Chapter 51: Turn the Kidnapper Statement

Madam Wang sat alone in the living room. She was waiting for her children to come home from school. Thinking about what had happened at the police station, she frowned. That bitch! That bitch! That bitch!!! She repeatedly cursed Yu Qi.

"Mum, that bitch was safe." That was the first sentence came out from Wang Fu Ya when she entered the house together with Wang Ha Na.

"I knew that. Your father was arrested by police as the main suspect in this kidnap case. Your father will be in jail for at least 10 years if he is guilty. How are we going to live without your father?" Madam Wang started to cry.

"How the police know that Dad instructs them to kidnap her boss?" Wang Ha Na asked.

"The police told us that the kidnapper told them about our plan to sell that bitch." Madam Wang furiously spoke that.

"Mum, how about we told the police that Yu Qi who the one to frame Dad?" Wang Fu Ya smiled when she thought about her plan to switch the blame to Yu Qi.

"I already said that to the police but they did not believe it."

Wang Fu Ya was smiling widely. She started to explain the plan to her mother and sister. Both of them listened to the plan. They began to feel excited when they heard about the plan.

"You are really smart, my daughter. Yu Qi will go down with this." Madam Wang holding her daughter's hand.

"Yes, I think this plan will work nicely." Wang Ha Na praised her sister but deep in her heart, she hated it. Her mother always shows favoritism toward her sister and her brother. She wanted the plan worked because it could save her father. At the same time, she did not want the plan worked because her sister will get her mother praises.

At the hospital

Yu Qi went to the room where Madam Sheng was. She entered the room and saw Madam Sheng's daughter, Sheng Mi Yue was there. She greeted Sheng Mi Yue.

"Sister Mi Yue." She bows a little to her.

Sheng Mi Yue nodded with a smile. She heard about this incident when the policemen looking to her mother this morning.

"I'm sorry. Because of me, this happens to your mother. I'm so sorry." Now she bows 90° to Sheng Mi Yue.

Sheng Mi Yue approached Yu Qi. She grabbed Yu Qi making Yu Qi stand straight.

"Don't blame yourself. It was not your fault." Sheng Mi Yue made a small smile. "However, I don't want this to happen again. So, I will bring her to stay with me at S City."

"Okay. When will you bring her?" Yu Qi also thought that was the best way for Madam Sheng.

"After she gets discharged. Maybe in 2 days later." Sheng Mi Yue said.

Feng Yue and Long Hui just looked at the side. They did not disturb their talk.

Long Hui's phone was ringing. He picked up the call. His expression changed when he heard the other person talking about in the call. He barely said yes and ended the call.

"Yu Qi, something happened. The police were requested you to go to the police station. Let go now." Long Hui said with frowned tone.

Yu Qi was smiling. She bet that Wang Family might turn the kidnapper statement against her.

"Sister Mi Yue, I will visit again." Yu Qi excused herself. "Let go."

Chapter 52: Bomb All of You

They were brought to the meeting room as soon as they arrived at the police station by a policeman. Wang Family already sat in the meeting room. There was some arrogant look on their faces.

"Miss Yu Qi and her companion can sit here." The person in charge, in this case, Li Jing Min, invited them to sit.

They were face to face with Wang Family. Both of Wang daughters seemed more interested to know who might be this handsome man, what's his relationship between Yu Qi and him.

Long Hui never looked at their direction. Looking at his attitude, making both of Wang daughters frustrated. Madam Wang realized the behavior of her daughters. She glared at them.

"Now we gather here regarding the kidnap case involving Madam Sheng, boss of Miss Yu Qi." Sir Li Jing Min began to talk. "The kidnapper had already been caught by us. From their statement, they were been instructed by someone to kidnap Madam Sheng and lured Miss Yu Qi to bring money as an exchange to Madam Sheng. And from their statement too, the person who been instructed them was Mr. Wang Bai Ye."

"Sir, my husband was framed by this girl. She wants to destroy our family." Madam Wang began to speak while crying.

"Yes, Sister Yu Qi seemed to hate our family. That why she left our family after 16 years my parents had been taken care of her. We don't know why she hated us so much until she wants to frame our father." Wang Ha Na also joined.

"Huh!!! Taken care of her? More like abusing her." Feng Yue retorted back.

"Who are you? This is our matter. Not to interfere." Madam Wang glared to Feng Yue.

"I'm Yu Qi's best friend. Her matter is my matter. I will never let you folks bully my best friend." Feng Yue did not scare to talk back.

Yu Qi held Feng Yue and smiled at her. She really appreciated that thought.

"Madam Wang, the kidnappers told me that Mr. Wang planned all." Sir Li Jing Min stated to them for back to the topic.

"Like my mother said before. Sister Yu Qi wants to frame our father because she hated our family. She paid the kidnappers to kidnap her own boss. After the kidnappers had been caught, they told the police that our father planned this all." This time Wang Fu Ya voiced her opinion. She seemed confident in her statement.

Yu Qi narrowed her eyes. She was eyeing the three of Wang Family. This idea to turn the kidnapper's statement against her maybe the idea of Wang Fu Ya. Wang Ha Na was dumb and Madam Wang was an idiot.

"Then what is my motive to frame Mr. Wang, hmm?" Yu Qi asked.

"That was because you hated us," said Wang Ha Na.

"Yes, I might hate you very much. But I'm not some kind of idiot to hurt my own people. If I want to kill all of you, I will not pointed only one of you. I just killed you all. Maybe by burning your house at night or throw some grenades to bomb all of you. That is more convenient for me." Yu Qi said with a very carefree tone.

All of them in the meeting room were shocked when they heard the sentence from the girl with 16 years old. Even Feng Yue was not an exception.

" See Sir. You heard with your own ear. She wants to kill us." Madam Wang pointed her finger to Yu Qi.

"Then, let assumed that I paid those kidnappers to frame Mr. Wang, where is your evidence?" Yu Qi still calm.

They were speechless. Yeah, they had no evidence.

"You also don't have the evidence." Wang Fu Ya retorted.

"Miss Wang, the statement of the kidnapper can be used as evidence. Until you can provide evidence to prove that Miss Yu Qi is the one who plans it, your father will be detained." Li Jing Min said.

" Who said she doesn't have the evidence?" Long Hui spoke for the first time in this meeting.

Chapter 53: The Evidence

All eyes were focusing on Long Hui. Long Hui looked at Yu Qi. He could tell she was unexpected to see him mentioned about the evidence.

"I obtained the evidence that proved Mr. Wang is the one who planned all of this. Well, not only him." Long Hui took a glance to three of the Wang Family.

The Wang Family became nervously when Long Hui mentioned he got the evidence. Madam Wang became paled. Cold sweat flows across her back.

"Can I borrow a laptop?" Long Hui asked Li Jing Min.

"Yes." Li Jing Min quickly asked his subordinate to bring a laptop into the meeting room. He could not ignore this young man. According to his subordinate, this young man was a major in the military rank.

Long Hui was working with the laptop. Yu Qi who beside him sneak a peek what he had been doing. This guy seemed to hack into someone CCTV camera to recover a video.

Next, he stands up and connected the laptop to the projector inside the meeting room. After he saw the projector successfully connected to the projector, he played a video.

The scene in the video was a view inside the bar. The local bar in this town. The girls maybe did not recognize this place but the policemen, Long Hui even Yu Qi recognized it. Yu Qi recognized that place because, in her past life, she did working at that place for a short time. She remembers vividly about this bar.

The leader of the kidnappers could be seen in the video. He seemed to wait for someone. After a few minutes, the couple of man and woman approached that man. Their faces could clearly be recognized as the Wang Couple. They discussed something. The Wang Couple brought some money and gave to the man. The man nodded and kissed the money. Then the Wang Couple left that bar. The CCTV camera caught the smiling faces of the Wang Family.

Long Hui stopped the video. The meeting room was completely silent. No one talked for a minute. Li Jing Min who the first one to get back.

"Now, we already have the evidence to prove that Mr. Wang is guilty. I would also like to arrest Madam Wang as his accomplice. Arrest her quickly." He ordered his subordinates to arrest Madam Wang.

"No. No. No. Don't arrest me. It's not my fault. He fabricated the video." Madam Wang eluded from the policemen.

"Madam Wang, this young gentleman is a major in our military. You can be charged for slandering a military officer." Li Jing Min said sternly.

Three of the Wang Family were shocked. They never thought that this young man was a military officer.

Madam Wang had been arrested. Wang Fu Ya and Wang Ha Na had been escorted out the police station. They seemed in the dazed state. Yu Qi and others also went outside the police station. Wang Fu Ya approached Yu Qi in anger. Wang Ha Na also followed her step.

"You, the police already arrested my father and still want to arrest my mother. You heartless human." She screamed at Yu Qi.

"Did I forced you to come? You and your mother are the ones to accuse me of the crime that I did not do it. I bet it was your idea, right? So, blame yourself." Yu Qi smiled coldly to Wang Fu Ya and Wang Ha Na.

"Let go." Feng Yue hold Yu Qi's hand and walked away. Long Hui followed from behind.

"Thank you." Yu Qi was smiling sweetly to Long Hui.

Long Hui stunned when he saw her beautiful smile. He admitted he was surprised when he saw her beautiful smile because this girl always had a cold smile when he saw her.

Chapter 54: Interested in Her

"How did you know there was a CCTV recording about them meeting the kidnapper?" Feng Yue asked.

Yu Qi was also curious about that. Even though, she already knew about that video beforehand. She was working inside her space yesterday tried to find that recording. Spending around 4 hours, finally, she found that video.

From what she saw when Long Hui hacking to the CCTV camera, he already knew where to hack it. If she knew it, she would not spend much time working on it

"Someone in the yesterday team saw that kidnapper before. He remembered that he saw that kidnapper at this town local bar." Long Hui explained.

"Owh, that explains why you did hack into the bar CCTV camera." Yu Qi nodded herself. She did not saw Long Hui was staring at her.

"How did you know I was hacking?" Long Hui curious about that. A normal girl like her would not understand what he was doing just now unless she also knew about hacking herself.

Yu Qi lifted her face and also stared at Long Hui. She did not know him to know much about herself. Otherwise, it would be difficult to explain. How could she explained that she also knew about hacking when that skill was unknown within this time. Also, the computer was not available in this town.

"Now you guys staring at each other again." Feng Yue's voice making them move their eyes away from looking at each other.

Yu Qi was blushed. She did not mean to stare at Long Hui. Her mind was thinking some else. She did not realize she was staring at Long Hui. Long Hui in another way, he began to curious about Yu Qi. He wanted to know more and more about her. She was a unique girl. He never meets someone like Yu Qi.

"Now, you guys having a daydream." Feng Yue laughed inside. ' Yu Qi and Brother Hui became more and more interesting when each time they meet.

"I want to go to the restaurant. I want to pack all my thing." Yu Qi wanted to move to Godly Herbs today. Her master already gave an okay for that.

"Packing? Do you want to move somewhere? If that so, let's move to my house. My grandfather would not mind about that." Feng Yue excited when she was thinking about that idea.

"No, I already promise Grandpa Tang yesterday that I will live him. He was happy when he heard about that and also promise to decorate my room." Yu Qi rejected her offer.

"Owh...Is that so? Okay, promise me you will come sleeping at my house sometimes." Feng Yue said.

"Let me help you." Long Hui offered his help

"It's okay. I don't have many things." Yu Qi did not want to trouble him anymore.

"It's okay. I'm free anyway." Long Hui said with his straight face.

Yu Qi would like to ask about his absence in the military camp.

"Let use him, Yu Qi." Feng Yue looking at Yu Qi and her Brother Hui excitedly. Long Hui seemed interested with Yu Qi. She should help him.

Chapter 55: Confess to Woo Yu Qi

Yu Qi with the help of Long Hui, of course, Feng Yue also followed, safely moving into Godly Herbs. The happiest person was Grandpa Tang. His wish to live with his granddaughter was fulfilled. When he asked her to show her show, she was kind expected a princess room. Pink and fluffy. So, she was shocked when she saw a different kind of room. A modern and sophisticated room. It was indeed matching with her personality.

Grandpa Tang showed his proud look when he saw Yu Qi's expression. He personally designed this room. He quickly asked an interior designer to decorate this room using his idea.

"Do you like it?" Grandpa Tang asked with expectation.

"Yes. I like it very much. Thank you, grandfather." She indeed said it from her heart. "I seriously thought you will decorate my room pink because you said you will decorate a princess room for me. I kind of not expecting this."

"This is also a princess room. I know those pink will not suit you." Grandpa Tang smiled proudly.

"Thank you so much, Grandfather." She said one more again.

Long Hui silently stared at this pair grandfather and granddaughter. Look like they forgot about him. Is his presence low? They always forgot about him.

"Wow, this is very beautiful. Grandpa Tang is the best." Feng Yue appeared after she left to go to the toilet.

"Let go outside." Grandpa Tang invited them to the dining room.

"I want to ask something." Grandpa Tang asked in a serious tone after they sat nicely.

"What is it, grandfather? Why do you become serious suddenly?" Yu Qi asked him.

"Who is this brat?" Grandpa Tang pointed to Long Hui. "This is not your boyfriend, right, Yu Qi?"

Yu Qi became dumbfound when Grandpa Tang wanted to clarify Long Hui's identity. Even Feng Yue speechless. Only Long Hui looked calmly sip his tea.

"Of..course not. He is Yue's cousin, Major Long Hui." Yu Qi pressed the word 'Major' deeply.

"Long Hui...Long Hui...Long Hui...Wait...Are you that grandson of General Long Zhen Wu?" asked Grandpa Tang.

"Yes, I am." Long Hui nodded.

"I never thought I will see that idiot's grandson here." Grandpa Tang casually called the highest rank of the military, an idiot. "How is he?"

"He's fine." Long Hui seemed don't mind about Grandpa Tang called his grandfather an idiot.

"Then why are you here?"

"Accompany her." He pointed at Yu Qi.

"Hump...Brat, don't you dare play with my precious granddaughter."

"I'm not playing, duh."

Yu Qi and Feng Yue were flabbergasted with this. Did he just confess to woo Yu Qi?

"My granddaughter will not easily fall to you."

"We will see about that."

Why this conversation became weird? Yu Qi and Feng Yue looked at each other.

Chapter 56: Lose her best friend

"Can you stop smirking?" Yu Qi snapped. From the moment, they meet this morning, Feng Yue was smirking to her non-stop. Yu Qi was thinking to punch her face.

"My face not following my mind." Feng Yue still smirking.

"Can I punch your face so it can follow your mind?" Yu Qi clutching her fist.

"Nooooo...Please, I want to get married later." Feng Yue was shielding her face.

"But I never expect that my Brother Hui wants to woo you. He doesn't like girls before unless his family members. I kind of expect he was gay, you know. But now, it is truly a miracle. And he already tells Grandpa Tang." Feng Yue exaggerated this matter.

Yu Qi placed her hand on her forehead. This girl would be going to talk longer. She had to distract her attention. Oh, she remembered something.

"My dear, do you remember an important thing today?" Yu Qi holds Feng Yue's chin and lifted it.

Feng Yue was in thinking mode. Her eyes became larger. Her mouth was shaped into 'O'. She remembered. The test began today. The monthly test. This test consists of Language, Math, Chemistry, Physics, Biology, and lastly English subjects. One day for 3 tests.

"Oh, I forget. OH MY GOD. Did you study?" Feng Yue inquired.

Yu Qi wanted to say that she did not study but it would be weird if her result turned good. "Yes, I kind of studied a little bit."

"Study a little bit meaning you are well prepared. Okay, forget that. I will strike for the next month." Feng Yue already gave up for this month test.

"Your heartless human. How could you framed your adopted parent like that? After all, they were taking care of you until now." Yes, as usual, an idiot came and blocked them from going to their seat.

"A good dog doesn't block the way." Yu Qi said.

"You bitch, how dare you called me a dog?" Shen Mei wanted to slap Yu Qi.

Yu Qi easily dodged that. Shen Mei only slapped the air.

"Shen Mei did you never tired?" Feng Yue sneered asking Shen Mei.

"Don't bother." Yu Qi wanted to sit on her seat. She was tired.

"Ungrateful. You framed Fu Ya's parent until they got caught by the police. Do you have some heart?" Shen Mei still on the same topic.

"Framed? Hey, Fu Ya. Did you tell her that Yu Qi framing your parent? The police have evidence that saying your parent planned all of that. To kidnap Madam Sheng, Yu Qi's boss to lure Yu Qi to the gangster's den, **** her, sold her to prostitution and last exploited of her money. All of them were planned by your kind parent. If you guys don't believe me, you can go to the police station." Feng Yue sneered at Wang Fu Ya that began to pale.

Wang Fu Ya never expected Feng Yue would tell everyone about this. Before this, some of their classmates might believe with her because they just heard about the rumor only. Now, the police had been involved. People tend to believe the police.

"Fu Ya, you...Is it true?" Shen Mei looked at Wang Fu Ya. Wang Fu Ya never told her about the evidence. She thought Yu Qi just made groundless report police. She never thought Wang Fu Ya was lying to her.

"Mei..." Wang Fu Ya wanted to grab Shen Mei's hand but evaded her.

Shen Mei threw some looks at Wang Fu Ya, left her and went to her own seat.

"If you did not use her to confront Yu Qi, I would not heartless to expose the truth, Shen Mei would still be your best friend. Now you are losing her forever." Feng Yue whispered to Wang Fu Ya.

"Take your own seat, the test will begin soon." A teacher came to the class.

The student began to sit on their seat. Wang Fu Ya was still not moving.

"Student who standing there, sit down quickly." The teacher said in the stern tone.

Until then, Wang Fu Ya sat on the seat. Her mind was in mess. Her best friend abandoned her. She felt like having a blow on her face. 'Why does this happen? Why does this happen? Yes, it is that bitch' s fault. Her fault.' Wang Fu Ya screamed loudly in her heart.

Chapter 57: Been Released.

The monthly test began. She was well prepared for this monthly test. She used her space to study. To be honest, she forgot many of her studies because it was a long time since she left them. So, she spent an hour equal three hours in the space to catch up.

The monthly test ended after two days. Some of the students showed happy expression and some of them became gloomy. One of them became gloomy was Feng Yue.

"Yu Qi, my test..." Feng Yue made a sad expression.

"Don't worry my dear. Next month make sure you strike the test okay." Yu Qi soothing Feng Yue.

"You are a bad sister." A childish voice screamed at them.

They turned to the direction of the voice. Wang Yu Jin.

"Yu Qi did you know him?" Feng Yue turned and asked Yu Qi.

Yu Qi narrowed her eyes slightly. "This is Wang Yu Jin, Wang Fu Ya's younger brother."

"Owh..." Feng Yue looked at Wang Yu Jin coldly. She already hated the Wang Family. So, of course, the member of Wang Family made her sick.

"What do you want?" Yu Qi asked Wang Yu Jin.

Wang Yu Jin began to scare. This is not Yu Qi that he knew anymore. The Yu Qi that he knew would never talk to him like that.

"Yu Qi, don't you dare hurt my brother." Wang Fu Ya and Wang Ha Na pop up and shielding him.

"Which eye that you see me hurting him? He was the one who came close to me." Yu Qi rolled her eyes.

"Yu Qi, it was my parent who hurt you. Please don't hurt my brother. He is still young." Wang Ha Na said in loud voice in order to make sure everyone around heard that. She wanted to make Yu Qi appeared as a person that wanted to hurt an innocent person.

"Wow, I know that older sister is a white lotus. Never thought that the younger sister is a good actress." Feng Yue also said in a loud voice.

The two sister's expression changed. Everyone around them threw a weird look at them. Wang Ha Na wanted to retort back but been prevented by Wang Fu Ya.

"Yu Qi, we are sorry for that thing our parent does to you. But don't be happy because my mum was released from detained by the police." Wang Fu Ya whispered the last sentence to Yu Qi.

"I don't care that. I just hope that she would never think of crossing with me again. Or I will make sure that she never left that place again." Yu Qi gave warning to the Wang Siblings.

Yu Qi turned and walked away followed by Feng Yue.

Chapter 58: Success in Negotiation.

"Yu Qi, why does Madam Wang been released? We got the evidence, is it?" Feng Yue heard when Wang Fu Ya said about her mother had been released.

"I don't care that. If they plotted against me again, I will just teach them back." Yu Qi said casually. She already thought that Wang Family was not her opponent. She just rips off their credibility in front of others.

"See you tomorrow Yu Qi." They arrived at the point where they had to walk home separately.

"Okay. Talk care." Yu Qi walked to the Godly Herbs.

There was car parking in front of the Godly Herbs. She did not think much about that. She walked into the shop. Song Nan, as usual, taken care of the herbs.

"Miss Yu Qi, Doctor Tang said you to go to his study room." Song Nan said when he saw Yu Qi entered the shop.

"Thank you, Uncle Song." She said politely.

Yu Qi straight went to her grandfather study room. Arrived in front of the door, she knocked on the door. After she heard her grandfather's voice, she entered the room. She saw Mr. Chu and one stranger sitting in front of her grandfather.

"Come Yu Qi. Sit here." Grandpa Tang patted the sofa beside him.

Yu Qi went beside him and sat there.

"This is my granddaughter, Yu Qi. She is the one who wants to buy the land." Grandpa Tang introduced her to the two men in front of her. "Yu Qi, you already meet Mr. Chu. This is Mr. Jang. He will be a person in charge of buying the land."

Yu Qi greeted Mr. Chu and Mr. Jang politely as a form of respect. "Hi, Mr. Jang. Nice to meet you. And Mr. Chu, long time no see you. Hope you in great health."

Mr. Jang takes a like to her politely behavior. "You are the one who wants the land beside the lake, the land at the nearby mountain and the land behind the market?"

"Yes, Mr. Jang. I am interested to buy those lands." Yu Qi answered.

"Miss Yu Qi, did you want to develop those lands?" Mr. Jang asked.

"Yes, I already have a plan for those lands." When she said that, they could see the happy look inside her eyes.

"Okay, then. Please take a look at this agreement. If you have something to say, please said it. We can discuss it." Mr. Jang pointed his finger the fail that placed on the table in front of her.

Yu Qi took that fail and started reading. Her posture looked like a CEO read her fail. Her habit showed out. She looked very professional. Mr. Chu and Mr. Jang were speechless. Even though Mr. Chu already meet her before, he still shocked by her professionalism.

Yu Qi placed the fail on the table back. She pointed at the term of payment. It stated that the buyer must pay the deposit first before signing the contract. She did not agree with that term.

"I would like you to change the payment term. I will pay full payment right after signing the contract." She did not want any lie in this purchasing.

"But..." Mr. Jang hesitated with this payment term.

"If Mr. Jang afraid that I will cheat you, we can sign this contract at the bank. That way, you can get the money right away." Yu Qi smiled professionally.

Mr. Jang seemed in deep thinking. Yu Qi leaned to the sofa waiting to Mr. Jang decision. Grandpa Tang did not speak at all. He left all to Yu Qi. At first, he thought to lend some help to Yu Qi. However, when he saw Yu Qi like this, he knew that she did not need his help.

"Okay, I agree. I will review back this contract and called you later for signing the contract. I will arrange the place to sign this contract. Hmm...do you agree with the price for those two lands?" Mr. Jang finally spoke out.

"Yes." Yu Qi already discussed the price for those lands with Mr. Chu. Mr. Chu helped her with that price.

"Okay, Miss Yu Qi. A pleasure to make business with you. I will call you back." Mr. Jang stands up and shakes the hand with Yu Qi. Yu Qi also did that with Mr. Chu.

Chapter 59: Test Result

Yu Qi had peaceful days for the following days in this week. There were no troubles at all. Wang Family behaves themselves. She inquired the police about Madam Wang had been released. Li Jing Min clarified that to her. He told her that Madam Wang did not admit to the crime. The video only showed her followed her husband to meet that man. It was not enough to charge her. Besides, Mr. Wang told the police that the plan was all his idea.

Yu Qi only smiled when she found out about that. She knew that the plan was Madam Wang and Wang Fu Ya's idea. Madam Wang who the one instigating Mr. Wang to meet that man. Well, she doesn't care about that. She already happy when Wang Family lose at this time.

Today was the day when students got to know their result. Yu Qi was confident that she will get a better result compared to the last. She was no longer been suppressed by Wang Fu Ya.

Teacher Guan came into the classroom. She brought in the pile of paper. Some of the students excited to know their result, some of them just ignored it.

Wang Fu Ya threw the arrogant look to Yu Qi. She believed that her classmates will talk to her later after this result of the monthly test.

Yu Qi caught Wang Fu Ya was looking at her. She chuckled. This Wang Fu Ya seemed to forget about how she got the excellent result before. That because of Madam Wang. Madam Wang asked Yu Qi to help her beloved daughter to cheat by changing all her name to Wang Fu Ya's name. Yu Qi really thought she was an idiot that time thinking that she was helping her mother and her sister. She also thought that Wang Fu Ya did not realize what had happened with her papers.

"I will start by naming the top 3 in our classroom. Number 3 is Lee Kwang Soo. He scored almost 80% and above for all the subject. He placed number 8 in our ranking school."

A student named Lee Kwang Soo stands up and collected his result. A smile appeared on his face.

"Next is number 2. Congratulations to Jang Yi Hang. She was in the number 5 in the ranking school."

"Yeah. It was worth that I studied hard." Jang Yi Hang went to collect her result happily.

"Our class made history this time when our number 1 was also placed number 1 in the school ranking." This sentence made all of the students muttering among them. They were looking at Wang Fu Ya. They were expected that the number 1 was Wang Fu Ya.

Wang Fu Ya made an oblivious and proud face. She was very confident with her result. Yu Qi who also was looking at her felt very funny.

"Teacher Guan, please announce its name. Hurry up." One of the students hurried Teacher Guan to speak out.

"Her name was... Wang...I mean Yu Qi." Teacher Guan corrected Yu Qi name. She remembered that Yu Qi was already not a Wang Family member.

Wang Fu Ya felt her jaws dropped. She already wanted to stand up proudly to collect that result when Teacher Guan said the word 'Wang'.

Yu Qi steadily stands up and took the result. She scanned the result. Most of the subjects scored 99%. Only one scored 97%. It was Language subject.

"Yu Qi scored 99% for most of the subjects. Congratulations, Yu Qi." Teacher Guan smiled.

"IT WAS A LIE." Wang Fu Ya stands up and screamed. "You are obviously cheated. If you were some kind of genius, why before this your result was bad?"

'It's because it was your result.' Yu Qi stated.

But the words from Wang Fu Ya made her classmates thinking the probability of Yu Qi was cheating. Teacher Guan worried about this.

"What is this all about, Teacher Guan?" Someone entered their classroom. It was vice principal, Madam Tong.

"I heard someone mention about cheating. Is it true?" Madam Tong was back in teaching recently due to her maternal leave. She was very detested with the student trying to cheat.

"Yes, Madam Tong. She was cheating to get this result. You can be compared her this time result with previously. It was not logic to get this time result when you see the previous result. Which mean she was cheating." Wang Fu Ya quickly tried to explain to Madam Tong to make her sided Wang Fu Ya while pointed to Yu Qi.

"Is that true that her previous result was bad?" Madam Tong asked Teacher Guan.

"Yes, but..." Teacher Guan tried to explain.

"Enough." Madam Tong intercepted. "You follow me to the staff room." Madam Tong asked Yu Qi.

Yu Qi who been quiet followed Madam Tong silently. She had been thinking between her past life and her current life, in this current life, she had been asked many times to go to the Staff Room.

Yu Qi's entry made all the teacher looked at her. Yes, the teachers knew her from the previous incident regarding her rumor with a sugar daddy.

"I had been informed that this student was cheating in her monthly test. Teacher Guan, please show me her previous result." Madam Tong asked Teacher Guan.

Chapter 60: Answer The Question On The Spot

Teacher Guan quickly gave Yu Qi's previous result. Madam Tong compared them. She also thought it was not logic when she saw the previous result. The previous result was very average when compared to the current result.

"Student Yu Qi, can you explain about this?" Madam Tong looked straight at Yu Qi.

"There was nothing to explain. I was not cheating at all." Yu Qi casually stated that.

"If you are not cheating, how can you get this kind of result when your previous result was bad?" Madam Tong bangs her table.

All of the teachers seemed stopped working and paid attention to Madam Tong and Yu Qi.

"You say I was cheating. How can I cheat?" Yu Qi began to argue with Madam Tong verbally.

"Of course, you were copying someone answer." Madam Tong quickly answered it.

"Madam Tong, I was placed number 1 in the school ranking. So who did I copying answer with?"

"Then, you stealing the question sheet before." Madam Tong began to accuse Yu Qi.

Yu Qi slightly narrowed her eyes. The cold flashing in her eyes. Some of the teachers caught that and shivered. They remembered what had happened before. A demon appeared.

"Did you have evidence?" Yu Qi said coldly.

"What?"

"I asking you. Did you have evidence that saying I stolen the question sheet?" Yu Qi looked down to Madam Tong while standing so confidently.

Madam Tong was speechless. She never met a student so openly against the teacher.

"How dare you talk to me, your teacher like that? Did you don't respect me?"

"I only respect people who respect me back. Do you think what are you doing right now deserve my respect? By accusing me of cheating on test and stealing the question sheet?"

"Then, how can you explain your current result?"

"I'm been studied hard recently. Can this explain that?"

Humph...stop lying. Just admit you are cheating."

'Can I kill this woman? She starting to get into my nerve.' Yu Qi talked to Bo Ya while her eyes coldly eyeing Madam Tong.

'You can, Master. But you will be caught and sent to jail.' Bo Ya gave a reminder.

Yu Qi sighed. She was getting tired. She did not waste time anymore. "I have a way to prove that I am not cheating on a test or stealing the question sheet."

"What way, Yu Qi?" Teacher Guan quickly asked. She did not want this student to suffer anymore.

"But in one condition, I want Madam Tong to apologize publicly to me for accusing me on something that I never do at a weekly school assembly." Yu Qi turned her view to Madam Tong.

"Humph... Apologize? Okay. But if you can't prove it, you will be expelled from this school." Madam Tong agreed with that because she knew that this student cannot prove anything.

Teacher Guan wanted to say something but Yu Qi steady agreed with those conditions too.

"Then, tell me what way that can prove you are not cheating?" Madam Tong said in sarcasm tone.
