

INTELLIGENT 481

Chapter 481 - 481: Plan To Escape

"Look like you are already making friend with them." The man came and looked at Yu Qi with a smile.
"Unfortunately, you will be separated soon."

Yu Qi did not answer. She looked straight at the man. Other girls started to look down. One of them started to cry. Yu Qi then also looked down as well. Seeing the girl looked down, the man was satisfied. He left the room as he turned off the light and closed the door.

There were no windows in this room. So, there was no source of light. The room was completely dark.

Yu Qi looked down not because she had given up. But she was planning their escape plan. She went into her space. The girls did not realize that Yu Qi was already missing since it was dark.

"Master." Bo Ya and Aoi called as they laid their eyes on their master.

"Aoi, I'm bringing you out. You will go and check the surrounding." Yu Qi said. "Tell me if you see CCTV or something like that."

"I got it, master." Aoi nodded.

"Before that, let me take something first." Yu Qi went to take something.

After that, Yu Qi grabbed Aoi and got out of the space. Aoi could get out of the room because he already could use his ability to enter and out from a room using his spirit body.

'Master, I'm going now.'

Aoi already communicated with his master through the telepathy.

'Okay. Be careful. Don't get caught by them.' Yu Qi answered.

Yu Qi was waiting for Aoi's news. Suddenly someone talked.

"Will we be going to be sold soon?"

Yu Qi did not know who was talking but she did not want the girls to lose hope.

"Don't worry. We will be safe." Yu Qi gave their assurance.

'Master, master.' Aoi called.

'Yeah. What do you get?' Yu Qi immediately gave Aoi response.

'This place only has about 10 to 15 people only. But they are armed.' Aoi gave their information.

'Good. Can you give me their location?' Yu Qi smiled.

Aoi told Yu Qi each of the men's location. The nearest one was 50 meter from the room. There was no one guarding the room.

"Girls." Yu Qi made a sound.

"Yeah." The girls gave their response.

"What?"

"After we get out from this room, i want all of you to go east, get out of this building and hide into the bush. Understand?" Yu Qi said.

"Huh? How? We can not even go out of this room."

"I have my way. But can you follow my order?"

"Well, if only we can get out of this room."

"Okay. Then, let me open this door first."

Yu Qi stood up and went to the door direction. The door was not even locked. Since the iron bars were here.

"How will you open it?"

Yu Qi smiled. "With this." The moment she finished talking, she lifted her leg and kicked the iron bars. The iron bars had collapsed. The girls were shocked by what they saw.

"Let's go now." Yu Qi's voice woke up them.

The girls quickly got out of the room. One of them lifted up the Lin Jin Qian and brought her since she was still sleeping.

"Go to that way." Yu Qi pointed to her left.

They were about to run but seeing Yu Qi did not follow them, one of them asked. "You are not coming with us?"

"I will follow you later. Don't worry, you will be safe." Yu Qi smiled.

Yu Qi already instructed Aoi took care of the men who stood on the way. They would definitely be safe in the hands of Aoi.

Yu Qi did not know that she had been observed by someone. There was a secret camera on the top of the wall. It was invisible to others. The man who was watching her was smiling.

"Interesting." The man smiled and stood up.

Yu Qi did not even run. She just walked like her normal pace. The men were very shocked when they saw the girl who was supposed to be in the room right now walking in front of them. Yu Qi ran when she saw the men. Yu Qi lured them out.

"Girl, you better surrender. Otherwise, you will get hurt." One of the men threatened Yu Qi with his gun.

"Oh, really?" Yu Qi brought her needles. "We will see who will be hurt." Yu Qi threw the needles at one man.

The moment the needles landed at his hands and legs, he immediately collapsed. He was screaming loudly.

"Ahh!!! I can not feel my hands and my legs. What did you do to me?" The man asked.

"Destroying your nervous system. After this, you will be crippled." Yu Qi said with a smile but not a smile.

The other men who had listened to that shivered. Destroyed their nervous system? That was very terrifying. Who on the earth was this girl? How could she do that?

Yu Qi smiled. Her eyes were wandering around. She searched for the man who had talked to her earlier in the room. It seemed he was not here. So, he was confident that his men would take care of her since she was just a girl. He was about to be disappointed.

"I will take care of you instead." Yu Qi said.

She made a move. The men freaked out and quickly pointed out their guns at the girl. They shot. But nothing was hit. Yu Qi was very fast in avoiding the bullets. While she avoiding the bullets, she threw her needles towards the men.

One by one they had collapsed onto the ground and shouted saying they could not feel their hands or legs. One of the men tried to run away but fell onto the ground since his legs had already lost their strength. Yu Qi approached the man.

Chapter 482 - 482: She Was Matured Earlier Than Other Girls

"Where is your boss?" Yu Qi pressed her leg on the man's stomach.

The man still could feel the pain being pressing hard on his stomach. It was very painful.

"I don't... know." The man said. "Please... Save me..."

Suddenly Yu Qi could feel something. She looked up and saw a number of soldiers had surrounded the place.

Not long after that, Yu Qi was pulled into a hug. It had a lotus scent. She sniffed the smell.

"Thank goddess. You are safe. Again. I'm late and let you suffer." Long Hui was very flustered about this.

"You are not late. Just on time." Yu Qi responded.

She was not a weak girl who needed the protection all the time. She could fight on her own. She just needed him to stand by her side in case something was wrong.

The soldiers who had followed their colonel were astonished when they saw that the colonel went straight and hugged the doctor. Especially Lang Jiang Ye who had also tagged along. When she first heard the news, she was secretly happy with it. She wished Yu Qi would go missing forever.

Right now, she could not digest what she had seen in front of her eyes. The handsome colonel hugged Yu Qi like she was a treasure. She already could see the worries in the colonel himself.

"What?" Lang Jiang Ye only could speak that.

"Colonel Long is her boyfriend. You better give up." Ding Guan Ye heard and understood Lang Jing Ye's confusion. She had seen so many women who had fallen in love with Long Hui in her last station at Shiwa Town. Long Hui did not pay any attention to any women after he got Yu Qi and even before that.

"Her boyfriend?" Lang Jiang Ye did not believe what she had just heard. Meaning they already knew each other. How could Yu Qi get a boyfriend like him? She was not less than Yu Qi.

"Brother Hui, there are some girls who have been kidnapped as well." Yu Qi suddenly remembered about the girls.

"Capture all these men here. Don't let anyone escape." Long Hui gave his order.

The soldiers looked at the men. The men seemed to shout that they did not feel their hand and legs. How could they escape? What did Yu Qi do to those men? The soldiers did not see any drop of blood or dislocation of the bone of these men.

They looked at each other. They would not try to offend the girl. She looked gentle but at the end, tried to look at these men. They did not know what had happened to them.

"Some of you. Come and follow me." Long Hui asked some of the soldiers to come with them for safety purpose.

Yu Qi went to the place where the girls were hiding. Aoi already told her about that.

The girls who had been hiding in the bush somehow held back their breaths as they heard someone was nearby.

"Girls, you can come out now. We are safe." Yu Qi called the girls.

Lin Chu Jin recognised the voice. It was the sister doctor. She quickly popped out from the bushes.

"Sister doctor. You are safe." Lin Chu Jin smiled. She was glad that sister doctor was safe otherwise she would be feeling guilty since she was the one who had endangered the sister doctor by luring her to that place.

"We are safe now. Let's go. The soldiers will send you home." Yu Qi said.

"Thank you, doctor." The three girls were happy to hear that they would be going home.

But not for Lin Chu Jin. She and her sister did not have someone to rely on. Her parents had already died. The word 'home' no longer existed in her mind.

Yu Qi noticed that Lin Chu Jin did not look happy with it. She remembered that the little girls did not have someone at their home.

"Lin Chu Jin, do you want a place to stay?" Yu Qi asked.

"What?" Lin Chu Jin turned to Yu Qi.

"Place where you can stay safe with your sister." Yu Qi smiled.

"Of course, I want." Lin Chu Jin was interested.

"If you like, I will send you two to Harmony Orphanage at Sun City. The life there is a lot better than here. What do you think?" Yu Qi asked.

"Yes. Please send us there." Lin Chu Jin bowed. For the sake of her sister, she agreed.

"Sister Chu." Lin Qian Jin woke up from her sleep.

"Xiao Qian, you have woken up." Lin Chu Jin hugged her sister.

"Sister Chu, I'm hungry." Lin Qian Jin said.

"I will bring food to you later. You need to be patient." Lin Chu Jin patted Lin Qian Jin's head as she was her mother. She was matured earlier unlike the girls of her age.

"You take care of the kids." Long Hui ordered Ding Guan Ye who had followed them.

"Yes, Sir." Ding Guan Ye saluted him.

Long Hui pulled Yu Qi. He brought her straight back to the military compound. He was with her within this month. But he did not talk to her once because he did not want to disturb her work. He just wanted to watch her work without disturbing her. But this matter broke that.

"How do you know I'm here?" Yu Qi really wanted to know how Long Hui knew that she was here.

"Actually..." Long Hui hesitated to tell her beloved Qi Qi. He was afraid that his beloved Qi Qi would misunderstand him.

Chapter 483 - 483: Don't Bring The Devil Here

"What is it?" Yu Qi asked.

"Actually I have put some transmitters on your watches." Long Hui said in a guilty tone. He knew what he had done was too much. He was breaking her privacy.

"Transmitter?" Yu Qi's eyes looked down at her watch.

She did not know that Long Hui was doing something like that to her watches.

"When did you do that?" Yu Qi asked in a serious tone.

"During our night at the onsen." Long Hui answered with his head lowered down. He was like a kid who had admitted that he was doing something wrong.

Yu Qi was holding back her laughter when she saw Long Hui behaved like this.

"Why did you do that?" Yu Qi still asked the question in a stern tone.

"I'm worried about your safety. It is something that only shows your location. I am afraid that something like this may happen again after you have been kidnapped before." Long Hui explained.

Yu Qi hugged Long Hui. "Thank you."

"You are not angry, are you?" Long Hui was stunned.

"Of course not. I'm an idiot if I'm angry. You are doing this for my safety. I should be thankful to you." Yu Qi said while hugging Long Hui.

Sensing that his beloved Qi Qi did not get angry with him, Long Hui smiled.

.....

The next day, the military compound was exploded with the news. The news was that the beautiful Doctor Tang was actually the handsome Colonel Long's girlfriend. There were some of the male soldiers who were disappointed while some of the female soldiers were grinding their teeth, especially, Lang Jiang Ye.

There was also the news about Doctor Tang that she had beaten up all the men and stood up beautifully. The men were all armed with guns but all of them ended shouting that they could not feel their hands and legs and lost their mobility.

The soldiers did not know what had happened before they had arrived there. Because when they arrived there, all of the men were already laying down on the ground. They also did not have time to ask Yu Qi about that since Colonel Long had already taken her with him at that time.

Lang Jiang Ye actually could not believe that Yu Qi was Long Hui's girlfriend but it was happening in front of her eyes. She remembered vividly the moment Long Hui sprinted towards Yu Qi and took her into his hug.

Some of the female soldiers did not like Lang Jiang Ye since Lang Jiang Ye always looked down on them since they were not as beautiful as her. They remembered that Lang Jiang Ye said that Colonel Long Hui would always smile at her.

"I heard from someone that Colonel Long smiled at her."

"Someone is dreaming. Colonel Long actually smiled at his girlfriend, Doctor Tang who was coincidentally standing behind her. I remembered that this had once happened during the lunchtime."

"She is just a little bit beautiful than us. Does she think all men will like her?"

"Shut up. At least, I'm more beautiful than you." Lang Jiang Ye made an arrogant look.

"Beautiful or not, Colonel Long does not like you."

Lang Jiang Ye was pissed off. She was angry when she remembered that. These women came and reminded her about that. She wanted to beat these women. The fight had happened.

"Enough. All of you, go running 20 km, full equipment. Finish it within 3 hours." Ding Guan Ye shouted at them when she saw the fight as she entered the room.

The women and Lang Jiang Ye stopped at once.

"What? They begin it first." Lang Jiang Ye wanted to protest.

"Do you want me to increase the distance?" Ding Guan Ye glanced at Lang Jiang Ye.

Lang Jiang Ye bit her lips. She had a lower rank than Ding Guan Ye. Even she did not like Ding Guan Ye, she needed to obey Ding Guan Ye's order.

Long Hui called Yu Qi to discuss yesterday's matter. The soldiers already interrogated the men whom they had captured. They said that they only followed the order of their boss. When the soldiers asked about their boss, they could not answer it.

Long Hui wanted to ask Yu Qi whether she knew something about it. Yu Qi asked him to bring her to see the men whom they had captured yesterday. When Yu Qi stepped in the place where the men were held, the men shouted asking for the soldiers not to bring Yu Qi near them.

"Don't bring the devil here. Please. We have already told you everything that we knew. Please. Make her stay away from us."

The men were begging many times.

Some of the soldiers did not join the operation yesterday were dumbfounded with this situation. 'Devil? This beautiful young girl? These men must be crazy.'

Yu Qi ignored the shouts. She was here only for one reason. She was looking for someone. She was afraid that she was right. The man who had talked to her was not here. Meaning he had successfully escaped.

"He is not here." Yu Qi said.

"He?" Long Hui asked.

"He is the leader. He has talked about selling us." Yu Qi told him.

"The soldiers said there was nobody in the building after they searched the area." Long Hui frowned.

"As for the men captured, I think they are being brainwashed." Yu Qi made the assumption.

"Brainwashed?" Long Hui frowned more. The matter seemed to be more complicated than usual.

"Yes. You have told me that they could not tell about their boss, right?"

"Yeah. They could not seem to remember their boss."

"That is why I guess they have been brainwashed. But well, I'm not an expert in this. You need to ask some expert in this area." Yu Qi said.

There were some of the high-ranking soldiers in this military compound who were looking at the couple. Colonel Long's girlfriend was not a simple girl. It was something that could conclude after this.

Chapter 484 - 484: Attract Bees.

"Yu Qi, what are you doing?" Xin Rin saw Yu Qi who was reviewing some documents.

She also noticed that sometimes Yu Qi doing some paperwork that was not related to Yu Qi's work.

"Oh, I'm reading some reports." Yu Qi said.

"Reports about what?" Xin Rin glanced a little at the document.

"Wait? Is this about Qi Qi Brand skincare?" Xin Rin said excitedly.

"You know?" Yu Qi asked.

"Of course, I know. It is a newly established brand. But it is spreading its influence on a high rate. I love it." Xin Rin sang the praise of the Qi Qi Skincare.

Yu Qi smiled and thanked her.

"Why are you saying thank you to me?" Xin Rin's eyes suddenly became bigger. "Don't tell me, it..."

"It is exactly what you are thinking, Senior Rin." Yu Qi nodded.

"Wha... What? You are the owner?" Xin Rin's mouth had opened wide.

"I'm glad to hear that someones like my brand." Yu Qi laughed.

"Oh, Yu Qi, you are my goddess." Xin Rin hugged Yu Qi.

"Xin Rin, are you turning into a lesbian? Yiwu, look at your wife." It was a coincidence that Dongfang Mo and Zheng Yiwu walked into their medical station.

"Are you an idiot?" Xin Rin let Yu Qi go but she still hugged Yu Qi's arm.

"Yiwu, listen to me. Owner of Qi Qi Skincare is Yu Qi." Xin Rin told Zheng Yiwu excitedly.

"Qi Qi Skincare?" Dongfang Mo was thinking about that as well as Zheng Yiwu.

"Qi Qi Skincare, the brand about which I have told you before. That based on the herbs, I have said." Xin Rin helped Zheng Yiwu to replay his memories.

"Oh, I remember about it." Zheng Yiwu nodded.

"The owner is here." Xin Rin mentioned again.

"Oh, that brand." Dongfang Mo made an expression that he had already remembered about it. Then he was astonished. "Wait, you are the owner? Is it your family's business?"

"No. It is my own business." Yu Qi shook her head.

"Holy shit. Can I ask for some wealth?" Dongfang Mo asked while grinning.

"Find your own money." Xin Rin rolled her eyes.

"Well then, Yu Qi, let me propose to you." Dongfang Mo said laughing.

However, Dongfang Mo gulped as his eyes as he looked at the door of the medical station. He could see that Colonel Long was currently staring at him as Colonel Long wanted to skin him alive.

Everyone in the medical station turned to the door. They saw Long Hui with unhappy mood. They also could feel the killing aura from Long Hui.

"Brother Hui, what are you doing here?" Yu Qi's soft voice lowered the killing aura.

"Looking for you. Otherwise, some wolves might snatch you." Long Hui answered while giving a deadly glare to Dongfang Mo.

Yu Qi knew Long Hui was being jealous right now. She smiled.

"How can I leave you for other men? They are not as handsome as you." Yu Qi pacified Long Hui.

Long Hui felt instantly happy as his beloved Qi Qi praised his handsomeness. He smirked proudly at Dongfang Mo like saying, 'My beloved Qi Qi will not like you.'

"Let's go lunch together." Long Hui invited Yu Qi. He did not hide his relationship as it was exposed to others already. He might enjoy this while they were still here.

"Well, then, okay." Yu Qi agreed. "Well, then, everyone. I will go to lunch first."

The couple left leaving the people who were dumbfounded there.

"Did you see that? Colonel Long smirked proudly at me." Dongfang Mo blinked his eyes several times.

"Yeah, I also saw that he was giving you a deadly glare earlier." Xin Rin snorted. "That is what you will get when you try to flirt with someone's girlfriend."

"I'm just joking, okay." Dongfang Mo rolled his eyes. But honestly, he was very scared. It felt like Long Hui had already put a knife which was aiming at his neck when Long Hui stared at him.

Long Hui walked into the canteen with his beloved Qi Qi. It was the lunchtime so there were a group of soldiers who were currently eating their lunch.

When they saw Yu Qi and Long Hui walked together, they talked among them.

"It is really true. They are indeed dating each other. I thought that it is just a rumour."

"But look. They are a good match. "

"I thought I will have a chance with Doctor Tang."

"You should watch your face in the mirror first."

Yu Qi chose what they would be eating. Long Hui told her to choose whatever she wanted to. He would eat whatever she gave to him. Even if she would give him poison, he would eat it. But he bet his beloved Qi Qi would never do something like that.

They sat opposite each other. They started to eat.

"When are you going to cook for me again?" Long Hui suddenly threw that question.

"Huh?" Yu Qi startled. She did not expect Long Hui would ask that question. "Well, I will cook for you when the time permits. How about after I return to Shiwa Town? You will return to Shiwa Town too right?"

"Of course, I will return to Shiwa Town. I have just come here for inspection." Long Hui smiled.

"Which inspection lasts long for 3 months?" Yu Qi chuckled.

"Inspection of your surroundings ." Long Hui replied. "You always attract bees everywhere you go." Long Hui remembered Bai Shu Jin, Bai Yu and other men who would always try to snatch his beloved Qi Qi.

Chapter 485 - 485: Playing With Lang Jiang Ye

Yu Qi chuckled. "I'm attracting bees? Then, you are the bee that attracts the flowers."

Yu Qi also saw that someone was approaching them. That person brought her food tray too. She then stopped at the chair beside Yu Qi. She already planned to eat together with the couple.

"Miss Tang, can I sit here? It is boring to eat alone." Without waiting for Yu Qi's answer, she took the seat.

Yu Qi rolled her eyes. 'Why are you asking if you will. just sit here without my permission?'

That person was Lang Jiang Ye. She shamelessly sat beside Yu Qi. She did not wait for Yu Qi's answer because once she took the seat, it would be awkward for Yu Qi to reject her.

"Why do you bother to ask then?" Yu Qi said while looking at Lang Jiang Ye.

The situation did become awkward, however not for Yu Qi but her. She had a sweet smile but when she heard Yu Qi's statement, her smile became strained. She never thought Yu Qi would say something like that.

Yu Qi was not a hypocrite. If she did not like something or someone, she would state it clearly.

Long Hui did not even turn to Lang Jiang Ye to look. He became a little bit angry because his precious time together with his beloved Qi Qi had been disturbed by this woman. He already knew this woman's motive.

"Qi Qi, do you have time this Saturday?" Long Hui inquired.

Yu Qi glanced once at Lang Jiang Ye. That woman was paying attention to Long Hui. Yu Qi made a mischievous smile.

"Of course, I have time for you." Yu Qi answered.

Long Hui saw that smile. "Okay, then, let's go outside this weekend. Wait for me at gate one at 11 a.m." Long Hui planned their date.

"I know a place which is very nice here, I can show you around." Lang Jiang Ye tried to pull Long Hui's attention.

However, Long Hui did not feel much about other women than his beloved Qi Qi. Since he already knew that this kind of women just wanted to get close to him. So he ignored her directly.

Even Yu Qi did not follow up. The two of them completely ignored her. They continued to talk and flirt to each other giving a lot of dog food to others, especially the one who has shamelessly sat with them. Then they left leaving Lang Jiang Ye with unfinished food. Lang Jiang Ye did not manage to finish her food since she already lost appetite hearing those two flirted each other.

This situation was seen by those who did not like Lang Jiang Ye. When they wanted to leave the canteen, they walked nearby Lang Jiang Ye.

"It is embarrassing to look. Why do you need to disturb the couple? Everyone knows that the two of them are dating." One of the female soldiers said when they were near Lang Jiang Ye. She wanted Lang Jiang Ye to hear that sentence.

"She is just a little beautiful than us. Does she think Colonel is blind? Humph, let's go." The other female soldier snorted.

Lang Jiang Ye clenched her fists and tried to hold back her anger.

"You are planning something, aren't you?" Long Hui chuckled.

"What are you talking about?" Yu Qi tried to pretend.

"I have already seen your smile earlier." Long Hui said.

"Brother Hui really knows me well." Yu Qi let out a small laugh. "You know, I think she will definitely try to follow us when will go outside this time. So..."

"So, let's go earlier than the time that we have mentioned just now." Long Hui finished Yu Qi's sentence.

Yu Qi laughed. "Brother Hui really thinks the same thing as me."

"Of course, I know." Long Hui walked Yu Qi to the medical station.

"But earlier, when I'm new here, why haven't you come and talked to me?" Yu Qi said since she did not understand.

"At first, I have just wanted to guard you without disturbing. But that accident has blown up my senses. So, it is better to stay closer to you." Long Hui explained.

"Oh, I see."

.....

As Yu Qi planned, they went out earlier than the time that Long Hui had mentioned. They went out two hours earlier.

As for Lang Jiang Ye, she went to the gate one, waiting for the couple to appear. However, the people whom she had waited for did not show up. The sun was already up to her head. She could feel that she was sweating. Her sweat had already covered her back.

Because she had already waited for so long, she decided to talk to the guard soldier who took care of the gate one.

"Brother, have you seen Colonel Long?" Lang Jiang Ye used a very soft tone to talk to the guard soldier.

"Huh? We have not seen him. If Colonel Long wants to go outside, he will not use this gate. He will use gate three since the gate three will allow the vehicles to pass by." The guard soldier explained.

"What? How can?" Lang Jiang Ye was dumbfounded. This meant that they could have already left the military compound.

Lang Jiang Ye grinded her teeth. She was very angry. That Tang Yu Qi played with her. 'That woman said they would be here at 11 a.m. But actually, she played with me.'

Lang Jiang Ye actually forgot that the one who set the timing was Long Hui. However, since she liked Long Hui, she did not want to blame him. So, she switched the blame to Yu Qi.

Without saying anything to the guard soldier, Lang Jiang Ye left. The guard soldier was stupefied.

"What are you doing, dozing off?" His partner was coming back from the toilet.

"A girl came to ask whether I had seen Colonel Long going out or not? So, I explained to her that if Colonel Long wanted to leave the military compound, he would be using gate three. Then the girl left." He said.

"Is that girl Doctor Tang?" His partner asked.

"No, I know Doctor Tang. She is indeed a goddess. But this girl, well do have a look." He grinned.

"Oh, so she will be Lang Jiang Ye." His partner guessed. "That girl is probably trying to get Colonel Long's attention. But our Colonel Long's eyes have already locked on Doctor Tang."

"Oh, how do you know that the girl is trying to get Colonel Long's attention?" He asked.

"I just happen to sit nearby the couple. Then that girl came and shamelessly sat beside Doctor Tang. She tried many times to talk with Colonel Long but she was just ignored by Colonel Long." His partner gossiped.

Chapter 486 - 486: Sister In Law, Calm Down

"What? They are already on the Chongbei border?" Long Hui frowned as he received this information from Ren Qian Yi.

Ren Qian Yi came to Chongbei to inform this matter personally.

"Yeah. I have just gotten the info from our spy." Ren Qian Yi nodded.

"Well then, let's get started. I have already waited so long for them to come here. Since they have come, we need to capture them." Long Hui's eyes narrowed.

"Yes, sir." Ren Qian Yi saluted. "Our comrades are already waiting for your order."

"I will take some soldiers from here to undertake this mission." Long Hui said. It had been about two months since he had trained the soldiers here. They needed some mission to see their limits.

"You will take care of the things here." Long Hui added.

"Me? Are you sure?" Ren Qian Yi asked.

"Yes." Long Hui gave a short answer.

"Up to you. You are the boss." Ren Qian Yi nodded. Then, he grinned. "Have you already met with sister in law?"

"Hmmm." Long Hui gave a short response.

"Two months ago, I was surprised when you suddenly said that you wanted to do some inspection at Chongbei Town. Turn out that you came here for the beauty." Ren Qian Yi laughed.

"Have you finished?" Long Hui turned to Ren Qian Yi.

"Okay, I will go prepare."

...

"The soldiers have gone on a mission." Xin Rin said.

"Mission?" It caught Yu Qi's attention.

"Yeah. A large number of soldiers have followed Colonel Long today." Xin Rin nodded.

Yu Qi frowned. This morning, she had felt something was wrong but she could not point it out. Something did feel not right today. When she heard that Long Hui had gone on a mission today, her heartbeat beating so hard as she got the news that Long Hui had gone on a mission.

"Do you know where is the mission?" Yu Qi asked.

"Well, I don't know that much." Xin Rin asked. "Probably a regular mission." Xin Rin knew that Yu Qi was probably worried about her boyfriend.

Yu Qi only let a smile on her lips. It had not calmed her heart down. Instead, she became more and more worried.

The time flew faster. It was already evening. Suddenly a soldier came requesting backup medical assistance. The soldier told them to get ready faster since there were a lot of soldiers who were injured.

Yu Qi stood up grabbed her medical bag and immediately went to the location. Others followed as well. The soldier was indeed telling the truth. A lot of soldiers were injured. She started to give the treatment to the nearest injured soldier.

The military doctors tried their best that they could do to treat the soldiers. Some of them had serious injuries, so they had already been pushed into the surgery room. Due to the lack of surgery rooms, Yu Qi asked others to clean one area.

She was going to do the operation here. It would be open surgery to the soldiers. She only asked one nurse to assist her. One of the soldiers had a bullet in his leg. One wrong move would make the soldier unable to walk forever.

Yu Qi's hand worked very fast. Using the anaesthetic on the area, she cut through the flesh without hesitation. The blood flew faster. She put her hand on the area, then the blood seemed to flow slowly than earlier.

Yu Qi was already using her power. She recently realized that she could use a special power. This power could freeze the liquid as she touched them. So, she used her power not to freeze the blood but to slow the flow of the blood.

She quickly found the bullet, removed it. She sews the wound to close it up. Throwing the glove, she put on another new and treated another soldier. She knew that the gloves could not be used anymore already.

After four hours of treating the soldiers, they were finally done. Yu Qi did the mini surgeries as many as she could.

However, Yu Qi could not find the person that she wanted to see the most. She looked everywhere. Since she could not find him, she asked one of the soldiers.

"Where is Colonel Long?" Yu Qi asked.

"Colonel Long? He is not here yet?" The soldier was shocked.

"What do you mean by that?" Yu Qi began to panic.

"Actually, after we had been ambushed, the injured soldiers increased. So, Colonel Long ordered us to retreat. We followed his order. He would cover us, so we can retreat quickly. Then, the captain ordered us to go back first. He and some of the less injured soldiers had gone to find Colonel Long Hui." The soldier explained.

"Do you mean that he is still there?" Yu Qi began to tremble.

"Yes." The soldier looked down.

Ren Qian Yi was standing nearby. He had also heard the soldier. 'Ambushed. Meaning that the other side knew that we were coming to them. How?' His eyes glinted a cold flash.

Yu Qi turned around. She needed to go and found Long Hui.

"Sister in law. Where are you going?" Ren Qian Yi blocked Yu Qi?

"Move." Yu Qi gave off the aura.

Ren Qian Yi felt like he was facing Long Hui right now. The aura was very similar to Long Hui. He clenched his fists. He needed to block Yu Qi.

"Sister in law, calm down." Ren Qian Yi said.

"Calm down? Move. I need to find him." Yu Qi glared at Ren Qian Yi sharply.

"Sister in law, you don't even know where he is. Calm down, we will find him." Ren Qian Yi tried to calm down Yu Qi again.

Chapter 487 - 487: Found Long Hui

"This is my last warning. Move." Yu Qi's eyes narrowed.

"Sister in...." Suddenly Ren Qian Yi could not move.

"I have already given you my warning. You will be able to move soon." Yu Qi left.

Yu Qi went to a place where there was no one around. She entered the space.

"Aoi, come. I have a mission for you." Yu Qi said.

"I know. You want to find that man, right? Let's go." Aoi already knew his master's plan.

Yu Qi brought Aoi out of the space. Yu Qi went outside using the gate one. She was running very fast even the guard soldiers did not manage to stop her. They were calling for her to stop but she did not even look behind.

"That is Doctor Tang, right?" One of the guard soldiers asked.

"Yeah, why is she in a hurry?" His comrade asked.

"Who knows?"

Yu Qi increased her speed and ran following Aoi. Right now, the normal human would not be able to see her. Aoi led her into the forest. The forest was known as the border between two nations.

Aoi stopped. Following Aoi, Yu Qi also stopped.

"Master, can you feel the energy around here?" Aoi asked.

Yu Qi closed her eyes. She wanted to concentrate to detect the energy. Turned out that there was a lot of people in front of her about 500 metres away from her. She enhanced her hearing.

"Look at this. The youngest colonel in history is about to walk into the Hades Gates."

Yu Qi could tell there was a mocking tone in that speech. She did not recognize the voice.

"Do you think I'm scared?"

When Yu Qi heard this voice that had responded, her eyes lifted up. She knew that voice. She was very sure that the voice belonged to her man. However, the voice was a little weak.

"Well, then, I will send you off. Wait, I will give this honour to your man. Wang Xi, come and kill your colonel."

'What? Kill?' Without waiting for any longer, Yu Qi rushed to the place. When she had arrived there, she could see that there were a lot of people who had surrounded a weak Long Hui leaning on a tree. His body looked very bloody. His face was very pale.

Yu Qi approached Long Hui, ignoring all the people around.

"Brother Hui." Yu Qi looked at his wounds. 'Oh, My God. There are a lot of gunshots on his body.'

"Qi... Qi... What... How..." Long Hui could not finish his speech since he was very shocked to see his beloved Qi Qi in front of him right now. He also thought that he might be having illusions since he might die soon.

"Brother Hui, don't worry. It will be fine." Yu Qi gave a gentle smile. She waved her hand which indicated something.

"Oh, what do we have here?" There was the same voice that Yu Qi had heard earlier.

Yu Qi turned to face the people around. The people were stunned as they saw an extremely beautiful girl in front of them.

"Oh, beauty. Where have you come from?"

Yu Qi could see the man who had talked to her. It was a tall man with a handsome look. But compared to Long Hui and Qin Xia, he lost.

"Are you the one who has made my man look like this?" Yu Qi narrowed her eyes. She was already ready to kill. She was super mad. Her man was injured like that.

"What do you think you can do if I say I'm the one?" The man with a handsome look said.

"You have said that you will send him to the Hades Gate, right, but now the one who will fully enter the Hades Gate will be you." Finishing her sentences, Yu Qi used her speed and appeared in front of the man and stabbed him straight into his heart.

The man was very shocked as he lost his strength when the girl pulled her dagger out. He slowly fell onto the ground. He could not believe that in the end, he lost his life to a girl like this.

Yu Qi did not even blink her eyes when she killed a man. She gave off a cold and terrifying smile when she saw the look at the man's face.

"What are you all doing? Kill this wretched girl."

With this, the people had brought out their guns and aimed at the girl.

"Aoi, help me kill them." Yu Qi ordered.

The people were shocked as they looked around searching for the girl's partner. But nothing was found. Suddenly, a scream could be heard. Their fellow had fallen onto the ground with his missing neck flesh.

Aoi spat out the flesh that he bit off. The taste was not so good. He thought if his master would cook the meat, it would be awesome.

'Aoi, don't even think about that.' Yu Qi responded through the telepathy.

Somehow Aoi let Yu Qi knew his thoughts.

'Okay, Master. I prefer Master's food more.' Aoi grinned.

The people were stunned as the dog grinned.

"Kill them."

The battle happened. Yu Qi and Aoi fought against the men. Yu Qi took the guns belonged to the dead person and used it. She basically let her anger out. When she thought about the wounds on Long Hui's body, she shot two to three bullets on one person.

As for Aoi, he completely played with the men. He tore off one or other part of their bodies. The men continuously screamed as one of their body parts were being torn off. Aoi was having fun.

Chapter 488 - 488: Treat Long Hui

Yu Qi finished dealing with those men about one hour later. Yu Qi remembered that Long Hui was badly injured so she wanted to settle it faster, but turned out the men were very good. With Aoi's help, she had managed to finish them up.

"Master, this man seems to be their leader. However, he is about to leave this place. So, I will catch him." Aoi talked to Yu Qi without telepathy.

Yu Qi looked at Aoi. "Aoi, you can not talk normally without telepathy."

"Oh, I forget," Aoi said.

However, Yu Qi did not mind since all of them would be killed after this.

The man was very startled as he heard the dog talking in human language.

"We are going to question him so, don't kill him yet." Yu Qi glanced at the man.

"I understand, Master." Aoi nodded.

His master probably wanted to know about this group's identity. So, she needed this man to extract some information.

The man no longer had the scared look on his face and he was smiling.

"This world does have some strange things. You are the proof." The moment he had finished the sentence, he bit something inside his mouth. Suddenly some white bubbles were formed in his mouth.

Yu Qi quickly grabbed his face. However, it was too late. The man had already died. He bit some poison inside his mouth. This man had accepted death? instead of giving some information.

Yu Qi wondered who was the person behind this man.

Putting this matter behind, Yu Qi quickly approached Long Hui. Long Hui had already lost his consciousness.

"Aoi, let's go in." Yu Qi said.

Yu Qi grabbed Aoi and brought them into space.

When they all had entered the space, Yu Qi quickly went to the pagoda where the hospital was. She needed to do an operation on Long Hui right now. Yu Qi asked for the theatre. The operation theatre had already been prepared for her.

She knew that this surgery would be very tiring since she did not have an assistant to help her. Everything depended on her.

Long Hui received about 15 gunshots on his body. Those were not in fatal areas. That group wanted to torture Long Hui before sending him to the door of death. Yu Qi grinded her teeth as she thought about it. Both of her hands worked very fast to tackle those wounds.

The process included bullet removal and sewing the wounds. She also did the blood transfusion since Long Hui had already lost so much of his blood due to the bullet wounds.

Bo Ya and Aoi stood nearby, in case their master needed something, they would be her helper. Yu Qi spent about 5 hours to treat Long Hui.

After completing the surgery, Yu Qi could barely stand up. Her legs felt very weak. She managed to walk away from the room.

"I will go to rest first. Bo Ya, Aoi, please take care of him. If something unusual happens, please call me, okay?" Yu Qi said in a weak voice.

"Master, you don't need to worry about that. We will take care of him." Bo Ya nodded.

"Yes, master. You can focus on resting." Aoi added.

Yu Qi went to her room. She took a bath. She did not want to rest with the smell of blood. After that, she climbed her bed. Once she put her head on the pillow, she started to relax and dozed off, as she finally fell in deep slumber.

The two little cuties stood together looking at the man who laid down on the bed. They already promised their master to take care of the man so they wanted to do it nicely.

"This is the first time Master bring in someone into her space." Bo Ya commented.

"To think about that, it is true. It is the first time." Aoi said.

"Yeah, he is the man that Master love so much."

"I hope he would not turn out to be the man who would snatch things from Master." Bo Ya said.

"I think he is good for our master." Aoi did not like this man but he treated his master like she was a precious treasure to him.

Bo Ya did not comment anything about that. He was living longer than his current master and Aoi. He knew a lot of humans back there. Once upon a time, even though he did not remember anything about his previous masters but he did remember when one of his previous masters had brought in the person whom he had loved.

At first, the person was very shocked when seeing this space. She could not seem to believe that something like this existed in the world. Later, she turned greedy. She asked his previous master to give this space to her as proof that he loved her.

However, his previous master rejected her. Being rejected by his previous master, she told everyone about the space. This made his previous master become a target of everyone. They wanted to enter the space. His previous master turned into a refugee.

His previous master ran, escaping those people who were greedy about his space. Whenever he went, those people could easily found him. Turned out, the person that he had loved before played some trick to make those people able to track him.

His previous master had been caught by those people. In order to protect Bo Ya and space, he had forcibly broken the contract between himself and space. Bo Ya was crying to see the scene. Bo Ya knew that the price to forcibly break the contract was very bad.

His previous master would turn into a stupid man. He knew that would happen since Bo Ya told him once. But he would not allow those people to use Bo Ya and the space for something bad. So, he had broken the contract. After that, Bo Ya lost track of his previous master.

Bo Ya knew that his previous master had already been killed by those people. Those people did not spare his previous master since he was already useless. That was why he did not believe other humans expect the owner of the space.

Chapter 489 - 489: Where Are You?

After Yu Qi woke up, she went to see Long Hui. Long Hui was still unconscious. Her two little cuties turned over when she had stepped into the room.

"Master." The two of them ran to her.

"You must be tired of watching over him last night. I will cook something for you. Just wait, okay. I will call you after the food is ready." Yu Qi smiled at her two little cuties.

"Okay, Master." The two little cuties responded simultaneously.

The food was still a good reward for both of them since they were food lovers.

Yu Qi went to the kitchen. She decided to cook sweet and sour beef, crispy and spicy fish and chicken porridge. After two hours of cooking, the dish was ready. She called the two little cuties over. As soon as they heard that the food was ready, they ran over to the kitchen and pounced on the food.

Yu Qi smiled seeing this scene. She walked over to the room where she had left Long Hui. After a good rest, she had already got the energy. Yesterday, after fighting with a group of men, she also used her energy to operate Long Hui making her body became very weak.

Yu Qi looked at Long Hui who was in a deep sleep. She checked his condition. Nothing was wrong with him. She took a relief breath. He was in a stable condition. She just needed to wait for him to wake up.

Yu Qi bet that he would be very surprised when he woke up later. He would be wondering what and where this place was. Since she had brought him in here, she would explain about this space.

...

The three days passed for the outside world. Long Hui was still unconscious. The three of them took turns to take care of Long Hui. Yu Qi did not get out of her space during that time.

As for the people in the military compound, they were having a hard time. Long Hui and Yu Qi were missing for three days. Ren Qian Yi had brought people to go and find them at the place where the battle had taken place but the two of them were not there. Only the things left there was the body. Well, not body but bodies.

There was a lot of human bodies left. They were brutally killed. Some of them had their flesh bit off, at the neck, the legs and every part of the body. The scene was very disturbing. Some of the soldiers could not hold back and vomit.

All of the bodies belonged to the group that had fought with Long Hui's soldier. There was no sign of Long Hui and Yu Qi. Ren Qian Yi expanded the search area and found the captain and some of their soldiers. But they had also been murdered. They were shot multiple times.

As for the spy, Ren Qian Yi already knew who was him. It was Wang Xi, one of the soldiers at the military compound. His body was found among dead men. He was wearing the same uniform as their group. The reason why Wang Xi had betrayed them was still unclear.

His comrades did think that he was acting very weird lately. They asked him about it. But Wang Xi had just dodged the question by saying that it was nothing.

Ren Qian Yi asked the soldiers to bring all of their comrades' bodies to the military compound for the proper burial. Ren Qian Yi called all the families of the deceased and gave them a proper explanation. He also asked the soldiers to bring back Wang Xi's body.

All of the deceased's families were indeed sad but they were also proud when they knew that their family members had died while protecting their nation.

As for Wang Xi, Ren Qian Yi and two of the military officers went to his family's house. His family members seemed to be surprised by the sudden visit. Ren Qian Yi explained the situation to them. Wang Xi's mother fainted on the spot as Ren Qian Yi told them about Wang Xi's betrayal.

Meanwhile, Wang Xi's father seemed to know something. He told Ren Qian Yi about the strangeness of his son's behaviour during three months ago. He told that his son seemed to be restless about something.

When he asked his son about it, his son just said it was nothing. Now Ren Qian Yi came and told him, he finally understood the strange behaviour of his son. He could not be angry with the military since his son was on the wrong side. He was also a retired soldier. So, he understood this matter very clearly.

Ren Qian Yi gave Wang Xi's body to his family. Wang Xi's father thanked Ren Qian Yi for bringing his son's body back for a proper burial. Even if he was a betrayer of this nation, Wang Xi was still his son. He would bury him.

As for Long Hui and Yu Qi's matter, Ren Qian Yi was still clueless about it. He did not find Long Hui and Yu Qi after long searching. He knew that Yu Qi had gone to find Long Hui on that day. Because the guard soldier at that time told that they indeed saw Yu Qi had gone out as she disappeared from their sight while running. At that moment, the guard soldier did not stop her because they thought that she wanted to get the medical supply because there were a lot of their comrades who were injured that day.

Ren Qian Yi pinched his forehead. The news about their missing could not be covered forever. He might need to inform the military about this.

Chapter 490 - 490: Long Hui Wake Up

Yu Qi finished her training. She had been in her space since she had brought Long Hui in. Long Hui also did not wake up yet.

It was almost 3 days inside the space. Long Hui still did not show signs for waking up. Yu Qi had been monitoring his condition. His condition was getting better. His wounds had also healed up nicely.

It was better if he did not wake up this earlier. He needed some good rest to heal his wounds. So, it was better to sleep more.

"Master, I'm hungry." Aoi made a pitiful face.

"Okay, okay. I will be cooking for you." Yu Qi was helpless when Aoi made that pitiful face.

During her stay in the space, she cooked breakfast, lunch, and dinner for the greedy cuties. Luckily for her that she had already stocked up the fresh supply ingredients in her space.

.....

There were some voices talking around him. He thought that it was some kids who were playing around. But this place smelled like a hospital ward.

He forced his eyes to open. The light shined into his eyes. He turned to the voice. He could see a boy in age around three to five was playing with a dog. He knew that dog. It was his beloved Qi Qi's pet.

He remembered that he was about to die until... 'Wait, Qi Qi, she has come to me. Where is she?' Long Hui forced his body to stand up and wanted to find his beloved Qi Qi.

"Argh..." It was very painful that he made some sounds.

That sounds made the boy and the dog to turn around, looking at his direction.

Then...

"Oh, he has woken up." The dog talked.

"You can go and tell Master about this. She must be happy to know that he is waking up since she seems to be eager to see this man." The boy said.

"Roger." The dog saluted the boy and ran out of the room.

"You need to lay back. Your wounds will open if you stand up. That will make Master sad." The boy turned to Long Hui.

Long Hui was speechless. Just now, he heard that the dog talked to the boy. The boy did not seem to be surprised about that. Like he had already talked with the dog before.

'Does this mean that I am already dead ?' Long Hui just stared at the boy.

Suddenly Long Hui heard footsteps running towards the room. Long Hui turned to the door. Appeared behind the door was the person that he had really wanted to see.

"Brother Hui." Yu Qi rushed to Long Hui.

Yu Qi hugged Long Hui gently. She knew that the wounds had still not healed completely.

"Brother Hui. You are awake." The tears that Yu Qi had held back three days ago fell down like a stream. She cried over Long Hui's chest.

These tears were the tears of joy. She did not cry for three days since she had finished the operation on Long Hui.

Long Hui only let his beloved Qi Qi release her feelings. He was kind of understanding Yu Qi's feeling right now.

"Your wounds, do they still hurt?" Yu Qi looked up after crying for about 15 minutes.

"It is tolerable." Long Hui said.

It was tolerable since he was already used to the pain like this. The pain was worth it.

"Master, can I eat now?" Aoi suddenly interrupted the lovers' talk.

"Oh, yeah. You can go and eat now." Yu Qi said to Aoi and Bo Ya.

"Thank you, Master. We will go first." Aoi said happily.

Bo Ya also left the couple alone.

Long Hui blinked several times as he heard and saw that Yu Qi talked to her dog in human language. 'Did I die together with Qi Qi?' Long Hui could not help to think that way.

"Qi Qi, did you just talk to your dog?" Long Hui asked carefully.

"Oh..." Yu Qi forgot that Long Hui was here when she had talked to Aoi just now.

Bo Ya had already explained to her that when she in the space, she had to talk with Aoi and without telepathy. Only outside the space, they could choose whether to use the telepathy or not.

Well, since Long Hui was already inside the space, Yu Qi thought that she should tell him about the space, Bo Ya and Aoi.

Seeing his beloved Qi Qi struggle to explain about it, Long Hui changed the topic. "By the way, where is this place?"

"I will tell you later about it. Before that, you need to eat first." Yu Qi remembered that Long Hui had already slept for about three days. Even if she gave him IV drip, it would be not good for him. It was better for him to eat some food first.

When his beloved Qi Qi mentioned about food to him, he felt that he was very hungry. His stomach gave some reaction by letting some sounds out.

Hearing the sounds from Long Hui's stomach, Yu Qi chuckled. "See, your stomach agrees with me."

Long Hui smiled. "Okay."

"I will prepare some porridge for you. It is better for you to eat that first before eating some solid food." Yu Qi said.

"Okay." Long Hui could only agree with his beloved Qi Qi right now.

"Alright. I will go and cook it first." Yu Qi left the room.

Yu Qi quickly went to the kitchen to prepare the porridge for Long Hui.
