

INTELLIGENT 321

Chapter 321 - Beginning of Opening Ceremony

Unedited

Yu Qi was very busy in the morning at her ryokan. The opening ceremony would be taken place at the Wisteria Garden. The guest could enjoy the beauty of the wisteria flower during the opening ceremony.

The tables and chairs were placed according to Yu Qi's arrangement. The refreshment was placed nearby. Yu Qi looked at the arrangement. She was very satisfied with this.

"Thank you for your cooperation this time. I hope you will give the same after this." Yu Qi told her employees.

"It is time for us to welcome the guest. Let change our outfits." Yu Qi ordered her employees.

The people that in-charge of welcoming the guests went to change their outfits. Others went to their workplace. Yu Qi went to see her grandfather. Grandpa Tang already changed his clothes. He was talking with Grandpa Feng.

"Is the preparation already done?" Grandpa Tang asked when he saw Yu Qi came to see him.

"Yes. I want to change my clothes first. Then we will head to the garden." Yu Qi smiled.

Before she left the room, she turned to Grandpa Tang. "Grandfather, you look so handsome when you dressed up like this." Then she left.

Grandpa Tang and Grandpa Feng were stunned when Yu Qi praised Grandpa Tang. Then they burst to laugh.

Grandpa Feng turned to Grandpa Tang. "Your granddaughter is very funny."

"She stopped by just to tease me. That girl." Grandpa Tang laughed.

Yu Qi went to her room to change her clothes. Inside her room, Feng Yue was laid down, resting and waiting for Yu Qi.

"Here you are. I already bored waiting for you, girl." Feng Yue stood up when she saw the person that she had been waiting for already here.

"I have a job to finish. The ceremony will be starting at 11 a.m. I want to change my clothes now." Yu Qi took off her shirt and went to the bathroom. She wanted to bath first before changing her clothes. She thought her body smelled from her running around.

After 15 minutes, she came out of the bathroom. Feng Yue still in the room looking at the outfit that Yu Qi was going to wear.

"Yu Qi, do you know how to wear this?" Feng Yue pointed to the outfit.

Yu Qi smiled. Of course, she knew about that. She used to wear it during her past life.

"I know." Yu Qi nodded.

"It has a lot of layers. Our traditional dress was a lot simpler than this." Feng Yue shook her head when she saw at the outfit.

Yu Qi chuckled. Yeah, Feng Yue was right. This outfit was very complex. Because it was a formal kimono. Due to her past life, Yu Qi knew how to wear it. Ignoring Feng Yue, Yu Qi put on the outfit. She tied up the outfit. Felt the job done, Yu Qi went to style up her hair. She did not want a complicated style. Just a simple one would be enough.

"Yu Qi, you are very beautiful." Feng Yue praised Yu Qi after Yu Qi had done change. "You do not do any makeup, right?"

"Yeah." Yu Qi nodded. She did not want to do it. She already used her own skincare.

"Let's go. It's almost time." Yu Qi looked at her watch.

The two of them went to pick up their grandfathers. Like Feng Yue, the two old men were praising Yu Qi's beauty.

"My granddaughter is very beautiful." Grandpa Tang was very proud of her granddaughter.

"That brat, Hui is sure lucky to have someone as beautiful as Yu Qi." Grandpa Feng commented.

Hearing Long Hui's name, Yu Qi blushed while holding her smile. Long Hui promised her that if he did not have a mission to complete, he would come to the opening ceremony.

"Let's go." Grandpa Tang woke Yu Qi up from daydreaming.

The guest already filled the garden. When Yu Qi and others step up in the garden, many eyes were staring at them. Yu Qi already used to it. As well as Grandpa Tang and Grandpa Feng. Only Feng Yue felt nervous when been stared at.

Yu Qi was looking around. She did not see the person that she wanted to see. Maybe he had another thing to be done. Yu Qi sighed. Then she shook her head. She could not feel like this. This was her ryokan opening ceremony.

"Can I get everyone's attention, please?" Sister Chui Mei Fung spoke through the microphone.

Everyone stopped talking and paid attention to Sister Chui Mei Fung.

Sister Chui Mei Fung showed her beautiful smile and talked. "Everyone, thank you for coming to this meaningful event to us." Even though she was kind of nervous but she already learned how to control her facial expression.

"Hi, my name is Chui Mei Fung. First, let me introduce our hotel. Our hotel was named Saisei Ryokan by our owner. Its meaning is rebirth when translated into our language. It is a very befitting name. When our owner approached me, I was in the middle of ending my life. I don't want to live anymore. But our owner made me reborn again with another life. I felt very thankful to our owner." Sister Chu Mei Fung paused for a moment and continued again.

"Our hotel's concept is ryokan. For your information, maybe someone from all of you is not familiar with the word 'ryokan'. Ryokan meaning hotel in Japanese. Ryokan usually has hot spring, known as onsen in Japan. So, here we have about 3 public onsens, and 7 private onsens in the first class room.

You can enjoy it in the way you like. And the most important part is our onsens have a good effect on your health. As what benefits that we have here, you can read in our given pamphlet. Don't worry about it. We have a legendary doctor here, Doctor Tang Jiang Man ensure that the onsens are safe and suitable to all people."

Sister Chui Mei Fung used the fame of Grandpa Tang to promote Yu Qi's ryokan.

Chapter 322 - Shameless Wolf

Yu Qi smiled when Sister Chui Mei Fung mentioned Grandpa Tang's name. The effect of mentioning the legendary doctor was very good based on the fact that she saw the eyes of her guests sparkling. Yu Qi gave the thumbs up to Sister Chui Mei Fung.

"So, today we have invited Doctor Tang Jiang Man to cut the ribbon to indicate that this ryokan is officially open. Please, let us invite our Doctor Tang Jiang Man together with his granddaughter, Miss Tang Yu Qi onto the stage." Sister Chui Mei Fung said.

Grandpa Tang stood up together with Yu Qi and walked onto the stage. When Yu Qi was on the stage, her eyes caught someone and her eyes immediately light up. Long Hui was here. Even though he was late, he managed to squeeze some time to come here to celebrate the meaningful day with her.

"Now, Doctor Tang Jiang Man will cut the ribbon." Sister Chui Mei Fung announced making Yu Qi looked at her grandfather.

Grandpa Tang took the scissor and cut the ribbon and the audience burst out into applause. Yu Qi was very happy to have officially opened her ryokan. She hoped that the ryokan would stand long and give great benefits to others.

"Thank you, Doctor Tang Jiang Man for officially opened our ryokan." Sister Chui Mei Fung thanked Grandpa Tang.

Grandpa Tang and Yu Qi left the stage.

"You can eat our refreshment. We have prepared some dessert from Japan for you to taste as well as some traditional Chinese desserts. So, please don't worry. While you are eating, we will open the questioning session for everyone. Feel free to ask any questions, if the questions are in our range of answering, we will answer it." Sister Chui Mei Fung said.

This was the moment that the reporters had been waiting for.

"Miss Chui, can we know why this Saisei Ryokan was opened here?" One of the reporters asked.

"Our owner comes from this town. He wanted to promote the beauty of his hometown, that is why he opened the ryokan here." Sister Chui Mei Fung answered smoothly.

"Could it be that Doctor Tang Jiang Man is the owner?"

"Our owner does not want his identity to know by others. So, I will leave it up to your imagination."
Sister Chui Mei Fung smiled.

"What are the benefits that you mentioned earlier?"

"When you enjoy our onsen, your body will get the benefit as well. You might feel your body energize and your skin becomes smooth. You can try our onsen to see more benefits."

There were a lot of questions asked by the reporters as well as the guests. Sister Chui Mei Fung handled it pretty well.

Yu Qi had left everything up to Sister Chui Mei Fung to handle while she watched from the sidelines. She stood up wanted to find Long Hui. She found Long Hui that been surround by the girls but they did not approach him closely due to Long Hui's face. Long Hui looked like he would kill someone that came closer to him.

Earlier, there was a brave girl that approached Long Hui, wanting to talk to him. Long Hui did not respond even a little bit to the girl. When the girl wanted to come closer, Long Hui released the murderous aura. The girl turned paled when facing it and after that, she ran away.

Yu Qi made her approach to Long Hui. The girls that surrounded Long Hui wanted to give her a warning. But Yu Qi ignored them and made her way to Long Hui.

"Thank you for coming." Yu Qi said to Long Hui.

"Of course I come. I promise you after all." Long Hui replied with a gentle smile on his lips while looking at Yu Qi lovely.

The person who had given out the murderous aura was now smiling gently and that made the girls that looked at them felt unreal. From this, they knew the man already had his sweetheart.

"Qi Qi, you look very beautiful." Long Hui praised Yu Qi.

"Thank you." Yu Qi said in blushing. The feeling when the beloved one praised was very different.

"I do not want others to see you like this." Long Hui mumbled the sentence slowly.

Yu Qi did not hear the sentence. "What?"

"Nothing." Long Hui dodged the question. "The ceremony is perfect. Everyone looks very interested in coming to this place."

"Of course." Yu Qi said proudly.

"I also want to come here again so that we can continue our last session." Long Hui whispered softly to Yu Qi's ear.

When Yu Qi heard Long Hui's whisper, she remembered what they were doing in the onsen that night. It made Yu Qi turned red immediately.

"You!!!" Yu Qi pouted. It was very embarrassing to remember it, but Long Hui still mentioned it in order to make her feel shy.

"You will not feel embarrassed again when we practiced it together." Long Hui shamelessly said.

"No, no, no... Don't talk about it anymore." Yu Qi was very shy, even her ears were turning red.

Long Hui laughed when seeing his beloved Qi Qi turning red because of him.

"No wonder, I could not find Yu Qi. Turned out you have been flirting with Brother Hui here." Feng Yue appeared.

"Then you should not be disturbed us." Long Hui said. He could not flirt with his beloved Qi Qi when Feng Yue was here.

Feng Yue smirked. She just wanted to disturb the two of them. She had already observed them flirting for a long time. She watched Yu Qi turn red when Long Hui whispered something to Yu Qi.

"Yue, don't leave." Yu Qi pulled Feng Yue's hand. She did not want Feng Yue to leave her with this shameless wolf.

Chapter 323 - Rival In Love Came Face To Face

Long Hui gave a look to Feng Yue. He wanted Feng Yue to leave him alone with his beloved Qi Qi. Feng Yue understood the look given by Long Hui, but she just ignored the man. Once again, Long Hui gave her a look, now with a little warning.

'If you don't want to leave, let's look forward to your training.' Long Hui thought as he smiled coldly at Feng Yue.

Feng Yue felt a chill down her back. She did not want to die first, so she had to make a run for it.

"Yu Qi, my stomach feels unwell. I want to go to the toilet," Feng Yue said with real expression.

Unknown to Long Hui and Feng Yue's virtual bickering, Yu Qi let Feng Yue's hand go.

"Then go," Yu Qi rushed her friend to go.

Long Hui had successfully made Feng Yue leave them alone.

....

Qin Xia also came to Yu Qi's Saisei Ryokan opening ceremony as he successfully managed to get one of the invitation cards.

Like Long Hui, he was also surrounded by the girls that were attracted to him, but he also did not like this kind of attraction. If Yu Qi was attracted to him, that would be nice.

His face was known in the business industries, so, everyone in the business industry knew him and came to greet him.

"You came," Grandpa Feng greeted Qin Xia.

Grandpa Feng knew Qin Xia as he was also Qin Xia's competitor. He felt that Qin Xia was very amazing because Qin Xia managed to be at the top after only five years in the business world. Qin Xia was very talented in managing his business.

"President Feng," Qin Xia greeted Grandpa Feng back.

"I'm surprised to see you here," Grandpa Feng said.

"I 'm kind of interested in seeing this type of hotel," Qin Xia answered it simply.

His answer just made it seem as if he was only interested in the hotel, however, he was really only there to see Yu Qi.

"Oh, I forget to introduce you guys. Jiang Man, this is President Qin Xia, he is a businessman like me. He is an extremely talented man. President Qin, this is Doctor Tang Jiang Man. Well, he is a doctor," Grandpa Feng introduced the two of them.

"Oh, so young yet very talented. Nice to meet you, President Qin," Grandpa Tang nodded.

"I have also heard about the legendary doctor, Doctor Tang, nice to meet you too," Qin Xia looked at Grandpa Tang. This old man helped Yu Qi by adopting her as his granddaughter. He had a good impression of Grandpa Tang.

"Grandfather." Yu Qi approached Grandpa Tang.

"Yu Qi! Oh, you are here too." Grandpa Tang looked at the one behind Yu Qi.

Long Hui just greeted them.

"We meet again, miss," Qin Xia said to Yu Qi with a faint smile on his lips.

"Do you know each other?" Grandpa Feng asked when he heard what Qin Xia had said that to Yu Qi.

"We meet once before, I bumped to him while out for a run," Yu Qi explained to them simply.

"Yeah," Qin Xia confirmed it.

Long Hui stared at Qin Xia, there was something about him that made him not like this man. However, he could not explain why. He quickly held Yu Qi's hand.

Yu Qi felt weird with Long Hui's behavior, but she did not pull back her hand, she just let Long Hui continue to hold it.

Qin Xia saw them holding hands and narrowed his eyes. He did not like it but he did not say anymore. It was not his Yu Qi yet. 'Just wait until Yu Qi becomes mine.' Qin Xia gave a look to Long Hui.

Long Hui was able to understand what Qin Xia was thinking and returned a look of his own. 'She only will be mine forever,' Long Hui gave a provoking smile to Qin Xia.

The old men watching the two young men understood the situation and the looks that passed between the two. This President Qin was interested in Yu Qi. Grandpa Tang did not want to interfere in this matter. He would handle it to Yu Qi. After all, it was Yu Qi's choice.

Yu Qi on another hand did not notice anything going on at all, she was kind of stupid when she came to this matter.

"You can come to enjoy the onsen. It is very good for your body," Yu Qi said to Qin Xia.

"Of course, if I have time for it, I will surely come here," Qin Xia did not reject the invitation from Yu Qi. It might even give him the chance to get closer to Yu Qi.

.....

"I never thought that President Qin would be interested in your granddaughter," Grandpa Feng said to Grandpa Tang when they left Qin Xia.

"My granddaughter is a very beautiful girl, it is no wonder that that man is interested in her," Grandpa Tang said proudly.

Grandpa Feng rolled his eyes, this man really loved his adopted granddaughter. Such a doting grandfather.

"Hui will have his rival," Grandpa Feng said.

"Humph, that brat needs to work hard to make sure my granddaughter will be his," Grandpa Tang said.

Even though Grandpa Tang did not like Long Hui much, he was kind of satisfied with Long Hui. He knew that Long Hui would be able to protect Yu Qi as Long Hui was a soldier. So, Grandpa Tang knew what kind of man that Long Hui was.

On another hand, Qin Xia was a businessman and Grandpa Tang knew what kind of personalities that a businessman had. He also a businessman, not to mention, Qin Xia was very successful in his business at such a young age. Grandpa Tang really wondered how he managed to do it. However, as he said before, he would trust Yu Qi's choice.

Chapter 324 - His Promise

Qin Xia looked at Long Hui. Right now, Yu Qi's heart belonged to this man. Qin Xia indeed felt that this man in front of him was strong, but he was stronger than him. He believed Yu Qi would choose him in the end.

Long Hui also looked at Qin Xia. The two men were battling in silence. Long Hui knew this man wanted to snatch his beloved Qi Qi. Humph, it was not going to happen. He would protect his beloved Qi Qi from this man.

Ignoring the silence battle, Yu Qi pulled Long Hui's hand. The opening ceremony was complete and the guests could enjoy the beauty of the wisteria flowers until the estimated time, so, Yu Qi wanted to have some time alone together with Long Hui.

"Qi Qi, you really look very beautiful." Long Hui praised Yu Qi again.

"Thanks again. Brother Hui, did you complete your mission?" Yu Qi remembered that Long Hui told her that he was going to go on a mission.

"Yeah. I can back yesterday." Long Hui answered.

"Then you must be tired." Yu Qi showed a worried look on her face.

"Yeah. Very tired..." Long Hui paused, his hand touched Yu Qi's face. "But seeing you looking so beautiful making my tiredness faint."

"Brother Hui, you did improve on your flirting." Yu Qi commented.

"Only for you, Qi Qi." Long Hui smiled.

That seductive smile again, Long Hui always liked to attack her with that smile. Even though she saw that smile many times, she was still affected by it.

Seeing Yu Qi lost in her thoughts, Long Hui pulled Yu Qi in his arms. He hugged Yu Qi from the back. Yu Qi was stunned when she felt her body being hugged, however, she did not reject it. She did enjoy Long Hui's hug. All of a sudden, the fragrance of lotuses attacked her nose.

"Brother Hui, are you wearing perfume?" The question appeared from Yu Qi's mouth so suddenly.

Long Hui did not mind. "Why? Do I stink?"

"So, you did use perfume."

"No, I'm not." Long Hui quickly clarified it.

"Huh? You don't wear anything?" Yu Qi confirmed it again.

"No, I've never worn any perfume before." Long Hui said.

"Then, it is your body odor?" Yu Qi smiled.

"Huh, my body odor? What's kind of odor?"

"It is a secret. The only thing I can tell you is I really like it." Yu Qi showed a smile.

Long Hui looked at the smiling woman in his arms. He turned his beloved Qi Qi so that she was facing him and then he began to attack his beloved Qi Qi's lips. At first, his beloved Qi Qi was shocked but after a few seconds, she accepted it. She responded to his kiss.

When Long Hui released Yu Qi, there was a trace of saliva lingering around their lips. Long Hui licked his lips using his tongue making him looked very seducing. Yu Qi swallowed her own saliva.

"Here you are. I have been looking for you, Yu Qi." The voice of Feng Yue made Yu Qi freeze.

She was kissing Long Hui in the middle of broad light. It was very embarrassing.

"What are guys doing here?" Feng Yue just teased the two of them.

However, seeing Yu Qi's reaction, Feng Yue was surprised. "You two..." She did not finish the sentence when the devil was looking at her like he wanted to kill her.

"You two can continue, but remember to get a room when you two can't hold back. Don't do it here." Feng Yue managed to say before she ran away as if her life depended on it.

Yu Qi rolled her eyes at Feng Yue's retreating figure. That girl really...

"Why don't we continue as Yue said?" Long Hui said.

"No." Yu Qi looked at Long Hui.

Long Hui laughed. Teasing his beloved Qi Qi really made his day complete, he really could not wait for his beloved Qi Qi to be his one day. His beloved Qi Qi had ambition. He did not want to destroy that because that made his beloved Qi Qi looked sparkling. When his beloved Qu Qi got what she wanted, Long Hui would make his beloved Qi Qi walked toward marriage.

Even though the rivals would appear in the future, he was confident that he would be the one walking together with his beloved Qi Qi.

Not far from Long Hui and Yu Qi's place, there was someone that was leaning against a tree. He was there from the beginning. He was following Yu Qi and Long Hui, but he did not expect that Yu Qi was already falling in love with Long Hui.

The man was Qin Xia. He thought Long Hui was still chasing Yu Qi, but when he saw the two of them were kissing passionately and seeing Yu Qi did not reject and responded to the kiss made his guess true.

Qin Xia sighed. Why was he so late in meeting her in this lifetime? If he had met her first, she might have fallen in love with him first, however, he would not give up. Because of the past lifetime, he could not make her become his, he would try harder in this lifetime.

Qin Xia did not want to be a fool anymore, watching someone take Yu Qi from him and let her get hurt. He would not allow that to happen again. He would fight for her, no one could stop him. It was his promise after meeting her again in this lifetime.

Chapter 325 - Tried To Escape

The opening ceremony for the Saisei Ryokan was finally completed. Yu Qi could now take a breath of relief. The next day, after the opening ceremony, those people who got the free ticket to enjoy the onsen came, and the numbers were very large. Sister Chui Mei Fung had to set another rule, they could only enjoy the onsen for two hours in order to make sure that everyone who came could enjoying the onsen.

Yu Qi could relax for now. her greenhouse had Song Tao to manage it, her investment company had Su Yu Hi to manage that and her ryokan had Sister Chui Mei Fung to manage it. Other than that, Su Yu Hi was still her personal assistant.

The semester break was soon going to be over and she only had one more week left to settle the things here. What things? He he he... Wang Fu Ya, of course. Yu Qi had only delayed finishing Wang Fu Ya off because of the opening ceremony, but now that the opening ceremony was done, it was time to get even with Wang Fu Ya.

This time, she would not be merciful anymore. She had been merciful to Wang Fu Ya for a long time, even though Wang Fu Ya had plotted against her time and again, she did not do anything to Wang Fu Ya. However, this time, Wang Fu Ya had done something to test Yu Qi's limits, which was to threatened her beloved family. Now Wang Fu Ya had to pay for it.

Yu Qi had already laid the trap on her before the opening ceremony. She just needed to wait for the opening ceremony to finish first, then she would begin her plan.

...

At the Wang House.

Wang Ha Na was alone, Madam Wang and Wang Fu Ya were at the hospital taking care of Wang Yu Jin. Yesterday was her turn to take care of Wang Yu Jin so now, she was taking her sweet time resting. She was about to go back to sleep when she heard someone knocking on the front door. The knocking sounded very urgent.

Since Wang Ha Na was all by herself, she was kind of afraid to open the door. What if the gangsters that injured Wang Yu Jin were here again? She did not want to be hurt. She went to the door to see outside the house and overheard some men talking.

"Are they are not home?"

"It doesn't look like it."

Then Wang Ha Na heard the voice of her neighbor, Madam Jiang.

"Sir, if you want to find the Wang Family, you should go to the hospital to find them. Their youngest son was beaten to half-death," Madam Jiang told the men.

Wang Ha Na gathered up her courage and sneaked a peek outside. She saw the two police officers talking to Madam Jiang. She thought it must be about her brother's case since she had gone to the police station to report about Wang Yu Jin's case yesterday.

"Okay then. We will go to the hospital. Thank you, Madam."

The two police officers left the Wang house. Wang Ha Na no longer had any interest in sleeping and decided that she would go to the hospital instead. She was really curious as to what the Policemen were going to say and she wanted to know what was going on with Wang Yu Jin's case.

.....

At the hospital...

Wang Yu Jin was placed at the normal ward after making it through the critical time. As the doctor said, he already lost his ability to move around by using his legs. Madam Wang sat beside Wang Yu Jin while Wang Yu Jin was still unconsciousness.

Wang Fu Ya was sitting beside her mother when she started to feel uncomfortable. It was time to take it. Her hand was shaking and she clenched her hands together to make the shaking invisible to her mother's eyes.

"Mum, I want to go to the toilet." Wang Fu Ya told her mother in case her mother wanted to know.

"Okay. Just go." Wang Fu Ya quickly ran from the ward heading to the toilet. Fortunately, she brought the one thing that could make the shaking stop. She pulled out a bottle with an unknown label and took out one pill, quickly swallowing it. She closed her eyes.

After a few minutes, the shaking disappeared and she took a breath of relief. She left the bathroom and started to head towards Wang Yu Jin's ward. However, when she entered Wang Yu Jin's ward, she saw

two police officers inside. She did not think much about it. The police officers probably came due to Wang Yu Jin's case.

When the police officers heard someone come in, they turned around. They saw Wang Fu Ya.

"You must be Miss Wang Fu Ya, right?" One of the police officers asked Wang Fu Ya.

"Yes. What do you need from me?" Wang Fu Ya asked in confusion.

"Miss Wang, you know Mr. Yu An Wong?" The same police officer asked again.

Hearing the name of the old man that she became the mistress to, Wang Fu Ya became pale.

Wang Fu Ya hurriedly shook her head. "No, I don't know him." She tried to lie because she knew that nothing good came from the old man that had been arrested.

The police officer that asked Wang Fu Ya the question looked at his partner. His partner nodded.

"Miss Wang, we know you are lying to us, we are well aware of your relationship with Mr. Yu An Wong. You need to follow us to the police station." The police officer told the truth.

"What? You can not arrest my daughter! She did nothing." Madam Wang stood up when she saw the developing situation.

"Yes Madam Wang, we can. We have a warrant for arrest for Miss Wang," The other police officer answered Madam Wang while pulled out the document and showed it to the two of them.

Seeing the document, Wang Fu Ya thought she could not lie anymore. So, she took a drastic way. She ran out of the ward as fast as she could. She did not want to get caught by those police officers.

Seeing Wang Fu Ya run away, the police officers also ran out chasing her. This Wang Fu Ya needed to be caught as soon as possible.

Everyone in the corridor was shocked upon seeing this situation. The doctors and nurses were in the corridor asking Wang Fu Ya to stop running, however, Wang Fu Ya ignored the doctors and nurses. The patients also moved to the side to avoid Wang Fu Ya.

Wang Fu Ya was not fast, nor a good runner. She was already tired from running. She turned around and saw the police officers chased her at a fast pace. No no no... She did not want to be caught. She tried to increase her speed, but because she had turned back to see what was behind her, she did not realize that there was a nurse was pushing a tray in front of her. The nurse also did not see Wang Fu Ya running towards her because she had just turned from the corner.

Chapter 326 - Arrested

BANG!!!

Wang Fu Ya collided with the trolley. Because the trolley had scalpels and other instruments on it, some of the scalpels fell down and cut Wang Fu Ya's skin.

"Ahh!!!" Wang Fu Ya screamed in pain when the scalpels cut her skin.

The nurse was shocked at the loud noise. She bent down and saw Wang Fu Ya. "Miss, are you okay? Here, I will tend your wounds."

Wang Fu Ya pushed the nurse away. The nurse fell down and her hand got cut from the scalpel that on the ground. She was hissed in pain. Another nurse that saw this scene and ran to her colleague to help her.

"Are you okay?"

"Yes."

"You tried to help her, but she was ungrateful. It was her fault for running in the hospital corridor and crashing into your trolley," the nurse complained.

Others also thought so too, but Wang Fu Ya did not care about what people thought of her. She needed to run away. She tried to stand up even though she felt the pain from all the open cuts.

However, her attempts to get away failed as one of the police officers that was chasing her managed to catch her while another police officer pulled out handcuffs and put them on Wang Fu Ya's hand so that she could not run away anymore.

The onlookers were surprised to see that the girl was handcuffed by the police officers. They finally understood... This was the reason why she was running in the hospital corridor.

"Miss Wang, please don't make any more problems, otherwise, we will put another charge on you," the police officer said.

"We need to treat her wounds first," the other police officer said to his colleague.

"Yeah."

They then brought Wang Fu Ya to see a doctor to treat her wound first before going to the police station. Madam Wang saw this and became angry.

"You bastard! What are you doing to my daughter? Even though you want to catch her, you can not do this to her." Madam Wang shouted at the police officers.

"Madam, this is not our doing. She crashed into a trolley that had some scalpels on it. When they collided, the scalpels fell down and cut her skin," the police officer tried to explain.

But Madam Wang did not want to believe it. "I don't believe you. It must be your doing to catch her."

The onlookers around felt that this old woman was unbelievable. She was accusing the police officers of doing something that they clearly did not do. After all, it was all her daughter's fault that she ended up like that.

"Madam, the police officer told you the truth. All of us here were witnesses to what happened. We saw this girl running and crashed the trolley pushed by this nurse. In the end, she fell down and scalpels cut her skin," one of the onlookers said.

"Shut up! Don't interfere! It is my family's matter!" Madam Wang shouted to the onlooker that spoke just now.

The onlookers now felt this old woman was completely unreasonable.

"Madam Wang, please don't stop us from doing our job, otherwise, we will be forced to arrest you as well," the police officer said in a stern tone. He did not want to speak nicely anymore with this old woman.

Madam Wang felt scared when she heard this. She could not be caught by the police officers. Who would take care of Wang Yu Jin if she got caught? She could not let that happen so she could only become quiet.

The police officers saw that Madam Wang did not fight back, they escorted Wang Fu Ya out of the room.

"Mum, don't let them take me!" Wang Fu Ya screamed at her mother.

However, her mother, who at the beginning fought the police officers, silently let the police officers bring her away.

"Mum, mum...!!!" Wang Fu Ya screamed loudly in the hospital.

The police officer pushed Wang Fu Ya to walk quickly so that she would not disturb others with her loud voice. While the other police officer apologized to the hospital staff for this matter.

"No... No... No... You can not arrest me. I don't do anything wrong." Wang Fu Ya said pitifully.

"Miss Wang, we have a warrant for your arrest, you have the right to remain silent. Everything you say can and will be used in the court," the police officer reminded Wang Fu Ya.

Hearing the police officer mention the court, Wang Fu Ya closed her mouth. 'What happened here? I don't do anything wrong! Wait, did you find out that the kidnapping was related to me? That is impossible!' Wang Fu Ya thought about all the possibilities as to why she was arrested today.

The police officers brought Wang Fu Ya to see the doctor tended her wound. The cuts that she got from the scalpels were not deep, but there were a lot of them. There were some on her hands, and on her legs, but luckily for her, there were no cuts on her face.

After the doctor tended her wounds, the police officers brought Wang Fu Ya to the car and drove away from the hospital. Wang Fu Ya thought they would go to the nearby police station. However, they passed the police station.

"Wait! Where are you bringing me to? You already passed the police station! You are not police officers, right? You are just disguised as police officers to kidnap me, right?" Wang Fu Ya shouted to the police officers.

The police officers looked at each other and rolling their eyes. This girl's brain was very creative. She could imagine something like that.

"Miss Wang, we are real police officers," one of the police officers tried to talk to Wang Fu Ya.

"You said you will bring me to the police station? But you just passed the police station, clearly, you are lying." Wang Fu Ya said.

"Miss Wang, we indeed said that we will bring you to the police station but not the police station here. We will be going to the police station in Wenta Town because the arrest warrant was issued by the police station there.

"What? Why?" Wang Fu Ya asked. She did not remember ever going to Wenta Town.

"You can ask the officer in charge of your case," the police officer said as he ended the conversation.

Chapter 327 - Semester Break Will End

Unedited

Yu Qi heard the news about Wang Fu Ya been arrested at the hospital. It had been famous news because of her previous news about being a mistress to the old man. Yu Qi sneered when she heard about that. Wang Fu Ya was making a fuss, screaming and shouting when the police officers arrested her.

The news about Wang Family became hotter due to Wang Yu Jin. Wang Yu Jin needed to discharge because of the lack of money on Wang Yu Jin's treatment. The money that Madam Wang had was not enough to support Wang Yu Jin's treatment.

Madam Wang shouted angrily to the hospital about this. She brought Wang Yu Jin back to home. After asking Wang Ha Na to take care of Wang Yu Jin for a moment, Madam Wang went to the police station to ask about Wang Yu Jin's case. At the same time, she wanted to know about her eldest daughter.

When she arrived at the police station and asked about Wang Yu Jin's case. The police said the men already been arrested. The owner of the casino wanted to pay some money to the victim to close the case. So, the police officers wanted Madam Wang thought about this case whether she wanted to continue the case to the court or settled it outside.

Hearing the owner wanted to pay some money, Madam Wang's eyes lifted up. She already thought about how much she wanted to make the owner of the casino pay her. The money would be used to treat Wang Yu Jin.

"How much they want to pay us?" Madam Wang asked.

"They want to meet you, so, Madam Wang, you can meet them and negotiate about the money." The police officer said.

Madam Wang thought for a moment. "Okay. I will meet them. Can I meet with them tomorrow?" Madam Wang agreed with it. The sooner the better.

And Madam Wang wanted to meet them at the police station to ensure her own safety. If they were meeting somewhere else, it would be dangerous to her. They might do something to her. Meeting at the police station was much safer. She might want a police officer acted like her witness.

"Where do you want to meet?" The police officer asked again.

"I want to meet them here. Well, they beat up my son, I'm kind of scared to meet them outside." Madam Wang made a scared face.

The police officer agreed to arrange the meeting with the owner of the casino.

"One more thing, there are two police officers who came arresting my daughter. Can I know the detail?" Madam Wang demanded the explanation.

"Madam Wang, the police officers are not from our police station instead they are from Wenta Town police station. As for Miss Wang getting arrested for what reason, you need to go to the Wenta Town police station for more information." The police officers knew about the news. He knew that Madam Wang would be asking that matter too. So he prepared for it. However, he really did not about the detail, so he could not help much.

"What? How can you don't know about this?" Madam Wang asked angrily.

"We really don't know about that." The police officer still answered calmly.

Madam Wang did not want to push the matter too hard. She already had one goal. To get money for Wang Yu Jin. As for Wang Fu Ya, she could wait.

"Okay. I will come again tomorrow to meet with them." Madam Wang stood up and left the police station.

....

She was sitting behind his grandfather's herb garden resting after helping her grandfather taking care of the herbs. Her grandfather also gave a lecture on the herbs while doing so. Aoi was sleeping not far from them.

"I heard the daughter of Wang Family arrested by police." Grandpa Tang drunk the tea that brought by Sister Chu Xiao.

"Yeah. However, people don't know why she was getting arrested." Yu Qi said.

"Do you played something on it?" Grandpa Tang looked at Yu Qi.

"Huh? Of course not. But I might play a role in that." Yu Qi smiled.

"What do you mean by that?" Grandpa Tang asked.

"Remember when I was kidnapped?"

"Yeah."

"The reason why was i been kidnapped is Wang Fu Ya." Yu Qi explained.

"Because of her?"

"Yeah. Wang Fu Ya initiate about me to that old man. I don't know what she had been telling that old man but she made the old man came to our house, threaten us and kidnapped me."

"So?"

"Maybe the old man slipped his tongue and told the police about Wang Fu Ya lead to Wang Fu Ya getting arrested. Well, it is only my theory. We don't know the truth behind her arrest. Just wait for the police to clarify the news." Yu Qi told her grandfather.

"If that was true, I hope she will live longer behind the bar. Sigh... How can the child like that go astray like that? Well, when getting those parents like that." Grandpa Tang remembered about Wang Fu Ya's parent.

"Oh, when will you go back to University? Your semester break will end, right?" Grandpa Tang asked when remembered about that.

"3 days later. Tomorrow, I want to go to the greenhouse for a look." Yu Qu answered.

"Owh. Then you will be choosing your major, right?"

"Yes. Like I told you, I will choose surgery." Yu Qi already made her decision.

"Good. You need to work harder. Surgery is quite difficult."

"You don't need to worry. If I don't understand something, I will come home and ask the legendary doctor." Yu Qi laughed.

Grandpa Tang shook his head while sighing.

Chapter 328 - Don't Deserve My Attention Anymore.

Unedited

"Good morning, Miss Yu Qi."

Yu Qi had been greeted by her greenhouse employees. She replied to them. She came to make a final check before going back to the university. Only six months later, she would be coming back.

When she saw the report, she thought the greenhouse would be okay when leaving for her employee's management. The oldest twin, Song Tao was a good leader.

After making a few rounds of walking around the greenhouse, she left the greenhouse. She wanted to check her ryokan after this. The distance between the two places was not far, so she just walked.

When she crossed the market, she heard people gossiped about Wang Family.

"That Shi Xen gets 2 million for her son."

"Huh? Why?"

"What? You don't know the story?"

"I just come back from the in-law hometown. So, what is the story? Tell me quickly."

"Her son caught cheating in gambling. So, he was beaten by the casino people."

"Wait. Her son is only 15 years old, right? How can he go gambling?"

"My husband said he became regular at the casino after winning a few times."

"Wow. He must have a lot of money, then."

"I'm, back to the story. That Shi Xen went to make a report about her son getting beaten. In the end, the owner wanted to settle privately, so Shi Xen demanded money. That is why she gets 2 million."

"It is a lot of money."

"Well, that money is not much since her son already became crippled."

"What? Crippled?"

"Yeah, her son can not use his legs anymore."

"Pity. He is just young."

"He should be studying instead of going on gambling. I have hot news about her eldest daughter too."

"What? It's more?"

"Yeah, her daughter, Fu Ya had a rumor about her, become a mistress to an old man."

"I heard about that rumor. Is that true?"

"Well, I don't know that. But another news is he was arrested by the police at the hospital another day."

"Arrested?"

"Yeah. However, we don't know why she was getting arrested."

Yu Qi passed the chat chit people. Of course, people would not know about the reason Wang Fu Ya getting arrested. She made it. She used her hacking skill to change the land property of the old man to Wang Fu Ya. The land actually a farm full of marijuana. It also had a small factory to process marijuana.

So, it became a major crime. That was why Wang Fu Ya getting arrested. Wang Fu Ya might not get out again. Yu Qi thought it was the best revenge for Wang Fu Ya. Everyone wanted freedom. When the freedom was robbed, their doomsday already came.

As she thought about Wang Fu Ya, she arrived at the ryokan. The people were here to enjoy free onsen. The coupon that gaven had a time limit. They could use the coupon within one month from the opening ceremony. After one month, the coupon would be expired and could not be used anymore.

Yu Qi sneaked to the kitchen. When her employees saw their owner, they immediately greeted her. Yu Qi replied with a smile. She asked about the ryokan. The response was very good. Her employees said, on the first day, there were a lot of people came to use their coupons.

Right now, people came using a normal way. People that came used their coupon promoted the effect after using the onsen to their family and friend. After that, the ryokan got a lot of reserved from the customers. The ryokan was scheduled full until 3 months later.

Hearing this, Yu Qi was very happy. Her promotion was a success. When Yu Qi asked about the difficulties that they facing, whether they can fight or not. The employees gave an assured smile to Yu Qi saying they could face it.

When Sister Chui Mei Fung heard about the owner was here, she quickly came and greeted her.

"Miss Yu Qi." Sister Chui Mei Fung was excited to see Yu Qi.

"Sister Mei Fung." Yu Qi replied to the greeting.

"You came." Sister Chui Mei Fung said.

"Just want to take a look. However, I think I don't need to worry about anything." Yu Qi smiled.

"The ryokan is boosted by the customers. There is no problem. We can handle it." Sister Chui Mei Fung said.

"I can see that. I'm glad that I choose to help you at that time." Yu Qi recalled the past.

"No no no... It was me that should be glad to be saved and chosen by you." Sister Chui Mei Fung was very thankful to Yu Qi because the girl saved her. If Yu Qi did not jump and save her, she might be decomposed at the bottom of the lake.

"So, you still thinking about that man?" Yu Qi asked.

"Humph! That man! He doesn't deserve my attention anymore. I already forgot about him. About the revenge, I already gave up. I don't want my world spin around him. He can do whatever he wants to do. He already has nothing to do with me." Sister Chui Mei Fung said without a hint of resentment in her tone.

Yu Qi smiled when she heard the sentence coming out from Sister Chui Mei Fung's mouth. She believed Sister Chui Mei Fung was talking about the truth. That kind of man was not worth for woman's love.

"Great. Let's leave that past behind." Yu Qi encouraged Sister Chui Mei Fung.

Chapter 329 - Her Parents???

Unedited

"Ah, my dear Yu Qi is here." Auntie Ming Yue hugged Yu Qi followed by Auntie Su Xiao.

Yeah, Yu Qi and Grandpa Tang came home to Tang House at FINN City. Yu Qi wanted to go by bus. However, Grandpa Tang did not allow it saying it was dangerous. He would send her to Tang House first after that, Yu Qi would be going to the university from there.

Yu Qi knew someone would be sending her. The family was like Grandpa Tang, did not allow her to take a bus for traveling.

"When do you going back to the university?" Auntie Ming Yue asked.

"Tomorrow. My class will be started two days later. There is some preparation that I want to do before that." Yu Qi explained.

"Owh..." Auntie Ming Yue wanted to say she should stay one more day when she heard that Yu Qi's class would start two days later. However, when Yu Qi said she had some preparation to do, she shut off her mouth.

"Yu Qi, the product that you gave us to use, it was very good. After five days using it, my skin became smooth. Even your Uncle Jang Qin praised my skin." Aunt Su Xiao said in blushing.

"Really? That's great. Tell me when you finish it, I will send another batch to you." Yu Qi said.

"Alright. Well, we still have time. Let's go." Aunt Ming Yue suggested.

Yu Qi confused. Go where?

"Yeah." Aunt Su Xiao nodded.

"Where are we going?" Yu Qi asked her two aunts.

"Well, actually we want to go outside shopping. You do come at the right time." Aunt Ming Yue smiled.

Aunt Ming Yue hooked Yu Qi's right arm while Aunt Su Xiao hooked her left arm. Yu Qi could not run away. So, she just let her two aunts pulled her to the shopping mall.

The first destination was the spa that her two aunts brought her before. The owner was Yung Ha Ren. Yu Qi remembered her because she gave some weird look to Yu Qi. Her aunts wanted to get some massage before walking around.

"I'm Tang Ming Yue. I booked for two people. But I want to add another one. Do you have a free spot?" Aunt Ming Yue asked the receptionist.

The receptionist replied. "Wait for a minute, let me check your name first." The receptionist looked through the book finding Aunt Ming Yue's name. "Madam Tang, you have booked for two people. So you want to add another one, right?" The receptionist asked again for confirmation.

"Yes." Aunt Ming Yue nodded.

"Wait for a minute. I will check with our staff inside." The receptionist said politely.

"Okay."

The receptionist called someone. Someone in charge of massaging the customers. After that, the receptionist finished the call and turned to Aunt Ming Yue.

"Madam Tang, we have the free spot. You can enter it now." The receptionist said while smiling.

"Thank you." Aunt Ming Yue nodded.

Then the three of them went to get the massage. After getting the massage before, Yu Qi did not feel weird anymore. She laid on the place. Yu Qi felt very good.

The masseuse praised Yu Qi for her fair and smooth skin. She also surprised when feeling the muscle on the girl's body. After 45 minutes, the massage finished. Yu Qi went to clean her body. After that, she waited for her two aunts. She sat in the waiting space.

Then a woman came and sat in front of her. She looked up. Yung Ha Ren was the one sitting in front of her. The woman was smiling at Yu Qi. Yu Qi made a polite return smiling back to her.

"Yu Qi, right?" Yung Ha Ren asked.

"Yes." Yu Qi nodded. "You are Auntie Ha Ren, a friend of Auntie Ming Yue and Auntie Su Xiao."

"You remember me. You become beautiful from the last time I saw you." Yung Ha Ren said.

"Thank you." Yu Qi did not know how to this woman since she once again gave the weird look to Yu Qi.

"Your mother probably proud when she saw you." Yung Ha Ren said the sentence in a weird way.

Yu Qi did not reply. She looked at Yung Ha Ren. She tried to know what was Yung Ha Ren wanted to say to her.

"She might brag about you." Yung Ha Ren was now not looking to Yu Qi but someone else. Someone was not here.

"Auntie Ha Ren, do you know my mother?" Yu Qi threw a question.

Yung Ha Ren slightly panics, then she managed to cover it. However, Yu Qi caught the panic on her eyes.

"How could I know your mother?" Yung Ha Ren said.

"I see. I don't know who is my parent." Yu Qi sighed.

Even in her previous life, she did not get the chance to know her parents. Her real grandfather refused to tell her about them. Well, not like she wanted to find her, but still she wanted to know their face that left their child behind.

"Maybe you already meet them. You just don't know about it." Yung Ha Ren sighed.

"Well, I care less about them." Yu Qi said in a cold tone.

Yung Ha Ren looked at Yu Qi. The girl flashed a cold look on her eyes. She might hate her parents. She wanted to explain but she remembered what Yu Qi's parents told her not to tell anyone about them especially to their own daughter if she met their daughter in the future. Because it might endanger their daughter. She sighed. Maybe one day... One day they would meet each other.

Chapter 330 - Choosing A Pair Of Heels To Her?

Unedited

Auntie Ming Yue and Auntie Su Xiao already finished with their massage. After paying, the two of them pulled Yu Qi wandering around the shopping mall. They walked into the shop that sold shoes.

Auntie Ming Yue and Auntie Su Xiao wanted Yu Qi to choose a pair of shoes. Well, actually, it was a pair of heels. Yu Qi was not a fan of heels. She did not like wearing heels because she felt it was not safe.

The heels were not convenient because it was not so easy to run in the heels in case something happened. She got a lot of bad things happened. Not like she was asking for it, they came running toward her.

"But aunties, I don't wear them." Yu Qi tried to reject it.

"My dear, you have to get at least one pair of them. You probably need them in the future." Auntie Su Xiao said.

'Need them? For what?' Yu Qi asked herself the question. Her aunties insisted to buy her the heels. So she wandered around looking for the heels that could catch her attention. Actually, her mind was not on the heels rather on what had happened earlier with Yung Ha Ren. Her assumption that Yung Ha Ren knew about her parents.

Yung Ha Ren seemed to know her parents as far from her reaction. She wanted to tell Yu Qi however she hesitated about something.

Yu Qi was in deep thought, so she did not realize that she was about to bump into someone. So, she bumped into someone. When she realized she bump someone, she quickly apologized to the person she bumped into.

"Sorry." Yu Qi did not even look at the person.

"Where do you put your eyes huh?" An angry voice of a woman shouted to Yu Qi.

Yu Qi looked at the person. She was actually surprised to see someone that she knew. She did not expect to see him here. She then turned to the woman that shouted at her.

"What? How dare you look at me like that?" The woman was still angry.

"I did not expect to see you here, President Qin." Yu Qi greeted the person.

Yeah, the person that she bumped into was Qin Xia. He was together with the angry woman. The woman was surprised when she heard Yu Qi greeted Qin Xia.

"Yeah. Me too." Qin Xia smiled to Yu Qi.

When the woman saw Qin Xia was smiling to Yu Qi, she did not feel good. She never saw this man smiled at a woman. Even she did not have that privilege.

"Oh, I'm sorry to bump into you." Yu Qi apologized again.

"Never mind. I did not get hurt." Qin Xia said. He actually did not mind that she bumped into him at all.

"Mr. Qin." The woman tried to call Qin Xia after she saw Qin Xia totally ignored her after meeting with the girl in front of her.

Actually, Qin Xia ignored her from the start but the feeling was still okay. However, when Qin Xia ignored her and smiled at an unknown girl, she thought she needed to disturb the harmony between them.

Qin Xia did not talk but glared to the woman beside him. This woman made her own way accompanied him when he decided to make a routine around the mall. The old men must be planned something using this woman. Actually, he did not feel any good when seeing Yu Qi when he currently walked with another woman. He felt she might misunderstand him.

"I will go first, President Qin." Yu Qi bowed a little and left the area.

Qin Xia frowned when seeing Yu Qi left like that. His mood took a bad turn. This was all because of this woman. Qin Xia glared at the woman.

"If you want to still work at my company, don't decide things for me. I really hate that. And discharge whatever thought that you have on me because it is useless." Qin Xia said in a cold and threatening tone.

The woman felt very scared when Qin Xia said something like that to her. It was almost like her neck was being threatened by a knife. This was the first time she heard Qin Xia spoke in that tone. It was very terrifying.

Shee knew Qin Xia about two years ago when she started working as one of his sectaries. But today, it was her first time seeing he smiled sweetly to another girl and spoke in that cold tone.

Qin Xia did not care about the woman's thoughts. It was unnecessary for him. What he actually cared about was Yu Qi's thought on him. He did not want her to misunderstand. If she misunderstood, it made hard for him to make her his.

Qin Xia saw Yu Qi again. She was in the middle of looking at the heels. Her expression. He knew that expression. The expression was telling that she was making a choice. He had to use the chance. So he approached her.

"Having trouble?" Qin Xia asked.

Yu Qi shocked when suddenly she heard a deep voice asking her. She looked at her side. Qin Xia. 'What is he doing here?'

"You seem to have trouble choosing the heels?" Qin Xia guessed.

Yu Qi did not say anything. She was pretty surprised when Qin Xia guessed correctly about that.

"I think this kind of heels suits you well." Qin Xia put a pair of dark green three-inch heels and showed them to Yu Qi.
