

INTELLIGENT 271

Chapter 271 - 271: The Devil

The day of the outdoor training had already arrived. All of the shooting club members were prepared for the training, however, only the new club members seemed to be excited about it. This was their first time at the outdoor training facility. Yu Qi was no different. Even though her face did not show any of her emotions, inside, she felt very excited. But she was happy because of another reason. It had been a long time since she last saw Long Hui. It was a very exciting feeling.

The bus brought them to the military camp located at Shiwa Town. The journey took five hours to reach its destination. Zhu Xiao Ling had fallen asleep on Yu Qi's shoulder during the trip.

"Xiao Ling, wake up. We have arrived." Yu Qi patted Zhu Xiao Ling's cheek when the bus arrived at its destination.

Zhu Xiao Ling woke up and rubbed her eyes. "We have arrived?"

"Yes. Let's go out." Yu Qi stood up.

The club members went out one by one. Most of them had just woken up from their sleep.

"Senior, we need to wait here?" One of the club members asked. The weather was not very hot, but it was still warm enough to make them uncomfortable just standing here.

"Yes. We need to wait for the officer to come and bring us in. This is an active military base, we can not just enter. Civilians are not permitted to enter the base without notice or a proper escort. If the soldiers thought that we are a threat, we might end up injured by them." Captain Heng Ru Yen said.

Hearing the reason from Captain Heng Ru Yen, they waited in silence. After fifteen minutes of waiting, two soldiers came out and invited them to enter the military camp.

Of the two soldiers, one was a man while another one was a woman. They led the shooting club members to the rooms that they would spend their two weeks in. They asked the club members to put away all the things that they had brought and followed them out to an assembly point.

A man was waiting for them. Yu Qi could guess who was the man. When the man turned around to reveal his face, Yu Qi could see that his eyes were on her for a moment before he looked around towards the other club members.

"Some of you already know me, but for those that are seeing me for the first time, I'm Commander Long, your instructor for this training. I want to remind you, this is a military camp. Those who break the rules here will be punished with military law." Long Hui stated in a stern tone.

"Understood?" asked Long Hui.

The club members that knew Long Hui answered in a loud voice like a soldier. "Yes, Sir."

"You can go to eat first. I want you to gather here at eight p.m sharp. I don't want anyone to be late." Long Hui gave his first order to the club members.

"Yes, Sir." The club members answered again in a loud voice.

A soldier led them to the dining hall and the club members lined up like the soldiers to be served the food.

They ate quickly so that they would not be late for Long Hui. The new club members watched the old club members and followed them as a chick followed its hen.

Yu Qi also ate faster. She also encouraged Zhu Xiao Ling to eat faster. After eating, Yu Qi and Zhu Xiao Ling went to their room. There were a few female soldiers already inside the room.

"You are from Starlight University?" Asked one of the female soldiers in the room.

"Yes." Yu Qi answered in a calm tone.

"So, which one of you won the shooting competition?"

"I am," Yu Qi answered again.

The female soldiers became quiet. They looked at each other. Zhu Xiao Ling became scared when the female soldiers started acting like this. She was afraid that Yu Qi would become bullied by the women. Then one of the female soldiers approached them.

"Can I shake hands with you?" The female soldier asked out of the blue.

Yu Qi and Zhu Xiao Ling were dumbfounded with the situation.

"Of course." Yu Qi snapped out of her daze and replied.

She extended her hand to the female soldier.

"I went to the shooting competition to see the event. Your skills were very good, even a soldier like myself can not compare to you." The female soldier said in admiration. "By the way, my name is Kang Jiu and my rank is Corporal. You can call in Sister Jie in this room but please refer to me as Corporal Kang when we are outside."

"Sure. My name is Tang Yu Qi and this is Zhu Xiao Ling." Yu Qi introduced Zhu Xiao Ling and herself to everyone.

"Zhu as Captain Zhu of North?" The female soldier asked.

"Captain Zhu?" Yu Qi also turned to Zhu Xiao Ling.

"That is my father." Zhu Xiao Ling answered.

"I see." Corporal Kang Jiu nodded.

"Sister Jiu, we need to clean up as we need to get to the assembly point on time as Commander Long ordered."

"The devil will be your instructor?" Another female soldier asked in scared.

"Yes."

"Okay. Go on. Quickly. Don't be late. The devil sure will punish you." Another female soldier urged them to go.

Yu Qi asked herself. Is this Long Hui really that scary? Yu Qi could not see it. But somehow, he even gained a nickname like 'the devil'.

Author: Because he is only good to you. Not to other people. [?___?]"

Yu Qi and Zhu Xiao Ling went to clean up. Changing to their sports attire, they went to the assembly point. The other club members had already gathered there waiting for Commander Long to arrive.

"Is that Commander Long very scary?" One of the new club members asked.

"You just have to follow his orders and you will be safe." Shi Man Xie answered his question.

"The brother soldiers in my room call him 'the devil'." Another one said.

"Devil or not, he is our Commander. Respect him." Captain Heng Ru Yen stopped the other club members from talking about Long Hui.

Chapter 272 - 272: The Night

Long Hui walked in front of the club members. He wore a bland expression.

"Your training will start tonight." The announcement from Long Hui made each of the shooting club members looked at each other.

'What kind of training will he make us do during the night?'

'I don't know. Don't ask me.'

"Your task tonight is to learn to train your eyes in order to make them comfortable in the darkness of night. During this time you should also make yourself become more sensitive to your surroundings." Long Hui explained the training that they would do that night.

"To start, you will enter the mountains behind this camp with one guide, but you will have to have your eyes closed. After your guide has left you for five minutes, you may open your eyes and find one of your own club members. The task is over when I know you have already found your members."

'Going into the mountains at this time of night is really scary, especially with your eyes closed. Can I not doing this training?'

'You can ask Commander Long yourself if you want.'

The club members revealed their thoughts silently to each other when heard about their training.

"The training will start shortly. Here is the blindfold to tie around your eyes so you can't see." Long Hui ordered, handing out the blindfolds.

The club members covered their eyes with the blindfolds, then everyone was guided into the mountains.

Yu Qi was waiting for her guide when a familiar scent appeared. She already knew who was her guide. Her guide pulled her hand and started walking. She could not help smiling.

"You know?" Long Hui asked when seeing his beloved Qi Qi was smiling while following his steps.

"Your scent. I know your scent." Yu Qi answered.

Long Hui could not wait any longer and attacked her lips. Yu Qi moaned making her mouth open. Long Hui's tongue entered her mouth and played around with her tongue. Long Hui deepened the kiss by placing his hand behind Yu Qi's neck. He kept sucking on her tongue.

After a while, Long Hui released her. Long Hui quickly supported Yu Qi by hugging her since her legs lost their strength.

"Feeling good?" Long Hui whispered, his sweet voice breathing directly into her ear. After that, he began to lick her ear as well.

"Hmm..." Yu Qi moaned once more. Her ears were one of her most sensitive places. She bet that this man knew her weak spot.

"You want more?" He licked her ears again.

"Hmm..." Yu Qi could not help to moan again.

However, Long Hui was a sadist. He stopped teasing her and made her sit on the ground.

"I will not do anything else here. You have to wait for it. We will continue it later." Long Hui said while smiling. "I will leave you. You can open your eyes in five minutes."

Long Hui really left her. Yu Qi calmed herself down and after the appointed time, she opened her eyes. Her eyes tried to adjust to the darkness, but it was dark, no source of light could be found.

'Bo Ya.' Yu Qi called.

'Yes, Master.'

'Do you know where is Xiao Ling?'

'Wait a minute Master.'

'Okay.'

As Yu Qi waited for Bo Ya, she looked around. It looked like a scene from the horror movie in which something might pop out and scared the lead. Well, Yu Qi was not a fan of horror movies. That being said, she was very uncomfortable with the whole situation.

'Master, I just found her location. Just keep walking to your right, you will find her quickly.'

'Okay.' Yu Qi walked quickly. She walked until she saw someone who was looking around.

"Xiao Ling?" Yu Qi tried to call the name.

"Sister Yu Qi? It's me! I found you." Zhu Xiao Ling went to Yu Qi and hugged her.

"You are not hurt?" Yu Qi asked.

"No. I'm fine. So what now? Commander Long said this is over when we meet one of our club members. How are we going to get back to the camp?" Zhu Xiao Ling threw out the questions in a panicked state.

'Bo Ya, which direction is the military camp in?'

'It is to your right, Master.'

'Okay.'

"Let's go, Xiao Ling." Yu Qi pulled Zhu Xiao Ling's hand and started walking.

"Sister Yu Qi, do you know the way back?"

"Of course, this is my hometown." Yu Qi gave an excuse.

"I see. Then I will depend on Sister Yu Qi to guide me." Zhu Xiao Ling said.

While they walked towards the camp, they came across some of their other members. Yu Qi suspected that they were not placed far from each other so they could meet up quickly.

"Girls, you are not scared, right?" One of the club members asked.

"Sister Yu Qi found me right away." Zhu Xiao Ling said.

"So, who is not here yet?"

"Check your friend." Captain Heng Ru Yen said.

"I can hear your voice, Ru Yen." Vice-Captain Jung Xi Wan said while smiling to Captain Heng Ru Yen.

The club members were calling their friend's name. After checking, only five club members were not here. They shouted calling the member's name. Within minutes all of the club members had been found.

"So, now what?" Shi Man Xie asked.

"Follow me." Yu Qi suddenly said.

Captain Heng Yu Ren looked at Yu Qi. "You know the way?"

"Yes." Yu Qi answered it firmly.

"Okay. Everyone, follow Yu Qi."

They walked in the darkness.

Someone could not help but tsk: "Is this the right way? Are you sure?"

"What if we are lost?"

"If you don't want to follow Yu Qi, you can just wait here."

The one who voiced the questions shut their mouths and kept quiet. They continued walking until they found a source of light.

"We've arrived." The club members felt very happy when they safely arrived at the camp.

Commander Long Hui was already waiting for their arrival.

"No one is missing?" Long Hui asked.

"No, sir." The club members answered.

"Good. You managed to find the way back to the camp." Long Hui impressed.

The club members did not say anything but turned to look at Yu Qi. They were grateful to Yu Qi.

Chapter 273 - 273: His Girlfriend?

Long Hui sat his table inside his office after letting the club members get some sleep, going through some documents that need his attention.

"Has the night training already ended?"

A man casually walked into Long Hui's office. Long Hui glared at the man.

"My friend, there is no need to glare at me like that. What if I have a heart attack?"

"Then I will arrange a funeral ceremony for you. It will be a grand one, I promise." Long Hui replied.

"What a cold blood man. I wonder what your girlfriend will do once she sees inside you. Does she know you are like this?" The man asked.

"She has already accepted me as her boyfriend. She can't run away anymore." Long Hui's expression changed a little bit.

"What? How? When did that happen?" The man was obviously shocked by this turn of events. "How can you not tell your friend?"

Long Hui rolled his eyes at the man. Yes, as the man said, he was Long Hui's friend. A childhood friend actually. Ren Qian Yi. Only he had a heart brave enough to bicker with Long Hui like that. Other people of their age were too afraid of Long Hui.

"Who is the unlucky woman?" Ren Qian Yi asked the question.

"Unlucky?" Long Hui turned to Ren Qian Yi.

Sensing that danger was coming at him, Ren Qian Yi jumped back, distancing himself from Long Hui. Long Hui still glared at him.

"Sorry, wrong phrase. Who is the lucky woman?" Ren Qian Yi corrected his sentence.

"Find out yourself." Long Hui left his office, leaving Ren Qian Yi was still inside.

"Hui, wait for me!" Ren Qian Yi ran after his friend.

Not afraid of Long Hui, Ren Qian Yi placed his hand on Long Hui's shoulder.

"My friend, don't be so secretive. Tell me. Is she beautiful?"

"Of course. My beloved indeed a beauty." Long Hui talked in a tone of admiration as if the girl he liked was in front of him.

Ren Qian Yi was flabbergasted. 'Who is this man? I don't know him.' His friend made an unbelievable face. He could not believe his eyes right now.

"This is real, right?" Ren Qian Yi could not help but ask again.

"What? Do you think I'm having a hallucination?" Long Hui wanted to punch his friend in the face.

"No, no, no... I think someone might have abducted you and replaced you with someone else. So, who are you?" Ren Qian Yi turned to Long Hui.

"Are you an idiot?" Long Hui thought that his friend was not mentally okay and so he walked away.

Ren Qian Yi did not give up, he needed more information about his friend's girlfriend.

"Hui, tell me more about her."

Long Hui did not give him any response. Arriving at his room, he turned back to Ren Qian Yi. "You will see her tomorrow if you want."

After saying what he wanted to say, Long Hui entered his room and closed the door.

Ren Qian Yi was dumbfounded. 'What did he mean by that? He would see her tomorrow?' Does that mean that his friend's girlfriend was here? In the military camp? Who was this girl? Long Hui was behaving weirdly today, so that could mean that the girl was one of the students from Starlight University that only arrived today.

'I will see her tomorrow.' Ren Qian Yi thought to himself, then left to go to his room.

In the room, Long Hui was already laying down on his bed. He was obviously thinking about his beloved Qi Qi. They had not seen each other for more than six months, and the earlier kiss was not enough for him to occupy the missing length of time.

However, in these next two weeks, he would be seeing his beloved Qi Qi every day. This made his days so perfect.

...

The next morning, Yu Qi woke up and joined the sister soldiers doing their morning routine. Zhu Xiao Ling sensing Yu Qi had woken up, so she also woke up. They joined the female soldiers on their run. They were running for about two hours.

Zhu Xiao Ling was already tired, so she stopped running, while Yu Qi continued to follow the female soldiers. Actually, Yu Qi felt this speed was a little bit slow compared to her normal speed. However, since she was in another place, she thought that it would be rude if she went faster than them. After half an hour later, they stopped.

One of the female soldiers praised Yu Qi. "Yu Qi, your stamina is very good."

"Actually, I also do my running in the mornings. That is why my stamina like this." Yu Qi told them.

"I see."

"Enough talking, we are running out of time. Go clean yourself up and get some breakfast."

Corporal Kang Jiu ordered them. The female soldiers followed her orders including Yu Qi and Zhu Xiao Ling. After cleaning up, they went to the dining hall to eat their breakfast. The other club members were already there, enjoying their own breakfast.

Some of the club members did not look good. They clearly did not sleep well. Yu Qi could see some of them were yawning almost every minute.

"What is wrong with them, Sister Yu Qi?" Zhu Xiao Lin asked in a low voice.

"Well, I also don't know what happened to them." Yu Qi answered. However, she could only guess that it was the same thing that had happened during the last training.

The girls took their food and sat down to eat.

"What's wrong with you guys?" Zhu Xiao Ling asked when they had all gathered at the assembly point.

"I did not sleep well last night." One of them replied.

"Why didn't you sleep?" Zhu Xiao Ling naively asked the question.

"The soldiers in my room snored very loud. I could not sleep at all." The member said in a low voice, afraid that someone might hear him.

"I already learned my lesson last time." Shi Man Xie said as he joined the conversation.

"What are you talking about?"

"I slept very well yesterday, despite the soldiers in my room snoring loudly." Shi Man Xie said proudly.

"What? How?"

"Here is the thing." Shi Man Xie showed something in his hand.

What was shown in his hand were earplugs. Shi Man Xie smiled. "I have a dozen of them. Do you want one?"

"I want it."

"Me too."

"I'm first."

"However, I will not give them out for free though." Shi Man Xie gave an evil smile.

"Shi Man Xie, you bastard."

"Everyone, listen to me, first." Yu Qi interrupted all of them.

The members turned to Yu Qi waited for her to say what she wanted to say.

"If you want to buy the earplugs, you should buy it tomorrow." Yu Qi said.

"Why?"

"You will understand it tomorrow." Yu Qi also gave an evil smile to Shi Man Xie.

"Yu Qi, you..." Shi Man Xie glanced at Yu Qi.

"Yes, Senior Shi Man Xie?" Yu Qi asked innocently.

In the end, Shi Man Xie could not say anything.

Vice-Captain Jung Xi Wang laughed when he saw Yu Qi blocking Shi Man Xie's plan. He knew that Shi Man Xie wanted to sell the earplugs at a high price. However, Yu Qi asked them to wait until tomorrow to buy them. She knew that the training would be so tiring that the club members would be able to sleep through anything due to being so tired.

Chapter 274 - 274: Very Compatible.

"Make two lines," Long Hui ordered the club members.

The club members followed his order and quickly made two lines. After that, they waited for his next order.

"As I said in the previous training, in order to focus during aiming, your strength, both mentally and physically, must be strong. Therefore, the first thing is for the body to be trained." Long Hui suddenly gave a sinister smile.

"Last time, it was four kilometers, right? Now, we will make eight kilometers."

The club members gulped. The hellish training had just begun.

"Er... Commander Long. We have girls here?" Shi Man Xie wanted to decrease the distance for Zhu Xiao Ling. He was afraid that she would become tired.

However, unknown to Shi Man Xie, Zhu Xiao Ling started to follow Yu Qi on her morning runs, so this distance would not pose a problem to Zhu Xiao Ling.

"So, what? You want to carry them?" Long Hui asked.

Shi Man Xie did not answer, but Zhu Xiao Ling had already announced her opinion.

"I will run by myself," Zhu Xiao Ling said confidently.

"See, no need to worry about them." Long Hui said. "Do some warm-ups for thirty minutes."

Everyone gave a look to Shi Man Xie as if to say 'don't give up'. They began warming up their bodies. After thirty minutes, Long Hui gave the signal to start. Yu Qi was in the front line. Beside her was Zhu Xiao Ling. Long Hui wanted to ask Zhu Xiao Ling to give up her position, but when he saw Yu Qi's warning, he decided to run on the other side of Yu Qi.

The club members thought Long Hui truly wanted to torture them. He made them run while climbing the mountain. They thought that they were already strong after taking the training once from Long Hui, but they were naive.

After running for about four kilometers, Long Hui turned to look at the shooting club members. They looked like they were barely alive. Long Hui sighed. This needed to rest for a moment.

"Alright guys, take a rest here." Long Hui said.

After Long Hui gave that order, the club members made a face of relief. They stopped running and sat on the ground. Zhu Xiao Ling also sat on the ground. She was very tired. She looked at her Sister Yu Qi, but she did not seem tired at all.

Long Hui made eye contact with his beloved Qi Qi. Yu Qi was also looking at him.

"Come here." Long Hui suddenly said.

Zhu Xiao Ling looked at Long Hui. She did not know who was Long Hui talked to. Then she saw Yu Qi moved toward Long Hui. She was astonished when she saw this.

Then she saw something even more shocking. Long Hui pulled Yu Qi away from where everyone was resting. The new club members also very shocked when they saw this. The man that wore the face of a devil now smiled gently when looking at their goddess.

"Senior, this is..."

"Remember what I told you before. We will be eating dog food for these upcoming two weeks." Shi Man Xie said while smiling at the shocked looks of the club members.

"Our goddess already has a boyfriend?"

"I thought everyone already knew that."

"I thought it is just a rumor."

"Too bad for you. It is not a rumor." Vice-Captain Jung Xi Wan said. "Her boyfriend is our Commander Long."

"That is why you told us to give up."

"Yes, her boyfriend is scary." Shi Man Xie added.

Zhu Xiao Ling still looked at Long Hui and Yu Qi while listening to the club members talking. Her Sister Yu Qi looked very compatible with Commander Long.

Ignoring the eyes of the others, Long Hui caressed Yu Qi's face with his hand.

"You have become even more beautiful." Long Hui began his flirty talk.

"You have become even better at talking." Yu Qi commented.

"Only for you, my dear."

Long Hui took Yu Qi's hand and kissed it.

"What are you doing?" Yu Qi tried to pull her hand from Long Hui, but Long Hui did not let her go.

"Qi Qi, I need to do this. I'm afraid that I will kiss your lips here if I don't do this." Long Hui grinned to Yu Qi.

Yu Qi shocked. "You can't kiss me here." Yu Qi turned to the club members. Almost all of them were looking at the two of them. When they saw Yu Qi turned to them, they quickly looked at another thing. They also faked their conversation.

Long Hui smiled when he also turned to the club members. He knew they were looking at them. That was why he was holding back from kissing his beloved Qi Qi. Yu Qi pulled Long Hui to a big tree so that they could be hidden from her club members who were watching the two of them like they were watching a love drama on TV.

After confirming that they were hidden from the shooting club members, Long Hui took an opportunity to attack Yu Qi's lips with a kiss. He had been waiting for this moment.

Yu Qi tried to talk, but because her mouth was open, it gave the opportunity for Long Hui's tongue to slip inside Yu Qi's mouth. His tongue met her tongue and Long Hui played with her tongue, making a wet sound.

Yu Qi could not help but moan. Her strength left her. She leaned against Long Hui, causing him to have to support her when he felt she was about to fall over. Long Hui did not stop his attack there. Now he attacked her white, pale neck. He had waited for a long time to kiss there.

Once again Yu Qi moaned. But now, she moaned his name. "Brother Hui. Ah~."

"Finally you said my name." Long Hui looked into Yu Qi's eyes.

Yu Qi also looked into Long Hui's eyes. She could see that his eyes were full of his desire.

Chapter 275 - 275: The Beginning Of The Hellish Training.

"If we were not in the middle of training, I would kidnap, lock and admire you, only by myself." Long Hui could not help to grind his teeth while looking lustful to his beloved Qi Qi

As he just said, he really wanted to be with Yu Qi right now. Alone. If not for this training, he would have already kidnapped her.

"Hmm.." Yu Qi did not say anything but just let a cute voice out.

"Qi Qi..." His beloved Qi Qi still wanted to seduce him.

Yu Qi rolled her eyes at Long Hui. 'This is wrong, her club members were still here.'

"Brother Hui, let's stop now, okay?" Yu Qi used her eyes to try and convince Long Hui.

"Okay." Long Hui released Yu Qi from his arms. However, before he let her go completely, he whispered to Yu Qi.

"I will be waiting for that moment when I can eat you all up."

Hearing that sentence, Yu Qi was blushed bright red. She ran away from their place behind the tree and went to Zhu Xiao Ling.

"Are you okay, Sister Yu Qi?" Zhu Xiao Ling asked in worry when she saw her Sister Yu Qi's face. She was quite innocent in regards to the relationships between men and women.

When Yu Qi heard the question from Zhu Xiao Ling, she quickly changed her expression. "It's nothing."

However, those men that were watching her somehow understood the meaning of her expression. Something had happened just now between two of them. Then they saw Long Hui approached them.

"I think we have been resting long enough, let's continue the run." Long Hui's order made them line up again and continue their run.

This time, Long Hui increased th speed. The shooting club members tried so hard to follow his pace. After arriving at the camp and receiving the order from Long Hui to rest for thirty minutes, the shooting club members quickly sat back down on the ground. They were very tired. They managed to keep the pace up only because Captain Heng Ru Yen had added running into their club training. They thought it was very useful. Even though it was tiring, at least because of their previous training, they could kind of keep up with Long Hui's speed.

Long Hui excused himself for a moment as he had pressing matters to attend to. He returned to his office to finish up with some paperwork when he discovered that someone was waiting for him by his desk. Showing an annoyed expression to that person, he made his way to his desk.

"Hui, how rude. Why are you showing that kind of face to me?" That person was none other than Ren Qian Yi.

"Don't you have anything else to do?" Long Hui asked.

"No, no, no. I'm on a break. Just now I was training a new batch of soldiers." Ren Qian Yi quickly explained.

"I see. If you are free, I will assign some work for you to finish."

"No!" Ren Qian Yi rejected Long Hui loudly.

"So, why are you here?" Long Hui asked for the reason as to why Ren Qian Yi was waiting for him in his office.

"I wanted to see your girlfriend."

"She is not here."

"I know that."

"So, what are you doing here?"

"I want you to introduce her to me. After all, she is my sister in law."

"I don't have a brother like you."

Long Hui took the documents that he needed and walked out of his office. Ren Qian Yi followed him. If Long Hui did not say anything to him when he followed Long Hui, that meant that Long Hui did not mind. They quickly arrived at the place where the shooting club members were waiting.

Ren Qian Yi could see that there were only two women there. One looked elegant while the other looked pretty innocent. Which one was Long Hui's girlfriend? What was Long Hui's type?

Ignoring his friend, Long Hui started to address the shooting club members.

"Everyone, line up."

The shooting club members quickly lined up and faced Long Hui.

"In my hand is the details of your performance during the last training. I want to see whether you have improved or not since the last time. For those who are new, we will check your capability too." Long Hui said and paused for a moment when he saw a group of soldiers bringing the things that he needed.

"Major Long, here are the items that you have requested." One of the soldiers came and reported to Long Hui.

"Okay, thank you." Long Hui said to the soldiers.

Then he turned his attention back to the shooting club members. "Before that, take this weight and wear it. Remember, you can only take this off when you are bathing or sleeping, otherwise, you are required to wear it at all times." Long Hui gave the order.

Captain Heng Ru Yen and Vice-Captain Jung Xi Wan distributed the weights to all of the shooting club members. The club members put the weights on their wrists and legs, complaining silently how heavy they were.

"Now, everyone, let's go to the shooting ground." Long Hui said.

The club members followed Long Hui to the shooting ground.

"Three lines are reserved for our training. Go to a target and demonstrate your skills."

Long Hui read the names of the shooting club member one by one. Long Hui made them shoot three shots and took the date. After the old club members finished their turns, Long Hui called the names of the new club members.

"Only a few of you improved." Long Hui made the comment after it was over. "We will continue after the lunch break. You can rest and eat now."

"Hui." Ren Qian Yi called him.

"You are still not leaving?"

Ren Qian Yi only grinned. "Tell me, which one is your girlfriend?"

At the moment, Yu Qi was passing Long Hui. So, Long Hui kind of listening in on his beloved Qi Qi's conversation with the other girl.

"I want to go take a look at Aoi." Yu Qi said.

"I will accompany you, Sister Yu Qi." Zhu Xiao Ling wanted to accompany Yu Qi, but at the same time, Zhu Xiao Ling's stomach made a sound that protested its owner following someone not going to the cafeteria.

"You are hungry. You should go and eat first." Yu Qi tried to make Zhu Xiao Ling go eat without her.

Zhu Xiao Ling wanted to say something but before she could, Long Hui already spoke up.

"You can go and eat. I will accompany her." Long Hui made the decision for Zhu Xiao Ling.

Zhu Xiao Ling was shocked and scared when Long Hui spoke to her. His voice, void of any emotion, made him sound very cold. She looked at Yu Qi who nodded in agreement.

Chapter 276 - 276: Abnormal Couple

The two of them were walking to the area for the military canine units where Aoi was temporarily staying. When they arrived at the place, Yu Qi could see Aoi was facing off against some very large dogs. Yu Qi looked at the military the dogs, they seemed to be Dobermans from what she could tell. Afraid that Aoi might fight with the dogs and getting hurt, she rushed to save Aoi.

However, before she could go over, she heard Aoi's voice bragging to the other dogs.

'My master is a beautiful woman. No woman can fight with her beauty.' Aoi said proudly to the dogs. 'My master's scent. She is here.'

Aoi turned around and saw Yu Qi. When he saw her, he quickly took off towards her. 'Master!'

Yu Qi picked Aoi. 'What were you guys talking about?'

'Talking about our masters.' Aoi barked.

"He seems okay." A voice interrupted the master and beast pair as they talked. The pair turned and looked at the source of the voice.

Aoi quickly hid his face between Yu Qi's chest due to Long Hui's intense stare. Long Hui felt this puppy was touching his beloved Qi Qi too much. Long Hui took Aoi from Yu Qi and put him into the ground.

Aoi looked up at Long Hui.

Long Hui: 'Don't touch my beloved Qi Qi.'

Aoi: What? She is my master.'

They stared at each other until Aoi hid behind Yu Qi's legs. Yu Qi looked weirdly at the two of them.

'Master, he is scary.' Aoi said thought telepathy.

"Qi Qi, don't hug him like him like that again." Long Hui said Yu Qi at the exact same time as Aoi was complaining to his master.

Yu Qi looked at Aoi and then turned to look at Long Hui. Long Hui was smiling gently at her. Then she heard Aoi say something.

'This man is definitely two faced.'

Yu Qi laughed.

"What is it?" Long Hui asked Yu Qi when he saw Yu Qi laughing out loud all of a sudden.

"You are jealous." She giggled.

"Of course. He is male after all."

Yu Qi: "..."

Aoi: "..."

Yu Qi laughed for the second time. "Okay. I will do as you ask."

Long Hui made his move, just a peak on her lips. Yu Qi stopped laughing. She placed her hand on her mouth and looking around.

"What are you doing? We are in the military camp. Your camp. What if someone is watching us?" Yu Qi told Long Hui.

"I will just tell them that you are my future wife. They will shut up then." Long Hui grinned. He was already imagining a time when that would be true and his beloved Qi Qi would officially become his.

Yu Qi became silent. Aoi was watching his master and Long Hui interact with each other. His master became soft hearted when it came to this man.

'Master, why are you here anyway?'

The question made Yu Qi remember why she decided to go there. She just wanted to check on her Aoi. Aoi seemed to fit in here and the military dogs seemed to have accepted Aoi as one of their own. She had been scared that Aoi might be bullied by the other dogs.

'I just come to check on you. Since you are fine here, I don't have to worry about you so much.' Yu Qi told Aoi telepathically.

'You don't need to worry about me here, Master. I'm strongest among the Dobermans here, even though I am a puppy right now.'

'Okay, then. After this training is over, I will cook for you.'

'Yay!... Master will cook for me.' Aoi barked several times expressed his happiness.

'Master, I want you to cook for me too,' Bo Ya joined the conversation when the matter concerning food was brought up.

'Yes, yes, I will cook for my little cuties.'

'Yes, yes, yes, Master will cook delicious food for us!' Bo Ya was already dancing in the space.

"Since Aoi is okay here, let's go to the dining hall to eat." Yu Qi said to Long Hui.

"Okay, let's go now."

They walked to the dining hall. Only a few soldiers were still eating. Yu Qi entered with Long Hui making those soldiers turned to look at them. They ignored the soldiers, got their food and went to sit at an empty table. They were about to eat, but someone suddenly took a seat beside Long Hui, making Yu Qi stopped and turned to look at the person.

"Hello, Hui and nice to meet you, sister in law. I'm Ren Qian Yi." Ren Qian Yi introduced himself to Yu Qi.

"What are you doing here?" Long Hui asked as he started to eat.

"Introducing myself to sister in law. I was originally going to wait until you formally introduced the two of us, but then I figured you were never going to do that." Ren Qian Yi rolled his eyes to Long Hui.

Seeing Long Hui ignored him, Ren Qian Yi looked at Yu Qi. "I've known him for a long time. Well, what is the term? Hmm... yes, I am a childhood sweetheart."

Yu Qi chuckled when she heard that term, what a funny man. Long Hui's angry face appeared in her line of vision. Seeing that Long Hui was almost transforming into the devil, Ren Qian Yi quickly apologized.

"Wait, wait, wait! I was just joking! Just joking! Don't be so angry. Sister in law might not like that."

"I'm Tang Yu Qi. Well, ..," Yu Qi did not manage to finish the sentence as Long Hui quickly interrupted.

"My future wife." Long Hui said proudly.

Ren Qian Yi: "..."

Yu Qi shyly smiled.

"Hui, when did you fall in love with sister in law?"

"When I saw her killing a man."

Ren Qian Yi: "..."

Once again, Ren Qian Yi fell into silence. He did not think that his friend was abnormal to this extent. Who fell in love when they saw a girl killing someone?!? How was that normal? No, that was definitely abnormal. Well, thinking about it, when would anything that Long Hui do be categorized as normal?

"So, sister in law, when did you fall in love with Hui?" Ren Qian Yi then asked Yu Qi.

"When he helped me." Yu Qi answered.

Ren Qian Yi nodded. This was a normal answer. A woman tended to fall in love with a man that helped her after all.

"He blocked one of the robbers while I shoot the other one." Yu Qi continued her story.

Ren Qian Yi: "..."

This woman was not normal, just like her boyfriend. This man and woman were indeed a fated couple. They were the same kind. What kind? Yeah, the abnormal kind. However, he was happy that Long Hui had finally become interested in a woman. In the past, he always believed that Long Hui was gay. Thank goodness, he was not.

Chapter 277 - 277: New Finding

"Sister Yu Qi, is Commander Long really your boyfriend?" Zhu Xiao Ling whispered to Yu Qi after they went inside their room to change their clothes for bed.

"Yeah." Yu Qi admitted it very clearly.

"How did you two meet?" Zhu Xiao Ling inquired. "He is a handsome man, but scary."

Yu Qi laughed silently when Zhu Xiao Ling honestly expressed her opinion about Long Hui.

"He is a soldier. Soldiers are supposed to look scary." Yu Qi said to Zhu Xiao Ling.

"I'm tired. I want to sleep right now." Zhu Xiao Ling could not stop yawning. She was exhausted from all of the training that they did that day. As soon as she got changed, it hit her how tired she was. She could barely keep her eyes open. "Good night, Sister Yu Qi."

"Okay. Good Night."

Zhu Xiao Ling fell asleep a few minutes after she placed her head in the pillow. Yu Qi chuckled when she saw this scene. She must be very tired.

Yu Qi also laid down on her bed as her body also felt a little bit tired. Within seconds, everyone was already asleep. So she closed her eyes and started to enter the land of dreams.

.....

"Grandfather, do you know where my father and mother are?" The girl drunk her tea with her grandfather.

The old man looked at the sky through his window. The blue sky, accompanied by fluffy white clouds, could be seen from his window. He sighed. His granddaughter did like to ask the same question lately.

"I am also looking for them." The old man answered.

"I see." The girl sighed. "Please tell me when you find them."

"What do you want to do when you finally see them?" The old man wanted to know that.

"I just wanted to ask them why they gave birth to me if they didn't want me." The girl said in a calm tone.

"They must have a reason." The old man said as he turned to the girl.

"Maybe, but I need to hear it from their own mouths before I can let this matter go."

The old man did not respond to that. He knew he also played a role in that matter. He had really regretted it greatly. If he had not done something like that then his granddaughter might not in this situation.

"Someday you might find them." The old man could only say something like that to satisfy his granddaughter.

.....

Yu Qi opened her eyes and stared at the ceiling in the darkness. She remembered what she had just dreamed about: her real grandfather. They were talking about her real parents. Her real grandfather knew where her real parents were, but he never told her.

Yu Qi sighed. To be honest, she did not care about her real parents in the least, after all, they left her all alone, just like that.

Yu Qi wanted to sleep more, but unfortunately, she was not able to fall asleep again. She did not want to waste her time, so she entered her space with only her soul so that her body was still in the military barracks.

"Master!" Bo Ya called his master when his master appeared in the space. "Why are you not sleeping right now?"

"Well, I was having an old dream that woke me up and I was unable to fall asleep again. I figured that I could visit you and check on something."

"Oh, it is about that human? What is his name? Oh, yeah. Wen Ji Sang?"

"Yeah, this is the only time that I have, so I need to use it wisely," saying that, Yu Qi walked towards her computer and sat down in front of it.

Turning it on, she opened the recorded call and messages from Wen Ji Sang's phone. She read all the messages. It was mostly from his girlfriend who was studying at Hanwen University. In addition to his girlfriend, there were other messages from his other friends at the university. There were only one or two messages from an unknown number.

The content of the messages from the unknown number increased her curiosity about the owner of that phone. One of the messages said they were trading something, while yet another was 'Don't worry sir. The goods are very fresh and new. You will like them.' This message was sent by Wen Ji Sang to the unsaved number.

This kind of content was sure to increase her curiosity. This Wen Ji Sang was trading something. Is it the white powder? What is something else? Whatever it was, it needed to be stopped and fast.

When Yu Qi tried to hack into the system to find out the name that the unknown number was registered to, however, there were too many layers of security and she was not able to break in. The unknown number was protected from being hacked by someone who was at a higher level than her. Yu Qi believed that her hacking skills needed to be improved upon if there were still things that she was not able to access.

Yu Qi also investigated the transaction of the money into Wen Ji Sang's account. It was highly suspicious as well. Last month, a couple of days before he brought the white powder, there was a transaction of a big amount of money into his account. Same as the unknown number, when Yu Qi tried to find out where was the amount came from, she could not.

Well, tonight's finding was at least a step forward, she now knew that something was not good from the recorded calls and messages. Yu Qi just needed to follow this Wen Ji Sang. He was bound to make a mistake. When she caught the mistake, she would be about to catch him.

Yu Qi stretched. She wanted to sleep some more since when she woke up in the outside world, the clock beside her bed was only showing four o'clock in the morning. Seeing the time, she returned to her space to try and get a few more hours of sleep that the outside world could not give her. She had a total of six hours before she needed to wake up for 6:00 am in the outside world. She just used two hours already, so she had four hours left to sleep if she slept inside the space.

"Bo Ya, wake up me in four hours later, okay?" Yu Qi once again asked Bo Ya to be her alarm clock.

"Okay, Master! Sleep well." Bo Ya said.

Yu Qi closed her eyes.

Bo Ya looked at his master. When he will remember the true meaning of his existence? He could only remember one scene where someone told him that he was the guardian of this space. Somehow, he could not remember who that person was that told him about this matter.

Chapter 278 - 278: Astonished

The shooting club members gathered at the same assembly point after breakfast. They looked different compared to yesterday. Well, maybe some of them still looked very sleepy. When they saw Zhu Xiao Ling and Yu Qi arrive at the assembly point, they quickly approached the girls.

"Yu Qi, now I understand what you meant yesterday, because of all the training, I was able to sleep very well."

"Me too! Luckily I followed your advice."

"Yeah. If not, I would lose my money."

"Thank you. With your advice, we did not fall into Shi Man Xie's trap."

They were all laughing.

"I was just telling the truth." Yu Qi smiled.

Shi Man Xie, who was standing not far from them, rolled his eyes at Yu Qi. Yu Qi saw it and smiled back at Shi Man Xie.

After that, Long Hui appeared and started the training for the morning. However, someone else was together with him this morning. It was Ren Qian Yi who Yu Qi had met yesterday.

"Hi, guys. I'm Ren Qian Yi. You can call me Bro Qian Yi. Well, my rank is below him, but you don't have to worry, I'm not scared of him." Ren Qian Yi said in a careless manner, very unlike the other soldiers that usually looked very stern.

"Oh, you are not scared of me? Okay, we will see about that later." There was no trace of emotion in Long Hui's tone.

Ren Qian Yi panicked. "Oh my God. Please don't say something like that. I'm scared. I'm scared." Ren Qian Yi quickly changed his attitude.

Long Hui rolled his eyes at Ren Qian Yi. "Shut up."

"Yes, Sir," Ren Qian Yi said obediently.

The shooting club members looked at each other. How did this man end up becoming a soldier? It did not match his character.

"Good morning everyone. Today we have good weather, so, we will be running for about ten kilometers." Long Hui said.

It was like someone had announced to the shooting club members that they would be dropping a bomb on their heads in the next few minutes. They looked at each other and sighed inwardly. Well, the devil nickname did indeed match their Commander Long.

"Is there any rejection?" Long Hui asked.

The shooting club members were afraid that if they said something, the distance might not decrease but increased instead. They could not afford that.

"No, Sir." The club members said.

Ren Qian Yi saw this scene and started laughing inside. Somehow he could guess what the shooting club members were thinking about right now. Even he could not help them. He just hoped that they would withstand this devil's training.

Then the run started, the shooting club members began to think that Long Hui really did want to torture them. The course was indeed steeper than yesterday, so, their energy drained faster.

After half of the distance that they were suppose to run, Long Hui made the decision to take a break. The shooting club members were happy with this plan as their legs were already tired. When Long Hui said that they would take a break, they stopped running and quickly sat on the ground.

Long Hui naturally took his place beside Yu Qi. Ren Qian Yi wanted to join them, but Long Hui gave his warning via his eyes saying: 'Don't disturb my time with my beloved, or I kill you.'

Ren Qian Yi got the message and took a place far away from the couple. Even Zhu Xiao Ling took a seat far from Yu Qi. Like Ren Qian Yi, she got the message that Commander Long wanted to sit together with Yu Qi, so everyone else should just stay away.

Yu Qi sighed.

"Tired?" Long Hui asked with care.

"A little bit." Yu Qi answered.

"It's good for the body."

"I know."

The breezing wind blew nicely. The trees swayed followed the wind. The air was also fresh. All in all, it was a very beautiful morning.

Long Hui took the opportunity to hold his beloved Qi Qi's hand. He played with her hand by caressing it. Yu Qi could sense the heat coming from Long Hui.

"What are you doing?" Yu Qi chuckled.

"Holding my beloved's hand. It is so nice." Long Hui gave an honest answer.

Yu Qi was embarrassed by Long Hui's honest answer. "What? You've never held a woman's hand before?"

"Except for my family members? No, I have never held a woman's hand like I'm holding your hand." Long Hui smiled gently.

Yu Qi looked started to look around shyly as she heard his answer, when her eyes caught Long Hui's smile. Long Hui's smile was indeed something. She could not look at his smile any longer or something might happen.

"Qi Qi, why are you turning away? Did I do something that you didn't like?" Long Hui asked when he saw his beloved Qi Qi turning away from him.

"No. I am just afraid that something may happen if I keep looking at your smile." Yu Qi said.

"Huh? Something? Something like what?" Long Hui asked her again.

Yu Qi did not want to answer his question as she did not dare to say the true answer. Who knew what would happen if she told him that she desired to kiss him after seeing that smile? That would be very embarrassing.

"Nothing," Yu Qi said.

Long Hui caught his beloved Qi Qi blushing red even though she had lowered her head. Did his beloved Qi Qi think something lustful? He should be happy with this. His beloved Qi Qi also had some lustful thoughts about him.

"Tell me... something like what?" Long Hui now started to tease Yu Qi.

Yu Qi sensed the teasing in his tone. This man really could already guess what she thinking. Yu Qi kept her mouth tightly shut.

"What are you thinking of doing with me, hmm? Kissing...? Or more than that? I will accept everything and anything that my beloved Qi Qi wants to do to me."

Yu Qi turned to Long Hui quickly when he finished those sentences. Long Hui smiled, teasing Yu Qi.

"There are people here, but if you don't mind, then I don't mind either." Long Hui whispered into Yu Qi's ears.

Yu Qi quickly placed her hand over the ear that Long Hui had been whispered into. "Don't you dare!"

Long Hui did not say anything. He just smiled provokingly at Yu Qi.

The shooting club members and Ren Qian Yi had been paying attention to the couple. They could see that the couple was flirting with each other even though they could not hear what the couple was talking about. The couple almost seemed to forget that there were other people there.

Ren Qian Yi was very shocked the first time he saw Long Hui flirt with a woman. Well, with anyone actually. This Tang Yu Qi was really something to make someone like Long Hui change this much.

Chapter 279 - 279: Piggyback

"She is going to do the opening ceremony for her hotel?" The man asked his personal assistant.

The man was going through the latest information about the girl. He made his personal assistant keep update on all her activities.

"Yes, the date has already been set. It will be held on the 20th of February," the personal assistant told his boss.

"I see. What is my schedule like on that day?" The man inquired.

The personal assistant answered. "On that day, you have a meeting with the Sunhye Company in the morning and in the afternoon, you will have a meeting with the Diaobke Group President."

"So what time is the opening ceremony going to be held at?"

"The ceremony will start at around eleven o'clock in the morning."

"Cancel all my meeting for that day, and remember to try and grab an invitation for the opening ceremony for me. I will attend her ceremony in person." The man gave the order to his personal assistant.

The personal assistant accepted with a nod. "Yes, sir." Even though the personal assistant was wondering why his boss was suddenly paying attention to the young girl, his boss gave the order to keep updating him about the young girl, so that is all he can do.

From what he had found about the girl, she was an orphan, and had already been adopted twice. First, by the Wang Family where she had been abused by them from a young age which made her want to leave that family.

Then she caught the attention of the Tang Old Patriarch and that old man adopted her as his granddaughter. The old man even placed her higher than his own grandsons in his heart.

However, he was surprised to see the businesses under the girl's name. At this moment, she had three businesses under her own name. Although she had her name hidden, under his boss's order, he found out everything.

The personal assistant left his boss. The man stood up and watched the outside from the two way mirrored wall. The man was smiling. He could not wait to meet the girl again. Even though he knew that the girl would not remember him.

He had been searching for her for a long time. Finally, he met her in an unexpected way. He was glad he had that kind of habit. That habit made him meet the girl.

...

At the military camp.

After enough flirting with his beloved Qi Qi, Long Hui told the shooting club members to continue their running. The road seemed very dangerous since they would be running down towards the steeper ground. Long Hui offered some advice for everyone to carefully pay attention when they were running.

Although Long Hui gave that advice, Zhu Xiao Ling was unlucky. She tripped and fell on the ground. Yu Qi quickly went over to Zhu Xiao Ling's side to check on her injury.

"Xiao Ling, are you okay?" Yu Qi asked. She took a look at Zhu Xiao Ling's foot. It appeared that she sprained her ankle as it was swollen and discolored as if it was dislocated.

"It hurts very badly," Zhu Xiao Ling said while holding back her tears.

"I can treat it right now, but it might hurt a lot." Yu Qi said.

"Really? Then I will try to hold back the pain." Zhu Xiao Ling had absolute trust in Yu Qi.

Ren Qian Yi wanted to interrupt but Long Hui held him back.

Ren Qian Yi turned to Long Hui. "We should bring the girl to the doctor."

"I believe in my beloved Qi Qi." Long Hui stated the fact.

"You should not. It involves this girl's foot. What if she does something that would worsen the injury?" Ren Qian Yi protested.

"She will not."

Ren Qian Yi sighed. It was true what people say: love is blind.

Back to Yu Qi and Zhu Xiao Ling

Yu Qi asked four of the club members to help her. Listening to Yu Qi, Shi Man Xie quickly volunteered himself. Captain Heng Ru Yen, Vice-Captain Jung Xi Wan, and another club member also came forward to help.

"Two of you will hold her shoulders, and another two will need to hold her legs. Hold firmly, do not let go." Yu Qi gave her instructions.

The club members held Zhu Xiao Ling as Yu Qi ordered. Yu Qi placed her hands on the sprained ankle and threw the weight that Zhu Xiao Ling wore on her ankle.

"The injury is not light, so try to hold on through the pain, okay Xiao Ling?" Yu Qi said to Zhu Xiao Ling.

"Yes, Sister Yu Qi. I will try my best." Zhu Xiao Ling nodded.

Yu Qi held the ankle. At a fast speed, she twisted Zhu Xiao Ling's ankle to correct the dislocated bone and straighten it out.

"Argh!!!!!" Zhu Xiao Ling screamed in pain. It was indeed very painful. Her tears were already coming out.

Yu Qi checked again. It seemed that the dislocated ankle was already put back into place. Yu Qi smiled at the crying Zhu Xiao Ling.

"Your ankle is okay now, but I advise you to not put any weight on it right now. That includes not walking with it." Yu Qi said.

"But? How am I'm going to get back to the military camp if I can't walk on it?" Zhu Xiao Ling asked crying.

"Someone needs to..." Yu Qi did not finish her sentence as Shi Man Xie interrupted her.

"I will help you." Shi Man Xie offered to bring Zhu Xiao Ling back to the military camp himself.

Yu Qi looked at Zhu Xiao Ling and Shi Man Xie. "Okay, you can bring her back to camp on your back."

Long Hui gave his order. "The others will keep running back to the military camp, Qian Yi, you will guide them. Only the three of them will slowly walk back from here."

The other club members started to run back to the military camp. Only Shi Man Xie, Zhu Xiao Ling, Yu Qi, and Long Hui were left there.

"Xiao Ling, get on his back." Yu Qi said.

Shi Man Xie lowered his back for Zhu Xiao Ling to climb up. Zhu Xiao Ling looked at Yu Qi. Yu Qi gestured for Zhu Xiao Ling to climb up. Feeling embarrassing, Zhu Xiao Ling climbed up slowly onto Shi Man Xie's back.

Chapter 280 - 280: One Was Happy, One Was Embarrassed

Shi Man Xie was definitely happy inside. Even though he did not expect this to happen he thought that this must be a chance that God gave to him to make him looked good in front of Zhu Xiao Ling. Of course, he was very worried about Zhu Xiao Ling. Yu Qi said that she should avoid walking for the time being.

Unlike how Shi Man Xie was feeling, Zhu Xiao Ling was very embarrassed at this moment. Who knew that at this age, she would be given a piggyback by a man. 'It is so embarrassing.' She kept repeating that sentence in her mind over and over again.

Yu Qi totally felt that it very funny, while she observed the man and woman that were walking beside her. The happy expression on Shi Man Xie's face and the blushing red on Zhu Xiao Ling's face was indeed a funny scene.

From what Yu Qi had been hearing, of course, it was from the gossip that the shooting club members always mumbling,? Senior Shi Man Xie liked Zhu Xiao Ling. However, he was afraid to make a move because of Yu Qi.

Now, he volunteered himself for the sake of Zhu Xiao Ling. Climbing down the mountain was indeed a difficult task and it was more difficult to do it while carrying someone on their back. But he did it for Zhu Xiao Ling.

Besides Yu Qi, the devil, Long Hui was jealous that Yu Qi was not looking at him. To make her remembered, him, he squeezed Yu Qi's hand.

Feeling her hand had been squeezed by the devil, Yu Qi turned to look at Long Hui. Long Hui showed an unsatisfied look to Yu Qi. How could his beloved Qi Qi ignored him like this and pay attention to those other people?

Yu Qi had indeed forgotten about Long Hui for a moment. When the man squeezed her hand, she remembered him. She turned to Long Hui. She could see the look that he was giving her. She chuckled.

Long Hui leaned closer to Yu Qi's ear. "Are you feel envious of that girl?" Long Hui whispered.

Yu Qi distanced herself. Her ears were her weak points. Envious of Xiao Ling? Why?" She could not understand Long Hui's question.

"Do you feel envious about her being piggybacked which is why you have been looking at them. I can give you a piggyback ride too."

"No. I don't." Yu Qi said in a low voice. What the heck was in Long Hui's head? To think he would make that kind of conclusion.

After a half-hour of walking, the four of them arrived at the military camp. Yu Qi told Long Hui to bring Zhu Xiao Ling to see a doctor in order to check her out further. Long Hui then instructed Shi Man Xie to bring Zhu Xiao Ling to see the military doctor.

The military doctor checked Zhu Xiao Ling's ankle. He said it was not as serious an injury on her ankle as the first aid helped her. The military doctor asked who was the one that gave her the treatment. Because Yu Qi was also present, Zhu Xiao Ling did not answer that question. She just pointed her finger to Yu Qi.

"The treatment is very precise. Even I could not determine how much strength to use. You are very impressive." The military doctor praised Yu Qi.

"I just do what's I learn from my master." Yu Qi said in humble.

"Oh. May I know who is your master?" The military doctor just asked out of things.

"My master's name is Tang Jiang Man." Yu Qi answered.

The military doctor was frozen when he heard that name. 'What? What? What? That name! That name! That name is legendary. He is this girl's master?' The military doctor showed a shocked face when he lifted up his face and looked at Yu Qi.

'What is this mean? Why he looks so shocked? Did I do something?' Yu Qi kept asking herself. Unable to find the answer on her own, she turned to Long Hui.

"What is this situation?" Yu Qi whispered to Long Hui.

"He was shocked by hearing the name of your grandfather."

"Why?"

"Maybe that name is a legend. Every doctor respects your grandfather."

"No wonder your skills are so impressive." The military doctor finally snapped out of his own world.

"Thank you." Yu Qi smiled.

"So, is she okay, then?" Shi Man Xie asked.

"Yes, she just needs to rest properly for two more days." The military doctor explained.

"Good, then." Shi Man Xie took a breath of relief.

"Miss Zhu, you will be excused from the training for the next three days." Long Hui gave an extra day for Zhu Xiao Ling to rest.

"Okay, Commander Long." Zhu Xiao Ling accepted it.

"I will bring you back to your room." Shi Man Xie said.

"No need. I can walk by myself." Zhu Xiao Ling rejected.

"But you must not put any weight on your ankle for the next two days." Shi Man Xie said, worried about Zhu Xiao Ling.

"It is okay for her to walk but just don't add much pressure to the legs." The military doctor said.

"See, the doctor said it is okay for me to walk." Zhu Xiao Ling stood up slowly.

"Okay." Shi Man Xie gave up but he still looked very worried about Zhu Xiao Ling.

"Let's go eat first. It is already lunchtime. I bet everyone is about to eat." Long Hui said.

So, the four of them went to the dining hall. As Long Hui said, the shooting club members were already in the dining hall. When the shooting club members saw them entering the dining hall, they rushed to them to find out about Zhu Xiao Ling's condition.

"I'm okay. I just need to rest for about two to three days." Zhu Xiao Ling answered the shooting club members' concerns.
