### Chapter 191: Let Police Do Their Job

"Master, Master, wake up. It's time." Using his small hand, Bo Ya patted his master's cheek very lightly.

"Master." Aoi also waking his master up.

Yu Qi opened her eyes lazily. She yawned. It was a good sleep. Nowadays, she felt sleeping in her sleep was much secure compared to the outside world. In the space, only the two little cuties around. So, she would not be in danger anymore.

"Did master slept well?" Bo Ya asked.

"Well, I feel good." Yu Qi entered the pavilion to refresh herself.

Spending six hours in the space means three hours had passed for the outside world. Assuming the time, it was three a.m in the morning. She got another three hours extra. Having this cheat really helped her saving her time.

"Bo Ya, Aoi, are you hungry?" Yu Qi asked her two cuties.

"Yes." Bo Ya and Aoi in complete harmony said 'yes'.

"Want me to cook?" Yu Qi asked again.

"Yes." Once again, they answered it.

Bo Ya and Aoi were a foodie. Their eyes were lifted up when they heard their master wanted to cook for them. Their master was a good cook. They wondered what kind of food their master would be cooking for today.

"Bo Ya, the beef I leave that day still in the refrigerator?" Yu Qi asked.

"Yes." Bo Ya went and opened the refrigerator.

Bo Ya took out the beef and gave it to Yu Qi. Yu Qi took beef and thought about what she wanted to cook for her cuties. 'Oh, I think I know what's to cook for those two.'

"Bo Ya, Aoi, go get me some carrot, spring onion, and daikon." Yu Qi ordered them.

Hearing her order, Bo Ya and Aoi, rushed to the garden to collect the ingredients that Yu Qi mentioned.

Yu Qi prepared to cook Chinese Beef Stew with Daikon and Carrot. Ten minutes later, Aoi and Bo Ya came back with the things that Yu Qi asked for. She prepared the ingredients and started to cook. Her two cuties just standing beside her and looked at her while she was cooking.

"Okay. It's done." Yu Qi set off the fire.

Yu Qi took the pot on to the table behind her. Her two little cuties already set themselves waiting for the food to be served. Yu Qi gave them a portion. They quickly eat them. Yu Qi support the face with her hand and looked at them while they were eating.

"Master, you don't eat?" Bo Ya realized his master did not eat together with them.

"Oh, I forget. I will eat now." Yu Qi started to eat.

Those two little cuties ate four to five portions each of them. Luckily, Yu Qi cooked a lot. She knew her little cuties would not eat only one portion.

"Master, thank you for the food. It is very delicious." Aoi thanked Yu Qi for the food.

"Yeah, Master. Thank you. I hope Master will cook for us again." Bo Ya said.

"Don't worry. If I have time, I will cook for you, okay." Yu Qi smiled.

Yu Qi selected to take a rest from her routine. She walked to the garden, eating the fruit and laid down at the pavilion faced the beautiful lake. What a day.

Three hours passed. Yu Qi went out of her space and started to pack her belongings. She was going to go back to Starlight University together with her club members.

Yu Qi opened the door and looked to Zhu Lao Lin who about to knock on her door. Jang Yue Yue was together with her. Guess, Jang Yue Yue could not be separate from Zhu Lao Lin.

"Yu Qi, we come to collect the promise." Zhu Lao Lin said with her big smile.

'Promise? What's the promise? Oh, having breakfast together.' Yu Qi nodded.

"Okay, let's go." Yu Qi locked her door.

They went to the cafe. Some of the girls at the party yesterday also having their breakfast. When the girls saw Yu Qi, Zhu Lao Lin, and Jang Yue Yue, they called for breakfast together. Yu Qi and the two other girls accepted their invitation.

"Thank you, Miss Tang, for your quick action. If not, we will not know where we will be ended like the other three girls before." Chu Wei Wei said expressing her gratitude.

"Me too. Thank you, Miss Tang. We owned you."

The girls were now expressing their gratitude to Yu Qi. Yu Qi felt trouble when she saw things like this.

"Girls, don't say you owned me." Yu Qi stopped them. "I just do what I think is right. That's all."

"I wonder who is the true mastermind?" Zhu Lao Lin said after took a bite of her sandwich.

"They said they were been forced by someone. That person even kidnapped their beloved person to force them to complete the work." Chu Mei Mei also wondered about that.

"Just let the police do the work. We just can help them by giving them the statement." Yu Qi said.

## **Chapter 192: Date**

"Hope our statement will help them find the true mastermind." Zhu Lao Lin said.

"Ho ho ho... Enough with that topic." Chu Wei Wei giggled. "Miss Tang, who was that handsome man yesterday?"

"Yeah. He was so handsome."

"He kissed your hand."

"I also want someone that hot to kiss me too."

Yu Qi already could predict they would be talking about this topic since they met Long Hui yesterday. She was lucky that it was already late but now she could not escape.

"He is my friend." Yu Qi gave them a simple explanation.

"Meaning that guy still pursuing our Miss Tang here." Chu Wei Wei made her own conclusion. "That guy should try harder."

They laughed. Even though they were flustered that guy was very handsome but they thought Yu Qi was also a beautiful woman. Two of them looked perfectly matched with each other.

....

The police station was about 5 kilometers from Hanwei University. The person of Hanwei University came to pick up them to bring them to the police station. Hanwei University also gave to give its cooperation in handling this case since the fake culprits were their students.

The girls also being brought to the hospital for their medical check-up. The police wanted to know their condition. If the remaining drug could be forced out from the body, they must do it.

Fortunately, all of the girls in stable condition since they only consumed a little bit of the drug. Who could predict what would happen to them if they keep drinking that drink all night long? Maybe they would be a victim and missing person to the world.

Yu Qi had the longest time answering the police's question compared to others. It was because she was the one that noticed the drug. She simply telling them that she studied medicine and have some knowledge about the drug since some drugs also been used as medicine.

The fake culprits would be in the police's hand until the notice is given. Yu Qi just hoped that the police would be able to find the true mastermind. However, she did not pity the fake culprits. They had other options to make but they used the method that only sacrificed others.

They finished their matter at the police station. When Yu Qi stepped out from the police station, she saw someone was waiting for her. His appearance made the girls behind Yu Qi giggled.

"Prince Charming is waiting for you, Miss Tang. Go." Chu Wei Wei pushed Yu Qi a little bit.

They encouraged Yu Qi to go to her prince charming. Well, of course, Yu Qi's prince charming was Long Hui. Long Hui was leaned to his car made he looked sexy when he positioned.

Yu Qi approached Long Hui. Realized her beloved approaching him, he straightened his body.

"What are you doing here?" Yu Qi asked.

"Seeing you." Long Hui answered with a smile.

"I want to bring you to someplace. Hop in." Long Hui opened the door of his car.

Yu Qi knew Long Hui did not bring her to the weird place. Trusting her judgment of Long Hui, she entered his car. Long Hui entered the driver seat and driver the car.

"I thought you already go back to the military camp." Yu Qi started the conversation.

"I will go back this evening." Long Hui said.

"Owh, I see. Where are you take me to?"

"You will see it when we arrive there. I'm sure you will love it."

Long Hui drive for about one hour. Long Hui stopped his car. Yu Qi looked around. She saw the signboard state, 'Herbs Garden.' Yu Qi looked at Long Hui.

"How do you know about this place?"

Considering Long Hui as a soldier, he would not have time to know about this.

Long Hui smiled. "I heard from someone about this place."

It was a lie. He knew about this place because he searched about places like this. Since his beloved loved places with this, she would be happy when they having a date at places like this.

Yu Qi accepted Long Hui's answer. She did not know Long Hui spend time researching about this place.

"Let's go enter." Long Hui pulled Yu Qi's hand.

It was a weekday. So, there were not many people in the herbs garden.

The staff came and greeted them. "Welcome to Herbs Garden. It's two people?" The staff wanted to confirm.

"Yes." Long Hui answered.

"You need to pay this amount for two people." The staff explained to them.

"Okay." Without any question, Long Hui paid the fee.

Yu Qi's eyes already looking around. Long Hui chuckled when saw his beloved acting like this. Yu Qi turned to Long Hui and saw the look that he gave to her. It was a pampering look. Yu Qi instantly blushed. When Long Hui looked that blush, he really happy.

"Honorable guest here we have some activity that you might interest with. Here, take a look at this pamphlet." The staff handed in the pamphlet.

Yu Qi took and looked at it. She looked at the list activity provided by this place. Yu Qi found an activity that looked interesting to her.

"Found what you like?" Long Hui asked because Yu Qi suddenly looked very excited.

"Yes." Yu Qi answered.

"What is it?"

"Here, look." Yu Qi showed to Long Hui.

Long Hui looked at the Yu Qi pointed to. 'Cooking with medicine.' Long Hui chuckled. Yeah, her beloved liked something abnormal.

"Can we participate in this?" Yu Qi asked.

Long Hui watched Yu Qi right now looking like a puppy waiting for her owner to give her permission to do what she wanted to do.

"Okay." Long Hui admitted he could not say no to his beloved when she looked at him like that.

Yu Qi felt happy that Long Hui gave way to her request. Yu Qi wanted to go to the place that held the activity. However, Long Hui stopped her. Long Hui took her hand and walked.

### **Chapter 193: Cook For Him**

They arrived at the place that held the activity. Most of them here were old men and women. Long Hu and Yu Qi were the only young couple here. The old men and women looked at the young couple.

"Oh, young married couple."

"It is unusual to have a young couple here."

"Boy, you are luckily having a wife like her. She is beautiful."

"Hey, the girl should feel luckily having a husband like him."

The old men and women praised the young couple. Long Hui was smiling when he heard that the old men and women thought they were a married couple. Yu Qi in another way was very embarrassed hearing the old men and women said they married. She was blushing.

"Oh, girl, you are blushing." The old woman said after seeing Yu Qi blushed in red.

"She was shy since we are newlywed." Long Hui made a lie.

Hearing this, Yu Qi hit Long Hui's chest. However, Long Hui only smiled at her. Yu Qi pouted.

"What? Are you angry because it is a lie? Don't worry. I will make it come true." Long Hui whispered to Yu Qi.

Yu Qi was shocked when she heard that. Long Hui smiled made her standing like she was bewitched by that smile. Until Long Hui caressed her face.

The cooking activity was started. The instructor told them, they could choose whatever in the recipe book given by the Herbs Garden. Yu Qi decided to cook the chinese herbal chicken soup.

Actually Yu Qi wanted to participate in this activity because she wanted to cook something for Long Hui. She did not want a normal cook. Because she was familiar with the herbs, this might help her to cook something different for Long Hui. Yu Qi asked Long Hui to wait. Long Hui wanted to help her but she refused and said she wanted to cook something to her.

Yu Qi selected the herbs that you wanted to cook inside her soup. She chooses chinese wild yam, codonopsis root, red dates, solomon seal, goji berries, dried longan, astragalus. Each of them had a different benefit to the body.

The instructor came and looked at the herbs that Yu Qi choose. She asked Yu Qi about why did she choose those herbs.

"I choose goji berries because it benefits the liver which manifests in improving eyesight especially if caused by malnutrition, vessel expansion, and inflammation. For the astragalus, it can strengthen the inner energy of the body by boosting the immune system, increasing the energy level and building up the resistance particularly when your immune system has been lowered by overworking and stress. As for the red dates, it can slow down the growth of cancer cells. It also can protect the liver, inhibit cell mutation and improve the strength of the muscles. Dried longan can..."

"Okay. Enough. You did know about the herbs." The instructor stopped Yu Qi when she wanted to explain more.

"Yes. I'm studied about herbs." Yu Qi explained to the instructor.

"Oh, I see. So, do you have a master?" The instructor asked.

"Yeah. It's Tang Jiang Man."

"What?" The instructor was shocked when she hearing the name.

"Huh? My master is Tang Jiang Man." Yu Qi really confused about why the instructor was acting like this.

"Master Tang Jiang Man is well known in this herbs industry. I opened this place because of his support. I did not know he took a student." The instructor told Yu Qi.

"Master took me as his disciple about two and a half years ago." Yu Qi said.

"I see. No wonder you have knowledge about the herbs." The instructor nodded several times.

"Well, sir, may I know your name? Perhaps?"

"Owh, sure. My name is?Mu Hong." Mu Hong told Yu Qi his name. "Okay, okay. You can start cooking now. Your husband is waiting anyway." Mu Hong stepped away from her table.

Hearing that sentence, Yu Qi was blushing. Those people still thought she and Long Hui were a married couple. Putting the embarrassing moment, Yu Qi started to work her soup. Like the skilled cook, she prepared the ingredients needed for the soup faster she could. Even the old women around her were shocking her speed.

"This girl really knows her way in the kitchen."

"What's a bless getting married to this kind of girl."

"If she did not get married yet, I would like to introduce her to my grandson."

The last sentence heard by Long Hui. His mood became bad. The temperature around him drop. Seemed he needed to keep acting to prevent his beloved from getting snatched by someone.

"You. Do you think she would choose your grandson if she gets someone like him as her boyfriend? Stop dreaming."

The sentence cold down her bad mood. Yeah, that's right. She did not blind. She would choose him after all. Long Hui keeps battling inside his mind.

#### **Chapter 194: The Woo Was....**

After one hour, Yu Qi's soup ready to serve. Scoop a bowl of the soup, she brought them to Long Hui. Placing the bowl in front of Long Hui, she made a gesture wanted Long Hui to taste her soup. Long Hui took the spoon and taste the soup. It was very delicious. His beloved really knew how to cook. Yu Qi looked at Long Hui waiting for him to say something about her soup.

"Hmm... Delicious!" Long Hui said it.

Automatically, Yu Qi's lips curved into a smile. Thank goodness, Long Hui liked it. She went back to the pot and took another two bowl of soup saving it for later.

"Everyone, you can try my soup here." Yu Qi invited the old men and women here to taste her soup.

The old men and women went to her and took a chance to eat her soup. Yu Qi served all of them. Lucky the soup was enough to everyone.

Yu Qi brought another two bowl to Long Hui. She pushed a bowl to Long Hui again and took another one to her. Without asking anything, Long Hui took the bowl and ate her soup again.

After that, they took a walk around the garden. Yu Qi once again had an exciting face that she had before during her date when Long Hui brought her to the place like this. Yu Qi explained the effects of the herbs that she showed Long Hui. Long Hui just heard like she was singing a song to him. Sometimes he asked about the herbs himself. Yu Qi as his guide explained everything.

Long Hui from the walk started, Long Hui did not let go of Yu Qi's hand even for a moment. He keeps holding Yu Qi's hand. Yu Qi did not mind at all like it was a normal thing to her.

Yu Qi looked at the time. The time for her to return was near. She needed to go back to Hanwei University. Her club members must be waiting for her right now.

"Brother Hui, we need to go now." Yu Qi told Long Hui.

Long Hui actually forgot about that. He frowned. Why time always fast when he with his beloved? Long Hui sighed. His beloved needed to go back already.

"Okay. Come. Let's go." Long Hui said.

Yu Qi could sense a hint of frustration in his tone. She giggled in her heart. They were driving back to Hanwei University. Yu Qi realized that Long Hui drive a little bit slower than usual.

After one and a half hours driving, it was supposed to be one hours drive only, they arrived at the main gate of the female hostel. Actually, Long Hui wanted to make a surprise attack to Yu Qi but this happened.

"Brother Hui, I want to tell you something." Yu Qi sounded and looked very serious, turned her body facing Long Hui.

Long Hui felt tense. 'What is she wants to do? Is she wants to tell me that she does not want to meet me anymore? That was not happening, right?'

Yu Qi wanted to laugh when saw Long Hui was acting like this. Is he prepared to die?

"Brother Hui, listen well. I will be going to tell you once only." Yu Qi said with a serious face.

Long Hui was waiting. It was rare that his beloved acting like this. 'Hurry up.' 'Don't leave me.' There was a lot of thought was running in his mind. It was a cracking nerve.

"Brother Hui, I love you." Yu Qi confessed in one breath.

Looking Long Hui still in a dazed state, Yu Qi made an attack. She kissed him in the lip. It was only a slight touch. Then she ran out of his vehicle.

Long Hui was shocked. His beloved confessed to him. She confessed to him. His beloved told him that she loves him. She loves him. Yeah!!! The woo was a success.

### **Chapter 195: She Learned Something From Him**

Yu Qi was running faster in her room. Grabbing her beg that she already packed with and go to the place that her club member told to. When she arrived there, she could see four of them already waiting for her.

"Captain, sorry. I'm late." Yu Qi apologized first.

"It's okay. You are with Commander Long." Captain Heng Tu Yen accepted her apology. " We heard about yesterday's case. Are you okay?"

"Yeah, captain. Don't worry. I did not drink yesterday." Yu Qi told them.

"Drug... Human trafficking... Hanwei University is way too dangerous. I think its management will block the news about this case." Zu Wei Han said.

"They can block the news but they can't block people talking about. Since all of the universities involved, it is bounded to be a talk." Shi Man Xie told his opinion.

"Okay, guys. It's time to go." Captain Heng Ru Yen ended the topic and said them to enter the van that waiting for them to go back to Starlight University.

"Yu Qi, so, what are you doing with Commander Long before coming here, hmm?" Shi Man Xie was asking Yu Qi after the van started the engine and moved.

Yu Qi already forgot about Long Hui. When Shi Man Xie asked again about Long Hui, reminded what she had done to Long Hui, her face instantly changed its color.

Shi Man Xie saw her face changing her color became excited.

"Yu Qi, you are very bold." Shi Man Xie made a comment.

"Senior, it is not something that you think. I'm not perverted like you, okay." Yu Qi glared to Shi Man Xie.

"But you are blushing."

"Senior, if you want to get hit, just tell me so. I can do it for you for free." Yu Qi threatens Shi Man Xie.

Shi Man Xie gulped his saliva. Yu Qi, this girl was a martial art practitioner. She was very good. He thought if Yu Qi hit him, he might end up in the hospital.

Yu Qi was smiling while glaring at Shi Man Xie.

"No... No... No... Junior, have mercy for me, okay." Shi Man Xie begged Yu Qi.

"Okay. So, let's stop about Commander Long, okay." Yu Qi said.

"Stupid." Zu Wei Han said.

"Shut up." Shi Man Xie glared to Zu Wei Han.

Yu Qi went silent. She looked at the outside van. She wondered what had happened to Long Hui after received her confession.

Long Hui still did not move after received Yu Qi's confession frozen. He actually could not believe this. Yu Qi confessed that she loved him too. Long Hui pinched her leg. He could feel hurt from the pinching. It was real.

His beloved confessed to him. She loved him too. And the kiss, his hand touched the part of his face that been kissed by his beloved. His beloved sure learned something from him. Sneaking attack. Do the sneak attack and retreat before the enemy caught you. Long Hui lashed the smile.

"My beloved, just wait until I completely catch you. Let see whether you can run or not." Long Hui spoke before he started the engine and drive away.

Yu Qi at the moment felt a sudden cold. She felt something bad would happen to her. She had to be careful then.

Me: Your Long Hui planned to catch you.

Long Hui: He he he...

...

The news about the shooting competition was spread to Starlight University. The management was proud of them. Even though it was in third place overall but five of the categories belonged to the participant from Starlight University.

Students were talking about Yu Qi that won first place in all the categories that she entered. The shooting club held their head high felt proud to their club member, Yu Qi. Even though we felt a little bit shy because she was a woman but she also their club members. Her glory was also the club's glory.

Yu Qi currently sleeping inside her room with Aoi. When she woke up, it was already night. She was hungry. Refresh herself, she changed her clothes.

Sensing his master wanted to go outside, Aoi was already waiting for her at the door. He spent his master during these two days inside the space. He missed walking outside.

"Let's go, Aoi. I'm hungry." Yu Qi opened her door.

"Me too," Aoi answered.

Yu Qi decided to buy and eat the food inside her room. From her experience here, the cafe was the place where she got disturbed by someone. She did not want that to happen now.

Lucky to her, the cafe was not crowded with the students. Today, she wanted to eat hot pot noodles. She brought some seafood hot pot noodles for three. One for her, one for Aoi and another one for Bo Ya. She brought some juices to three of them.

Thank goodness. She did not encounter someone that wanted to talk to her. She returned to her room and entered the space to eat together with Aoi and Bo Ya.

### **Chapter 196: Just Hide Everything About Me**

Three weeks after the shooting competition, the days went back to normal for Yu Qi. Going to her classes and club activities. The first week after shooting competition totally chaos to Yu Qi. The management wanted to do a party for her winning the female categories. Not to mention the students wanted to see her like she was some kind of idol.

The second weeks, there were some magazines wanted to do some interview about her. Okay, she accepted. But one of the magazines wanted to do a close interview about her life. No way she would accept that.

Yu Qi went to her class. It was her final class for this semester. One week was for study week and it was the final exam. She was confident that she can score in the final.

"Our star already arrived." Mei Lilli announced.

"Guys, just stop already." Yu Qi sighed.

Her classmates only laughed. It became their routine to tease Yu Qi. The class started when the lecturer came in. They paid attention to the class. Two hours lecture ended with a quiz from the lecturer.

Yu Qi wanted to have lunch. So she asked them to join her. They did not go to the normal cafe. But to the other cafe where the lecturer tends to go. Its price was a little bit expensive but the food was very delicious. So everyone did not complain.

They choose their food and sat at the table. However, when they wanted to eat, the door of the cafe opened and three women entered. That women were Fung Meng Xuan, Yi Ren Shiang, and Yu Su Rang. Yeah, enemies always meet at the narrow path.

Three of them frowned when they looked at Yu Qi. Yu Qi just glanced to them and did not say anything. She started eating followed by her classmates.

This was the first they met since the incident at the restaurant where Yu Qi berated them. Yi Su Rang wanted to confront Yu Qi but Fung Meng Xuan held her.

"Meng Xuan, let me go. Let me handle that slut." Yi Su Rang tried to pull her hand.

"Su Rang, behave. Do you want to get embarrassed again? Moreover, there are some lecturers eating here too. They will look at you." Fung Meng Xuan whispered while her eyes were looking around.

"Meng Xuan is right. Su Rang, control yourself." Yi Ren Shiang nodded agreeing on what Fung Meng Xuan said just now.

Yeah, there were some lecturers eating their lunch right now. They could not face Yu Qi here. So, three of them quietly brought their lunch and eat them. When they passed Yu Qi's table, Yi Su Rang glared angrily at Yu Qi. They sat at the table far away from Yu Qi.

When Yu Qi looked at them, she just sneered. This little girl wanted to challenge her again. Did Yi Su Rang want to feel the power of her words again? She did not mind though.

"Hey, Yu Qi did you see that girl glare to you?" So Pang Lim asked Yu Qi.

"Just don't mind her. Just glare if she wants to. That was her eyes. Not mine." Yu Qi said sarcastically.

"Yeah. Even I feel tired of dealing with them." Mei Lilli asked.

"Enough with them. Let's talk about our final exam." Ding Na An ended the meaningless topic and talked about the final exam.

Meanwhile in Fung Meng Xuan's table

"Meng Xuan, I hate her acting like that. Like we are commoner while she is a queen. Who she think she is? She is just a slut." Yi Su Rang felt angry when she looked at Yu Qi who watching them with any different.

"Just be patient. Let her feel famous. Everyone has their weakness." Fung Meng Xuan said with a smile.

...

Yu Qi was sitting down at the table inside the restaurant where she always had a meeting with Su Yu Hi. The person that she had waited still did not arrive yet. She ordered some tea because she did not a fan of coffee.

Ten minutes later, the person that she waited had arrived. That person sat and ordered some coffee.

"The car broke down just now. So, I settle it first. Sorry." Su Yu Hi explained and apologized for being late for their monthly meeting.

"It's okay." Yu Qi nodded.

A problem like that could occur when we really wanted to hurry. The waitress delivered the tea and the coffee for their table.

"Then, let's begin." Yu Qi said after Su Yu Hi drink his coffee.

Like the previous meeting, Su Yu Hi reported what had happened for her business. Yu Qi took notes of them. Sometimes she gave the ideas to solve the problems.

"Owh, I have something to report to you." Su Yu Hi suddenly said.

"What?"

"Everyone wanted to know the person behind YQ investment. What do you want to do?"

"No, I don't want to get exposed. Just hide everything about me." Yu Qi ordered.

"Okay." Su Yu Hi agreed.

Get exposed when Yu Qi was still very younger would not be good news. Veterans tended to look down at the young. Mostly they would try to scheme for her falling. Su Yu Hi and Yu Qi thought they must avoid that at all costs.

### **Chapter 197: New Poison**

The final exam for the semester was over. Students started to pack for their semester break. Yu Qi also packed her belonging. But the destination was not FINN City or Shiwa Town. She wanted to go to Sun City.

Sun City was where Wang Family was lived before they moved over to Shiwa Town due to the change of Mr. Wang's job. The place that she wanted to go to was Harmony Orphanage. In her past life, her real grandfather got the information from the Madam Wang about where she took Yu Qi from.

Yu Qi only heard about the name of the orphanage. How she ended there, her grandfather did not tell her. So, she had to go to find out about that herself.

"Aoi, we need to go to Sun City." Yu Qi told Aoi.

"Eh, we don't need to go to Grandpa Tang's house?" Aoi asked.

"We will go after we finish our business at Sun City." Yu Qi answered.

"So, do I need to enter the space?"

"No need. I just bring you along with me. However, stand by my side. Don't run away even the food inviting you." Yu Qi gave a warning to Aoi.

"Yes, master. Don't worry." Aoi gave assurance to Yu Qi.

She just brought one backpack. She waited for the bus.

Her classmate, Yun Xiao walked to the same bus stop.

"Yu Qi, you don't call your family to pick up you?" Yun Xiao said.

He thought since Yu Qi was an heiress from Tang Family, there was no need for her to wait for the bus. She could just call her family so her family just asked their driver to pick up her.

"No. I have to go somewhere else." Yu Qi told him.

Yu Qi picked up Aoi when she saw the bus was coming over. She needed to ride this bus to the bus station before changing to another bus that would be going to Sun City. Because of the semester break, the bus was packed with the students that would be going home as well.

Yu Qi managed to secure one place. Putting her backpack below, she placed Aoi on her lap. Aoi realized he had to behave on the bus, so he just laid down on his master's lap.

The ride to the bus station was about a half-hour. Reaching the bus station, Yu Qi searched for the bus that would be going to Sun City. She found one but she was facing some problem. The bus did not allow Yu Qi to board with Aoi.

'My dear Aoi, you need to go inside the space. The animal was not allowed to enter the bus.'

'Okay, Master.' Aoi without asking many things agreed with Yu Qi.

'Let's go to the toilet.' Yu Qi picked up Aoi.

They went to the toilet nearby. Locking the toilet door, she entered the space with a blink of eyes.

"When we arrived at Sun City, I will bring you out again, okay?" Yu Qi made a promise.

"Okay, master. You, just be careful." Aoi's turn to talk.

"Okay. I'm going now."

Yu Qi got out of the space and went to the bus. The driver allowed Yu Qi to enter. Yu Qi took a seat beside the window and put the backpack down at her feet.

Fifteen minutes later, the bus started to move. Sitting down beside Yu Qi was a man. Yu Qi did not pay any attention to him.

She took a sunglass and headphone and wore them. However, she did not turn on the music. It was just for a show. Showing she did not want to talk to others.

After a half-hour, the man started to act weird. He turned to look at Yu Qi many times. Like he was confirming Yu Qi was sleep or not. Yu Qi did not move at all, waiting for his further action.

The man slowly reached Yu Qi's bag at her feet. When he managed to grab Yu Qi's bag, Yu Qi's hand grabbed his hand.

"What are you trying to do?" Yu Qi added some pressure when she grabbed the man's hand.

"Ouch, ouch, ouch." The man screamed in pain.

The passengers around them started to look at them.

"What are you try to do just now?" Yu Qi asked in icily voice.

"I...I..." The man did not manage to give an answer.

The man was very scared right now. The girl beside him was not a normal girl. He could feel that she could kill him instantly. He could feel the girl was watching him like a snake was eyeing its prey through the sunglass that she wore.

The standby driver bus went to Yu Qi's seat to inquire what had just happened that made the man screamed in pain.

"Miss, what's happening?" The standby driver asked Yu Qi.

"He was grabbing my backpack out of the sudden. What do you think he tries to do then?" Yu Qi threw back the question to the standby driver.

The standby driver turned to the man right now. "You again. How many time have you done again?" The standby driver managed to recognize the man.

Seemed the man did this crime many times and successfully escaped. Yu Qi brought out a small bottle and pour the liquid on her hand. Then she touched the man's hand.

### **Chapter 198: Human Tester**

The man's hand instantly became red. He could feel like something was beneath his skin. He was not comfortable.

"What are you doing to me?" The man asked in a terrified voice. He knew Yu Qi's doing. The reason he could feel the pain.

"Oh, it is my poison. If you want the antidote, turn yourself to the police." Yu Qi smiled at him.

Everyone around that heard about her were pretty shocked. What the hell with this girl? She carried the poison like her normal medicine. And the antidote, is this true?

The man was paled when hearing Yu Qi mentioned about poison. 'Is this not true, right?' He decided not to believe this girl in front of him. 'This is just coincident. Something bit him.'

Yu Qi could guess what was this man thinking. She had given him a chance but he did not appreciate her kindness. Well, he could be her human tester.

Yu Qi created this poison right after the 'silent kill' poison but the effect of this poison was not very good. However, she managed to manipulate the effect of the poison into maximum after using the drug that she got from the drug that someone left inside her bag.

The man already sat at a different seat. The feeling that he had before became more and weirder. He felt something was moving around the red area that the girl touched before. Then he felt the red area was itching. He started to scratch the red area, The more he scratched, the more he felt something moved beneath his skin.

After the incident, Yu Qi could get her eyes to rest. Even though she looked like she was sleeping, but her ears were functioning very well. She could not afford to sleep in a place like this. She thought it was very dangerous.

Three hours sitting the bus making Yu Qi felt bored. The bus finally reached its destination. She went out of the bus. It was already late. The sky already turned to yellowish. She needed to find a place to spend a night here.

"Miss, please wait." The driver of the bus just now was calling for her.

Yu Qi stopped walking and turned to him. "Yes?"

"Miss, that man willing to go to the police station but he wants the antidote." The driver said.

Yu Qi smirked. Estimated four hours after getting poisoned, the man begged her for an antidote. Meaning, the effect in average rate.

The driver requested Yu Qi to follow him. Without saying anything else, Yu Qi followed him to the man.

"Stop scratching. You will get bleed anymore." The other driver tried to stop the man from scratching.

When the man saw Yu Qi approached him, he ran to Yu Qi.

"Miss, I will go to the police." The man begged her.

"Okay. Take this." Yu Qi took out two pieces of pills and give to her. "Rub this pills in the red area until it absorbs into your skin."

The man quickly did what Yu Qi had taught him. He rubbed the pills to the red area. The effects of poison should be decreasing by now. The man was making a relief face. Squeezed the chance, the man ran from them.

The drivers were very shocked. They did not think that the man would run away from them after agreeing to follow them? Yu Qi was kind of expected this would happen. She did not chase him anyway. Well, he did help her with becoming her human tester.

"Oh, mister, can you ask you something?" Yu Qi asked the two drivers that still in their dumbfounded state.

They snapped out and answered her. "Sure, what is it?" The two drivers did not want to get the bad side of this innocent looking young girl.

"Where can I find a place to spend a night?" She basically wanted to find a place to sleep for tonight before going to the orphanage.

"The nearest hotel is about fifteen minutes walking from the bus station." The driver pointed to the east direction.

"If you like, I will bring you there." The other driver offered his help.

"It's okay. I will find it myself." Yu Qi rejected them.

She wanted to see Sun City. She wanted to familiar with the place. Even though the sky was changing its color but the city still burst with people. There were a lot of people walking around the city.

As the drivers said, there was a hotel after she walked around fifteen minutes. It was not a big hotel but she thought it was okay. She wanted to sleep for a night and left. She checks in at the hotel. Before that, she brought some food to eat.

However, she used this room as her?camouflage. She would sleep inside her space for her safety. And that really protected her from any danger.

## **Chapter 199: Trouble**

At three o'clock in the morning, the receptionist of the hotel received some 'customers'. The receptionist of the hotel was shocked when seeing his 'customers' brought the bats into the hotel.

One 'customer' came forward to the receptionist of the hotel and asked him a question.

"Did a girl in earlier twenty years old come here?" He gave a smile to the receptionist of the hotel.

The receptionist of the hotel did not want any trouble so he revealed the information that should be confidential and could never reveal to anyone.

"Yes. It is. Here is her key room." The receptionist of the hotel just directly gave the key to the man.

"Good." The man was smiling. Then he turned to his men behind him and told them. "Tonight we are going to play with a girl. Don't break her since we are going to auction her after this."

His men shouted excitedly. However, one man came forward and gave them a reminder.

"Bro Zhi, please be careful. That bitch has stored some poison with her. Getting contact with her poison is a bad idea." This man was the man that given the poison by Yu Qi before. His Bro Zhi wanted to take revenge on Yu Qi, so Bro Zhi brought his gang to deal with Yu Qi.

The man that named Bro Zhi sneered. "Poison? Pong Hao, are you an idiot or what? How come that little girl had the poison with her?" Bro Zhi did not believe that Pong Hao was given poison by the girl.

"I have to remind you. It's your own choice whether to believe me or not." Pong Hao said.

Actually, he did not want to come here. He did not want to provoke that girl. He felt that the girl was much dangerous than his Bro Zhi. He just casually wanted to tell him the incident. He did not expect that Bro Zhi would bring out his gang to catch the girl.

Bro Zhi found the driver and threatened them to tell him where did the girl go. The driver feared anything might happen to them and their family so they told Bro Zhi.

So, here they were. Bro Zhi and other two men went to the room mentioned by the receptionist. Bro Zhi slowly unlocked the door and opened it. The room was in dark. Fearing the girl would realize someone inside her room, Bro Zhi and other two men entered the room without a sound.

Bro Zhi approached the bed slowly. He pulled the blanket quickly and smiled.

"Surrender yourself, little girl." He shouted.

Bro Zhi expected some screams would be heard. But nothing could be heard. Bro Zhi frowned.

"Turn on the lamp, hurry." Bro Zhi ordered his men.

The men found the switch and turned on the light. The room suddenly lifted up. Bro Zhi looked at the bed. It was empty. He looked at the bathroom.

"Go check inside." Bro Zhi gave the order.

His men checked inside the bathroom and found nothing.

"Nothing, Bro Zhi." His men gave the answer after went out of the bathroom.

Bro Zhi became angry. "That bastard lied to us. Let's go down."

The bastard that Bro Zhi mentioned was the receptionist. He thought the recipient was lying to him about the girl's room.

"Beat him." Bro Zhi ordered his men to beat the receptionist.

The receptionist was beaten by Bro Zhi's men. He did not even know why he got beaten.

"You know what, I really hate when someone lied to me." Bro Zhi sat in the sofa and looked down to the receptionist.

The receptionist did not know what Bro Zhi meant by that.

Bro Zhi answered the questioning look given by the receptionist. "I went inside her room and found no one inside. Can you tell me why?" Bro Zhi gave a creepy smile to the receptionist.

"She should be inside. I'm telling you the truth. Tonight, only her as our guest. So, I'm not mistaken about her room number." The receptionist said with difficulty because his mouth was in pain due to their punch to his face.

Bro Zhi frowned. "Are you sure?"

"Yes." The receptionist quickly answered Bro Zhi. He really did not lie to these men because he knew once they knew he was lying, he would be paying the price. That's why he told them a truth. But now what? He got beaten too.

"Why she was not inside then? Is she know we are coming to her tonight? It should not like that. From what Pong Hao said, she is not from here. She doesn't know us." Bro Zhi was thinking about it.

"Maybe she comes from the rich family. Daughter from a rich family often gets kidnapped. She used to face this kind of situation." Pang Hao gave his opinion.

"Maybe. Then she will sell at a high price." Bro Zhi's eyes shined. A girl from a rich family was a delicate girl.

Pong Hao thought Bro Zhi was an idiot. That girl was not a normal girl. How could she get caught by them? Pong Hao did not want to involve again with that girl after suffering the poison in her hand.

"Bro Zhi, I want to go home now." Pong Hao left after that.

"Humph, a coward. How can he be a man if he is scared by a little girl like that?" Bro Zhi threw the insult to Pong Hao who leaving them behind.

## **Chapter 200: Another Memories**

After check-in and entered her room, Yu Qi immediately went inside her space. Seeing their master, these two little cuties were very happy. They were more than happy when seeing Yu Qi brought in some food to them.

"Come eat, Bo Ya, Aoi."

Three of them ate at the pavilion. As usual, her little cuties ate everything. Even her leftover, they were playing a game for it. Whose win, would get the leftover. Yu Qi was chuckled when she saw them fighting for her leftover. Those whose win would get the leftover. They were in a serious mood. Yu Qi was chuckled when saw them like this.

In the end, Bo Ya was winning the fight. So, he was the one who got the leftover. Aoi was making a sad face. Bo Ya divided the leftover and gave some to Aoi. They ate in peace.

Yu Qi already felt sleepy. This time, she would not be sleeping at the pavilion but in the room inside the Pagoda. She entered the room and went straight to the bed. Because of her journey today, her body really needed to rest. Maybe because of her period came making her body felt very very tired.

"Aoi, Bo Ya, I will sleep first. Goodnight." Yu Qi already placed her body on the bed.

"Okay, Master. Goodnight." Bo Ya said.

"Goodnight Master. Sweet dream." Aoi said.

The two cuties played together. Suddenly Bo Ya stopped. Bo Ya just standing there.

"Bo Ya, what are you doing?" Aoi was asking Bo Ya when he saw Bo Ya suddenly stopped.

"There are three men enter the Master's room outside the space." Bo Ya told Aoi.

Bo Ya could see the place that his master left when she entered the space. Meaning the hotel room that Yu Qi check-in outside the space entered by someone else. Right now, Bo Ya was watching the scene.

At first, Bo Ya thought that the men entered the room by mistake. However, after hearing the conversation among there, he noticed that the men were looking for his master. Thank goodness. His master was sleeping inside the space.

When the men realized nobody inside the room, they left. This news must be reported to his master. But, that could wait. His master was sleeping and he would not disturb his master's sleep.

"They wanted to find our Master. We need to tell the Master to be careful when she went outside." Aoi nodded when seeing the scene too. He could tell that the men did not have a good intention.

The two cuties went climbing their master's bed to sleep with their master. Positioning their body next to their master, they fell to sleep.

.....

Yu Qi was looking at the wedding dress. It was about three months before the wedding. Because she did not well welcome to the family, no one from the family wanted to accompany her to see the wedding dress. She only could get help from her best friend, Fung Meng Xuan.

"Meng Xuan is this dress beautiful?" Yu Qi asked Fung Meng Xuan while her hand was touching the mermaid wedding dress.

"Yes, it is very beautiful." Fung Meng Xuan already felt jealous when imagining that this beautiful dress would be wear by Yu Qi on her wedding day.

"I knew it. Our taste is the same. I do like this style." Yu Qi casually said it without knowing the expression that Fung Meng Xuan would make.

"Did you choose your dress, Yu Qi?" An older woman came and asked Yu Qi.

"Yes. This is the dress." Yu Qi showed to the older woman.

"It is a beautiful dress but it is too open at the top. Choose something else." The older woman berated Yu Qi's choice.

"How about this?" It was Fung Meng Xuan that asked the older woman.

The older woman was silent as she looked at the dress that showed by Fung Meng Xuan.

"It is perfect. Meng Xuan, you are really good." The older woman praised Fung Meng Xuan alone leaving Yu Qi was watching them in envy.

Yu Qi did everything that the older woman wanted her to do but the older woman did not appreciate her effort. She sighed. She knew that she was not very enough for her grandson but she tried to please the older woman.

The older woman was talking to Fung Meng Xuan while ignoring Yu Qi. Yu Qi took a look at the other dress as well. She thought bringing Fung Meng Xuan would help her to solve the problem in choosing the wedding dress but the older woman's appearance changed everything.

When she was looking again to the Fung Meng Xuan and the older woman, she saw Bai Shu Jin, her fiancée was standing beside Fung Meng Xuan while caressing her hair.
