Chapter 41: Don't Mess With Me

Yu Qi prepared for school. Madam Sheng made breakfast to her like a real mother. Yu Qi was touched with her. After breakfast, she left. A minute after she went out, she bumped to Feng Yue. Seemed that girl was waiting for her.

"Hi, my dear." She greeted Feng Yue with a charming smile.

Feng Yue was speechless when she saw Yu Qi smiling to her charmingly.

"Hmm...Why are you frozen like this?" Yu Qi felt weird when she saw Feng Yue did not respond to her greet.

Feng Yue seemed woke up from her dreaming state. "Yu Qi, if I'm a man, I definitely will be going to fall in love with you."

"But I really like you as a girl, you know." Yu Qi approached Feng Yue and placed her hand below Feng Yue's chin.

Feng Yue was once again speechless with Yu Qi's skill. Yu Qi released Feng Yue's chin. They walked together to school. They arrived at school. Usually, the school gate like another day, students freely passed the gate. Unexpectedly, they saw something else. They saw a bunch of guys blocking the school gate. They seemed to look for someone as they scanned the face of the students who wanted to pass the gate.

"They looked like a gangster gang. Why are they here? And why the teachers do not take action yet?" Feng Yue throw some questions.

"Yeah, I think so too. They are looking for someone. Well, it's nothing to do with us. Let go." Yu Qi casually wanted to pass the gate with Feng Yue.

"Brother, we found her already." One of the gangsters shouted and blocked Yu Qi and Feng Yue.

The two girls quickly in their defense stand. One man seemed like their leader approached the two girls.

"You can't run anymore. Follow me. Boss wants you to meet client today." The leader of the gangster looked straight to Yu Qi. There was a slight lust in his eyes.

"Are we know each other?" Yu Qi did not feel scared when facing a group of men.

"You are one of us. Come with me. Don't give me trouble." A statement from that man making all the students there shocked.

'What does this man meaning by Yu Qi is one of them? They looked like a gangster gang. Did Yu Qi together with them?' Various questions appeared in their minds but no one could give them an answer.

Yu Qi narrowed her eyes. She began to emit a cold aura. A cold aura that could kill someone. Feng Yue felt that. She turned her view to Yu Qi. Yes, she remembered this aura. This aura was the same as her Brother Hui when she was kidnapped by someone and been saved by Brother Hui.

The leader was scared when he looked at Yu Qi's face. He had been told by his boss to bring the girl in the picture. If she was refused to follow them, just took her using force. After all, she was a weak girl.

However, while he was standing in front of her, he could feel the pressure emitted by this girl. The pressure which could kill him if he does something to her.

"Firstly, I don't know you. EACH OF YOU. Don't make me repeat that. Second, I will not follow you or your damn order. And the third one, dare to touch me, you will face the consequences." She gave a deadly glare to them.

The leader already felt that cold sweat stream down on his back. He hesitated to make Yu Qi followed him. However, someone did not put any weight on Yu Qi's words and attacked her.

Seeing they did not listen to her words, she said with a sinister smile. "Don't blame me then."

She counterattacked her attacker. Krak. She dislocated that man's shoulder. Nice and clean.

"Arghh!!!" A loud scream can be heard at the school gate.

Other men who wanted to attack stopped halfway. They could hear the krak sound when she dislocated their brother's shoulder. They did not want to suffer such a cruel thing.

"It is best if you scam from here. And tell your what so ever boss, don't mess with me." Yu Qi gave them a reminder. " Let's go, Yue." She elegantly walked away from there followed by Feng Yue.

"Yu Qi, what is this all about?" Feng Yue asked.

"I don't know yet. Someone was scheming against me. Don't worry. I will find out about it later." Yu Qi just knew who was scheming against her.

Chapter 42: Idiot Plus Stupid Plus Moron

"Who thought she is one of them? Did you hear they want her to see the client? What's kind of client?" Shen Mei purposely spoke in a loud voice when Yu Qi and Feng Yue entered th classroom.

Yu Qi and Feng Yue just ignored the provoking words given by Shen Mei.

"Still dare to show herself here. Are you not shame with yourself? Such a whore." Shen Mei keeps going on with her words.

"This is what we called an idiot plus a stupid." One single sentence from Yu Qi enough made Shen Mei exploded.

"What did you just called me?" Shen Mei screamed.

" What? Did Yu Qi say your name?" Feng Yue mocked Shen Mei.

A student in the classroom chuckled. Shen Mei turned to that student.

"What are you laughing about?" Shen Mei released her anger to that student.

That student was flabbergasted. Then she retorted that. "Somehow I agree with Yu Qi's word. It is really idiot plus stupid. Well, I want to add some. Idiot plus stupid plus moron."

Now there were more and more student laughed at Shen Mei. Wang Fu Ya who beside Shen Mei all the time was dumbfounded with the changed of the situations. She wanted her student isolated Yu Qi and of course Feng Yue from the classmates but the result was different.

Yu Qi who been observing Wang Fu Ya saw her change expression making a small smile. Wang Fu Ya caught Yu Qi who was watching her. Yu Qi smirked elegantly. Wang Fu Ya made a fist. Again and again, she lost to an orphan. She took a deep breath to calm herself. 'This bitch will destroy soon. I will be the winner.'

The class began when the teacher came and started the lesson. The usually day of the student began. After school, she walked to the Godly Herb. Feng Yue wanted to follow her but the Old Man Feng already waited for her in front of the school. So, she had no choice but to follow her grandfather back.

She was greeted by Song Nan who just silently arranged the display herbs. She walked into the backyard. Her master seemed to dig some dirt.

"Hello, Master." She greeted Grandpa Tang.

Grandpa Tang turned to her. "Good timing. Change your clothes. Our lesson today is gardening."

"Gardening?"

"Yes, I want to plant some angelica dahurica and licorice."

"Okay. I will come back after changing the clothes."

After five minutes, she came and helped her master. Then her master began to explain the best way to plant those herbs. Mastering Chinese herbs is not only knowing the herbs and its uses but also know how to grow the herbs.

Chapter 43: Been Kidnapped

Yu Qi took a bath after the gardening lesson from Grandpa Tang. She prepared to leave.

"Can you just live here with me? We have an empty room by the way." Grandpa Tang said when he saw Yu Qi prepared to leave.

"Okay, I will tell the boss about this."

"Yeah, my granddaughter going to live with me. Don't worry, grandfather will decorate a princess room to you. Song Nan." Grandpa Tang runs out and called Song Nan.

"Grandfather..." She did not manage to stop Grandpa Tang. 'Sigh, I will get a princess room. I just hope Uncle Nan will help me to stop him.'

She left the Godly Herbs and walked home. She had a day off because of her boss, Madam Sheng visited her husband's grave. She walked into the empty restaurant. She was shocked upon seeing the condition of the restaurant.

The chair and table were in a miserable condition. The broken vase scattered on the ground. She went to the cash machine. That was broken. This is a robbery. That was the first assumption that she thought until she saw a note left behind for her.

'My dear Yu Qi, please come to the abandoned house nearby the mountain tonight. Come alone and bring money, 1 million. Don't report to the police if you want to meet your boss alive.'

'Bo Ya...'

'Yes, master?'

'Now can I bring out some weapon from the space?'

'Sure.'

She quickly entered the space and brought out some weapon from the space. She walked to the direction that kidnapper asked to. The house that stated in the note already in her sight. She saw a light illuminated from the house. If possible, she wanted to get the view inside the house.

'Bo Ya, if I want to see inside the house, is it possible?'

'Yes, it is possible. Wait the minute, I will ask Mary about it.'

'Owh, okay.'

After a few minutes, Bo Ya's voice sounded again.

'Master, I will projected the image into your mind.'

The view inside the house appeared in her mind. There were seven men. Madam Sheng was captured and been watch by one man in one room. She may be in an unconscious state. One of the men had the gun Colt M1911A1 model. He was touching the gun. This man might their boss. She could fight and win this.

Without wasting any time, she approached the house and walked in. She walked without feeling nervous or scared. The men had been alert when they saw the girl casually walked into the wolf den. They had been alert because of this same girl could easily dislocate their brother's shoulder.

Yes, the kidnappers were the same men that wanted Yu Qi to follow them this morning.

"Welcome." The man who held the gun spoke out. "Hi, my dear. Thank you for coming and listening to my order that you don't report to the police."

"What did you want?" Yu Qi asked.

"I heard that you sold a ginseng worth on 5 million. You were very lucky to find that ginseng. So, I suggest you share some of the money with us. But I could see that you don't bring any money with you." The man was smiling evilly.

"Are you stupid or what? The bank already closed in the evening." She retorted.

The men there were flabbergasted. No one spoke to their boss like this. This girl really wants to die. The man silently prayed for the girl. They waiting for their boss to take action. But something weird happened. Their terrified boss was laughing.

"It's a while since I was laughing. Girl, you are really interesting. What's your name?"

"Did you know already about it?" He asked something he already knew. If he did not know about her name, how could they write her name in that note?

The man was laughing again. Yu Qi was getting annoyed with this.

"Where is Madam Sheng? I want to see her." She demanded.

Chapter 44: Silent Kill

"Bring that woman here." The leader ordered her underlings to bring out Madam Sheng.

The underlings went to pick Madam Sheng in the room. Madam Sheng was placed on the trolley. She was still unconscious.

"If you want her to be free, you have to join my gang." The leader smirked evilly. He already plotted their evil plan. He will make this girl his. That way, he will get her body and her money. After he got all of her money, he will sell this girl to prostitution and get the money.

Yu Qi was chuckled when she heard that man's suggestion. 'Is he think I'm a stupid girl?' From the smirk on his face, she already predicted the plan.

"Come, my dear." The leader said.

Sigh...Yu Qi felt tired. She did not want to prolong this conversation anymore. She had to secured Madam Sheng's safety first. Only then she could fight back. She pulled two acupuncture needles. She threw that two needles straight to the men that guarded Madam Sheng. Unknown what happened to them, they fell on the ground unconsciously. She quickly runs to the Madam Sheng and pushed her back into the room. She had to do that because there was a possibility the leader of the gang might pull the trigger of the gun to Madam Sheng to threat her.

The gang was surprised by her action. Some of them run to check their unconscious brothers.

"Bitch, what are you doing to our brothers?" One of the gang asked her in anger.

"I just using acupuncture needles to make them unconscious." Yu Qi casually gave them an explanation.

Well, it was not just only the normal acupuncture needles but it was coated by her handmade poison. It could kill a human. After the poison getting inside the body, it will make the victim unconscious. During this time, the poison will flow through the blood vessel and enter the heart. It will freeze the blood flow and it will cause death. Then the poison will vanish. It will not leave any evidence. Totally perfect to silent kill.

"You bitch. Guys, catch this bitch. We will teach her." The leader ordered his man.

The men use logs as their weapon. Yu Qi made a small laugh when she saw this. They attacked her without any plan. Yu Qi who learned about martial arts could easily dodge their attack. They got tired from attacking Yu Qi after a while.

The leader began to angry when he saw his men could not catch one girl. "What are you doing? It just a girl. Catch her quickly." He screamed angrily to his men.

"Boss, we can't catch her." The men said. Yes, they tried much time to grab that girl but she managed to dodge.

"YOU BITCH. STOP RIGHT NOW. OR I WILL SHOT YOU." The leader screamed to Yu Qi.

All of them stopped. Yu Qi also stopped but her expression did not change at all when she saw the leader lifted the gun and aimed to her.

"You can try to shoot me if you want." Yu Qi provoked the leader.

"Bitch, you ask for it." The leader pulled the trigger. BANG. The sound of a gunshot can be heard.

Yu Qi quickly dodged the bullet. The gun training that she learns in the space also included the training for dodging the bullet. After dodging the bullet, she approached the leader. Knock the hand that holding the gun and seized the gun. She kicked the leader onto the ground. She runs back to in front of the room where Madam Sheng was.

Chapter 45: Clean Shot

"Now you can attack me if you want. But don't blame me if your body gets bloody later." Yu Qi gave a warning to the gang. The light illuminated her beautiful face that accompanied by a smile. The smile that looks so beautiful but yet sinister.

The fear began to approach those men including the leader. The girl who looked like a normal girl and have a sinister smile. She might kill them using the gun if they attacked her. However, the leader still thinks about the money that he might get when he controlled this girl.

Maybe this is the first time this girl hold the gun. The leader pulled one man and whispered to him. The man nodded. Then the man started to run to Yu Qi's direction.

Yu Qi smirked. She steady lifted the gun and aimed at the man. BANG. The man fell onto the ground. The gang was startled. They could see the bullet in the middle of the man forehead. Clean shot. BANG. She shot again. Again one man fell. The bullet in the same position.

"I'm not a naive girl. This gun has enough bullets to kill you. Don't make me do that." Yu Qi's finger playing with the gun.

The gang was frightened. This was not a girl but a devil. The leader regretted when he provoked the devil-girl.

"Please forgive us. It was not our intention. It was the Wang family. They said you had a lot of money and you are just an orphan. So, we made a deal. I will sell you and get the money. They will get 50% of the money. Please don't kill us." The leader kowtows again and again. The two of reminding man also did the kowtow.

"So, that Wang Family really want to destroy me..." The gang now afraid heard her voice. That voice sounded like the voice from hell.

"FREEZE. Put your weapon down." A voice surprised Yu Qi and the gang.

Yu Qi saw the person that shouted. Long Hui. 'What is he doing here?'

An armed men group surrounding Yu Qi and the gang.

"Miss put the gun down. You are safe now." Another man from that team said to Yu Qi.

Yu Qi obeyed the order and put down the gun onto the ground. One man seized the gun away.

"Thank you, sir. Yeah, we safe. We are safe." The leader of the gang and the two followers suddenly kowtow to that team.

Yu Qi and the others were flabbergasted. Long Hui looked at Yu Qi. Yu Qi made an innocent look on her face.

"Bring them to the police station. Charge them on kidnap crime." Long Hui gave an order to the team.

"Thank you, sir. Thank you, sir." The leader and the two followers kowtow again and said thank.

The other men on the team checked the unconscious men. All of them died.

"The clean shot killed the two men. The other two men also died but we can't determine the cause. However, we did find two acupuncture needles attached to their hand." One man explained to Long Hui.

"Owh...That was my needles. I stick those needles to them to make them unconscious. Wait, you tell me they died? Impossible." Yu Qi was acting.

"Ah...I forget about my boss." Yu Qi quickly runs to the room where Madam Sheng was. Long Hui and two of the team followed her.

"I will get the medic." One of the team said when he saw Madam Sheng.

Yu Qi approached Madam Sheng. She brought out the acupuncture bag. Taking the acupuncture needles, she quickly sticks those needles to parts of Madam Sheng's wrist.

Madam Sheng began to wake up. The moment she saw Yu Qi, she grabs Yu Qi.

"Yu Qi, are you okay?"

"I'm okay, boss. Don't worry." She was smiling. "You are the one who not okay."

The team that saw the way Yu Qi waking up Madam Sheng was fascinated with it. He saw this girl was young but possessed outstanding knowledge in medicine. She was also a beautiful girl. No wonder their leader was worried when he found out some men tried to abduct her.

Chapter 46: You Can Find Me

The gang was safely reported to the police about their crime. Madam Sheng was sent to the hospital for medical check up. The team that saved Yu Qi and Madam Sheng already gone. Leaving Yu Qi alone with Long Hui. Long Hui asked Yu Qi followed him into the car. She followed his order quietly.

Look like Long Hui could see through her.

"Why you did not call the police?" A question from Long Hui ended the eternal silent.

"How do you know about this incident?" Yu Qi did not answer his question but throw a question for him.

"I went to the restaurant with Yue and saw that note." Long Hui answered that question.

"Then, you should know why you don't call the police."

"Sigh...You are a girl and 16 years old."

"I know I'm 16 years old." Yu Qi pouted.

"Remember if something like this happen again, report to the authority or you can find me."

Yu Qi turned her view to Long Hui. 'He looked so handsome.' Yu Qi shaked her hand. What are she think?

"Find you?" She asked.

"Yes, I will help you."

Yu Qi turned to the window car and made a small smile.

"Now, let talk about the shot." Long Hui's voice became serious.

Yu Qi's body became stiffed. What kind of explanation she has to give to Long Hui so that he would satisfy with her explanation? The excuse that she gave before about random aimed could not be use anymore. Random aimed and the bullet went to straight to the middle of the forehead and it happened twice? Who would believe such a thing? She thought very hard about this.

"Hmm...You can't explain about that?"

"Er...Actually, I have been practice about shooting." Yu Qi hesitated to tell him. She did not know whether this man could accept her excuse.

"Oh...Then, can you know where did you find the gun to practice?"

"I found it."

"Where?"

"In the mountain nearby."

"Then, you are holding it? You should report it to the police."

Yu Qi keep quiet.

"Sigh...Give me the gun."

"It was not with me anymore. I already threw it."

"Huh? Threw it? Where did you threw it?"

"After the bullet was run out, I threw it at the same place I found it. The day after that, the gun was already gone. I don't know who took it." Yu Qi hope Long Hui would accept this. This way, the evidence about the gun was completely gone.

Long Hui seemed to think about that explanation. He was doubtful about this but only this girl know the truth. For now, he will accept it.

Yu Qi noticed that the car was not going toward the restaurant. "Where do you want to take me? This is not way to the restaurant." She turned quickly to Long Hui. She began to panic.

Long Hui noticed that this girl began to panic. He seemed wanted to tease her a little bit.

"Yes, I'm going to bring you somewhere else." Long Hui answered with rounded explanation.

"I want to go home. Please send me to the restaurant."

"It not safe there."

"I can protect myself. You know that too."

"We already arrived." The car stopped in front of a house. Long Hui got out of the car and got Yu Qi out from the car.

"YU QI!!!" Yu Qi heard someone screamed calling her name. She was hugged by someone. Then she noticed it was Feng Yue.

"I'm so glad you are safe. I'm was scared when Brother Hui and I saw that note." She hugged Yu Qi tightly.

Chapter 47: Blacklisted Them!

"My dear, calm down. I am already safe." Yu Qi patted Feng Yue's back to calm her.

Feng Yue released Yu Qi from her hug. The tear still flows down from her eyes.

"My dear Yue, don't cry. You will not look beautiful if keep crying, hum..." Yu Qi lifted up Feng Yue's face through her chin while her other hand wiped out Feng Yue's tear.

Long Hui watched this scene felt weird. It looked like a man calm down her girlfriend. Yu Qi was the man and Feng Yue was her girlfriend.

"Come in. It is cool outside." Old Man Feng asked them to come in.

They sat in the living room. Old Man Feng asked their maid to make some cool drink. Feng Yue still not let go of Yu Qi's hand.

"Are you okay, Yu Qi? You did not get hurt, right?" Old Man Feng asked her with concern.

Yu Qi was smiling. "Grandpa Feng, I'm okay. Please don't worry."

"Fortunately, you are all right. If not, your grandfather might go crazy." Old Man Feng took a breath of relief.

"Wait. Did you already tell him?" Yu Qi asked with panic.

"No. I'm not telling him yet."

"Please don't tell him about this. Actually, don't tell anyone else. Let the truth release itself." Yu Qi requested them.

"Yes, it was wise to keep it as secret. It involves your reputation." Old Man Feng nodded his head several times.

"Did you know what is their motive?" Long Hui finally spoke out. He guessed her already knew about it after he saw the behavior of the men captured.

"Well, at first, I thought it was money. After all, people knew that I have a lot of money due to ginseng. But, after a little torture, I got the true motive." She said with a cold tone. After looking at the shocked expression on Feng Yue and Old Man Feng, she changed her sentence.

"Cough..cough...I mean negotiate them."

"So, what are their motive?" Feng Yue was impatient to know the truth.

"The truth is they want to sell me into the prostitution after getting all the money." She was smiling when she told them. But it was a very cold smile.

"What!!! How dare?" Old Man Feng stands up angrily.

"But it was not the something to be a shock. A natural thing that the gangster do. The shocking part is about the one who encourages them to do it." Right now, Yu Qi's display pure hate.

"Who?" Feng Yue asked.

"The Wang Family."

"What!!! Again. How dare they scheme against you again?" Feng Yue was very angry. Again and again, they were scheming against Yu Qi.

"Who?" Long Hui did not know anything about this. When he heard Feng Yue talking about they were scheming against Yu Qi, he mostly blacklisted that family in his heart.

They were the one who adopted Yu Qi. Abuse her was the normal thing in that family. Lucky, Yu Qi already cut off th ties between them. When they knew Yu Qi had a lot of money, they tried to get some on their hand. Now, they want to sell her into prostitution. That family was really brave. Yu Qi let go report them to the police." Feng Yue was humming in angry.

"No need. Just wait and see. They will not be safe anymore. Those men that kidnap Madam Sheng already confessed to me. So, they might confess to the police. We just need to let nature flow."

"Okay. It was late. You girls have school tomorrow. Take a good rest. Hui just has a night here. I will ask the maid to prepare the guest room for you." Old Man Feng ordered them.

"Yeah, I can spend a night with Yu Qi." Feng Yue mood swayed from anger to excited.

Yu Qi chuckled. "It's my pleasure, dear Yue."

"Come Yu Qi. Let go to my room. We will sleep together tonight." Feng Yue pulled Yu Qi and cuddle her while walking to her room.

Once again, Long Hui felt that Yu Qi flirted with Feng Yue. Should he be happy with this?

Chapter 48: Arrested The Real Culprit

As usual, Yu Qi and Feng Yue walked to school. Old Man Feng wanted to drive them to school but was strongly rejected by Feng Yue. Long Hui was already not around. Maybe he already went back to where he belongs.

The same situation that happened yesterday happened right in front of the school gate. But this time was not the gangster, rather the policemen.

"Miss Yu Qi, right? We want you to follow us to the police station regarding the kidnap case that happened yesterday. The kidnapper also confessed their crime. We just wanted Miss Yu Qi to give her sentence." The policeman was very polite to Yu Qi.

Everyone nearby was shocked when they heard about the kidnap case.

"Did they confessed about the true person that ignited the kidnap?" Yu Qi directly asked the policeman.

"Yes, they had. We in the way to arrest them. Hope Miss Yu Qi can give cooperation to help us to solve this case." said the policeman.

"Sure. Let go." Yu Qi wanted to follow the policemen but her hand had been pulling by Feng Yue.

"Can I follow you?"

"No, my dear. I will go alone. You go to the class. If teachers ask about me, you can clarify it for me." Yu Qi patted Feng Yue's head gently.

"Okay." Feng Yue pouted.

"Okay, my dear. I will go first. We will see later." Yu Qi went to the police car and got into the car.

Feng Yue still pouted walking to the classroom alone. She was surrounded by her classmates. They wanted to know about what had happened yesterday. Feng Yue still befriend with her classmates.

"Madam Sheng, Yu Qi's boss was kidnapped yesterday. The police already arrested the kidnapper." Feng Yue gave a rough explanation about it.

"I heard just now Yu Qi asking the police whether the kidnapper confessed the real culprit. Meaning someone asked the kidnapper to do it, is it right?" Someone asked.

"Well, I don't know much about that either." Feng Yue was smiling while her eyes playful caught Wang Fu Ya's that also watching her.

Wang Fu Ya startled when Feng Yue looked at her.

"The police had been arresting the real culprit. That what I heard when Yu Qi talking to the policeman." Another student joined it.

Wang Fu Ya began to pale. She heard what the student talked about. If it was true, then her family, her mother and her father had arrested by the police. Then, people soon will know about this matter, the matter when they plotted to get Yu Qi's money and sell her to prostitution.

Chapter 49: Do You Think I'm a Saint?

Meanwhile at the police station

Yu Qi had been escorted by two policemen from the school. She was told to wait in the waiting room until she has been called. After 15 minutes waiting, a policewoman came and brought her to the person in charge in the case.

She had been asked to tell the whole of the incident. It also included the threat from the gangster early morning yesterday. The policeman that recorded all detail asked her whether she knew or not about the real culprit. Without lying, she answered yes. At the same moment, they heard some shouting from the main door of the police station.

"Please Sir, my husband did not do this. That kidnapper must lie to you." Madam Wang begged the policemen that detained Mr. Wang.

The policemen ignored Madam Wang and brought Mr. Wang to the person in charge. The two of them were shocked seeing Yu Qi there. Yu Qi not making any change of expression at all. She looked straight at two of them.

The first who losing the calm was Madam Wang. She shouted at Yu Qi. "You, bitch. It must you that framed my husband. Why would you don't leave us alone?" Madam Wang wanted to grab Yu Qi's hair but been prevented by a policewoman.

"Madam, behave. This is the police station." The policeman that in charge of the case said in a stern tone.

Madam Wang felt scared with that person. She became quiet but still threw some glare to Yu Qi.

Yu Qi looked at her like she was nothing. She did not want to waste her time talking with this woman.

"Sir, is it over? I want to leave if my part is over." Yu Qi was asking to leave. She already said everything that she knew.

The policemen admired her courage and did not want to make thing harder to her.

"Yes, you can leave now. I will handle this case properly. Si Nan, Ah Jeng, escort Miss Yu Qi back to school." He called his subordinates and gave order to them.

"Thank you, Sir." Yu Qi bowed to that policeman.

"Wait, why is she leaving? She is one who framed my husband. Bitch, don't you dare go anywhere." Once again, Madam Wang wanted to grab her hair.

The other policemen did not have time to stop her. Madam Wang was smiling inside. She will make this bitch will hurt by her. However, her dream shattered when she felt a sharp pain at her stomach. Then she really that bitch was kicking her.

"You kick me? How dare you?" Madam Wang screamed. It was hurt badly.

Yu Qi was looking down on Madam Wang. She narrowed her eyes. She unconsciously released the murderous aura. " Then let me ask you something. How dare you ask someone to kidnap and hurt my boss? How dare you want my money? How dare you want to sell me to prostitution?"

All of the people in the police station heard her voice. They knew about her circumstances with Wang Family. But they never knew Wang Family have a wicked plan about her.

"Again and again you plotted such evil plan to me? Use innocent people to plot against me? Do you think I'm a saint?" Yu Qi hurriedly left the police station. She afraid if the longer she's there, she might kill that woman.

Chapter 50: Same Aura with the Soldier

Yu Qi silently sat in the police car. The policemen called Si Nan and Ah Jeng also been silent. The truth is they are quite scared with this young girl. They were being policemen quite sometimes. They also already met the soldier at the nearby military camp. The aura that this girl emitted at the police station just now was similar to those soldiers.

When the kidnapper told them that the girl killed their brothers, they did not believe it. After feeling that aura, they started to believe the kidnapper.

"Miss Yu Qi, we have arrived at the school." Said Ah Jeng politely.

"Thank you, Sirs." Yu Qi went out and walked past the gate.

She entered the classroom. At the moment, the lesson already began.

"Are you okay, Yu Qi?" Teacher Guan asked.

"Yes, Teacher Guan. Maybe someone will not be going to okay later." She said and cast her look to Wang Fu Ya.

Yu Qi sat at her seat. She began to focus on the lesson.

"They had already been arrested?" Feng Yue began to inquire about what happened at the police station.

"Yes. Maybe one of them will be safe." Yu Qi was too lazy to think about them. Let the police settle them.

"Owh...Where are you going?" Feng Yue saw Yu Qi walked to the opposite direction of Godly Herbs.

"Hospital. My boss, Madam Sheng admitted yesterday. All the thing happened to her because of me." Yu Qi felt guilty to Madam Sheng.

A car stopped beside them. The driver lowers the mirror. They were surprised to see the driver. It was Long Hui.

"Hop in. I will send you to the hospital." Long Hui said with a straight face.

Feng Yue forced Yu Qi to sit in front with Long Hui. Yu Qi looked at Long Hui's direction. 'How did he know that I want to go to the hospital?'

Long Hui felt someone staring at him. He looked at Yu Qi when they stopped at a traffic light. "What?"

Feeling embarrassed when got caught staring at Long Hui, she turned red. "Nothing."

Feng Yue who sat at the behind felt the spring might blossom. She smiled sweetly when she saw the interaction between her best friend and her cousin.

"Did you went to the police station earlier?" Lon Hui began to talk to Yu Qi.

"Yes, the police came to invite me to give a statement about the case."

"Don't worry too much. This case will settle in no time." Long Hui gave his words.
