

INTELLIGENT 281

Chapter 281 - 281: What Will You Going To Be?

The fifth day of the training.

The shooting club members were currently practicing their marksmanship on the gun range. As Commander Long said, the three lanes of the gun range were designated for them to use. Long Hui was not with them as he had other work to settle, and then, something happened.

"Hey, we want to use this lane. You can wait for us to finish." A soldier came and told the shooting club members to leave.

"Sir, our commander had reserved these three lines for us to use." Captain Heng Ru Yen told him with respect tone. He did not want any issue with this soldier.

"This is a military training facility. You are not a soldier, so you do not have any right to interfere with us." The soldier became angry when hearing this kind of response from Captain Heng Ru Yen.

Vice-Captain Jung Xi Wan whispered something to Captain Heng Ru Yen. Captain Heng Ru Yen nodded.

"Sir, you can use these lanes." Captain Heng Ru Yen said to that soldier and asked his club members to leave the gun range.

"Captain, Commander Long said that we could use those planes. Why are we leaving?" A club member asked Captain Heng Ru Yen about the situation.

"We can not fight them. They are soldiers, and we are only guests here." Captain Heng Ru Yen said

"Guys, don't worry. We will get to practice later." Vice-Captain Jung Xi Wan said while smiling.

Not long after that, Long Hui came to see them. He frowned when he saw the club members did not practice their shooting. He saw they were outside the gun range.

"What are you guys doing here? Why are you not practicing?" Long Hui asked. Everyone could see him getting angry.

"A soldier asked us to leave because they wanted to practice their shooting." Captain Heng Ru Yen explained the situation to Long Hui.

Long Hui became more upset. He had already given the order to all the soldiers in the military camp to not disturb the shooting club members when they were practicing. Who the heck was that person who dared disobey his order?

Long Hui walked into the gun range. Around thirteen soldiers were there.

"Everyone, make one line in front of me, right now." Long Hui gave the order in a loud voice making the soldiers shocked.

They quickly formed the line in front of Long Hui. The soldiers were the new troop in the military camp. They did not know Long Hui, however, they knew from Long Hui's aura that he was a top soldier in the camp.

"Which platoon are you?" Long Hui asked.

"We are the new recruits, sir." The soldiers answered.

"Then, don't you get some instruction from your leader about the gun range?" Long Hui asked the question.

The soldiers looked at each other. They did not answer that question. Waiting for someone to volunteer to answer it for them.

"Answer me!" Long Hui partially shouted to them.

"Sir Jian did inform us about the three lanes on the gun range that were reserved to another group." A soldier came forward and told the truth.

"Then, who is the person that asked them to leave, hmm?" Long Hui answered again.

Another silence.

"Since you are united, then, you will be punished together. Every morning, you need to run 10 kilometers with all of your equipment before you get to eat starting from tomorrow, understand?" Long Hui gave out the punishment to the troop.

"Sir..." Someone about to protest.

"11 kilometers then." Long Hui increased the distance of the punishment. "Understood?"

"Yes, sir." The soldiers accepted the punishment, afraid that if they wanted to protest, then the punishment would be increased yet again.

Some of the soldiers glared to the soldier that had asked the shooting club members to leave just now. Because he alone, all of them got punished along with him.

The shooting club members were now able to practice again. No one disturbed them this time.

"10 kilometers. That is the same as us." Shi Man Xie whispered to Vice-Captain Jung Xi Wan.

"Fool. It is not the same. They will be running with all their equipment. That is the difference." Vice-Captain Jung Xi Wan said.

....

Training, training, and more training. That was all that the shooting club members were doing for the past two weeks. They were not only training to improve their shooting, but they were also training to improve everything else. Fighting, survive skills and everything else that a soldier would learn.

Well, for Yu Qi, her schedule was more along the lines of training, training, and flirting with Long Hui. The shooting club members kept being feed dog food by the two of them. They became immune to so much flirting.

As for Zhu Xiao Ling, she did what the military doctor said, and rested for three days after her incident. Then after three days, she went to the military doctor to check her ankle. The military doctor said it was completely healed, so she was able to rejoin the training as usual.

"I can't believe that our two weeks here will end tomorrow. I was just getting used to being in the military camp."

The shooting club members were talking among themselves during the break.

"Then you can become a soldier like them when you graduated."

"Oh, that is something to consider. If I don't get a job, I can apply to be a soldier." A shooting club member was starting to consider joining the military after graduation.

"What's about you, Yu Qi?" A member asked Yu Qi.

Yu Qi was surprised when someone called her name to pull her into the conversation.

"Idiot. Of course, she will become a doctor. She does have the brains to be a doctor."

"Yeah, but, she can also apply to be a military doctor."

"Our Commander Long might like that. That way he can be with Yu Qi anytime."

"Idiot. Commander Long might not always here. He has missions that he needs to go on."

With that, Yu Qi did not even have a turn to answer that question. The shooting club members talked like she was not here. Well, she did not dislike it. She preferred this instead of people talking behind her back. That was more disgusting.

Chapter 282 - 282: Even Woman Admiring You

Unedited

The training was officially ended. The shooting club members were waiting for the bus to come and fetched them. Yu Qi did not plan to go back to the university since she wanted to go back to her grandfather's house. However, she was waiting together with them.

"At last, we are free."

"Yes, first thing when I arrive at my home, I want to sleep straight two days."

"Me too."

"You think you can sleep straight two days? Idiot?"

"Who do you say, idiot, huh?"

"You and you."

Other members laughed seeing them bickering like that.

"Sister Yu Qi, how nice your house is nearby." Zhu Xiao Ling said.

"I bet my grandfather will be surprised when seeing me in front of his door." Yu Qi chuckled.

"If my father did not ask me to go home, I would like to visit your house here, Sister Yu Qi." Zhu Xiao Ling pouted. Her father got the news of her training ended today and asked her to go home immediately.

"It's okay. You can visit another time." Yu Qi patted Zhu Xiao Ling's head.

The bus that had been waiting for so long finally arrived. Long Hui went out to see the shooting club members entered the bus.

Before the shooting club members entered the bus, they made a line and faced Long Hui. They then saluted Long Hui and said something. "Thank you, Commander Long, for your teaching and support."

Without waiting Long Hui to replied it, they rushed to enter the bus like someone dangerous was chasing them all.

Long Hui looked at Yu Qi. Yu Qi laughed after that. Those guys were cute. They were afraid at Long Hui and respected him at the same time.

Seeing Yu Qi laughed, a smile appeared on Long Hui's lips. She was so happy. He did not want to destroy it.

"Okay. It's time for me to return to my grandfather's house." Yu Qi said after finished laughing.

The house was not so far from them. It was about 20 minutes drive from the camp. Well, Yu Qi wanted to walk so maybe the time might be increased a little bit. She lifted her bag. Aoi already waited for her to go.

"Wait, just let me send you home." Long Hui grabbed Yu Qi's hand.

"But, you are currently working just now." Yu Qi said.

"No need to worry about it. Just wait here. I will get my vehicle here." Without waiting for Yu Qi's answer, Long Hui rushed to get his vehicle.

Yu Qi looked at Aoi and Aoi also looked at Yu Qi.

"Master, just let him do it. Because actually, I'm kind of lazy to walk." Aoi grinned to Yu Qi.

"Oh, you become lazy during these two weeks. I just need to make you do our routine, right?" Yu Qi also grinned to Aoi but with different meanings.

Aoi was regretting what he was saying. Now his master would make him do some terrible exercise. Aoi sighed. Well, just do it then.

Not long after that, Long Hui appeared with his car. Yu Qi lifted Aoi and hopped in. Aoi jumped to the seat behind and pretended to sleep. He knew this man would definitely going to start flirting with his master.

"Let's go and eat first, okay?" Long Hui already made his own plan before sending back his beloved Qi Qi to her home.

"Owh, okay." Yu Qi quickly agreed since she also wanted to spend time with Long Hui.

At the military camp, Yu Qi could not act like this since she was in the university's activity despite Long Hui shameless flirting with her. Since it was over, she could do everything that she wanted.

Long Hui drove them to a restaurant. It was a pretty luxury restaurant despite its location. Yu Qi turned to Aoi.

Sensed his master looked him, Aoi quickly said something. 'Master, you can go. I will wait here.' Aoi did not open his eyes.

'Are you sure?'

'Yes, just buy something for me and Bo Ya later.'

'Okay, then.'

Long Hui got out from the car. Yu Qi also followed him. They entered the restaurant. Their entrance made everyone turned and watched them especially the women. They were eyeing Long Hui. Somehow Yu Qi did predict something like this. Long Hui and Yu Qi ignored the attention given to them. They kept the poker face.

The waiter led them to a table. They sat at the table. The waiter poured some water and gave the menu to his customers to choose the food that they liked to eat. The couple made their own choice. The waiter left.

"When this restaurant opened?"

This was Yu Qi's first time coming to this restaurant. She did not know when was this restaurant opened. Shiwa Town kept developed.

"About four months ago. I come across this restaurant when I passed this area." Long Hui said. He passed this area with Ren Qian Yi. He was hungry. So they stopped by and eat at this restaurant.

"How is their food?" Yu Qi asked.

"Well, it is edible. However, I still like your cooking." Long Hui smiled to Yu Qi.

"I will cook for you sometime."

"I will be waiting, then."

One woman was walking passed their table. She suddenly tripped her own legs and started to fall. Her direction of falling, well, to say, she might end up on Long Hui's lap. However, she was not lucky enough because of Yu Qi.

Yu Qi moved quickly to hold the woman. She hugged the woman. While looking down facing the woman, Yu Qi asked. "Are you okay?" She asked with her blank expression.

The woman looked at Yu Qi's blank expression and ended up admiring Yu Qi. Long Hui coughed when seeing the woman that his beloved Qi Qi did not react to what his beloved Qi Qi asking her. When the woman listened to the sound, she realized she was still in this girl's hug. She quickly rises up.

"Sorry, and thank you for saving me." The woman bowed in frustration. She did not expect to admire this girl.

"Don't worry. It's nothing. Just be careful with your step." Yu Qi gave his smile.

The woman once again admiring the girl in front of him. And Long Hui also once again coughed.

"I will go first." The woman ran away from the place.

Long Hui worried about his beloved Qi Qi. He knew a lot of men admired her beauty. Now even the woman fell on this beauty.

Chapter 283 - 283: Became A Pervert Girl??

Unedited

The dinner was pleasant. The food was not bad. Yu Qi was eating happily even though her expression showed nothing. Same as Yu Qi, Long Hui ate a very proper manner. Like a nobleman. Women inside the restaurant kept turning to Long Hui and watched him eating.

Not losing to Long Hui, Yu Qi also had been center of attention of the men inside the restaurant. Sensing the men were looking at Yu Qi, Long Hui lifted up his eyes and gave some kind of warnings to the men that keep staring at his beloved Qi Qi through his eyes. The men saw it and started to look around.

During Yu Qi was eating, she called the waiter to order another food to take out. Of course, it was for the little tow cuties that constantly reminding her about buying some food for two of them. Feeling annoying, she ordered some for them to eat later. After that, Yu Qi finally could eat in peace.

After that, they left the restaurant with a happy full stomach. Long Hui did not want to send his beloved Qi Qi so soon. So, Long Hui just drives around and at a very slow speed.

"Brother Hui, what are you trying to do?" Yu Qi asked the oblivious question.

"You don't know?" Long Hui also played around.

Yu Qi chuckled. " I know it."

However, they did arrive at the destination. Long Hui stopped the vehicle and turned to Yu Qi. He showed a sad face toward Yu Qi.

Yu Qi chuckled again when looking at Long Hui's puppy face. "We will meet again. Oh, are you free this 20th of February?"

"What's on that day?"

"I want to invite to the opening ceremony of my hot spring hotel, Saisei Ryokan." Yu Qi told Long Hui excitedly.

"I will try to apply the off-day on that day. But..." Long Hui could not finish his sentence.

"It's okay. If you have another job, make sure to prioritize it." Yu Qi knew. Long hui was a soldier. Doing missions for the country. She could not let Long Hui abandoned the missions just to be with her.

Long Hui smiled. His beloved Qi Qi really understood him. Feeling happy, he leaned closer to Yu Qi and gave her a kiss. A quick kiss. When Long Hui looked at Yu Qi, he saw some unsatisfied look on Yu Qi's face.

"Want some more?" Long Hui asked devilishly.

Hearing that question, Yu Qi shocked. She was indeed unsatisfied with the kiss that given by Long Hui. It was to fast and she did not have time to enjoy it. She had become a pervert girl.

Long Hui stared at his beloved Qi Qi. She showed so many kinds of expression. First, it was a shock. Then, it turned to frown. After a few seconds, it was an embarrassing expression. Long Hui chuckled.

"What?" Yu Qi asked when hearing Long Hui chuckled.

"My beloved, you are so cute." Finished the sentence, Long Hui wanted to kiss Yu Qi again.

However, a knock on the window of his vehicle surprised the two of them. The outside world already turned to the dark. With the light came from the Godly Herbs, they could see the figure outside the vehicle.

It was Yu Qi's grandfather, Grandpa Tang. Yu Qi went out from the vehicle, followed by Long Hui. Grandpa Tang smiled when seeing his granddaughter but when turned to Long Hui, Grandpa Tang made a sound 'humph'.

"Grandfather, why are you outside here?" Yu Qi asked Grandpa Tang.

"I see a car stopped in front of my house. I'm waiting for them to come out but after a long time of waiting, they still not come out. That's why I'm here." Grandpa Tang explained. "It's good that I come out though." Grandpa Tang added.

Yu Qi looked at Long Hui. Long Hui gave an oblivious smile. Seeing that, Yu Qi was embarrassed. His grandfather was about to see her kissing with Long Hui. She was looking down.

Grandpa Tang saw that. "It's getting late. Say goodbye to him and enter the house." Grandpa Tang gave the order and turned back to enter the house.

Yu Qi lifted her face. She was still blushing. Without waiting any longer, Long Hui gave a kiss to Yu Qi. It was a gentle deep kiss. Yu Qi surprised when Long Hui kissed her. However, it was not a long time when she also started to respond to it.

Then Long Hui let her go. While looking at Yu Qi, he licked his lips seducingly. Yu Qi saw that once again blushing in red.

"It was delicious." Long Hui whispered to Yu Qi. "My beloved, we will meet again. Until that, you must always dream about me." Then Long Hui gave a kiss on her forehead. After that, he left.

Yu Qi touched her forehead. After a few moments standing outside, Yu Qi felt her pant was pulled by something. Yu Qi looked down. It was Aoi that doing so.

"What are you doing, Aoi?"

"Master, stop daydreaming. I want to eat. I'm so hungry. I already waiting for so long. Can I have it now?" Aoi was not lying. He was indeed hungry. He just waiting for his Master's love drama finished before he wanted to ask her. But after the man left, his master was stuck at that place. He already calling his master multiple times but she did not respond. That was why he pulled his master's pants.

"Sorry. Let's go and greet grandfather first and I will send you inside the space, okay?" Yu Qi apologized to Aoi.

Yu Qi entered the house. Her grandfather was in the living room reading some books.

"Grandfather, I'm home."

"Hmm... Did that brat already left?" Grandpa Tang asked.

"Yes."

"You must be tired. Go and rest."

"Grandfather too. You must rest now."

"Okay, okay." Grandpa Tang closed his book and went to his room.

After only that, Yu Qi entered her room. Grabbing Aoi and the food, she entered her space.

"Bo Ya, here is the promised food. Let me reheat it first." Yu Qi went to the kitchen and reheat the food and served it to her two little cuties.

Chapter 284 - 284: Another Evil Plan

As usual, Yu Qi began her morning with jogging, and as usual, Aoi followed her.

"Master, where do you want to go after our routine today?" Aoi asked her as they started jogging.

"I want to see the greenhouse first. After that, I want to go to the Ryokan to see the ryokan workers. This is the first time we will be meeting them." Yu Qi explained to Aoi about today's plan.

They were running for a while until they saw a car. Well, the car was a little bit of a luxury model. They were not paying attention to the car, but the people inside the car were paying attention to Yu Qi and Aoi.

The man who sat in the back seat happened to see Yu Qi. "I never knew this small town can have this kind of beauty."

The woman beside him pouted. "What? I'm not a beauty, then?"

The man hugged the woman. "Don't be jealous. You are different, though. However, I would be happy to have a taste of her." The man showed the lecherous expression.

"Do you know her then? Since you did come from this town." The man asked the woman.

(Please read this novel at [.com](#))

"Of course I know her. She is my former classmate. And to be completely honest, she had been adopted into my family before." The woman answered.

Yeah, the woman in the back seat was Wang Fu Ya. She became a mistress of a rich man. The man had seen her at the night club that she had worked in before. The man wanted to have a delicate beauty like her so he offered her money to become his mistress.

At that moment, Wang Fu Ya already had set her mind on what she wanted and what she wanted was money. So she did not mind becoming a kept woman of the rich man.

"Owh, I never know about that. You never told me about that."

"It was a long time ago. The girl was ungrateful. After she caught the attention of some old man, she left our family." Wang Fu Ya sounded like Yu Qi became a mistress of that old man.

"Owh, she is a kept woman too." The man showed a lewd smile. He was thinking about the beauty that he saw just now and was figuring out how he might taste that beauty. If she was a kept woman, it might be easy for him to taste her. He just needed to offer more money than the old man of hers.

"You need to help me. I want to fuck her." The man revealed his intention to Wang Fu Ya.

"What? You don't want me anymore?" Wang Fu Ya made a sad face.

However, in her heart, yes, she was happy about that. Yu Qi had caught this man's attention. She was disgusted by this old man. He was a short man with a big stomach and his face was not handsome. However, he did have a lot of money and power. That was why she was together with this old man. She knew that this old man had the wrong idea when he thought that Yu Qi was a kept woman as well, but she did not want to correct him. It was better when this old man made that assumption.

The old man caressed Wang Fu Ya's face. "Don't worry, my dear. You are still in my heart. I just want to taste her once. That's all."

"I bet it will not be an easy thing. She has a temper." This is the true fact. Yu Qi did have a temper.

"Don't worry. You just have to invite her for a drink and then put something special into it. I'm sure that after she tastes that thing, she would not have the energy to fight so hard." The old man smiled lewdly.

"I might not be of much use when it comes to inviting her..."

"I will buy you anything if you manage to get her into my bed." The old man offered a tempting reward.

Wang Fu Ya's eyes widened and lit up. "I promise I will work on it then, but it might take a bit of time."

(Please read this novel on www.wuxia.com)

"Don't worry. I'm willing to wait."

"Or you can just kidnap her directly since you have the power." Wang Fu Ya gave the idea.

"Owh, that might be a good idea." The old man nodded.

With this, the plan to destroy Yu Qi had begun. Wang Fu Ya smiled. She wondered if Yu Qi will manage to escape this lewd old man.

....

"Miss Yu Qi, long time no see."

The greenhouse workers greeted Yu Qi at the main entrance of the greenhouse. It had been a long time since they had last seen their boss.

"Long time no see. It has indeed been a long time since I was able to come here." Yu Qi nodded.

"Good morning, Miss Yu Qi." An energetic greeting from Song Tai.

"Good morning Miss Yu Qi." Song Tao also greeted Yu Qi.

"We already knew about you being here from our uncle. He informed us that you came home last night." Song Tai said.

"Ohh, I see."

Then they began their working. Yu Qi wandered around the greenhouse together with Aoi. She inspected the plants, especially her precious herbs to see whether they had been taken care of in the right way or not. So far so good. The twins learned how to take care of them from Uncle Song Nan and then taught the other workers how to do it.

She then went to the flower's section. She saw Lang Bing, who was currently taken care of the roses. When Lang Bing spotted her boss, she greeted her boss as Yu Qi walked towards her.

"Morning, Miss Yu Qi." Lang Bing greeted Yu Qi with a smile.

"Morning, Sister Lang Bing." Yu Qi replied to the greeting.

"Are you currently on vacation from school?" Lang Bing asked.

"Yes. I have three months off, but for, my is not really broken."

"Yeah, I guess so. When you are taking a break from your studies, you will busy with us." Lang Bing laughed. Her boss was indeed a busy woman.

"Well, I can not stand around and doing nothing, my body feels restless." Yu Qi said.

"I can see the variety of flowers has increased." Yu Qi commented while looking around. She could see some new flowers that were not there the last time she was there.

"We ended up buying some new kinds of flowers. The florists that we supply for sometimes come and ask for some different flowers, so we thought we should increase our selection." Lang Bing was currently trimming a rose bush.

"I see. That is great then." Yu Qi nodded.

Chapter 285 - 285: Saisei Ryokan

Unedited

After spending two hours walking around the greenhouse, she was satisfied with the effort of the workers. They became more serious in taking care of the plants in the greenhouse. Feeling satisfied with what she had seen, she said goodbye to Song Tao that currently settling the paperwork in the office.

She wanted to go to Saisei Ryokan to see the progress. The opening ceremony would be held there. It was not a long distance from the greenhouse. So she just needed to walk about fifteen minutes from the greenhouse.

While she passed some houses, the people greeted Yu Qi.

"Oh, Yu Qi, how are you?" An old woman greeted Yu Qi.

"I'm fine. However, Grandma Cheng, you are not in good condition. You need to stay at home." Yu Qi just needed to look at the old woman's face.

"I can't. If I'm not going to work, who will give food to my family?" The old woman said.

"Don't you have a son?" Yu Qi remembered about this old woman having a son that slightly older than her.

"Don't mention him. I really don't know what he wants to be?" The old woman sighed. "Sorry. Just continue your walk. I'm going to work."

Yu Qi saw the old woman walked passed her after she said that.

"I really pity Grandma Cheng because of her son. Her son was gambling when he got some money. That was why Grandma Cheng needs to work despite her age." The middle-aged man sighed. He then turned to Yu Qi. "Yu Qi, it has been a while since I see you. How are you?" This middle-aged man was her neighbor when she was still in the Wang Family. His name was Yun Wang Ting.

"I'm fine. How about Uncle Yun?" It was Yu Qi's turn to ask.

"As you see, I still like this." Yun Wang Ting laughed. "I heard you study at the university."

"Yes, I'm studied about medicine." Yu Qi answered.

Yun Wang Ting looked at his watch. "I need to go first. Bye." The middle-aged man left her.

After that, Yu Qi continued her walk to the ryokan. Yu Qi entered the main entrance of the ryokan. One of the workers stopped her.

"Miss, this hotel is still not open to the customer." The worker said politely.

"I'm not here as a customer. I just want to see Sister Mei Fung. Can you inform her about me?" Yu Qi indeed wanted to see Chui Mei Fung.

"Wait here for a moment. I will need to inform Okami first." The worker went to find Chui Mei Fung and informed her about the girl that wanted to meet her.

When Chui Mei Fung heard about this, she quickly left her own work and ran to the main entrance. The workers who happened to see Chui Mei Fung were surprised to see Chui Mei Fung ran like this.

"Miss Yu Qi." Chui Mei Fung arrived at the main entrance called her savior's name. She could not forget about the young girl that saved her from the darkness and gave her a new meaning to live on.

"I'm happy when seeing you like this." Yu Qi smiled when seeing Chui Mei Fung like this. She was nothing like two years ago.

"Of course, I already move on. Thank you for your effort actually. If you do not appear on that day, I might already at the bottom of the hell." Chui Mei Fung was really grateful for what Yu Qi did to her.

"Come in, Miss Yu Qi. We are currently working on the opening ceremony." Chui Mei Fung invited Yu Qi in.

"All the room already decorated correctly?" Yu Qi asked about the progress.

"Of course. I can show it to you."

Chui Mei Fung brought Yu Qi to one of the rooms. Yu Qi was very impressed in this room.

"It is the first class room. It had a private onsen. The customer can enjoy privacy while enjoying the onsen." Chui Mei Fung explained to Yu Qi.

"How many of this kind of room that we have?"

"About seven rooms. All of them had a private onsen."

"I see."

Chui Mei Fung brought Yu Qi to another room. "Even though this room did not have a private room, but the scene of the mountain is very beautiful making the customer will like to enjoy nature."

After that, they went to the main attraction of this ryokan which was the onsen. The onsen divided into three partitions. One was men section, another one was women section and the last one was mixed where both men and women wanted to enjoy the onsen together.

"Can you gather all of the workers? I want to say a few words to them." Yu Qi asked.

"Sure." Chui Mei Fung informed the workers to gather at the main hall of this ryokan.

After thirty minutes, most of the workers already gathered in the hall. Everyone kept looking at the young girl beside their Okami. They were curious about this young girl's identity.

"Everyone, sorry for disturbing your work. However, I like to introduce our ryokan's owner to you." Chui Mei Fung said.

After Chui Mei Fung made that sentence, the workers whispered among them.

Chui Mei Fung started to talk again. Then the workers listened to her words. "The young girl beside me is our big boss."

Yu Qi gave a smile to all the workers. "Hello, everyone. I'm Tang Yu Qi. It is our first meeting. I hope you can give the cooperation to make our ryokan stand against others." Yu Qi bowed to them. "However, I like to inform you. This ryokan belongs to Tang Family, not mine only."

This made the workers felt good toward Yu Qi. Their big boss was bowing down to them in order to make this ryokan success.

"I actually know her background. She was an orphan adopted by Wang Family but they treated her like a slave. She did not stand that treatment chose to leave the family. Her great fortunate when she found a big 1000 years ginseng. She sold the ginseng and made a lot of money." This worker was a person from this town, so, of course, he knew about Yu Qi's story.

"How can she just leave the family? That family takes care of her since she was a kid." A man commented.

"If people treat you like a slave, like a punching bag, will you stay with them?"

The man that commented earlier shut his mouth up.

"Everyone, we will be received our first guest this weekend. Let's give our best treatment to them." Chui Mei Fung informed all the workers.

Just now, Yu Qi informed Chui Mei Fung that she and her family would be staying for this weekend. As Yu Qi said, this is their first to receive the guest and Yu Qi wanted to see their best on taking care of the guest

Chapter 286 - 286: Someone Wants To Meet You

Unedited

Yu Qi was currently calling her auntie Ming Yue. She wanted to invite her to her Saisei Ryokan to enjoy the hot spring.

"Onsen? Really?" Ming Yue on the other side excitedly asked.

"Yes. Do you want to come, Auntie Ming Yue?"

"Of course, I want to. It's been a long time since I traveled."

"You can ask Uncle Jung Wen too. He worked so hard. He really needs to take a break."

"Sure. If he can't go, I have your auntie Su Xiao to join me."

"Auntie, you also need to inform my brothers." Yu Qi said. She wanted the whole family to join her.

"Don't worry. I will inform them. I bet your Brother Jin Wei will very happy with this."

"Yes. I bet so too." Yu Qi chuckled. Her Brother Jin Wei wanted to go on a holiday. So, why not he just came to her ryokan?

The call ended. Yu Qi's next target was Feng Yue and her grandfather. She did not know whether she was also in the semester break or not, so she called Feng Yue.

"Hello, Yu Qi." Feng Yue excited received the call from Yu Qi.

"My dear, where are you right now?" Yu Qi inquired about her whereabouts.

"I'm at home."

"Really? You are in Shiwa Town?"

"Yes. Why? Wait, are you also here?"

"Yes. Great. Let's meet then."

"Okay."

Yu Qi ended the call. She went outside. "Grandfather, I'm going to meet Feng Yue right now. She is in town." Yu Qi told Grandpa Tang that currently inside Godly Herbs shop.

"Okay." Grandpa Tang replied and turned back to Uncle Song Nan, continuing their discussion.

Yu Qi walked together with Aoi. Feng Yue saw the combo excitedly ran to them and hugged Yu Qi.

"Slow down, my dear." Yu Qi balanced herself from falling down after being hugging by Feng Yue like that.

"I was bored at home. Then your call just comes." Feng Yue said.

"Let's go grab a drink first." Yu Qi told Feng Yue since she saw Feng Yue ran toward her just now.

"Okay."

The two girls went to a stall that sold the drink.

"Are you also in the semester break too?" Feng Yue asked she slurped the leman tea that she bought just now.

"Yes. My ryokan already finished its construction. I plan to have an opening ceremony for that before the new semester begins. So the date planning is on this 20th of February." Yu Qi told about her plan.

"It's finished? I can not wait to see inside it." Feng Yue asked.

"But before that, I want to be the one who official stay at the ryokan. I plan to go on this weekend. Would you like to go too?"

"Huh? Do you invite me?"

"Of course, my dear. I'm inviting you right now." Yu Qi flicked Feng Yue's forehead.

"I want to go." Feng Yue said.

"Okay, make sure to bring Grandpa Feng also. My grandfather also will be there."

"My grandfather will be happy to go if his best friend is going too." Feng Yue nodded.

"Oh, you look happy there."

Feng Yue and Yu Qi turned to the voice that greeted them. Feng Yue's happy face right now turning to annoy face. Yu Qi also showed a cold expression. That person was not other was Wang Fu Ya. Wang Fu Ya was currently in a dress completed with its accessories. She was smiling to the two girls ignored the two girls expression.

"Long time no see." Wang Fu Ya said while smiling.

Feng Yue looked at Yu Qi. At the same time, Yu Qi also looked at Feng Yue.

"You are still a friend with each other." Wang Fu Ya commented.

"Of course. Unlike you." Feng Yue smirked.

Wang Fu Ya held her angry by gripping her handbag. Feng Yue's statement was totally slapped her face. It was true with her current self, her old friends did not want to think of her as their friend.

"I don't need a friend." Wang Fu Ya said.

"I don't care about you. Can you leave us alone so that I can spend time with my best friend?" Feng Yue used the word friend again.

"Humph..." Wang Fu Ya rolled her eyes to Feng Yue and turned to Yu Qi, giving a smirk to Yu Qi. 'Your happy time will end.' Then she left them.

"What does she come for?" Feng Yue asked.

"I don't know. Just let her be." Yu Qi did not give any thought about Wang Fu Ya.

"Yu Qi, just be careful. The girl maybe has an evil plan for you." Feng Yue warned Yu Qi.

.....

After having a long conversation with Feng Yue, Yu Qi was walking home with Aoi. Suddenly she saw about three cars parked in front of her home. At first, she thought it was customers that wanted to buy some herbs.

Then she felt something was off. She ran to the house. Her grandfather, Uncle Song Nan and Sister Chu Xiao were tied up. In front of them, a man sat on the sofa, behaved like he was the owner of the house. A scar could be seen on his cheek making him looked like an evil person.

The man realized someone was at the front door. He turned and saw a beauty standing at the front door.

"Come in." The man said. The moment he said, his men took out their pistol and pointed to Yu Qi.

Yu Qi could not help but stepped inside the house. Yu Qi took breathes to calm herself. She needed to calm so that she could think about the escape plan. It was not about her but also the safety of her grandfather, Uncle Song Nan, and Sister Chu Xiao.

"What do you want?" Yu Qi asked the scarred man.

"I need you to follow me. Someone wants to see you." The scarred man said.

Chapter 287 - 287: Went To Long Hui

"Someone? Who?" Yu Qi asked.

"You will know when you reach the place." The scarred man said. "But if you don't want to, ..." The scarred man eyed the three hostages that were tied up.

Yu Qi understood his threat. "Okay. I will follow you. Just don't touch my family."

The scarred man smiled when the girl got his message. "I know you understand. We will just leave them like this."

Grandpa Tang shook his body. "Hmm... Hmm..."

Yu Qi looked at her grandfather. "Can I talk to my grandfather for one second." She asked permission from the scarred man.

The scarred man nodded. Getting his permission, Yu Qi walked over to her grandfather and hugged him.

"Don't worry, grandfather. I will be okay." Then she lowered her tone and whispered. " After this, please find Long Hui with Aoi."

Grandpa Tang looked at Yu Qi. Yu Qi was smiling. He wanted to tell her something however his mouth was sealed shut by the tape.

Yu Qi stood up and followed the men out of her house and got into one of the cars. The cars left the Godly Herbs shop, leaving the three of them still tied up. Sister Chu Xiao cried when her young miss sacrificed herself to save them. Uncle Song Nan was shocked by this situation.

Grandpa Tang stayed silent. He kept trying to figure out what Yu Qi meant by her last sentence. She wanted him to find Long Hui, but how was he going to find him when he was tied up like this?

Ten minutes passed. Grandpa Tang suddenly saw something moving at the main entrance of the house. Taking a closer look at the object, he recognized Yu Qi's dog, Aoi. What was he doing here? Why did he not follow Yu Qi?

Aoi entered the house cautiously. He was afraid that the men might have left some of their comrades to keep watch on the house. When he was sure that the house was free from the men, she approached Grandfather and the other two that were still tied up.

"Aoi?" Grandpa Tang called his name.

"Woof." Aoi barked, acknowledging Grandpa Tang.

Without wasting any time, Aoi bit the rope that bound Grandpa Tang. Using his sharp teeth, Aoi successfully released Grandpa Tang from the rope. Grandpa Tang then took the opportunity to rip the tape off of his mouth. He turned and started to work on the rope that bound Uncle Song Nan to release him. Meanwhile, Aoi bit the rope on Sister Chu Xiao. The three of them were quickly released.

"Master Tang, we need to save young miss." Sister Chu Xiao said, crying.

"Woof." Aoi barked to Grandpa Tang.

Grandpa Tang looked at Aoi. He remembered what Yu Qi had said before she went with those men. She wanted him to go and find Long Hui with Aoi.

"Woof, woof." Aoi barked again.

"Song Nan, Chu Xiao, let's go to the military camp." Grandpa Tang ordered them.

Song Nan went to the garage and took out the car. Grandpa Tang, Sister Chu Xiao, and not forgot about Aoi, jumped into the car. Uncle Song Nan was usually a good driver, but right now he ignored the rules of the road and drove the car with high speed.

After 10 minutes, the car reached its destination. Grandpa Tang quickly went to the soldiers that were guarding the main gate of the military camp. The soldiers held up his hand to stop Grandpa Tang.

"Sir, what is your business in coming here?" The soldier asked.

"Call Long Hui right now." Grandpa Tang demanded.

The soldiers looked at each other.

"Hurry up. It involves human life." Grandpa Tang said in an angry tone.

Sister Chu Xiao looked at her employer getting angry and stepped forward to talk to the soldiers.

"Sir, can you inform Long Hui that Master Tang Jiang Man is here. Our young miss had been kidnapped." Sister Chu Xiao said with tears in her eyes.

"You should call the police regarding a kidnapping case." The soldier said, not moving.

Grandpa Tang had exploded in anger. "CALL LONG HUI FOR ME RIGHT NOW. DO I NEED TO CALL LONG FEI SO THAT HE CAN ORDER YOU?"

The soldiers were scared when this old man mentioned the Great General Long Fei with such familiarity. Maybe this old man was an associate of the Great General Long Fei.

"Go and inform the Major Long Hui about this. Let him decide what to do." A soldier told another soldier to go and inform Long Hui.

Time was passing quickly, but not long after that, Long Hui appeared. He was running as fast as he could to meet Grandpa Tang. A worried look could be seen on his face.

"What had happened to Qi Qi?" Long Hui immediately asked about Yu Qi as soon as he arrived in front of Grandpa Tang.

"She had been kidnapped by some men. I did not recognize them." Grandpa Tang told Long Hui about the situation. "This evening, she told me that she wanted to see Feng Yue. So she went out. I was not thinking much about that. Then two hours after she went out, several cars stopped in front of my shop demanding to meet with Yu Qi. I'm sure that they were no good. They tied us up and waited for Yu Qi to return. When Yu Qi came back home, he told her that someone wanted to meet her. If she did not

follow them, our lives would be in danger. So, in order to save us, she followed the men into their cars. However, before she left with them, she told me to find you."

"How did you manage to release yourself?" Long Hui asked.

"Aoi appeared and bit my rope." Grandpa Tang explained.

Long Hui frowned when listening to the story. What was the men's motive to kidnap Yu Qi? Where did they take Yu Qi to? Without knowing this, how could he look for her?

"I just don't know where they might have brought her to," Grandpa Tang sighed.

"Did she bring her phone?" Long Hui asked.

"About her phone, I found it outside the house earlier. It seems that the men threw it away before she got in the car." Sister Chu Xiao told them. Before she entered the car, she caught the sight of the broken phone on the ground. She recognized it as her young miss's phone.

Long Hui was thinking to hack the current location of the phone if the phone was on Yu Qi, however, now he needed to think about another method in order to find Yu Qi's location.

"Woof." Aoi was barking at Long Hui and pulling Long Hui's leg.

Long Hui looked down at Aoi. When Aoi realized that Long Hui was watching him, so he looked up to Long Hui. He wanted to convey something to Long Hui.

"Sorry, but maybe he knows that his master is in danger. That is why he is behaving like this." Sister Chu Xiao lifted up Aoi.

Chapter 288 - 288: She Wants To Meet That Person Too

Long Hui was still staring at Aoi. He did not know why he was thinking like this, believing that this dog might know its master's location.

"Do you know where your master is?" Long Hui threw a question at Aoi.

Everyone around them felt stupid when they heard Long Hui ask a question to Aoi. However, Long Hui ignored others and only paid attention to Aoi.

"Woof." 'I know' Aoi barked once.

"Do you really know where your master is right now?" Once again Long Hui asked the question.

"Woof." Aoi barked and jumped out from Sister Chu Xiao's hug. Aoi walked a few steps forward and then turned to Long Hui signaling Long Hui to follow him.

"Woof." 'Hurry up.' Aoi barked once more.

"Wait. I need to prepare." Long Hui pulled out his walkie talkie. "Qian Yi, choose ten people from the Dragon Team. We have a mission to complete." Long Hui gave the order.

"Yes, sir." Ren Qian Yi answered in a completely serious voice when he heard Long Hui's order. He knew from Long Hui's tone that it was urgent.

Long Hui then turned to the Grandpa Tang. "Elder Tang, you can wait at home first. I will definitely save your granddaughter and bring her back to you."

"Okay." Grandpa Tang nodded. He knew that even if they stayed here, they would not be of any help to those soldiers. Grandpa Tang and the two others went home to wait for the news.

Ten minutes later, the soldiers from the Dragon Team were gathered and waiting for their orders. Long Hui was standing in front of them.

"This is a rescue mission. A girl was kidnapped." Long Hui explained. "I know the location. You just have to follow me. We will use the R plan. Now move out."

Ren Qian Yi went to Long Hui. "Hui, who..." His sentence was stopped when he looked at Aoi. His face showed a shocked expression. "Wait, is it sister in law?"

"Yes. She had been kidnapped according to Elder Tang." Long Hui said while he walked over to his vehicle and got inside.

Ren Qian Yi also jumped into Long Hui's vehicle. Long Hui gave Aoi to Ren Qian Yi to hold him.

"Why do you bring this dog?" Ren Qian Yi was confused about why they were bringing Aoi.

"He knows where his master is right now. So I'm bringing him."

The vehicle started to move.

"Aoi, which direction I have to go now?" Long Hui asked.

Aoi raised her front leg and showed the direction to Long Hui. Long Hui followed his directions. Ren Qian Yi was awestruck with this dog. He understood what Long Hui had asked and he responded by raising his front leg in order to show what direction to go in.

....

"Don't worry too much. If you follow our boss's order, you still can come back here." The scarred man said to Yu Qi when he saw Yu Qi currently watching the scenery of Shiwa Town passing by through the car window.

Yu Qi did not respond to the scarred man. She was not in the mood to talk with the people that had just kidnapped her. When she saw her family tied up, she was already planning how to deal with this problem. She told Aoi to hide first from the men through telepathy, and then she whispered the words to Grandpa Tang.

After the men had left the Godly Herbs shop, Yu Qi told Aoi to get out from his hiding spot and to make sure to check whether the men had left some of their own comrades in the house. If not, he needed to proceed and release Grandpa Tang and others.

Grandpa Tang should be going to Long Hui to inform him about the situation. As for her location, she gave the task for Aoi to complete it. Aoi was her beast, contracted by blood. He could locate Yu Qi anywhere in the world, just as Yu Qi located him last time.

'Master, Aoi will be able to find you.' Bo Ya said, making sure that his master would not give up.

'Yes.'" Yu Qi smiled when she heard Bo Ya's voice.

The scarred man coincidentally saw that smile. He was amazed by this girl. In her current situation, most girls like her might cry in silence or showed a sad face. He would like to see whether this girl would still be smiling after spending a night with his boss.

Yu Qi found it was weird that the men did not even hide the location that they were going to. Like they did not care about whether or not someone knew their location. At least, they should have blindfolded her eyes with something.

'Master, master, I already at your boyfriend's place.' Aoi's voice reported the situation.

'Okay."

"I hope I can find you faster, Master.'

'Don't worry. I'm currently safe. You just need to calm down. Try to feel me through our bond. It will tell you where I am.'

'Okay, Master.'

After two hours on the road, the cars finally stopped. The scarred man indicated for Yu Qi to get out. Yu Qi just followed his order. She looked at the big house in front of her. The house was isolated. To be honest, it was a villa in the jungle. It was in the middle of nowhere.

"Move." The scarred man pushed Yu Qi to walk.

Yu Qi walked into the villa. While walking, she managed to see her surroundings. There was a small number of men guarding the main gate and the main door of the villa.

"Welcome to the villa. The person that wants to see you is here." The scarred man said using a narcissist tone in welcoming Yu Qi into the villa.

"Do you know why that person wants to meet me?" Yu Qi asked.

The scarred man smiled. It was a pure evil smile. "You can ask that person when that person meets you later. But first, you must come to this room. Don't act foolishly. Our men are surrounding this villa. If you manage to get out of this villa, our men are waiting to catch you and bring you back." The scarred man gave his warning.

Yu Qi was escorted into a large room, complete with a bed and its facilities. Yu Qi entered the room obediently. She wanted to see the person who had gone through so much trouble to meet her. Her purpose, of course, was to know why that individual wanted to meet her.

Chapter 289 - 289: Consume The White Powder

Yu Qi was waiting for that person to come and meet her. She would not leave if that person did not come. She just wanted to know what his or her purpose was in kidnapping her like this.

The room, like she said, was decorated completely with bedroom furniture. It must have been used by someone else before, and that someone should have been a woman. Based on what Yu Qi found in the closet and on the table, including the lingerie inside of the closet, only a woman could be staying in that room. There was no sign of anything for a man.

After exploring the room, Yu Qi sat on the chair trying to figure out what was going to happen next.

'Master, are you okay?' Aoi asked again. He was worried about his master.

'Aoi, I'm okay because I know you will come and save me.' Yu Qi calmed down her beast.

'Yes, Master. I will come and save you. You just need to wait.' Aoi really wanted to save his master.

Just then the door to the room, that been locked from the outside, was opened by someone. A woman dressed in a maid's costume came inside the room carrying a tray loaded with food. The scarred man followed her in right after that.

The maid put the tray on the table and quickly went out. However, the scarred man stayed in the room and took a seat in front of Yu Qi.

Yu Qi looked at the scarred man to see what he would do next.

"Eat." The scarred man said pushing the tray towards Yu Qi.

"Why should I eat?" Yu Qi demanded, playing a game of words with the scarred man.

"You need to eat. If you want to run, you will need energy. Otherwise, we will catch you too quickly." The scarred man replied, not losing to her in the game.

Yu Qi looked at the scarred man in his eyes and then looked down at the food. Something was inside the food. Yu Qi took food and started to eat. When the food was near her nose, she was already able to figure out what was going on, based on the smell.

Her guess was correct. Something was inside the food. And, to be her surprise, it was the white powder. Since she already remembered its smell when she had used the white powder in her research, she was easily able to tell what it was. Well, she could just eat the food since the white powder had no effect on her body as the poison had on someone else.

The food was disappeared after a few moments. Yu Qi finished it and then drank the wine that was offered. This wine also had a portion of the white powder in it. She smiled.

The smile was caught by the scarred man's eyes. 'Does this girl know what is in the food?' The scarred man threw that thought out from his mind. This girl would never be able to find out about that.

"When can I meet that person?" Yu Qi asked as she drank the wine.

"You just need to wait. That person is on the way." The scarred man answered.

"Ohh, he is not here yet." Yu Qi's lips were slightly curved.

The scarred man did not comment anymore on Yu Qi's remark. To be honest, he was getting uncomfortable when he was looking at this girl's smile. It was like she knew what was on his mind. This girl's reaction was not normal, unlike previous girls that had been brought back here, she showed no sign of fear.

The scarred man stood up and went out. When he turned to look at the girl for a moment, he still could see the faint smile on her lips. He hurried away and left the room as fast as he could. To comfort his own mind, he told himself: 'After this, this girl would not be able to smile anymore'. He just needed to wait for the time to come and everything would return to normal. The maid once again came in and retrieved the empty tray.

'I need to act like a girl that had lost her mind.' Yu Qi thought that since the latter gave a portion of that white powder to her, then they could not suspect that it would not have the desired effects on her. Coming to that conclusion, Yu Qi started to sway and act like a drunken girl.

"So hot." Yu Qi said. "So hot."

The scarred man watched the girl through the hidden camera in the room and nodded in satisfaction when he saw the reaction to he was waiting to appear on the girl. The feelings from earlier passed through his mind as nothing more than a blur.

He then hurried and made a call to his boss.

"Boss, she is ready. You can come in now." The scarred man said to the person on the other side.

"Really? Good. I'm tired of waiting." The person said. "I will go to her."

The scarred man waited for his boss to come. Not long after that, the boss arrived with his own bodyguards.

"Where is she?" The person is asked.

"She is currently in the ecstasy room." The scarred man answered the question politely.

That person was actually the old man that was keeping Wang Fu Ya as his mistress. As Wang Fu Ya suggested, he just boldly went and kidnapped Yu Qi.

"Good." The old man licked his lips lewdly. He could not wait to have a taste of that beauty's body. From the moment he saw that beauty, he kept dreaming about her body. When he was doing with other women, he was imagining that the other women were her.

"After this, I will reward all of you." The old man said.

His men shouted excitedly when they heard that the old man would be rewarding them. They knew that the reward was be going higher than usual looking at the old man's excited face.

The old man rushed to the ecstasy room. He opened the door and looked inside. There was no one there. He frowned. 'Where is that beauty?'

"Hong Nan, where is she?" The old man asked the scarred man, angry since it was up to the scarred man to guard that beauty.

Then the sound of water could be heard from the bathroom.

"Oh, she is in the bathroom." The old man answered before the scarred man could say anything.

The old man rushed to the bathroom and pushed open the door. He froze in shock by what he had seen inside the bathroom.

Chapter 290 - 290: That Woman Never Learns

Unedited

The old man was stepped back when he looked in the bathroom. The scarred man felt weird when saw his boss stepped back. Then what was appeared in his sight totally made him dumbfounded. The girl that he was kidnapped currently pointed a gun to his boss. He wanted to protect his boss but stopped doing so because the girl did something that made him and other bodyguards were shocked with that action.

The girl pulled the trigger and shot. The bullet was passing the old man's cheek. Due to that, the blood appeared on the old man's cheek. Then they could hear the girl's voice that made them shivered. Like that voice was coming from the hell calling them to enter the door of hell.

"That was a warning shot. I can shoot right on your heart and you will die instantly but I don't want to do right now. We need to have some discussion, will you?" The girl said.

The scarred man could see that this girl looked very calm while talking about shooting at a human's heart. She looked like a professional when holding the gun. Who was this girl?

"Old man, tell your men don't think to do something stupid. Otherwise, you will lose your life in my hand." The girl's voice sounded again.

The men about to do something was frozen when hearing the warning from the girls. The old man signaled his men not to do something.

"Who are you?" The old man asked.

Yu Qi suddenly laughed when hearing that question from the old man. She was supposed to ask the old man about that.

"Old man, that is my question. So, can you tell me, who are you? And the most thing, why are you bringing me here?" Yu Qi did not put her gun down. It was still pointing to the old man. She did not let her guard down for a second.

The old man could not answer those simple questions. How could he tell her the truth while his head had been aiming by the gun? She might send him directly to hell.

"Just tell me the truth otherwise..." Yu Qi made her finger moved around the gun.

"Wait, I will tell you. I'm falling for your beauty so I want to..." The old man did not want to finish the sentence.

"To what?"

The room was silent.

"To what?" This time, Yu Qi shouted.

"To fuck you." The old man answered when being shouted like that. He did not know he was fearing this young girl.

The room once again fell to silence.

"How do you know about me?" Yu Qi asked again.

The old man felt he was interrogated.

"I know a woman named Wang Fu Ya. She was the one that told me about you." The old man answered.

"I see. That woman never learns from her past. Look like I need to make some cleaning."

When the men heard about that, they knew this girl in front of them was not a normal young girl.

'BANG.' Yu Qi pulled the trigger.

The old man was horrified by what had happened. He was so scared so he was sitting down quietly right now. The old man turned back slowly and saw one of his bodyguards laying down with a clean shot on his forehead.

"I told you, not to do something stupid." Yu Qi said after shooting the man.

The scarred man watched the girl's expression. Her face showed nothing. It was void of emotions. Like she did not do anything. Like she was not shooting the man. Now he confirmed that this girl was not a normal girl. A normal girl would not have the ability to shoot like this.

Yu Qi was informed by Bo Ya that one of the bodyguards was planning to shoot her from her blind spot. So she made a quick action to pull the trigger.

"All of you get out of this room. Leave this old man. Get out. Otherwise, I will shoot again." Yu Qi ordered.

All of them went out. Only the old man inside the room.

"Stand up and turn around." Now Yu Qi was ordering the old man.

The old man was doing what she had ordered. Yu Qi placed her gun right on the old man's back.

"I want to leave. It is the only way." Yu Qi pushed the old man.

They were getting out from the room. The bodyguards were in caution when seeing the girl behind their boss. They knew that the gun was behind their boss's back.

'Master, I can feel I'm getting closer to you. I arrive at some gate. It looks like a house.' Aoi asked.

'Yes. That is the place.' Yu Qi answered.

One of the bodyguards saw Yu Qi did not pay much attention, so he moved to the old man's side and pulled the old man out from the girl's range.

"Brother, now." That bodyguard shouted.

Other bodyguards started to pull their own guns. Yu Qi became alert. The shooting could be heard. They shot at the girl's direction after confirming that their boss was safe.

Yu Qi quickly ran to the room to take the shield.

"Young girl, you should give up now. With our number, you will not win. Besides, you can not use the gun anymore because you will run out of bullets." The bodyguard told Yu Qi.

"Don't kill that girl. Capture her alive. Just make her can not move. This time I will definitely fuck her and give her to you to enjoy her too." The old man said. He was very resentful to Yu Qi. Just now, that girl managed to threaten her.

The bodyguards were excited when hearing that. To enjoy that reward, they had to catch this girl.

Hearing the men talking about her like that made her blood boiling. 'Then, I will not hold back anymore.'
