shut up." Yu Qi glared at the two of them.

Yu Qi brought out the phone and talked to the receiver at the end. "You hear that situation. Please help me call the police. We have a drug case here. Maybe even more." Yu Qi was eyeing Murang Qi An who watching her in fear.

"Okay."

She did not end the call.

"Yu Qi, who do you call?" Zhu Lao Lin asked.

"Well, my friend." Yu Qi did not tell her who was it.

"Murang Qi An, tell me. What are you planning to do?" Yu Qi asked Murang Qi An with her cold tone.

Murang Qi An was trembling. She was looking at Yu Qi like Yu Qi was from the hell that wanted to take her.

"I...I... I just follow... someone's order. It's not my plan." Murang Qi An was still trembling.

"How about you two?"

"We... also follow someone's order too."

"Then, tell me, where do you get this thing and from who?" Yu Qi now directed the question to three of them while showing that plastic.

"We took it under the shoes outside our room with a note. We were given the order to put that thing in the female participants' drink in the shooting competition where Murang Qi An held the party, that all." One of the two girls said.

Chapter 190: Been Forced To

"So, because of one notes, you just follow them?" Zhu Lao Lin felt ridiculous when she heard that girl's explanation.

"I don't have any choice, my brother is in their hand." One of two girls cried.

"My mother also in their hand." Another girl cried.

"This is not the first time?" Yu Qi inquired.

"Yes. This is the third time." The girl told Yu Qi.

"Meaning you did to another girl as well." Yu Qi seemed to talk with a stern tone. She was holding her anger.

"Yes."

Yu Qi's aura changed. "Tell me, is girls had been reported missing?"

The two girls were scared with Yu Qi now. Yu Qi looked like she wanted to kill someone.

"Yes." The girl answered in trembling.

The police siren could be heard from outside.

Zhu Lao Lin said to all of them. "We will lead the police here. Let's go, Yue Yue."

Zhu Lao Lin together with Jang Yue Yue exited the room to call the police here.

"No. No. Don't send me to the police. I already said I don't have a choice. My brother with them. They could kill him." The girl cried.

"Your brother's life is precious. Your mother's life is precious. Then what's about us? What about the girls that you did before?" Chu Wei Wei asked them in angry. "What's a joke. And you." She turned to Murang Qi An. "You really opened my eyes today. You should not be here studying. You should become an actress since you really know how to act. I bet you would win an award for this."

Murang Qi An already paled. She was scared. She did it twice and got the awesome payments for this job. But now what's going to happen to her?

"Miss Tang, how do you know about this drug?" Chu Wei Wei was now turned to Yu Qi.

"I'm studied in medical, become a doctor. So I do have knowledge about this."

"Then, how do you know they hold the drug, not Murang Qi An?"

"Since I entered this room, my nose picked up the faint of the drug smell. My nose is a bit sensitive. I did not smell the drug on the two girls when they invited me inside but when they want to leave, I can smell the drug from them." Yu Qi told him.

"Yu Qi, the police is here." Zhu Lao Lin appeared behind the door with the police.

A bulky look man was stepped in. From his appearance, he looked like a mafia dressed in the police uniform.

"I'm Zhou Hong. I already heard the situation from Major Long over there." He pointed to the man with the cold face.

Other girls took a look at that man. Even without a smile, that man looked stunning. They would like this man to their boyfriend. However, they were bounded to be disappointed later.

"Sir Zhou Hong, here is the drug. These three girls are the culprits here but according to them, they were forced to do so. Please investigate this matter properly." Yu Qi was talked to the policeman like she was their boss.

"Yeah, Thank you for your cooperation." Sir Zhou Hong was very amazed by this girl. "Take the three girls to the police station." He gave the order to his subordinates.

"I would like all of you to come to our police station tomorrow morning for your statement. We also want to check your body since you consumed some of this drug." Sir Zhou Hong said to other girls.

The girls nodded. They also worried because they consumed the drug.

Normally when the case occurred in the university, the police had to ask permission from the university to enter the university ground to arrest the people. But the case that involves the drug would be different. The police could direct arrest that person without the university's permission.

Yu Qi just saw the three girls been escorted by the police with their hand had been handcuffed with a cold eye. Long Hui approached Yu Qi.

"Luckily for you. You have my number." Long Hui smiled making all the girls in the room screamed inward.

"However, I'm more interested in your normal call. Call me soon. I'm leaving." Long Hui made an attack. With his speed, he pulled and kissed Yu Qi's hand. He left just like that.

Yu Qi still stunned. 'That man seduced me again.' She sighed. It was late and she was tired.

"Girls, I'm tired. So I will take my leave. Bye." Without waiting for their answer, she left the room and went to her room.

She took a shower, put the clean pajama and entered her space.

"Master." Her two little cuties greeted her.

"Bo Ya, thank you for tonight." Yu Qi thanked Bo Ya.

"It's nothing." Bo Ya smiled.

"I want to sleep first. Wake me up for the next 6 hours." Yu Qi really wanted to sleep because many things happened today.

"Okay, Master." Bo Ya answered.

"Goodnight, Master," Aoi said to Yu Qi.

Yu Qi went to the pavilion, where she usually slept.
