### Chapter 301 - Getting Hot And Steamy In The Onsen (Part 3)

Yu Qi asked Long Hui to get out of the water. When he finally got out, Long Hui sat down on the small chair that was provided in the onsen. Yu Qi was sitting in front of him facing his little brother.

"Qi Qi, please hold my dick." Long Hui begged.

His little brother was swinging left and right waiting for Yu Qi to hold him. Well, it was trying to since Long Hui's little brother was still covered by the towel.

Yu Qi took a deep breath, then she lifted up her hand. Using her index finger, she gave a little push to Long Hui's little brother. When Long Hui's member felt her touch, its swinging became faster. After a few pushes, Yu Qi gathered her courage and slowly gripped Long Hui's little brother.

"Hmm..." Long Hui let out a sound from his mouth. It felt wonderful when his beloved Qi Qi held his little brother.

Yu Qi lifted up her eyes to see Long Hui's reaction. She could see that Long Hui had closed his eyes and was enjoying her touch. Yu Qi felt the heat of Long Hui's little brother even though she was only touching it though it was still covered in the towel. Yu Qi began to stroke Long Hui's little brother up and down. Long Hui made a moaning sound, responding to Yu Qi's stroking.

Long Hui felt that he was in heaven. His beloved Qi Qi's touch felt very very amazing. He did not even think that he would be getting this kind of treatment from Yu Qi today. It was so very worth it to come to this ryokan, even though it was full of strangers.

Yu Qi was very focused on taking care of Long Hui's little brother. She thought that she was beginning to enjoy touching Long Hui's little brother as she was. She knew when to stroke fast and when to stroke slow.

Because it was the first time that his little brother was ever held by someone, Long Hui was getting more and more excited. He moaned with his deep low voice, enjoying every second that he could. The feeling was so amazing that Long Hui could not describe in words and his mind filled with nothing but a white light of ecstasy.

The stroking became faster and faster. Yu Qi could feel Long Hui's little brother getting harder and bigger. Long Hui felt he would come, then, after a few minutes, he growled lowly in pleasure after releasing the accumulated energy. Long Hui began to calm down after a bit of time.

Yu Qi was curious about Long Hui's orgasm just now. She forgot that she was embarrassed and slowly pulled the towel off from Long Hui's little brother. Yu Qi saw Long Hui's little brother directly. It looked very big.

Yu Qi also could see the white liquid that been released from Long Hui's little brother. The white liquid looked very thick.

Yu Qi touched the white liquid. It was still warm. The mixture, as she said just now, it was very thick and condensed. Yu Qi brought some white liquid to her nose to smell that. She was wondered about this smell. It was not bad, but she could not describe the smell.

Long Hui realized his little brother already exposed to Yu Qi's eyes. He saw Yu Qi's curiosity about the cum that came out from him. Then he began to feel excited again when seeing Yu Qi smelled his cum. His little brother became hard again wanting to repeat its experience from a few minutes ago.

"Qi Qi." Long Hui's stare penetrated Yu Qi.

Snapping out from her curiosity, Yu Qi saw Long Hui's little brother became bigger again.

"Again?" Yu Qi asked.

"It's your fault, Qi Qi. You pulled the towel away. Facing you directly, how can he not wake up again?" Long Hui said, shamelessly blaming Yu Qi.

Yu Qi went silent. It was true she pulled the towel away. But now, she became embarrassed again.

"Qi Qi, can you touch him again? But this time directly?" Long Hui asked in his seducing tone.

Yu Qi frozen. 'Directly? But it was your dick.'

"Please, Qi Qi." Long Hui begged again.

It seemed that Yu Qi could not stand Long Hui's begging. She placed her hand onto Long Hui's little brother. This time, she could feel its heat directly on her hand.

"Qi Qi, stroke it like you stroke before." Long Hui said.

Following Long Hui's instructions, Yu Qi began to stroke up and down. With the helping of Long Hui's cum, the stroke became faster and faster as the cum made the surface of his little brother's wet so it was easier for her hand to glide up and down.

Then once again Long Hui released the white liquid. This time, Yu Qi felt the heat directly emitted from the white liquid as it coated her hand in its essence.

"It's warm." Yu Qi commented.

Long Hui could not hold back anymore. He quickly pulled Yu Qi into his arms and started to kiss Yu Qi. Yu Qi also responded to the kiss by opening her mouth to give Long Hui full access to her mouth. Long Hui sucked her tongue and his tongue started playing around inside Yu Qi's mouth.

Long Hui pulled the towel that had wrapped his beloved Qi Qi's body off slowly. It revealed the perfect white body that had started all of this in the first place. Long Hui's hand played a role of its own as it grabbed Yu Qi's bare breast.

'Yeah, I did it. I touch my beloved Qi Qi's breast. It is so very soft.' Long Hui's played around with Yu Qi's breast in his hand.

Long Hui also touched the rosy pink nipple peeking out from the center of her breast. The nipple looked very pink and cute. It started to harden the more that he played with it. Yu Qi moaned as Long Hui's long, elegant fingers continued to play with her hardened nipple.

"Ahh... Hmm." Yu Qi moaned into Long Hui's mouth in enjoyment. Long Hui refused to break the kiss for even a second causing him to swallow the moan as it came out.

'Another sensitive spot.' Long Hui thought to himself. He had already discovered two sensitive spots on Yu Qi's body. Long Hui kept touching her nipple as his lips left her mouth and slowly moved to her ear, trailing kissing along its path. Sucking and licking her ears was the thing that Long Hui's mouth wanted to do more than anything at this moment.

After being satisfied by her ear, Long Hui's mouth traveled down to her neck and finally found its way to Yu Qi's proud breast. Long Hui's tongue played around her right breast until it found her nipple and he focused all of his attention on that hardened peak. While his mouth was occupied with one breast, his hand started kneading Yu Qi's other breast.

Yu Qi felt amazing. She moaned louder and louder as Long Hui played with her body like that. Long Hui kept attacking the sensitive parts of her body until she felt that something big would come if Long Hui kept playing with her body like that.

"Ah, ah, ah." Yu Qi's body became stiff. She felt as if she was in heaven. After a few minutes, Yu Qi's body turned back to normal.

Long Hui had already stopped moving by the time she had collapsed into his arms. He knew that Yu Qi had just climaxed from his touch alone. It was a heady feeling. Yu Qi leaned on Long Hui's chest as she struggled to catch her breath. Long Hui wrapped his arms around Yu Qi, needing her as close to his body as he possibly could. They were hugging with their naked bodies completely entwined, never wanting to separate.

### **Chapter 302 - Share A Room?**

Long Hui still hugged Yu Qi. Yu Qi also did not want to move after experiencing this kind of moment with Long Hui.

"Qi Qi, thank you." Long Hui said first after a long silence.

Yu Qi looked up and saw that Long Hui was smiling at her while giving her a gentle look. Yu Qi smiled back at Long Hui with a red blush on her cheeks. It was kind of embarrassing after thinking about what they just did before.

"I will have to be satisfied with this for the time being. The actual thing, I will be waiting for you to ready for me." Long Hui tightened his hold around Yu Qi.

"Thank you." Yu Qi said, after hearing Long Hui say something like that, she was a lot more comfortable. She was glad that Long Hui understood her unspoken wish.

The two of them cleaned their bodies together. Long Hui took some advantages when he helped Yu Qi to clean her body by touching her breasts and kissing her upper body. However, Yu Qi realized that Long Hui did not touch her lower body at all.

After they finished cleaning, the two of them went out of the onsen. Before they stepped out from the onsen, Yu Qi sneaked a peek into the area outside. After seeing that there was no one around, they then walked out from the onsen.

Yu Qi turned back to see the sign that indicated women's and men's sections. It was as Long Hui had said, the sign was indeed placed incorrectly. 'Someone had changed the sign.'

Yu Qi needed to discuss with Sister Chui Fung Meng about this problem. She did not want this problem occurred when Saisei Ryokan officially opened. That might be a bad thing if it happened again and affected the name of the ryokan. Tonight at least it was only her. What if this problem occurred to another customer?

However, she needed to know who was doing something like this.

"Brother Hui, did someone know you were going to enter the onsen?" Yu Qi asked.

Long Hui thought about that for a moment. He only told his cousin, Feng Yue. Could it be that she was the one who changed the sign?

"So, there was someone?" Yu Qi asked, confirming her suspicion. Could it have been her brothers?

"Feng Yue." Long Hui answered the name of the person.

"That girl?" Yu Qi sighed. Yeah, she could see Feng Yue doing something like that.

"Let's go. She may be in my room." Yu Qi walked together Long Hui.

They arrived at Yu Qi's room. When Yu Qi opened the door, the room was empty. There was no Feng Yue inside.

"Where did the girl go this time?" Yu Qi looked around.

"Qi Qi, this is..." Long Hui called Yu Qi.

Yu Qi turned to Long Hui and saw Long Hui was holding a piece of paper. They read what was written on that paper.

'Yu Qi, Brother Hui, did something good happen? He he he... Oh, now I want to tell you that I already took over Brother Hui's room. So, Yu Qi, please let Brother Hui rest inside our room, okay?'

The two of them, Long Hui and Yu Qi sighed once more when they finished reading the paper. That girl really liked to play pranks on them.

'That girl really needs to be taught a lesson.' Yu Qi thought.

'That girl, I will give some punishment to her.' Long Hui also thought the same thing as his beloved Qi Qi. Well, just a little punishment. His cousin indeed played a nice prank for him. Because of his cousin, Feng Yue, he enjoyed a wonderful experience with his beloved Qi Qi. He could not argue about that fact.

"Qi Qi, I will ask for another room." Long Hui said.

"No need. Just share this room with me. I don't mind." Yu Qi said.

It was already late at night. Her employees might already rest at this moment. Only a few of them stayed awake for their shift. She did not want to disturb them.

Long Hui was happy when Yu Qi reject his suggestion. He also excited to share the room with his beloved Qi Qi. A part of him thanked Feng Yue for giving him an opportunity for doing so.

"Let me prepare the bed." Yu Qi brought the futon from the closet. She placed her futon beside Long Hui's.

Long Hui only smiled when he saw that Yu Qi did not hesitate to place her futon beside his so they could sleep side by side.

"Let's rest for today, okay?" Yu Qi said.

"Yeah. We already tired from doing something." Long Hui reminded Yu Qi about their doings inside the onsen.

Yu Qi blushed when she remembered about that. "Just sleep, will you?" Yu Qi pushed Long Hui's back.

Long Hui did not want to embarrass Yu Qi more than that, so he laid down on the futon. Yu Qi switched the lamp and also laid down. The darkness occupied the room.

"Qi Qi, are you already sleep?" Long Hui asked Yu Qi in the darkness.

"Not yet." Yu Qi answered.

"Thank you." Long Hui said.

"Thank you for what?" Yu Qi asked.

"For everything." Long Hui said.

"Me too." Yu Qi said shyly.

"Tonight was amazing." Long Hui teased Yu Qi again.

"Stop talking about what had happened earlier." Yu Qi pulled the blanket hiding half of her face.

Long Hui laughed. Indeed his beloved Qi Qi was still shy when came to that topic. He would be waiting for his beloved Qi Qi to be ready for that.

"Good night, Qi Qi. Dream of me." Long Hui said good night.

"Hmm... Good night." Yu Qi also said.

### **Chapter 303 - You Two Are Devils**

Yu Qi opened her eyes. Once they were opened, she saw a strong, nice chest in front of her. She was very shocked. 'Is this Brother Hui...' She slowly lifted her head. Long Hui was still sleeping as his eyes were still closed. 'Sigh, this man is very handsome.' She admired Long Hui's face as he continued to sleep.

Yu Qi wanted to get up, but something was holding on to her. It appeared that as Long Hui slept, he had wrapped his arms around her and was hugging her. She tried to get out of Long Hui's embrace, but Long Hui had tightened his arms around Yu Qi's waist, even more, every time she moved.? Giving up, Yu Qi snuggled back down. 'Well, let's enjoy this moment.' Yu Qi thought as she then rested her head close to Long Hui's chest.

She felt blessed. Even in her past life, she never felt anything like this because Bai Shu Jin did not give her any attention. He was very busy strengthening his position in his family's business and Fung Meng Xuan. He only needed her as his tool.

"Long Hui, I love you." Yu Qi whispered.

"Qi Qi, I love you too." Long Hui whispered back to Yu Qi.

Yu Qi quickly lifted up her head. "You are up?"

"Yeah."

"When did you wake up?"

"Well, right after you awoke." Long Hui grinned.

'Which means he was awake as I was admiring his face. How embarrassing.' Yu Qi covered her face. Then she tried to get up again, however, Long Hui still refused to let her go.

"Brother Hui, let me go." Yu Qi said.

"Qi Qi, it's only 6 o'clock in the morning. It is still early." Long Hui said with a lazy voice.

"But we need to get up before others find out that we shared a room." Yu Qi told Long Hui.

Long Hui went silence. Yu Qi's thought was true. It was not good for Yu Qi's reputation for them to be caught in the same room together.

"Okay. Let's get up, but before that, I need something from you." Long Hui said.

"What is that?" Yu Qi confused.

"This." Long Hui grabbed Yu Qi and gave her a deep kiss.

Yu Qi was shocked at the beginning, but then she replied back to Long Hui's kiss. After a few minutes, Long Hui finally let Yu Qi go.

"That was a good morning kiss." Long Hui licked his own lips.

This scene looked very sexy to Yu Qi. She swallowed her own saliva. This man basically seduced her again.

"Qi Qi, you better straighten up your clothes before I jump you." Long Hui gave her a warning.

Yu Qi looked down and saw that her yukata was out of the place. The front was pulled down until her shoulder was showing to Long Hui. She quickly adjusted her yukata. Long Hui also straighten up his clothes.

"Let's go out now." Yu Qi said. Before they went out, she checked the situation outside her room. The outside was clear.

"Let's go out now." Yu Qi pulled Long Hui's hand.

Long Hui just let his beloved Qi Qi doing whatever she wanted to do. Well, he was just happy that Yu Qi was holding his hand. Just this simple little act made him felt happy. They went to Long Hui's room and Yu Qi knocked on the door.

Not long after that, a sleepy Feng Yue came out of the room.

"What?" Feng Yue asked half sleepy.

"Feng Yue. Good morning." Yu Qi said.

"Huh, Yu Qi, why are you here?" Feng Yue asked while scratching her head.

"Yeah, I also wonder why I'm here." Yu Qi said with a smile.

"Good morning my younger cousin. It seems that you got a nice sleep last night." It was Long Hui's turn to speak.

When Feng Yue heard Long Hui's voice out of nowhere, the sleepy feeling that she had vanished automatically. Her eyes were searching for his cousin. Then she saw Long Hui leaning against the wall beside the door. She could see Long Hui was currently smiling

Feng Yue's body automatically shivered when she saw the smile. Long Hui always gave that kind of smile when she had done something that needed her to be punished. Well, of course, when she played a trick to Long Hui yesterday, she seemed to forget what she might be punished for it.

"Brother Hui..." Feng Yue made a fake smile.

"Do you know what you did wrong?" Long Hui then gave a cold look.

"Brother Hui, forgive me okay? I just want to give you a nice surprise." Feng Yue begged Long Hui.

Long Hui wavered. It was indeed a nice surprise for him. Because of Feng Yue playing a trick on them, their relationship stepped up to the next level.

Yu Qi looked at him as Long Hui hesitated. Remembering the deed they did yesterday, it was definitely a nice surprise. However, if they did not punish Feng Yue this time, she might come up with something even more unbelievable.

"My dear Yue, don't even think to escape." Yu Qi ended Feng Yue's hopes of getting out of her punishment.

Long Hui also snapped out of his day dreams.

"Yu Qi, you are my best friend." Feng Yue said, still trying her best to get out of trouble.

"Yeah, you are indeed my friend..."

"Then, forgive me, okay?" Feng Yue begged Yu Qi again.

"No, I will think about what is the best punishment that I can make for you." Long Hui made the decision.

"You two are devils." Feng Yue said.

Yu Qi and Long Hui looked at each other and smiled.

"It's done. Go back to your room." Long Hui said.

"Alright." Feng Yue obeyed. She already lost to this devil couple. She went inside back to get her things.

"Yu Qi, let's go." Feng Yue said.

"Wait. Why are you taking my Qi Qi?" Long Hui held Yu Qi's hand.

"We are going back to our room of course." Feng Yue answered.

"She will be with me enjoying the morning breeze of the mountain." Long Hui said.

"Okay, okay, okay. I give up. Just go." Feng Yue left after getting a mouth full of dog food.

All of them requested for breakfast for themselves. Yu Qi actually did not mind because she wanted them to enjoy the privacy. She also currently eating breakfast with Long Hui and Feng Yue in the dining room.

When Yu Qi asked about her brothers, the employers explained one by one. Her Big Brother Han Lee already ate breakfast and currently walking around the garden. Her Brother Jin Wei was still sleeping. Yu Qi thought it was okay to let him sleep longer since it was vacation time to him. As for her Brother Qin Hao, he also already ate breakfast. After breakfast, he went straight to enjoy the onsen. Her Brother Qin Hao must really like the onsen.

"What are you doing to do after this?" Feng Yue asked while eating.

"Morning run."

Yu Qi and Long Hui looked at each other. Their answers were the same. Then both of them smiled at each other.

Feng Yue rolled her eyes. These two people thought the same thing.

"I will enjoy this morning run." Long Hui said.

"I'm sure you will enjoy it because your beloved also run with you." Feng Yue replied.

"You can join too." Yu Qi?interrupted.

"No... No... No... Please spare me. It is vacation, okay." Feng Yue quickly rejected that.

Long Hui did not say anything about Feng Yue's rejection. Actually, he was quite happy about this. During the morning run, he could flirt as much as he wanted if no one around and the most important thing, Yu Qi would not ask him to stop. She might respond to his flirting. He silently thumbs up to Feng Yue.

After eating, Yu Qi and Long Hui went to their own room to change their attire to sport attire. Yu Qi informed Sister Chui Mei Fung about their morning run. In case her family asked about her.

Yu Qi and Long Hui went running. Because the ryokan was closer to the mountain, they decided to run toward the mountain. Long Hui wanted to slow down for his beloved Qi Qi but seeing his beloved Qi Qi ran with his previous speed, he caught up with it.

Yu Qi was very familiar with the mountain as it was her playground before entering the university. Long Hui was very impressed with his beloved Qi Qi. His beloved Qi Qi improved. He was wondering what kind of training his beloved Qi Qi used.

Not long after that, both of them arrived at the peak of the mountain. Yu Qi took a long breath to stabilize her tiredness. The peak was colder than the bottom of the mountain. Afraid his beloved Qi Qi felt cold, Long Hui hugged Yu Qi.

Yu Qi did not mind about Long Hui's behavior. She just let Long Hui do whatever he wanted to do. She was actually enjoying it.

"Never leave me, okay." Long Hui whispered slowly to her ear.

"Don't worry. I will never leave you if you do nothing that breaks my heart." Yu Qi replied.

"Break your heart? Like what?" Long Hui knew the answers but still, he wanted to ask his beloved Qi Qi.

"Like betray me for another woman." When Yu Qi answered that, Long Hui could feel the intention to kill from Yu Qi.

To calm down his beloved Qi Qi, he replied, "I will not betray you." He turned Yu Qi's body facing him and kissed her forehead. He gave a gentle smile to his beloved Qi Qi.

Yu Qi looked at Long Hui's eyes. His clear eyes told her that he meant everything that he just said. She would believe this man. He would never betray her. However, if he betrayed her, she would be the one who sent him to King Yama.

.....

Lunch

All the family members gathered at the dining room waiting for lunch to be served except for Grandpa Tang and Grandpa Feng. They were still not here. The older generation looked very good after soaking into the onsen last night.

"Yu Qi, my dear, my skin felt very smooth after relaxing into the onsen. What is inside the onsen?" Her Auntie Ming Yue asked.

"Mine too. It seems my skin has repaired overnight." Auntie Su Xiao was also interested in Yu Qi's answer.

All women wanted to look young so their skin needed to take care very well.

Yu Qi smiled. "I will give the products for auntie to wear it. I guarantee you will look young." Yu Qi said.

"Only your aunts?" Uncle Tang Jung Wen looked at Yu Qi.

"What? You want too?" Auntie Ming Yue looked at her husband.

"Of course, I want to look young too. So, people will praise two of us." Uncle Tang Jung Wen said.

"Really?" Auntie Ming Yue gave him a suspicious look.

"Of course my dear." Uncle Tang Jung Wen.

Tang Han Lee and Tang Jin Wei just looking around when hearing their parents flirting in front of them. They were immune to it. Even although Uncle Tang Jung Wen looked very seriously, he was definitely an expert when flirting with his wife.

Uncle Tang Jang Qin looked at Auntie Su Xiao. Auntie Su Xiao chuckled. She understood the meaning of the look given by Uncle Tang Jang Qin.

"Your Uncle Jang Qin also wants it." Su Xiao said.

"Don't worry. I will give to you." Yu Qi smiled.

"I never thought Uncle Jung Wen can flirting like that." Feng Yue whispered to Yu Qi.

"Me either." Yu Qi replied.

"I will be flirting with you for the rest of your life." Long Hui stated while smiling gently to Yu Qi making Yu Qi turned away from him.

### **Chapter 305 - Prevent Unknown Person Entering The Greenhouse.**

Yu Qi and other women went to the onsen after lunch. Yu Qi decided to go to enjoy the onsen since she did not get to enjoy it last night due to interference by Long Hui.

Yu Qi got into the water and relaxed. She closed her eyes. She could hear the sound Feng Yue, Auntie Ming Yue, and Auntie Su Xiao entering the water.

"My dear Yu Qi, " Auntie Ming Yue called her.

Yu Qi opened her eyes and saw the three smiling faces in front of her. Their smiling faces told something.

Not understand this situation, Yu Qi asked them. "What are you trying to say?"

"Yu Qi, how far that you already did with Long Hui?" Auntie Ming Yue asked excitedly waiting for her answer. Not to mention about Feng Yue and Auntie Su Xiao, they also looked excitedly to hear her answer.

"What are you talking about?" Yu Qi tried to avoid answering the question.

"Hehe, Yu Qi, you can not lie to us. We already saw the evidence." Feng Yue smiled silly.

"What?" Yu Qi frowned. Evidence?

"Those love bites were shown on your body." Auntie Su Xiao pointed to Yu Qi's body.

Yu Qi was shocked. She quickly looked down on her own body. It was not many of the love bites but she could see about five of them. One was below her collar neck. Two on the top of each of her breasts and another two on the side of each of her breasts.

'The man!!!' Yu Qi scolded Long Hui in her mind.

"Yu Qi, tell us." Feng Yue said made Yu Qi realized the three of them still waiting for her answer.

"No." Yu Qi said firmly.

"Yu Qi." Feng Yue was calling her name.

"Seems you want to increase your punishment. I will talk with Brother Hui about that." Yu Qi said while looking at Feng Yue.

"No. I will stop asking." Feng Yue moved away. Sitting a little far from Yu Qi.

Yu Qi sighed. Feng Yue already settled. But for her two aunts, what would Yu Qi going to say to make them stopped pestering about the topic?

"My dear Yu Qi is still a virgin." Aunt Ming Yue said to Aunt Su Xiao.

"Yeah." Aunt Su Xiao replied.

Yu Qi turned to her two aunts with a questioning mark on her face. How did her two aunts know about that?

"We knew it. Your face showed everything. We just wanted to tease you." Aunt Su Xiao said.

"That Long Hui is really the patient man. Even the dish is served in front of him, he can restrain himself and just made a few love bites on you." Aunt Ming Yue added.

Yu Qi did not know what to say. She was embarrassed but at the same time, she was happy that Long Hui was thinking about her welfare instead of satisfying his own desire.

...

Long Hui left the ryokan on the second day due to the military call. He had a mission to complete. He promised Yu Qi that he would be joining her on the opening ceremony of her ryokan.

Yu Qi said if it was an inconvenience for Long Hui to join the opening ceremony, he did not have to be there. Long Hui only smiled.

The rest of them enjoyed their vacation. On the third day, they began to pack their luggage since they would be leaving soon. Her brother, Tang Qin Hao enjoyed the onsen until the last minutes.

For Aoi, Yu Qi did not see him for three days. When she saw him for the first time after three days, she found out Aoi gotten bigger. Aoi explained he extracted a lot of food from the kitchen. Since he was Yu Qi's pet and his cuteness, the employees took good care of him.

On the next morning, Yu Qi appeared at her greenhouse. Since she was already late, other employees already entered to start their own work. When she wanted to enter the greenhouse, she saw someone familiar with making a scene in front of her greenhouse.

"I want to enter. My cousin is working inside." Kim Hai Yu shouted to the guards.

Then Kim Hai Yu saw the guards quickly stood up. She thought they wanted to open the gate for him but he thought was wrong. The guards greater someone behind her. Kim Hai Yu turned back to see who was they greeted to. Turned out, it was Yu Qi, the woman she hated.

"Good afternoon, Miss Yu Qi." The guards already knew their big boss.

"Good afternoon." Yu Qi smiled at them. She signaled them to opened the gate for her.

Before she entered, she praised the guard. "You did a good job of preventing an unknown person to enter our greenhouse. Please continue this good job."

"Hey, I'm not an unknown person. My cousin works here." Kim Hai Yu screamed at Yu Qi.

Yu Qi turned to face Kim Hai Yu. "Miss, here is the workplace. I assume you want to meet your cousin due to personal matters. You can wait until he finishes his work for today." Without waiting for the answer from Kim Hai Yu, Yu Qi entered the greenhouse.

Kim Hai Yu wanted to enter since the gate was still opened. But one of the guards blocked her.

"Miss, you can not enter. Close the gate quickly." He told his partner.

Another guard quickly closed the gate. Kim Hai Yu had been released by the guard after the gate closed. Kim Hai Yu glared to the guards. The guards ignored the woman. Their big boss already praised for their action prevented this woman from entering the greenhouse. So they would continue it.

### **Chapter 306 - My Boyfriend Is Not A Normal Man**

Kim Hai Yu glared angrily at the two guards who were blocking her from entering the greenhouse. She would have to wait for her cousin to come out since her cousin started to avoid her a few months ago. She wanted to talk with him but he did not even let her get near him anymore.

Her cousin had started to avoid her after she asked him a few questions about Long Hui. However, she was not an idiot and she did not make her questions so obvious. She did talk about Yu Qi at the beginning and she slowly went to the topic of Long Hui.

From what she could see, Long Hui was from a rich family and that was why she was trying so hard to get to know him. He was her ticket to a luxurious lifestyle. However, her family thought differently. Her mother especially wanted her to get married to her cousin.

How could she accept that? Yin Wen Ding was just a lowly worker at this greenhouse. How he could be compared with Long Hui? The purpose of her wanting to meet Yin Wen Ding was because she wanted to talk with him about their marriage that her family wanted to happen. She wanted to tell Yin Wen Ding that she had no plans to get married to him and wanted him to reject the proposal if her family insist that they marry.

However, she did not know the latter did not even want to get married to her at all, simply because Yin Wen Ding hated the kind of woman she was.

.....

Yu Qi entered the greenhouse and the employees that saw her, greeted her with great respect. She replied to them as she walked towards the office. Song Tao was inside, seemingly waiting for her.

"Brother Tao." Yu Qi called while knocking the door that he had left open.

"Miss Yu Qi." Song Tao stood up.

"How our greenhouse doing?" Yu Qi inquired.

"Business is booming and we have started to get orders from many different places." Song Tao answered.

"Good." Yu Qi smiled.

"Yesterday, Brother Yu Hi came and gave us a new list of orders." Song Tao reported.

"Oh, I need to see him later. You can continue your work, I will take a walk around." Yu Qi said as she left the office.

Yu Qi went straight to the vegetable section. Yu Qi could see that her employees were tending to the vegetable very carefully. Yin Wen Ding was currently instructing his juniors on how to do something properly.

"Brother Wen Ding." Yu Qi called him after he finished giving his instructions.

"Miss Yu Qi," Yin Wen Ding greeted Yu Qi.

"I saw your cousin outside." Yu Qi told Yin Wen Ding.

Yin Wen Ding frowned upon hearing about the matter. That girl was still lurking around to get information from him although he had already told her that he knew nothing.

"I'm sorry, Miss Yu Qi," Yin Wen Ding sighed.

"Why are you apologize to me?" Yu Qi really did not know that reason why Yin Wen Ding asking for her forgiveness.

"That girl wanted to know about your boyfriend." Yin Wen Ding told Yu Qi.

"Oh, she still has not given up on that?" Yu Qi just smiled.

Yin Wen Ding looked at Yu Qi. "Miss Yu Qi are you not worried about that?" He asked.

"My boyfriend is not a normal man, he is different. I believed in him," Yu Qi smiled.

.....

"Brother Yin, you finally come out." Kim Hai Yu ran to Yin Wen Ding when she saw that Yin Wen Ding came out from the greenhouse.

Yin Wen Ding frowned. "What are you doing here?"

"I want to meet and have a talk with you." Kim Hai Yu said while grabbing Yin Wen Ding's hand.

"I have nothing to talk to you about," Yin Wen Ding said as pulled his arm away.

"Brother Yin." Kim Hai Yu shouted.

Some of the other employees that came out from the greenhouse watched two of them. Yin Wen Ding did not like to have this kind of attention so he quickly walked away from the place. Kim Hai Yu followed him.

"Brother Yin, we need to talk." Kim Hai Yu pestered Yin Wen Ding again.

"What are you want to talk about?" Yin Wen Ding stopped his track and faced Kim Hai Yu.

"Brother Yin, how about we go to that shop?" Kim Hai Yu pointed to a shop selling dessert and tea. She was actually quite hungry as she did not get any food for lunch since she was waiting for Yin Wen Ding to come out from the greenhouse. She was afraid if she did not wait for him in front of the greenhouse, she might miss him. So, she wanted to get some food from Yin Wen Ding.

"No, I don't have any free time. If you want to talk, then let's talk here." Yin Wen Ding insisted that the two of them talk there. He did not want to waste his time with Kim Hai Yu. He knew if they went to that shop, he would be losing his money by buying things for Kim Hai Yu. He did not want to waste his money for that reason alone.

Kim Hai Yu pouted. She just wanted to eat the delicious cake in that shop. "Brother Yin, my mother asking you to marry me. I..."

"I don't want." Yin Wen Ding rejected it before Kim Hai Yu completed her sentence.

Kim Hai Yu was stunned. Yeah, she actually wanted Yin Wen Ding to reject the marriage, however, she never thought that he would reject it even before she brought it up.

"What? Why are you rejecting me?" Kim Hai Yu demanded, her hands on her hips.

Kim Hai Yu wanted to know the reason. She was a fine lady and her family background was not bad. Yin Wen Ding was already aware of all these factors, so why did he reject her so quickly?

"I don't like your behaviour or your manners. Do you think that every man would like you just like that?" Yin Wen Ding pointed out his dislikes towards Kim Hai Yu.

Yin Wen Ding walked away from that place leaving Kim Hai Yu just standing there processing, Yin Wen Ding's words.

### **Chapter 307 - Human Trafficking.**

Yu Qi watched as the show left the place quietly. Kim Hai Yu was so ambitious thinking that everyone would be wanting to get married to her just because she was a little bit beautiful. She was very pitiful.

"Master, how about that woman?" Aoi suddenly said her about that.

"That woman? Which one are you talking about?" Yu Qi did not think that Aoi was talking about Kim Hai Yu so she asked him to clarify.

"The one that set up you for that old man." Aoi reminded Yu Qi.

Yu Qi narrowed her eyes. "Owh that woman. I forgot that debt that should have been collected." Yu Qi gave a cold smile.

"Master, what do you want to do?" Aoi excited to know what his master was planning.

"She is so concerned about her reputation, so, let's destroy that first." Yu Qi lips curved into an arc.

'You pitiful girl, you have already become my master's target. You will suffer a lot from what you have done.' Aoi silently prayed for the woman.

.....

Yu Qi entered the space with Aoi and some food for Bo Ya. Bo Ya felt happy when his master remembered to bring something delicious for him to eat. Leaving her two cuties together, Yu Qi entered her lab.

Yu Qi requested her own lab from Mary in her space. The lab was outfitted with all the things she needed for her experiments. She had made the solution that had been put inside the onsen here. Because her family specially requested the solution, she wanted to make a batch for them first.

The process of making the solution was simple. However, the final step on making the solution, which was that the solution needed to be over a low heat fire for about 12 hours, took quite a long time.

Yu Qi mixed the herbs required for the formula. Everything that she needed could be found in her garden in her space, she just needed to go and collect them. After the simpler steps were finished, she put the solution on a special oven in her lab. Then she left the lab.

Then, she went to receive a lecture on the herbs as usual. There were a lot of herbs that she still needed to learn about. She was neglecting her usual routine due to the planned vacation at the ryokan for the past three days.

After that, she went to the shooting range to continue her training there. At that moment, she was imagining that the target was Wang Fu Ya. After two hours, she stopped.

She then went to take a bath. Finished bathing, she went to the kitchen and saw that her two little cuties were waiting for her.

"Master, cook for us. Cook for us." Aoi said.

"Master, cook for us. Cook for us." Bo Ya said.

They made a cute posture in order to get some attention from Yu Qi. Yu Qi laughed seeing her two little cuties try so hard to make her cooked for them.

Melting by their cuteness, Yu Qi nodded. "Okay, I will cook for you guys."

Yu Qi made a simple, but delicious dish. Calling her two little cuties to eat, the later came as fast as they could to eat. They all ate in a happy mood. After that Yu Qi opened her computer and made the record about Wen Ji Sang.

She opened the latest recorded call to listen to.

Wen Ji Sang: 'Hello. I got a new product to be delivered.'

Yu Qi knew his voice because she already heard Wen Ji Sang's voice before.

Unknown person: 'You are so quick. I'm glad to have a business partner like you. Another from your university?'

'A woman?' The voice of this unknown person belonged to a woman.

Wen Ji Sang: 'No, a local here. I'm dating her.'

Yu Qi frowned. 'New product? From your university? Dating her?' It was human trafficking. Her thoughts about this matter were correct.

This Wen Ji Sang was into human -no- women trafficking. Probably the women would be forced into labor, sexual slavery, or commercial sexual exploitation. Apparently, they used the white powder drug to make women lose their sense.

Unknown person: 'You are really a bad guy. So when do you want to deliver it? I want a new product. My customers are already complaining about the freshness of the last stuff.'

Wen Ji Sang: 'Alright. Let's meet at the same place, Quin Port, four days from now.'

Unknown person: 'Okay. I will be waiting for you.'

The call was ended and Yu Qi was smiling. Another new clue. Quin Port. Yu Qi was not quite sure where the Quin Port was, so, she searched for the location.

The Quin Port was located in the southern part of the nation. It was far from Yu Qi's current location because Yu Qi was in the eastern part of the nation. Yu Qi was thinking of alerting the authorities about this matter.

However, she could not reveal her identity. If she told the authorities about her identity, she would probably get into deep trouble. The authorities would be questioning her on exactly how she knew about this matter. How was she supposed to answer that question? She could not tell them she knew about this from a call recording. Call recording was a crime in itself. She might even get arrested for it.

This matter was also related to the white powder. If Wen Ji Sang got caught by the authorities, she might lose her lead. It was hard.

"Master, what are you thinking of?" Bo Ya asked when he watched his master in deep thought. He was asking because he wanted to help his master. Who knew, he might have the answers for it.

"I got a new clue about the white powder that I had been searching for. It was related to human trafficking. I want to find the source of the white powder. If I report this man, I will lose this lead." Yu Qi sighed.

### **Chapter 308 - A Plan To Wang Fu Ya**

"Master, you just listened to one recording. You must listen and read the others too. Maybe you will find something and can help you. If not, you can think another way." Bo Ya reminded Yu Qi.

Yu Qi thought that Bo Ya's thinking was indeed true. She was just only listening to one recording, she had not listen to others. So, Yu Qi decided to go through all the messages. There were actually a lot of them to listen to.

Many of them were from his girlfriend that studied at the Hanwei University. There were also the messages from the girl that he supposed to sell. This Wen Ji Sang really made a lot of effort to win the girl's heart. The girl already loved Wen Ji Sang with everything that she was.

Yu Qi felt pity for the girl. She was thinking that the man was in love with her but he just playing with her feeling, in order to make the girl obey his words to become the sex slave for men.

Then Yu Qi listened to another call recording. It was also from an unknown number.

Wen Ji Sang: 'Hello, Sir.'

Yu Qi thought Wen Ji Sang was very polite to this person. It made Yu Qi curious about this person's identity.

Unknown: 'What? You've already finished your supply?'

Yu Qi's eyes became bigger. She actually recognized this voice. It was the voice from the man that she saw together with Wen Ji Sang when she first met Wen Ji Sang. It was the white powder supplier.

Wen Ji Sang: 'Yes. I am almost finished it, so I want to order the new batch. This time, I want to add more.'

Unknown: 'I don't mind but the price will be increased as the weight will be increased as well.'

Wen Ji Sang: 'I don't mind.'

Unknown: 'Where do you want to meet this time?'

Wen Ji Sang: 'You can decide.'

Unknown: 'Okay. I will let you know you soon. Bye.'

The call ended. Yu Qi was very happy with this discovery. Her fingers danced on the keyboard. She wanted to know this man's identity. From the call, Yu Qi got his number. So from his number, she could find out who he was.

The number belonged to a person named Dong Ling Ha. He was 30 years old and from a city named Hinna City. His registered job was a salesman.

'Salesman? Yeah, he is indeed a salesman. Well, the successful one.' Yu Qi thought. He was selling something that made women weak and became depended on men. Yu Qi got the new lead on how to get the white powder.

Yu Qi installed the call recording into Dong Ling Ha's phone like she had done to Wen Ji Sang's phone. She was smiling.

As for the meeting between Wen Ji Sang and the woman, she was going to alert the police about that. She would give the recording to the police as evidence, however, she would be anonymous. She did not

want to expose her identity. Because the police would be questioning the recording. How did she suppose to answer that question? She might be arrested for just that reason.

Then the topic of the white powders was closed for now. The next one was Wang Fu Ya. The woman challenged her many times. Although Yu Qi was quite merciful, she was not going to be merciful at all anymore.

Wang Fu Ya already went beyond Yu Qi's limit. How dare she ask someone to get her by threatening her family's safety? Since Wang Fu Ya did not love her life, Yu Qi would be glad to take it from her.

Yu Qi assumed that people in the town did not know Wang Fu Ya's actual job. People just thought she got a well-paid job in the neighbor town. If not, people would have already given a dirty look to Wang Fu Ya.

Yu Qi thought of a good idea on how to destroy Wang Fu Ya. Since Wang Fu Ya did not want people to know about her job, she would be the informant for the people to inform them about Wang Fu Ya.

Yu Qi hacked to the old man's phone that kidnapped her. The phone already in the police's hand. Well even though the phone was already in the police's hand, the number was still okay. The police might still investigate the old man thoroughly.

Yu Qi felt lazy to go through one by one about the information inside the old man's phone. So, she decided to copy all the data. After about the 10 minutes, all the data successful copied to Yu Qi's computer.

She took a look at the pictures taken in the old man's data. 'Wow, this old man really strong in that aspect. How can he satisfy so many women?' She saw pictures of many women in the data. Well, not the dirty pictures. Just a normal picture like accompany the old man drink. But Yu Qi was pretty sure that she would find the dirty pictures.

She started to yawned and realized that she was tired. She was looking at the screen for quite a long time. Her eyes were tired. She closed the computer.

"Master, you want to rest?" Bo Ya asked when he saw her master was yawning.

"Yeah. I'm tired already. I want to sleep inside the space. I assume it was 3 a.m outside. If I go outside, I can not sleep longer." Yu Qi answered while climbing to her bed.

"Owh okay. I want to sleep with you too." Bo Ya smiled.

"Me too. Me too." Aoi wagged his tail.

"Okay. Come and sleep with me." Yu Qi invited her little cuties to sleep with her.

### **Chapter 309 - Bumped To Qin Xia**

Yu Qi woke after 6 hours of sleep. She stood up and stretched her body to loosen up her muscles. When Yu Qi climbed down from her bed, her two little cuties had also woken up.

"Good morning, Master." Bo Ya said while rubbing his eyes.

"Good morning, Master," Aoi said after Bo Ya. He was doing the same things as Bo Ya.

Yu Qi laughed when seeing her two little cuties behaving like that. "Morning to you too, my little cuties."

Yu Qi yawned first, following by Bo Ya and Aoi. Yu Qi went to take a shower and then made some food for her two little cuties. After they ate, Yu Qi grabbed Aoi and went out of her space.

The outside world was blanketed in the early morning light of dawn. She went to the living room to see her grandfather already outside. He was doing tai chi in his herbal garden.

"Good morning, grandfather." Yu Qi greeted her grandfather.

"Where are you going?" Grandpa Tang asked when he saw Yu Qi currently wearing a pair of shoes. Well, sports shoes actually.

"I am going on a morning jog. I will be back in one hour." Yu Qi answered.

"Be careful." Grandpa Tang reminded Yu Qi. The sky was still dark even though it was already dawn. He could not help but worry about his granddaughter.

"Don't worry, grandfather." Yu Qi waved her hand to Grandpa Tang.

Yu Qi went out for her run, her bodyguard, which was her little Aoi followed beside her. Some of the elderly people had already started their workday. Someone of them greeted Yu Qi since Yu Qi was somehow a famous person in Shiwa Town.

Then, out of nowhere, when she was running, someone bumped into her. Yu Qi managed to keep herself from falling to the ground. The person who bumped into her also held her arm supporting Yu Qi from falling.

Feeling her self already stabilized, Yu Qi distanced herself from the person. "Thank you very much for supporting me." Yu Qi bowed a little bit and said thank you because the person saved her. Then she looked up and saw the person.

When Yu Qi saw his face, she could feel some pain in her chest. What? Why did she feel pain when looking at this person? She knew that she had never seen this person before. Then why? His face was very handsome, but Yu Qi thought her Long Hui was much better from this man.

"Are you okay?" The man asked.

Strangely, when the man asked Yu Qi, the pain that she felt before vanished. She looked up again. The man was smiling at her with a gentle smile.

"I'm okay." Yu Qi replied.

Aoi quickly stood in front of Yu Qi and growled to the man. This person was weird. Aoi could feel something about this person.

"What a cute puppy." The man commented.

"Thank you." Yu Qi smiled.

The man bent down and placed his hand on Aoi. Aoi wanted to bite his hand, but when the man's hand laid down on his head, he suddenly forgot the anger. Aoi was blinking several times as he looked at the man.

Yu Qi also felt very strange. Aoi usually did not like strangers pet his hand, it took him a long time to warm up to strangers and allow them to pet him. But this time Aoi did not attack the man and just stood there, blinking.

The man stood up again and facing Yu Qi. With a gentle smile, he said. "I'm so sorry. It was my fault for bumping into you. I hope you will forgive me."

"It's okay. I was also not careful." Yu Qi accepted his apologies.

"How about a cup of coffee?" The man invited Yu Qi for a drink.

Yu Qi, however, not so stupid to accept an invitation from a total stranger. So, Yu Qi firmly rejected the man's invitation.

"Sorry, I can't." Yu Qi said.

The man did show some disappointment on his face. "Oh, okay. By the way, I'm Qin Xia." The man introduced himself.

"Oh, I'm Tang Yu Qi." Yu Qi also introduced herself to Qin Xia. Yu Qi actually thought that she might have heard that name before, but she could not recall where.

"Then we are now acquaintances." Qin Xia smiled again at Yu Qi. He added. "I just moved into the Shiwa Town. We might see each other around."

"I see." Yu Qi nodded.

"Then see you around." Qin Xia said as she left the place.

Yu Qi realized that Qin Xia also in sports attire. 'So, he also running too.'

"Master, that man felt weird," Aoi said.

Yu Qi looked to Aoi. "What are you mean by that?"

"Master, just now I could feel some spiritual energy from the man," Aoi explained the weirdness that he got from the weird man just now.

"You meant he got the spiritual energy?" Yu Qi was very shocked.

"Yeah. When he pet my head, I could sense it." Aoi told the truth.

Yu Qi frowned. The man that had the spiritual energy, could not determine whether this man was an ally or enemy. She also did not know whether this man knew about the fact that he even had spiritual energy. It would be nice to have an ally that knew about spiritual energy and it would be a disaster if he knew about spiritual energy and became her enemy.

"Master, " Aoi called out to his master when he saw that she was currently lost in her own thoughts.

"Yeah?" Yu Qi looked at Aoi.

"Is it safe?" Aoi asked. He was also worried about the man.

Yu Qi petted Aoi's head. "We just need to see from now on."

## **Chapter 310 - A Bomb Dropped On Her Head**

UNEDITED

The man continued his jogging after meeting with the person that he was longing to meet. Yeah, the man was Qin Xia. He took the opportunity to talk to the person that he was longing to meet. Using his information that she would be jogging in the morning, he used it as his chance to meet with her.

She was still the same. Caution as ever to the person that she did not know. She was polite as well. Even though her look was not the same as the past, still, she was beautiful. In the past, she looked like a flower fairy now she looked like an angel that came down from the sky.

However, Qin Xia did not expect that Yu Qi would have a beast beside her. The husky Siberian breed dog was the beast. When he pet the dog's head, he could sense the spirit energy. Also, he sensed the bond between the two of them. The blood contract.

Qin Xia did know about the blood. It was an equal contract between the human and the beast. When humans injured, the beast would feel the pain too. It also worked reversely. When one died, another one would follow it.

Yu Qi might not know about the contract. That beast must be the one that made the contract itself. Qin Xia was pretty sure that Yu Qi was currently a normal girl without knowing the spirit energy. So, if Qin Xia wanted to get rid of the dog, Yu Qi would be suffering as well. He did not want that to happen.

Qin Xia knew the dog also could sense the spirit energy from his hand that pet its head. However, he did not afraid that the dog would tell anyone about that because it was a dog. The dog did not know to speak the human language. Qin Xia did not know that Yu Qi already knew about that.

The date of the opening ceremony was coming soon. Qin Xia did not wait for the day. He would use his position to make Yu Qi knew about him.

Then a call was coming. His phone vibrated to inform the call was coming. Qin Xia looked at the phone. It was his secretary. Feeling lazy, Qin Xia picked up the call.

"What?" Qin Xia used his lazy to answer the call.

"Sir, we got some problems with our cargo. Something nasty inside it. Someone was using our cargo to smuggle the drug in." His secretary reported the situation.

"Do you know who is the bastard?" Qin Xia asked.

"Don't know, Sir." His secretary answered slowly. He knew that his president already became angry even though his president's voice was calm. It was calm before the storm.

"Bunch of idiots. I will handle it when I go back." Qin Xia grinded his teeth.

Qin Xia ended the call. He sighed. He could not see Yu Qi tomorrow. He needed to go back and settle the problem. 'We will meet again.'

...

Wang Fu Ya was in a good mood for the few last. She did not get the call from the old man. She was assuming that the old man was busy playing with Yu Qi, the bitch. She walked around the town.

However, she was surprised to see someone that she did not expect to see here. With a proud smile, she walked over to the person.

"Hi." Wang Fu Ya greeted the person.

The person looked at Wang Fu Ya like she was an idiot. The person was Yu Qi. She did not what nerve that Wang Fu Ya to greet her like this.

"Yu Qi, nice to meet you here." Wang Fu Ya smiled.

"Idiot." Yu Qi said one word.

Wang Fu Ya heard the word and became angry. But she managed to calm herself. "Yu Qi, how your past days? Is it okay?" Wang Fu Ya wanted to annoy Yu Qi. She thought Yu Qi was tortured by the old man past few days. So that was why she was asking that question.

Yu Qi did not reply to her question but just said one word. "Moron." It was the same meaning as an idiot.

Wang Fu Ya did not hold herself back anymore. "Hey, Yu Qi, I know what had happened to you in the past days. If you did not want others to know about that, give me one million." Wang Fu Ya wanted to use some money. So, she wanted to blackmail Yu Qi. She knew Yu Qi did not want people to know about that. Yu Qi might give her money.

Yu Qi suddenly laughed. She could not help but wanted to open and see what was in Wang Fu Ya's head. She was so stupid. Maybe she would get the answer what was this stupid Wang Fu Ya had.

"What are you laughing at?" Wang Fu Ya asked in angry when her blackmail did not succeed.

"Laughing at your stupidity." Yu Qi wanted to annoy Wang Fu Ya so that she would be angry.

"You... You want people to know what had happened to you these past few days?" Wang Fu Ya still wanted to spread that thing.

"You really wanted people to know about it?" Yu Qi asked Wang Fu Ya in an amused tone.

Wang Fu Ya became quiet. 'Why? Why Yu Qi, this bitch asked this question to me? She did not scare when people know about the incident? She should be scared. Yu Qi, this bitch, she just did not want me to inform others. I will just destroy her reputation.' Wang Fu Ya sneered.

"You are Wang Fu Ya?"

Suddenly, Wang Fu Ya could hear someone asked a question to her. She looked a took at the person. She did not know this person. However, she still answered that question.

"Yes, I'm." Wang Fu Ya nodded.

"It is really her."

"She looks very young. We could not assume her age."

"So young yet..."

"Such a bitch."

"I wonder how her mother teaches her."

"She was that Wang Su Ren and Wang Shi Xen's daughter. What's you can expect?"

"How can the young girl like her went astray? Such a shame."

"Wait, can I book her? I want to taste a young girl like her. Must taste like heaven."

"Idiot. Not now."

"Even though it is hard to earn money, she should not go that way. There is a lot of humble jobs outside."

"No wonder, she always wears expensive clothes."

"I was jealous of her before but now, I don't want to talk about it."

Wang Fu Ya looked around. She could not understand what was these people talking about.

"How could she become a mistress and to the old man like that?"

When Wang Fu Ya heard the last sentence, she felt a bomb dropped on her head.
