

INTELLIGENT 471

Chapter 471 - 471: Maintain Your Position

The dean looked at the girl who had just entered his room with a complicated look. This was the first time that something like this had happened under his management.

Fung Meng Xuan just stood there with her face faced downwards. She needed to handle it properly. Starting from the dean. She needed to have the dean pitying her in order to escape this problem.

She gave off the aura that she was a weak girl that needed some protection from others. Her face showed the expression that she had been wronged by someone.

"Miss Fung, you know why have you been called here?" The dean asked.

Without lifting up her face, she nodded. When the dean saw the nod, he could see the expression on her face. It was a sad expression. She had bitten her own lips while holding back the tears.

"Tell me then." The dean wanted to hear it from Fung Meng Xuan's mouth.

"I have been forced." Fung Meng Xuan said in the pitiful tone.

If Yu Qi was here and listened to this, she might think Fung Meng Xuan should be an actress since she was very good at acting.

"Oh, really? The lecturers who were involved told me that you had suggested it." The dean's finger was clicking the pen which he had been holding to.

"No. Of course not." Fung Meng Xuan quickly denied it.

"Oh, really?" The dean smirked.

Fung Meng Xuan nodded seriously. She needed to convince the dean.

"Then, I will give you a chance. This middle semester break, I want you to maintain your place as the top student in your course." The dean suggested.

"Huh?" Fung Meng Xuan looked at the dean with surprise expression.

"Well, the rumour tells that you sleep with the lecturers to maintain the position as the top student. So, if you manage to maintain your result, the university will believe you. We will punish the lecturers by dismissing the lecturers and ban them from working as a lecturer in any university." The dean told Fung Meng Xuan the solution. He then continued again. "But if the result shows otherwise, the university will expel you and report you to the Ministry of Education."

Fung Meng Xuan did not expect that the dean would be giving this kind of solution. She thought that he would be pitying her since she acted like she had been wronged and the dean would be by her side. But now, the suggestion had made her almost bit her tongue. Maintaining her position as the top student? That might a little bit difficult for her.

However, she needed to accept it. "Yes, sir. I will do it." She needed to think positively. She had time to study. She had about two months to study hard. Her actual result was not so very bad.

.....

"What do you think about that?" So Pang Lim asked.

"About what?" Song Ha Ting looked at So Pang Lim.

"Of course about that white lotus, Fung Meng Xuan." Mei Lilli smirked.

They were currently sitting in the library. They had already finished discussing a project group.

"Probably she will be expelled?" Song Ha Ting made an assumption.

"Yeah." Mei Lilli nodded.

"But the person who has posted the video is also terrifying." Ding Na An gave the comment.

"Well... That person might hate Fung Meng Xuan or something like that. Because they knew something like this will destroy her reputation forever." Mei Lilli said her analysis.

"Yeah. The same thing happened to our Yu Qi here. But fortunately, Yu Qi had handled it quite well." So Pang Lim patted Yu Qi's shoulder who was just listening to their conversations without interrupting them.

"If you did not do it, you will be fine and you have to find the evidence that you did not do it. Otherwise..." Yu Qi did not need to complete the sentence, her friends understood it.

They heard a sound. So Pang Lim reached her phone. It was a message from someone. She opened and read it. Then she was excited.

"Girls, listen to this. My cousin said the dean gave Fung Meng Xuan a chance to prove her innocence. The dean told Fung Meng Xuan to maintain her position in the mid-semester test as the top student in her course. If she fails to do so, she will be expelled and the case will be handed over to the Ministry of Education." So Pang Lim told them.

"Where do you get this information? This kind of information is only for certain people who can get access to it." Ding Na An said.

"Well, my cousin is a secretary of that dean. So, she has to record the decision made by the dean." So Pang Lim grinned.

"Well, she just needs to maintain her position and she is clear? And how about the video?" Song Ha Ting asked.

"I assume she told the dean that she had been forced by the lecturers. Others believed that she got the best result in her study by sleeping with the lecturers. If she manages to maintain her position meaning she is telling the truth about the lecturers forcing her to sleep with them." Yu Qi already knew the possibility of this outcome.

"Mid-semester test is about two months away. If she studies very well, she might can. She has the ability since she has gotten accepted into Starlight University." Ding Na An told her opinion.

"But do you think you can study well if you are in stress?" Yu Qi smirked.

"Of course not." So Pang Lim answered. Then she made an 'O' with her mouth. "You mean..."

"Wait! What?" Song Ha Ting did not get the meaning.

"I bet she will not be able to study well in this period. People will look at her. Talking behind her. Avoiding her. I'm sure that kind of situation will give stress to a person. Well, it might not apply to Fung Meng Xuan. You know." Yu Qi smiled.

Chapter 472 - 472: It Was Her Fault.

Yu Qi was busy as usual. To keep her study and her work in good conditions were not easy tasks. Yu Qi also had been updated with Mu Family's news. Mu Rong Xie had still not recovered from her injury.

The Mu Family was trying to call all the doctors to heal their daughter. The doctors had the information about Mu Rong Xie's injuries shared in their network, so the doctors knew about her. They would back off when the Mu Family tried to contact them.

They also knew that the Mu Family had invited the legendary doctor but offended him which gave a result that he did not want to treat their daughter. Tang Jiang Man was an idol for all the doctors, you knew. Not only that, the doctors who had tried to treat Mu Rong Xie also told others about Mu Rong Xie's condition. The doctors already knew that what Mu Rong Xie faced was not easy to treat.

There was also a rumour lingering in their information network which said that all the doctors who were not able to succeed in treating Mu Rong Xie would be killed. Well, actually, it was spread by Yu Qi. Yu Qi wanted Mu Family to face the difficulties in finding a doctor to treat their daughter.

...

Facing the laptop, Yu Qi was inside her space. It had been a long time since she was updating herself with the white powder's news. She wanted white powder. The white powder was a good ingredient in her product.

She did try to create the white powder but still did not manage to recreate it. There was something missing but she could not point it out. It was complex.

If she knew who or how to make the white powder itself, it would be better. So, she was keeping an eye on the minister of tourism, Wei Zhu Feng. But it was difficult to extort information from Wei Zhu Feng. It seemed he was very careful since the last attack of Yu Qi on his information.

However, they would not be completely undefendable. Yu Qi got the information that the white powder was created by some kind of organisation. She tried to get the information about that but still did not end well.

"Master, you need to rest. You had been working for about eight hours. You need to go to the class tomorrow." Bo Ya reminded Yu Qi as he saw his master was still sitting in front of her laptop.

"Okay." Yu Qi patted Bo Ya's head.

Yu Qi stretched herself. As Bo Ya said, it had been a long hour that she was sitting there. Her muscles had tightened up.

"Let's go and sleep. I will cook some food for you after waking up later."

.....

Fung Meng Xuan was studying alone. It was a very difficult period for her right now. She needed to study to maintain her position. She looked around. It felt empty. Two weeks ago, her roommate requested to change the room. She did not want to share the room with Fung Meng Xuan anymore.

The roommate also mentioned about the debt that Fung Meng Xuan had borrowed from her. She said that it was up to Fung Meng Xuan to pay or not. If Fung Meng Xuan wanted to pay, she could pay. If Fung Meng Xuan did not want to pay, then the roommate would consider that it was a charity for her.

Fung Meng Xuan was very angry when her roommate, well, her ex-roommate said something like that. With an angry attitude, Fung Meng Xuan threw the money to her ex-roommate.

Right now she did not have any friends to talk. Her course mates, even Yi Ren Shiang and Yi Su Ran who would always act like a best friend to her, avoided her like she was some kind of dangerous virus. When in the class, Fung Meng Xuan had been isolated by her course mates.

Sometimes, the boys took chances to do some harassment. Sometimes, they touched her back. Sometimes, her b.r.e.a.s.t had been grabbed by them. When she confronted them, they insulted her by saying something like this.

"Don't be so stingy. Others already have done with you. You might do with us too and for free ."

"We can't help you with your study but we can pay you some money."

She had been treated like a p.r.o.s.t.i.t.u.t.e. It was too humiliating for her. When she reported to her faculty, they took the report but did not take any action on the male students. And it had continued from time to time.

When she walked to the class or went to buy some food at the cafe, she always felt that someone was talking about her and gave her a dirty look. It was stressful for her. Even the janitor looked down on her.

She became depressed. Her complexion was very bad. She also losing some weight. She was losing her appetite to eat.

Studying became so difficult for her. She pinched her forehead. Then her eyes caught Yu Qi who was walking alone. She was very beautiful.

Fung Meng Xuan clenched her fists. Her hatred slowly appeared on her face. It was Yu Qi's fault. It should be Yu Qi who would get humiliated by others. Not her.

All of Yu Qi's should be hers. Her position, her glory, her boyfriend, all should be hers.

If the picture of Yu Qi had been hugged by an unknown man spread, she would be discussed by others. She would be condemned since she was cheating on her boyfriend. If she had the pictures of her, she could turn this situation.

But the pictures were missing. She had checked her phone. Only the videos of her having s.e.x were left on her phone. All of Yu Qi's picture was missing. Wait, did Yu Qi know that the caller from another day was her after all?

Chapter 473 - 473: Drop Out Or Expel?

Fung Meng Xuan walked towards Yu Qi. She needed to confront Yu Qi about this.

Yu Qi was surprised to see Fung Meng Xuan. Well, she had changed a lot.

"Tang Yu Qi, is it you?" Fung Meng Xuan asked.

"What are you talking about?" Yu Qi asked her back.

"Are you the one who posted my videos online?" Fung Meng Xuan ground her teeth as she asked Yu Qi.

"Why are you thinking that I have done it?" Yu Qi played some words with Fung Meng Xuan.

"Don't pretend." Fung Meng Xuan hissed.

"Miss Fung is very funny. Why should I pretend in front of you?" Yu Qi just smiled.

"Tang Yu Qi, it is you who has spread the videos because I have some pictures of you cheating of your boyfriend?" Fung Meng Xuan pointed her finger at Yu Qi.

"Oh, not long ago, I received a threatening call from someone saying that they had some pictures of mine. I was told to leave my boyfriend. Is that you?" Yu Qi let out her terrifying aura.

Fung Meng Xuan felt choked. She could not breathe. She was scared. Is this really Yu Qi?

Yu Qi pulled Fung Meng Xuan's chin. "Fung Meng Xuan, this is just a beginning. I will let you suffer like you feel you want to die. But not now. However, if you want to taste that earlier, you can irritate me more. I don't mind. Don't dare to have a design on my boyfriend. Otherwise, you will end up waking up in the coffin. Mark my words." Yu Qi released Fung Meng Xuan by pushing her on the ground.

The other students started to look at them. Yu Qi ignored them and turned around as started to leave. She did not want to kill Fung Meng Xuan right now. She wanted to play with her first until she chose death herself.

....

The result of the mid-semester test came out. Fung Meng Xuan's result was very disappointing. She was in the first rank but right now she was in the hundredth rank.

Usually, the faculty did not post the result of the mid-sem test but the dean did it this time. When Fung Meng Xuan saw her result, she stumbled onto the ground with a shocked expression. She knew that if she was finished.

Somehow the other students knew the deal that Fung Meng Xuan made with the dean. That probably had to do something with So Pang Lim. She told others and it had spread. So everyone knew about it.

The dean called Fung Meng Xuan to his office. Fung Meng Xuan could not escape with this, so she stepped with very hard steps towards the dean's office.

"Miss Fung, I'm sure you have seen the result. So, it is time for you to do what you had to do." The dean did not wait any longer.

"Sir, please, sir. Can you ignore this matter for me once? I will study harder for the next test. Please, sir. Don't expel me." Fung Meng Xuan was on her knees.

She was desperate to stay at this university. It was so hard for her to get accepted into this university. She could not let something like this to ruin her life.

"Miss Fung, I suggest you drop out by yourself. It will make your record better than getting an expel letter from the university." The dean advised.

It was true. Dropped out by herself was better than getting expelled. She could study for the next year and try to take another test to get into another university. While getting expelled would make the record bad and difficult to get into another university.

"Sir, I know who posted the videos online." Fung Meng Xuan wanted Yu Qi to get punished too.

"Oh, who is it?" The dean also wanted to know that.

"Tang Yu Qi from Medical Course." Fung Meng Xuan said.

"And your evidence?" The dean asked.

"She is jealous of me. Sometimes her boyfriend has been eyeing me. So..." Fung Meng Xuan did not get to finish her sentence, it was interrupted by the dean himself.

"Miss Fung, you need evidence for that. You can not make an assumption like this." The dean stopped her. "I will give you another week to drop out. If you don't do it, just wait for the expel letter. You can go now."

"Sir, please. Give me another chance. I will improve myself and study hard. Please, sir." Fung Meng Xuan begged him again.

This time, the dean did not soften his heart. He called her secretary to call some men to take Fung Meng Xuan out from his office.

Fung Meng Xuan had been pulled by some men out from the dean's office. She was not allowed to step in anymore. She was standing for a long time out of the building before leaving.

'This can not be happening.' Fung Meng Xuan needed to do something. Yeah, Yu Qi. She had to find Yu Qi. She walked towards the Medical Faculty Building. Since the non-related students could not enter the building, she had to wait for Yu Qi to come out herself.

She did not have to wait long since about half an hour later, she saw Yu Qi walking together with her friends.

"Tang Yu Qi, help me." Fung Meng Xuan wanted to grab Yu Qi but Yu Qi avoided her hand, so she just grabbed nothing.

"Fung Meng Xuan, what are you doing here?" It was not Yu Qi who spoke. It was Mei Lilli.

Chapter 474 - 474: Swear To Pay The Debt

"What are you doing?" Yu Qi frowned seeing Fung Meng Xuan like this.

"Tang Yu Qi, please forgive me. I will not have any designs on your boyfriend anymore. Please tell others that the videos are fake." Fung Meng Xuan begged Yu Qi.

"What? Why are you begging Yu Qi in the first place?" Ding Na An asked?

"Yeah, why will you ask Yu Qi to do that?" Song Ha Ting also joined the conversation.

"She is the one who has posted these videos on the forum. She wants to humiliate me. I know that she is jealous of me." Fung Meng Xuan shouted.

All the students around looked at them. All the students knew the news about Fung Meng Xuan. After all, she was famous because of the videos. Meanwhile, Yu Qi also was popular among her faculty.

When Fung Meng Xuan shouted about Yu Qi was the one who had posted Fung Meng Xuan's videos, they became interested to hear more about the matter.

Yu Qi did not respond immediately to Fung Meng Xuan. She just let Fung Meng Xuan said whatever she wanted to say.

Yu Qi's friends felt ridiculous when they heard Fung Meng Xuan said that Yu Qi was jealous of her. Is she stupid or what?

"Which part of you is superior to Yu Qi? She is from Tang Family, she has already developed her own business, she also has a handsome boyfriend, and on top of that, our Yu Qi is more beautiful than you. You really have nerve saying Yu Qi is jealous of you." So Pang Lim praised Yu Qi and at the same time, she ridiculed Fung Meng Xuan.

"We also know that you are eyeing Yu Qi's boyfriend." Mei Lilli added.

"No! Don't you dare slander me!" Fung Meng Xuan screamed at the two ladies.

"You..." Mei Lilli wanted to say more but she was stopped by Yu Qi.

Yu Qi stepped forward and approached Fung Meng Xuan. Fung Meng Xuan unconsciously stepped back. She suddenly remembered the fear which she had felt earlier.

"What are you trying to do?" Fung Meng Xuan asked in a trembling voice.

"You are saying that I have posted your videos online, aren't you? What is your evidence, hmm?" Yu Qi smiled but her eyes did not. The temperature around Yu Qi seemed to have dropped.

When Fung Meng Xuan saw that, she trembled. Adding to the aura which was being emitted by Yu Qi, Fung Meng Xuan trembled more.

"I..." Fung Meng Xuan felt that she could not talk more.

"And, how do the videos of you f.u.c.k.i.n.g men reach into my hands, hmm?" Yu Qi again posted the question to Fung Meng Xuan.

Fung Meng Xuan could not answer that. She did not have the evidence or idea of how these videos ended up in Yu Qi's hand.

"If you don't have those things, you can not say that I'm the person who has posted your videos. By the way, is that really you in those videos?" Yu Qi looked at Fung Meng Xuan.

"No... No... It is not me." Fung Meng Xuan said.

"Guys, let's go." Yu Qi was not interested to hear about Fung Meng Xuan.

Yu Qi's friends followed Yu Qi leaving Fung Meng Xuan. Fung Meng Xuan still standing there. It took some time for Fung Meng Xuan got herself back.

"Tang Yu Qi, I swear I will make you pay this debt." Fung Meng Xuan clenched her fist.

...

Fung Meng Xuan chose to drop out herself. The dean did not say anything. He processed Fung Meng Xuan's application as soon as possible.

As for the lecturers, they also had been suspended from their work for further action. The university submitted their cases to the Ministry of Education. These lecturers had already committed a crime that was taking bribes. The Ministry of Education would determine their future.

Yu Qi smiled when she heard about Fung Meng Xuan. She wondered what Fung Meng Xuan would do later. She had already burned Fung Meng Xuan's bridge.

Yu Qi wanted to play with Fung Meng Xuan. This was the first step. Since Fung Meng Xuan dared to blackmail her, she decided to destroy Fung Meng Xuan's reputation. At first, Fung Meng Xuan was the one who wanted to destroy her reputation, she only gave Fung Meng Xuan a taste of it.

"What are you smiling for?" Su Yu Hi put some documents onto the table in front of Yu Qi. "Here are the documents which you need to check."

"Is this the last batch of documents that I need to check for today?" Yu Qi asked.

"Yeah." Su Yu Hi nodded.

Yu Qi spent her weekend time at the office settling the documents. She was very satisfied with the Qi Qi skincare brand. The sales had increased as time passed. According to the data, the Qi Qi skincare brand would be the top skincare brand in Binhai Nation.

"How about Ming Xuehai's performance?" Yu Qi asked.

"What can I say about him, brilliant. You really have eyes to recruit people." Su Yu Hi smiled.

"Oh, you are saying you are brilliant too, Brother Yu Hi since I have chosen you?" Yu Qi grinned.

"Of course, otherwise, your company will collapse." Su Yu Hi said in an arrogant tone.

"Yeah, yeah... I understand. I will check these documents first. Tell everyone that we will have dinner together tonight." Yu Qi said.

"Alright boss. I will inform them. I bet they will jump happily hearing this." Su Yu Hi stood up leaving Yu Qi's room.

Chapter 475 - 475: Sharing Their Girlfriend?

Yu Qi asked Su Yu Hi to book a room for their dinner at the nearby hotel. The hotel was the same one in which Yu Qi had spent her night together with Long Hui.

After completing their task for today, Yu Qi and her employees went to the hotel. When they were on the way to their room which they had booked, someone stopped them. They did not know who was this person expect for Yu Qi.

Yu Qi narrowed her eyes when her eyes laid on that person. She did not expect to see him tonight.

"Yu Qi, are you going to have dinner here too?" It was Bai Yu. He was with some men. Probably his friends.

"Everyone, go first. You can order what you want but just make sure that it is something that you can finish up completely ." Yu Qi told her employees.

"Okay, Miss Yu Qi." Her employees went ahead.

"Bai Yu, who is this beauty? Your girlfriend?" His friend teased Bai Yu.

"Bai Yu, you need to be careful since she has a lot of men around him." Another friend talked again.

Yu Qi noticed that the friend was looking behind her. She turned around. It was Ming Xuehai and Su Yu Hi who were standing behind her.

"Why are you two still here?" Yu Qi was surprised.

"It is dangerous to leave you alone with these men." Ming Xuehai looked at Bai Yu and his friends.

However, Bai Yu's friends heard that. They just displayed their smiles. They were indeed Bai Yu's friends. And they were also playboys too. They also exchanged their girlfriends among each other if they wanted to taste their friend's girlfriend.

Since the beauty in front of them was Bai Yu's friend, they would like to taste her when the chance arose.

"What? She is our Bai Yu's girlfriend. We will take care of her carefully." One of Bai Yu spoke while smiling ambiguously.

"Who is the person that you calling his girlfriend?" Yu Qi asked that friend of Bai Yu.

"Eh..."

The friends were looking at each other.

"You are not his girlfriend?" Another friend asked with unbelievable eyes.

It seemed they were not convinced with Yu Qi's statement.

"I'm not even his friend." Yu Qi smirked.

"Yu Qi..." Bai Yu wanted to say something.

But Yu Qi interrupted him. "Mr. Bai, please don't address me so intimately. We are not friends. Call me Miss Tang."

Bai Yu's face changed. Even his friends frowned. The atmosphere turned to bad. Su Yu Hi and Ming Xuehai stepped forward shielding Yu Qi behind them.

"Miss Tang, you should understand the situation better. Otherwise, your family will end up in the sewer." One of Bai Yu's friend threatened Yu Qi.

Yu Qi patted Ming Xuehai and Su Yu Hi's shoulder. Yu Qi smiled assuredly to the two of them. She stepped forward and facing the one who had threatened her just now.

"I also suggest you to careful from now on because..."

Yu Qi suddenly disappeared and appeared back behind Bai Yu's friend who had threatened her. She pointed her finger at his neck.

"You may lose your head just like that." Yu Qi said with a normal tone that she used to others. She talked something like that like she was talking about the nice weather.

That friend was having a cold sweat on his back. He was definitely scared with Yu Qi's talk. She was not a normal girl. What if instead of her finger, there was a knife was placed. He might lose his head just like that. Yu Qi retreated to Ming Xuehai and Su Yu Hi's side.

Yu Qi gave the warning. Whoever dared to endanger her family, she would dare to kill anyone. She did not joke about this. Her Tang Family was the most precious thing in her life right now.

Others were very shocked when seeing this situation. How could she suddenly disappear and reappear like that? And she had threatened them back. Who was this girl? Was she not afraid of Bai Family's power?

"And for your information, I already have a boyfriend who is more handsome than Mr Bai here." Yu Qi said while praising her boyfriend's looks.

Su Yu Hi chuckled when hearing Yu Qi's praise about her boyfriend's looks.

"You mean you are Brother Shu Jin's girlfriend?" One of the friends asked the stupid question.

"Sorry. He is not." Yu Qi rolled her eyes.

Yu Qi was already uninterested to talk to this group. She walked passed Bai Yu and gave him a look.

"Bai Yu, is that girl really not your girlfriend?" The friend asked Bai Yu.

"Yeah, she is not my girlfriend... Yet..." Bai Yu grinned.

"Oh, you are still pursuing her."

"But, she is sure fast. I don't see her walk behind you."

"It is scary. If she is holding a knife at that time, I may be injured."

"What is her family's occupation? She does not seem to be afraid of your family, Bai Yu."

"Her family owns a hospital, I guess." Bai Yu answered.

"Then she just comes from the normal family then."

While at Yu Qi's side...

"Yu Qi, who are they?" Ming Xuehai asked.

"Well, one of them is a student at my university." Yu Qi said.

"That Bai Yu one?" Su Yu Hi asked.

"Yeah." Yu Qi nodded.

"Is that brat from Bai Family?" Su Yu Hi assumed.

"Correct." Yu Qi nodded again.

"Bai Family from Capital?" Ming Xuehai also asked.

"Brother Xuehai also knows about them?" Yu Qi looked at Ming Xuehai.

She did not expect to know them now.

"Well, I have done some research. Since they may become our rival." Ming Xuehai explained.

"Oh, our rival?" Yu Qi smiled.

"They have already announced that they will be launching their beauty products around the winter this year." Ming Xuehai told Yu Qi.

"Let's forget about this for now. Let's enjoy our dinner." Yu Qi smiled.

Chapter 476 - 476: Chongbei Town

Yu Qi had already selected the place where she would be going as a volunteer. It was at the eastern part of Binhai Nation, Chongbei Town. It was nearby borderline between Binhai Nation and its neighbour country which is Sun Country.

It was one of the poorest towns in Binhai Nation. There was probably a lot of the refugees from Sun Country who seemed to get the protection here.

Ding Na An also made the same choice. While others chose another place.

"We will be together then." Ding Na An said.

"Yeah." Yu Qi nodded.

"But are you two sure you will be okay there? The living conditions there are very bad, you know." Song Ha Ting asked in a worried tone.

"Don't worry. We can handle it." Ding Na An patted Song Ha Ting's head as a mother patted her children.

"We will be leaving straight after the exam." So Pang Lim sighed.

"Your place is not as bad as Yu Qi and Na An. Why are you so disheartened?" Mei Lilli asked?

It was true that So Pang Lim had a better place to go as a volunteer but three months was a long period to stay at some unknown place without seeing her parents.

"I'm going to miss my parents." So Pang Lim explained.

"I thought Song Ha Ting will be saying something like this. But never thought it will be you, Pang Lim." Mei Lilli laughed.

They were laughing. It was true. Usually, Song Ha Ting behaved childishly since she was always like that.

"Then, you should return home to see your parents this weekend. It is the last week before we are going to take the exam." Ding Na An suggested.

"Yeah. That's right." So Pang Lim nodded. She would be going home this weekend.

...

"Oh, she has requested to go to Chongbei Town." The man read the information.

"Yeah. The living condition is very bad there. Is that okay for her to stay at the place like that?" The other man asked.

"You don't have to worry. She is a tough woman." The man smiled.

The other man could only nod with the man's statement.

"Make a request for me to go to Chongbei Town for the inspection for three months." The man requested.

"Yes." The other man rolled his eyes since the man did not look at his direction. 'If you don't worry about her, why will you request to go to the inspection there for three months? It is for three months. You can just say that you want to stay by her side. I will understand.'

"We will be seeing each other soon." The man said while smiling at the picture of the girl.

...

Yu Qi had already informed her family. Her family, especially, Aunt Ming Yue and Aunt Su Xiao became very worried about her. That place was not a safe place for a woman like Yu Qi to stay over.

Yu Qi just answered that she would be living in the military compound. The normal citizen was not allowed to enter the military compound just like that.

Since Yu Qi had insisted, her family calmed down. Her grandfather was very supportive of this. He wanted Yu Qi to see all kind of places. Not just only beautiful place in order to be a good doctor.

Yu Qi went to Chongbei Town with Ding Na An by the bus. It was a day trip. They arrived at Chongbei Military Compound at the night. As a usual military compound, they had good security. Yu Qi already

reported that they were from Starlight University. But still, they were not allowed to enter before the soldier got permission for the two girls to enter the military compound.

After about fifteen minutes of waiting, they were finally allowed to enter the military compound. They had been brought to the female military dormitory. Surprisingly, Ding Na An was greeted by someone.

"Na An?" Someone called Ding Na An's name.

The two girls turned around to the source of the voice. It was Ding Guan Ye, older sister of Ding Na An.

Ding Guan Ye approached Ding Na An and grabbed her hand while asking the question.

"What are you doing here?" Ding Guan Ye asked her sister.

"I'm a volunteer." Ding Na An said with a straight face.

"This place is not safe for you girls." Ding Guan Ye sighed.

Her sister, Ding Na An was a brave girl but a normal citizen. Unlike her, Ding Guan Ye who had already been in the military for about 10 years.

"Sister Guan Ye, don't worry. We will be fine." Yu Qi answered on behalf of Ding Na An.

Ding Guan Ye finally took a look at her sister's friend. She was surprised to see Ding Na An's friend because it was someone whom she knew.

"Sister Guan Ye, nice to meet you again." Yu Qi greeted Ding Guan Ye.

"Yu Qi?" Ding Guan Ye asked for confirmation.

"Yes. I have never thought we will meet here." Yu Qi smiled.

"Why will this girl come here?" Ding Guan Ye sighed.

Yu Qi and Ding Na An only grinned at Ding Guan Ye.

"But Na An, you don't tell your sister about this?" Yu Qi asked.

"Because I know she will not allow me to come here." Ding Na An replied. "But as you have mentioned before, I have also never thought she will be here too."

Ding Guan Ye suddenly said. "Oh, that's why he is here too." She nodded as she looked at Yu Qi as she realized about something.

"You knew them, Captain Ding?" The female soldiers came to ask when they saw their captain seemed to know the girls.

"Yeah. This is my sister, Ding Na An and her friend, Tang Yu Qi." Ding Guan Ye introduced them to others.

"Oh, why are the delicate girls like you have come here in the first place?" Someone of the female soldier asked.

Yu Qi could hear the mocking tone in her question. "None of your business." Yu Qi looked at her.

The female soldier seemed angry when she heard Yu Qi answering her question like that.

"You dare to answer my question like that?" The female soldier wanted to approach Yu Qi.

"Lang Jiang Ye. Enough." Ding Guan Ye stopped her.

The female soldier named Lang Jiang Ye stopped. She looked at Ding Guan Ye and then left the place.

"Sorry about that, you two. Let me show your bed. You will live there for three months." Ding Guan Ye said.

Chapter 477 - 477: Chose To Come Here

Yu Qi woke up at six in the morning. Other female soldiers had already woken up too and heading to their morning jog. She joined them as well. They met the male soldiers on the way. The female soldiers were an attraction to the male soldiers.

In this military compound, there were just about 20 female soldiers stationed here. Now it had added Yu Qi and Ding Na An in the list.

The male soldiers noticed there was a new girl in the group. She also looked very beautiful. The male soldier stole a glance at the new girl.

Lang Jiang Ye noticed that the male soldiers were checking Yu Qi. She was very jealous. Before the new girl came, she was the most beautiful female soldier among others. Now, they did not even look at her.

Lang Jiang Ye wanted to embarrass Yu Qi. So she approached the new girl in order to trap her. She tried to use her legs however, the new girl managed to avoid it. Missing a step, Lang Jiang Ye almost fell on the ground. She managed to stabilise her body and avoided a fall.

Yu Qi ignored Lang Jiang Ye. She did not know what was in that woman's head. She did not do anything to that woman. After all, she just arrived at this military compound yesterday. After jogging, she returned to the dormitory and saw that Ding Na An had already woken up from her sleep.

"Morning." Yu Qi greeted.

"Hmm... Good morning. Where did you go just now?" Ding Na An asked?

"I have joined. others for a morning jog." Yu Qi told her.

"Oh, I see."

"Let's go and eat breakfast before reporting ourselves to the medical section." Yu Qi suggested.

"Okay." Ding Na An nodded.

After breakfast, Yu Qi and Ding Na An went to the medical section to report themselves. In the medical section, there were three doctors and about ten nurses. One of the doctors was a woman named Xin Rin. Other two doctors were Dongfang Mo and Zheng Yiwu. They all welcomed Yu Qi and Ding Na An.

"Welcome, welcome. Finally, we have new cute girls here." Dongfang Mo said. "I am almost bored to see Rin Rin here."

"Humph, do you think I'm happy here with you? If Yiwu is not here, I will not be here with you." Xin Rin snorted.

"Calm down, calm down..." Zheng Yiwu smiled. He then looked at the two new girls. "Welcome. Sorry for displaying something like this. I'm the head here. We have gotten your details."

He turned to Ding Na An. "You are Ding Na An, right?"

Ding Na An nodded. "Yes, doctor."

"I'm Zheng Yiwu. You can call me Doctor Zheng." Then he looked at Yu Qi. "And you are Tang Yu Qi, right?"

Yu Qi nodded.

"Well, this is Doctor Xin Rin and Doctor Dongfang Mo. We have been already stationed here for about one year. If you have a question to ask, you can either ask me or them." Zheng Yiwu smiled.

"Yes, sir." Yu Qi and Ding Na An answered at the same time.

"Doctor Xin and I will be going to travel around Chongbei Town and look for someone who seeks medical attention. Do you like to join us?" Zheng Yiwu asked.

"It would be our pleasure." Yu Qi and Ding Na An answered.

The three doctors were surprised with both of the girls' answer. They thought that the girls would decline their invitation. They thought the girls would rather stay at this place. But the girls seemed eager to go outside.

"Are you sure?" Xin Rin asked.

"Huh? Why are you asking that?" Yu Qi did not understand?

"Well, we thought you will like to stay here instead of running around in an unsafe town." Xin Rin just gave a smile.

"If we will be just going to stay here, being afraid of going around the town, we would choose somewhere else. Not here." Yu Qi said.

"Wait. Do you say that you two actually have chosen to come to this town?" Dongfang Mo asked for confirmation as he could not believe what the girl said just now.

"Yeah. We have chosen this place to come here as a volunteer. Is that something wrong with it?" Yu Qi looked at Ding Na An.

"Oh, my. You both are angels." Dongfang Mo said.

"Huh?"

The girls looked at each other with a question mark seemed to appear on their face.

"Actually, most volunteers who came to this town usually came because they had to. In reality, they didn't want to come. So, when you two said you choose this town on your own, it is quite surprising to us." Zheng Yiwu explained.

"Oh, I see." Ding Na An nodded.

"Well, let's go then. Dongfang, don't go flirting with nurses. Do your job." Xin Rin reminded Dongfang Mo.

"Humph! I just want to ask the same thing to you. Don't flirt with each other." Dongfang Mo rolled his eyes.

They headed out with three nurses.

"There are some rules that I need to inform you two." Xin Rin said after they got into the van.

"First, don't go anywhere alone. If you want to treat someone, make sure to bring one of our people. Second, don't quickly trust people here especially children. If you feel something is wrong, quickly run and save yourself. Lastly, make sure to have something on your body that could protect you from people." Xin Rin told them the rules.

"We understand, Doctor Xin. We will remember those rules."

Both of Yu Qi and Ding Na An nodded. They knew Xin Rin told them those rules for their own protection.

Chapter 478 - 478: He Appear Here

The rumours about the two beautiful girls who had come to their military compound spread among the male soldiers. Some of them went to the medical station with excuses of being sick just to take a look at the two girls.

Almost one month had passed since the two girls came to Chongbei Town. Yu Qi and Ding Na An took turns to do the works. If Yu Qi stayed at the medical station to treat the sick or injured soldier, Ding Na An would follow the other doctors and their team to inspect around the town.

The team would be going round to see the patient and treat them there as much as possible. If the sickness was very bad, they would bring the patient to the medical station for further treatment. If it was necessary, the patient would be sent to the nearest hospital.

The medical team also being escorted by the soldiers for safety purpose. Who would know what would happen in the middle of Chongbei Town?

Like a normal soldier, Yu Qi and Ding Na An also had to follow the rules of the military compound here. They needed to attend the roll call as a soldier themselves.

On the first their roll call, Yu Qi was very surprised to see someone whom she had not supposed to see here.

"Today, someone with a high rank has come to inspect the military compound. Please welcome our youngest colonel in history, Colonel Long Hui." The Captain in charge of this military compound welcomed the handsome man.

The handsome man stepped forward. Before he began his speech, his eyes rolled over the people in front of him. When he found what he had been looking for, he narrowed his eyes.

"I think I don't need to talk much. The person who works hard will be rewarded. Keep working and don't give up." Long Hui gave a standard speech before leaving the stage.

"Okay, everyone. You can go back to your post." The captain said.

The soldiers disappeared to their posts. Some of them went to their missions, some of them went to the training area. Like the other doctors, Yu Qi and Ding Na An went to the medical station.

"It is him, isn't it?" Ding Na An asked.

"Yeah." Yu Qi understood who Ding Na An meant by 'it'.

"I guess he is kind of missing you." Ding Na An said.

Yu Qi only smiled when she listened to Ding Na An. She also missed him. But right now, it was not a suitable time for them to meet.

When Yu Qi remembered that roll call, she knew that her information that she went to Chongbei Town was leaked to him. He probably thought it was dangerous for her to come here for the volunteering work.

However, he did not disturb her at all. He just looked and smiled at her as they would pass each other.

Long Hui became the man who had been desired by the female soldiers. Every night, Yu Qi would listen to other female soldiers as they would gossip about Long Hui, especially Lang Jiang Ye.

"I think Colonel Long is into me." Lang Jiang Ye said shyly.

"Stop dreaming." Another female soldier rolled her eyes.

"I know you will be jealous." Lang Jiang Ye smirked arrogantly.

"What makes you think our Colonel Long is into you?" Another female soldier asked.

"He will always smile whenever he will look at me." Lang Jiang Ye said proudly.

Ding Na An looked at Yu Qi. Yu Qi did not seem to give much reaction about what Lang Jiang Ye had talked. Ding Na An knew that Long Hui was smiling at her friend. Lang Jiang Ye was consistently standing in front of Yu Qi making Lang Jiang Ye thought Long Hui was smiling at her.

....

"Yu Qi, today is your turn to go outside. You will follow Doctor Dongfang." Zheng Yiwu informed them.

"Alright, princess Yu Qi, let's go and treat someone." Dongfang Mo teased Yu Qi.

"Yeah, yeah, let's go." Yu Qi ignored the tone and stepped forward.

"Yu Qi, you are hurting my heart." Dongfang Mo acted like a heartbroken person.

After interacting with Dongfang Mo about one month, she knew his character. He was a very easy-going person and like to joke around just like that.

"Be careful." Zheng Yiwu advised their team.

"Yes, sir." All of them answered and saluted to Zheng Yiwu as a normal soldier.

The area that they would go today was a normal village. The village was inhabited by refugees. From what Yu Qi knew from others was that the villagers were very kind and grateful to the Binhai Nation since they accepted the refugees like them. The medical team would go to their village once a month.

They would be checking the health of the villagers to make sure that nothing was wrong. However, today, the situation was a little bit chaotic. Several of the villagers were having food poisoning. They needed to prepare some medicine.

There was not enough medicine for all the patients. So, Dongfang Mo asked the soldiers to go back to the medical station and bring the medicine.

There was also not enough people to take care of the patients in pain. Yu Qi thought that she could try to cure the poison. Then she looked at the symptoms, she noticed something strange. She was about to call Dongfang Mo to tell him, suddenly, a girl about 8 to 9 years old came and pulled Yu Qi's pants.

Chapter 479 - 479: Will Be Sold

"Sister, help my sister, please. She is sick." The girl was crying.

"Where is your sister?" Yu Qi squatted to make her look at the girl better.

"At my house." The girl was still crying.

Yu Qi looked at Dongfang Mo. He was still busy. She decided to take a look at the girl's sister.

"Let's go and see your sister." Yu Qi said to the girl as she smiled at the girl.

The girl led Yu Qi to her sister. It was a bit far from the place where she had gathered with the medical team.

They arrived at the place where there were no houses around. There was a moment that Yu Qi had felt something was wrong.

"We are lucky to have someone as beautiful as you to treat us." A group of men stepped out from the bushes.

"Give back my sister. I have already brought the doctor here." The girl screamed at the men while crying.

Yu Qi seemed to understand that these men separated the girl from her sister and threatened the girl to do as these men wanted to.

"Let the girls go." Yu Qi shouted in a cold voice at the men.

"Well, miss beautiful, not yet. You must follow us first. If we reach the place, I will definitely let the girl and her sister go." One of the men said. He must be the leader of this group.

"You are lying to me." The girl shouted again to the men.

"Relax. I will let you see your sister for a moment." The man signalled his man to bring the girl's sister.

It was another girl around 4 to 5 years old. She was sleeping and seemed to be in a deep sleep.

"What have you done to my sister?" The girl asked.

"Don't worry. She is just sleeping." The man said. He then turned to Yu Qi. "Shall we go, beautiful girl? Oh, before that, throw out your mobile phone, please."

Yu Qi did what the man had asked. She brought out her mobile phone and threw it on the ground.

The man asked Yu Qi to step back. He then asked one of the men to take the mobile phone and brought it to him.

Yu Qi could not do anything since the girl was still in those men's hand. She entered the van together with the girl who had deceived her. The girl was crying silently.

"Sister, I'm sorry for deceiving you. I don't have any choice. They told me if I can lure you to them, they would let go of my sister." The girl apologized to Yu Qi.

Yu Qi patted her head. "Don't worry. It is not your fault. What is your name?"

"Lin Chu Jin. My sister is Lin Jin Qian." Lin Chu Jin said.

"Where are your parents?" Yu Qi asked.

"Dead..Two weeks ago." Lin Chu Jin clenched her fists as she talked about it.

"How?" Yu Qi calmly asked.

"Bitten by a snake." Lin Chu Jin remembered the moment her mother's face turned purple in colour before she was completely gone.

"Now, we are being captured like this." Lin Chu Jin knew the group of the men were not good men. They might be doing something evil.

"Don't worry." Yu Qi was smiling.

"Beautiful girl, you need to worry about yourself a bit." The man who was listening to their conversation interrupted.

"Because you are about to be sold after this." The man chuckled.

"Sold?" Yu Qi frowned.

"Beautiful girl, we are human traffic merchant. People are our goods, especially, beautiful girls like you. We have been eyeing you for a long time. Finally, got you." The man grinned.

"Eyeing me?" Yu Qi's cold eyes flashed over.

Unfortunately, the man's face was not towards her. Otherwise, he would notice that Yu Qi's expression.

"Of course. A beautiful girl came to this kind of place. Usually, we just get a normal girl but you come and WALAH... So, we create a plan to capture you." The man laughed.

"I see." Yu Qi went quiet.

"Don't worry. You will be sold to some rich men, I guess due to your beautiful face." The man laughed, even more, when hearing Yu Qi did not respond to his words anymore.

They had been on the road for about three hours. Finally, the van stopped.

"Let my sister go." Lin Chu Jin shouted.

The man signalled his men to give Lin Chu Jin's sister to her.

"Enjoy your time together with your sister. You know you will be sold separately." The man left.

Lin Chu Jin was shocked. She was not stupid. She could understand what the man meant by that sentence. She and her sister were going to be sold too. She was trembling.

The men brought Yu Qi and the sisters to a room that had iron bars making the room looked like a prison. Entering the room, Yu Qi could see about two to three girls in the range of 15 to 20 years old. It looked like they also had been captured and about to be sold by the men.

"Sister, can you look at my sister? She is not waking up." Lin Chu Jin requested Yu Qi.

Yu Qi quickly looked at Lin Jin Qian. She read her pulse. She was indeed sleeping due to the sleeping pill. She had been given a lot of sleeping pills. If she had been given more, she might lose her life due to overdose.

"Don't worry. She is just sleeping due to sleeping pills. She will wake up soon." Yu Qi gave assurance to Lin Chu Jin.

Chapter 480 - 480: She Went Missing

"Doctor Tang, is that you?" One of the girls in the room asked.

Yu Qi turned to the girl who had talked to her. She remembered the girl. She was one of her patients before.

"You are also captured here?" The girl asked.

"Unfortunately yeah." Yu Qi sighed.

"Dinner time." One man came and put a plate that contained some bread into the room.

The girls did not move. They were just staring at the food.

Yu Qi reached out the bread.

"You dare to eat their food?" A girl asked.

Yu Qi did not eat the bread immediately. She sniffed the smell of the bread to make sure that the bread had not been added with something else. Yu Qi confirmed that the bread was safe to eat.

"We can eat this bread." Yu Qi said.

"What? Are you sure?" A girl quickly asked. She was probably hungry.

"Yeah. I have already confirmed that they have not put anything in this bread. Trust me." Yu Qi nodded.

All the girls grabbed the bread and ate it. They were very hungry. While they were eating, they exchanged information about them.

The girls had been kidnapped and brought here today. One of them had claimed that she had been called by someone who had impersonated as her friend to a place which somehow fewer people. Then she was knocked out and woke up in this room.

The second girl said she had been threatened by the men saying they would kill her family, so she followed them here in order to save her family.

Then the third girl said she had been knocked out by those men while she was working at her garden. The third girl was the one who has called Yu Qi earlier.

.....

Meanwhile, at Dongfang Mo's place, they had already finished controlling the situation. They gave the medicine to the patient which Yu Qi had prescribed. The patients drank the medicine and vomited all the things that they had for today.

After vomiting, the patients needed to eat something warm and lighter. So, someone made some porridge and gave it to the patients.

"Have you seen Yu Qi?" Dongfang Mo asked one of the nurses who had followed them today.

"To think about it, I have not seen her for about 3 hours ago." The nurse thought about it.

"What? Really?" Dongfang Mo began to panic.

He ran and asked around about Yu Qi. All of them claimed that they did not see her at all. Dongfang Mo began to panic more. Then someone told him that he saw a kid pulling a female doctor to go somewhere. When Dongfang Mo asked where the kid and Yu Qi had gone, the person said he did not know about that.

Dongfang Mo needed to go back to inform the medical station about this. When he arrived at the medical station, there were a lot of people at the medical station. He ignored all of them and reported the situation to Zheng Yiwu.

"Yiwu, Yu Qi has gone missing." Dongfang Mo reported.

"What?"

Out of nowhere, the shocked voice could be heard. It was not Zheng Yiwu. It was Long Hui who had inspected the medical station today.

"Did you said that Yu Qi had gone?missing?" The dangerous aura could be sensed leaking out from Long Hui's body.

"Ye... Yes..." Dongfang Mo could not stand the aura given off by Long Hui.

"When was the last time that you saw her?" Long Hui posted another question.

"Three hours ago." Dongfang Mo answered.

"I suggest it might be human trafficking again. We used our source to locate them but still could not find them." The captain said.

"Human trafficking?" Long Hui narrowed his eyes.

"They have been active for the last two years and have become more and more active recently. Their targets are girls in a range of age from 5 to 25 years old." The captain explained the situation.

"You mean you could not find them since then?" Long Hui glanced at the captain.

The captain answered in trembling. "Yes."

Long Hui did not ask any more question. He seemed to be in deep thinking. Others also did not talk. They were pitying Yu Qi who had gone missing. Ding Na An was in an extremely shocking state when she heard that Yu Qi had gone missing and probably in the hands of human traffickers.

"Do you remember what is she wearing today?" Long Hui suddenly asked a question.

They did not answer immediately. Then Ding Na An stepped forward and answered that question.

"She is wearing sports attire. The shirt is dark blue and the pant is black." Ding Na An told him. She remembered what was Yu Qi wearing today.

"Anything else?" Long Hui wanted more information.

Ding Na An tried to remember more about Yu Qi wore this morning.

"Oh, I remember her wearing her usual watch." Ding Na An said.

Long Hui's eyes lifted up. "Do you have a computer that has a good internet connection?" Long Hui asked Zheng Yiwu.

"We have one." Zheng Yiwu nodded.

"Let me use it." Long Hui ordered.

"Okay. This way." Zheng Yiwu led Long Hui to his room.

Long Hui started his hand working on the computer. His hand became faster and faster as he typed on the keyboard. He needed to be faster since his beloved Qi Qi had gone missing three hours ago. He assumed that Yu Qi would be put in one place with other girls before transported to somewhere. He needed to find her before that.
