

**Chapter 291 - 291: Safe From The Devil Girl**

Listening to the old man talking, Yu Qi's eyes turned cold. 'That old man thought to reward his bodyguards with her after he had finished? Are you so sure that I will just go with your plans willingly? Do you think I will give you the chance on doing so?' Yu Qi came out from hiding at fast speed.

While running and dodging the bullets that came for her, Yu Qi also fired back. When she made the shot, one fell down, one bullet, one life. They could see that the shots she had fired were all aiming for the center of the forehead and she had yet to miss.

The remaining bodyguards suddenly felt scared when they were looking at this young girl. This young girl definitely had been training a lot to make such a clean shot like that. Why had they encountered her? She was a professional shooter for her to shoot with that accurate and precision aiming.

"Relax everyone, she will be running out of bullets very soon. Then we can take her down after she has run out." One of the bodyguards shouted.

Yu Qi could only smile when she heard that remark. She had come prepared. She knew that only one pistol would not be enough, so she had already taken out a spare magazine full of bullets. She knew this was the time to use the gun inside her space. There was no better time to use it if she did not use it now.

Yu Qi wanted to play with them too, so, she randomly shot until the bullets were almost gone from her gun. The bodyguards who saw this smiled. Their prediction was right, this young girl ran out of bullets.

When they confirmed she was empty, they all came out from their hiding place. They approached the location where the girl was hiding. They could catch this young girl right now.

"Come out, come out, where ever you are, young girl. You can not hide or run anymore." One of the bodyguards said.

Then something happened. The bodyguard that was closest to Yu Qi's hiding place was shot. One bullet through his forehead. He immediately fell down.

"She still can shoot?" The remaining bodyguards scrambled to find a place to hide.

Unfortunately for them, Yu Qi's bullets were faster. Adding to the fact that Yu Qi currently held the two guns in her hand, the remaining bodyguards no longer stood a chance and fell down, dead. The only people left standing were the scarred man and the old man. The scarred man actually did not join in the earlier battle, he was standing in the corner enjoying the show.

Yu Qi turned to the scarred man. "Do you still want to fight me?"

"No, I will not fight. I know my limit." The scarred man said.

"Then..." Like a devil, Yu Qi turned to the old man.

The old man was scared. He wanted to run away from this devil girl, she was definitely not normal. He had about fifty bodyguards, but right now, they were already dead, laying on the floor with a bullet in

each of their heads. He decided that there was no way for him to win and he needed to leave first. However, the girl already saw through his plans.

"Where do you want to go, hmm?"

Hearing this question coming from the young girl, the old man felt that he had been asked a question by the devil himself. His body was frozen, he wanted to walk away from the devil girl but he could not. His legs would not listen to his order.

Then the door was opened from outside. A group of soldiers quickly, but quietly entered the room, guns out and scanning for the threat. The soldiers were shocked when they saw what was waiting for them in the room. Lifeless bodies were all around the villa. This scene looked like a battle scene. They could not believe their own eyes.

The old man felt like his saviors had come for him, saving him from this devil girl. "Sir, please save me! That girl, she went crazy and started killing people." The old man shouted at the group of soldiers.

The old man could move his body now, so he ran towards the group of soldiers without realizing that the man in the very front of the group of soldiers lifted his gun and shot at the old man. The old man fell on the ground when the bullet hit his legs. He looked at the man that shot him with a shocked look on his face.

The man ignored the old man and walked passed him. His destination? Of course, to his beloved Qi Qi. The man hugged the girl.

"Thank goddess. You are safe." The man said. The man was relieved when he saw that his beloved Qi Qi was safe and sound.

The old man right now was looking at the man and woman who were hugging each other. Just then he understood that this group of soldiers was not coming to save him, but rather the devil girl. He was doomed. Doomed because of one girl. He was regretting his decision to have a taste of this girl and kidnapped her. Otherwise, this situation would never have happened and his men would still be alive. It was his lust that controlled him and brought him this misery.

Aoi was angry when he saw that Long Hui had stolen his master's attention and turned to the old man. This old man kidnapped his master. He must vent his anger on that old man. His decision made, he rushed to the old man. Using his sharp teeth, he bit the old man's hand. The old man, who was still wallowing in regret, shouted in pain when a dog came and bit his hand.

Aoi released the man's hand when the old man wanted to hit him. He growled to the old man.

'How dare you kidnap my master? You are courting death.' Aoi barked to the old man.

"Thank you for coming and saving me." Yu Qi said as she leaned into Long Hui's embrace.

"You are my life. Of course, I will come and save you." Long Hui did not let Yu Qi go.

Then Yu Qi fainted. When seeing his beloved Qi Qi faint, Long Hui lost it. He quickly lifted her up and carried her in a princess carry and hurried out of the house. Aoi, when he also saw his master faint became worried.

"Handle this. I need to bring Qi Qi to the hospital." Long Hui passed his orders to Ren Qian Yi.

Accepting his order, Ren Qian Yi nodded. He was also worried about his sister in law. It was better than Long Hui brought her to the hospital first. He would handle things here.

"Bring this old man to sit on the chair there." Ren Qian Yi ordered the other soldiers.

"Yes, sir." The soldiers brought out his order.

The old man was placed on the chair. He was hissing in pain. The soldiers that lifted him up seemed to forget about him having been shoot by their leader and been bitten by a dog.

Ren Qian Yi saw the scarred man that was standing in the corner. Then he also asked the soldiers to bring him over for questioning. The scarred man did not even fight, and carefully followed the soldier's order.

### **Chapter 292 - 292: She Will Wake Up Soon**

"Okay. Tell me about your identity." Ren Qian Yi said to the two of them.

The old man did not answer. Seeing that his boss did not say anything, the scarred man did not want any more problems and answered Ren Qian Yi.

"My name is Hong Nan. This is my boss, Mr. Yu An Wong. We are merchants." The scarred man answered.

"So, tell me what had happened here?" Ren Qian Yi asked.

"The devil girl killed them all." The old man quickly told him the truth.

"Killed them all?" That sentence made people wonder what the truth could actually be.

Ren Qian Yi could conclude roughly that there were around fifty to sixty men lying dead on the ground. How could a weak girl like his sister in law kill that many people? Ignoring the old man, Ren Qian Yi turned to the scarred man.

Understanding the look given by Ren Qian Yi, the scarred man told the same thing that the old man said before. "My boss told you the truth. That young girl is really the one who killed all those men. We are not lying."

"I see. Where did the gun come from?" Ren Qian Yi asked again.

"That... I don't know." The scarred man answered. He then added. "I am also curious as to how did she get the gun."

"Bring them to the police station and ask some of the police officers to come here. Our Major Long will handle the rest, but there is a lot of work here to do."

"No. Why should I go to the police station? I'm not doing anything wrong! You should send that devil girl there since she has killed so many people," the old man shouted. He totally forgot that he had asked his men to kidnap Yu Qi in the first place.

Ren Qian Yi looked at the old man. "Not doing anything wrong? Are you forgetting that you kidnapped my sister in law and brought her here?" Ren Qian Yi chuckled. "You are lucky that our Major Long is completely worried about his beloved. Otherwise, you would be facing his anger. Well, you might be facing him sooner or later after he has confirmed that nothing is wrong with sister in law."

The old man remembered the man who shot him in the first place. That man really scared him. After shooting him in the leg, he had just let his soldiers take him away.

Ren Qian Yi took a look at the men. They were dead because of a single shot, one that hit in the center of each forehead. Ren Qian Yi was surprised to see this. It was a very good shot. Even he would not be able to be that accurate. He knew that his sister in law was good at shooting, but he did not expect her to be that good.

The police officers entered inside of the mansion and the sight that they saw left them shocked. They never thought they would come across this kind of scene in their careers. The pile of lifeless bodies was scattered around the place. No words could describe the horror of that place.

The leader of the police officers came and greeted Ren Qian Yi. "Good evening Sir. I'm Lan Shu Wen. Maybe I know what has happened here?"

"A girl had been kidnapped and been brought back here. We came to save that girl." Ren Qian Yi explained the overall incident.

Lan Shu Wen frowned. "Then you are responsible for killing those men here?" He pointed to the bodies on the ground.

"Eh, no. This is not our doing." Ren Qian Yi denied the accusation.

"Then, who was doing this cr..." Lan Shu Wen could not finish his words since Ren Qian Yi interrupted him mid-sentence.

"Cruel? Sir, what would you think if was your daughter that was kidnapped and facing this amount of men?" Ren Qian Yi asked. "This is not our work. The girl that had been kidnapped by those men, it was her doing. She killed them to protect herself. Do you really think this is cruel? What would happen if she did not protect herself? She might become a victim of rape because of those men." Ren Qian Yi defended the actions of Yu Qi.

Lan Shu Wen and the other police officers were dumbfounded when they heard that this terrifying scene was not the work of the soldiers, but rather the girl that been kidnapped by them. However, some of the police officers that came here with the other police officers understood what the girl had been through in order to protect herself to this extent.

"The girl must have snapped." One of the female police officers said.

"But, her aim is truly terrifying. Look, most of the bullets were shot through the men's forehead." The police officers said while examining the bodies.

"The girl practiced her shooting. She was the best female shooter in the last year's shooting competition." Ren Qian Yi told them.

"What? Really? I know that girl. She is beautiful. Her aiming was truly terrifying." The female police officer said.

"Yeah. I also went to see the competition. Her skill is amazing." Another police officers said.

Lan Shu Wen coughed. "Enough talking. Let's get this work done."

...

Meanwhile, Long Hui and Aoi had brought the unconscious Yu Qi to the hospital. Long Hui also make a call to Grandpa Tang and gave him an update about what had happened.

"Hello, Elder Tang. This is Long Hui. I have found Yu Qi. Right now, I'm bringing her to Senyu Hospital. Let's meet there." Long Hui told Grandpa Tang.

Grandpa Tang was waiting for the call. He could not sleep, thinking about his granddaughter being kidnapped.

"Okay, I understand." Grandpa Tang nodded.

Long Hui ended the call. One hour later, they arrived at the hospital. He stopped at the emergency department. Long Hui carried Yu Qi in his arms as he rushed into the hospital. Aoi was waiting outside. He knew he was not allowed to enter this place. He remembered what his master told him the last time when he tried to follow her into the hospital.

When the nurses saw this scene, they rushed to him and asked about the situation. Long Hui gently laid Yu Qi on the bed that the nurses had indicated. One nurse left and went to find the doctor. A female doctor soon came in.

"What's just happen to this patient?" The doctor asked Long Hui with caution.

"I don't know. She just fainted like that. I had just rescued her after she was kidnapped.." Long Hui answered the question.

The female doctor went silent. She approached Yu Qi and did a thorough check-up. She became relieved. According to the results, there were no major problems with her as a result.

"She just fainted from being so stressed for an extended period of time. Judging from what you just said, she was kidnapped, right? She is just relieved when she knew she was safe again. Her body forced her to take a rest, so you don't need to worry about her. She will wake up soon. Just let her sleep." The female doctor said.

## **Chapter 294 - 294: Going Home**

Yu Qi opened her eyes and saw a white ceiling. From the smell of this place, she knew it was a hospital. She remembered seeing Long Hui right before she lost her consciousness. It must have been him that brought her here.

Looking around, she saw Grandpa Tang and Sister Chu Xiao, even Uncle Song Nan there too. Her heart somehow felt very warm. They must have been worried about me for the whole night, thank goodness nothing happened to them.

"Qi Qi."

Yu Qi heard a voice, a voice that she knew. Looking over to the door she saw Long Hui walk inside her room. Yu Qi smiled weakly, happy to see him. Seeing Ren Qian Yi behind Long Hui, Yu Qi was surprised.

"Thank you for saving me."

Long Hui held Yu Qi's hand. "You are my future wife, of course, I would try my best to take care of you." Then he kissed her hand.

"What about those men?"

"Don't worry about them. I have already taken care of it." Long Hui assured Yu Qi.

"Okay."

"Hui has already cleaned everything up, Sister in law. There is nothing to worry about." Ren Qian Yi showed the thumb up to Yu Qi.

"How long has my grandfather been here?" Yu Qi turned to look at Grandpa Tang.

Grandpa Tang was an old man, it would not be good if he rested like that for a long period of time. She was afraid that his health would take a turn for the worse if this kept up.

Hearing someone talked around him, Grandpa Tang woke up from his sleep. The first thing he saw was that his granddaughter was finally awake. He quickly approached his granddaughter.

"Yu Qi dear." Grandpa Tang called.

"Grandfather." Yu Qi smiled.

"I was so worried about you. Thank goodness nothing happened to you." Grandpa Tang sighed. Then he turned to Long Hui. "Thank you once again. You have saved my granddaughter."

"I'm not only saving your granddaughter but my future wife as well." Long Hui declared.

Grandpa Tang rolled his eyes. 'This brat. Always make that declaration.' Even though he has proved himself many times, Grandpa Tang still thought he was an annoying little brat. "Humph."

Yu Qi chuckled when she saw how Grandpa Tang changed his tone. 'Grandfather is a tsundere.' Long Hui smiled when seeing his beloved Qi Qi smiling.

"I want to go home." Yu Qi made the announcement.

"Wait here, I will call a doctor here to check you." Long Hui went out to call a doctor in order to give Yu Qi a check-up.

The doctor came and gave a check-up to Yu Qi. He was slightly nervous when he saw that the legendary doctor was watching him doing his check-up on his granddaughter. After that, the doctor confirmed that nothing wrong with Yu Qi and gave his permission for her to go home.

Yu Qi contacted Aoi, asking him where he was. Aoi was currently staying outside the hospital. Listening to his master's voice and knowing that his master was truly okay, he was relieved. His master informed him that they would be going home soon. Aoi was excitedly waiting at the main door for Yu Qi. When he saw his master coming out, he went to greet his master.

"Woof." Aoi barked his greeting at Yu Qi.

"Aoi, let's go home." Yu Qi said.

"Yeah. Aoi, let's go home." Sister Chu Xiao lifted up Aoi.

Aoi was the one that had made the most contribution when it came to saving Yu Qi. Without his help, they would not know where that man was bringing Yu Qi to.

"Woof," Aoi answered.

"After we got home, I will give you a lot of food." Sister Chu Xiao smiled.

As a foodie, when he heard that someone wanted to give him food, well, a lot of food, of course, he would be extremely happy.

Yu Qi chuckled when she saw her dog's expression. She did not need to listen to the telepathy in order to know that he was extremely happy about getting a lot of food.

Long Hui wanted Yu Qi to be in his car. Grandpa Tang had just gone into Uncle Song Nan's car without making a comment, he knew that he would never win against this brat.

"Hui, how about me?" Ren Qian Yi asked.

"Call someone from the military camp to come to pick you up." Long Hui said.

'Ungrateful friend.' Ren Qian Yi shouted in his mind. He did not wait to stay any longer, so he went to the Uncle Song Nan's car to ask for a ride. Luckily for him, Grandpa Tang did not mind giving him a ride. So, Ren Qian Yi would be going to Shiwa Town together with Grandpa Tang's group. After they arrived in the town, he would call someone from the military camp to pick him up from there.

Only Long Hui and Yu Qi were inside of Long Hui's car. Aoi was still in Sister Chu Xiao's embrace after being promised food. Before Long Hui could start the engine, he noticed that his beloved Qi Qi was not wearing her safety belt, so he leaned closer toward Yu Qi.

Yu Qi saw his actions and suddenly asked the man what he wanted to do. "What do you want to do?"

Long Hui gave a smile. Yu Qi thought he wanted to give her a kiss, so she closed her eyes, however, the kiss never came. Yu Qi opened her eyes and saw Long Hui reaching the safety belt and placing it around her body. She was embarrassed when she thought that he wanted to give her a kiss.

Long Hui watched his beloved Qi Qi, smiling. "What are you thinking about, hmm?" Long Hui was asking in a teasing tone.

"Nothing." Yu Qi answered. Her face was blushing red. She was becoming a lewd girl.

Long Hui made a move. He gave a kiss on Yu Qi's lips, a light one. "I will give more to you later."

Yu Qi placed her hand on her lips and looked at Long Hui. Long Hui had already started the car engine and left the hospital. 'This man really liked to make a surprise attack on me. Well, it's not like I don't like it.'

After an hour of driving, they arrived at Godly Herbs. Long Hui brought Yu Qi inside the house. Yu Qi already said that she was okay, but Long Hui insisted. Well, it was not because Long Hui thought Yu Qi was sick, but he just wanted to be together with Yu Qi for a little bit longer.

Grandpa Tang and others had already arrived home earlier than Long Hui and Yu Qi. Sister Chu Xiao currently in the kitchen preparing the food for them. They had not eaten since last night because they were so worried about Yu Qi's safety. They had not even realized that they did not eat.

When everything was over, they realized that they were quite hungry. Aoi was also waiting in the kitchen for his dinner. It became his hobby to watch someone cooking his food like he did when Yu Qi was cooking for him in her space.

Working faster than ever, Sister Chu Xiao finished preparing some food, it was not much, but it was enough for them to deal with their hungry stomach.

#### **Chapter 295 - 295: That Bitch Already Ruined**

Yu Qi already recovered her health the next day. She wanted to meet the old man that had kidnapped her. Well, to be more precise, she wanted to ask him about the white powder. Yu Qi got some information that the old man and the scarred man was still at the same police station. They would be transferred to Hiso City shortly.

Yu Qi asked Uncle Song Nan to drive her to the police station where they were been held. Grandpa Tang gave his permission to Uncle Song Nan to drive his granddaughter. He could not let Yu Qi went there alone.

The chief of the police station there recognized the girl. Major Long told him that the old man had been arrested in the first place because he kidnapped the girl in front of him. So, to make sure that the old man stayed behind the bar for a long time, Major Long gave the evidence of the old man smuggling drugs into the country.

"Welcome Miss." The chief welcomed the girl. "May I help you?"

"I want to see that old man." Yu Qi stated her purpose in coming here.

"Okay." The chief quickly agreed to her request.

The chief asked his subordinate to bring the old man to a room. The old man thought someone came to take him out, so he was smiling as he walked into the room. However, when he saw the devil girl inside the room, he was frozen.

Yu Qi saw the old man, she smiled. "Come in. We need to talk."

Seeing that the old man did not move after Yu Qi asked, the chief pushed the old man in and made him sit on the chair in front of Yu Qi. Then the chief went out.

The old man was silent. He was scared to be left alone with the devil girl. Yu Qi smiled.

"I just want to ask you a few questions. I hope you will cooperate with me." Yu Qi began.

"Yes." The old man quickly agreed because the sooner they finished talking, the sooner the devil girl left him.

"Who are you to Wang Fu Ya?"

"That girl is my mistress."

"What is she tell you about me?"

"She told me that you were an ungrateful person."

"I see. I should teach her a lesson so that she will never come after me anymore. Or maybe I should kill her." Yu Qi gave a cold smile.

When the old man saw her smile, a cold shiver went down his back. He was so afraid when he heard this girl in front of him talking so smoothly about killing someone. He was glad that she had spared his life back then.

"I will decide later about that matter. Now, one more thing. Tell me where did you manage to get that white powder from?" Yu Qi was back to asking her questions to the old man.

"White powder?" The old man did not know what the devil girl was asking about.

"The thing that you put inside my food." Yu Qi explained.

"Oh, that! I brought through the black market." The old man replied.

Yu Qi sighed. The Black market? She did not want to enter that.

"I finished then. Thank you." Yu Qi stood up and left the room. Seeing the chief outside the room she said thank you and left the police station.

Yu Qi went back to Shiwa Town. 'Wang Fu Ya, you need to teach a lesson. I didn't disturb your life, but you disturbed mine.' However, that could wait.

...

Wang Fu Ya was in a happy mode and was in her house, humming some happy tune. Since she had become the mistress, she did not have to work. The money just flew into her pocket. She just had become an obedient girl to that old man.

The reason why she was so happy right now because of Yu Qi. Two days ago, she got a call from that old man who stated that he had already kidnapped Yu Qi. She was very happy when she thought of Yu Qi probably losing her virginity to that old man. That old man was probably still enjoying Yu Qi since he had not called her since then.

Well, she did not care about that old man, she only cared about his money. That old man promised her that she would get some of his fortunes when he died. He did not have a wife, but only had four illegitimate children, consisting of two sons and two daughters. However, that old man did not pay much attention to his children.

"Sister, do you have 100 RMB?" Wang Yu Jin asked his sister since his sister was at the house.

"What do you want to do with that?" Wang Fu Ya asked him back.

"Well, my stationery supplies are almost gone, so I need some money to buy more." Wang Yu Jin smiled. It was a lie, of course. He needed that money to play. Recently, he could see that his sister was loaded with money, so it was only fair that his sister shares that money with him.

Wang Fu Ya went to her bedroom and took out some money and gave to Wang Yu Jin. "Here."

Wang Yu Jin felt happy when he received the money. "Thank you, Sister."

Since Wang Fu Ya felt happy today, she gave Wang Yu Jin the money without asking too many questions.

"I see you look happy, Sis. Did something happen?" Wang Ha Na appeared from her room. She could see her sister was humming. It was a sign that her sister was happy.

"Of course, I'm happy. That bitch is finally ruined." Wang Fu Ya told Wang Ha Na.

"That bitch? Do you mean Yu Qi? What's happened to her?" Wang Ha Na was interested to hear the story.

"My boss, he is interested in that bitch. He asked me whether I know that girl since I came from here. So, I told the story of that bitch. I also suggest that he should just kidnap her. Two days ago, my boss called me telling me that he had already kidnapped that bitch. That bitch must be ruined by now." Wang Fu Ya laughed.

"Really? She deserved it." Wang Ha Na said. She was so happy hearing this news. 'That bitch is ruined now. I should get a chance to get to know that handsome man she was with. If the handsome man knew that bitch already ruined, he would quickly leave her.' Wang Ha Na was secretly thinking about that handsome man.

## **Chapter 296 - Holiday At The Saisei Ryokan**

Unedited

The time that Yu Qi had been waiting arrived. The weekend where the Tang Family would be gathered. Auntie Meng Yue managed to make her husband took the day off. Same with Auntie Su Xiao. Her Big Brother Han Lee and Tang Jin Wei also tagged together. Tang Jin Wei was happy when he finally got to take the day off.

And the most surprising, her Brother Qin Hao also tagged along. Tang Han Lee just said one sentence to make him joined this family gathering. When Yu Qi asked what was Tang Han Lee said to Tang Qin Hao, Tang Han Lee said nothing special.

"Well, I just tell him that our family will go to the onsen." Tang Han Lee said.

"Only that sentence?" Yu Qi asked once more time.

"Really?" Tang Jin Wei also joined.

"Yeah." Tang Han Lee nodded.

Yu Qi and Tang Jin Wei looked at the person that being seated quietly together with them. That was no other, Tang Qin Hao, himself. He quietly sipping his tea. Then he turned to the two pairs of curious eyes that were looking at him.

"Is that really weird for me to join?" Tang Qin Hao asked.

"Yes." Tang Jin Wei said. "I think you don't like to do something like this."

"I like the onsen." Tang Qin Hao said.

"You will like my onsen." Yu Qi smiled.

"So, what will we waiting for?" Tang Jin Wei asked.

They were currently sitting at Godly Herbs. Waiting for Feng Yue and her grandfather to come and also Long Hui. Yu Qi managed to invite Long Hui after Long Hui saved her from the last incident.

"I'm waiting for my friends to come as well as her grandfather." Yu Qi answered.

After twenty minutes of waiting, Feng Yue arrived with Grandpa Feng. Long Hui could be seen following them from behind. Feng Yue saw Yu Qi and approached Yu Qi.

"Yu Qi, I can not wait to go to your ryokan." Feng Yue excitedly shaking Yu Qi's hand. Then she saw the three Tang Brothers.

Facing the three Tang Brother, she then greeted them one by one. "Brother Han Lee, Brother Jin Wei, Brother Qin Hao, long time no see."

"Oh, you are Little Feng. Long time no see." Tang Jin Wei greeted her back.

Tang Han Lee smiled and nodded to Feng Yue while Tang Qin Hao only looked at her. Feng Yue did not mind about Tang Qin Hao because she knew his character. Getting Tang Qin Hao looked at you meaning he acknowledged your presence. Even though she did not talk once with Tang Qin Hao. That was enough for Feng Yue.

Grandpa Feng greeted his friend. "You are still alive."

"Of course. I will live longer than you." Grandpa Tang replied.

"All of your family members are here." Grandpa Feng looked at others.

Yu Qi's uncles and aunties, as well as her brothers, greeted Grandpa Feng.

....

They arrived at Saisei Ryokan for about five minutes by car. Since they had some elders in the group, Tang Han Lee suggested that they should go by car even though the distance was short. The workers of the ryokan quickly came out and greeted them.

Yu Qi nodded when seeing her workers did a great job on greeting them. They really practiced a lot.

"Welcome to Saisei Ryokan." Chui Mei Fung as the Okami of the Saisei Ryokan welcomed them again.

"Please come inside." Chui Mei Fung invited them inside.

"We already arrange the rooms as Yu Qi- sama requested. We will guide you to your house." Chui Mei Fung said. Then she quickly arranged the co-workers to guide the guests to their room.

Grandpa Tang and Grandpa Feng got the premium room. As well as Aunty Meng Yue and Aunty Su Xiao, they got one room each for the couple. Meanwhile, the rest of them just got the normal rooms.

Feng Yue decided to share the room with Yu Qi. Yu Qi did not mind much about that. She was also felt happy to share the room with Feng Yue.

"Or you want to share the room with Brother Hui?" Feng Yue whispered to Yu Qi.

Yu Qi blushed when hearing that question from Feng Yue. She glanced at Long Hui. At the same time, Long Hui also looking at Yu Qi. He then smiled. Yu Qi turned away.

Feng Yue who was watching them suddenly singing, "Love in the air, love in the air."

"Shut up." Yu Qi slapped Feng Yue's back.

"Ouch. Yu Qi, you are so strong." Feng Yue shouted in pain.

"Let's go to our room." Yu Qi pulled Feng Yue and went to their arranged room.

Feng Yue entered the room. She quickly went to open the sliding door. The outside of the room looked very beautiful plus the background of the mountain.

"Wow, it is very beautiful." Feng Yue claimed. "Yu Qi, how do you thinking to make ryokan at this place in the first place?"

"Well, after I got the money, I'm thinking about to make more money. So, I decided to build a hotel. And I like onsen. So that is why I built ryokan here." Yu Qi explained.

"No wonder my grandfather like you. Your mind is exactly the same as him." Feng Yue said.

They were talking until the sky started to change its color. Then, Chui Mei Fung came to their room to inform about dinner.

"Yu Qi-sama, Yue-sama, dinner will be served in thirty minutes later at the dining hall since all of you will dine together. If you prefer, please change your clothes to Yukata inside the closet." Chui Mei Fung informed them.

"Thank you, Sister Mei Fung." Yu Qi thanked Chui Mei Fung.

After Chui Mei Fung left, Feng Yue opened the closet. They could see the yukata. Feng Yue grabbed one and decided to change into it.

"Are you not going to change too?" Feng Yue asked when she saw Yu Qi did not change her clothes to Yukata.

"No, I will change after I go to the onsen." Yu Qi said.

### **Chapter 297 - She Is Our Princess Of The Tang Family.**

The family was all gathered around the dining hall. Some of them already changed their clothes and wore the yukatas. After all of the family members had finally arrived at the dining hall, they sat down around the table. Feng Yue pulled Yu Qi to sit beside her and winked at Long Hui.

Long Hui understood what Feng Yue meant by the wink and went to sit beside Yu Qi. Yu Qi did not mind sitting beside Long Hui, she was in fact quite happy about it.

"I thought I could sit beside Yu Qi." Tang Jin Wei said.

Hearing that sentence, Long Hui turned to Tang Jin Wei and gave him a look. Tang Jin Wei gulped when he saw Long Hui giving a meaningful look at him. He immediately hid behind his brother, Tang Han Lee. This man looked very dangerous. He only looked very gentle toward his little sister. Wondering how his little sister handled this kind of man.

"What are you doing?" Tang Han Lee asked when he looked at his brother that suddenly hid behind him.

"That man is scary." Tang Jin Wei whispered to Tang Han Lee.

"Stupid." Tang Han Lee said to Tang Jin Wei.

"Idiot." Tang Qin Hao also threw out a word.

"You guys, why are you all ganging up on me?" Tang Jin Wei shouted at his two brothers.

"Because you are an easy target." Tang Han Lee chuckled.

"Yeah." Tang Qin Hao added.

Everyone laughed when they saw this scene.

Tang Jin Wei ran to his mother's side and took a seat. After everyone had found their seats, the waitress came forward to bring their food. Yu Qi asked them to prepare some Japanese food for dinner.

"Eat this. It is very delicious." Yu Qi unconsciously took a piece of food and put it into Long Hui's bowl.

"Thank you, Qi Qi." Long Hui took the food and ate it with a smile.

Long Hui then also took some food and put it into Yu Qi's bowl. He leaned closer to Yu Qi's ear.

"Qi Qj, eat more meat, I think that you are too thin. I like you even you have some fat. It really makes it more comfortable to hug you that way." After Long Hui whispered to Yu Qi, he deliberately licked Yu Qi's ear.

That made Yu Qi turn to look at him. Long Hui had a smile on his lips. Yu Qi knew he was doing on purpose. Her ears were a sensitive part and now her ears were turning red. Yu Qi tried hard to calm herself down.

However, this small interaction had been caught by her two aunties that sat opposite to her. They were feeling happy with their niece's relationship. They were giggling between them while eating.

Meanwhile, Tang Jin Wei also noticed the interaction between Long Hui and Yu Qi. He was currently eating human food and also being fed dog food at the same time. He stuffed his mouth with more and more food.

The dinner was in a harmonious mood and after dinner, they all left to do their own thing. Grandpa Tang and Grandpa Feng were sitting at the veranda and enjoying the wine that Yu Qi brewed. Of course, it was not a normal wine. Since her space was full of herbs, she made uses of them and brewed a delicious medicinal wine.

"This wine is very delicious. After drinking this, my body feels very light. I wonder where they get this kind of wine." Grandpa Feng drunk it again.

"Of course, it is delicious. I think my granddaughter made it." Grandpa Tang made a proud face while bragging about his granddaughter.

"I see. I remember that she gave you a medicinal wine that contained a 1000 years-ginseng. Have you already finish it?" Grandpa Feng inquired.

"Not yet. But of course, I take a sip of it every day." Grandpa Tang said, smiling proudly.

"Give me a sip. I want to have a taste of it too." Grandpa Feng said.

"Why should I give that priceless wine to you? That was given to me by my beloved granddaughter." Grandpa Tang remark.

"You are a good friend. A good friend should share things with a friend." Grand Feng gave a shameless smile.

"Who said we are friends? You are my nemesis." Grandpa Tang said.

"Yeah, I'm your nemesis. Can I get a sip of that wine?" Grandpa Feng admitted that he was Grandpa Tang's nemesis but still did not want to give up on having a sip of that medicinal wine.

"Okay, just come to my Godly Herbs. I will serve you a cup. Remember just one cup." Grandpa Tang surrendered to the shameless of Grandpa Feng.

Grandpa Feng smiled in victory. His stubbornness made his very success in the business world.

"You really blessed to have that kind of granddaughter." Grandpa Feng said.

"Yeah. I felt my life was complete when I found her. I'm glad when I made that decision to adopt her as my granddaughter." Grandpa Tang recalled his memory. "At first, I only interested in her because of her love toward the herbs, but after spending some time with her, I thought she was a loveable child."

"There is no child as unique as her. That child has a smart brain in business. If you did not take her as your granddaughter, I would have taken her as my own." Grandpa Feng said.

"Don't you dare rob my own granddaughter from me, hump!." Grandpa Tang said as he glared at Grandpa Feng.

"Hey, calm down, okay. I said if..." Grandpa Feng calmed down his friend.

Meanwhile, the others went to enjoy the onsen. Tang Qin Hao was the first person that went straight to the onsen after dinner. He really liked the onsen. The two Tang brothers also went in. Tang Jung Wen and Tang Jang Qin appeared at the onsen a few minutes after Tang Jin Wei and Tang Han Lee entered the onsen.

"This is awesome. I can not believe this belonged to our Little Sister." Tang Jin Wei slipped into the onsen.

"Yeah, she is indeed an amazing girl." Tang Han Lee said.

"It makes me wonder, whose biological parents?" Tang Jin Wei made the statement.

That statement made them all go silent.

"No matter what happens, she will always be our little sister." Tang Han Lee said.

"That's right. She is the princess of the Tang Family." Tang Jung Wen nodded.

"That's right." Tang Qin Hao agreed.

"What?" Tang Jin Wei looked at Tang Qin Hao.

Other Tang men also looked at Tang Qin Hao.

Feeling a little annoyed when everyone had their eyes focused on him, Tang Qin Hao asked. "What?"

"No, just feel surprised. Usually, you just ignored this kind of talking." Tang Jang Qin made a comment on his son, Tang Qin Hao.

"Yu Qi did have some positive effects on our Qin Hao." Tang Jung Wen laughed.

## **Chapter 298 - He Could Not Fully Eat Her**

Feng Yue wanted to go in the onsen with Yu Qi, but Long Hui appeared in front of their room, asking for Yu Qi. Feng Yue knew that she would not have any chance to enjoy the onsen with Yu Q tonight.

"Wait here, I will call Yu Qi." Feng Yue said when she opened the door and saw Long Hui. She knew Yu Qi was the only reason he was there.

"Okay." Long Hui waited at the door. He leaned on the wall outside the room as he waited for his beloved Qi Qi to come out.

"Brother Hui." Yu Qi called Long Hui as she came out of her room.

Yu Qi had already changed her clothes into a yukata, her long hair done up, leaving her white neck in full view. Long Hui looked at his beloved Qi Qi.

"I want to take a walk with you." Long Hui invited Yu Qi out for a walk.

Before Yu Qi could give her answer, Feng Yue came out from the room and gave a slight push to Yu Qi.

"Enjoy your walking date." After giving her blessing, Feng Yue lifted up her hand and waved at the couple. She really wanted to go and enjoy the onsen. Maybe Auntie Ming Yue and Auntie Su Xiao would already there.

Yu Qi, who was given a push by Feng Yue ended up in Long Hui's embrace. Realizing that, she wanted to distance herself from Long Hui, but he refused to give his permission. Long Hui enjoyed the feeling of his beloved Qi Qi in his embrace.

"Brother Hui, let me go will you?" Yu Qi lifted her head and gave a look to Long Hui.

From Long Hui's view, she looked so cute that he did not want to let her go, but he was afraid that his beloved Qi Qi might hate him if he refused her request. So, Long Hui released her from his arms.

"Let's go. This hotel has a beautiful spot to go for a walk. It looks even more beautiful at night." Yu Qi wanted to show Long Hui the stunning scenery of her ryokan.

"Okay, let's go." Long Hui grabbed his beloved's hand and walked away.

Yu Qi was feeling good when Long Hui held her hand. As she passed some of the waitresses, she could hear them whispering about them behind their backs.

"That is our big boss right? So that means that the man beside her is our big boss's man?"

"I think so. He looks very handsome."

"Why can't I find someone like that?"

"Stop dreaming."

"But our big boss's family is also good looking. Her three brothers are so handsome, especially that quiet one."

Yu Qi made a small laugh which caused Long Hui to turn to his beloved Qi Qi. Her small laugh made him wonder what she was thinking about.

"What?" Long Hui asked.

"I was just listening to the employee's gossip about my brothers." Yu Qi said, still laughing.

"Really? What are they talking about, hmm?" Long Hui asked again.

"They praise Brother Qin Hao's handsomeness. Unfortunately for them, they did not know that my Brother Qin Hao is a weird person."

"I see."

They continued to walk until they found a garden that was full of flowers. The pathway was designed beautifully. Above them were wisteria flowers consisting of different colors such as blue, white, purple, violet-blue and pink. This type of flower usually blossoms from April to May, but with Yu Qi's research, the flowers were blossoming all year round, making this pathway unique in its own way. Using the light to enhance the beauty of the flowers in the night made this pathway look as if it came out of a fairy tale.

"Look, it is beautiful right?" Yu Qi pointed up to the flowers.

Long Hui looked up to see where she was pointing. The flowers waved in the night breeze giving off a relaxing scent. "Yeah. It looks beautiful."

"It is a result of my research. Usually, it only blossoms in April and May, but I was able to make them blossom all the time." Yu Qi stated proudly.

Looking at his beloved Qi Qi acting so proud, Long Hui leaned over and gave a kiss to Yu Qi's lips. Yu Qi looked up at Long Hui in surprise.

"That is a thank you kiss for showing me this beautiful place." Long Hui smirked. His beloved Qi Qi looked very cute when he gave her a kiss.

"What... What? You should not kiss me for that reason." Yu Qi said, embarrassed.

"Oh, so what is the reason that I should use to kiss you, hmm?" Long Hui stared at Yu Qi.

"I mean... I mean..." Yu Qi could not give him an answer to his question.

Long Hui did not wait for long and gave another kiss to Yu Qi. This time, the kiss was not only a small peck, but it was also a long, deep kiss. Yu Qi was in shock when Long Hui gave her another kiss. Long Hui entered her mouth and let his tongue play around with Yu Qi's tongue.

It caused Yu Qi to moan. Hearing Yu Qi's moan, Long Hui's tongue still played with Yu Qi's tongue. Due to a lack of air, Yu Qi opened her mouth which caused Long Hui to have full access to her mouth. After ten minutes of kissing, Long Hui finally let Yu Qi go.

Yu Qi had already lost her strength. She leaned in Long Hui's embrace as Long Hui happily accepted his beloved Qi Qi in his arms. He leaned over to Yu Qi's ear.

"Tell me, what's the reason should I used for this kiss?" Long Hui whispered softly into Yu Qi's ear. Then he licked it.

Yu Qi moaned as her sensitive part had been teased by Long Hui. Hearing his beloved Qi Qi moaning again, he could not help but kiss her. This time, Long Hui did not attack as aggressively.

"Qi Qi, I can not wait for you to become fully mine." Long Hui sighed. His prey was already caught by him but he could not fully eat her. This feeling was very frustrating.

"Brother Hui, I still have things to need to do." Yu Qi managed to give Long Hui a response.

"I know. I will wait for you until you are ready." Long Hui said. He knew his beloved Qi Qi was very ambitious in what she doing.

"Thank you, Brother Hui." Yu Qi smiled.

## **Chapter 299 - Getting Hot And Steamy In The Onsen (Part 1)**

After walking around enjoying the view of the wisteria flowers, Yu Qi excused herself.

"Brother Hui, I want to go to the onsen." Yu Qi told Long Hui. She wanted to go to enjoy the onsen. She already told one of her employees to keep the onsen open longer than usual.

"I see." Long Hui made a sad tone.

Yu Qi chuckled. "Brother Hui, we will meet again tomorrow."

"Okay. But you have to promise to spend more time with me tomorrow." Long Hui kissed Yu Qi's forehead.

Yu Qi nodded while smiling. She also wanted to spend time with Long Hui too.

His beloved Qi Qj wanted to go to enjoy onsen. Of course, Long Hui felt quite unwilling to let his beloved Qi Qi go, but it was his beloved's request, so he was unable to say no. Long Hui also decided to enjoy the onsen as he now had the time. He wondered how long it would be until he could enjoy the onsen with Yu Qi in his arms. That would be fantastic. Maybe someday soon.

Yu Qi went back to her room to grab some clothes. She noticed that Feng Yue still had not come back yet. Maybe Feng Yue was still enjoying the onsen. Yu Qi thought that she might catch up with Feng Yue and enjoyed the onsen together with her.

Yu Qi walked towards the onsen. Unfortunately, she did not see anyone except for some workers that cleaning up the changing room.

"Did my aunties and my friend came here?" Yu Qi asked the worker.

"They were here about two hours ago." One of the workers told Yu Qi.

After an hour, the Aunties had left, leaving Miss Feng Yue inside by herself. After that, Miss Feng Yue left about fifteen minutes ago." Another worker spoke.

"I see. Thank you. I think that there is nothing to clean here anymore. You can go back." Yu Qi told her workers to leave as she wanted some privacy.

Yu Qi was left alone, not even her dog was beside her today. After checking in at the ryokan, Aoi left to go running around. Maybe someone was feeding him some good food, causing him to not want to leave there. Well, she did not mind because of their bond, she knew he was just fine.

Quickly, she stripped off her clothes, leaving her in nothing but her birth suit. She knew it was normal to be naked in an onsen, but she did not like to be naked before getting inside the water. Well, this place could be categorized as a public place since anyone would be able to come in and out if they also wanted to spend time in an onsen. She wrapped a towel tightly around her and walked towards the pool. When she wanted to get inside the water, she would remove her towel and enter the water then.

Entering the onsen, the water felt amazing. This onsen was not like a normal onsen, Yu Qi had already put something into it. She made a bundle with the herbs from the garden inside her space in order to enhance the benefits of this onsen. When someone came and sat down in this onsen, they might get some benefits such as their skin might become smoother and softer. The most interesting fact about this onsen was that it treated your body as if you were soaking in a medicinal bath.

Yu Qi felt very restful when she sat inside the onsen. She was glad she built this ryokan and create such an amazing onsen. She was very sure that her ryokan would be famous one day.

....

"Brother Hui, what are you doing here?" Feng Yue saw Long Hui had just walked in from the outside.

"I was enjoying the night breeze." Long Hui told Feng Yue in his blank expression. Actually, he was trying to calm down after playing with Yu Qi just now. His little brother got excited when he was kissing Yu Qi, so he needed time to calm down.

"So where is Yu Qi?" Feng Yue looked around, searching for Yu Qi.

"She is not here anymore. She said that she wanted to go to the onsen. Maybe she already in there." Long Hui said.

"I see." Feng Yue nodded. Then she asked Long Hui, "So what do you want to do after this?"

"Well, I want to go to the onsen as well, but I need to go to my room first." After saying that, Long Hui left Feng Yue.

Feng Yue just watched Long Hui walked away from her. After a few seconds, she smiled wickedly. She just thought a nice prank that she could play on Long Hui. Then she walked quickly towards the onsen.

She went inside the women section. She sneaked a peek in the women section and saw that Yu Qi was relaxing with her eyes closed. Feng Yue smiled as she turned back around and went out. Looking left and right and after confirming that no one was around, she swiftly changed the sign indicating the women and men sections. The women's sign she put to the men section and the men's sign, she put to the womens' section.

She then ran away from that place, looking for a good hiding spot to wait for Long Hui to show up. Not long after that, Long Hui arrived. Long Hui went straight into the men's section after looking at the signs.

Feng Yue secretly laughed when she saw that Long Hui had just entered the onsen. 'Brother Hui, I hope you enjoy the scene.' Then she left.

Long Hui removed his clothes. He put the towel on his shoulder and entered the onsen. However, he was shocked to see his beloved Qi Qi inside. His beloved Qi Qi was totally naked. He could see her white curved body as it shimmered beneath the clear water. The water was so transparent that it could not hide anything from his view.

Long Hui was enjoying the sight of his beloved Qi Qi's body. Her white breasts looked very bouncy as they floated on top of the still water. Seeing how perfect they were, it made him want to reach forward to gently take them into his hands and kneed them. The size of her breasts were not too big, nor were they too small. Looking at them, he judged that they would fit perfectly into the palm of his hand. It was very balanced to the rest of her body with her small waist and the gentle flair of her hips as she sat.

Long Hui's gaze traveled down from her breasts to her belly button and even lower. Unfortunately for him, he could not see what he really wanted to see because of her sitting posture. That sitting posture prevented him from being able to see her secret place. It was the only thing hidden from his view.

Long Hui's little brother was getting excited after being entertained with such an erotic scene. Long Hui did not even realize that his little brother getting harder and harder.

Yu Qi felt like someone was staring at her. So she opened her eyes and saw something shocking in front of her.

## **Chapter 300 - Getting Hot And Steamy In The Onsen (Part 2)**

The well-maintained body of a man appeared in her view.? At that instant, Yu Qi knew the owner of this body. After all the times that this man brought her into his embrace and her imagination of what his body would look like undressed, Long Hua's naked body looked as perfect as what she had imagined.

Starting at his broad shoulder, to his drool worthy chest and abs, her eyes continued to travel down to his hips and... She was very shocked to see the monster. 'Is that his...? I don't think it will fit inside me. Oh God! What am I thinking?' Yu Qi screamed inwardly.

Long Hui saw all of her reactions race across her face. He saw her looked very satisfied with his body. As her eyes traveled down his chest and abs to look at his little brother, his little brother woke up fully excited. His little brother stood up proudly as his beloved Qi Qi looking straight at it and saw her blushing with embarrassment after looking at his little brother for a while.

"Like what you see?" Long Hui started to ask.

"How did you get in here? This is the women's' section." Yu Qi turned away as she grabbed her towel and wrapped it around her body.

Long Hui could not help but feel disappointed as his new favorite thing was already gone from his sight. "This is the men's section, that is why I came in here." Long Hui also wrapped a towel around his waist.

"Wait. What? The men's section? No, this is the women's section." Yu Qi stated. She still had her back turned away from Long Hui. She was embarrassed when she remembered that when she saw Long Hui's naked body, she was drooling over his body. And she knew that Long Hui watched her action. She was afraid that Long Hui might think she was a pervert woman.

Author: Don't worry about that, Yu Qi. He probably likes that you became a pervert that drooling over his body.?

Yu Qi:?

Long Hui smiled. 'I'm already here. Why don't I enjoy the onsen in front of me with my beloved Qi Qi.' He entered the onsen. He was approaching Yu Qi slowly and quietly so she wouldn't notice.? After all, she still had her back turned to him.

Yu Qi had not realized that Long Hui had already entered the onsen and was approaching her. She should be able to sense it, but right now, Yu Qi's thoughts were a mess. She could not shake the image of Long Hui's little brother from her mind.

All of a sudden, Yu Qi felt a pair of hands wrapped around her body.? She stiffened in shock as she knew who the owner of that pair of hands was.

"Qi Qi." Long Hui called her name seductively.

"Hmm..." Yu Qi could not help to respond gently.

Long Hui pulled Yu Qi to sit in his embrace. He rested his chin on Yu Qi's shoulder and sighed in contentment. Yu Qi did not push him away, but instead, let him do whatever he wanted to do to her.

"Qi Qi, thank you." Long Hui said.

"For what?" Yu Qi responded, still enjoying his embrace.

"For coming into my life. I never thought that I will feel like this towards women before I met you, and now, I know what true happiness is." Long Hui had thought that he would spend his entire life serving in the military, but once his beloved Qi Qi appeared, he knew that was no longer going to happen.

"Me too. I never thought that I would fall in love so completely with someone in this lifetime." When Yu Qi opened her eyes after her rebirth, all she wanted was to get revenge on those who had killed her in her past life. That was until Long Hui appeared out of nowhere. Long Hui's appearance made her desire for revenge disappear as time passed.

Long Hui felt confused when he heard the term that his beloved Qi Qi had used. 'This lifetime? What did she mean by that?' However, he did not want to break the mood in order to point it out. Long Hui kissed Yu Qi's bare, wet shoulder. Ever so slowly, his kisses travelled from her shoulder to her neck before landing on Yu Qi's ear.

Yu Qi moaned softly, captivated by the sensation of his lips against her skin. When Long Hui heard Yu Qi's moaning, he pulled Yu Qi closer to his body, tightening his arms around her waist. This new position caused an unexpected complication as his little brother was now pressed against her back.

When she felt his little brother against the lower part of her back, Yu Qi's body froze in shock. She knew what thing that had touched her back was, but after feeling it so close to her body, her mind went blank. All of a sudden, she remembered that her body was just wrapped in a single, small towel that was soaking wet as she sat in the onsen with it on. Just a single towel protected her body. How could she forget that?

'I'm naked. Naked in front of Brother Hui.' Yu Qi could not help but scream inside her head as she realized her situation. Even though there was a small, white towel wrapped around her body, she might as well have been naked, sitting on Long Hua's lap in the pool.

The towel was extremely thin, so she was able to feel every muscle as well as the heat produced by Long Hui's little brother. She also could feel it was hard.

"Brother Hui, your..." Yu Qi talked while feeling embarrassed.

"Hmm... What?" Long Hui pretended to not understand what Yu Qi wanted to point out. He also applied more pressure and pressed against Yu Qi's back using his little brother on purpose.

"Your... Your..." Yu Qi could not continue her sentence.

"What, Qi Qi?" Long Hui teased his beloved Qi Qi.

"Your little brother is poking my back." Yu Qi finished her sentence.

Long Hui smiled. "My little brother? But I don't have a little brother." Long Hui moved a little bit, causing his little brother to move across Yu Qi's back, enjoying the sensation.

"Your dick is poking me." After Yu Qi said that, she lifted up her hands to cover her face. Her mouth had said the word 'dick'. Well, she did not mind using the foul word but she was embarrassed doing it in front of Long Hui.

Long Hui laughed. He kissed Yu Qi's ear. "Qi Qi, can you help me?" Long Hui asked.

"Help you? How?" Yu Qi did not think much about Long Hui's request.

"Can you play with my little brother?" Long Hui tested.

"What?" Yu Qi could not believe her ears after hearing Long Hui's request. Long Hui wanted her to play with his little brother!

"It's hurt. Please. You just need to touch it." Long Hui begged while smiling inside. He shifted his hips again causing his member to once again brush back and forth against Yu Qi's back. In order to make his dreams come true, he knew he needed to be shameless. He did not mind being called shameless if it resulted in what he wanted most.

Author: Long Hui, you are shameless. (--\_--)"

Long Hui: As I said, in order to achieve my dream, I don't mind being called shameless.(≥?≤\*)

Yu Qi was thinking about Long Hui's request. He was like this because of her so she really did need to help him. She could not let him leave the onsen in a state like this.

"Okay." Yu Qi replied to Long Hui's request.

Long Hui's head lifted up when he heard Yu Qi agreeing to his request. He almost could not believe his own ears.

"Really?" Long Hui asked.

"Yeah." Yu Qi nodded.

Long Hui saw the nod. He felt as exhilarated as if he had won a war when his beloved Qi Qi agreed. It was worth being shameless.
