Chapter 201: The Worried Bo Ya

Yu Qi opened her eyes when she felt someone was touching her chest. She looked down. Bo Ya was sleeping comfortably against her chest. She did not know how to respond to this. To be honest, Bo Ya might look like a small kid but he lived longer than Yu Qi. Behind her was Aoi. Her two cuties came and slept with her.

Changing her attire to sport attire, she changed to exercise. Running around her space. Her space indeed a big area. She wanted to run around the lake but she could not find the turning point. Gave up the idea she turned back to the pavilion.

Then she could hear her two cuties' voices. They already woke up. She saw they were running toward her.

"Master, master, I have something to report." Bo Ya spoke with a serious tone.

Yu Qi turned to Bo Ya and paid attention to what he about to say. Bo Ya usually did not act like this so the things he about to say might important.

"Master, someone broke into your room when you are sleeping here. I mean the hotel room that you check in last night." Bo Ya started to tell Yu Qi. "From what I can see, they are looking for you."

"It should be the man that I poisoned him." Yu Qi thought about it. She just arrived in this city. No one knew her. So, it should be that man.

"How many are they?" Yu Qi inquired.

"Only three men entered the room. But I assumed it should more." Bo Ya said.

"Yeah. I guess so too." Yu Qi nodded.

"What is your plan, Master?" Aoi asked Yu Qi.

"Just let them attack me. I will be alright." Yu Qi smiled at Bo Ya to assurance him.

"Master, let's have Aoi walk with you. Four eyes are better than two eyes." Bo Ya was really worried about his master's safety. Even though his master was strong but the unexpected thing could happen.

Seeing Bo Ya's worry face, she agreed with him. "Okay. I will let Aoi accompany me."

"Aoi, make sure to aware your surrounding." Bo Ya then to Aoi and talked to him.

"Okay. I will try to protect the Master." Aoi nodded.

....

Yu Qi walked out from her room. She wanted to check out directly from this hotel. Even though it was only seven o'clock in the morning. Yu Qi was shocked to see the receptionist. He was beaten. Yu Qi assumed it was the men who looking for her last night. She could not help to feel sorry to the receptionist.

Brought out something from her bag, she placed one bottle in front of the receptionist. It was the medicine that she made herself from the herbs. It very worked for the swollen area.

"Use this. It might help relieve the pain." Yu Qi then explained the way, how to use the medicine.

The receptionist nodded. He processed Yu Qi's request to check out.

"Miss, you should be careful. That gang really dangerous." The receptionist gave his advice. He pitied this girl because she already became a target for that gang.

"I will be careful. Thank you, sir." Yu Qi nodded and left the hotel. Aoi also walking near her legs.

The receptionist felt weird. Last night, when this girl checked in, there was no dog around this girl. He was sure because if she had a dog, he would not let the girl checked in because pets were not allowed in this hotel.

'Master, someone was watching us in the three o'clock.' Aoi informed Yu Qi through telepathy.

'Yes, I can see him. He might be someone from that gang mentioned by the hotel man.' Yu Qi nodded. 'Just pretended that we do not know someone watching us.'

"Woof." 'Okay, Master.' Aoi nodded.

"I'm hungry. Where can I get the food?" Yu Qi was turning around looking for the food stall.

"Woof." 'I want too.' Aoi answered too.

"I know." Yu Qi remembered about Aoi. He was a foodie.

Yu Qi who looking around found one food stall that selling a dumpling. It was an old man's stall. Yu Qi quickly went to it.

"Hello, uncle. Are you open now?" Yu Qi asked the old man.

"Yes. How many you want?" The old man asked back Yu Qi after answering her question.

"For now, let's see..." Turned to Aoi, she asked, 'How many that you want?'

'10 pieces.' Aoi answered. "First..." He continued the sentence.

Yu Qi chuckled. "Give me fifteen pieces first." Yu Qi told the old man.

The old man was shocked at first but he still prepared the dumplings for the girl. Yu Qi was sitting at the table prepared by the old man for his customers. The dumplings were ready and served to Yu Qi.

Yu Qi asked the old man for a plastic plate. Without asking any question, the old man gave to her. She put ten pieces of the dumplings and gave to Aoi.

Aoi had waited for long. When the dumplings were placed in front of him, he was eating the dumpings happily. The old man once again shocked with what he seeing. A dog, well to be precise, a puppy was eating the dumplings.

Chapter 202: Already Tasted Death

They were eating until people came with the intention to disturb them. Yu Qi could see about ten men surrounded her and the old man. Yu Qi narrowed her eyes. The old man felt scared when seeing the men surrounded his stall.

Yu Qi still ate her last dumpling. While Aoi already finished eating and glared to the men that surrounded them.

"You are indeed a beautiful woman. Laying up to you must be a pleasure." Bro Zhi came in front and talked to Yu Qi.

'Master, he is the one that entered your room last night.' Bo Ya's voice sounded in her mind.

'I see.' Yu Qi's eyes flashed a cold glare.

"Little girl, you should surrender yourself." Bro Zhi said when he did not get any response from Yu Qi.

"Get her." Bro Zhi ordered two of his men.

Two of his men approached Yu Qi and touched to touched her shoulder. However, they did not manage to catch her.

"Ahhhh." One of the men shouted in pain when one chopstick penetrated his hand.

Another man was flying across Bro Zhi after getting a kick from Yu Qi. Other men were shocked when seeing their friend like that. They could see that the one who been called a little girl by their boss looked very calm after stabbing their friend's hand with a chopstick and kicked their friend.

Bro Zhi frowned. This girl was not acting like a normal girl. Looked like it was going to be a tough fight before he could taste the girl. He was looking for the girl's weakness. Oh, he found one. He called the other two men and whispered his plans to them. They nodded. They understood the plan.

"Go." Bro Zhi said.

One of the men attacked Yu Qi. Well more like to?disturb her attention. Then Yu Qi noticed their true intention. They wanted to grab Aoi.

'Aoi, they want to catch you. It's time to show them.' Yu Qi said playing with another man.

'Okay.' Aoi nodded.

Aoi just let the man grabbed him. Then he showed his own skill. He bites the man's hand. The special move of this hitting was his teeth could grow twenty centimeters more. So his teeth could bite deeper than usual.

"Ahhh!!!" The man that grabbed Aoi shouted in pain made Aoi left his grab easily.

The man's hand looked bloody. He could not believe that a small puppy like that could bite his hand like this. Seemed the puppy's teeth more sharp than he looked.

"That's look hurt." Yu Qi finally said something.

The men thought Yu Qi said that sentence to the man that been bite by the puppy. However, another sentence from Yu Qi made them felt ridiculous.

"Are your teeth okay, Aoi? You need to wash your teeth after this." Yu Qi said to Aoi.

Aoi smiled showing his bloody teeth.

"It was indeed disgusting." Yu Qi said something again.

Yu Qi could not stand seeing the blood inside Aoi's mouth so, she brought out the mineral water from her backpack. She rinsed Aoi's mouth in front of the men.

Bro Zhi became more and angrier. This little girl needed to be taught. He quickly signaled his remaining men to attack Yu Qi together.

Yu Qi avoided pretty much of the attack. Bro Zhi suddenly attacked Yu Qi. Yu Qi narrowly avoided the attack. 'This man is pretty skilled. Look like he had trained before.'

Yu Qi decided to be more cautious when facing Bro Zhi. Other men already stopped attacking Yu Qi. They wanted to see which one was stronger.

"Little girl, you better surrender if you don't want to get hurt and feel pain." Bro Zhi gave a warning to Yu Qi.

Yu Qi did not take it to the heart. Hurt? Pain? She already felt the pain when her hands and legs being cut off around her body. She already knew the pain when she was left in the jungle waiting to die. She also already tasted death. What hurt could scare her? The answer was no.

Without replying to him, Yu Qi mercilessly attacked Bro Zhi. She used about twenty percent of her strength. Bro Zhi felt ridiculous when being attacked by this little girl right now. This little girl was very stronger compared to him.

"Idiot, what are you doing? Help me." Bro Zhi shouted angrily to his men.

His men stunned and moved to attack Yu Qi. Yu Qi increased her speed. The other was kicked flying by Yu Qi. The most interesting, they could not stand up due to its pain. Yu Qi really knew which area that pained a lot. She studied human bodies after all.

"Shit. You are going to pay for this." Bro Zhi shouted angrily again.

Yu Qi already bored with this. She made a final blow to Bro Zhi. Uppercut punch. Straight delivered to Bro Zhi's chin. Bro Zhi totally knocked out.

Chapter 203: Got A Help

After she was done beating them, she casually took out her phone and made a call.

"Hello, is this police station?... Yes, I want to make a report... Yes, one gang attacked me... Reason? I don't know... Place? Wait, I will ask someone." Yu Qi turned to the old man that did not leave the place from the beginning.

"Grandpa, what is this place call?" Yu Qi asked that old man.

"Shitang road. Near the bathhouse." The old man answered.

Talking back to the phone, "Shitang road. Near the bathhouse... Yes...Oh, before I forget, please send a group of medic here. About..." Yu Qi looked around calculated the number of the men that attacked her just now. "About ten men injured here...Yes... Okay..." Yu Qi thanked the police officer that talked to her and ended the call.

"The medic will come. Just relax." Yu Qi told to the men that she was beaten.

The men could not say anything. They afraid if they said something that angered this grandaunt, the consequences would be bad.

Fifteen minutes later, the police and medic arrived at the scene. They were dumbfounded with what they had seen. What had happened here? The question appeared in their mind.

"Who was calling the police just now?" A police officer asked them.

"Me." Yu Qi answered the police officer.

The police nodded and looked at Yu Qi. Then he said Yu Qi. "Where is the person that helped you?" The police officer looked around and only saw an old man beside the gang. He thought someone was helping this young girl in front of him because she looked like a delicate girl.

"Help me?" Yu Qi confused with the police officer's question.

"Yes, where is the person that helped you beat this gang?" The police officer pointed to the beaten men.

The beaten men wanted to shout telling the police officer that the delicate looking girl in front of him was the one who did the beaten.

"Sir, it was me." Yu Qi said.

This made another police officer glanced at the girl up and down. He could not believe that this girl was beating the gang, more than five men. And the result was terrified.

"Well, I'm not lying to you though." Yu Qi made a helpless face.

"Sir, I was the witness. This girl was eating at my stall. Suddenly the men surrounded her and wanted to take the girl away. The girl fights back. Lucky she was stronger than their boss. Otherwise, this girl would be reported missing." The old man said.

The police officers heard the story from the old man nodded their head. Indeed, there was a lot of reports regarding the missing young girl recently.

The police officer felt touched when he heard the story. It was because he also had a daughter in age about the same as Yu Qi. He really loved his daughter. So seeing Yu Qi made him remembered about his daughter.

"It was great. I should make my daughter learn about self defense like you." The police officer started to run away from the main topic.

"Sir Nangong, please don't start it here. Please ask her about the details of this incident." One of his subordinates cut off the topic. He knew his leader really doted his daughter.

"Oh, I'm sorry." Sir Nangong coughed a little bit before asking Yu Qi. "Miss..."

"My surname name is Tang." Yu Qi told him her name.

"Miss Tang, do you know them?"

"No. But I knew they are targeting me."

"Why are they targeting you?"

"When I check out my hotel this morning, the man that at the front desk in the hotel told me about this. And his face had some bruises. I bet he was beaten by this gang." Yu Qi explained.

"I see. I will investigate this case properly." Sir Nangong nodded his head. "From what I can see, you are not from here, are you?"

Yu Qi dressed like a traveler with her backpack making Sir Nangong assumed that way.

"Yes, I came here, wants go to the Harmony Orphanage. Do you know where is it?" Yu Qi took an opportunity to ask about Harmony Orphanage.

"Oh, that orphanage. Of course, I know it. But why are you looking for that orphanage?" Sir Nangong asked.

"Well, I'm from that orphanage before been adopted by a family. I just wanted to see that place. And thanked them." Yu Qi made a lie.

Yu Qi would not tell unrelated person that she was looking for her true family.

"I see. I know that place. If you want, I will ask one of my subordinates to send you there." Sir Nangong gave a pity look to Yu Qi before offering her, the help.

"Really? But I..."

"Don't worry." Sir Nangong said.

"Thank in advance, Sir Nangong." Yu Qi nodded to Sir Nangong

Chapter 204: Donate

It was the second time she rode the police car. The subordinates of Sir Nangong sent her to Harmony Orphanage under Sir Nangong. She was easily finding Harmony Orphanage with the help of Sir Nangong.

Harmony Orphanage was located in the suburb of Sun City. It was about a half hour from the center of Sun City. Yu Qi arrived in front of the Harmony Orphanage.

"Miss, we arrived." The police officer politely told Yu Qi.

"Thank you very much, Sir." Yu Qi bowed a little to him before she went outside.

Yu Qi was standing looking to Harmony Orphanage. She hoped she could get information about her blood family.

Yu Qi walked into Harmony Orphanage. A teenager spotted her at the front door. He was about fourteen to fifteen years old.

"What are you going here?" That teenager asked Yu Qi.

"May I see the person-in-charge?" Yu Qi asked the teenager back.

"Grandpa Chang? He is inside. Come in. I will bring you to his office." The teenager escorted Yu Qi.

"Thank you."

They passed the area where the kids were studying. The younger kids were sitting together playing among them. They were well behaved.

"It's a dog." A boy shouted excitedly when he saw Aoi walked together with Yu Qi.

Aoi now was panicking when the kids approached him. He really did not want them to catch him.

'Master, help me.' Aoi begged Yu Qi to help him.

Yu Qi laughed. 'It's just the kids. Play with them first. I will settle the matter for today.' Yu Qi walked away from the scene leaving Aoi alone.

Aoi definitely did not want the kids to catch him. This became a catch game. The kids really wanted to touch Aoi, so, they worked so hard to catch Aoi. But unfortunately, they were weak. After a while, they took a break before started to chase Aoi again.

Meanwhile, Yu Qi entered the director of this Harmony Orphanage after the boy asked her too. In front of her, there was an old man. He had still looked very strong even though his face and his gray hair showing the trace of old that normally an old man had.

"Sir." Yu Qi greeted him.

"Please sit." The old man invited Yu Qi to sit.

Yu Qi followed what he asked and sat.

The old man observed the girl that sat in front of him. He could see the air of nobility that surrounded this girl. This girl was not a normal girl.

"Sir..."

"My name is Chang Yu Qian. You can just call me Grandpa Chang." Chang Yu Qian introduced himself.

"Okay, Grandpa Chang. I'm Tang Yu Qi." Yu Qi paused for a moment. "I come here to find the information about my blood family."

Chang Yu Qian nodded several times. "I see."

"I had been adopted by Wang Family. Wang Shi Xen, she adopted me 19 years ago. Do you remember?" Yu Qi asked straight to the point.

"Wait here." Chang Yu Qian stood up and went to the cabinet full of files.

He pulled one fail that stated 'Year 19XX'. It was exactly 19 years ago. He opened the fail and looked for the name.

"Miss, what did you say the family name just now?" Chang Yu Qian asked once again.

"Wang Family, Wang Shi Xen." Yu Qi answered.

"Oh, I found it." Chang Yu Qian brought the fail and placed on the table in front of Yu Qi.

Suddenly, the door of this room had been opened by someone. A man came inside. Yu Qi and Chang Yu Qian looked at the intruder.

"Kang An, what are you doing here?" Chang Yu Qian scolded the man. He then turned to Yu Qi. "Sorry. It is my son."

"It's okay." Yu Qi did not care about the man.

Chang Kang An observed the girl. It was very rare for them to receive a guest. He remembered the call from someone. She said a girl might come for some information and telling him that the girl had a lot of money. Is this girl the person mentioned?

"Get out." Chang Yu Qian asked his son to go outside.

Chang Kang An wanted to stay but a glare of his father made him leave the room.

After his son left the room and closed the door, Chang Yu Qian talked to Yu Qi about what Yu Qi wanted to know. "Miss Tang, from the information that I found inside this file, it was true, you had been adopted by Wang Family."

"Don't you have information before I had been adopted by them?" That was the information that she truly wanted to hear.

"You were just a baby. Around 3 months, I guess. My wife found you in front of this orphanage. Someone just left you alone. Lucky my wife found you earlier because, after that, it was raining so badly. If you were found after that, I think you would die." Chang Yu Qian remembered about that day.

He was so angry when his wife told him about the incident. The innocent baby could die. He was a person that like children so he thought whoever that left the baby that day did not care about the baby.

"I see. So, you don't have any idea who left me that day." Yu Qi sighed.

"Yeah. I'm sorry." Chang Yu Qian was also sad for this girl. "I just wanted to ask something. You had been adopted by Wang Family. Your surname should be Wang? Why it is Tang?"

"They cut off the ties with me. My new adopted family is Tang." Yu Qi said in the happy tone.

"I see. Once again, sorry because I can't help to find your real family." Chang Yu Qian apologized again.

"There is one more thing that I like to discuss with you." Yu Qi now looked serious. "I want to make donations to this orphanage. I will deliver about 20,000 RMB for this orphanage every month. If you think it was not enough, tell me then."

Chapter 205: The Information

Chang Yu Qian's jaw dropped. He could not believe what he just heard. 20,000 RMB? It was a lot of money. How could she just casually wanted to give away that amount of money? Where the money came from? A lot of questions appeared in Chang Yu Qian's mind, but he could not ask them.

"I have my own business. And I'm not doing illegal business. You can accept the money in an ease mind. I'm not giving money to you but to the kids outside." Yu Qi answered unspoken questions as she understood the looks given by Chang Yu Qian.

"I see. Thank you." Chang Yu Qian was grateful. With this money, the kids outside could get an education like a normal kid.

"But everything must be recorded. That money must be used hundreds percent on the kids here." Yu Qi gave the warning.

"Don't worry about that." Chang Yu Qian nodded several times.

"It seems my business here is finished. I need to go back." Yu Qi stood back. "I will send someone to deliver the money next month."

"Thank you so much, Miss Tang." Chang Yu Qian once again thanked Yu Qi. "Miss Tang, where you want to go? It is hard to find a taxi in this area. I will ask my son to send you."

Yu Qi thought it was a good idea because she barely knew this place. She did not get lost.

"Okay." Yu Qi accepted the suggestion.

Two of them went out of the room. Chang Kang An was waiting for them to come out from the room approached them.

"Kang An, send Miss Tang to the center of Sun City." Chang Yu Qian ordered his son.

"Okay, Dad." Chang Kang An obeyed his dad's order. He also wanted to have some talk with this girl.

Yu Qi went to fetch Aoi. Aoi currently running from the kids. Seeing Yu Qi came her meaning she already finished her business here. Then it was time to go home. He did not want to stay here anymore. These kids were very terrifying creatures.

Aoi was running toward Yu Qi. 'Master.' Aoi jumped to Yu Qi. Yu Qi caught him.

"Sister, we want to play with it." The kids said to Yu Qi.

"Sorry, he will have to go back with me." Yu Qi patted one of the kids there.

"Can he live here?" One of the children asked. "We will give our portion of food to him."

"Let me tell you something. He likes to eat and he eats a lot. If he doesn't get the food, he will die. And you will never see him again. You don't want it to happen, right?" Yu Qi played some trick talk to the kids.

"We don't want him to die."

Even though they were young but they understood what was the 'die' word meaning. It also happened to their parents and they never saw their parents again.

"Then, you have to let him go with me. I will visit you all again and bring him with me." Yu Qi said to the kids.

"Okay, we will be waiting for you, sis. You too." The children nodded.

"Bye, everyone." Yu Qi walked after Chang Kang An.

The two of them entered the car. The car started to move to leave Harmony Orphanage. Until then, Chang Kang An began to speak.

"Miss, I have the information that you want." Chang Kang An said making Yu Qi interested to hear more about it.

"Oh, I see." Yu Qi just nodded.

Chang Kang An frowned when he saw Yu Qi did not sound excited when hearing it. However, he did not want to give up. She was his source of money.

"Can we discuss it in the cafe over there?" Chang Kang An pointed to one cafe.

"Why not?" Yu Qi agreed. It was her main objective coming here. It was to gather the information. Whether the information was true or not, she would evaluate it later.

The two of them entered the cafe. Chang Kang An ordered the coffee while Yu Qi ordered a jasmine tea.

"Then talk." Yu Qi said.

"It is not for free." Chang Kang An began to negotiate.

"Oh, so what is the price? However, I like to tell you something. You should know your limit. Push too far, you will never get it... I hope you can understand what is the meaning of this sentence." Yu Qi narrowed both of her eyes while watching Chang Kang An.

Chang Kang An swallowed his own saliva. His instinct told him that this girl in front of her must not be messing around.

Yu Qi sipped on her jasmine enjoying its taste while waiting for the Chung Kang An to talk.

"I went back from school that day. I don't want my father to catch me because i ditched the school that day. When I wanted to go inside, I saw one man and woman holding a basket. So, I decided to hide. They put the basket on the ground and wanted to leave. However, the woman seemed unwilling to left. After the man talked to the woman, they left. I'm curious about the basket so I went to the basket to see what inside it. It was a baby. I quickly called my mother. She asked me, so, i told my mother about that. My mother was angry at the man and woman that left the baby because, right after my mother picked up the baby, it was raining so badly." Chang Kang An told her the story.

"Do you remember anything unusual about the couple?" Yu Qi asked.

"Yeah. To think about, the woman had the blonde hair. It was unusual to have the blonde hair at that time of period because our nation was not like nowadays. It was rare to see people in the blonde hair." Chang Kang An said.

"Did you hear what were they talking about?" Yu Qi threw a question.

Chang Kang An tried to remember. "I could not exactly remember what were they talking about but I'm pretty sure I heard something about the baby will get a better life."

Chapter 206: Were They Lying To Her?

Yu Qi went silent when heard Chang Kang An said that. They must be her real family or something like that. Maybe they were her true parent. What she could conclude here, she had been left here because of something else. Not because she was kidnapped.

Then, why did she remembered having memories about some relative of her real family telling her, she was being kidnapped when she was a baby? Were they lying to her?

"Why are you sure that the baby was me?" Yu Qi asked the confirmation.

"Huh? You are the adopted daughter of Wang Family right?" Chang Kang An asked her back.

"I was but now not anymore."

"Then I sure, the baby back there was you." Chang Kang An was sure that the baby was this girl. He witnessed the adoption process.

"I see." Yu Qi believed the stories.

Yu Qi could see that Chang Kang An was not lying.

"I want to tell you something. The daughter of Wang Family called the orphanage not long ago. I was the one who answered the call. She told me that someone might come and asked about her real family. She wanted me to lie because she doesn't want you to leave her family." Chang Kang An made a confession.

Yu Qi stunned. She did not expect that Chang Kang An would be telling her like this.

"Why are you telling me this?" Yu Qi asked him.

"At first, I want to lie to you and extract some money from you but my instinct tells me don't mess with you." Chang Kang An answered her.

"I see." Yu Qi nodded.

"What are you doing here?"

Yu Qi and Chang Kang An heard one woman screamed so they turned to the source. The woman not so fat or slim glared sharply to the two of them followed by the two women behind her. Chang Kang An was shocked.

"You knew them?" Yu Qi noticed the change of his expression so she asked that question.

"Of course he knows her. She is his wife." One of the two women said.

"Shi Yuan, calm down. It is not like you think. I don't have any relationship with this girl." Chang Kang An wanted to calm down his wife before she annoyed the girl in front of him.

"Then tell me what are you doing here with this girl?" Shi Yuan asked him again but now in the normal tone.

"She was also an orphan from our orphanage. She came here looking for information about her real family with my father. My father asked me to drop her to the center of Sun City. You know it was difficult to get the taxi here. She wants to ask me about her real family if something I could remember. That why we are here." Chang Kang An explained.

"A cheating husband always has an explanation about this." The woman behind Shi Yuan said.

"Hey, Jung Sang Mi. That was your husband. I love my wife." Chang Kang An became angry when he heard that.

"You...You..." The woman named Jung Sang Mi could not retort back because it was true.

"Madam, if you try to slander me again, you can expect a letter from my lawyer arrives at your house." Yu Qi made a sentence that made everyone shut up.

The women went silent because of that sentence. They did not give a proper look to the young girl with Chang Kang An. This young girl looked very noble so it was?unbelievable for her to have a relationship with Chang Kang An.

"Miss, I'm sorry." Shi Yuan apologized to Yu Qi.

Jung Sang Mi pulled the sleeve of Shi Yuan's t-shirt. "Shi Yuan, you should not belie..."

Yu Qi glanced to Jung Sang Mi. Jung Sang Mi who caught the glance closed her mouth.

"It's getting late. I want to go back. I hope you can drop me at the bus station at the center of Sun City." Yu Qi ended this conversation. She already got the information she needed. So she would be staying here for any longer.

"Yes. Shi Yuan, let's go." Chang Kang An asked his wife to join him to send Yu Qi.

"Okay." Shi Yuan agreed.

Jung Sang Mi and another woman just stared without saying anything. They were actually jealous with Shi Yuan because Chang Kang An was very very loyal to his wife, unlike their husband. That was why they were secretly happy when saw Chang Kang An meeting with a young girl.

But their happiness was not long. Chang Kang An was not cheating. They also believed it because of the young girl. That young girl must come from the rich and noble family to behave elegantly like that.

'Master, I'm hungry.' Aoi whined.

It was true. She already felt hungry since the last meal was this morning before she was fighting with that gang.

"Me too. We will have a meal before getting into the bus, okay?" Yu Qi answered him with normal talk.

"Huh?"

Shi Yuan and Chang Kang An looked at each other and then looked at the mirror. They saw Yu Qi reflection while she seemed to talk with her puppy.

'Okay, master.'

"Just sleep for now." Yu Qi rubbed gently his head.

Chapter 207: Go To FINN City

The bus traveled in the darkness. Yu Qi took the bus straight to FINN City. She wanted to stop by at Tang House first before going back to Shiwa Town. Yu Qi could not sleep after yesterday's incident. She was afraid that if she fell to sleep, someone might take advantage of her.

About Aoi, she already put him inside the space. That puppy obeyed her order after she gave him a lot of food. She ended ate together with him due to the hunger.

She arrived at the bus station at FINN City at five o'clock in the morning. There were a few passengers just like her, just arrived at this bus station.

She hesitated to choose who was going to pick her here. She did not know her brother's schedule. Well, she should try to call her big brother first. She called Tang Han Lee's phone. Lucky for her, her big brother answered the call.

"Hello, Yu Qi." Tang Han Lee's voice could be heard on the other side.

"Are you sleeping, Big Brother Han Lee?" She asked that question first.

"No, I'm currently at the hospital. On duty."

"Well..."

"What is it?"

"Can you pick me up at FINN City's bus station?"

"Huh? Now?"

"Yes."

"Wait for me. Don't wander around." Tang Han Lee sounded frustrating.

The call ended. Yu Qi stared at her phone, wondering why her big brother suddenly ended the call.

....

Meanwhile at the hospital.

"Please cover me." Tang Han Lee entered the toilet and washed his face to make the sleepiness vanished.

"What's happen?" Min Shu Teng, another doctor on duty tonight was asking him when he saw his friend in a hurry.

"I need to pick my sister now. She is now at the bus station. It is dangerous to stay at a place like that at a time like this." Tang Han Lee answered him.

"Sister? Oh, the one. What is she doing there?" At first, Min Shu Teng did not remember that Tang Han Lee's sister. After a moment, he remembered Doctor Tang Jiang Man adopted a girl to become his granddaughter and accepted her as his disciple.

"I don't know. I need to go there fast." Tang Han Lee already finished changing his clothes.

"Okay, drive safe." Min Shu Teng advised.

"Alright. See you." Tang Han Lee left.

.....

'Master, who will come?' Aoi already left the space, staying beside her.

'Big Brother Han Lee.' Yu Qi answered.

'He's not sleeping?'

'He's working. On duty.'

'This place is scary, master.'

'Right now, it looks like a scary place. But on the day time, this place would be full of people.' Yu Qi explained to Aoi.

She brought out Aoi from the space now because she did not people to question about it later. How he suddenly appeared when he was not with her when the time she came back? That would be weird.

Fifteen minutes later, Yu Qi got the call from Tang Han Lee saying that he already arrived at the bus station. He wanted to know where she was. The place she was sitting right now was easy to find. So, Tang Han Lee immediately found Yu Qi together with Aoi.

"Next time, don't ride the bus at night. It's dangerous." That was the first sentence that Tang Han Lee said to Yu Qi when he saw her.

She could sense that he was right angry right now. She could not retort back because she knew he was right. Actually, she was quite happy when having someone worried about her.

So, what she could say was this. "Okay."

Even though she would find her real family later, she would not leave the Tang Family. Tang Family love her genuinely.

.....

Because of the lack of sleeping, Yu Qi ended sleeping until noon. She woke up and refresh herself. Then, she went out of her room. She wanted to greet her two aunties first.

She saw a maid. "May I know where are my two aunties?" She asked the maid.

The maid recognized the girl in front of her. "The two madams currently in the garden." She answered Yu Qi.

"Thank you." Yu Qi thanked the maid and went to the garden.

When she arrived at the garden, she saw her two aunties were currently working on the garden. This garden was Yu Qi's idea. She suggested having the garden in the backyard. Now, the garden was full. Yu Qi sometimes brought out the water that inside her space and watered everything that grew in this garden. So, this garden had the same effect as the plant inside her space.

Yu Qi had to go to her greenhouse to change the water. It had been a long time since she watered them with her water. She would be staying in this house for two days before going back to Shiwa Town.

Chapter 208: Getting A Massage

"Oh, Yu Qi, you are here. Han Lee told us that you arrived this morning. He fetches you up at bus stations at 5 o'clock in the morning." Ming Yue approached her after seeing Yu Qi in the garden.

"When you want to come here, just inform us. We will pick you." Su Xiao expressed her worry.

Of course, they would be worried because they loved this girl. They did not want anything to her. They finally got a daughter. They did not want to lose her.

"I understand Auntie Ming Yue, Auntie Su Xiao." Yu Qi nodded.

"Oh, look at the time." Su Xiao looked at her watch. "It's noon already. No wonder, I feel hungry."

"Yu Qi, you must be hungry as well. Let's have lunch together." Ming Yue said.

The two of them pulled Yu Qi to the dining room. Steward Hang Ji Chang already asked the maid to prepare the meal for three of them. They are while chatting with each other.

"Woof." The bark could be heard.

'Master, I'm hungry too.' Aoi sent the message through telepathy.

"Oh, Aoi is here too. Steward Ji Chang, prepare the food for Aoi too." Ming Yue said.

"Woof." 'Thank you.' Aoi thanked her.

"Oh, seems he understand me." Ming Yue replied to Aoi.

Yu Qi chuckled when saw Aoi like this. He likes this Tang Family, the one who gave him the food.

"Yu Qi, how long you going to be here?" Su Xiao asked.

"About two days only. I need to go back to Shiwa Town to see my greenhouse." Yu Qi explained.

"Two days? It is too short." Ming Yue complained.

"Yeah, at least you can stay with us about one week." Su Xiao said.

Yu Qi felt trouble facing her two aunties. She sighed. It was only for one week. Okay, she would be staying here for one week.

"Okay, aunties. I will stay for one week." Yu Qi agreed.

"Thank my dear. You will not be bored. We are going to have some fun." Ming Yue smiled.

"Yeah." Su Xiao added.

....

Three of them went out. Coincidentally, Su Xiao and Ming Yue had booked the spa session. Her aunties wanted her to join them.

"Yu Qi, you should take care of your body while you are still young." Su Xiao said when Yu Qi rejected to join them.

"Your Auntie Su Xiao is right. We, as a woman, need to take care of our body. Our husbands also would like it." Ming Yue added while giving Yu Qi a meaning smile.

Yu Qi somehow understood Ming Yue's other meaning. She blushed. Her mind wandered to the man named Long Hui. She did remember that she was confessed to him and kissed him. Her face felt hot when she remembered that moment.

"What we have here. A blushing girl." Su Xiao teased the girl when she looked at the girl that was blushing red.

"Oh, is there good news?" Ming Yue joined the teasing.

"Aunties." Yu Qi was blushing.

Ming Yue and Su Xiao laughed. They knew what made their niece blushed so hard. That Long Hui must do something to their niece. Well, they were not angry but happy for this girl. This girl suffered enough during her childhood. It was time for her to be happy.

They arrived at the spa named History. Ming Yue and Su Xiao were a loyal customer for this spa. It provided first-class services. Ming Yue and Su Xiao made Yu Qi joined them for a full body massage.

At first, Yu Qi did not feel comfortable having someone touched her body directly. Even though the person doing the massage was a woman. But, after a few whiles, she started to enjoy it. She sometimes heard the?masseuse praised how perfect her skin, how young her skin.

"Miss, are you doing some sport?" The?masseuse asked.

"Yes." She answered it short.

"No wonder your muscles are well developed. Especially your arms muscles." The?masseuse said.

"Thank you."

The?masseuse skill was very good. She could not help to fall asleep after getting the massage. After one hour, the?masseuse woke her up. She could not believe she was falling in sleep. The?masseuse told her to get a shower to wash all the oil on her skin. So, she went to take a shower.

Her body felt good after getting the massage. She agreed when her two aunties. It was good for the body. The masseuse did not do bad things to her. Otherwise, Bo Ya would be waking her up.

After finished taking the shower, she met up with her two aunties.

"How are you feeling right now?" Su Xiao asked.

"I feel great. The massage was really good." Yu Qi admitted.

"It's my pleasure." The woman with her two aunties said.

"Yu Qi, this is our friend, Yung Ha Ren. She is the owner of this spa." Ming Yue introduced the woman to Yu Qi.

Chapter 209 - 209: Going To The Party

Yu Qi smiled to Yung Ha Ren. Yung Ha Ren pulled Yu Qi's hand and patted it intimately.

"You grew up beautifully." Yung Ha Ren said with a smile.

Yu Qi felt a bit weird. She did not know why she felt like this. Was this woman someone that she knew in the past life? However, she was pretty sure that this was the first time meeting with this woman.

"Of course, she is beautiful." Ming Yue said with a proud look.

"I wish I have a daughter." Yung Ha Ren said.

"Just let your boy married then. You will get a daughter in law." Su Xiao suggested.

"Sigh, that boy. He is still studied. He did not want to get married yet." Yung Ha Ren said. "And it is not easy for me to see him."

"Why can't you see him?" Yu Qi asked innocently.

"I'm divorced." Yung Ha Ren smiled weakly.

"I'm sorry." Yu Qi immediately apologized to Yung Ha Ren.

"It's okay. It was a long time ago." Yung Ha Ren ended the topic. "Do you have a boyfriend?" She was looking to Yu Qi.

"She already booked by someone." Ming Yue said in a joking tone.

"Auntie." Yu Qi called.

The three middle-aged women laughed when Yu Qi tried to stop this conversation. Five minutes later, Ming Yue, Su Xiao, and Yu Qi left the spa. Yung Ha Ren sent them off.

"If your mother sees you right now, she will be happy seeing you grew up beautiful." Yung Ha Ren mumbled herself.

...

The next stop was the mall. Yu Qi had been pulled by her two aunties to purchase some outfits. They entered a boutique that sells dresses. Her nightmare began. Her aunties started to find dresses for her to try.

Her auties came back with some dresses on their hand. Yu Qi accepted her fate accepting the dresses and tried them. When she tried the first dress, she suddenly remembered about Long Hui. About when Long Hui kissed her back. It was so embarrassing.

"Yu Qi, are you done?" Ming Yue asked when it was already a long time but Yu Qi had not finished yet.

"I'm done. I will come out." Yu Qi shook her face wanted to make the embarrassing moment disappear from her mind

Yu Qi came out with the first dress.

"Beautiful." Su Xiao said.

"Our Yu Qi really look beautiful on any dress." Ming Yue added.

It was continuing since Yu Qi finished trying all the dresses that Ming Yue and Su Xiao selected. They wanted to take some more but Yu Qi managed to stop them. Yu Qi selected the dress that she thought suited her the best.

After that, they went back to Tang House. Ming Yue told her to dress up for the party. They wanted to bring Yu Qi to the party of Ming Yue's friend. It was her birthday.

If Yu Qi knew earlier, she would prepare. Ming Yue said it was not needed because she already prepared one for her friend. Tang Jung Wen was off duty for the night so, he would be joining them for the party.

Yu Qi wore light natural makeup. She did not want to wear thick makeup because she was aware it would be damaging her skin.

When her two aunties saw her, they praised her for being beautiful. She was embarrassed when her two aunties non-stop praising her. Even her uncle, Tang Jung Wen also threw some praise to her.

Because of Tang Jung Wen was present, he would be their escort and driver.

"My dear, you can't drink tonight." Ming Yue gave a reminder to Tang Jung Wen. "If someone asks you to drink, I will be your knight. So, don't worry about that."

Yu Qi and Su Xiao who sat at the back chuckled when they heard Ming Yue's statement.

Chapter 210 - 210: I Do Have A High Standard

They arrived at the party which took place at the Qin Hotel. Ming Yue asked the front desk about the party. A server came forward and asked them to follow him to go to the party venue.

There were a lot of people already at the venue. Ming Yue wanted to greet the host of this party first. So they went to meet th host.

"Ming Yue, Su Xiao, you came." The middle-aged woman smiled at them.

"Qi Na, of course, we will come. You invite us. If we don't have any urgent business, we will definitely show our face." Ming Yue said with a smile. "Here my present to you."

Yu Qi was the one who held the present handled the present to the woman.

"Ming Yue, this is..." Pei Qi Na inquired.

"Oh, you haven't seen my niece, right? This is Tang Yu Qi. My father in law adopted her as her granddaughter." Ming Yue turned to Yu Qi. "Yu Qi, this is my friend, Pei Qi Na."

"Hello, Mrs. Pei." Yu Qi greeted her.

"No need to call me Mrs. Pei. Just call me Auntie Qi Na." Pei Qi Na had a good impression of Yu Qi. To enter that old man's eyes, she sure this girl was not a simple girl.

"Okay, Auntie Pei." Yu Qi followed what she wanted.

"Yu Qi, you can survey around. We would like to talk to Auntie Pei." Su Xiao said.

"Okay." Yu Qi left the group.

The venue was very big. In the middle of it, the tables had arranged with good looking food. Better filled her stomach first. So, she ate and ate. Then, someone approached her.

"Hi." The man said.

Yu Qi ignored him and continued to eat. However, the man keeps talking to her, saying he was the son of a rich family, bla bla bla...

"You womanizer." A woman approached the man and Yu Qi while saying something like that.

"No... No... No... My dear. She the one who seduced me." The man shifted the blame to innocent Yu Qi that only eating.

Yu Qi rolled her eyes to the man.

"My dear, believe me. I love you but this girl keeps seduce me. She wants me to ditch you and be with her." The man crafted the story with convincing tone.

The woman stopped getting angry at the man and looked at Yu Qi. She was more convinced when looking at Yu Qi. This girl in front of her really looked beautiful. This girl must seduce her man.

"Hey, you. Why are you seduce my man?" The woman asked Yu Qi.

"Sister Min Lan, you should just slap this kind of a bitch." One of a friend of Min Lan suggested.

"I bet she's here to find a rich man to seduce." Other of Min Lan's friend said.

They were talking in the loud volume. So some of the people at the party looked at them.

Yu Qi put her plate on the nearest table. She turned to face Min Lan and others. She glared sharply at the man. The man saw it and without knowing the reason, he shivered. Even he talked to this girl earlier, he did not fully look at her face. Now when he looked at her, this girl's face really beautiful but at the same time, it was void of emotion.

"Sorry to tell you, I do have a high standard." Yu Qi said one sentence.

At first, Min Lan and others did not understand what was she talking about. After a few seconds, they realized she was talking about Min Lan's boyfriend.

"You..." The man wanted to retort back but once again, Yu Qi glared to him making him shut up.

"I know the reality is really hurt." Yu Qi said again.

This made everyone stunned by her speech. Min Lan the one who first snapped. Someone had insulted her boyfriend.

"You are the one who seduces him but when he did not respond, you said something like this." Min Lan became angry.

"Do I look desperate to you?" Yu Qi flashed a cold smile. "He was the one who came and talked to me. I did not even say one word to respond to him." Yu Qi made herself clear.

"Even he is the last man standing in this world, I will not look at him. He is simply not my taste." She added more.

The middle-aged woman came closer to them. She could not stand this anymore.

"I'm a witness. This girl here..." She pointed to Yu Qi. "She was eating alone. Until the man there..." She then pointed to the man beside Min Lan. "Came to disturb this girl. As this girl said, she did not say even one word to the man. But the man keeps talking. Even I felt annoyed with the man."

The middle-aged woman dropped the bomb. Min Lan turned to face her boyfriend. When she looked at her boyfriend, it was confirmed that the middle-aged woman was saying the truth. She turned back to Yu Qi.

"Miss, I'm sorry." Min Lan bowed to Yu Qi.

"Apologize accepted." Yu Qi accepted the apologize easily made her image became better to other's eyes.

"One advise to you, miss." Yu Qi wanted to add something.

Min Lan waited for her to say it.

"Leave this kind of man. Try to find another one. He is not worth." Yu Qi finished talking. So, she turned back to eat.

Min Lan looked at her boyfriend... Oh, no. Now, it was ex-boyfriend. Then she left. Her friends followed her leaving the man standing there.

"Madam, thank you for your help." Yu Qi thanked the middle-aged woman that helped her earlier.

"It was nothing." The middle-aged woman smiled.

Ming Yue and Su Xiao came to Yu Qi's side.

"Are you encounter some problem earlier?" Ming Yue could not help to worry.

"You don't have to worry Aunty Ming Yue. It was already solved by this madam's help." Yu Qi smiled.

Ming Yue and Su Xiao thanked the middle-aged woman. Everyone that saw what had happened earlier now knew this girl was the new member of Tang Family. The girl that caught the attention of the legendary doctor, Doctor Tang Jiang Man.
