

INTELLIGENT 501

Chapter 501 - 501: Her Childhood

It was the first time that Yu Qi had dinner with Grandpa Mu alone. Yu Qi remembered that she always ate the dinner with Grandpa Mu. After Grandpa Mu had brought Yu Qi back into the Mu Family, his other grandchildren had started to spend less time with Grandpa Mu making the old man feel very lonely. So to make her grandfather happy, she always ate dinner with him.

"Tell me about your life." Grandpa Mu's voice had brought Yu Qi out of her thoughts.

"My life?" Yu Qi confused.

"I want to know about your childhood." Grandpa Mu said.

Grandpa Mu had already investigated about Yu Qi's life. He felt very angry when he read about it. But he still wanted to hear about it from Yu Qi's own mouth.

Yu Qi's face slightly stiffened. Grandpa Mu noticed that.

"If you don't want to talk about it, then it is fine." Grandpa Mu waved his hand.

"No, I will tell you, grandpa."

Yu Qi began to tell Grandpa Mu about her childhood. She told him from the start that she was left alone in front of the orphanage. The owner of the orphanage pitied her so he took her into the orphanage.

One month after that, the Wang Family came and adopted her. When Yu Qi told the reason why the Wang Family had adopted her, Grandpa Mu's expression changed. It was because of such a foolish reason that she had been adopted. Yu Qi was adopted because she would be a shield to the Wang Family's children from their bad luck.

"Bad luck?" Even though Grandpa Mu was a rich man, he was an old man. The old people tended to believe something like that.

"Yeah. But nothing happened." Remembering these memories now, Yu Qi felt nostalgia.

Yu Qi continued to recite her life. How she had started to learn to cook, doing the Wang Fu Ya's homework, how she had to earn her own money to pay her school's fee. Everything that she had gone through while being the adopted child of Wang Family.

Grandpa Mu felt that it was ridiculous. That family had treated his granddaughter like a slave.

"But things started to change." Yu Qi started to smile.

Yu Qi continued her story. She felt that she had enough of the Wang Family. So, she packed her luggage and ran away from their house. She was reciting the moment how she had met Grandpa Tang. That was a big turnover for her. She became his disciple and granddaughter. After that, things started to get better and better.

Grandpa Mu smiled. It must not be easy for the girl to make the decision to run away from her house. His granddaughter probably had suffered too much that she could not hold back anymore.

Yu Qi began to tell Grandpa Mu about her business and assets. Grandpa Mu nodded. His granddaughter really had a business mind.

"Why are you study to become a doctor?" Grandpa Mu asked. Not like he did not like that but it felt waste for a girl like her to become a doctor.

"Because I like it." The reason was simple. She liked it.

There was a time where she was still at the Shiwa Town studying about the herbs with Grandpa Tang. That time, she was just interested in studying the herbs. She did not have any intention to become a doctor.

One day, an old woman came running to the shop calling for help. Grandpa Tang quickly went to see them. In her arms, there was a boy that looked very pale. The old woman asked Grandpa Tang to look at the boy while crying.

Grandpa Tang diagnosed that the boy had a poison reaction. Grandpa Tang worked very fast on detoxifying the poison using the herbs. Half an hour later, the boy started to feel better. The old woman thanked Grandpa Tang for saving her little grandson. After the incident, Yu Qi was interested in becoming a doctor.

The two of them chatted happily for a long time.

.....

"What? Father had a meeting with that girl?" Mu Li Zei stood up after hearing the report from the men whom he had planted beside his father.

"Yes, Sir. They are currently having dinner at the hotel where Miss Tang is staying." The man informed Mu Li Zei.

"I see." That was the only thing which Mu Li Zei could say.

The man could not understand what his boss had meant by it. "What should we do next?" As an employee, the man had to know what his boss wanted to do.

"Investigate the aim of their meeting." Mu Li Zei said.

The man changed his expression slightly. His boss's order was hard to complete. But he had to complete it if he did not want to die. Remembering what had happened to his colleagues, he shivered.

"I will find out about it." The man said.

"Okay." Mu Li Zei ended the call.

Mu Li Zei sat in the study thinking about his father and that girl. He had already confirmed that the girl was not related to his father.

But now, his father was meeting with that girl. For what reason? He could not think about it. 'Wait. Does the father have an interest in her since she has that face which he loves? No... No.. Father will not have any interest in a young girl.'

Mu Li Zei kept denying his thought. Suddenly someone came into his study room. He heard a crying voice.

"Husband, please look at Rong Xie. She does not eat at all." Su Yu Qing came in the room while sobbing.

Mu Li Zei pinched his temple. This problem was still unsolved. Looked like he had to pay a visit to Yu Qi soon.

Chapter 502 - 502: Grandpa Tang Is Here Too

It was a very pleasant dinner for Yu Qi and Grandpa Mu. Their bonding felt much so stronger. Grandpa Mu also touched the topic about Mu Xiao Ye, Yu Qi's real father. He said that Yu Qi was indeed the same as her father. In behaviour and personality.

When Grandpa Mu said that, Yu Qi could detect the sadness on his voice. Grandpa Mu must be missing his son. She really wondered where did Mu Xiao Ye go.

Nevertheless, the dinner was happy for the two of them. When the dinner was over, the two of them stepped out from the room with a happy expression. Grandpa Mu told Yu Qi to go back to her room.

Yu Qi wanted to send her grandfather to the entrance. But it was not a good idea. Someone would make a story in order to destroy her grandfather's reputation. Her grandfather was indeed a great businessman here. Some gossips could destroy human life. She did not want that to happen.

So, she requested herself to leave. If she had time, she would pay a visit to Grandpa Mu.

After seeing his granddaughter leaving, Grandpa Mu changed his expression. From gentle to cold. He was looking at someone. The person who had been looking at them was trembling.

"You dare to betray me?" Grandpa Mu suddenly spoke to the man.

"No... No... Sir..." The man kneeled in front of Grandpa Mu.

"Oh, then, what?" Grandpa Mu showed something on his phone.

The man felt shocked.

"If you are not convinced, I can show a video." Grandpa Mu added.

The man could not say anything.

"Let's back first. After that, drag him to the strange chamber." Grandpa Mu walked away.

The men followed Grandpa Mu while taking the man who had kneeled. The man who had kneeled down could not bring himself back when he heard about the strange chamber. When the men tried to touch him, he wanted to run away.

But it had been prevented by Grandpa Mu's men. Two of Grandpa Mu's men took out their gun and pointed at the right and left side of the man.

They told the man that if he did something else, he would die here. The man became obedient after that.

...

Yu Qi and Ming Xuehai had finished their purpose of visiting Fanghai Nation. So, it was time to leave. Yu Qi went to see Grandpa Su and Su Fan telling them that she was going to leave soon.

As for Grandpa Mu, she just called Grandpa Mu. He said he was going out of station for some business.

Yu Qi and Ming Xuehai left. Arriving at the Binhai Nation, the two of them went separately. Yu Qi went back to the University. She wanted to take some things from her room before going back to the Tang Family Residence.

She took a bus to go back. She was lazy to call her family because she was afraid of troubling them.

Yu Qi also let Aoi come out from the space. Aoi was very happy since he got back with his master.

When Yu Qi arrived there, it was a coincidence that Grandpa Tang was also there too. Yu Qi gave her grandfather a hug.

"Grandfather." Yu Qi was happy to see her grandfather well.

"Yu Qi?" Ming Yue was surprised to see Yu Qi here.

Su Xiao also surprised.

"I'm back." Yu Qi grinned.

"This girl... You should have told us. We would have gone and fetched up." Su Xiao sighed.

"I have arrived safely, right?" Yu Qi was still grinning.

"By the way, what are you doing here, Grandfather?" Yu Qi turned to Grandpa Tang.

"Your grandfather had suddenly shown up yesterday. It was also a surprise for us." Ming Yue answered.

"What? Can't I come here?" Grandpa Tang asked.

"Father has probably felt that his beloved granddaughter would come back here. That is why he has shown up here." Su Xiao laughed.

Grandpa Tang actually calculated Yu Qi's return. Feeling awkward, Grandpa Tang walked away from the living room.

The three women laughed seeing their father in law and her grandfather. The three of them talked for a while until Yu Qi requested to return to her room.

"Master, this is a good chance to tell your family about the Mu Family." Aoi voiced his opinion freely after they were already in the room.

"Yeah. I am also thinking about the same thing." Yu Qi nodded.

Dinner.

All of the Tang Family's members were present except for Tang Jang Qin and Tang Qin Hao. Tang Jang Qin was on duty. Well, as for Tang Qin Hao, according to Su Xiao, she had not seen his son for about three weeks.

She did not worry much about him since her husband told her that their son was fine.

"Little Sis, you are back." Tang Jin Wei said.

"Hmm... How is your love life?" Yu Qi asked.

"Of course, it has been great. I know my way with girls." Tang Jin Wei patted his chest proudly.

"Yeah... Yeah... I wonder who was the man who had come to see me, asking for my help." Yu Qi teased Tang Jin Wei.

"You..." Tang Jin Wei could not argue about that.

"Welcome home, Little Sis." Tang Han Lee patted Yu Qi's head since he was sitting beside Yu Qi.

"I'm home, Big Brother Han Lee." Yu Qi acted like a good little sister.

"No wonder, father has returned back to this house easily. He knew that his beloved granddaughter would be here today." Tang Jung Wen added.

"Of course." Grandpa Tang put a proud look.

They laughed.

Chapter 503 - 503: Reveal The Truth To Tang Family

After dinner, Yu Qi asked all of them to come in the living room. She said that she had something to tell them. So, the family members went to the living room. Tang Jin Wei sensed the tensed atmosphere around Yu Qi. So, he wanted to lit up the atmosphere.

"Little Sis, don't tell me that you already want to get married to Long Hui? You are still young. You should enjoy your life first." Tang Jin Wei said.

"Don't worry. I will marry when I feel it is the right time. You are the one who should get married first. You are getting older." Yu Qi responded.

"Well, you should tell Brother Han Lee first. He is the oldest." Tang Jin Wei replied back.

"Well, I am not worried about Big Brother Han Lee. He is perfect. It is you. Sister Ke Ke probably feels insecure since you had the title of being a playboy." Yu Qi retorted.

Tang Jin Wei had shut down his mouth. He could not win against this girl. But he knew that what she was talking about was true.

The tense atmosphere slowly disappeared as the two people started their bickering.

"Well, Yu Qi, what do you want to tell us?" Tang Jung Wen asked, ending the bickering.

"Actually..." Yu Qi looked at the Tang Family members one by one. "It is about my real family. I have found them." She stopped at Grandpa Tang's face.

"Oh, Little Sis, you have found them. It is good news." Tang Jin Wei was happy for Yu Qi.

Others were silent. After a few seconds, Tang Jung Wen expressed his feelings.

"As Jin Wei has said, it is really good news." Tang Jung Wen nodded.

"How long have you found them?" Ming Yue asked.

"Five months ago." Yu Qi answered.

"It is a long time ago." Su Xiao said.

Ming Yue and Su Xiao were very fond of Yu Qi. They really thought she would be Tang Yu Qi forever. Unfortunately, that could never come true.

"So, you want to go back to your real family?" Tang Han Lee asked the question.

"Of course not!" Yu Qi answered that question with a strong tone.

The family members were stunned as they heard Yu Qi's answer.

"I will be Tang Yu Qi forever." Yu Qi did not have any intention of returning to the Mu Family.

"Eh, is it true?" Ming Yue could not help to ask the question.

"Of course. I like this family, especially, grandfather." Yu Qi grinned to her grandfather.

"You little girl." Grandpa Tang looked at her with unexplainable expression.

"I don't have the intention to leave the family. As I have said, I like this family and want to stay as it's a member. I don't want grandfather to cry over me." Yu Qi had time to tease her grandfather.

"Humph!!!" Grandpa Tang rolled his eyes. This girl really knew how to stir the feelings.

"Little Sis, how have you found them? Who are they?" Tang Jin Wei was curious about it.

"Well, I did some investigation. From the Wang Family, I found out that I had been adopted from an orphanage at Sun City. So, I travelled there to find out more about that. But I found nothing that could help to find my real family. I was told by the director of the orphanage that he had found me at the entrance of the orphanage. He had taken pity on me so he had brought me in. After a few months, Wang Family adopted me. That trace ended there." Yu Qi explained.

"Then how did you find them now?" Ming Yue asked.

"Not like I found them but they found me. Well, I can say he found me."

That was right. She supposed not to know Grandpa Mu.

"He?"

"Yeah. He is my grandfather. He saw my face."

"Your face?"

"My face is very familiar with my grandmother. He suspected that I was somehow related to her, so he secretly took a DNA test."

When Yu Qi told them out about that DNA test, they were surprised.

"DNA Test? How did he get your sample?" Grandpa Tang wanted to know.

A DNA test could be tested if some had a sample from the person itself. Like hair, teeth, nail and blood.

"I went to a hospital since I felt unwell at that time. He asked his friend to take a sample of my blood and asked him to do the DNA test." Yu Qi told them.

"Who is he?" Grandpa Tang asked. That was the important part.

"Well, grandfather, you have met him before." Yu Qi smiled.

Grandpa Tang frowned. 'I have met him before? When and where?'

"A few months ago." Yu Qi gave some more hints.

"A few months ago?" Grandpa Tang thought so far. 'Where did I go a few months ago... Oh, I remember... I went to Fanghai Nation. That Sang Wan Yi had asked a favour to treat someone.'

"Is he Sang Wan Yi?" But Grandpa Tang had met his wife. It was nothing like Yu Qi.

"It is close but nope. It is not him. He is a friend who taken my sample and done the DNA test."

Grandpa Tang thought again. Then he remembered someone. That, someone, gave a strange feeling to him while he was looking at Grandpa Tang and Yu Qi during that time.

"Is he Mu Quang Qi?" Grandpa Tang guessed again.

Yu Qi smiled and slowly nodded.

"When we met him at that time, he already knew that you are his granddaughter?" Grandpa Tang asked.

"Yeah." Yu Qi nodded.

"Oh, no wonder he gave a strange stare to me. You are related to him. But, I will never hand you out to him. You are my granddaughter forever." Grandpa Tang had an arrogant look.

"Father, you know Yu Qi's real family?" Ming Yue asked.

"Yeah, he is from Fanghai Nation."

Chapter 504 - 504: Force Me? They Dare...

"Wow, it is a foreign country." Tang Jin Wei commented.

"Mu Quang Ye? Is he a businessman?" Tang Jung Wen remembered reading some articles about that person.

"Yeah." Yu Qi nodded.

"I see." Tang Jung Wen nodded.

"Oh is our Little Sis from a rich family?" Tang Jin Wei asked.

"He is a good businessman. He has built his own empire from scratch." Grandpa Tang praised. "No wonder, you are good at doing business. You are indeed his granddaughter."

"Yu Qi, you are saying that you will not go back to your real family, is that possible? What if they force you?" Ming Yue could not help but to worry about that.

She already took Yu Qi as her daughter. She would be sad if Yu Qi's real family would suddenly force her to leave the Tang Family.

"Force me? They dare." Yu Qi's lips curved upward revealing a cold smile. "I am already an a.d.u.l.t that is why i can make my own decision. No one can force me. No one."

"Yeah. If their family want to force Little Sis, we will fight with them." Tang Jin Wei nodded to Yu Qi.

"Mom, you don't need to worry. We will protect Little Sis." Tang Han Lee gave his assurance to Ming Yue.

"But is that okay? You are still his real blood granddaughter." Su Xiao expressed her worried.

"He has other granddaughters so it is okay. But his family does not know about my existence." Yu Qi said.

"What? Why?" Grandpa Tang frowned.

"He is doing that because to protect me. As you know that he is a rich man, so his children and grandchildren will be fighting for his wealth. He does not want me to get hurt by them." Yu Qi explained.

"Yeah. They will fight for it." Tang Han Lee nodded.

Some of the rich families often ended up in that situation.

"I see. So, let's end our discussion about Yu Qi's identity." Grandpa Tang ended that conversation.

...

Yu Qi returned to Wenya City. It was still the semester break but since the headquarter of her business was there, Yu Qi needed to go there. Yu Qi stayed in her room at the university.

Qi Qi skincare became a trend in the beauty world. Because the demand had increased, Yu Qi and Su Yu Hi thought it was time to increase the production by renovating the factory to the bigger size. And also Su Yu Hi suggested opening more stores in different cities. Yu Qi approved that.

One of the staff suggested that they should also open an online store. It was easy for the customers to buy the product if they stayed at the place where the store was not available. Yu Qi thought it was a good idea. So she also approved it.

Su Yu Hi found someone who was good in that area and hired him to set up the online store. He also hired several people that could manage this online store.

Yu Qi did not forget about her investment company. She looked at the profits that she has got by investing in the market. She also invested in several companies that she thought was worth it.

Song Tai was happy when Yu Qi told him that they would be going to renovate the factory. He thought it was a good idea to make the factory bigger than this since the demand increased day by day.

One day, Yu Qi received a call from Long Hui. She did not hear from him for about one month. She was kind of missing him. She remembered that he had told her that he would be going on the mission. She guessed that he just returned from it.

"Qi Qi." Long Hui's voice seemed to play nicely into Yu Qi's ear.

"Brother Hui, how are you? Are you okay? You are not injured, right?" Yu Qi was very concerned about Long Hui's wellbeing.

He was a soldier. Going on the mission would be dangerous.

"I have just returned from the mission. I'm fine. Don't worry about me." Long Hui answered his beloved Qi Qi's question. He was glad to hear his beloved Qi Qi's voice.

"I see. I'm glad that you are safe." Yu Qi took a relief breath.

"Where are you right now?" Long Hui asked.

"Well, I am in my room at university." Yu Qi explained.

"Is it not your semester break right?" Long Hui asked. He actually calculated the time for his beloved Qi Qi. So, he knew when his beloved Qi Qi's semester break would start or end.

"Yeah, but I am staying in my room here because of my business. It is safer than to stay outside." Yu Qi said.

"Oh, it is good then." Long Hui agreed. Staying at the dormitory was a lot safer than outside. "Your dog is with you right?"

"Yes. Aoi is with me." Yu Qi glanced to Aoi who was currently resting on her bed.

'Good. He could protect you if something happens." Long Hui said. He always knew that Aoi was not a normal dog.

"Don't worry about me. I will take care of myself." Yu Qi chuckled.

"We will be going to meet later in a few days." Long Hui made a promise.

"Okay. I will wait for you." Yu Qi smiled when Long Hui told that they would be going to meet later.

"Bye, Qi Qi." Long Hui said.

"Bye, Brother Hui." Yu Qi said.

The call ended there.

"Is that Long Hui?" Aoi opened his eyes.

"Yes." Yu Qi nodded.

Aoi just nodded. He knew that only Long Hui could make his master smiled like that.

"We are going to meet in a few days." Yu Qi stated happily.

"So, you will stay at the hotel?" Aoi asked.

Yu Qi felt something was weird with Aoi's question. However, she ignored it. "Yeah. He could not stay here, though."

"I will stay inside the space, then," Aoi said. He already knew that Long Hui would be also staying in the space too.

"Okay, my dear. Let's go inside. I bet Bo Ya must be waiting for us already."

"Master, you have promised that you will cook if I will behave at your company."

"Yeah, my dear. I have not forgotten about that."

Chapter 505 - 505: Mu Li Zei Pay A Visit.

To a surprise, the Tang Family received a visit from Mu Li Zei. He suddenly popped out from nowhere. He requested to talk with Grandpa Tang. Grandpa Tang was not at the Tang main residence but at Shiwa Town.

After receiving the call from Ming Yue, Yu Qi dropped all her works and returned back to Finn City. The Tang Family did not tell Grandpa Tang about this as per Yu Qi's request.

Ming Yue told Mu Li Zei that her father in law was not around. Then, Mu Li Zei requested her to tell where Grandpa Tang was. Luckily Ming Yue did not reveal Grandpa Tang's place.

Mu Li Zei asked Ming Yue to tell Grandpa Tang that he wanted to meet Grandpa Tang and ask him for help. Ming Yue did not have a good impression about this man since her father in law told her about him kidnapping her father in law and Yu Qi in order to ask her father in law to treat her daughter.

Ming Yue just nodded. Telling him that she would pass the message to her father in law.

In the evening, the same day on which Mu Li Zei came to Tang Main Residence, Yu Qi arrived. She already had her own car because Grandpa Tang insisted to give her a car.

Yu Qi met her two aunties.

"He wants to meet Grandfather." Yu Qi narrowed her eyes as she tapped the table with her finger. "I guess his daughter is still not healed."

Yu Qi snorted while she thought about it. That poison could not be treated. It was a formula from thousand years ago. If someone wanted to heal it, they needed to do the research about that. It would take a long time to complete the vial.

"Don't worry, Auntie Ming Yue. I will handle it." Yu Qi gave assurance to Ming Yue.

"I guess he will come tomorrow." Ming Yue said.

That man already gave the attitude that he would definitely meet with Grandpa Tang. Yu Qi also thought that he would not leave until he managed to meet with Grandpa Tang.

Yu Qi would never allow him to meet with her grandfather. She was afraid that he would make the move like the one he made before.

It would be too dangerous. She would not allow that to happen. She would protect the Tang Family.

Yu Qi gave a call to Long Hui telling him that she was back at the Finn City. Long Hui understood Yu Qi's matter. He offered his help if she needed. She thanked him but she said that she would handle it on her own.

The next day, Mu Li Zei still came. Yu Qi received him. She invited him to the living room. The maid served them some soft drinks.

"Miss Tang, long time no see." Mu Li Zei analysed the girl who was sitting in front of him. He indeed felt impressed with this girl.

"Mr Mu, I know what you want. But my grandfather will not treat your daughter." Yu Qi stopped Mu Li Zei's approach.

Mu Li Zei's expression slightly changed. 'This girl really does not give me any face.'

"Miss Tang, I apologize for my rude behaviour for the last time we met. But I sincerely ask for your grandfather's help. I will pay nicely to your grandfather." Mu Li Zei said in a humble tone.

"My grandfather is already an old man. We do not want him to stress himself much. You should know that your daughter's illness is a strange one. It would need some research." Yu Qi blocked Mu Li Zei again.

Mu Li Zei's eyes twitching. 'This girl really does not want to accept my request.'

"However, I'm interested in your daughter's illness." Yu Qi said.

That sentence made Mu Li Zei stunned as he looked up to Yu Qi. The girl still wore the same expression as she first sat in front of him just now.

"You?" Mu Li Zei realized that he was staring at Yu Qi spoke.

"Yes. You probably don't know. I'm a disciple of my grandfather. He has taught me everything that he knows." Yu Qi gave a faint smile.

Mu Li Zei did not respond immediately. He did investigate this girl's education and background. She was indeed studying the medical course.

"This is one of my research about your daughter's illness." Yu Qi put one small vial onto the table.

"This is..." Mu Li Zei's eyes opened widely staring to the small vial.

"This is the prototype of a cure for your daughter's illness." Yu Qi said.

"Prototype?"

Yu Qi nodded. "I managed to get some sample of your daughter's wound and did some research on it. However, it is just a prototype. I am not sure whether it would work on human or not. I need some sample to do some more research on it."

"You mean?" Mu Li Zei understood Yu Qi's meaning but he still wanted to ask about it.

"I want some of the wound from your daughter." Yu Qi said.

Mu Li Zei was once again in deep thoughts. This girl meant that she needed to research about the wound. So she needed the sample. But the wound needed to be collected from his daughter. He was afraid that it would be difficult for her since Mu Rong Xie was very agitated if someone approached her. Even when she was in sleep, she would wake up.

"Well, you can try this medicine on one of the wounds." Yu Qi pushed the vial to Mu Li Zei.

"Is this medicine tested?" Mu Li Zei asked.

"It is tested on the animal that has the same type of skin as that of a human." Yu Qi made a lie with open eyes.

The vial actually contained the antidote that she already modified. The effect would make the wound heal, not completely healed.

"This..." Mu Li Zei hesitated whether to believe this girl or not.

"Well, if you don't want it, then it is okay. But please leave. We will never allow you to meet my grandfather." Yu Qi urged Mu Li Zei.

"Okay. I agree. You can get the sample but you have to do on your own. Others are already afraid of approaching my daughter." Mu Li Zei finally agreed about that.

"Don't worry, Mr Mu. I will try my best in treating your daughter. After all, we are acquaintances." Yu Qi's lips curved upwards.

Mu Li Zei felt restless when he saw the smile on Yu Qi's face. He did not know why he felt that way. If it was old him, he would not even sit down and have this kind of talk with Yu Qi. Because he already tried everything and it did not work at all, so he had put the trust onto the young girl in front of him right now.

"You can return first. Remember to apply the medicine around the wound. Just one wound. And tell her condition after two days."

"Okay, " Mu Li Zei stood up and requested to leave.

Yu Qi just nodded.

Chapter 506 - 506: Help Rong Xie?

"Did he already leave?"

The two aunties that stayed at the garden stood up when seeing their niece walked towards them.

"Aunties, I'm okay. He was not hard on me since he is in our territory."

"Then, how did you settle him?" Su Xiao said.

"I told him that my Grandfather is already old and needs some rest. He would not involve in this anymore." Yu Qi smiled.

"Did he buy it? He seemed hard to convince." Ming Yue asked.

"Of course. Even so, I expressed that it is hard and telling him that I can treat her daughter." Yu Qi told the two of them.

"You will treat his daughter? Can you do it?" Not like Su Xiao did not believe in Yu Qi but sometimes it needed confirmation from that person's own mouth.

"Auntie Su Xiao, I learn from the best." Yu Qi lifted up her face.

"Yeah. I forget about that." Su Xiao laughed.

"But Yu Qi, if your grandfather hears that you said he is already old and needs some rest, I bet he will catch you and make you listen to his lecture about how strong his body is." Ming Yue also laughed.

"I can imagine that." Su Xiao continued to laugh.

.....

Not long after that, Yu Qi received a call from Mu Li Zei. He told Yu Qi that the medicine did help improve Mu Rong Xie's condition. One of the wounds on which Mu Li Zei applied the medicine on it looked better than others.

Seeing this result made Mu Li Zei believed that Yu Qi might be able to treat his daughter. Yu Qi responded that it would be successful since it was her research. However, that wound would return back to its original state after a week. It had been informed to Yu Qi. Mu Li Zei invited Yu Qi to come to Fanghai Nation to treat his daughter.

Yu Qi did not immediately agree with it. She told him that she was a student and busy with her own business. Her semester break was going to end soon so, she had to return to her study. She could not casually go to Fanghai Nation.

At first, Mu Li Zei wanted to force her but thinking she was the one who probably could treat his daughter, so he held back. He told her that she could come whenever she was able to.

Mu Li Zei ended the call.

"How? Will she come?" Su Yu Qing had also been there listening to Mu Li Zei. She was happy that finally her daughter would be cured.

"No." Mu Li Zei was not in a good mood so it sounded that he was angry.

"What? She would not come? Why? She needs to come and cure my daughter." Su Yu Qing became agitated. She started to shout.

"Shut up!" Mu Li Zei banged the table in front of him making Su Yu Qing keep her mouth shut.

"Father, why is that person not coming here?" Mu Yian calmly asked her father.

"She is busy." Mu Li Zei said.

"Father, we can increase the amount of the reward if she thinks it is not enough." Mu Yian thought that it was probably a doctor who had demanded a high price for her treatment.

It was because Mu Li Zei did not tell them who that person was. Mu Li Zei told them that he would be going to Binhai Nation to meet Grandpa Tang. Mu Li Zei also already informed them that Grandpa Tang did not work anymore and would not treat anyone.

After that Mu Li Zei returned with a vial. He asked Su Yu Qing to rub it around the wound. At first, nothing changed. The next day, when Su Yu Qing came and took a look at Mu Rong Xie, she noticed that wound had changed a little. She was very shocked when she saw that change.

Su Yu Qing quickly called Mu Li Zei and told him about that. Mu Li Zei went to the hospital to see her. When Mu Li Zei saw that, he was very worried. In his heart, he did not believe that such a young girl could develop something while none of the experts could do it.

"Father... Father..." Mu Yian waved her hand in front of Mu Li Zei since her father did not answer her question. And her father seemed to be in deep thinking.

Mu Li Zei finally gave a response to Mu Yian by looking up at Mu Yian. "What?"

"I suggest that we can give a high reward to that person if she can treat Rong Xie. Rong Xie has suffered a lot from this strange illness." Mu Yian said.

"Yian, this person's identity is not that simple." Mu Li Zei sighed.

"Not simple?" Mu Yian was curious about that person's identity when her father mentioned like that.

"Yeah. She is Tang Yu Qi." Mu Li Zei revealed the truth to Mu Yian.

"What? It is her?" Mu Yian was stunned to know about that. "How..."

"She has blocked me from meeting her grandfather. Then she told me that she has done some research about Rong Xie's illness and has given me a small vial." Mu Yian explained.

"I see." Mu Yian nodded several times. "Then, why can't she come here to treat Rong Xie?"

"She is busy. She is also a student. She told me that her semester break would end soon, she would have to return to her study." Mu Li Zei said. He could not say anything since they were the ones who wanted to ask for her help.

Mu Yian also could not say anything. She did not believe that Yu Qi did not want to help just because of her study. It must be something else.

Chapter 507 - 507: Gave Them Dog Food

"Yu Qi, someone from Bai Group wants to meet with the founder of Qi Qi Skincare." Su Yu Hi suddenly brought out the topic after meeting with staff.

"Bai Group?" Yu Qi stopped in her steps and narrowed her eyes.

"Yeah. They probably want to discuss a deal with us." Su Yu Hi made a casual remark.

Yu Qi chuckled. "They are dreaming."

Su Yu Hi also chuckled. "They are for sure dreaming. I will reject them."

The staff looked at the Yu Qi and Su Yu Hi. Both of them were wearing the same expression on their faces. Then the staff looked at each other. After working for quite some time with Yu Qi and Su Yu Hi, they knew that the two of them had the same thoughts about handling the business.

"I will go to Fanghai Nation for about three days." Yu Qi informed Su Yu Hi.

"Is there any problem with greenhouse construction?" Su Yu Hi had already read the report that Yu Qi had written while visiting Fanghai Nation not long ago.

"Oh, no... It is my personal matter." Yu Qi denied it.

"Oh, okay." Su Yu Hi would not probe much about the girl's personal matters. "Who will accompany you?"

"Don't worry about her. She will be safe with me beside her." Long Hui came forward and stood beside Yu Qi while his hand shamelessly resting on her waist.

"I see. Well, then, enjoy your trip this time." Su Yu Hi lifted up his file and made some movements before he left the love birds.

"Ah, Brother Hui, what are you doing here?" Yu Qi was very surprised to see Long Hui here.

"Of course, to surprise you." Long Hui grinned. "Do you miss me?"

"Of course. Day and Night, I am just thinking about you." Yu Qi also grinned.

"Then, let me give you some reward." Long Hui bent down and gave a quick kiss.

He then saw the unsatisfied expression on Yu Qi. He bent down again. This time, near Yu Qi's right ear.

"Don't worry. I will give some more. But only when two of us are present. Right now...." Long Hui looked around.

Yu Qi also looked around. 'Ah!!!' Actually she had forgotten that they were still in the middle of the office with her employees standing around her and watching them. Some of them showed a shocked expression on their faces.

The employees who were watching all of the things had very mixed feelings. One, they were very shocked when a handsome man walked into their office. Two, they even felt stunned as the man casually kissed their boss. And third, they felt that they had been fed with dog food.

"Cough... Cough... Continue your work." Yu Qi faked some cough to cover the embarrassing feeling.

Yu Qi pulled Long Hui and walked out from her office.

After Yu Qi and Long Hui were out of their sight, the employees were excited to talk among them.

"Kyaaa!!! What a PDA!!!"

"Our boss is very cute when she is with her boyfriend."

"Yeah, we have usually seen her with a serious expression. Just now was very epic."

"Her boyfriend is also quite domineering."

"I like our boss's expression just now when she shows unsatisfied expression with the kiss."

"It is totally a moe."

"I'm full of their dog food."

"I should record this scene. I regret."

Yu Qi's employees were chatting more about her and her boyfriend. It was a hot topic among them.

"It is so embarrassing." Yu Qi said after they were out of the office.

"Embarrassing? What?" Long Hui acted the ignorant.

"You kissed me in front of my people." Yu Qi pouted.

"I have kissed you in front of people before." Long Hui replied.

Yu Qi could not retort back because he was right. But it was still embarrassing. They were her employees.

"What? You don't like my kiss anymore?" A question from Long Hui made Yu Qi looked up at Long Hui.

"Of course not. I like it... No, I love it." Yu Qi answered him quickly. The moment she finished that last sentence, her blood rushed to her face. Yu Qi closed her face using her hand wanted to hide her red face.

"I'm actually glad my beloved Qi Qi loves my kiss. I should do more then." Long Hui pulled Yu Qi's hands which was hiding her face and gave a deep kiss to her.

It was a very deep kiss that Yu Qi thought could suck her soul. Yu Qi let Long Hui's tongue to play with her tongue before letting out some m.o.a.n. Long Hui attacked Yu Qi more when he heard the m.o.a.n from his beloved Qi Qi.

After 15 minutes, only then, Long Hui let his beloved Qi Qi go. Yu Qi was catching up her breath.

"Satisfied?" Long Hui asked.

Yu Qi could not feel angry with that question since deep in her heart, she was very happy receiving the kiss.

"Let's go somewhere. We can have our date now." Long Hui suggested.

"Okay." Yu Qi agreed.

"So, what's about the trip to Fanghai Nation?" Long Hui opened the topic that he wanted to know.

He could not help to feel worried about his beloved Qi Qi since they had been attacked by their local gang.

"Its purpose is to treat someone." Yu Qi smiled.

"Oh, then let's go together." Long Hui nodded.

"Eh, together?" Yu Qi stared at Long Hui foolishly.

"I have told that man earlier that you will not be in any danger if I come with you." Long Hui caressed his beloved Qi Qi's cheek.

"Oh, then, what about your work?" Yu Qi asked.

"I have taken a holiday." Long Hui quickly answered it.

Yu Qi did not seem to believe that. However, Long Hui would not let her go alone.

"Okay. Let's go together." Yu Qi finally agreed.

Chapter 508 - 508: An Abandoned Child

As planned, Yu Qi and Long Hui took a flight for Fanghai Nation. Long Hui insisted to take the first-class seat as he was worried that Yu Qi would not be comfortable with the economy or business seat.

Yu Qi sighed. This man spoiled her too much. Well, not like she did not like it. It was true. The first-class seat was very comfortable. And the service was also the first class.

The flight attendants would sometimes glance at Long Hui. Long Hui did not pay any attention to them as he was busy attending his beloved Qi Qi's needs.

"Are you comfortable?"

"Do you want some drink?"

"Are you tired? You can sleep."

Long Hui asked many questions.

"Brother Hui, I think you can be a flight attendant too." Yu Qi chuckled after hearing the question from Long Hui.

"Qi Qi, I will be going to attend you for my whole life." Long Hui replied.

Yu Qi shyly smiled. Long Hui made the oath.

"Please remember those words forever." Yu Qi reminded.

"Don't worry. I will." Long Hui smiled.

After a night flight, both of them arrived at the Fanghai Nation. It was early in the morning. So, they decided to check-in at the hotel first and take some rest before meeting with the Mu Family. Yu Qi had already informed Mu Li Zei that she would come to collect the sample in the afternoon.

....

Mu Li Zei just finished the meeting. It had been for a while since he met with his younger brother, Mu Li Zin. Mu Li Zin seemed to lay down for quite some time.

"Where did you go this time?" Mu Li Zei asked Mu Li Zin.

"Europe. It is a very good place to take a holiday." Mu Li Zin answered.

"You should visit your mother later." Mu Li Zei said.

"No need. In her eyes, you are the only one." Mu Li Zin humped.

Their mother loved his older brother. Because she had placed her wish on him. And also because his older brother was a very smart man. In another word, very scheming person.

"It is your choice." Mu Li Zei did not pay much attention to Mu Li Zin.

"By the way, Brother, did your daughter fell into the strange illness?" Mu Li Zin smiled.

Mu Li Zei did not answer it. He was sure that he blocked the news about that.

"What illness?" Mu Li Zin assumed it was true since his brother's expression changed as soon he mentioned that.

"Mind your own business." Mu Li Zei growled to Mu Li Zin.

"Okay... Okay..." Mu Li Zin stopped asking about it.

Mu Li Zei left Mu Li Zin behind. Mu Li Zin let his brother leave. Their relationship was not a normal brotherhood relationship. More like the princes who fought for the seat of the throne.

Their mother placed her hopes on Mu Li Zei. So, she extremely cared about Mu Li Zei. Only like she did not care about Mu Li Zin but she did not hope anything from him.

As for his father, Grandpa Mu did not care much about Mu Li Zin. Grandpa Mu only cared about his eldest son. The eldest son who had gone missing for a long time ago.

So, he had been an abandoned child. What he wanted from his parents was their recognition. That was why he wanted to strike everything that he could do.

When Mu Li Zin heard about the rumour that Mu Rong Xie was sick, he did some investigation. Turned out, Mu Rong Xie ended up in that situation because of the drug.

Mu Li Zei had a drug business and somehow her daughter was addicted to that drug. That was hilarious. Mu Li Zin laughed so much when he found out about that.

Mu Li Zin also heard that Mu Li Zei went around to find a doctor that could treat his daughter. But still did not succeed. None of the doctors could treat Mu Rong Xie's illness. Even the best doctors in Fanghai Nation did not succeed in treating Mu Rong Xie.

Knowing this, Mu Li Zin felt happy. His brother always looked down on him. So, when something like this happened, he was indeed happy for a little bit.

Mu Li Zin returned to his house. His wife was dozing off on the sofa.

"You are back." Mu Li Zin's wife, Jiang Na Na woke up from her sleep.

"Where is Man Su?" Mu Li Zin looked around did not see his daughter.

"In her room. Probably sleeping." Jiang Na Na said. "How about your day?"

It was a while since her husband went to work.

"Great. The rumour about Rong Xie is true. She has really caught some strange illness because of having the drug." Mu Li Zin told her.

"Really? That is great then. That Su Yu Qing liked to look down on me because of her child. She always likes to brag about her daughters telling me that her daughters were very beautiful and smart. Like our daughter. When I heard that, my rage has been boiling up. It has been very frustrating since I can not fight back.

Your mother has also loved her daughters very much but has not paid much attention to my daughter. Thinking about that again, make me very very unhappy." Jiang Na Na expressed her feeling.

"Let's go and visit our beloved niece." Mu Li Zin smirked.

"Yeah. We should celebrate." Jiang Na Na laughed.

"As a good uncle and aunt." Mu Li Zin added.

"Yeah." Jiang Na Na nodded.

Chapter 509 - 509: What A Rude Girl!

"What are you doing here?" Su Yu Qing shouted angrily at the couple who had suddenly popped out of nowhere.

"Sister in law, we just want to visit our niece." Mu Li Zin smiled.

"That's right, Sister Yu Qing. Look, I have brought some fruits for Rong Xie." Jiang Na Na lifted up the fruit basket in her hand.

"Humph!! We don't need it." Su Yu Qing rolled her eyes.

"Sister In Law, we just want to visit her, that's all." Mu Li Zin said again.

"Leave. I will not let you disturb my daughter's rest." Su Yu Qing would not let those people see her daughter. Not in this terrible state. They would make fun on it.

"What's going on here?" Mu Li Zei walked towards them.

"We have heard that Rong Xie is sick. So, we want to visit her." Jiang Na Na answered on her husband's behalf. "Right, Husband?" She turned to Mu Li Zin. However, she saw Mu Li Zin looking froze with his eyes widely opened.

"You are a ghost." Mu Li Zin pointed at the person behind Mu Li Zei.

The person behind Mu Li Zei was Yu Qi. She came together with Long Hui. She narrowed her eyes when someone pointed his finger at her and shouted 'ghost' at her face.

"Mu Li Zin, you better watch your language. She is my guest." Mu Li Zei glared at Mu Li Zin. He would not let Mu Li Zin ruin the whole thing. It was difficult enough to invite this Goddess to come and treat his daughter.

However, Mu Li Zei also knew why Mu Li Zin shouted 'ghost' out of sudden. Both of them were familiar with Yu Qi's face since both of them grew up with their mother who had always shown the pictures of that woman. Their mother also told them that woman had finally died.

Mu Li Zin was still in shock while looking at the woman. After a while, he finally realized something. The woman behind his brother was not a ghost but a living human. She just had a face that very similar to that woman who had died years ago.

"Brother, she is..." Mu Li Zin asked.

"She is the doctor who will treat my daughter. Move." Su Yu Qing had already changed her attitude towards Yu Qi ever since his husband told that the medicine which helped her daughter another day had come from this young girl here.

Jiang Na Na looked at the young girl. "Sister in law, you shall be careful since there are a lot of frauds rooming around, waiting for their victims to fall into their traps." The girl looked very young. It was impossible for her to become a skilful doctor at a young age.

"Shut down! Will you?" Mu Li Zei scolded Jiang Na Na.

"Big Brother, I think that you shall consider. Don't let them deceive you." Mu Li Zin nodded agreeing with his wife.

"Excuse me? Do I need to listen more to this crap?" Yu Qi posed a question. How dare these stupid people had called her fraud in front of herself?

"Miss Tang, please. Don't listen to them. I know your ability." Su Yu Qing spoke in panic. She was afraid that the girl would change her mind on treating her daughter. She could not allow that to happen again.

"Well then, let me go in. Who is in the room other than your daughter?" Yu Qi asked.

"It is a nurse." Su Yu Qing answered.

"Okay." Before that, Yu Qi turned and looked at Long Hui who was silently watching the scene. "Wait for me. I will back later."

Su Yu Qing also came in. Others wanted to follow.

However, Yu Qi blocked them by saying, "No need of more people inside the room. Only her mother can enter with me."

"Wait, why can't we enter too?" Jiang Na Na asked.

"Your mouth stinks." Yu Qi closed the door and locked it.

Jiang Na Na felt very angry when she heard the rude remark from Yu Qi. "What a rude girl. Where does this unpleasant girl come from?"

"You better shut up your mouth." Long Hui stared at Jiang Na Na murderously.

Jiang Na Na gulped. She hid behind her husband's back. 'This man is dangerous.' Mu Li Zei and Mu Li Zin had also been affected by the man. Where did this man come from?

"Big Brother, where have you found the young doctor like her? You shall check her identity before letting her treat your daughter. You know, she can be a fraud like Na Na has said." Mu Li Zin asked Mu Li Zei by whispering, afraid that the young man who stood over there might hear their conversation.

"I have already checked her identity. She is a good doctor." Mu Li Zei glanced at Mu Li Zin and then turned to Long Hui.

"But..." Jiang Na Na wanted to add something.

"Shut up. It is not your business. Don't pop in here." Mu Li Zei blocked her. He felt this sister in law was very annoying and liked to interfere with others affair.

"Big Brother, she has that face. Is she a relative of that woman?" Mu Li Zin was back to the main question which he had wanted to ask his brother the most.

Mu Li Zei knew who Mu Li Zin meant to. "No, it is just a mere coincidence." He had already investigated.

"Oh, I see." Mu Li Zei nodded. He indeed was very surprised when he after seeing the young girl who walked behind Mu Li Zei.

He really thought that it was a ghost. It scared him a lot.

Chapter 510 - 510: Took The Samples

"What are you talking about?" Jiang Na Na asked since she did not understand what the two men had talked just now.

"Nothing." Mu Li Zin did not want to talk about it.

It was like a taboo topic. Their mother liked to talk about that woman. Their mother told them that this woman robbed her happiness. It was a good thing since she had died. Because after she had died, their mother finally could be happy.

That time as he was very young and did not understand much about human relationship, Mu Li Zin did not get the meaning of what their mother was talking about. After he grew up, he finally understood.

....

Mu Yian walked towards the ward. Today was the day that the girl, Yu Qi would come and try to treat her sister. She hated that girl but for the sake of her sister, she would let her be for the time being. After that, she would not let that girl off.

She had almost arrived at her sister's ward and suddenly she saw something that picked up her interest. It was the first time she thought someone was worth her. His figure was very good. His face was very handsome even without a smile. She wondered how his face with a smile. It must be very charming.

Mu Yian was kind of wondering what was this man doing here. It was her sister's ward. Other wards were empty. So, he would not visit anyone.

Mu Yian braved herself wanted to ask the man. So, she slowly walked towards the man.

"Hello. I am just wondering what are you doing here? Have you come to visit my sister?" Mu Yian asked the man in a sweet voice.

The man glanced at the girl who had talked to him and then ignored her. He did not have time to talk with some girl whom he did not actually know.

Mu Yian felt very embarrassed when the man directly ignored her. She was confident with her body and her face. She was confident that men would like her instantly when they would lay their eyes on her for the first time. This was the first time that a man had ignored her. Usually, the men came and talked to her.

Mu Yian smiled awkwardly as she walked away from the man. She saw her father, uncle and aunt standing outside Mu Rong Xie's ward.

"Father, Uncle, Aunt." Mu Yian greeted all of them.

"Father, why are you waiting outside the ward?" Mu Yian asked. It was weird to see him outside.

Mu Yian wanted to enter the ward so she tried to open the door. Unfortunately, the door was locked.

"Father, this?" Mu Yian asked again.

"Miss Tang is already inside." Mu Li Zei said.

"You have let Rong Xie alone with her?" Mu Yian was surprised.

"Don't worry. Your mother is inside too." Mu Li Zei assured Mu Yian.

"Oh, I see. By the way, father, who is the gentleman over there?" Mu Yian asked while pointing at the man who wore a cold expression on his face.

"I don't know. However, he has come with Miss Tang." Mu Li Zei answered.

"Oh." Mu Yian nodded. She felt annoyed that Yu Qi knew this man. However, she did not show anything on her face.

While in the ward,

Yu Qi looked around. The ward looked very dark. It was also gloomy. The girl whom she would treat had wrapped herself in the blanket.

"Get out." The girl shouted angrily as she sensed someone new inside the room. Someone other than the assigned nurse.

"Rong Xie, this is mom." Su Yu Qing said slowly while walking towards her daughter. She was already crying.

"Mom...." Mu Rong Xie cried. She hated herself.

The atmosphere became sad with both of them crying. Even the nurse was affected by their cry. Yu Qi was still wearing her stoid face. She was not affected by the cry.

The nurse happened to turn to Yu Qi's way. The nurse was shocked when she saw the dangerous glint on Yu Qi's face as she watched the pair of mother and daughter who were crying.

"Can I start it?" Yu Qi was already bored seeing this scene.

"You??? What are you doing here?" Mu Rong Xie shouted angrily when she saw another person in her ward.

"Rong Xie, she is trying to help you heal those wounds." It was Su Yu Qing who answered that question.

"No!!! Get out!! Get out!!!" Mu Rong Xie shouted like she was losing her mind.

"Mrs Mu, and you." Yu Qi called the nurse. "Come and help her. Restrain her movements."

Su Yu Qing and the nurse hesitated.

"Are you going to do or not?" Yu Qi was irritated. She wanted to settle this matter fast. Her Hui was waiting for her outside.

"Okay." Su Yu Qing tried to hold her daughter.

The nurse also tried to hold Mu Rong Xie.

"You better hold her firmly. If not, she will get hurt with my needle and knife." Yu Qi already letting the things out from the bag and ready to get the thing done.

Seeing the knife and needle in Yu Qi's hand, Su Yu Qing hardened her heart to hold her daughter firmly. It was better to get hurt now for the sake of getting better.

"You, hold strongly." Su Yu Qing told the nurse.

Yu Qi walked closer to Mu Rong Xie. She pushed the needle into Mu Rong Xie's skin and started to draw out Mu Rong Xie's blood. She drew out Mu Rong Xie's blood about 20 ml before going to look at the wounds.

Yu Qi was very impressed to see the wounds. She really did a good job. Yu Qi took the knife and took some of the samples of the wounds. She then started to pack her things into the bag.

"I'm finished." Yu Qi walked out leaving Su Yu Qing, Mu Rong Xie and the nurse stunned with this.

"I have already taken the sample. I'm going to do some research on it first. I will inform you if I get the result." Yu Qi did not pay attention to others and talked to Mu Li Zei.

"Okay, Miss Tang. I will wait for your news. Thank you." Mu Li Zei nodded.

Yu Qi walked passing Mu Yian. She glanced at Mu Yian for a moment before approaching Long Hui.

Mu Yian watched the man. When the man saw Yu Qi, she could see the gentleness on the man's face which made her jealous about it. Why did the man treat her like a precious thing? She clenched her fists holding back her anger.
