Chapter 331 - Just Acquaintance?

Unedited

Yu Qi looked at the heels that Qin Xia showed to her. The heels were not bad. Yu Qi took the heels and gave another look to the heels.

Aunty Ming Yue and Aunty Su Xiao approached the two of them.

"Yu Qi, are you already make your choice?" Aunty Su Xiao asked.

"It is a nice choice." Aunty Ming Yue said after looking at the heels that Yu Qi held.

"I think it is a nice choice too." Aunty Su Xiao also looked at the heels.

"Miss Tang, they are..." Qin Xia asked Yu Qi while looking at Aunty Ming Yue and Aunty Su Xiao.

Qin Xia wanted to know these two women. According to his investigation, the two women were from the Tang Family, daughters in law of Tang Jiang Man.

"This is my aunties, Ming Yue and Su Xiao." Yu Qi introduced them to Qin Xia.

"Aunties, this is President Qin. We meet at Shiwa Town twice." Yu Qi explained to her two aunties.

"Hello." Aunty Ming Yue bowed a little.

"Hi." Aunty Su Xiao did the same thing as Aunty Su Xiao.

"Hello." Qin Xia replied to the greeting.

Somehow, Aunty Ming Yue and Aunty Su Xiao then looked excited for some reason. They were looking at Yu Qi and Qin Xia with excited eyes. A man rushed to Qin Xia and whispered something to him. Qin Xia nodded after heard the whisper.

"Miss Tang, I have to go now." Qin Xia said to Yu Qi.

"Okay." Yu Qi just acknowledged it.

"Choose those heels. It suits you very well." Qin Xia left after saying that sentences.

"Yu Qi dear, tell me. What is your relationship with that man?" Aunty Ming Yue threw the question after Qin Xia disappeared from their sight.

"Huh? Relationship?" Yu Qi felt weird hearing the question.

"Yeah, tell us." Aunty Su Xiao joined it.

"Acquaintance, maybe?" Yu Qi did feel the word was right.

"Just acquaintance?" Aunty Ming Yue felt disappointed. Aunty Su Xiao showed the same expression.

"Aunties, what do you mean?" Yu Qi was lazy to guess what in her two aunties' minds.

"What can I see from his eyes, he seems to know you for a long time. It is a longing feeling that I can feel from him." Aunt Su Xiao explained.

"Huh? I don't know him that long for him to feel that way." Yu Qi remembered that correctly. She only met him twice. However, she also remembered the weird feeling that she got when the first time meeting him.

"Really?" Her two aunts did not convince with that.

"That is the truth." Yu Qi firmly told her two aunts.

"Well, with this, Long Hui already has a rival." Aunt Sun Xiao said excitedly

"Yeah. I wonder what is Long Hui's reaction when he meets Qin Xia?" Aunt Ming Yue also expressed her excited tone.

"Huh? They already met each other." Yu Qi told them.

"What?! So, what's happening?" Aunt Ming Yue asked first.

"Well, they just greet each other. That's all." Yu Qi answered.

"Long Hui probably already observed his rival. I hope I was there to see them." Aunt Su Xiao made a disappointing remark.

"Yeah." Aunt Ming Yue added.

Yu Qi did not understand what was her two aunts talking about. So, she decided to change the topic.

"Aunts, here. I choose this." Yu Qi showed the heels that she was holding right now.

"He made the choice to you right?" Aunt Su Xiao did not want to run from Qin Xia's topic.

Aunt Ming Yue laughed.

"Aunt!!!!" Yu Qi pouted. She was very flustered when her aunts put her like this.

"Okay. Okay. Okay. Let's end this topic." Aunt Ming Yue said.

....

The three of them came home in the evening after walking around the shopping mall. Yu Qi excused herself saying she wanted to refresh before dinner. She went to her room and saw Aoi was sleeping on her bed.

Sensed his master already came inside, Aoi opened his eyes lazily and saw his master was holding a box. He quickly jumped down.

"Master, what is in the box?" Aoi asked excitedly. He thought it was food that Yu Qi brought for him.

"It's a pair of heels. Not food." Yu Qi said.

"Heels? What is that?" It was the first time Aoi heard that word?

Yu Qi opened the box and showed it to Aoi.

"Shoe. Why does? Master call it heels?" Aoi asked in a cute way.

"Well, technically it is a pair of shoes. Look at its design. It's higher than normal shoes, right?" Yu Qi pointed to the part of the heels.

"Yes." Aoi nodded.

"When it has this, normally we call it heels. Normally only women wear this kind of shoes. Well, there are some abnormally where some men also wear this kind of shoes, but not many." Yu Qi explained to Aoi.

Aoi like a cute little student listened to her explanation intensely. Seeing Aoi's serious look when hearing her explanation, she put the heels and hugged her cute Aoi.

"Aoi is the best thing to hug." Yu Qi doted Aoi.

"Master, you are the best." Aoi also praised Yu Qi.

The master and beast were hugging each other. After a few hugging and rolling on the bed, Yu Qi got up and looked at Aoi.

"So, my cute Aoi, today, let's take a bath." Yu Qi smiled.

Aoi freeze. The only thing he did not like was taking the bath.

"Master, can I skip it?" Aoi asked in a pitiful tone.

"Not taking the bath or not eating, which one that you like to do?" Yu Qi asked with a smile but the meaning of the sentence gave Aoi a death choice.

Aoi gulped. Not eating? No!!! He could not that. He would die if he was not eating.

"Master, let's take a bath." Aoi made his choice.

"Nice choice." Yu Qi laughed.

Eating was the most important thing for a foodie. So, she always used this to make Aoi took the bath.

Chapter 332 - Unusual Tang Qin Hao

In the morning, after her morning jogging and exercise, Yu Qi went to the dining room. To her surprise, she saw someone that unexpected to see here.

"Morning Brother Qin Hao. Brother Qin Hao, you're home. It's unusual to see you at home." Yu Qi greeted Tang Qin Hao.

"Morning." Tang Qin Hao acknowledged Yu Qi.

Yu Qi took a place beside Tang Qin Hao. "Good morning, everyone." Yu Qi greeted all.

"It's not only surprising you to see him. We too." Auntie Su Xiao said. "It had been a long time since I'm as his mother seeing him having breakfast at home like this."

Tang Qin Hao only silent. Then he opened his mouth. "I want to get something from my room."

"Yu Qi, when do you want to depart?" Uncle Tang Jang Qin asked.

"Hmm... Probably at ten a.m." Yu Qi thought for a second and answered it.

The time was about right. It would not be too late when she arrived at the university.

"You want to go somewhere today?" Tang Qin Hao threw a question.

"My semester break will end. So, it is time to go back." Yu Qi ate her breakfast. Before started, she did not forget to ask the maid to prepare the food for the cutie foodie under the table.

"I see. Then, let me send you back." Tang Qin Hao said in a calm tone.

There was a moment of silence right after Tang Qin Hao said the sentence. Her aunties and uncle were frozen looking at Tang Qin Hao like he was a rare animal. Even Grandpa Tang was doing the same thing.

Yu Qi watched everyone. "What is happening? Why do you have that kind of expression on your face? All of you."

Hearing Yu Qi's voice, the family started moving.

"Qin Hao, you have a fever, right?" Aunt Su Xiao asked with a worried expression.

"Do you hit your head?" Uncle Tang Jang Qin asked with the same expression that Aunt Su Xiao had.

Yu Qi and Tang Qin Hao had a ridiculous expression on their face. They could not process why they were questioning Tang Qin Hao like that. What was the connection between 'let me send you back' with 'you have a fever?' or you hit your head?'

Grandpa Tang laughed when seeing his two grandchildren in a confused state. He did not expect Yu Qi also did not understand the meaning of Tang Qin Hao's parent asking that questions. Seeing their grandfather laughed making the two of them became more confused.

"Grandfather, why are you laughing?" Yu Qi asked.

"Yu Qi, just now that brat Qin Hao offers to send you back to the university. This is the time first that he offers doing something like that. That is why his parent asking questions like that." Grandpa Tang explained to Yu Qi.

"Huh?" Yu Qi looked at Tang Qin Hao that sitting beside her.

"Really?" Yu Qi turned to Aunt Su Xiao.

"Yeah. We are shocked when he volunteers to send you back." Uncle Tang Jang Qin nodded feeling shocked when facing unusual behavior from Tang Qin Hao.

Tang Qin Hao ignored the people that talked about him like they just talking about someone else. He ate breakfast.

After finished eating breakfast, he stood up and said something. "I'm going to meet old mine at Starlight University. That's all." Then Tang Qin Hao left the dining room.

"My son, he is really uncute." Aunt Su Xiao sighed.

"Qin Hao is okay. Unlike my son, Jin Wei... he is a chatbox." Auntie Ming Yue laughed.

"Are they on-call? Big Brother Han Lee and Brother Jin Wei?" Yu Qi asked.

The two of them were not here for this morning breakfast.

"Jin Wei is on-call. Han Lee is out of the country. He is attending a medical conference. I'm not sure where. Hubby, where is it?" Auntie Ming Yue turned to Uncle Tang Jung Wen.

"It is in Russia." Uncle Tang Jung Wen said.

"How long he will there?" Yu Qi asked curiously.

"Probably one week. He just departure yesterday." Uncle Tang Jung Wen told Yu Qi.

"I see. It's bad since the university is going to start. Otherwise, I want to go to the conference and experience some of it." Yu Qi said.

"Yeah. It is a good experience if you go there." Uncle Tang Jang Qin nodded.

The doctors should go to a conference like that. There were a lot of benefits in doing so such as gained new knowledge or technology on the medical, involve into the circle of medical people. There were a lot of people were going to the medical, so, Yu Qi might get to know some people with the same interest.

"I will inform you if there are any conferences in the future." Uncle Tang Jung Wen said paving a path to Yu Qi.

"Thank you, Uncle Jung Wen." Yu Qi thanked Uncle Tang Jung Wen happily.

"Enough with that stuff. Eat. Qin Hao is waiting for you." Auntie Ming Yue ended the conference topic.

"Yeah. Finish your meal and go packing your stuff." Auntie Su Xiao nodded.

So, they ate breakfast after all the chats. Yu Qi went to her room brought out the?luggage that she brought from Shiwa Town that not been opened. She went to the living room.

Grandpa Tang was talking to Uncle Tang Jung Wen. Probably the discussion about the hospital. They stopped when seeing Yu Qi approached them with the?luggage.

"You only brought this single?luggage?" Auntie Ming Yue appeared bringing some tea to Grandpa Tang and Uncle Tang Jung Wen.

"Yeah, everything is already in my room there." Yu Qi nodded. "Auntie, do you see Aoi?" Yu Qi asked on the surface, however, she already shouted Aoi's name using telepathy.

"He probably in the kitchen." Auntie Ming Yue said while laughing when she remembered Aoi. That dog really likes to eat.

Chapter 333 - Tang Qin Hao's Memories.

Unedited

Aoi appeared right after Auntie Ming Yue told that. He kind of greeted everyone with his barking. Yu Qi narrowed her eyes at Aoi. Aoi approached Yu Qi with his cute face. He knew his master would not be angry at him if he used this attack.

Seeing Aoi's cute face, Yu Qi started to smile. "We are going back. Don't go anywhere right now. I will leave you if I don't see you." Yu Qi gave her warning.

Aoi barked once.

Everyone laughed when seeing Yu Qi gave the warning to Aoi. They saw Aoi laid down at Yu Qi's legs if he understood Yu Qi's leg obeying Yu Qi's order.

Not long after that, Tang Qin Hao appeared. He looked at Yu Qi. "Are you ready?"

"Yes." Yu Qi nodded answering Tang Qin Hao's question.

"Go and call Su Xiao. Yu Qi and Qin Hao will depart soon." Auntie Ming Yue asked one of the maids.

Yu Qi put her luggage into Tang Qin Hao's car.

"Qin Hao, remember to drive carefully." Auntie Su Xiao advised her son.

Tang Qin Hao nodded.

"Call us when you arrive at university." Auntie Ming Yue said something too.

"Okay."

The two of them entered the car. Aoi also jumped in. Tang Qin Hao started driving, leaving their house. They were silent in the car.

"You will choose your major soon?" A sudden question from Tang Qin Hao broke the silence.

"Yeah." Yu Qi answered with one word.

"Do you decide which one to choose?"

"It's surgery."

"Owh... It's great."

"Brother Qin Hao, can I ask something?"

"What?"

"Why are you choosing neurology as your major?"

"Because it is interesting."

"Interesting?" Yu Qi was dumbfounded with the answer given by Tang Qin Hao.

"Brain is considered as one of two main organs in the human body. Another one is the heart. If one of these two organs fail, you can consider it as die. The human brain is interesting to study with. From brain activity, there are many possibilities that we can expect from it." Tang Qin Hao explained.

"I see." Yu Qi nodded.

"I'm kind of interested to study about your brain actually." Tang Qin Hao gave a shocking statement.

Yu Qi quickly turned to Tang Qin Hao. Tang Qin Hao appeared to be smiled.

"My brain?"

"Yeah. I'm kind of interested when you in the coma two years. Your brain activity during your coma was very fascinating to me." Tang Qin Hao told Yu Qi.

Yu Qi remembered about her emotional burst out when she first met Bai Shu Jin. During her coma, she appeared to have her soul traveled around. From Tang Qin Hao's observation in her brain activity, it was pretty sure to attract Tang Qin Hao's attention.

"Sorry, Brother Qin Hao. I can not let you experiment with my brain." Yu Qi said to Tang Qin Hao.

Tang Qin Hao let out a small laugh. He knew he could not do that. He just wanted to say it when his sister asking for the reason why he chose neurology. He knew if he said he wanted to study Yu Qi, the first one that would kill him was his own grandfather. He could see his grandfather really loved his sister.

"I will not do that." Tang Qin Hao assured Yu Qi.

....

"We arrived." Tang Qin Hao informed Yu Qi.

Yu Qi was about to fall to sleep awake. They already arrived in front of the female hostel. Yu Qi got out of the car.

"Aoi, wake up. We arrive." Yu Qi called Aoi to make him wake up.

Aoi was in sleep opened his eyes. He looked around. They already arrived. He jumped out and stretching his body. Tang Qin Hao lifted Yu Qi's luggage out of his car.

"This area is slightly different before but the overall is still not much change." Tang Qin Hao commented while looking around.

"You are here before?" Yu Qi was surprised.

"Yeah. I had been here before." Tang Qin Hao nodded.

"Eh, you had been here before?" Yu Qi showed double surprised.

"Yeah. I had studied here before."

"Yeah, I know you studied before but you had been here before? This is the female hostel."

It had been a long time since the hostel belonged to female students. What was Tang Qin Hao when he said he had been here before?

"I send someone here."

"A girl?"

"Yeah."

Yu Qi was shocked. Tang Qin Hao send a girl here? It was unexpected.

"During your study here?"

"Yeah. She was one of the medical students here. She was one of my friends. I accompanied her back to this hostel during my study."

"Oh, you must be close to her then." Yu Qi commented.

"Oh, I'm not close to her. It is a punishment when I got second place on my exam during my second year." Tang Qin Hao made a twist explanation for that.

"Punishment?"

"Yeah. We make a bet with her. It is not between her and me only. One batch is betting.? Who took the first place, can make one wish. So, at the final, she came first. So, she told us her wish. Her wish was she wanted me to accompany her back to her hostel every day for 3 months." Tang Qin Hao told Yu Qi the story.

Yu Qi was smiling when listening to Tang Qin Hao's story.

"It is a good memory." Yu Qi said.

Tang Qin Hao was silent. He only looked up the hostel.

"You said you came here to see your friend?" Yu Qi confirmed it back with Tang Qin Hao.

"Yeah?"

"Do I know that person?"

"Probably. His name is Xi Ling Won."

"Huh? Him?" Yu Qi did not expect Xi Ling Won was Tang Qin Hao's friend.

Xi Ling Won was a Ph.D. student. He sometimes took a teaching class for the first and second year students. He was a well respected person in the medical faculty.

Chapter 334 - Give Warning

Unedited

"He is your friend?" Yu Qi asked.

"Yeah." Tang Qin Hao nodded.

"I see. Thank you for sending me here." Yu Qi thanked Tang Qin Hao.

Tang Qin Hao nodded. He entered the car back and left the female hostel. After Tang Qin Hao left, a car stopped at the same place Tang Qin Hao stopped just now. Then, the door of the car opened and Yu Qi got hugged from the girl that came out from the car.

"Yu Qi, long time no see. Sigh... I miss you." The girl was Song Ha Ting.

Yu Qi smiled and patted Song Ha Ting's head like she was patting small children. She always thought Song Ha Ting was a kid since she behaved like one.

Song Ha Ting released Yu Qi from her hugging. "Yu Qi, let me introduce my family to you."

Mr. Song and Mrs. Song came out from the car right after Song Ha Ting came out. They were looking at the two girls when they were hugging each other.

"Mum, Dad, this is Yu Qi, my friend. She is one of the top students in our batch." Song Ha Ting introduced Yu Qi to her parents. "Yu Qi, this is my parents. My dad, Song Kang Won, and my mum, Song Ji Ji."

"Hello, Mr. Song and Mrs. Song. I'm Tang Yu Qi." Yu Qi bowed a little bit showing her respect to the couple.

"No need to call us Mrs. Song and Mr. Song. Since you are Ting-er's friend, just call us aunt and uncle. That is much better." Mrs. Song said. She had taken a liking to her daughter's friend.

"Okay, Aunty Ji, Uncle Kang Won." Yu Qi nodded.

"Okay, since we already arrived, we will excuse ourselves. Ting-er, study well." Mrs. Song said to Song Ha Ting.

"I will try my best, Mum, Dad." Song Ha Ting nodded making a promise to her parents.

Song Ha Ting's parents left. Then Song Ha Ting's eyes fell to Aoi. Just now, she did not pay attention to anything. So, she did not see him. Now, seeing Aoi in front of her eyes, she felt it had been a long time since she saw Aoi.

Sensing the eyes on him, Aoi shivered. He did not manage to run away. He was caught by Song Ha Ting. Song Ha Ting had given him a lot of kisses.

"Aoi, I miss you so much." Song Ha Ting gave her kisses during talking about how much she missed Aoi.

Yu Qi laughed when she saw this scene. The two of them entered the hostel. Song Ha Ting still did not let Aoi go. However, the good mood was bounded to be destroyed when someone appeared in front of them.

"Tang Yu Qi, long time no see. I guess you get a new boyfriend." Yi Ren Shiang appeared with her best friend. Her friend, of course, Fung Meng Xuan.

"Oh, and??what does that have to do with you?" Yu Qi smiled coldly.

"Miss Tang, if you don't love him, you should leave him to someone else." Fung Meng Xuan gave the advice like a good friend.

"Humph, yeah, you want to say, leave him to you, right? IN YOUR DREAM!" Yu Qi sneered.

Fung Meng Xuan did not reply back. She just showed a hurt face when Yu Qi said something like that.

"Tang Yu Qi, you are a slut." Yi Ren Shiang said and made like she was spitting her saliva onto the ground. She was angry when Yu Qi said something like that to Fung Meng Xuan.

Listening to Yi Ren Shiang's word, Yu Qi approached her with high speed, grabbed Yi Ren Shiang's neck. Yi Ren Shiang's back bumped into the wall. She shouted in pain.

"Tang Yu Qi, what are you try to do?" Yi Ren Shiang said in pain. Her voice seemed to stuck since Yu Qi grabbed her neck.

Yu Qi's face approached Yi Ren Shiang's ear. She was whispering something to Yi Ren Shiang.

"You really want to die, is it? Believe me. I will kill you without no one knowing that it is me that doing it. Don't challenge me too much. Otherwise, your body will dissolve into the thin air. Oh, you can tell anyone what I'm telling you right now if you want to die that much." Yu Qi gave a warning.

Yi Ren Shiang shivered when Yu Qi was whispering to her. She felt Yu Qi's voice somehow was very scary. Like a voice from hell. It was cold. She became more scared when she looked at Yu Qi's eyes right after Yu Qi was whispering to her. Yu Qi seemed to mean what she just said.

Yu Qi let Yi Ren Shiang go. Yi Ren Shiang sat on her own. Her legs gave up. Fung Meng Xuan quickly went to help Yi Ren Shiang.

"Ren Shiang, are you okay?" Fung Meng Xuan asked.

Yi Ren Shiang did not answer. She looked at Yu Qi. Yu Qi was still looking at her with cold eyes. She afraid when she was telling Fung Meng Xuan about it, she was pretty sure she would be dead.

"Miss Tang, you can attack someone like that." Fung Meng Xuan said to Yu Qi.

"Attack? What is your evidence saying that me attacking her?" Yu Qi snorted.

"I'm a witness. I saw you grabbed her neck. She can not even speak just now." Fung Meng Xuan behaves as a good girl that wanted to give justice to her friend.

Chapter 335 - New Semester

Yu Qi stood like a proud woman and looked down at Fung Meng Xuan. "So, what is your evidence saying that I grabbed her neck?"

"Here." Fung Meng Xuan pointed to Yi Ren Shiang's neck.

However, nothing was there. Fung Meng Xuan was dumbfounded. She could see that just now, Yu Qi was grabbing Yu Ren Shiang's neck very hard. It should leave some marks. But she saw nothing. Yi Ren Shiang was white as ever. Fung Meng Xuan frowned.

"Ren Shiang, are you okay?" Fung Meng Xuan asked once again. She wanted to report to University that Yu Qi was hitting a student so that her reputation would be ruined.

Yi Ren Shiang did not answer it right away. She looked at Yu Qi. Yu Qi was smiling. Yi Ren Shiang felt Yu Qi once again gave her a warning.

"I... I'm... okay... Don't... worry." Yi Ren Shiang answered.

"Are you sure?" Fung Meng Xuan wanted to confirm it again.

"Yes. Let's go." Yi Ren Shiang said. She wanted to run from Yu Qi. Right now, Yu Qi was like a satan that wanted to kill her. She wanted to live longer.

Fung Meng Xuan looked at Yu Qi and then walked away with Yi Ren Shiang. Yu Qi sneered.

"Yu Qi, what are you whispering to that girl?" Song Ha Ting asked after the two girls left.

"Secret." Yu Qi said while smiling.

They left for their own rooms.

"Master, your aura just now... You really want to kill her, right?" Aoi said a sentence when they already inside their room.

"Yeah. I just holding back." Yu Qi admitted.

"That girl deserves it," Aoi said.

"Enough with them.? Let's go and enter the space. I will cook something for the two of you." Yu Qi put end to the topic.

Hearing his master would cook for them, the two little cuties shouted happily.

Aoi: Yeah... I want to eat

Bo Ya: I have been waiting for this moment.

Yu Qi: (-- __ --)""""

.....

The new semester started. Yu Qi entered the lecture hall. She saw some of her friends chat with each other waiting for the lecturer to come and began the lecture.

Yu Qi: Morning.

Mei Lilli: Morning.

Song Ha Ting: Good Morning to you.

So Pang Lim: Morning.

Yun Xiao: Good morning.

Ding Na An: Good morning.

They were greeted at each other.

"Yu Qi, you become very beautiful again. Tell me, what is your secret?" So Pang Lim checked out Yu Qi from up to down.

"You really want to know?" Yu Qi smiled.

"You really have a secret to become beautiful?" Mei Lilli joined the conversation.

"Tell me, Yu Qi." So Pang Lim rushed Yu Qi to tell her secret.

"You just need to exercise and control your eating." Yu Qi told them.

"Only that?" So Pang Lim could not believe that.

"What do you use for your skin?" Mei Lilli pulled Yu Qi's skin.

"Hmm... Some herbs, right?" Yu Qi scratched her head.

"Really? Can you give some to me?" So Pang Lim begged.

"I need to see my stock first." Yu Qi said.

"Okay." So Pang Lim smiled.

Right after that, the man walked inside the lecture hall and stood in front of the student. Knowing the lecturer already entered the lecture hall, the students sat in their place and got ready for the lecturer.

The man was Xi Ling Won, the friend that Tang Qin Hao mentioned yesterday. Yu Qi did not expect that he would be giving the lecture for today's class.

"I wonder if Mr. Xi already has a girlfriend." So Pang Lim whispered.

"What if he did not have a girlfriend? You want to be his girlfriend?" Mei Lilli replied.

"Why not? He is not bad." So Pang Lim smiled.

"Look yourself at the mirror." Mei Lilli snorted.

"You!!!" So Pang Lim glared at Mei Lilli.

"Pay attention to the lecture, will you?" Yun Xiao ended the topic.

Then they paid full attention to the lecturer and took note of the lecture. Some of the other students were holding back their sleepiness. One of them already bumped his head onto the table making a loud sound. The students in the lecture hall were laughing at him. He just scratching his head embarrassed.

Xi Ling Won asked the student to go to the toilet to wash his face washing his sleepiness. Then the lecture continued back until finished. The students were stretching their bodies when the lecture was finished.

Yu Qi and her friend were about to leave the lecture hall. Suddenly Xi Ling Won called for her name.

"Miss Tang, wait for a minute." Xi Ling Won called Yu Qi.

Yu Qi was surprised when Xi Ling Won suddenly her name.

"Yes, Mr. Xi? What is it?" Yu Qi asked.

"Qin Hao asked me to give this to you." Xi Ling Won brought out the small spray bottle.

Yu Qi stunned when she saw the spray bottle. It was her own lotion that she made herself. She did not know when to put it. So, she placed the lotion into the small spray bottle. She had been searching for it. Because she did have some left inside the space. So she did not worry too much. She just could use the

one inside the space. No wonder she did not find it in the bag last night. It should fall in Tang Qin Hao's car.

"He said she found it in the back seat. He knew it was yours." Xi Ling Won explained.

Yu Qi took the spray bottle. "Thank you."

After finished his task, Xi Ling Won left. Then Yu Qi's friends immediately surrounded her asking for the situation. Yu Qi knew it would be going to happen after this. She might get a headache about this.

"Yu Qi, what is that?" So Pang Lim referred to the earlier situation.

"What was Mr. Xi gave to you?" Mei Lilli asked while looking at the spray bottle.

"Yu Qi..." Yun Xiao also demanded the same thing.

While Song Ha Ting also wanted to know about the truth. Only Ding Na An looked uninterested to know about the truth of the situation.

"Okay, guys, let me explain, will you?" Yu Qi sighed. She was very thankful to Xi Ling Won that giving back her lotion but this situation really made her getting a headache.

"I came here with my brother sending me back here. I left this lotion behind in his car. So, he asked Mr. Xi to give it to me because after my brother sent me, he left to meet Mr. Xi. Apparently, they are a friend. I just know that yesterday." Yu Qi explained.

Her friend nodded meaning they understood the situation.

"Now, can we go and eat?" Yu Qi asked. She was quite hungry.

"Oh, okay. Let's go. I'm also hungry." So Pang Lim said.

"So, where we want to eat? Our cafe or outside?" Mei Lilli threw the question.

"Let's eat at our cafe. There are a lot of insects that will come and disturb us when we eat at the outside cafe." Yu Qi gave out the reason.

Her friends nodded understanding the situation. They also experienced it. However, someone did not get the message.

"Wait, insects? Really? That is disgusting." Song Ha Ting said innocently. She also made a facial expression.

Everyone was stunned for a moment. Then they were laughing at Song Ha Ting.

Song Ha Ting did not get why her friends were laughing, so she asked. "Why are you guys laughing?"

"Our Ha Ting is really innocent." So Pang Lim said while patting Song Ha Ting's head.

"Guys, tell me why are you laughing?"

.....

It was the weekend. Because it was the beginning of the new semester, there were no assignments to keep Yu Qi at University. So, she decided to go to the Harmony Orphanage to talk a look at the children there.

So, in the morning, after breakfast, she went to the bus station Aoi. Getting the bus ticket to Sun City, and got on it. Three hours later, she arrived at the Sun City bus station.

Yu Qi thought it was bad going to the Harmony Orphanage with an empty hand. So, she decided to go to the shopping mall first to get something to those kids in the Harmony Orphanage.

Because it was the weekend, the shopping mall had many visitors. Yu Qi walked straight to the bookstore. She wanted to buy some of the stories books to the younger kids to read. For the older kids, maybe some of the reference books might help them in their studies.

"Miss, are these books can be delivered to the place that I want to?" Yu Qi asked the shop assistant after she was done choosing the books that she wanted to buy.

This was not that Yu Qi did not want to carry by herself but there were too many of them. She could not bring them alone. Asking Aoi's help was out of the question.

"What... Yeah... We do the delivery." The shop assistant was surprised when suddenly a beautiful girl asked him a question.

"Okay, then. Please deliver these books to Harmony Orphanage. Here is the address for the orphanage." Yu Qi wrote down the address of Harmony Orphanage.

She made the payment for these books and left the bookstore. She then wandered around. She spotted the toy shop. She could buy some games that the children could play together. She chose some games and made payments for them. Same as the bookstore, Yu Qi asked the shop assistant to deliver the game that she purchased to the Harmony Orphanage. She e already satisfied with the things that she bought.

'Want to eat something?' Yu Qi asked Aoi through telepathy.

'Yes. I will love to.' As a foodie, Aoi always agreed on eating.

So, they walked to find a shop that sold some food. So, they head up to the three floors. From what Yu Qi had asked people, there were plenty of shops and cafes on the three floors. Yu Qi did not want to use the elevator because it was almost packed in there. So, she decided to use the escalator.

When things were good, something that not good was bounded to?happen. Right after Yu Qi was about to get off from the escalator, someone pushed her aside. She did not have time to balance herself ended up falling from the escalator. However, she managed to grab something that stopped her falling.

'Master!!!' Aoi screamed Yu Qi's name.

'Don't worry. I'm alright.' Yu Qi assured Aoi.

'But...'

'I will be safe. You, track the person that pushes me. Hold him back. Don't let him escape.'

'Y... Yes...' Aoi went to chase the man.

Everyone was screaming when seeing a girl fell from the escalator. Someone called the police and ambulance.

"Girl, just hang on. Help will come soon." Someone shouted to Yu Qi trying to calm Yu Qi.

"Yes. You will be alright." Another one shouted too. Right now, they just could wait for help to come and save the girl.

Chapter 337 - Punch Him Several Times

Yu Qi could climb back but that was too difficult to doing so because the escalator was moving. She might fall back.

So, Yu Qi observed her surroundings. Looking for something that she could find to help her from falling down and getting injured in the process. She saw the wires but it was so thin, she figured it would not be helping her at all.

Then she saw a poster. The poster was indeed long. It reached the first floor. From what she could see, the poster was made up of some kind of cloth. If she jumped and grabbed the poster, she could slide down.

But the distance of the poster was currently a little bit far from her. She needed some accelerator to jump forward to the poster.

Using her hands, she swang forward and backward. Seeing her act, people below were screaming.

"Girl, hang on."

"Be strong."

A lot of encouraging words had been shouted from the people below. Yu Qi ignored them. She increased the speed of the swing. When she felt the speed was enough, she jumped straight to the poster.

Everyone keeps screaming. Even louder than before. The police and the paramedic were arrived at the scene and looked at Yu Qi's act. They indeed felt it was very dangerous.

However, Yu Qi successfully grabbed the poster. She began to slide down. From screaming in fear, the people below began to cheer to Yu Qi. In the minute, she reached the first floor.

'Aoi, where are you?' Yu Qi asked Aoi.

'Master, I'm chasing the man. He currently on the fourth floor. I guess he wants to run to the parking car area on the fifth floor.' Aoi informed Yu Qi.

'Okay. I'm heading to you, now.' Yu Qi replied.

"Miss, are you okay?" The police officer asked Yu Qi when he saw Yu Qi was standing up in silence.

"I'm okay. Can you step aside? I want to catch someone." Yu Qi asked the police officer.

Because Yu Qi sounded very cold, the people made a way for her to pass by. Yu Qi ran toward the emergency stairs and climbed up. She ran at high speed. The police officers that ran behind Yu Qi were astonished by her speed. In three minutes, Yu Qi already on the fifth floor.

Yu Qi found Aoi with the blood bond. Aoi was currently 50 meters from her location. She ran toward Aoi. She saw Aoi.

'Master, there is him.' Aoi showed the man.

Yu Qi approached the man from behind. Because the man did not realize someone behind him, he could not avoid Yu Qi's kick. The kick was very strong. The man fell forward.

"What the fuck?" The man cursed.

Yu Qi turned the man facing her and gave the punch straight on his nose several times. The man could not fight back.

"That is the price for pushing me." Yu Qi pulled out the handkerchief and wiped the blood on her hand and looked down at the man.

The police officers arrived at the scene. They could see the man was laid down and the girl seemed to wipe her hand.

"What is going on here?" One of the police officers asked Yu Qi.

"He is the man that pushed me off the escalator. And he is probably the drug dealer." Yu Qi answered.

"What?"

The police officers quickly inspected the man's body and found about five packets of pills and some cash money. The man wanted to struggle but the police officers hurriedly resistant the man. The man had been handcuffed by the police officers.

"If you don't push me, you will not be ended up with this." Yu Qi said to the man before the man brought away from the place.

The police officers that heard the sentence were dumbfounded. The man?was having the drug on his hand,? had just been caught because he pushed the girl.

"Miss, can you follow us and make the sentence?" The police officer said politely after seeing the savage side of the girl in front of him.

Yu Qi looked at her watch. Well, she still got time.

"Come Aoi, we have to stop by at the police station before going to the orphanage." Yu Qi called Aoi.

Yu Qi and Aoi ride the police car. Arrived at the police station, Yu Qi and Aoi were bring into a room. The police officer asked a few questions about her, like who was she? Where was she came from?

Yu Qi answered the truth, saying she was a student from Starlight University. Coming here to visit the Harmony Orphanage.

They also asked why she wanted to visit the orphanage. Yu Qi directly said that was because she was also from that orphanage. That made the police officer shut up for a moment.

So, they began to ask about the incident today. Yu Qi began her story when she suddenly being pushed by the man and ended up falling from the escalator. Using her own strength, she managed to save herself without getting any injuries.

Then, the police officer asked how she knew that the man would be in the parking car area. Yu Qi pointed to Aoi and saying, she had her dog's help.

The police officers confirmed the story from the eye witness. After recording everything that Yu Qi had just said, the police officer released Yu Qi and Aoi go. They offered Yu Qi a drive to the Harmony Orphanage.

Yu Qi rejected their offer. It would give a bad impression to the kids at the orphanage.

Chapter 338 - Arrived At Harmony Orphanage.

Yu Qi took a taxi to go to the Harmony Orphanage. When she reached the orphanage, it was already evening. She paid for the fee and got out from the taxi. The children were currently playing at the ground, stopped playing because a car stopped in front of their home. They wanted to see who was coming. When Aoi came out, the children were shouted happily.

"Guys, it is Aoi..." The children shouted. They quickly ran towards Aoi to get him.

Seeing the children were running toward them, Aoi quickly ran and saved himself. The children were not giving up, so they chased Aoi.

The older children welcomed Yu Qi. They knew who was Yu Qi. Grandpa Chang already told them. Yu Qi was the one who donated a lot of money for them to make sure that they got a better life and a good education. So, they were very grateful to Yu Qi.

"Sister Yu Qi, welcome." A boy came and greeted her.

Yu Qi looked at the boy's face and started refreshing her memory. She already read all the information about the children. There were about 35 children lived at the Harmony Orphanage.

The boy in front of her, his name was Kim Ha Yang. He had been at the Harmony Orphanage since he was 9 years old when his parents passed away due to the car accident. It had been 6 years since he stayed in the Harmony Orphanage.

"Are Grandpa Chang here?" Yu Qi asked Kim Ha Yang.

"Grandpa Chang is inside his office." Kim Ha Yang told Yu Qi. "Let's go inside." Kim Ha Yang led Yu Qi in.

Yu Qi entered together with Kim Ha Yang. Kim Ha Yang knocked on the door. Because the door was not fully closed, Kim Ha Yang looked inside. Chang Yu Qian saw Kim Ha Yang and asked him.

"Is this something?" Chang Yu Qian asked with a smile.

"Grandpa Chang, Sister Yu Qi is here." Kim Ha Yang informed Chang Yu Qian.

"Owh, let her in." Chang Yu Qian quickly stood up and welcomed the girl. "Miss Tang, you came."

Kim Ha Yang looked at Chang Yu Qian and went out.

"Grandpa Chang, you can call me Yu Qi. Okay. Are you okay?" Yu Qi asked Chang Yu Qian.

"Don't worry. I'm still okay." Chang Yu Qian smiled.

"I don't have things to do since it is the beginning of the new semester. So, I decided to come and visit the orphanage." Yu Qi told Chang Yu Qian about her purpose. "Grandpa Chang, can you borrow your hand?" Yu Qi wanted to take his pulse since she could see his complexion was not really good.

Chang Yu Qian without any question followed Yu Qi's order. He actually did not know why the girl wanted to borrow his hand. He was surprised when she suddenly took his pulse. Yu Qi looked very serious when taking his pulse.

When she took Chang Yu Qian's pulse, she discovered that Chang Yu Qian's had cardiovascular diseases. It was not at the serious phase, so it could be controlled.

"Grandpa Chang, maybe I know if you get exhausted easily, or do you feel pain on your arms, or nausea or indigestion, or heartburn, or stomach pain?" Yu Qi asked Chang Yu Qian.

Chang Yu Qian was shocked. He did feel what Yu Qi had described. The most recent happened was he kept feeling pain spread to his arms. He thought it was because he was old. So, it kept happening.

"Do your leg, feet or ankle are swollen?" Yu Qi asked again.

"Yes, everything that you mention, happen to me. But how do you know?" Chang Yu Qian showed a surprised look.

"Well, actually, I'm a medical student from Starlight University. I'm also learning traditional Chinese medicine." Yu Qi revealed her background.

"A doctor?"

"Well, not exactly a doctor yet. But yeah, in future I might be one." Yu Qi smiled.

"Oh, that is why you take my reading pulse. So, what is happening to me, actually?" Chang Yu Qian wanted to know about his condition.

"Grandpa Chang, you have cardiovascular diseases." Yu Qi said.

"What? Cardoseluar? What is that?" Chang Yu Qian had difficulties in pronouncing the word.

"It's cardiovascular diseases. It means heart diseases. This might lead to a heart attack and heart failure which means death." Yu Qi explained in the simplest terms.

"Death?" Who is going die, Dad?" Chang Kang An entered the room with a shocked face.

Chang Yu Qian frowned. "Close the door." Chang Yu Qian did not want the children to hear about this.

Chang Kang An quickly closed the door. He approached Yu Qi and Chang Yu Qian. "Miss Tang, what are you talking about just now?"

Yu Qi did not answer but looked at Chang Yu Qian. She needed his permission first to talk about his condition in front of his son. Chang Yu Qian nodded giving his permission.

"Your father has?cardiovascular diseases or the other meaning, heart diseases. Like I said to Grandpa Chang just now, it could be led to a heart attack. At worse, a heart failure meaning death." Yu Qi repeated what she had been said to Chang Yu Qian just now again to Chang Kang An.

The two men were in silence. Chang Kang An frowned when looking to his father. He could not expect his father had the disease.

"How do you know, Miss Tang?" Chang Kang An threw the question.

"I'm a medical student from Starlight University and also learning traditional Chinese medicine." Yu Qi told Chang Kang An.

Chang Kang An also did not expect she was still a student. Not to mention a medical student. He thought she was a businesswoman or at least studied business.

Chang Kang An looked at Chang Yu Qian with his serious eyes. He did not expect his father to have a health problem. However, he could not believe Yu Qi blindly.

Feeling Chang Kang A distrustful look, Yu Qi smiled. "Well, if you don't believe me, you can go and do a medical check-up for Grandpa Chang. I know you might not believe me because I'm just a medical student."

"Miss Tang, don't misunderstand me." Chang Kang An said.

"Don't worry. I understand." Yu Qi understood what was Chang Kang An's consent.

There was someone knocking on the door that r ended their discussion. Chang Kang An went and opened the door. It was Shi Yuan, wife of Chang Kang An.

"Dear, what is it?" Chang Kang An asked.

"There are two vans in front of our door saying they want to deliver things. Do you buy anything? Or is Dad buy something?" Shi Yuan explained.

"No. I don't. And I don't think Dad was buying things." Chang Kang An frowned. He was just afraid it was a scam. Therewereas a lot of things like this that happened recently.

"Actually, it is me." Yu Qi said it.

Chang Kang An and Shi Yuan turned to Yu Qi. The girl was smiling and nodded at the same time.

"It is actually Miss Tang?" Chang Kang An wanted to confirm it.

"Yes. It is actually gifts for the children." Yu Qi said.

They went out to see the delivery person.

"You can put it in the main hall." Chang Kang An asked the people to bring things to the main hall.

The children were kind of interested in things that people bought in. They spotted the games that Yu Qi brought from the boxes. Yu Qi thanked the delivery person and gave them the tips. The delivery person indeed happy with the given tips and they left.

The children gathered around the main hall. They could not wait to see what was the things. Yu Qi stepped forward. She opened the first box. Inside the box, there were the storybooks. Yu Qi pulled one of them out.

"Inside this box, there are a lot of storybooks. You can read it during your free time." Yu Qi told the children.

The younger children cheered happily when Yu Qi told them. Yu Qi opened the second box and third box.

"Meanwhile inside this box, there are books for studies. I buy a lot of reference books, for elementary school, junior high school and also high school. You need to share with each other, okay?" Yu Qi smiled.

"Yes." The children responded happily.

Yu Qi opened the last two boxes. Inside the boxes, there were the games that she chose.

"Well, the study might be stressful, so, I also buy you some games that you can play together. Outside and inside." Yu Qi told them while looking at them.

This time, Yu Qi got more responses. She laughed. They were children, so she understood, playing was important.

Chang Yu Qian and Chang Kang An approached Yu Qi. The impression of this young girl in front of them became a lot better. They knew she was different than other young girls.

"Thank you so much, Miss Tang." Chang Yu Qian thanked Yu Qi.

"Sigh, Grandpa Chang. I'm telling you to call me Yu Qi." Yu Qi corrected Chang Yu Qian.

"Yes... Yes... Miss Yu Qi." Chang Yu Qian said. However, he did not throw the word 'Miss'.

Yu Qi gave up. He could call whatever he wanted to call her.

The time flew very fast. There was almost night time. Yu Qi got ready to left. She would find a hotel to stay for one night and left for Starlight University the next day.

Seeing Yu Qi got ready to leave, Shi Yuan felt very worried. It was almost night. Outside was not a safe place for a girl like Yu Qi. Shi Yuan approached Yu Qi.

"Miss Yu Qi, since it is already dark outside, you can spend your night here. It is not safe for a girl like you staying outside during night time." Shi Yuan said.

Hearing this, Chang Kang An also nodded. "Yeah, Miss Yu Qi. You can stay here. We do have an empty room."

"Yeah. Mo Mo, can you help me clean the empty room?" Chang Yu Qian called a girl named Chang Mo Mo.

"Okay, Grandpa Chang." Chang Mo Mo nodded and left to the room.

Shi Yuan and elder girls went to the kitchen to cook for their dinner. Yu Qi did not know what to do, so, she followed them to go to the kitchen. At first, Shi Yuan did not allow Yu Qi to help them since Yu Qi was a guest but Yu Qi insisted to help them. So, Shi Yuan allowed her.

After one hour, the dinner for about 42 people was done. The dining room was relatively large because of the total of people. The room was not the correct term. It should be called 'hall'.

The dinner was a simple meal. It was fried rice with a fried egg. The children ate gratefully.

Chang Yu Qian looked to Yu Qi and said, "I'm sorry Miss Yu Qi. It is just fried rice." Chang Yu Qian felt shame because he could not serve a better meal to their donator.

"It's okay. I really enjoy it. Look at my dog, he is eating. Meaning the food is delicious." Yu Qi pointed to Aoi which Aoi gulped the fried rice happily.

Hearing Yu Qi mentioned it, Chang Yu Qian felt happy. "Let finish it."

Yu Qi woke up at 6 a.m. When she finished cleaning up, she already heard the voices of the children. They did wake up early. Yu Qi went out of the room and straight to the kitchen. Shi Yuan and Chang Mo Mo already in the kitchen currently preparing for breakfast.

"Good morning," Yu Qi greeted them.

"Good morning, Sister Yu Qi." Chang Mo Mo replied with a smile.

"Good Morning, Miss Yu Qi." Shi Yuan nodded and got back to cook again.

Yu Qi helped them to set up the table for breakfast. The children already woke up and cleaned themselves. They greeted Yu Qi.

"Sister Yu Qi, where is Aoi?" A kid asked for Aoi.

"He already wakes up. Probably outside. Maybe doing his business." Yu Qi laughed.

"Doing his business? Sister Yu Qi, Aoi is a dog, not human."

Yu Qi coughed a few times. 'This kid is very naive.'

"I know he is dumping his shit." One kid said.

Others were laughing hearing the kid said. They gathered at the dining hall and eating their breakfast.

It was time for Yu Qi to left.

"Grandpa Chang, thank you for letting me stay over." Yu Qi said.

"It's nothing. You already have done a lot for the children." Chang Yu Qian shook his head.

"Sister Yu Qi, when you will come again?" One of the children asked.

"I will come when I'm free." Yu Qi patted the kids that been asking her.

"You can play but don't neglect your studies. That is your only weapon." Yu Qi advised to them.

The elder kids nodded. That was the sign that they understood what Yu Qi was saying. To make people did not look down on them, the only way was to study and achieved a good result.

"Kang An, drive Miss Yu Qi to the bus station." Chang Yu Qian ordered Chang Kang An.

"Okay." Chang Kang An did not ask many questions obeyed Chang Yu Qian's order.

Chang Kang An drove Yu Qi to the bus station.

"Mr. Chang, please bring Grandpa Chang to the hospital for a medical check-up." Yu Qi told Chang Kang An.

"Yes, Miss Yu Qi. I will bring my dad for a medical check-up." Chang Kang An already decided to bring his father to the hospital. It was better for nothing.

They arrived at the bus station.

"Thank you for sending me here." Yu Qi bowed a little bit.

"It's nothing." Chang Kang An excused himself.

They did not notice that they were been seen by a group of women.

"Do you see them? That Kang An said he loved his wife but after all, man is a man. They can hold back." One of the women said. Actually, she was a friend of Shi Yuan, Jung Sang Mi. Shi Yuan was provoked by her to catch his husband's cheating before.

Because Jung Sang Mi only saw Yu Qi's back, so, she did not know who was the girl. If she saw Yu Qi's face, she probably remembered Yu Qi. They gossiped with each other saying Shi Yuan's husband was cheating with a young girl.

Shi Yuan went to the market together with Chang Mo Mo and Ping Su Lang, another girl that also lived at Harmony Orphanage. While they were buying things for the orphanage, one of the women earlier came toward Shi Yuan.

"Hi, Shi Yuan." The woman greeted Shi Yuan.

"Oh, Ju Hong. Buying for lunch?" Shi Yuan greater Ju Hong politely.

"I really felt sorry for you. Because you care much about other children, you don't know that your husband is cheating with another young girl." Ju Hong threw a dirty look to the Chang Mo Mo and Ping Su Lang.

Shi Yuan's expression changed hearing about this woman in front of him mentioning his husband. It was a sensitive topic for Shi Yuan.

"What do you mean by that?" Shi Yuan asked.

Ju Hong smirked. "You don't hear me? Your husband is cheating with another young girl." Ju Hong repeated her words.

Shi Yuan felt angry at this moment. Chang Mo Mo saw Shi Yuan already thinking about what this old woman said, so she approached Shi Yuan. She then whispered something to Shi Yuan.

"Auntie, I think she saw Uncle with Sister Yu Qi. Uncle did send Sister Yu Qi. Probably she saw it and wants to discord your good relationship between Auntie and Uncle." Chang Mo Mo whispered slowly.

Shi Yuan stunned. Yeah, it probably likes Chang Mo Mo said. They were jealous of their good relationship. Ju Hong also said her husband was cheating with a young girl. That young girl probably Miss Yu Qi.

"Auntie, you better talk with Uncle slowly. Don't attack Uncle with the accusation. Who knows Uncle have a good reason for that." Ping Su Lang also gave her opinion.

"You, young girl. What do you know about this?" Ju Hong shouted to Ping Su Lang. "I saw him be very good toward the young girl." Ju Hong wanted to spice the things here.

Shi Yuan looked at Ju Hong. She felt very disgusted with this woman. She really knew how to make the story.

"I know what to do." Shi Yuan answered Ju Hong. "Let's go, Mo Mo, Su Lang."

Ju Hong was smiling when she felt successful in making Shi Yuan suspicious with her husband.

After they got far away from Ju Hong, Shi Yuan looked at Chang Mo Mo and Ping Su Lang.

"Mo Mo, Su Lang. Thank you. Your words made me thought about that." Shi Yuan said.

"As Su Lang said, you should talk to Uncle about this." Chang Mo Mo said.

"Actually, this happened before. At that time, your Uncle and Miss Yu Qi were discussing something at the cafe. I was walking with my other two friends. Then we saw them. My friend said your Uncle was cheating. Feeling angry, I rushed toward your Uncle and Miss Yu Qi. I shouted at them. However, Miss Yu Qi did not feel the pressure and told that they were just talking about something. And your uncle did something embarrassing." Shi Yuan blushed.

"What did Uncle do?" Ping Su Lang asked with interest.

Shi Yuan laughed embarrassingly and said, "Your Uncle shouted loudly that, he loves me."

"Uncle is so brave."
