Chapter 241: Stop The Thief

"It was fun." Yu Qi said after getting out of the cinema.

"It is great that you have fun." Long Hui fix her hair.

The excited scream could be heard not from their place. The two of them turned to see what had happened. Turned out a bunch of young girls were looking at them.

"They are like a couple in our favorite novel." A girl said to her friend.

"Yeah. The handsome man only looks at his girl. Without paying any attention to other women. Truly romantic." Another girl narrated her story.

"Yeah. I agree with you."

They made another excited scream toward Yu Qi and Long Hui. Long Hui ignored them and walked away pulling Yu Qi with him.

"Where will we go next?" Yu Qi asked Long Hui with a hint of excitement.

"It's already afternoon. Let's go for lunch first." Long Hui suggested.

"Okay." Yu Qi agreed because she thought she did feel hungry.

They entered the cafe. They took a table at the corner. A little hidden from people's eyes. The waiter came and asked for their order. Yu Qi decided to have seafood spaghetti with lemon juice. While Long Hui ordered chicken chop and watermelon juice.

"The movie is very fun." Yu Qi commented.

"Yeah. You know all the gun in that movie." Long Hui chuckled. "Where did you learn it?"

"Well, I learn from my shooting club." Yu Qi lied.

Long Hui did not want to ask more, so he just dropped that topic. The food came later. They ate the food. Yu Qi did not realize some of the sauce left on her corner lips. Long Hui saw it and smiled. He stood up and wiped the sauce with his finger and licked it.

Yu Qi saw it and froze.

"The sauce was there. I'm helping you." Long Hui said in a smile.

"You just can tell me about that." Yu Qi turned to red.

"I just want to serve you, my beloved." Long Hui teased Yu Qi.

Yu Qi looked away continued to eat her food. Long Hui chuckled seeing his beloved Qi Qi getting shy with his teasing.

The lunch ended. They walked out of the cafe. It was the weekend. So there were a lot of people hanging out together. There were some couples. Bending with the crowd, Long Hui hugged Yu Qi's waist so that she would not pull away with the crowd.

They went to the area that did not want many people. However, Long Hui still did not release Yu Qi's waist. He kept hugging it.

"Help. Thief." A scream could be heard.

The couple looked at the source of the voice. There were two men running in a hurry. As a soldier, Long Hui could not stand this kind of crime. Because the men running toward them, Long Hui stopped them with kicks.

The men fell on the ground. The scene attracted many onlookers. People were gathered to see this. The men did not give up. One of them with a knife grabbed Yu Qi and threaten Long Hui.

"Move. If not, I will hurt her." The man shouted.

Long Hui stopped moving. However, he did not show some trace of panic making onlookers thought about his relationship between the beautiful girl that been held by a man that placed a knife at the girl's neck.

They could not help but pity the girl because she loved the cold man that did not even care about her safety.

"You will hurt me?" A cold voice heard by the man. A voice that could make your hair stood.

Ignoring the knife at her neck, Yu Qi placed her hand on the man's arm and did a judo move, the back throw. The onlookers were stunned with what they just saw. A girl just threw a man. Just like that. The men already passed out.

Long Hui approached Yu Qi. He checked his beloved Yu Qi to make sure she did not hurt. Yu Qi smiled. Long Hui made a relief face knowing she was fine.

"Thank you for stopping the thieves for me." A middle-aged woman stepped up thanking Yu Qi and Long Hui.

"What were they stole from you?" Yu Qi asked.

"My wedding ring. I wear it around my neck like a necklace. Suddenly, these scum men come. One disturbed my attention, another one waiting for a chance. Once they saw me did not pay attention, one of them grabbed my ring by snatching it. My neck got hurt by it." The middle-aged woman explained.

Long Hui inspected the men's pocket. He did find the ring. He took and brought it to the middle-aged woman.

"Is this your ring?" Yu Qi asked.

"Yeah. It is my treasure since my husband passed away. Thank you." A middle-aged woman cried when getting back her ring. It must be important to her.

Chapter 242: Possessive

Long Hui called the police to take care of the two men. He wanted to continue the date back.

"Wow, that girl was very strong. No wonder her boyfriend does not look worried at all." The onlooker commented.

"The man was also strong. Want him to hug me." A girl commented.

Hearing that comment, Yu Qi frowned. She wrapped Long Hui's waist with her arm showing this man was hers. No one could get him.

Long Hui smiled. His beloved Qi Qi was jealous. It was a good sign. Showed that Yu Qi loved him very much and did not want other girls had a thought on Long Hui.

They walked around. Yu Qi spotted a stall that sold crepes. Having a craving for it, Yu Qi pulled Long Hui to buy some.

"Do you have it?" Yu Qi asked Long Hui.

Long Hui looked at what she was eyeing for. It was food. Crepe? He did not know what kind of food is it. Long Hui shakes her head.

Understood that Long Hui did not interested in the crepe, she told the seller that she wanted to buy one. "Auntie, give me one. That with banana strawberry choco."

"Okay. Wait for a moment." The woman said.

Not more than five minutes, her crepe was ready. She wanted to pay but another hand already hand out the money to the woman. Yu Qi looked at Long Hui.

"I will pay it for you." Long Hui said.

"Okay."

Yu Qi dipped into the crepe. "It is delicious." The smile of satisfaction could be seen on her face.

Long Hui looked at his beloved Qi Qi. She looked like a little squirrel that got a peanut for her lunch. He chuckled. Yu Qi heard that turned to Long Hui with an invisible question mark on top of her head.

"What?" Yu Qi stopped eating asking him.

"It's nothing. You just look very cute. Like a little squirrel." Long Hui reached out his hand and caressed Yu Qi's face.

Yu Qi turned her face away. Avoiding Long Hui's eyes. Ignoring Long Hui, Yu Qi took another bite of the crepe. It was a total blessing. Turned back to Long Hui, she asked.

"Do you want a bite?" Yu Qi made a face that Long Hui could not reject her.

Long Hui took a bite. "Sweet." Long Hui commented.

Yu Qi laughed. "Of course, it is sweet."

"I'm not a fan of sweet food." Long Hui told her.

"Really? Sorry then for making you eat this."

'Oh, he did not like a sweet thing. I will take notes on this. It is important when I want to cook for him. Wait! Why do I say I want to cook for him?' Yu Qi's changes in expression caught by Long Hui's eyes.

His beloved Qi Qi looked very cute with this many kinds of expression. Long Hui chuckled.

"It is okay. If you want to eat something sweet, I will accompany you." Long Hui said in the dating tone.

"However, please don't ask another man to accompany you, okay?" Long Hui did not miss of chance on giving warning to her about another man.

"Okay, I promise." Yu Qi nodded promised him.

Yu Qi knew Long Hui was a possessive man. However, she liked that because she wa also a possessive woman too. She did not like when a woman had thought with her man. Like that Feng Meng Xuan

Chapter 244: Beautiful

After finished the crepe, Long Hui pulled Yu Qi to enter the clothes shop. He wanted to buy more clothes for his beloved Qi Qi. The saleswoman greeted the two of them. Her eyes lifted up when seeing a handsome specimen in front of him.

Yu Qi glanced at the saleswoman. The saleswoman caught the glance. Understood the meaning of the glance, she made a professional smile.

"What's kind of clothes do you want to buy for your wife, sir?" The saleswoman asked.

Hearing the word wife came out from the saleswoman, Yu Qi almost choked. While Long Hui felt it was great. Yu Qi was the only woman who would be his wife, it was not wrong to call her with that title.

"I want to see some dress that fits my wife here." Long Hui already used the word wife to call Yu Qi.

Yu Qi glared at Long Hui. Long Hui chose not to see the glare.

The saleswoman led them to the newest dress. Long Hui surveyed the dress to choose for his beloved Qi Qi. Yu Qi did look at the dresses but she lost interest. Long Hui the one who looked very focused on choosing the dresses like he was the one who's going to wear it.

"This... This... This...This... And this for now." Long Hui pointed to five dresses directly.

Yu Qi looked at Long Hui with shook. Meanwhile, the saleswoman looked at Long Hui like he was a god. Well, basically yeah. Long Hui right now was a god to her because the more Long Hui brought, the more bonuses that she would get.

"Qi Qi, try the dress, will you?" Long Hui requested Yu Qi with a seducing smile.

Yu Qi gave in to the smile. She knew if she rejected this time, Long Hui would persuade her until she gave in for his request. Yu Qi took the dresses and went to the fitting room.

Waiting for Yu Qi to try the dress, Long Hui surveyed once more the dresses. He became additive to choose the clothes to Yu Qi. Suddenly someone came to talk to him.

"Hi, are you free right now?"

Long Hui looked at the source of the voice. There were two girls who smiled sweetly to him. He made an expressionless face.

"If you like, you can join us for a drink." The girl invited Long Hui for a drink.

Long Hui did not respond to the girl instead turned to the fitting room waiting for his beloved Qi Qi.

"Hey, I'm talking to you." The girl tried to grab Long Hui's arm.

"Dare to touch my man, you will lose your arm." A voice could be heard from behind.

The girls turned to see who talking. They could see a beautiful girl coming out of the fitting room. Long Hui quickly approached his beloved Qi Qi.

"Qi Qi, you look beautiful." A gentle smile appeared on Long Hui's face when he looked at his beloved Qi Qi.

The girls felt awkward when seeing the handsome man that they were hitting on already had a woman beside him. They also shocked when a man like him could change their personality right away, from the cold man to sweet man.

"What? Still, want to grab my man?" Yu Qi looked to the girl with a murderous look.

The girl scared with that look. They ran away. Other customers looked at the situation.

"Those girls are stupid. That man clearly has a girl since he comes into this shop." Another customer commented.

"Yeah. How can the man that handsome does not have a girlfriend?"

"That right."

The man that been discussed did not care about what they had commented about him. His eyes were locked at the person that already changed to the dress that he chose just now. He was just admiring the beauty in front of him.

"It's beautiful." Long Hui praised Yu Qi once again.

"Thank you."

"Go. Change to another dress. I want to see you wearing all of them." Long Hui said.

"Again?" Yu Qi actually did not want to try anymore.

"If you don't want to try, then we can just buy all of them." Long Hui nodded thinking about that possibility.

Yu Qi quickly reacted. "No need. I will try. Then you can compare and choose one from that." Then she ran to the fitting room.

Long Hui chuckled when seeing Yu Qi ran away right that. After five minutes, Yu Qi came out of the fitting room with a second dress.

Long Hui looked at her. He nodded at Yu Qi. "Beautiful." Long Hui stared at Yu Qi so long until Yu Qi.

Chapter 245: Our Money

"Can I change to another dress?" Yu Qi said to Long Hui after she waited for a long time.

She waited for Long Hui to tell something again but Long Hui just stared at her until she felt very embarrassing being stared like that.

"Oh, please." Long Hui was stunning when his beloved Qi Qi stepped out of the fitting room.

This happened until Yu Qi tried the last dress. Yu Qi changed back to the original dress that she wore for today.

"So, sir, miss, which one dress that you prefer? Or you want to try others?" The saleswoman came after seeing Yu Qi already tried all the dresses they chose.

"Al..." Long Hui did not manage to finish the word.

Yu Qi closed Long Hui's mouth with her hand. She looked at the saleswoman. "We currently discuss it. Wait for a minute."

"Yes." The saleswoman knew that the man wanted to buy all of the dresses that the lady tried on from the man's unfinished word.

"Brother Hui, let's choose one only. We can not buy this all." Yu Qi whispered to Long Hui.

"But you look very beautiful on all of them." Long Hui said.

"I know but we could waste our money just like that. Just choose one that you think most suitable for me." Yu Qi needed to stand firm. Last time, she did not strong enough to reject Long Hui. But now, it was different.

However, Long Hui was focusing on another thing. His beloved Qi Qi just said, 'our money'. She was thinking she was already part of his. Yeah, he needed to follow his beloved Qi Qi said.

"Okay, Qi Qi. But choosing one is very difficult because you do look very beautiful in every dress." Long Hui thought so hard about it.

"Just think which one is the most suit for me." Yu Qi kept persuading to choose only one.

After 5 minutes, Long Hui made his decision. He took the second dress that Yu Qi tried just now and gave it to the saleswoman.

"We will take this." Long Hui said.

The saleswoman disappointed that the man only chose one dress as their choice. She was thinking that she would get more bonus from them but now it was just a dream. However, her hand quickly proceed to process the couple purchase.

Long Hui made the payment and they left the store. Yu Qi took a relief breath because she succeeds in convincing Long Hui on buying only one dress. They walked again.

Suddenly, Yu Qi's eyes lifted up. Her eyes were looking at a store. Well, a store that selling man outfit. Her desire to buy Long Hui something flared up. She could not let only her that received something from

Long Hui. She also wanted to buy Long Hui something. Since Long Hui already brought a dress to her, she also wanted to buy an outfit for Long Hui.

Yu Qi dragged Long Hui to the store. Their entrance made people inside the store looked at them. Even some of them recognized them.

"Hey, that couple. We just saw them in another store, right?"

"Yeah, the man was buying the dress for the woman."

"I bet she also wants to buy something for the man."

"Yeah, I think so too."

The people especially the women in the store were whispering about them. However, Yu Qi ignored it. Her focus only on Long Hui.

Chapter 246: Choosing A Outfit For Long Hui

This was her turn to choose the outfit for Long Hui. She was kind of excited when thinking Long Hui would be wearing the outfit that she chose to him. Yu Qi was looking around through the shop selecting the best outfit that might suit Long Hui.

Long Hui was watching Yu Qi in an amusing look. His beloved Qi Qi thought so hard in choosing something for him. He would wear anything that his beloved Qi Qi chose to him. He knew his beloved Qi Qi would not choose something weird for him to wear it.

"Miss, do you need some help?" A man as the salesman came and asked Yu Qi. He watched Yu Qi was kind of looking for something.

Long Hui saw that quickly came closer to his beloved Qi Qi claiming his place. Yu Qi looked at Long Hui and chuckled. The man maintained his smile professionally.

"I like to find clothes for my boyfriend here. Maybe something casual or formal." Yu Qi wanted the man to help the salesman.

"For the casual outfit, you can look at this section. For the formal outfit, you can look at that section." The salesman said showing the section that showed t-shirts and jackets and then to the section that showed a formal suit.

Yu Qi was looking at the sections mentioned by the salesman. Yu Qi's eyes lifted up when she saw something that caught her attention. A gray formal outfit looked very attractive to her. Long Hui might look very handsome when he wore this outfit.

"Sir, we would like to try this." Yu Qi said while her finger pointed to the gray outfit that caught her attention.

"Wait for a minute, miss. I will get it for you." The salesman went to take the outfit.

"Brother Hui, you have to try this outfit." Yu Qi turned to Long Hui.

"Okay." Long Hui quickly agreed with him.

The salesman came and gave the outfit to Long Hui and showed Long Hui the fitting room. Long Hui entered the fitting and changed to the outfit that Yu Qi chose for Long Hui. After 5 minutes, Long Hui appeared from the fitting room.

Yu Qi's heart fluttering when seeing Long Hui so handsomely with the outfit that she chose. Long Hui saw the look on Yu Qi's eyes. He approached Yu Qi and gave her a seducing smile.

"Do I look good?" Long Hui asked

"Yes. You look very handsome. It is my honor to have you as my boyfriend." Yu Qi answered.

Long Hui laughed. "It is my honor too to have you as my girlfriend."

"Do you like what I chose for you?" Yu Qi asked.

"I will wear anything that you choose for me." Indeed his beloved Qi Qi's taste was very great. He did like the outfit.

"Okay. We will take this." Yu Qi made the decision. Other outfits did not manage to catch her attention. So, only this one.

Long Hui already changed back to his original clothes. The salesman took the outfit and went to the counter to process the payment. Long Hui took out his wallet to pay but his beloved Qi Qi stopped him.

"Let me pay for it." Yu Qi told him.

"But it is my outfit." Long Hui rejected it.

"Well, it is my gift to you. It should make sense if I pay for it." Seeing Long Hui was attempting to say something, she continued again. "Money is the thing that I don't lack right now."

Long Hui watched Yu Qi for some moment. Then he gave up on the topic. He allowed Yu Qi to pay. Yu Qi indeed felt happy when she paid for Long Hui's outfit.

"Thank you for the clothes, my beloved." Long Hui smiled.

"Me too."

They continued the date walking around. Yu Qi was very happy with the date. Love indeed gave some kind of happiness when it was mutual.

....

They arrived at the Godly Herbs. Long Hui did listen to Grandpa Tang to send Yu Qi back when the sky turned gray.

"We arrive." Long Hui said.

"Yeah." Yu Qi could not help to sound a little sad.

Sensing Yu Qi's voice changed, Long Hui gave her an assurance smile. "Don't worry. We will meet again. And of course, have a date again."

Yu Qi nodded to Long Hui.

"At that time, please wear the dress that I brought for you, okay?" Long Hui caressed Yu Qi's face.

"Okay, I promise."

Long Hui moved closer to Yu Qi. Yu Qi was kind of anticipating this. She just waited for it. However, Long Hui did not kiss her lips. He kissed her cheek.

Yu Qi's expression changed a little bit. Long Hui caught that and smiled mischievously.

"Disappointed?" Long Hui said with the tone of joking.

"No." Yu Qi rolled her eyes. "Well, then I will enter first." Yu Qi wanted to get out of the car.

However, Long Hui pulled her and stopped her from getting out of the car by giving her a deep kiss. Yu Qi at the beginning was shocked but she gave her way to Long Hui to do whatever Long Hui wanted to do.

Chapter 247: Meeting With King Enma

Long Hui released Yu Qi after ten minutes of kissing. Long Hui deliberately licked his own lips while looking at the flushing Yu Qi. Yu Qi tried to catch the breath saw Long Hui licked his lips began to feel shy again.

"As you want, I kissed your lips." Long Hui teased Yu Qi. "We will continue it when we meet again."

Yu Qi did not stand anymore. Grabbing the shopping bag, she ran out. Long Hui smiled seeing Yu Qi acting like that. He needed to work hard to make Yu Qi did not get shy anymore.

Without they realized, someone was watching them the moment they stopped in front of Godly Herbs.

.....

Yu Qi already packed her clothes to go back to Starlight University. She wanted to ride the bus. As usual her family against it. Grandpa Tang wanted to send Yu Qi. But first, they would stop by the Tang House at the FINN City.

"Grandfather, I'm ready." Yu Qi brought out the backpack since she did not have anything to bring.

"Okay." Grandpa Tang said.

So, they traveled to FINN City. Grandpa Tang called his drive to bring them to Tang House. After three hours, they arrived at Tang House. As usual only her aunties and the maid at the house.

"Father, Yu Qi. Welcome home." Ming Yue and Su Xiao welcomed two of them.

"Aunties." Yu Qi hugged her two aunties.

"My dear Yu Qi is here." Ming Yue patted Yu Qi's back.

"Unfortunately, I will go back to university tomorrow." Yu Qi sighed.

"Really? Sigh. I thought we will have time together." Su Xiao sighed.

"It's okay, Aunties. I will come back and spend time with you later." Yu Qi said.

"Father, do you need to rest?" Ming Yue asked her father in law.

"No need to worry about me. I will go rest if I want to. I just want to walk around the house." Grandpa Tang just left.

"Let's go eat some dessert for our afternoon tea." Ming Yue asked Yu Qi.

"Okay." Yu Qi agreed.

'Master, I want to taste it too.' Aoi suddenly spoke to her through telepathy.

'Eh, you want to eat desserts?' Yu Qi was surprised. She did not know a Siberian Husky would request to eat some desserts.

'Master, I'm not a normal dog.' Aoi rolled his eyes to Yu Qi.

'Okay. Okay. Don't be angry with me.' Yu Qi laughed.

"Aunties, Aoi also wants to eat the desserts too." Yu Qi said to her two aunties.

"Oh, really? Let's go then." Su Xiao turned to Aoi and invited Aoi too.

"Woof," Aoi replied to her.

Su Xiao was surprised. "Aoi as usual, very clever." Su Xiao laughed

....

Yu Qi went out of her room. On her way to the dining room, she spotted her Brother Jin Wei. She dashed to him in order to surprise him.

"Brother Jin Wei." Yu Qi pranked her Brother Jin Wei. She purposely called him with a loud voice.

"You brat. Lucky, I do not have a heart attack disease. If not, I already across over meeting with King Enma." Tang Jin Wei shouted to Yu Qi.

"Because I knew that you do not have that kind of disease, that why I play this prank for you." Yu Qi laughed.

"Brat!!!!" Tang Jin Wei screamed.

Yu Qi already started running away. Tang Jin Wei also started to chase Yu Qi. The chase became a normal routine for Yu Qi and Tang Jin Wei during her stay at Tang House. The maids also knew their routine.

Yu Qi arrived in the dining room. Tang Jin Wei appeared three minutes after her. Grandpa Tang, Ming Yue, Su Xiao, and Tang Jan Qin already took the seat.

"Are you done playing?" Ming Yue asked her son.

"Mum, I was..." Tang Jin Wei wanted to complain but Ming Yue stopped him.

"Come and sit. We can start eating." Ming Yue ordered Tang Jin Wei.

Tang Jin Wei put a wronged face and sat. Yu Qi was smiling when looking with her Brother Jin Wei. It was fun playing with him.

"Uncle Jung Wen and Big Brother Han Lee on the night shift?" Yu Qi asked Ming Yue when she did not see the two of them.

"Yes. I called their office. The nurse said they have a scheduled operation tonight." Ming Yue answered.

"I see."

"Sigh, why does my other son look very free?" Ming Yue said.

"Mum, I do my work, okay." Tang Jin Wei felt wronged. Her mother wanted him to work overtime.

Everyone was laughing when Ming Yue teased her son.

Chapter 248: Love Advice

Tang Jin Wei ended driving Yu Qi straight to Starlight University. He got one day off. In the beginning, Ming Yue and Su Xiao wanted to come with them. However, they seemed to have a meeting that they could not avoid. Meanwhile, Grandpa Tang wanted to rest at home.

"Little Sis, how are your student life?" Tang Jin Wei asked while he was driving.

"Well, except for the jealous girls, everything is great." Yu Qi answered.

"Oh, my little sis, your life is sure fun." Tang Jin Wei smiled.

"Fun?"

"Of course. I bet the girls were jealous because my little sis is great." Tang Jin Wei praised his little sister.

Yu Qi chuckled. "Of course." She added praise.

"But what are they jealous of?" Tang Jin Wei was curious about that.

"Well, the source came from a man."

"Oh, a man? Who?"

"A senior. He confesses to me in public." Yu Qi told her brother about that.

"What? He confesses to you? And it is in public?" Tang Jin Wei was surprised. He did respect his courage.

"And then? What is happening?" Tang Jin Wei could not wait to hear what happened next.

"Huh? Nothing happened, though. I reject him on the spot." Yu Qi told him.

Tang Jin Wei was shocked. Being confesses in public was one thing, and then she rejected him on the spot? He did pity the man. He felt that the man more like a ball had been thrown by the pitcher to the batter and the batter hit the ball. Home run.

"The thing got more troublesome when his secret admirers came and made trouble to me. Humph, did they thought I'm a pushover. Stupid." Yu Qi sneered.

"I bet that man is handsome like me." Tang Jin Wei did not forget to praise himself.

"I personally think that you are more handsome than him."

Yu Qi's praise for him instantly made Tan Jin Wei happy. But not for so long.

"But you can not win against Brother Hui." Yu Qi shot Tang Jin Wei fell from the high.

"You brat." Tang Jin Wei snorted.

Yu Qi laughed.

"What made you like him?" Tang Jin Wei asked.

"Well, his cold side? Well, I met him for the first time at the bank. At that time, we encountered the robber. He handled the man so easily. He was strong." Yu Qi recalled the memory.

"Okay. Stop. I don't want to hear anymore." Tang Jin Wei stopped Yu Qi. He would eat the dog food if he let her continued the story.

Yu Qi rolled her eyes to Tang Jin Wei. He was the one who asked.

"Then let me ask you, why are you single?" Yu Qi asked Tang Jin Wei.

"I don't want to bound to anyone. After all, there are girls who liked me. One girl is not enough for me." Tang Jin Wei spoke with a proud tone.

"Human trash." Yu Qi mumbled.

"Hey, did you said human trash?" Tang Jin Wei asked.

"Yes, I did. I bet those girls don't even like you." Yu Qi just being honest.

"Little Sis, you just hurt my heart." Tang Jin Wei made a sad voice.

"Humph!" Yu Qi did like her Brother Jin Wei but the only thing that she did not like about him was his playboy nature. She did not understand why women still liked him after he displayed his playboy skill.

"Little Sis, I don't meet anyone that makes my heart flutter." Tang Jin Wei made an excuse.

"Okay. It makes sense but what if, when you meet someone that you love, do you think she will be happy to hear about your flirting skill?" Yu Qi asked.

"Oh, I don't think about that." Tang Jin Wei suddenly realized it.

Yu Qi sighed. He was another idiot. Tang Jin Wei was a successful doctor but he was a hopeless idiot when it came to things like this. Is Tang Family's men was an idiot when it came to the relationship between man and woman? She let another sigh out from her mouth

Her Brother Han Lee was also a hopeless idiot. He did ask for Ding Na An's contact number. But when she met him this morning, he told her that he greeted Ding Na An every morning and night. That's all. She remembered the conversation that they had this morning.

"What? You just said good morning and good night to her?" Yu Qi could not believe what she had heard just now.

"Yes. I just don't know what to say to her." Tang Han Lee scratch his cheek with his finger.

"Big Brother Han Lee, you can ask about her study. You are a doctor and she is a future doctor. You can find a suitable topic with that. Make her become comfortable with you to talk. After that, you can proceed to ask something personal about her. But don't force her to tell you. Let her the one wants to talk to you about it." Yu Qi gave advice to Tang Han Lee about pursuing Ding Na An.

Chapter 248: Second Doctor Tang

"Little Sis, Little Sis, are you listen to me?" Tang Jin Wei raised his voice when he saw Yu Qi was daydreaming while talking to him.

Yu Qi came back. She was remembering the talk that she had with her Big Brother Han Lee. Then she sighed again. Together with her was another idiot. At this time, she did remember that Long Hui did his flirt attack on her. She was grateful to Long Hui for making the flirt attack. If not, they would never be together.

Little Sis." Tang Jin Wei called her again.

"What?"

"How can I fix this problem?" Tang Jin Wei asked again.

Oh, they were talking about his playboy character. Her Brother Jin Wei did not want his future girlfriend to hate him because of his playboy character.

"You have to stop flirting with the girls you meet, like the nurses in the hospital. Talk normally with them. Don't make them think that you have a feeling for them." Yu Qi told Tang Jin Wei.

'What the heck? Why I become their love adviser? I'm just in the relationship recently. Well, let's advise him just not to flirt around.'

The talk about love continued. Until they arrived at Starlight University. Some of the students already returned to university. Tang Jin Wei stopped the car. They got out. This scene caught some of the female students since they were in front of the female hostel.

"Hey, is that Tang Yu Qi?"

"Yeah. That man was not the same man from the last time."

"Huh? Wait. That's right. This man sure handsome but not much like the other one."

"Is she cheat with him?"

"What? Why she cheat? That man was clearly more handsome than this man."

"Maybe this man is richer than that man."

"What the heck? How she does this?"

"Slut."

"Definitely a slut."

Yu Qi turned to the girls that clearly talking about her. Her Brother Jin Wei might not hear the conversation but she did. The girls clearly gossiped about her. And called her with names.

"What?" Tang Jin Wei asked when he looked at her little sister watching the two girls with a sharp look.

"They thought you are my boyfriend." Yu Qi told Tang Jin Wei.

"You have to be proud to have a handsome boyfriend like him." Tang Jin Wei put an air.

"But they know I have a man more handsome than you." Yu Qi attacked Tang Jin Wei with a fact.

Tang Jin Wei felt like something shot his chest. Then another attack came.

"They thought we are a cheating couple."

"What the heck?" Tang Jin Wei raised his voice.

The girls turned to Tang Jin Wei wondering why was he became angry and raised his voice.

"Idiot. Why are they assume we are a couple? What? When a man walks together with a woman, are they automatically become a couple? Don't assume anything if you don't know anything." Tang Jin Wei spoke with a loud voice while his eyes were looking angrily at the two girls that talking about him and his little sister.

The girls were shocked when hearing those sentences. They knew that those sentences were basically aiming to them because Tang Jin Wei was looking at their direction when he said those sentences. The more surprised, how could the man hear what were they talking about from this distance?

"Little Sis, how can you live here?" Tang Jin Wei asked Yu Qi with a worried look.

"Don't worry, Brother Jin Wei. I can handle it." Yu Qi said in an assurance tone.

"I need to go back now. Brother Han Lee asked me to remind you if you want to go home, just call us. Don't ride the bus. At least, not in the night." Tang Jin Wei relays what his brother wanted to tell Yu Qi. Well, he also agreed with what Tang Han Lee said. It was not safe for a girl, likely a beautiful girl like his little sister travelled by bus in the night.

"Okay." Yu Qi nodded. She might betray this promise.

"Thank you for sending me here, Brother Jin Wei." Yu Qi thanked her brother.

"Okay. Goodbye, Little Sis. You too, Aoi." Tang Jin Wei said while looked down at Aoi.

Aoi: Finally they remembered me. Humph.

"Drive safe." Yu Qi said her goodbye.

The car finally left the university's ground. Yu Qi turned to enter the hostel. She stumbled upon her friend, So Pang Lim and Mei Lilli.

"Yu Qi, where is he?" So Pang Lim excitedly asked Yu Qi while shaking Yu Qi.

Yu Qi confused. 'Who was she talking about?'

Mei Lilli stopped So Pang Lim from shaking Yu Qi.

"Pang Lim let Yu Qi go first."

"Oh, sorry." So Pang Lim realized she reacted so strongly to Yu Qi.

"Then, who are you talking about then?" Yu Qi asked.

"Yu Qi, where is the Second Doctor Tang?" So Pang Lim calmed down herself before asking Yu Qi the question.

"Second Doctor Tang?"

"Yes. Your second brother."

"Oh, Brother Jin Wei. He already went back home. He just sends me here."

"Sigh. I miss my chance to meet him." So Pang Lim turned around and walked away while sulking.

"What's wrong with her?" Yu Qi asked Mei Lilli.

"Well, she is just Tang Family maniac."

Chapter 249: Promotion Club

The new semester began. After doing her usual routine, Yu Qi prepared to go to the class. The semester, new subjects. The difficulty of the course began to start to stress the students. Yu Qi was no exception. She had to divide her time to study, work and her club training.

The new student entered the university. This time, her club would be busy inviting new students to enter their club. Yu Qi was selected as the main promoter for their club. She would be performing the shooting.

The other club member spread the word that Queen of Shooting would be performed the shooting. The new students seemed to know Yu Qi, they kind of interested to see Yu Qi.

It was Vice Captain Jung Xi Wan's idea to her becoming the promoter. Yu Qi would be shot with various positions and targets. Other members were becoming targets. They even fighting among themselves to become the targets.

Yu Qi did not understand that. She thought they would be scared because they might get hurt in the process if something went wrong. Now she was kind of wonder if her club members were masochists.

At the final, only five club members had been selected by Vice Captian Jung Xi Wan. They were acting like they had won an award. For those who had not been selected, mourned as someone had died.

"Yu Qi, I heard that you will be performing a shooting show." Mei Lilli said.

They were eating at their new renovated cafe inside their faculty building after a long time waiting for it to complete the renovation. Yu Qi was happy because she did not need to go to the public cafe because at the public cafe where the problem usually occurred for her.

As mentioned before, nonmedical students would not be allowed to enter the Medical Faculty's building so the incident like before probably would not happen here. Because of all the medical student were in good relationship with Yu Qi. Well, except for the first year students. They did not know Yu Qi yet.

"Yes, our vice-captain wanted me to be our club promoter. He said many will like to join us if I become the club promoter." Yu Qi explained the situation.

"Well, I'm kind of agree with him but I don't think they would not be interested in the club." So Pang Lim also sitting together interrupted the two of them.

"Yeah, I think so too." Mei Lilli nodded.

"Huh? Why is that? Why are they want to enter the club if they did not interest in the club?" Yu Qi honestly did not understand that.

Mei Lilli and So Pang Lim looked at each other. They thought Yu Qi was kind of stupid in this topic. This girl did not understand herself. She was beautiful and every man wanted to become closer to her.

Yu Qi really did not understand what So Pang Lim and Mei Lilli meant by that. It was because of what had happened in her past life. Yu Qi did not think that she was beautiful because of her fiancée in her past life did not love her but Feng Meng Xuan. That was affecting her.

"Yu Qi, I don't think you are like this." So Pang Lim said.

"Yeah." Mei Lilli nodded.

"Huh?" Yu Qi really did not understand.

"If you don't understand, it is okay then." Mei Lilli ended the topic.

....

The day of the promotion.

There were a lot of new students gathered at the training ground of the shooting club. Even old students also there. Yu Qi was prepared for shooting. And also the five club members prepared themselves to become the targets.

"I can't wait to be shot by our queen." One of them said.

"Yeah. Me too."

Vice Captain Jung Xi Wan became the host of the event. He began the event by greeting people.

"Hi, guys. Welcome to our shooting club event. " I'm Jung Xi Wan, vice captain of this shooting club. This supposed to be our captain's place but our captain is the shy one. That was why I'm talking to you here."

This starting speech made people laughed. Vice captain Jung Xi Wan really knew how to entertain the audience.

"For the first show, you may see our shy captain showing his talent. His skill very good as mine but he did not have this skill of mine which is a skill to make people laughing."

Once again, people laughed at his talk.

Behind the scene, Captain Heng Ru Yen made a fist. "After this, that man will lay on the hospital bed."

The club members looked at each other. They were praying for their Vice Captain Jung Xi Wan. So, he would not be on the hospital bed for a long time after getting his lesson from their Captain Heng Ru Yen.

Chapter 250: The Main Event

"Without any delay, I invite our shy captain, Heng Ru Yen." Vice Captain Jung Xi Wan called Captain Heng Ru Yen out.

The stoic face Captain Heng Ru Yen came out. He went to the shooting ground. He picked up a gun that had been prepared.

"See, he is shy." Vice captain Jung Xi Wan made a comment.

Captain Heng Ru Yen turned and aimed the gun to Vice Captain Jung Xi Wan's direction. Seeing his head had been aimed by Captain Heng Ru Yen, he quickly apologized to Captain Heng Ru Yen.

"Captain, please forgive me. I will not make a thoughtless comment again." Vice captain Jung Xi Wan said with a desperate tone.

He did not want to get shot by Captain Heng Ru Yen. Even though the gun only used the BB bullet, it was still hurt, getting shot by it. And it was more hurt when it was aiming at the same spot. Captain Heng Ru Yen had the skill to make his shot landed at the same spot.

The audience was watching the scene laughed again. Captain Heng Ru Yen already ignored Vice captain Jung Xi Wan and focused on the target. Now everyone was quiet. Then the bang sound could be heard. Captain Heng Ru Yen shot the target. It was a ten point. A second shot and third shot appears on another target board.

Everyone was very impressed with the skill that showed by Captain Heng Ru Yen. Finished his task, Captain Heng Ru Yen quickly disappeared from the scene.

"Let's give a big clap for my captain." The sentence made everyone clapped their hands.

"Now, we will move to our main dish. That earlier show was a side dish." Vice captain Jung Xi Wan made another joke.

"She was the only female member in our club. The moment she showed her skill back there, I was working so hard to make sure she entered our club. Even our shy captain impressed with her skill. Then during the last shooting competition, she scored the first place in all woman categories. Let's invite our queen, Tang Yu Qi." Vice captain Jung Xi Wan called Yu Qi's name.

Yu Qi appeared on the shooting ground. She nodded to the audience. Then she went to choose her gun. Facing the target board, she released the three shots. All of them was ten point. She turned to the gun selection place and grabbed another gun.

Now she was holding the two guns with her hands. She was concentrating. She had been training to shoot with both of her hands recently in her space. Then a constant six sound of shots could be heard. All of them were ten points.

Yu Qi was relaxing. Then a group of five men appeared on the shooting ground. Each of them was holding a kind of fruit on their hand. Then they went to the audience.

"Here are our club members that volunteered to become the living target for our queen." Vice captain Jung Xi Wan said.

"They were holding fruit on their hands. The fruit is new. There is nothing on the surface of them. We are showing them to you. In case, you all will think we are lying." Vice captain Jung Xi Wan explained to the audience.

Five of the living target went to the place that they were set to place themselves. They were waiting for Yu Qi to shoot. They were showing an excited face. Someone among the audience wanted to ask whether those five men were a masochist or what.

Yu Qi did not pay attention to other things. Her eyes were focusing on the fruit that the club members holding right now. Each of them placed the place randomly. Some of them were placed on the fruits on their heads. Some of them were holding the fruits on their hands.

A minute later, Yu Qi shot the fruits. All of the club members were smiling. They knew that their queen would not be missed the target.

"It was clean shots. All the fruits had been shot by Yu Qi." Vice captain Jung Xi Wan announced it.

Everyone was clapping. It was very impressive. And it was even impressive when seeing those living targets were smiling. The audience was wondering why were they not scared about getting shot by the gun. Even the bullets were fake but it was still hurt.

Yu Qi took a deep breath. She wanted to try something new. She turned to Vice Captain Jung Wan Xi. Vice Captain Jung Xi Wan noticed that Yu Qi gave a look at him. He went to Yu Qi.
